CIVIL AERONAUTICS BOARD

[Docket No. 3842]

NEW ENGLAND AIR EXPRESS, INC.; EXEMPTION APPLICATION

NOTICE OF HEARING

In the matter of the application of New England Air Express, Inc., for an exemption filed pursuant to § 291.16 of the Board's Economic Regulations and section 416 (b) of the Civil Aeronautics Act of 1938, as amended.

Notice is hereby given pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a) and 1001 of said act that a hearing in the above-entitled proceeding is assigned to be held on July 16, 1951, at 10 a. m., in Room E-210, Temporary Building No. 5, Sixteenth Street and Constitution Avenue NW., Washington, D. C., before Examiner James S. Keith.

The scope of this proceeding is governed by the requirements of section 416 (b) of the Civil Aeronautics Act, as amended. However, particular attention will be directed to the question of whether the applicant can be entrusted with the authority to render the irregular air service for which it has applied.

Notice is further given that any person desiring to be heard in opposition to the application, other than the parties of record, must file with the Board on or before July 16, 1951, a statement setting forth the issues of fact or law which he desires to controvert and such person may appear and participate at the hearing in accordance with § 285.6 (a) of the rules of practice under Title IV of the Civil Aeronautics Act of 1938, as amended.

For further details of the service proposed and the relief requested, interested parties are referred to the application on file with the Civil Aeronautics Board.

Dated at Washington, D. C., July 6, 1951.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 9778, 9930, 9996]

KINSTON BROADCASTING CO. (WFTC) ET AL.

ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Kinston Broadcasting Company (WFTC), Kinston, North Carolina, Docket No. 9778, File No. BP-7752; Farmers Broadcasting Service, Inc. (WELS), Kinston, North Carolina, Docket No. 9930, File No. BP-7979; for construction permits. Farmers Broadcasting Service, Inc. (WELS), Kinston, North Carolina, Docket No. 9996, File No. BTC-1111; for transfer of control.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 27th day of June 1951;

The Commission having under consideration the above application for consent to the relinquishment of negative control of Farmers Broadcasting Service, Inc. by E. L. Scott, Jack Siegel and Robert Wasdon to Leroy Arnold, et al.; and

It appearing, that the aforesaid transfer application was filed at the request of this Commission inasmuch as the stock transfers reflected therein had already been consummated without the prior consent of this Commission; and

It further appearing, that on the basis of the facts set forth in the aforesaid transfer application and Commission files pertinent thereto, that the Commission is unable at this time to conclude that a grant thereof would be in the public interest, convenience and necessity; and

It further appearing, that the above-entitled application of Farmers Broadcasting Service, Inc. for construction permit to change the facilities of Station WELS, Kinston, North Carolina, was, by Order of the Commission of March 21, 1951, designated for hearing in a consolidated proceeding with the above application of Kinston Broadcasting Company for construction permit to change facilities of Station WFTC, Kinston, North Carolina, on engineering issues only, and, further, that said hearing commenced on May 23, 1951 but has now been continued until July 9, 1951;

It is ordered, Pursuant to section 310 (b) of the Communications Act, that the aforesaid application for the relinquishment of negative control of Farmers Broadcasting Service, Inc. is designated for hearing in a consolidated proceeding with the above applications of Kinston Broadcasting Company and Farmers Broadcasting Service, Inc. for construction permits, upon the following issues:

1. To obtain full information as to all contracts, agreements, or understandings, past or present, between Robert E. Wasdon, E. L. Scott and Jack Siegel, on the one hand, collectively or individually, and Leroy Arnold, Irwin Berger, Forest H. Smith, G. W. Carter, A. D. Harris, P. T. Meyers, Clifton Rice and Edwin J. Schuffman, on the other hand, collectively or individually, relating to the sale, assignment or transfer of any of the stock of Farmers Broadcasting Service, Inc.

2. To determine whether the execution of any of the contracts, agreements or understandings, if any, referred to in Issue No. 1, the terms thereof, or any act performed pursuant thereto, were in violation of section 310 (b) of the Communications Act of 1934, as amended, or in violation of the Rules and Regulations of the Commission with particular reference to §§ 1.321, 1.342 and 1.343 of said rules and regulations.

3. To determine the method or methods of financing the operation of Station WELS from September 21, 1950 to date.

4. To determine the authority and control exercised by E. L. Scott, Jack Siegel and Robert E. Wasdon from September 21, 1950 to date.

5. To determine the disposition since September 21, 1950 of income received from the operation of Station WELS and the manner and authority for such disposition.

6. To determine whether Farmers Broadcasting Service, Inc. has at any time since September 21, 1950 been controlled or operated by persons without a license or construction permit therefor and in violation of section 301 of the Communications Act,

7. To determine whether the public interest, convenience or necessity would be served by a grant of the above-entitled application.

It is further ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the Commission's order of March 21, 1951 designating the above-entitled applications for construction permits for hearing, is hereby amended to include the following issue:

1a. To determine the legal qualifications of Farmers Broadcasting Service, Inc., its officers, directors and stockholders, to construct and operate Station WELS as proposed.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 51-7936; Filed, July 10, 1951; 8:45 a. m.]

[Docket Nos. 9964, 9965, 9966]

AZALEA BROADCASTING CO. ET AL

ORDER CONTINUING HEARING

In re applications of Charles W. Holt, Clarence M. Dossett, Dave A. Matison, Jr., and Bernard Reed Green, d/b as Azalea Broadcasting Company, Mobile, Alabama, Docket No. 9964, File No. BP-7830; WSMB, Incorporated (WSMB), New Orleans, Louisiana, Docket No. 9965, File No. BP-7971; Cary Lee Graham and Edwin H. Estes, d/b as The Gadsden Radio Company, Mobile, Alabama, Docket No. 9966, File No. BP-8049; for construction permits.

The Commission having under consideration a petition filed June 20, 1951, by Charles W. Holt, Clarence M. Dossett, Dave A. Matison, Jr., and Bernard Reed Green, doing business as Azalea Broadcasting Company, Mobile, Alabama, for a 90-day continuance of the hearing now scheduled for July 2, 1951, in Washington, D. C., on the above-entitled consolidated applications, and removal of said hearing from Washington, D. C., to Mobile, Alabama; and the opposition filed June 26, 1951, by the Chief of the Broadcast Bureau of the Federal Communications Commission to that part of the petition only which requests a transfer of the hearing to Mobile, Alabama; and

It appearing, that petitioner's engineer has made a study of the engineering features of the application of WSMB, Inc. (WSMB), New Orleans, Louisiana, in relation to the above-entitled Mobile, Alabama, applications, and as a result of said study, petitioner and WSMB, Inc. propose in the near future to file with the Commission a joint petition requesting that the Commission sever the WSMB application from this consolidated proceeding; that the preparation of such a petition will require additional time; and that if the Commission acts favorably on said petition for severance, the proceeding herein will be thereby shortened; and

It appearing, that in support of petitioner's request that the hearing be transferred to Mobile, Alabama, petitioner alleges that it expects to call a number of local witnesses residing in Mobile to offer evidence upon the issues set forth in the Commission's Order of May 3, 1951 in this proceeding; that petitioner is a partnership comprised of four partners, all of whom reside in Hattiesburg, Mississippi, near Mobile, Alabama; that The Gadsden Radio Company is a partnership composed of two partners, both residing in Gadsden, Alabama; that engineers for both applicants reside in Alabama, and counsel for petitioner resides in Montgomery, Alabama; that the expense and loss of time entailed in attending said hearing in Washington, D. C. would work a great hardship upon the parties; and

It further appearing, that in so far as the petition requests a 90-day continuance, good cause has been shown therefor; but that in so far as the petition requests a transfer of the hearing from Washington, D. C., to Mobile, Alabama, the action of the Commission in designating the above-entitled applications for hearing in Washington, D. C. is in accord with the Commission's general policy and usual practice (See, Midland National Life Insurance Company (KWAT), 4 R. R. 85, and Santa Rosa Broadcasting Company, 4 R. R. 116; that no unusual issues are involved in this proceeding which make it necessary or desirable in the public interest that the hearing be held in the field, and that under the circumstances shown herein, changing the place of hearing from

Washington, D. C. to Mobile, Alabama, as requested in the petition, would not serve the public interest, convenience or necessity, or conduce to the orderly dispatch of the Commission's business;

Therefore, it is ordered, This 27th day of June 1951, that in so far as the petition of Azalea Broadcasting Company, Mobile, Alabama, requests a 90-day continuance of the hearing now scheduled in Washington, D. C., for July 2, 1951, said petition is granted, and the hearing on the above-entitled applications is continued to Tuesday, October 2, 1951 at 10:00 o'clock a. m.; and that in so far as the petition requests transfer of the above-entitled hearing from Washington, D. C., to Mobile, Alabama, said petition is denied.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[Docket No. 9820]

EARL M. KEY (WKEY)

ORDER CONTINUING HEARING

In re application of Earl M. Key (WKEY), Covington, Virginia, for construction permit, Docket No. 9820, File No. BP-7828.

The Commission having under consideration a petition filed on June 26, 1951, by Earl M. Key (WKEY), Covington, Virginia, requesting that the hearing on the above-entitled application, which is now scheduled to be held in Washington, D. C., on July 6, 1951, be continued until August 1, 1951; and

It appearing, that all of the parties to the above-entitled proceeding have consented to a waiver of § 1.745 of the Commission's rules relating to the timely filing of motions and to a grant of the petition under consideration;

It is ordered, This 29th day of June 1951, that the above petition be, and it is hereby, granted, and that the hearing on the above-entitled application is hereby continued until 10:00 a. m. Wednesday, August 1, 1951, at Washington, D. C.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 51-7938; Filed, July 10, 1951; 8:46 a. m.]

[Designation Order 59]

DESIGNATION OF MOTIONS COMMISSIONER

In re designation of Motions Commissioner, for the month of July, 1951; Designation Order No. 59.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 27th day of June 1951;

It is ordered, Pursuant to section 0.111 of the Statement of Delegations of Authority, that Paul A. Walker, Commissioner, is hereby designated as Motions Commissioner for the month of July 1951.

It is further ordered, That in the event said Motions Commissioner is unable to act during any part of said period the Chairman or Acting Chairman will designate a substitute Motions Commissioner.

FEDERAL POWER COMMISSION

[Docket Nos. G-1573, G-1614]

TENNESSEE GAS TRANSMISSION CO. AND UNITED NATURAL GAS CO.

ORDER GRANTING REHEARING

JULY 3, 1951.

In the matters of Tennessee Gas Transmission Company, Docket No. G-1573; and Tennessee Gas Transmission Company, and United Natural Gas Company, Docket No. G-1614.

On June 8, 1951, Tennessee Gas Transmission Company (Tennessee) filed an application for rehearing and modification of the order of the Commission of May 31, 1951, issued at Docket Nos. G-1573 and G-1614, requesting rehearing and modification of that part of the order which denied Tennessee authorization to construct its so-called Hebron-Utica pipe line, and of that part of the order imposing conditions on Tennessee's deliveries and sales of natural gas to United Natural Gas Company, Iroquois Gas Corporation, and Equitable Gas Company.

On June 19, 1951, United Natural Gas Company (United Natural) filed an application for rehearing and modification of the order of the Commission of May 31, 1951, issued at Docket Nos. G-1573 and G-1614, requesting rehearing and modification of that part of the order imposing conditions on the delivery and sale of natural gas by Tennessee to United Natural.

The Commission finds:

(1) It is desirable to grant rehearing of the order of May 31, 1951, issued at Docket Nos. G-1573 and G-1614, except as hereinafter provided.

(a) That part of the order of May 31, 1951, dismissing the application of National Gas & Oil Corporation at Docket No. G-1599 should remain in full force and effect.

(b) That part of the order authorizing Tennessee to make available a maximum daily volume of 1,000 Mcf to Republic Light, Heat and Power Company, in addition to the presently authorized 600 Mcf, and to make available a maximum daily volume of 3,519 Mcf to the City of Clarksville, Tennessee, should remain in full force and effect, since the allocation of these volumes of arises from the certificates of public convenience and necessity issued at Docket Nos. G-962, and G-1248, all as stated in said order of May 31, 1951.

(c) That part of the order permitting Tennessee to transfer delivery of 25,000 Mcf of natural gas per day from its Eastern Rate Zone to its Northern Rate Zone, which volume of gas Tennessee has been delivering to United Fuel Gas Company for the account of The Manufacturers Light and Heat Company, in accordance with the transportation agreement between said parties, should remain in full force and effect.

(d) That part of the order rejecting the proposed findings and conclusions should remain in full force and effect so far as they relate to items (a) through (c) of this finding (1).

(e) In all other respects, there should be a rehearing on said order of May 31, 1951, in these proceedings.

(2) No determination is here made concerning the right of United Natural to file an application for rehearing at Docket No. G-1573.

The Commission orders:

(A) Rehearing be and it is hereby granted on the order of the Commission of May 31, 1951, at Docket Nos. G-1573 and G-1614, save as hereinbefore provided in paragraphs (1) (a) through (1) (d), commencing on July 16, 1951, at 10:00 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the rules of practice and procedure.

Date of issuance: July 5, 1951.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[Docket No. G-1637]

EL PASO NATURAL GAS CO.

NOTICE OF FINDINGS AND ORDER ISSUING CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY

JULY 6, 1951.

Notice is hereby given that, on July 5, 1951, the Federal Power Commission issued its findings and order entered July 3, 1951, issuing a certificate of public convenience and necessity in the above-designated matter.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-7948; Filed, July 10, 1951; 8:48 a. m.]

[Docket Nos. IT-5696, IT-5697, IT-5698]

ALUMINUM CO. OF AMERICA ET AL.

ORDER GRANTING MOTION FOR SERVICE OF EXAMINER'S ORIGINAL REPORT, FOR EXTENSION OF TIME FOR FILING EXCEPTIONS, AND FOR ORAL ARGUMENT

JULY 3, 1951.

In the matters of Aluminum Company of America and Knoxville Power Company, Docket No. IT-5696; Carolina Aluminum Company, Docket Nos. IT-5697 and IT-5698.

On June 25, 1951, Aluminum Company of America, Knoxville Power Company and Carolina Aluminum Company (Respondents in the above-entitled matters) filed a motion requesting that the Commission enter an order:

(1) Providing for the service upon Respondents of the Trial Examiner's report ("Original Trial Examiner's report") which was referred to in the paragraph numbered (2) of the Order Directing Service of Tentative Decision dated September 29, 1947, as having been examined by the Commission prior to the preparation and service of the Tentative Decision of September 29, 1947.

(2) Granting opportunity to Respondents to file exceptions in manner as provided in § 1.31 of the rules and practice and procedure of the Commission, to all matters and things contained in (a) the said Trial Examiner's report, (b) the Commission's Tentative Decision of September 29, 1947, and (c) the Recommended Decision of the Presiding Examiner in the proceedings as reopened dated May 17, 1951; Respondents to have 90 days after service upon them of the original Trial Examiner's report within which to file such exceptions; and granting to Staff counsel opportunity for filing like exceptions within the same 90-day period.

(3) Granting to Respondents and Staff counsel opportunity to present oral argument before the Commission upon the entire record in these proceedings, at such date as may be fixed by the Commission after the filing of exceptions to the Trial Examiner's report, the Tentative Decision and the Recommended Decision of the Presiding Examiner.

The time for filing exceptions to Commission's Tentative Decision of September 29, 1947, has been extended from time to time, and the time for filing exceptions to the Recommended Decision of the Presiding Examiner on the further hearing has been extended to August 3, 1951.

The Commission finds: That it would be appropriate and consistent with the public interest to grant Respondents' request as enumerated in paragraphs 1, 2 and 3 above.

The Commission orders:

(A) That Respondents' motion for service of the Trial Examiner's original report in the above-entitled matters, for extension of time for filing exceptions, and for oral argument, as set forth in paragraphs 1, 2, and 3 above, is hereby granted, provided however, that any and all exceptions must be filed within 60 days from issuance of this order.

(B) Oral argument on exceptions in the above-entitled matters be had before the Commission on September 10, 1951, at 10 o'clock a. m., e. d. s. t., in the Hearing Room of the Commission, 1300 Pennsylvania Avenue NW., Washington, D. C.

Date of issuance: July 5, 1951.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-7956; Filed, July 10, 1951; 8:49 a. m.]

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2638]

SCRANTON-SPRING BROOK WATER SERVICE CO. ET AL.

NOTICE OF FILING WITH RESPECT TO A PROPOSED MERGER OF SCRANTON-SPRING BROOK WATER SERVICE COMPANY, CARBONDALE GAS COMPANY AND WYOMING COUNTY GAS COMPANY

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 3d day of July A. D. 1951.

In the matter of Scranton-Spring Brook Water Service Company, Carbondale Gas Company, Wyoming County Gas Company. File No. 70-2638.

Notice is hereby given that a joint application-declaration has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("act"), by Scranton-Spring Brook Water Service Company ("Scranton"), a gas utility and water subsidiary of Federal Water and Gas Corporation, a registered holding company, and Carbondale Gas Company ("Carbondale") and Wyoming County Gas Company ("Wyoming") gas utility subsidiaries of Scranton, with respect to a proposed merger of Scranton, Carbondale and Wyoming. Applicants-declarants designate sections 9 (b) (1) and 12 of the act and Rules U-42 and U-43 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than July 16, 1951, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held with respect to said application-declaration, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application-declaration proposed to be controverted, or may request that he be notified if the Commission orders a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after July 16, 1951, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to the application-declaration on file in the office of this Commission for a statement of the transactions therein proposed, which may be summarized as follows:

Scranton, the owner of all the outstanding common stocks (constituting all the outstanding securities) of Carbondale and Wyoming, proposes to acquire, by means of what is designated a "short form" merger under Pennsylvania law, all of the property of Carbondale and Wyoming. In exchange for such property, Scranton is to assume all the liabilities of Carbondale and Wyoming and surrender for cancellation all of their outstanding common stocks. Upon consummation of the said transactions Carbondale and Wyoming are to cease to exist and Scranton is to become vested with all of their franchise and other rights.

It is stated that the proposed transactions are subject to the jurisdiction of the Pennsylvania Public Utilities Commission, and that the approval of that Commission is to be obtained.

Fees and expenses to be incurred and paid in connection with the proposed transactions are estimated at $1,200, and are to be borne by Scranton.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[F. R. Doc. 51-7953; Filed, July 10, 1951; 8:48 a. m.]

[File No. 70-2637, Amdt. 5]

UNITED GAS CORP.

NOTICE OF FILING REGARDING RENEWAL OF PRINCIPAL AMOUNT OF PROMISSORY NOTES

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 3d day of July A. D. 1951.

Notice is hereby given that United Gas Corporation ("United"), a gas utility subsidiary of Electric Bond and Share Company, a registered holding company, has filed a declaration pursuant to the Public Utility Holding Company Act of 1935, and has designated sections 6 (a) and 7 thereof as applicable to the proposed transactions, which are summarized as follows:

United presently has outstanding $25,000,000 principal amount of promissory notes maturing December 31, 1951, and bearing interest at the rate of 2½ percent per annum. United proposes to refinance these outstanding notes through the issuance and sale, to the holders of the present notes, of a like principal amount of promissory notes dated as of July 1, 1951, maturing two years from the date of issue, and bearing interest at the rate of 2¾ percent per annum, payable quarterly. United may prepay such notes without payment of premium or penalty, unles such prepayment shall be from the proceeds of bank loans.

The declaration states that the proposed transactions are an interim step in the over-all financing program of United which is more fully described in the application-declaration regarding the issuance and sale of common stock pursuant to a rights offering and the issuance and sale of first mortgage bonds (Holding Company Act Release No. 10636).

Notice is further given that any interested person may, not later than July 16, 1951, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said declaration proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request

should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after July 16, 1951, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof. All interested persons are referred to said declaration which is on file in the office of this Commission for a statement of the transactions therein proposed.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

[File No. 54-195]

PHILADELPHIA CO. AND EQUITABLE REAL ESTATE CO.

ORDER APPROVING PLAN FOR LIQUIDATION AND DISSOLUTION OF EQUITABLE REAL ESTATE COMPANY

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 3d day of July 1951.

Philadelphia Company ("Philadelphia"), a registered holding company and a subsidiary of Standard Gas and Electric Company and Standard Power and Light Corporation, both registered holding companies, and Philadelphia's non-utility subsidiary, Equitable Real Estate Company ("Real Estate"), having filed a joint application, and amendment thereto, pursuant to the Public Utility Holding Company Act of 1935 ("act"), particularly section 11 (e) thereof, with respect to the following proposed transactions:

Real Estate, a Pennsylvania Corporation, owns and operates a nine-story office building in downtown Pittsburgh, Pennsylvania, commonly known as the Central Office building of the Philadelphia system, which is occupied by Philadelphia and its subsidiaries, by companies formerly gas subsidiaries of Philadelphia, and by Philadelphia's parent, Standard Gas and Electric Company. Real Estate also owns a garage, a parking lot, a frame house and a lot in Pittsburgh, the garage being leased to Equitable Auto Company and Pittsburgh Railways Company, both affiliated companies, and the other properties being leased to non-affiliated interests.

The outstanding securities of Real Estate consist of 20,000 shares of capital stock, par value $50 per share, six non-interest bearing promissory notes in the aggregate unpaid principal amount of $635,000, and a 4 percent mortgage bond, having a remaining unpaid principal amount of $813,680.54 at March 31, 1951, payable in semi-annual installments until November 1957. Philadelphia is the beneficial owner of all of the outstanding shares of capital stock and is also the payee and owner of the six unpaid promissory notes, such notes having matured during the period December 1, 1937, to December 1, 1941, inclusive. The 4 percent mortgage bond, which is secured by a first mortgage on the Central Office building property, is held by Mellon National Bank and Trust Company, Pittsburgh, Pennsylvania.

Real Estate's assets, which consist of cash, marketable securities, receivables and real property, had a value per books at March 31, 1951, of $3,364,076.39 of which $3,258,341.91 represented real property, both figures reflecting the deduction of the applicable property depreciation reserve in the amount of $1,144,296.24. Included in the net amount shown for real property is a net value per books of $2,678,837.30 for the Central Office building property, of which $438,135.13 represents excess cost paid by Real Estate, over the cost of acquisition to the first system company acquiring the property, at the time Real Estate acquired a portion of the property from such company, and of which $503,113.72 represents the remaining balance of an upward revaluation of the property made by Real Estate based upon an appraisal made in 1927. Real Estate's liabilities, other than the outstanding capital stock and notes held by Philadelphia, consist of the publicly held 4 percent mortgage bond in the amount of $813,680.54 and current liabilities of $173,787.67.

The plan proposes that Real Estate will wind up and settle its affairs and dissolve pursuant to the voluntary dissolution provisions of the Pennsylvania Business Corporation Law. In accordance with the provisions of that statute, the plan provides (a) for the assumption by Philadelphia of all of the debts, obligations and liabilities of Real Estate, including Real Estate's obligations under its 4 percent mortgage bond and the release and discharge of Real Estate from all its debts, obligations and liabilities, (b) the transfer, conveyance and distribution in kind to Philadelphia of all of Real Estate's property and assets, subject to all liens and encumbrances on such property and assets, in complete cancellation and redemption of all the outstanding shares of capital stock of Real Estate and (c) the dissolution of Real Estate and the termination of its corporate existence. The plan also provides that the liquidation of Real Estate and the distribution of its assets shall be completed in such manner as to comply with the provisions of section 112 (b) (6) of the Internal Revenue Code.

Applications state that the property and the assets received by Philadelphia from Real Estate will be recorded on the books of Philadelphia at the cost of acquisition thereof to the first company in the Philadelphia holding company system which acquired such property and assets.

Philadelphia and Real Estate state that the transactions proposed are in conformity with Step III of the Plan, dated February 8, 1951, For Compliance By Standard Gas and Electric Company and Philadelphia Company With The Provisions Of section 11 Of The Public Utility Holding Company Act of 1935, filed with this Commission at File No. 54-191. (See Holding Company Act Release No. 10413.)

Philadelphia and Real Estate state that no Commission other than this Commission has jurisdiction over the proposed transactions involved in carrying out the plan, that no fees will be paid in connection therewith, and that expenses are estimated at not to exceed $500.

The application having been filed on May 14, 1951, and notice of said filing having been duly given by general release of the Commission, which was distributed to the press and mailed to the mailing list for releases issued under the act, and by publication in the FEDERAL REGISTER, and the Commission not having received a request for hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that the transactions proposed in said application, as amended, are necessary to effectuate the provisions of section 11 (b) of the act, are fair and equitable to the persons who will be affected thereby, and satisfy in all respects the requirements of applicable provisions of the act and the rules promulgated thereunder, and the Commission deeming it appropriate in the public interest and in the interest of investors and consumers that said application, as amended, be granted, effective forthwith:

It is ordered, Pursuant to the applicable provisions of the act, that the application, as amended, be, and hereby is, granted, effective forthwith, subject to the terms and conditions of Rule U-24.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

[Vesting Order 18119]

NIHON KIHATSUYU KABUSHIKI KAISHA

In re: Interests of Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., in certain contracts and law suits.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., the last known address of which is Osaka, Japan, is a corporation, partnership, association or business organization, organized under the laws of Japan, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Osaka, Japan and is a national of a designated enemy country (Japan);

2. That the property described as follows:

a. All right, title, interest and claim of any kind or character whatsoever of Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., in, to and under, or arising out of, an agreement entered into the 19th day of July 1928 by and between Universal Oil Products Company, a cerporation organized under the laws of the State of South Dakota, and Hisashi Sekiguchi, Tokyo, Japan, and assigned by said Hisashi Sekiguchi to Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., on November 7, 1928, and all right, title, interest and claim of any kind or character whatsoever of the Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., in and to every license agreement, privilege, power and right of whatsoever kind or nature, arising under or with respect to the aforesaid agreement, dated July 19, 1928,

b. All right, title, interest and claim of any kind or character whatsoever of Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., in, to and under, or arising out of an agreement entered into the 28th day of December 1928, by and between Universal Oil Products Company, a corporation organized under the laws of the State of South Dakota, and Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., and all right, title, interest and claim of any kind or character whatsoever of Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., in and to every license agreement, privilege, power and right of whatsoever kind or nature, arising under or with respect to the aforesaid agreement, dated December 28, 1928,

c. All right, title, interest and claim of any kind or character whatsoever of Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., in, to and under, or arising out of a "Memorandum of Tentative Understandings between Mr. Saneyoshi, representing Japan Gasoline Company, Ltd., and Mr. Halle, representing Universal Oil Products Company, as Basis for Agreement," dated August 19, 1938, and all right, title, interest and claim of any kind or character whatsoever of Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., in and to every license agreement, privilege, power and right of whatsoever kind or nature arising under or with respect thereto,

d. All right, title, interest and claim of any kind or character whatsoever of Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., in, to and under, or arising out of a "First Supplemental Memorandum of Tentative Understandings between Mr. Saneyoshi, representing Japan Gasoline Company, Ltd., and Mr. Halle, representing Universal Oil Products Company, as Basis for Agreement," dated August 19, 1938, and all right, title, interest and claim of any kind or character whatsoever of Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., in and to every license agreement, privilege, power and right of whatsoever kind or nature arising under or with respect thereto,

e. All right, title, interest and claim of any kind or character whatsoever of Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., in, to and under, or arising out of a "Second Supplemental Memorandum of Tentative Understandings between Mr. Saneyoshi, representing Japan Gasoline Company, Ltd., and Mr. Halle, representing Universal Oil Products Company, as Basis for Agreement," dated August 19, 1938, and all right, title, interest and claim of any kind or character whatsoever of Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., in and to every license agreement, privilege, power and right of whatsoever kind or nature arising under or with respect thereto,

f. All right, title, interest and claim of any kind or character whatsoever of Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., in, to and under, or arising out of a law suit instituted in the District Court of the United States for the District of Delaware on June 11, 1940, entitled "Nihon Kihatsuyu Kabushiki Kaisha, also known and designated under the English translation thereof, as Japan Gasoline Company, Ltd., Plaintiff, v. Universal Oil Products Company, Defendant," Civil Action No. 162,

g. All right, title, interest and claim of any kind or character whatsoever of Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., in, to and under, or arising out of a law suit instituted in the Supreme Court of the State of New York, New York County, on June 6, 1940, entitled "Nihon Kihatsuyu Kabushiki Kaisha, also known and designated under the English translation thereof, as Japan Gasoline Company, Ltd., Plaintiff, v. Universal Oil Products Company, Defendant, Civil Action No. 19265-1940, and

h. That certain debt or other obligation, owing to Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., by Universal Oil Products Company, a corporation organized under the laws of the State of Delaware, representing a credit balance evidenced on the books of said Universal Oil Products Company, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Nihon Kihatsuyu Kabushiki Kaisha, also known as Japan Gasoline Company, Ltd., the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 6, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON, *Assistant Attorney General, Director, Office of Alien Property.*

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

Subchapter A—Civil Air Regulations

[Supp. 12]

PART 3—AIRPLANE AIRWORTHINESS; NORMAL, UTILITY, ACROBATIC, AND RESTRICTED-PURPOSE CATEGORIES

FAIL-SAFE POSITION LIGHT FLASHER (SINGLE-CIRCUIT)

The following policies are hereby adopted.

§ 3.700–2 *Fail-safe position light flashers (single-circuit) (CAA policies which apply to § 3.700 (e)).* (a) When subjected to the conditions of failure specified in paragraph (b) of this section, a position light flasher is considered to have "failed-safe" when:

(1) The position light circuit is closed continuously, or

(2) The position light circuit is alternately closed and opened in such manner that,

(i) The frequency is not less than 40 cycles per minute and not greater than 120 cycles per minute,

(ii) The ratio of the closed circuit interval to the open circuit interval is not less than 1:1 and not greater than 2:1.

(b) Conditions of failure are as follows:

(1) At room ambient conditions, when the supply voltage is adjusted to the minimum value at which perceptible light is emitted by the position light bulb,

(2) At nominal supply voltage and at room ambient conditions,

(i) With any one position light branch circuit open, or

(ii) After any single malfunction within the flasher timing device, such as open circuit, short circuit, or jamming of a contact in its open or closed position.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 603, 52 Stat. 1009, 49 U. S. C. 553)

These policies to become effective July 15, 1951.

C. F. HORNE,
Administrator of Civil Aeronautics.

[Regs., Serial No. SR-365]

PART 24—MECHANIC CERTIFICATES

LIMITED MECHANIC CERTIFICATE WITH PROPELLER OR AIRCRAFT APPLIANCE RATING

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 5th day of July 1951.

The provisions of Special Civil Air Regulation SR–348 which authorize the issuance of a limited mechanic certificate with a propeller or appliance rating to an individual employed by a manufacturer or repair station expire July 31, 1951. It was anticipated that the projected revision of Part 52, which would incorporate provisions for the issuance of mechanic certificates with propeller or appliance ratings, would be completed prior to the expiration date. While the Board has had such project under consideration, it has not yet been promulgated. Therefore, it is believed necessary to extend the authorization currently provided in SR–348 until July 31, 1952, or such earlier date as the projected revision may become effective.

For the reasons stated above the Board finds that notice and public procedure are impracticable and contrary to the public interest and that good cause exists for making the regulation effective without prior notice.

In consideration of the foregoing the Civil Aeronautics Board makes and promulgates the following Special Civil Air Regulation, effective July 5, 1951:

A mechanic certificate with a propeller or aircraft appliance rating, excepting a parachute rating, may be issued by the Administrator of Civil Aeronautics to an individual who is employed and designated by either a manufacturer holding a currently effective propeller or aircraft appliance production certificate or by an applicant for, or the holder of, a repair station certificate with a propeller or aircraft appliance rating. The individual must be in direct charge of the inspection, overhaul, or repair of propellers or aircraft appliances, and his experience and employment record must indicate that he is competent to engage in such actiivty. The individual to whom a certificate is issued shall exercise the privileges of his certificate

[Supp. 7, Amdt. 75]

PART 60—AIR TRAFFIC RULES

DANGER AREA ALTERATION; TOWNSEND, GA.

The danger area alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required. Title 14, § 60.13–1 is amended as follows:

A Townsend, Georgia, area is added to read:

Name and location (chart)	Description by geographical coordinates	Designated altitudes	Time of designation	Using agency
TOWNSEND (Jacksonville chart).	A circle with a radius of 3 miles, centered at lat. 31°32'50" N, long. 81°35'20" W.	Surface to 30,000 feet.	Daylight hours, 7 days a week.	U. S. Air Force, Hunter AFB, Savannah, Ga.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective on July 6, 1951.

C. F. HORNE, *Administrator of Civil Aeronautics*

[F. R. Doc. 51–7977; Filed, July 11, 1951; 8:46 a. m.]

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 3]

PART 620—SECURITY CONTROL OF AIR TRAFFIC

HAWAIIAN ADIZ

Part 620 is hereby amended for the purpose of establishing an Air Defense Identification Zone in the Hawaiian Islands. Since a military function of the United States is involved, compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act is not required.

1. Section 620.13 is amended as follows:

§ 620.13 *Authorized exceptions.* * * *

(c) *Hawaiian ADIZ.* The provisions of §§ 620.11 and 620.12 are not applicable to aircraft operating within the Hawaiian ADIZ over any island or within three (3) miles of the coastline of any island. The provisions of § 620.12 are not applicable to aircraft operating within the Hawaiian ADIZ on inter-island flights on Red Civil Airway No. 87 southeast of the Island of Oahu, below seven thousand (7,000) feet MSL.

2. Section 620.22 is amended as follows:

§ 620.22 *Coastal ADIZ's.* * * *

(c) *Hawaii.* The area bounded by a line 24°15' N., 158°00' W.; 22°30' N., 155°30' W.; 19°45' N., 153°30' W.; 19°00' N., 155°00' W.; 18°15' N., 158°00' W.; 20°00' N., 161°00' W.; 22°30' N., 161°00' W.; 24°15' N., 158°00' W. (point of beginning).

TITLE 6—AGRICULTURAL CREDIT

Chapter IV—Production and Marketing Administration and Commodity Credit Corporation, Department of Agriculture

Subchapter C—Loans, Purchases, and Other Operations

[1951 C. C. C. Cotton Bulletin]

PART 607—COTTON

SUBPART—1951 COTTON LOAN PROGRAM

1951 COTTON BULLETIN

Correction

In F. R. Doc. 51–6807, appearing at page 5614 of the issue for Wednesday, June 13, 1951, the following change should be made:

In the schedule in § 607.249, the figure for Grade "*Gray*—Middling" under the column headed "1⅛" should read "−150" instead of "−130".

[1951 C. C. C. Cottonseed Bulletin 1]

PART 643—OILSEEDS

SUBPART—1951 COTTONSEED LOAN AND PURCHASE AGREEMENT PROGRAM

This bulletin states the requirements with respect to loans and purchase agreements under the 1951 Cottonseed Price Support Program formulated by Commodity Credit Corporation (hereinafter referred to as CCC) and the Production and Marketing Administration (hereinafter referred to as PMA). The requirements with respect to purchases of cottonseed, other than under purchase agreements, are contained in the 1951 C. C. C. Cottonseed Bulletin 2. The program will be carried out by PMA under

the general supervision and direction of the President, CCC.

Sec.
643.501 Administration.
643.502 Availability of loans and purchase agreements.
643.503 Approved lending agencies.
643.504 Eligible producers.
643.505 Eligible cottonseed.
643.506 Approved storage.
643.507 Approved forms.
643.508 Determination of quantity.
643.509 Liens.
643.510 Service charges.
643.511 Set-offs.
643.512 Interest rate.
643.513 Transfer of producer's equity.
643.514 Safeguarding of the cottonseed.
643.515 Insurance.
643.516 Loss or damage to the cottonseed.
643.517 Personal liability.
643.518 Maturity and liquidation of loans.
643.519 Delivery and settlement under purchase agreements.
643.520 Release of the cottonseed under loan.
643.521 Purchase of notes.
643.522 Loan and settlement rates.
643.523 Cooperative marketing associations.
643.524 Warehouse receipts.
643.525 PMA commodity offices.

AUTHORITY: §§ 643.501 to 643.525 issued under sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. Sup., 714b. Interpret or apply secs. 4, 5, 62 Stat. 1070, 1072, secs. 301, 401, 63 Stat. 1051, 1054; 15 U. S. C. Sup., 714b, 714c, 7 U. S. C. Sup., 1447, 1421.

§ 643.501 *Administration.* (a) In the field, the program will be administered through PMA State and county committees (hereinafter referred to as State and county committees) and PMA commodity offices. Forms will be distributed through the offices of State and county committees. County committees will determine or cause to be determined the quantity and grade of the cottonseed, the amount of the loan, or purchase price, and the value of the cottonseed delivered under a loan or purchase agreement. All loan and purchase agreement documents will be completed and approved by the county committee, which will retain copies of all such documents. The county committee may designate in writing certain employees of the county PMA office to execute on behalf of the committee any forms and documents in connection with this program. State and county committees and PMA commodity offices do not have authority to modify or waive any of the provisions of subpart bulletin or any amendments thereto.

§ 643.502 *Availability of loans and purchase agreements*—(a) *Area.* Loans shall be available on eligible cottonseed stored in approved warehouses or in approved farm storage in all cotton producing areas in the continental United States, except that farm-storage loans will not be made in any area where the appropriate State PMA committee determines that the damage hazard to farm-storage cottonseed would not warrant the making of farm-storage loans. Purchase agreements will be available on eligible cottonseed in all areas.

(b) *Time.* Loans and purchase agreements shall be available through January 31, 1952. Purchase agreements, notes and chattel mortgages, and note and loan agreements must be signed by the producer and delivered to the county committee on or before such date.

(c) *Source.* Loans and purchase agreements will be made available through the offices of county committees. Disbursements on loans will be made to producers through approved lending agencies under agreements with CCC, or by means of sight drafts drawn on CCC by State committees or by county committees in accordance with instructions issued by PMA to the State committees. Disbursements on loans will be made not later than February 15, 1952, except where specifically approved by the appropriate PMA commodity office in each instance. The producer shall not present the loan documents for disbursement unless the cottonseed is in existence and in good condition. If the cottonseed is not in existence and in good condition at the time of disbursement, the proceeds shall be promptly refunded by the producer.

§ 643.503 *Approved lending agencies.* An approved lending agency shall be any bank, cooperative marketing association, corporation, partnership, individual, or other legal entity with which CCC has entered into a lending agency agreement (Form PMA–97 or other form prescribed by CCC) or loan servicing agreement.

§ 643.504 *Eligible producer.* (a) An eligible producer shall be any individual, partnership, corporation, association, trust, estate, or other legal entity, or a State or political subdivision thereof or an agency of such State or political subdivision, producing cottonseed in 1951 in the capacity of landowner, landlord, tenant, or sharecropper.

(b) Eligible producers who are members of cooperative marketing associations may act collectively through their associations in obtaining loans in accordance with the provisions of § 643.523.

§ 643.505 *Eligible cottonseed.* Eligible cottonseed shall be cottonseed that meet the following requirements:

(a) The cottonseed must have been produced in the continental United States in 1951 by an eligible producer.

(b) Such cottonseed must have been produced by the producer tendering them for a loan or delivery under a purchase agreement, or, in the case of a cooperative association, must have been produced, and delivered to the association, by its producer-members; and such producer or cooperative association must have the legal right to pledge or mortgage the cottonseed as security for a loan, or to sell the cottonseed in case of a purchase agreement. If the producer tendering such cottonseed for a loan or for delivery under a purchase agreement, or the person delivering the cottonseed to the cooperative association, is a landlord or landowner, the cottonseed must not have been acquired by him directly or indirectly from a tenant or sharecropper and must not have been received in payment of fixed or standing rent; and if they were produced by him in the capacity of landlord, tenant or sharecropper, they must be his separate share of the crop, unless he is a landlord and is tendering or delivering cottonseed in which both he and a tenant or sharecropper have an interest.

(c) Cottonseed must be sound and clean and, in the case of cottonseed in farm storage or stored in an approved warehouse on an identity-preserved basis, must not contain more than 11 percent moisture. The moisture limitation of 11 percent shall not apply to cottonseed delivered under purchase agreement or to commingled cottonseed under loan and covered by warehouse receipts under which an approved warehouseman guarantees the official grade and weight.

(d) No warehouse receipts shall be outstanding on cottonseed in farm storage.

§ 643.506 *Approved storage*—(a) *Warehouse storage.* Cottonseed stored in warehouses will be accepted as security for loans hereunder only if such warehouses are approved by CCC. Warehousemen desiring approval of their facilities for the storage of cottonseed should communicate with the PMA commodity office shown in § 643.525 serving the area in which the warehouse is located.

(b) *Farm storage.* Approved farm storage shall consist of storage structures located on or off the farm which, as determined by the county committee, are of such construction as to afford safe storage of cottonseed and afford protection against weather damage, poultry, livestock and rodents, and reasonable protection against fire and theft.

§ 643.507 *Approved forms.* The documents named in paragraph (a) and (b) of this section, together with the provisions of this subpart and any supplements or amendments thereto, govern the rights and responsibilities of the producers under this program. Loan and purchase agreement documents executed by an administrator, executor or trustee will be acceptable only where valid in law and must be accompanied by documentary evidence of the authority of the person executing such documents. Documents must have State and documentary revenue stamps affixed when required by law.

(a) *Loan documents.* The following documents must be delivered by the producer in support of every loan:

(1) *Warehouse-storage loans.* Producer's Note and Loan Agreement (Commodity Loan Form B) duly executed and delivered within the period prescribed in § 643.502, secured by the pledge of warehouse receipts complying with the provisions of § 643.524.

(2) *Farm-storage loans.* Producer's Note (Commodity Loan Form A) and Commodity Chattel Mortgage (Commodity Loan Form AA) covering the cottonseed tendered as security for the loan, both executed and delivered within the period prescribed in § 643.502.

(b) *Purchase agreement documents.* The purchase agreement documents shall consist of the Purchase Agreement (Commodity Purchase Form 1) and Purchase Agreement Settlement (Commodity Purchase Form 4) signed by the producer and approved by the county committee, negotiable warehouse receipts, and such other forms as may be prescribed by CCC.

§ 643.508 *Determination of quantity*—(a) *Warehouse-storage loans.* Warehouse receipts shall be based upon net weights, after any deduction for foreign matter in excess of 1 percent of the gross weight and for estimated shrinkage. The total deduction for shrinkage shall not exceed 3 percent of the gross weight of the cottonseed.

(b) *Farm-storage loans.* The quantity of cottonseed at the time a farm-storage loan is made shall be determined by actual weight or by an estimate of tonnage based upon measurements. When the weight of cottonseed to be placed under loan is estimated by measurement, 90 cubic feet of cottonseed shall be considered the equivalent of one ton. The quantity delivered in liquidation of the loan shall be the net weight, which shall be the gross weight of the cottonseed less a deduction for any foreign matter in excess of 1 percent of the gross weight.

(c) *Purchase agreements.* The quantity of cottonseed delivered under a purchase agreement shall be the net weight, which shall be the gross weight of the cottonseed less a deduction for any foreign matter in excess of 1 percent of the gross weight; or, when warehouse receipts guaranteeing grade and weight are submitted, the quantity delivered shall be the net weight shown in such warehouse receipts.

§ 643.509 *Liens.* The cottonseed must be free and clear of all liens and encumbrances, including any claim the ginner may have against the cottonseed for his regular ginning charge. If liens, ginner's claims, or encumbrances exist on the cottonseed, proper waivers must be obtained.

§ 643.510 *Service charges*—(a) *Warehouse-storage loans.* The producer shall pay a service charge of 20 cents per ton of cottonseed pledged to secure a loan, or $1.50, whichever is greater.

(b) *Farm-storage loans.* The producer shall pay a service charge of 35 cents per ton on the number of tons placed under a farm-storage loan, or $3.00, whichever is greater. In the case of farm-storage loans, State committees are authorized to require prepayment of $3.00 of the service charges.

(c) *Purchase agreements.* At the time the producer signs a purchase agreement, he shall pay a service charge of 20 cents per ton on the quantity of cottonseed specified on Commodity Purchase Form 1 as the maximum quantity that may be delivered or $1.50, whichever is greater.

(d) No refund of any service charges will be made.

§ 643.511 *Set-offs.* (a) If the producer is indebted to CCC on any accrued obligation, or if any installments past due or maturing within twelve months are unpaid on any loan made available by CCC on farm-storage facilities, whether held by CCC or a lending agency, the producer must designate CCC or such lending agency as the payee of the proceeds of the loan or purchase to the extent of such indebtedness or installments, but not to exceed that portion of the proceeds remaining after deduction of loan service fees and amounts due prior lienholders. However, prepayment of only one principal installment on a farm-storage facility loan shall be deducted from the price support proceeds of any one crop year.

(b) If the producer is indebted to any other agency of the United States, and such indebtedness is listed on the county debt register, he must designate such agency as the payee of the proceeds as provided above.

(c) Indebtedness owing to CCC or to a lending agency as provided above shall be given first consideration after claims of prior lienholders.

(d) Compliance with the provisions of this section shall not constitute a waiver of any right of the producer to contest the justness of the indebtedness involved either by administrative appeal or by legal action.

§ 643.512 *Interest rate.* Loans shall bear interest at the rate of 3 percent per annum, and interest shall accrue from the date of disbursement of the loan notwithstanding the printed provisions of the note.

§ 643.513 *Transfer of producer's equity.* The right of the producer to transfer either his right to redeem the cottonseed under loan or his remaining interest may be restricted by CCC. The producer may not assign his interest in the purchase agreement.

§ 643.514 *Safeguarding of the cottonseed.* The producer who places cottonseed under a farm-storage loan is obligated to maintain the farm-storage structure in good repair, and to keep the cottonseed in good condition.

§ 643.515 *Insurance.* (a) CCC will not require the producer to insure the cottonseed placed under a farm-storage loan; however, if the producer does insure such cottonseed and an indemnity is paid thereon, such indemnity shall inure to the benefit of CCC to the extent of its interest after first satisfying the producer's equity in the cottonseed involved in the loss.

(b) All commingled cottonseed covered by warehouse receipts shall be insured by the warehouseman, for the benefit of the holders of the receipts, against loss or damage by fire, lightning, inherent explosion, windstorm, cyclone, and tornado, for the full market value of the cottonseed. The warehouseman shall not be required to carry insurance covering identity-preserved cottonseed; however, any indemnity paid under such insurance carried by the warehouseman or the producer shall inure to the benefit of CCC to the extent of its interest, after first satisfying the producer's equity in the cottonseed involved in the loss.

§ 643.516 *Loss or damage to the cottonseed.* The producer shall be responsible for the quality and for any loss in quantity of the cottonseed placed under farm-storage or identity-preserved warehouse-storage loan, except that, subject to the provisions of § 643.515, any physical loss or damage, other than shrinkage or natural deterioration, occurring after disbursement of the loan funds to the producer, without fault, negligence, or conversion on the part of the producer or any other person having control of the storage structure, and resulting solely from an external cause other than insect infestation or vermin, will be assumed by CCC to the extent of the loan rate, provided the producer or other person having control of the storage structure has given the county committee immediate written notice of such loss or damage, and provided there has been no fraudulent representation made by the producer in the loan documents or in obtaining the loan. No physical loss or damage occurring prior to disbursement of the loan funds to the producer will be assumed by CCC. Where disbursement of funds is made by sight draft or check the date of the draft or check shall constitute the date of disbursement of the funds.

§ 643.517 *Personal liability.* The making of any fraudulent representations by the producer in the loan or purchase agreement documents, or in obtaining the loan or purchase proceeds, or the conversion or unlawful disposition by him of any portion of the cottonseed under loan, shall render the producer subject to criminal prosecution under Federal law and render him personally liable for the amount of the loan and for any resulting expense incurred by any holder of the note, or for any damages resulting from the purchase of the cottonseed.

§ 643.518 *Maturity and liquidation of loans.* Notwithstanding any provisions in the mortgage supplement or in the note and loan agreement, settlement of loans, and delivery of the cottonseed covered by chattel mortgage and pledged under note and loan agreements shall be made in accordance with this section. All loans mature on demand but not later than March 1, 1952. If the producer does not repay his loan on or before maturity, the following procedure will be observed:

(a) *Farm-storage loans.* The producer shall deliver the mortgaged cottonseed in accordance with instructions of the county committee. The producer may, however, pay off his loan and redeem his cottonseed at any time prior to the delivery of the cottonseed to CCC or removal of the cottonseed by CCC. In the event the farm is sold or there is a change of tenancy, the cottonseed may be delivered before the maturity date of the loan, upon prior approval by the county committee, or may be delivered before the maturity date of the loan for other reasons upon prior approval of the President of CCC. After a complete grade determination by a cottonseed chemist licensed by the U. S. Department of Agriculture, credit will be given at the applicable settlement rate, according to grade and/or quality (see § 643.522), for the total quantity delivered, provided it is the identical cottonseed on which the loan was made. In the case of "off quality" and "below grade" cottonseed, as defined in the United States Official Standards for Grades of Cottonseed, CCC will sell such cottonseed, pursuant to the provisions of the chattel mortgage (Commodity Loan Form AA), at the current market price, and the set-

tlement value shall be the market price determined on the basis of such sale.

If the producer, upon prior approval of the county committee, transports the cottonseed a greater distance than the distance from the point of storage to the normal delivery point, the producer may, at time of settlement, be credited for transporting the cottonseed the additional distance at a rate per mile not in excess of the commercial transportation rate for the area.

If the settlement value of the cottonseed delivered under a farm-storage loan exceeds the amount due on the loan by more than $3.00, such amount will be paid to the producer on the basis of the settlement documents. To avoid administrative costs of making small payments, if the amount found due the producer in such settlement is $3.00 or less, such amount will be paid only upon his request. Payments will be made by sight draft drawn on CCC by the State PMA office.

If the settlement value of the cottonseed is less than the amount due on the loan (excluding interest), the amount of the deficiency, plus interest, shall be paid to CCC or the amount may be set off against any payment which would otherwise be due to the producer under any agricultural programs administered by the Secretary of Agriculture or any other payments which are due or may become due to the producer from CCC or any other agency of the United States, provided that, to avoid administrative costs of handling small accounts, a deficiency of $3.00 or less, including interest, may be disregarded unless demand therefor is made by CCC upon the producer.

If the loan is not liquidated upon maturity by payment or delivery, the holder of the note may remove the cottonseed and sell them in accordance with the provisions of the chattel mortgage (Commodity Loan Form AA).

(b) *Warehouse-storage loans.* The procedure with respect to cottonseed stored on an identity-preserved basis shall be the same as that for farm-stored cottonseed except that the warehouse shall be considered the delivery point. The producer shall not be responsible for the quantity or quality of cottonseed stored by a warehouseman on a commingled basis and covered by receipts under which the warehouseman agrees to deliver the quantity and grade shown in the receipts. If the producer does not repay his warehouse-storage loan on or before maturity, CCC shall have the right to sell the cottonseed in liquidation of the loan in accordance with the provisions of the note and loan agreement (Commodity Loan Form B).

Any payment due a producer at time of settlement on a loan secured by warehouse receipts covering commingled cottonseed shall be made by the appropriate PMA commodity office.

§ 643.519 *Delivery and settlement under purchase agreements.* (a) The producer who signs a purchase agreement (Commodity Purchase Form 1) will not be obligated to deliver any cottonseed to CCC; however, the quantity which he states in the purchase agreement will be the maximum quantity he may deliver to CCC. If the producer who signs the purchase agreement wishes to sell cottonseed to CCC, he will have a 30-day period during which he must notify the county committee of his intention to sell. This period will end on March 1, 1952, or on such earlier date as may be determined bythe President, CCC.

(b) In the case of eligible cottonseed stored in an approved warehouse, the producer must, not later than the day following the final date of such 30-day period or during such period of time thereafter as may be specified by CCC, submit to the county committee warehouse receipts for any quantity of cottonseed that he elects to sell to CCC which is not in excess of the quantity shown on Commodity Purchase Form 1. If the warehouseman guarantees grade and quantity under such warehouse receipts, settlement will be made upon the basis of the grade and quantity shown in the receipts. If the warehouse receipts indicate that the cottonseed are identity-preserved, settlement will be made on the basis of weight, and the official grade as determined by chemical analysis, at the time of delivery to CCC.

(c) In the case of eligible cottonseed stored in other than approved warehouse storage, the county committee will on or after March 2, 1952, issue delivery instructions to the producer. The producer must then complete delivery at points designated by the county committee within a 15-day period immediately following the date the county committee issues delivery instructions unless the county committee determines more time is needed for delivery. The quantity of cottonseed delivered must not be in excess of the quantity shown on Commodity Purchase Form 1. The cottonseed will be purchased on the basis of weight, and the official grade as determined by chemical analysis, at the time of delivery.

(d) When delivery is completed, payment will be made by sight draft drawn on CCC by the State PMA office on the basis of Commodity Purchase Form 4. The producer shall direct on such form to whom payment of the proceeds shall be made. "Below grade" and "off quality" cottonseed as defined in the United States Official Standards for Grades of Cottonseed will not be purchased under the purchase agreement program.

§ 643.520 *Release of the cottonseed under loan.* A producer may at any time obtain the release of cottonseed remaining under loan by paying to the holder of the note the principal amount thereof, plus accrued interest and any charges that may be due. If the note is held by an out-of-town lending agency or by CCC, the producer may request that the note be forwarded to a local lending agency or to the county committee for collection. All charges in connection with the collection of the note shall be paid by the producer. Upon payment of a farm-storage loan, the county committee should be requested to release the mortgage by filing an instrument of release or by executing a marginal release on the county records. Partial release of the cottonseed prior to maturity of the loan may be arranged with the county committee by paying to the holder of the note the amount of the loan, plus charges and accrued interest, represented by the quantity of the cottonseed to be released: *Provided, however,* No partial release of farm-stored cottonseed shall include less than the total quantity of cottonseed stored in any single commingled mass unless the appropriate State committee determines that releases of portions of such masses should be made, and no partial release of warehouse-stored cottonseed shall include less than the total quantity of cottonseed covered by any warehouse receipt involved in the release.

§ 643.521 *Purchase of notes.* CCC will purchase, from approved lending agencies, notes evidencing approved loans which are secured by chattel mortgages or negotiable warehouse receipts. The purchase price to be paid by CCC will be the principal sum remaining due on such notes, plus an amount computed according to the lending agency agreement to cover interest. Lending agencies are required to submit Commodity Credit Corporation Form 500 or such other form as CCC may prescribe for all payments received on producers' notes held by them and are required to remit to CCC a part of the interest collected, computed according to the lending agency agreement. Lending agencies shall submit notes and reports to the PMA commodity office serving the area.

§ 643.522 *Loan and settlement rates.* (a) *Loan rates.* Loans on farm-stored cottonseed, and on cottonseed stored in warehouses on an identity-preserved basis and represented by warehouse receipts in which the grade is not guaranteed, shall be made at the rate of $63.90 per ton of eligible cottonseed as defined in § 643.505. Loans on cottonseed represented by warehouse receipts in which the grade is guaranteed by the warehouseman shall be made at the settlement rates indicated in paragraph (b) of this section.

(b) *Basic settlement rate.* The basic settlement rate for "basis grade"—(100) cottonseed in farm storage, stored in a warehouse, or delivered under a purchase agreement shall be $65.50 per net ton, f. o. b. railroad cars or trucks at delivery points or delivered in an approved warehouse. The settlement rate for cottonseed grading above or below "basis grade" (100) shall be $65.50 per ton plus or minus a percentage of such price equal to the percentage by which the grade of such cottonseed is above or below 100.

(c) *Warehouse charges.* In the case of cottonseed under a warehouse-storage loan which are not redeemed by the producer, or cottonseed delivered to CCC in an approved warehouse under a purchase agreement, CCC will not assume any warehouse charges accruing prior to March 1, 1952, except as provided in the Cottonseed Storage Agreement (CCC Form 506). Any such charges paid by CCC shall be credited against any charges for the same services made to the producer who deposited the cottonseed in the warehouse and shall accrue to any subsequent holder of the warehouse receipts.

§ 643.523 *Cooperative marketing associations.* (a) Cooperative marketing associations shall be eligible for loans and purchase agreements: *Provided,* That (1) the cottonseed placed under loan and purchase agreements are delivered to the association by eligible producers who are members of the association; (2) the association has been granted by such producer-members the legal right to sell the cottonseed or to pledge or mortgage them as security for a loan, either when stored on an identity-preserved basis or when commingled with other cottonseed; (3) the association keeps any cottonseed covered by a chattel mortgage segregated from all cottonseed not covered by the mortgage; and (4) the association undertakes to pay to CCC any amounts due it under the provisions of this program at the time of settlement.

(b) Cooperative associations desiring loans or wishing to execute purchase agreements may obtain documents from the county committee for the county in which the association is located. The loan and settlement rates to cooperative associations will be the same as those to individual producers, and loans and purchase agreements with respect to such associations will otherwise be on substantially the same basis as loans and purchase agreements with respect to individual producers.

§ 643.524 *Warehouse receipts.* Cottonseed stored in an approved warehouse must be represented by negotiable warehouse receipts, properly endorsed if not in bearer form, meeting the requirements of CCC. Receipts covering identity-preserved cottonseed shall show the condition, weight, and moisture content of the cottonseed. Receipts covering commingled cottonseed shall show the net weight of the cottonseed and the grade of such cottonseed expressed in accordance with the U. S. Official Standards for Grades of Cottonseed. The warehouseman shall be responsible for the delivery of the grade and quantity shown in receipts covering commingled cottonseed. Each receipt shall indicate by endorsement or otherwise that all warehouse charges through April 30, 1952, have been paid. Each receipt covering commingled cottonseed shall show that the warehouseman has provided insurance for the benefit of the holder of the receipt to the extent set out in § 643.515.

§ 643.525 *PMA commodity offices.* The PMA commodity offices and the cotton growing area served by each are shown below:

50 Seventh Street NE., Atlanta 5, Ga.: Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee, Virginia.

1114 Commerce Street, Dallas 4, Tex.: Arkansas, Louisiana, New Mexico, Oklahoma, Texas.

Fidelity Building, 911 Walnut Street, Kansas City 6, Mo.: Kansas, Missouri, Illinois.

335 Fell Street, San Francisco 2, Calif.: Arizona, California, Nevada.

Issued this 6th day of July 1951.

[SEAL] JOHN H. DEAN,
Acting Vice President,
Commodity Credit Corporation.

Approved:

G. F. GEISSLER,
President,
Commodity Credit Corporation.

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign and Domestic Commerce, Department of Commerce

Subchapter C—Office of International Trade

[5th Gen. Rev. of Export Regs. Amdt. 64 [1]]

PART 372—PROVISIONS FOR INDIVIDUAL AND OTHER VALIDATED LICENSES

PART 379—EXPORT CLEARANCE

PART 380—AMENDMENTS, EXTENSIONS, TRANSFERS

PART 382—DENIAL OR SUSPENSION OF LICENSE PRIVILEGES

MISCELLANEOUS AMENDMENTS

1. Section 372.2 *Applications for licenses,* is amended in the following particulars:

The *interpretive statement regarding applicants, licensees, and parties* (following § 372.2 (a)), paragraph 5, is amended to read as follows:

5. *Intermediate consignee.* The bank, forwarding agent, or other intermediary (if any) who participates in a foreign country as an agent for the exporter, the purchaser, or the ultimate consignee, for the purpose of effecting delivery of the exportation to the ultimate consignee must be named on the application, if known.

In all cases, before a shipment will be cleared for export, the name and address of any intermediate consignee to be used *must be ascertained* and set forth on the shipper's export declaration, whether or not named on the license application or validated license. (See § 379.2 (a) (2) of this subchapter.)

Amendment of the export license is required if the intermediate consignee to be used in the export transaction is not named on the export license, unless such new or different intermediate consignee is located in the country of ultimate destination as shown on the export license. (See § 380.2 (f) of this subchapter; also § 373.13, regarding exportations to Taiwan (Formosa).)

The name and address of the intermediate consignee need not be shown on the commercial invoice. However, pursuant to the destination control provisions of § 381.4 (d) (1) of this subchapter, a copy of the commercial invoice or bill of lading containing the destination statement provided thereunder must be sent to any intermediate consignee.

This part of the amendment shall become effective as of July 5, 1951.

[1] This amendment was published in Current Export Bulletin No. 627, dated July 5, 1951.

2. Section 372.3 *How to file an application for export license,* is amended in the following particulars:

The note (following § 372.3 (c)), paragraph 2, Item 8 (b) is amended to read as follows:

Item 8 (b), Intermediate consignee in foreign country: Enter the name and address of the bank, forwarding agent, freight forwarder, or other intermediary, if any, in a foreign country who is to act as an agent of either the exporter, the ultimate consignee, or the purchaser, in effecting delivery of the exportation to the ultimate consignee. If no intermediary is to be used, applicant should state "none"; or if same as ultimate consignee, "same". If, at the time the application for export license is submitted, the intermediate consignee is not known, the applicant may state "unknown".

In all cases, before a shipment will be cleared for export, the name and address of any intermediate consignee must be ascertained and set forth on the shipper's export declaration, whether or not named on the license application or validated license. (See § 379.2 (a) (2) of this subchapter.) (For situations where amendment of license is required prior to clearance in respect to intermediate consignee, see §§ 380.2 (f) and 373.13 of this subchapter.)

This part of the amendment shall become effective as of July 5, 1951.

3. Section 379.2 *Authenticated shipper's export declaration,* is amended in the following particulars:

Subparagraph (2) of paragraph (a) *Procedure for authentication,* is amended by renumbering subdivision (iii) as (iv) and adding the following as subdivision (iii):

(iii) The name and address of any intermediate consignee, whether or not named on the license application or on the validated license. Where amendment to the validated license is required in respect to intermediate consignee, the name and address on the declaration must conform with that shown on the amendment.

NOTE: Amendment of the export license is required in respect to intermediate consignee, as provided in §§ 373.13 and 380.2 (f) of this subchapter.

This part of the amendment shall become effective as of July 5, 1951.

4. Section 380.2 *Amendments or alterations of licenses,* is amended by adding thereto a new paragraph (f) to read as follows:

(f) *Intermediate consignee amendments.* Amendment of the export license is required if the intermediate consignee to be used or designated in the export transaction is not named on the export license, unless such new or different intermediate consignee is located in the country of ultimate destination as shown on the export license. (See, also, § 373.13 of this subchapter, regarding exportations to Taiwan (Formosa).)

This part of the amendment shall become effective as of July 5, 1951.

5. Part 382—Denial or Suspension of License Privileges, is amended in the following particulars:

a. The title of Part 382 is amended to read as follows: Part 382—Denial or Suspension of Export Privileges.

b. In Part 382 "license privileges", "privileges of obtaining or using export

licenses including general licenses", and "export license privileges" are changed to read "export privileges".

c. Section 382.1 *Authority to deny license privileges*, is amended to read as follows:

§ 381.1 *Authority to deny export privileges.* Any person who violates any law or regulation relating to export control may be denied the privilege of exporting, receiving, or otherwise participating in any exportation of any commodity, or of technical data, from the United States to any foreign destination, including Canada; and of financing, transporting, or other servicing of such exports. Such denial of export privileges shall take the form of an order issued in the name and under the authority of the Assistant Director for Export Supply of the Office of International Trade and shall be effective for such period of time and on such terms and conditions as may be deemed appropriate and prescribed therein. Such an order may be made applicable not only to persons named therein as having committed a violation but also, to the extent necessary to prevent evasion, to other persons with whom said named persons may be related by ownership, control, or other connection in the conduct of export trade. Any statute, proclamation, Executive order, regulation, or order applicable to any conduct involved in obtaining or using an export license or other export control document shall be deemed to be a "law or regulation relating to export control".

NOTE: This procedure in no way restricts the present practice of referring appropriate cases to the Department of Justice for criminal prosecution. Violations of export control regulations not only may result in denial of export privileges but also are punishable by a fine of not more than $10,000, or by imprisonment for not more than 1 year, or both. Any submission of false information, whether in connection with license applications, export declarations, investigations, compliance proceedings, appeals, or otherwise, is punishable by a fine of not more than $10,000, or by imprisonment for not more than 5 years, or both.

d. Section 382.11 *Temporary suspensions*, paragraph (a), is amended to read as follows:

(a) *Suspension by charging letter.* A charging letter may by its terms suspend, from and after the date of its issuance, the respondent's privilege to obtain or use validated export licenses and may revoke and require the return for cancellation of outstanding validated licenses but shall not otherwise suspend the respondent's export privileges. Such latter privileges, however, may be suspended as provided in paragraph (b) of this section.

This part of the amendment shall become effective as of July 5, 1951.

(Sec. 3, 63 Stat. 7; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245; 3 CFR, 1945 Supp., E. O. 9919, Jan. 3, 1948, 13 F. R. 59; 3 CFR, 1948 Supp.)

LORING K. MACY,
Acting Director,
Office of International Trade.

RULES AND REGULATIONS

[5th Gen. Rev. of Export Regs., Amdt. P. L. 55 [1]]

PART 399—POSITIVE LIST OF COMMODITIES AND RELATED MATTERS

MISCELLANEOUS AMENDMENTS

1. Section 399.1 *Appendix A—Positive List of Commodities*, is amended in the following particulars:

The following revisions are made to conform to Public Bulletins P. B. 185B–I and –II and P. B. 190B–I and –II, issued by the Bureau of the Census June 27, 1951:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
460200	Sulfite wood pulp, semi-bleached, and bleached, other than rayon and special chemical grades.[1]	S. ton	PULP	250	RO
	Internal-combustion engines:				
715900	Other engine accessories and parts, except tractor engine parts (report tractor engine parts in 788901 and 788905).[2]		GIEQ	250	R
734000	Geophysical and mineral prospecting equipment, and parts.[3]		CONS	None	RO
788901	Parts, and accessories, for tracklaying tractors (including engine accessories and parts; and control and winch attachments and parts.) (Report engines in 714310–714810; agricultural implement attachments for tractors in 781010–787150, and parts therefor in 787190.)[4]		CONS 1	250	R
788905	Parts and accessories for wheel-type tractors, except garden tractors (including engine accessories and parts; and control and winch attachments and parts). (Report engines in 714310–714810; parts and accessories for contractors' wheel-type tractors in 723100; agricultural implement attachments for tractors in 781010–787150, and parts therefor in 787190.)[5]		AGMT	250	R
794960	Landing mats, aircraft [6]		STEE	100	RO
919068	Magnetometers, and parts [7]		SATE	None	RO

[1] The description is amended by adding "semi-bleached." This is not a substantive change as semi-bleached sulfite wood pulp has been included under Schedule B No. 460200, though not indicated in the description heretofore.

[2] This entry is substituted for the second entry on the Positive List under Schedule B No. 715900 and cancels the transfer from Schedule B Nos. 788901 and 788905 to 715900 of tractor engine parts, as announced by the Bureau of the Census in P. B. 176B, issued December 20, 1950, and incorporated in Current Export Bulletin No. 601, issued January 11, 1951. The following entries on the Positive List under Schedule B No. 715900 remain unchanged: "Marine engine accessories, and parts (specify Diesel or gasoline)," and "Locomotive parts, Diesel, Diesel-electric, and other internal-combustion locomotive parts."

[3] This entry is substituted for the following two entries on the Positive List: Schedule B No. 734210, "Oil and gas exploration equipment and parts," and Schedule B No. 919098, "Mineral exploration equipment, including prospecting apparatus." By this amendment the validated license requirement for geophysical equipment and parts, which were formerly included on the Positive List under the last entries for Schedule B Nos. 733910 and 733990 as R commodities and which are now included under Schedule B No. 734000, is changed from R to RO control; the GLV dollar-value limit for geophysical equipment parts is decreased from $100 to none.

[4] This amendment restores engine accessories and parts for track-laying tractors to Schedule B No. 788901. They were formerly included in this class until Current Export Bulletin 601 announced their transfer to Schedule B No. 715900.

[5] This amendment restores engine accessories and parts for wheel-type tractors to Schedule B No. 788905. They were formerly included in this class until Current Export Bulletin 601 announced their transfer to Schedule B No. 715900.

[6] This is not a substantive change. Aircraft landing mats were formerly included under Schedule B No. 694700, "Plates, fabricated, punched, or shaped, n.e.s."

[7] This is not a substantive change. Magnetometers were formerly included under Schedule B No. 709520; magnetometer parts were included on the Positive List under Schedule B No. 709598, as "Indicating instrument parts."

This part of the amendment shall become effective as of July 10, 1951.

Shipments of any commodities removed from general license to Country Group R or Country Group O destinations, or whose GLV dollar-value limits were reduced, as a result of changes set forth in Part 1 of this amendment which were on dock, on lighter, laden aboard an exporting carrier, or in transit to a port of exit pursuant to actual orders for export prior to 12:01 a. m., July 10, 1951, may be exported under the previous general license provisions up to and including August 4, 1951. Any such shipment not laden aboard the exporting carrier on or before August 4, 1951, requires a validated license for export.

2. Section 399.2 *Appendix B—Commodity Interpretations; Positive List of Commodities*, is amended by adding thereto the following interpretations issued July 5, 1951:

INTERPRETATION 6—MACHINERY AND PARTS

(1) *Where an assembled machine or unit of equipment is being exported.* Where one or more assembled machines or units of equipment are being exported, the individual component parts which are physically incorporated into the machine or equipment do not require a separate validated export license. The validated license or the general license under which the complete machine or unit of equipment is exported will also cover its component parts, provided that: No special provisions or interpretations obtain (for example, as in the case of certain tools containing diamonds); that the parts are normal and usual components of the machine or equipment being exported; or the physical incorporation is not used as a device to evade the requirement for a validated export license.

(2) *Where parts are exported as spares, replacements, for resale, or for stock.* Where parts are exported as spares, replacements, for resale, or for stock, a validated export license is required if the particular part is on the Positive List to the intended destination.

INTERPRETATION 7—PARACHUTES, PARTS, AND FITTINGS

Parachutes, parts and fittings are considered implements of war and exportations thereof are controlled by the Department of State and not the Department of Commerce (see § 370.5). These include complete parachutes, canopies (parachutes with the shroud lines removed), shroud lines, pilot chutes, containers, harnesses, or parts and fittings therefor. Export licenses issued by the Secretary of State are required for such exportations, including those sent as gifts.

[1] This amendment was published in Current Export Bulletin No. 627, dated July 5, 1951.

INTERPRETATION 8—QUARTZ CRYSTAL PLATE

Quartz crystal plate is a piece of quartz crystal cut in such a way as to be active piezo-electrically. It may or may not be mounted with metal electrodes applied to its surfaces.

All quartz crystal plates, mounted or unmounted, are classified under Schedule B No. 595090, and are subject to the export control regulations applicable thereto.

This part of the amendment shall become effective as of July 5, 1951.

(Sec. 3, 63 Stat. 7; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245; 3 CFR, 1945 Supp., E. O. 9919, Jan. 3, 1948, 13 F. R. 59; 3 CFR, 1948 Supp.)

LORING K. MACY,
Acting Director,
Office of International Trade.

TITLE 18—CONSERVATION OF POWER

Chapter I—Federal Power Commission

Subchapter E—Regulations Under Natural Gas Act

[Docket No. R-119; Order 160]

PART 153—APPLICATIONS FOR AUTHORIZATION TO EXPORT OR IMPORT NATURAL GAS

WHO SHALL APPLY

JULY 3, 1951.

The Commission, under date of October 31, 1950, gave notice of its intention to amend its general rules and regulations by amending § 153.1, *Who shall apply*, of Part 153—Application for Authorization to Export or Import Natural Gas—Subchapter E, Regulations under the Natural Gas Act, Chapter I of Title 18, Code of Federal Regulations. Such notice was given by mailing a copy of the proposed amendment to natural-gas companies, State utility regulatory commissions, certain Federal agencies, and other interested parties, and by publication in the FEDERAL REGISTER on November 4, 1950 (15 F. R. 7443–7444).

In giving notice of the proposed amendment, the Commission invited all interested persons to submit data, views and comments. One response in support of the proposed amendment, and none opposing, was received.

The aforesaid amendment is designed to eliminate the requirement now contained in § 153.1 that the owner of a source of supply of natural gas who proposes to export or import natural gas or who has entered or proposes to enter into a contract to supply natural gas to be exported or imported shall be a necessary party to an application for the authorization required under section 3 of the Natural Gas Act.

The Commission finds:

(1) The proposed amendment represents a matter of practice and procedure, as to which notice or hearing is not required by statute.

(2) Adoption and promulgation of the proposed amendment are necessary and appropriate for the purposes of administration of the Natural Gas Act.

(3) Good cause exists for providing that this amendment become effective upon its adoption and promulgation.

The Commission, acting pursuant to the authority provided by the Natural Gas Act, as amended, particularly sections 3 and 16 thereof (52 Stat. 822, 830; 15 U. S. C. 717b, 717o, orders:

(A) Section 153.1 *Who shall apply*, of Part 153—Application for Authorization to Export or Import Natural Gas—Subchapter E, Regulations under the Natural Gas Act, Chapter I of Title 18, Code of Federal Regulations, be and the same is hereby amended to read as follows:

§ 153.1 *Who shall apply.* (a) Any person proposing to export natural gas from the United States to a foreign country or to import natural gas from a foreign country, pursuant to the provisions of section 3 of the Natural Gas Act, shall make an application for authorization therefor under this part.

(b) In connection with applications under this section, attention is directed to the provisions of §§ 153.10 to 153.12, inclusive, relative to applications for Presidential Permits for the construction, operation, maintenance, or connection, at the borders of the United States, of facilities for the exportation and importation of natural gas to or from a foreign country in compliance with Executive Order No. 8202, dated July 13, 1939, 3 CFR Cum. Supp.

(Sec. 16, 52 Stat. 830; 15 U. S. C. 717o. Interprets or applies sec. 3, 52 Stat. 822; 15 U. S. C. 717b. E. O. 8202, July 13, 1939, 3 CFR, 1943 Cum. Supp.)

(B) This order, and the aforesaid amendment of § 153.1, shall become effective immediately upon adoption and promulgation of this order.

(C) The Secretary of the Commission shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

Date of issuance: July 11, 1951.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-7981; Filed, July 11, 1951; 8:47 a. m.]

TITLE 20—EMPLOYEES' BENEFITS

Chapter V—Bureau of Employment Security, Department of Labor

PART 604—POLICIES OF THE UNITED STATES EMPLOYMENT SERVICE

OCCUPATIONAL TESTING AND SERVICE TO OLDER WORKERS

Pursuant to the authority vested in me by section 12, 48 Stat. 117, as amended, 29 U. S. C. 49k, Reorganization Plan No. 2 of 1949 and by delegation from the Secretary of Labor, this Part is amended in the manner set forth below:

1. Section 604.10 is amended to read as follows:

§ 605.10 *Occupational testing.* It is the policy of the United States Employment Service:

(a) To use objective tests and related techniques for the measurement of skills, aptitudes, and interests when such use will contribute to sound employment counseling and placement.

(b) To use tests and related techniques only when developed or approved by the United States Employment Service.

(c) To use tests and related techniques in accordance with the applicable standards.

(d) To establish testing services in those local offices in which a need for such facilities exists.

(e) To foster the development and standardization of additional United States Employment Service test batteries for which a need exists.

(f) To release certain test materials to private employers and nonprofit vocational guidance and placement agencies, upon approval by the United States Employment Service.

2. A new section designated § 604.17 is added as follows:

§ 604.17 *Older workers.* It is the policy of the United States Employment Service:

(a) To provide such services to older workers as are necessary to promote for them equal opportunity for employment in competition with other workers of similar qualifications.

(b) To engage in educational programs with employers, employer groups, labor unions, and the community for the purpose of increasing employment opportunities for older workers.

(Sec. 12, 48 Stat. 117, as amended; 29 U. S. C. 49k)

Signed at Washington, D. C., this 9th day of July, 1951.

ROBERT C. GOODWIN,
Director of the Bureau of Employment Security.

[F. R. Doc. 51-8031; Filed, July 11, 1951; 9:00 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter XVIII — National Shipping Authority, Maritime Administration, Department of Commerce

[NSA Order No. 39 (AGE-3)]

AGE-3, BONDING OF SHIP'S PERSONNEL

Sec.
1. What this order does.
2. Amount of bond.
3. Premiums.
4. Posting of bond.
5. Measures to protect ship's payrolls.
6. Form of bond.

AUTHORITY: Sections 1 to 6 issued under sec. 204, 49 Stat. 1987, as amended; 46 U. S. C. 1987.

SECTION 1. *What this order does.* This order requires that General Agents, appointed under Service Agreement "G. A. A., 3/19/51" shall not advance or entrust any monies or slop chest property of the United States to a master, purser or any other member of the ship's personnel unless such person is under a

bond indemnifying the United States against loss of such monies or property caused solely or in part by the dishonesty or lack of care of any such person in the performance of the duties of any petition covered by the bond.

SEC. 2. *Amount of bond.* The amount of the bond must be governed by the amount of monies advanced or value of slop chest property entrusted, and shall, at all times, not be less than the value of slop chest property entrusted plus advances of monies for which a satisfactory accounting has not been made.

SEC. 3. *Premiums.* The bonds provided for shall be furnished without cost to the National Shipping Authority, but the cost of the premiums of such bonds shall be included in the overhead expense of the General Agent.

SEC. 4. *Posting of bond.* The General Agent shall transmit to the Comptroller, Maritime Administration, Washington 25, D. C., one executed copy of each such bond and shall retain a copy in its principal office for examination by the National Shipping Authority at any time.

SEC. 5. *Measures to protect ship payrolls.* (a) General Agents are not required to consider the amount of the payroll delivered to the Master at the conclusion of a voyage in determining the amount of bond required for any one person filling a bonded position hereunder. However, the person paying off the crew should be either the Master, or purser, or some other member of the ship's personnel acting for the Master who has been bonded pursuant to this order. If, however, the person paying off is a shoreside employee of the General Agent, such employee shall be bonded under the General Agents' general fidelity bond.

(b) The principal risk involved where payrolls are delivered to a vessel at the conclusion of a voyage is loss through hold-up. Therefore, reasonable protection shall be taken by all General Agents where payrolls are delivered to a vessel or elsewhere. Because the circumstances of each case will vary, the General Agents shall use their best judgment in determining whether armored car service, armed guards or similar types of protection should be employed (in other words, the General Agents should follow their usual practices). The cost of these services may be included in vessel operating expenses.

(c) General Agents are not required to purchase hold-up insurance, since subject to the terms, conditions and limitations of Service Agreement "G. A. A., 3 19/51" losses resulting from this exposure are assumed by the National Shipping Authority.

SEC. 6. *Form of bond.* The form of bond required by the National Shipping Authority to be used by the General Agents shall be as follows:

DEPARTMENT OF COMMERCE

MARITIME ADMINISTRATION, NATIONAL SHIPPING AUTHORITY

Position Fidelity Schedule Bond

In consideration of the annual premium ---------- (hereafter called the "Surety") hereby agrees to pay to ---------- or its successors (hereafter called the "Agent") or the United States of America, (hereafter called the "United States"), represented by the Director, National Shipping Authority of the Maritime Administration, Department of Commerce (hereafter called the "Director"), as their interests may appear, the amount of any pecuniary loss of money or slop chest property caused, solely or in part, by reason of the dishonesty or lack of care of any person in the performance of the duties of any position, now or hereafter listed in the Schedule of Positions and Amounts forming part hereof (hereafter called the "Schedule"), on any and all vessels from time to time allocated to the Agent by the Director.

This bond is executed and accepted subject to the following agreements, limitations and conditions:

First. Liability under this bond begins with the ------ day of ----------, 19---- in respect of each person then filling any position named in the Schedule on any and all vessels then allocated to the Agent by the Director. As to any position or positions bearing the same designation as that of any position or positions named in the Schedule on any vessel or vessels thereafter allocated to the Agent by the Director, liability under this bond shall automatically begin as soon as such position or positions are filled, provided the Director or the Agent shall within ninety (90) days of the date such position or positions are filled notify the Surety in writing of the date such position or positions are filled. As between the Agent and the Director, it shall be the responsibility of the Agent to give the notice to the Surety as provided herein. Without affecting its liability hereunder, the Surety agrees that neither the Agent nor the Director need furnish the names of vessels on which positions are bonded hereunder at any time during the effective period of this bond.

Second. If the Agent or the Director shall request the Surety to increase or decrease the amount of coverage applicable to any position named in the Schedule, the Surety shall make such change by written acceptance showing the increase or decrease in the amount of coverage and the effective date thereof, which effective date shall not be prior to the date of such request; provided, however, that if the Director shall within ninety (90) days after receipt of notice of a decrease resulting from a request by the Agent, advise the Surety that it does not consent to such decrease, such decrease shall become inoperative and coverage shall continue in the amount applicable prior to such decrease as if such decrease had never been made.

Third. If the Surety knows or has reason to believe that any person filling any position named in the Schedule has caused any loss of money or property entrusted to him by reason of his dishonesty or lack of care in the performance of the duties of such position, the Surety may terminate the coverage of this bond as to such person by giving notice in writing to the Agent and the Director at least thirty (30) days prior to the completion, in a continental United States port, of the then current voyage of the vessel on which such person is filling a position, in which case the coverage of this bond as to such person shall terminate when the crew is paid off upon such completion of the voyage. The Agent may cancel the coverage of this bond (a) as an entirety or (b) as to any position named in the Schedule by giving the Surety fifteen (15) days' written notice accompanied by written approval of the Director to such cancellation. The Director may cancel the coverage of this bond (a) as an entirety or (b) as to any position named in the Schedule upon fifteen (15) days' written notice to the Surety. In the event of any such cancellation the Surety shall refund to the Agent any unearned premiums computed pro rata.

Fourth. After discovery and report to the Agent or the Director of any loss hereunder, the Agent or the Director shall give the Surety written notice thereof, and within ninety (90) days after such written notice to the Surety shall file with the Surety affirmative proof of loss itemized and sworn to on forms furnished by the Surety. Prior discovery and report to the Agent of such loss shall not affect the right of the Director to notify the Surety of such loss and to file proof of loss. As between the Agent and the Director, it shall be the responsibility of the Agent to give the notice and to file the proof of loss with the Surety as provided herein. "Discovery and report" as used herein is defined in paragraph Tenth hereof.

Fifth. Any suit to recover on account of any loss hereunder shall be brought before the expiration of five years from the report to the Agent or the Director of the act causing such loss.

Sixth. The Agent will declare at the original effective date of this bond, and at each subsequent premium anniversary date, the total number of persons then filling each position named in the Schedule, and the annual premium will be computed for the ensuing year on the basis of the aggregate coverage represented by such declaration. Upon such premiuin anniversary date there will be a computation of additional premium or refund of premium in proportion to the change in the coverage each year.

Seventh. Settlement of any claim hereunder shall be made by check payable to the Agent unless otherwise instructed by the Director, but no settlement of any claim hereunder may be made for an amount less than the full amount of the loss for which the claim is made without the written consent of the Director thereto.

Eighth. The Surety shall not be entitled to any reimbursement, salvage or recovery,—except from insurance, reinsurance, collateral or indemnity taken by the Surety for its own benefit,—on account of any loss hereunder until the Agent or the Director, as their interests may appear, is reimbursed in full.

Ninth. No modification or change of any nature of the provisions of this bond shall take effect unless the Director shall have given his written consent thereto, except that the Agent may increase the coverage hereunder in accordance with the provisions of paragraph First hereof without such consent of the Director.

Tenth. (a) Any action, approval or consent which by the provisions of this bond is required to be taken or signed by the Director shall be effective if taken or signed by the Director or by his authorized representative, and wherever and whenever herein any right, power, or authority is granted or given to the Director, such right, power, or authority may be exercised in all cases by his authorized representative, and the act or acts of such authorized representative, when taken shall constitute the act of the Director hereunder.

(b) "Discovery and report" by the Agent as used herein shall be deemed to mean discovery by any person and the report of such discovery to an executive officer or head of a department or division concerned with such discovery and report of the Agent at the Agent's principal place of business within the continental United States. "Discovery and report" by the Director shall be deemed to mean discovery by any person and the report of such discovery to an executive officer or head of a division or section concerned with such discovery and report at the Director's headquarters.

(c) Notices, approvals and requests required by the provisions hereof shall be sent to the Surety addressed to it at its home office at ----------.

(d) Notices, acceptances and requests required to be sent to the Agent shall be sent to The Agent, ----------
(Name and head office address)

(e) Notices and requests to be sent to the Director shall be addressed to the Director, National Shipping Authority of the Maritime Administration, Department of Commerce, at the Director's headquarters.

Signed, sealed and dated this ------ day of ----------, 19----.

TITLE 41—PUBLIC CONTRACTS

Chapter III—Committee on Purchases of Blind-Made Products

PART 301—PURCHASES OF BLIND-MADE PRODUCTS

The regulations in this part are revised to read as follows:

Sec.
301.1 Definitions.
301.2 National Industries for the Blind designated.
301.3 Schedule of blind-made products.
301.4 Purchase procedure.
301.5 Clearances.
301.6 Agencies for the blind.
301.7 Reports.

AUTHORITY: §§ 301.1 to 301.7 issued under sec. 2, 52 Stat. 1196; 41 U. S. C. 47.

§ 301.1 *Definitions.* As used in this part:

(a) "Blind" means a person having visual acuity not to exceed 20/200 in the better eye with correcting lenses; or visual acuity greater than 20/200 but with a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

(b) "Non-profit-making agency for the blind" (hereinafter referred to as "agency for the blind") means any organization operated in the interest of the blind, the net income of which does not inure in whole or in part to the benefit of any shareholder or individual, as established by affidavit filed with National Industries for the Blind.

(c) "Ordering office" means any Executive department, independent establishment, board, commission, bureau, service, or division of the United States, and any corporation, all the stock of which is beneficially owned by the United States.

§ 301.2 *National Industries for the Blind designated.* National Industries for the Blind (hereinafter referred to as "National Industries") is designated as the agency to facilitate the distribution of orders among the agencies for the blind. National Industries shall maintain a record of all non-profit-making agencies for the blind organized under the laws of the United States or any State, and statistical data showing their respective quantity production of the commodities specified in the schedule of blind-made products available for sale to ordering offices, so that the orders may be equitably allocated among such agencies for the blind.

§ 301.3 *Schedule of blind-made products.* The Committee will issue to ordering offices, through the Federal Supply Service, a schedule of blind-made products (hereinafter referred to as the "schedule") setting forth data concerning blind-made commodities to be purchased. The schedule is presently prepared as a separate publication and is available from the Federal Supply Service. Effective with the January 1952 issue of the General Services Administration's "Store Stock Catalog" the schedule will be included in that catalog as a separate section.

§ 301.4 *Purchase procedure.* Any ordering office requiring a commodity listed in the schedule, when authorized to purchase directly from agencies for the blind, will advise National Industries as to the items required, quantities thereof, and the required delivery dates, and will request an allocation from National Industries. National Industries shall determine whether any agency or agencies for the blind can fill the requirement and will allocate orders equitably among agencies for the blind. Upon receipt of the allocation from National Industries orders will be placed, in accordance with the allocation, with the designated agencies for the blind.

§ 301.5 *Clearances.* (a) The Federal Supply Service may grant to any ordering office a clearance to purchase from commercial sources any item listed in the schedule when the Federal Supply Service determines that a clearance is necessary to meet emergency requirements. Two copies of any such clearance issued, together with a statement as to the emergency involved, will be sent by the Federal Supply Service to National Industries within thirty days after issuance thereof.

(b) Any ordering office may purchase from commercial sources any item listed in the schedule to meet requirements (1) of military necessity which require delivery within two weeks, (2) that are less than a single unit or (3) that are for use outside the continental United States.

(c) Whenever an ordering office has requested an allocation from National Industries and in reply has been furnished with a statement by National Industries listing items that none of the agencies for the blind can furnish within the period specified in the request for an allocation, the ordering office may purchase the items, and quantities thereof, listed in the statement from commercial sources, provided that purchase action to secure such items is instituted within thirty days from the date of the statement by National Industries or within such further period as may be indicated in the statement by National Industries.

§ 301.6 *Agencies for the blind.* (a) The term "agency for the blind" as used in the act of June 25, 1938, shall be defined as meaning an agency employing blind persons to an extent constituting not less than 75 percent of the total personnel engaged in the direct labor of production of manufactured blind-made products. Direct labor of production means all work required for preparation, processing and packing but not including supervision, administration, inspection and shipping.

(b) Each agency for the blind shall keep on file an eye record card containing information that will establish whether a person employed in the production of commodities listed in the schedule is blind as defined in § 301.1 (a). Copies of these cards shall also be filed with National Industries.

(c) As a prerequisite to participation in such Government orders, each agency for the blind shall file with National Industries copies of its certificates of incorporation, constitution and bylaws, or other instruments of similar import showing its authority and permitted activities.

(d) Each agency for the blind participating in such Government orders shall maintain an accounting system and not less often than once each year shall prepare a financial report and operating statement that accurately reflects its operations. Operating statements shall show as a separate item the amount of wages paid to blind employees. Books and records shall be made available for inspection at any time to representatives of National Industries or the Committee.

(e) No allocation of Government orders shall be made by National Industries to any agency for the blind not operating in accordance with this part.

§ 301.7 *Reports.* National Industries shall submit quarterly to the Committee on Purchases of Blind-made Products a report on the operation of the program.

H. FELDMAN,
Major General, U. S. Army,
Committee Chairman.

JUNE 25, 1951.

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

Subchapter A—General Rules and Regulations

[Ex Parte No. MC-5]

PART 7—LIST OF FORMS, PART II, INTERSTATE COMMERCE ACT

Subchapter D—Freight Forwarders

[Ex Parte No. 159]

PART 405—SURETY BONDS AND POLICIES OF INSURANCE

MISCELLANEOUS AMENDMENTS

In the matter of security for the protection of the public as provided in Part II of the Interstate Commerce Act, and of rules and regulations governing filing and approval of surety bonds, policies of insurance, qualifications as a self-insurer, or other securities and agreements by motor carriers and brokers subject to Part II of the act. Ex Parte No. MC-5.

In the matter of security for protection of the public as provided in Part IV of the Interstate Commerce Act, and of rules and regulations governing filing and approval of surety bonds, policies of insurance, qualifications as a self-insurer, or other securities and agreements by freight forwarders subject to Part IV of the act. Ex Parte No. 159.

At a session of the Interstate Commerce Commission, Division 5, held at its office in Washington, D. C., on the 5th day of June A. D. 1951.

It appearing, that by order of April 13, 1951, the Commission, Division 5, increased the amounts of automobile bodily injury liability and property damage liability insurance and surety bonds to be furnished as required by Rule II (49 CFR 174.2) of our rules and regulations prescribed in Motor Carrier Insurance for Protection of the Public, 1 M. C. C. 45, and by Rule 3 (49 CFR 405.3) of our rules and regulations prescribed in Freight Forwarder Insurance for Protection of the Public, 260 I. C. C. 375; and

It further appearing, that such modification of the prescribed amounts of automobile bodily injury liability and property damage liability insurance and surety bonds necessitates the use of new forms and appropriate revocation of Forms BMC 31, 33, 36-B, 37, 38, 39 (§§ 7.31, 7.33, 7.36-B, 7.37, 7.38, 7.39) and Forms FF-31, 33, 36-B, 37, and 38; *It is ordered*, That the orders of August 3, 1936, and October 11, 1944, in so far as they apply to the use of Forms BMC 31, 33, 36-B, 37, 38, 39 (§§ 7.31, 7.33, 7.36-B, 7.37, 7.38, 7.39), FF-31, 33, 36-B, 37, and 38 (§ 405.8 Note), are vacated, thus cancelling such forms as of the effective date of this order: *And it is further ordered*, That:

1. Part 7 is hereby amended by the addition of the following:

§ 7.80 *BMC-80.* Endorsement for motor carrier policies of insurance for automobile bodily injury and property damage liability under section 215 of the Interstate Commerce Act.

§ 7.81 *BMC-81.* Motor carrier automobile bodily injury liability and property damage liability certificate of insurance.

§ 7.82 *BMC-82.* Motor carrier bodily injury liability and property damage liability surety bond under section 215 of the Interstate Commerce Act.

§ 7.83 *BMC-83.* Motor common carrier cargo liability surety bond under section 215 of the Interstate Commerce Act.

§ 7.84 *BMC-84.* Broker's surety bond under section 211 (c) of the Interstate Commerce Act.

§ 7.85 *BMC-85.* Notice reinstating motor carrier surety bond under section 215 of the Interstate Commerce Act.

2. Part 405, § 405.8 is hereby amended by the addition of the following:

§ 405.8 *Forms and procedure.* • • •

NOTE: • • •

FF.40. Endorsement for freight forwarder policies of insurance for automobile bodily injury and property damage liability under section 403 (d) of the Interstate Commerce Act.

FF.41. Freight forwarder automobile bodily injury liability and property damage liability certificate of insurance.

FF.42. Freight forwarder automobile bodily injury liability and property damage liability surety bond under section 403 (d) of the Interstate Commerce Act.

FF.43. Freight forwarder cargo liability surety bond under section 403 (c) of the Interstate Commerce Act.

FF.44. Notice reinstating freight forwarder surety bond under Part IV of the Interstate Commerce Act.

And it is further ordered, That, one copy of each of the foregoing forms with respect to Parts 7 and 405, attached hereto, be made a part hereof,[1] and such forms are hereby approved, adopted and prescribed for appropriate use by motor carriers, brokers and freight forwarders.

And it is further ordered, That, this order shall be effective October 31, 1951, and shall continue in effect until the further order of the Commission.

And it is further ordered, That, from and after October 31, 1951, no policy of insurance (or certificate of insurance in lieu thereof) or surety bond covering automobile bodily injury or property damage liabilities of either a motor carrier or a freight forwarder will be approved, nor will any prior approval continue in effect, unless such policy or surety bond provides the security for the protection of the public in accordance with, and to the full extent stated in, the endorsement and surety bond forms herein prescribed. (BMC 80, 82, 83, 84; § 7.80, 7.82, 7.83, 7.84; FF.40, 42, 43; § 405.8, Note)

Notice of this order shall be given to the general public by depositing a copy thereof in the Office of the Secretary of the Commission, Washington, D. C., and by filing a copy thereof with the Director, Division of Federal Register.

(56 Stat. 285; 49 U. S. C. 1003. Interprets or applies 49 Stat. 557; 49 U. S. C. 315)

By the Commission, Division 5.

[SEAL] W. P. BARTEL,
Secretary.

[F. R. Doc. 51-8015; Filed, July 11, 1951; 8:55 a. m.]

Subchapter A—General Rules and Regulations

PART 7—LIST OF FORMS, PART II, INTERSTATE COMMERCE ACT

§ 7.86 *B. M. C. 86.* Blanket certificate of insurance.

Subchapter B—Carriers by Motor Vehicle

[Ex Parte No. MC-5]

PART 174—SURETY BONDS AND POLICIES OF INSURANCE

FORMS AND PROCEDURE; FILING OF BLANKET CERTIFICATE OF INSURANCE

Security for the protection of the public as provided in Part II of the Interstate Commerce Act, and of rules and regulations governing filing and approval of surety bonds, policies of insurance, qualifications as a self-insurer, or other securities and agreements by motor carriers and brokers subject to Part II of the act.

At a session of the Interstate Commerce Commission, Division 5, held at its office in Washington, D. C., on the 5th day of June A. D. 1951.

It appearing, that the order of the Commission entered on June 5, 1951, in Ex Parte No. MC-5, Motor Carrier Insurance for the Protection of the Public, will make it necessary for insurers to amend or revise each policy of automobile bodily injury liability and property damage liability insurance heretofore certified to the Commission which is in full force and effect on October 31, 1951 so as to meet the Commission's new requirements from and after that date, and in order to relieve the insurer of the necessity of issuing new certificates of insurance and filing them with the Commission in lieu of the corresponding certificates heretofore filed: It is ordered, that:

§ 174.7 *Forms and procedure.* • • •

(b-1) *Filing of blanket certificate of insurance.* Each insurer having certificates of insurance on file with the Commission in behalf of motor carriers under section 215 of the Interstate Commerce Act (49 U. S. C. 315), covering policies of automobile bodily injury liability and property damage liability insurance, may file a blanket certificate of insurance (Form B. M. C. 86, § 7.86[1]) which shall provide insurance protection for the public to the full amount and extent and subject to all of the terms, conditions, rights and privileges provided in Form B. M. C. 80 (§ 7.80), Endorsement for Motor Carrier Policies of Insurance for Automobile Bodily Injury and Property Damage Liability.

(49 Stat. 546, as amended; 49 U. S. C. 304, Interprets or applies 49 Stat. 557; 49 U. S. C. 315)

And it is further ordered, that this order shall be effective June 15, 1951, and shall continue in effect until the further order of the Commission.

Notice hereof shall be given to the general public by depositing a copy in the office of the Secretary of the Commission, Washington, D. C., and by filing with the Director, Division of the Federal Register.

By the Commission, Division 5.

[SEAL] W. P. BARTEL,
Secretary.

Subchapter D—Freight Forwarders

[Ex Parte No. 159]

PART 405—SURETY BONDS AND POLICIES OF INSURANCE

FORMS AND PROCEDURE; FILING OF BLANKET CERTIFICATE OF INSURANCE

Security for the protection of the public as provided in Part IV of the Interstate Commerce Act, and of rules and regulations governing filing and approval of surety bonds, policies of insurance, qualifications as a self-insurer, or other securities and agreements by freight forwarders subject to Part IV of the act.

At a session of the Interstate Commerce Commission, Division 5, held at its office in Washington, D. C., on the 5th day of June A. D. 1951.

It appearing, that the order of the Commission entered on June 5, 1951, in Ex Parte No. 159, Freight Forwarder Insurance for the Protection of the Public, will make it necessary for insurers to amend or revise each policy of automobile bodily injury liability and property damage liability insurance heretofore certified to the Commission which is in full force and effect on October 31, 1951 so as to meet the Commission's new requirements from and after that date, and in order to relieve the insurer of the necessity of issuing new certificates of insurance and filing them with the Commission in lieu of the corresponding certificates heretofore filed; it is ordered, that

§ 405.8 *Forms and procedure.* • • •

(b-1) *Filing of blanket certificate of insurance.* Each insurer having certificates of insurance on file with the Commission in behalf of freight forwarders under section 403 (d) of the Interstate Commerce Act (49 U. S. C. 1003 (d)), covering freight forwarder policies of automobile bodily injury liability and property damage liability insurance, may file a blanket certificate of insurance (Form FF. 45 (§ 405.8, note))[1] which shall provide insurance protection for the public to the full amount and extent and subject to all of the terms, conditions, rights and privileges provided in Form FF. 40 (§ 405.8, note).

• • • • • •

NOTE: • • •

FF.40. Endorsement for Freight Forwarder Policies of Insurance for Automobile Bodily Injury and Property Damage Liability.

And it is further ordered, that this order shall be effective June 15, 1951, and shall continue in effect until the further order of the Commission.

Notice hereof shall be given to the general public by depositing a copy in the office of the Secretary of the Commission, Washington, D. C., and by filing with the Director, Division of the Federal Register.

(Sec. 1, 56 Stat. 285; 49 U. S. C. 1003)

By the Commission, Division 5.

[SEAL] W. P. BARTEL,
Secretary.

[F. R. Doc. 51-8016; Filed, July 11, 1951; 8:56 a. m.]

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Part 52]

FROZEN SPINACH

U. S. STANDARDS FOR GRADES[1]

Notice is hereby given that the United States Department of Agriculture is considering the issuance, as herein proposed, of United States Standards for Grades of Frozen Spinach, pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621, et seq.) and Public Law 70 (82nd Cong., approved July 1, 1951). These standards, if made effective, will be the fifth issue by the Department of grade standards for this product.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed standards should file same, in duplicate, with the Chief, Processed Products Standardization and Inspection Division, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., not later than 30 days after publication hereof in the FEDERAL REGISTER.

The proposed standards are as follows:

§ 52.649 *Frozen spinach.* Frozen spinach is the product prepared from the succulent leaves and stems of fresh spinach (Spinacea oleracea) by sorting, trimming, washing, and blanching such leaves and stems, which is then frozen and maintained at temperatures necessary for the preservation of the product.

(a) *Styles of frozen spinach.* (1) "Whole" or "whole leaf" spinach is the style of frozen spinach that consists substantially of the leaf and adjoining portion of the leaf.

(2) "Cut" or "chopped" is the style of frozen spinach that consists of the leaf and adjoining portion of the leaf which has been cut or chopped into small pieces.

(b) *Grades of frozen spinach.* (1) "U. S. Grade A" or "U. S. Fancy" is the quality of frozen spinach that possesses a good flavor and odor, that possesses a good color, that possesses a good character, that is practically free from defects, and that scores not less than 85 points when scored in accordance with the scoring system outlined in this section.

(2) "U. S. Grade B" or "U. S. Extra Standard" is the quality of frozen spinach that possesses a fairly good flavor and odor, that possesses a reasonably good color, that possesses a reasonably good character, that is reasonably free from defects, and that scores not less than 70 points when scored in accordance with the scoring system outlined in this section.

(3) "Substandard" is the quality of frozen spinach that fails to meet the requirements of U. S. Grade B or U. S. Extra Standard.

(c) *Ascertaining the grade.* (1) The grade of frozen spinach may be ascertained by considering, in conjunction with the requirements of the respective grade, the respective ratings of the factors of color, absence of defects, and character.

(2) The relative importance of each factor which is scored is expressed numerically on the scale of 100. The

[1] Filed as part of the original document.

[2] The requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

maximum number of points that may be given each such factor is:

Factors:	Points
(i) Color	20
(ii) Absence of defects	60
(iii) Character	20
Total score	100

(3) The score for the factors of color and absence of defects is determined immediately after thawing to the extent that the product is substantially free from ice crystals and can be handled as individual units. A representative sample of the product is cooked for examination with respect to character and flavor and odor.

(4) "Good flavor and odor" means that the product, after cooking, has a good characteristic, normal flavor and odor and is free from objectionable flavors and objectionable odors of any kind.

(5) "Reasonably good flavor and odor" means that the product after cooking may be lacking in good flavor and odor, but is free from objectionable flavors and objectionable odors of any kind.

(d) *Ascertaining the rating for the factors which are scored.* The essential variations within each factor which is scored are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor which is scored is inclusive (for example, "17 to 20 points" means 17, 18, 19, or 20 points).

(1) *Color.* (i) Frozen spinach that possesses a good color may be given a score of 17 to 20 points. Good color means that the frozen spinach possesses a practically uniform bright characteristic green color.

(ii) If the frozen spinach possesses a reasonably good color, a score of 14 to 16 points may be given. Frozen spinach that falls into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard regardless of the total score for the product (this is a limiting rule). "Reasonably good color" means that the frozen spinach possesses a reasonably uniform characteristic green color and may be variable in color but not to the extent that the appearance of the frozen product is materially affected.

(iii) Frozen spinach that is definitely off color for any reason, or that fails to meet the requirements of subdivision (ii) of this subparagraph, may be given a score of 0 to 13 points and shall not be graded above Substandard regardless of the total score for the product (this is a limiting rule).

(2) *Absence of defects.* (i) The factor of absence of defects refers to the degree of freedom from grit, sand, or silt, seed heads, grass and weeds, crowns of root stubs, root stubs, and major and minor damage.

(*a*) "Grit, sand, or silt" means any particle of earthy material.

(*b*) "Minor damage" means damage by any yellow, brown, or other discoloration which covers an aggregate area of less than 1 square inch on one surface of any leaf, portion of a leaf, stem, or portion of a stem (except minute insignificant injuries which shall not be considered as minor damage), or damage affecting any leaf, portion of a leaf, stem, or portion of a stem, to the extent that the appearance or eating quality of the unit is materially affected regardless of the area.

(*c*) "Major damage" means damage by any yellow, brown, or other discoloration which covers an aggregate area of 1 square inch or more on one surface of any leaf, portion of a leaf, stem, or portion of a stem, or any insect injury or other damage affecting any leaf, portion of a leaf, stem, or portion of a stem to the extent that the appearance or eating quality of the unit is seriously affected regardless of area.

(ii) Frozen spinach that is practically free from defects may be given a score of 51 to 60 points. "Practically free from defects" has the following meanings with respect to the following styles of frozen spinach:

(*a*) *Whole or whole leaf.* No grit, sand, or silt may be present that affects the appearance or eating quality of the frozen spinach, and for each 48 ounces of the product there may be present not more than one root stub, and for each 16 ounces of the product there may be present:

Not more than 2 tender crowns of roots with leaf clusters attached;

Major and minor damage affecting not more than 8 leaves and stems or portions of leaves and stems, including major damage affecting not more than 4 leaves and stems or portions of leaves or stems;

Not more than 2 seed heads; and

Grass and weeds aggregating not more than 10 inches in length of which not more than 3 inches may be grass and weeds which detract materially from the appearance of the product.

(*b*) *Cut or chopped.* No grit, sand, or silt may be present that affects the appearance or eating quality of the frozen spinach; no seed heads, grass, weeds, crowns of root stubs, and root stubs, or pieces thereof, may be present that materially affect the appearance or eating quality of the product, and for each 16 ounces of the product there may be present not more than 20 pieces of leaves and stems affected by major damage, *Provided,* That the presence of pieces affected by major damage and minor damage does not materially affect the appearance or eating quality of the product.

(iii) If the frozen spinach is reasonably free from defects a score of 42 to 50 points may be given. Frozen spinach that falls into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule) "Reasonably free from defects" has the following meanings with respect to the following styles of frozen spinach:

(*a*) *Whole or whole leaf.* A trace of grit, sand, or silt may be present that does not materially affect the appearance or eating quality of the frozen spinach; for each 48 ounces of the product there may be present not more than 3 root stubs and for each 16 ounces of the product there may be present:

Not more than 4 tender crowns of roots with leaf clusters attached;

Major and minor damage affecting not more than 16 leaves and stems, including major damage affecting not more than 8 leaves and stems or portions of leaves and stems;

Not more than 4 seed heads; and

Grass and weeds aggregating not more than 15 inches in length of which not more than 6 inches may be grass and weeds which detract materially from the appearance of the product.

(*b*) *Cut or chopped.* A trace of grit, sand, or silt may be present that does not materially affect the appearance or eating quality of the frozen spinach; no seed heads, grass, weeds, crowns of root stubs, and root stubs, or pieces thereof, may be present that seriously affect the appearance or eating quality of the product, and for each 16 ounces of product there may be present not more than 40 pieces of leaves and stems affected by major damage, *Provided,* That the presence of pieces affected by major damage and minor damage does not seriously affect the appearance or eating quality of the product.

(iv) Frozen spinach that fails to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 41 points and shall not be graded above substandard regardless of the total score for the product (this is a limiting rule).

(3) *Character.* (i) The factor of character refers to the condition and structural characteristics of the spinach leaves and stems or portions of leaves and stems. The degree of freedom from coarse or tough leaves and stems or coarse or tough portions of leaves and stems, the tenderness of the spinach, and the degree to which the appearance of whole style may be affected by shredding, raggedness, or disintegration of the leaves and stems are considered under this factor.

(ii) Frozen spinach that possesses a good character may be scored 17 to 20 points. "Good character" means that the spinach is tender and practically free from coarse or tough leaves and stems or coarse or tough portions of leaves and stems and that the appearance in the whole product is not materially affected by shredded, ragged, or distintegrated leaves and stems or portions of leaves and stems.

(iii) If the frozen spinach possesses a reasonably good character a score of 14 to 16 points may be given. Frozen spinach that falls into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard regardless of the total score for the product (this is a limiting rule). "Reasonably good character" means that the spinach may possess a few coarse or tough leaves and stems or coarse or tough portions of leaves and stems, and that the appearance in whole style may be materially but not seriously affected by shredded, ragged, or disintegrated leaves and stems or portions of leaves and stems.

(iv) Frozen spinach that fails to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 13 points and shall not be graded above Substandard regardless of the total score for the product (this is a limiting rule).

(c) *Tolerance for certification of officially drawn samples.* (1) When certifying samples that have been officially drawn and which represent a specific lot of frozen spinach, the grade for such lot will be determined by averaging the total score of all containers, if:

(i) Not more than one-sixth of the containers comprising the sample fails to meet all the requirements of the grade indicated by the average of such total scores, and with respect to such containers which fail to meet the requirements of the indicated grade by reason of a limiting rule, the average score of all containers in the sample for the factor, subject to such limiting rule, must be within the range for the grade indicated;

(ii) None of the containers comprising the sample fall more than 4 points below the minimum score for the grade indicated by the average of the total scores; and

(iii) All containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification.

(f) *Score sheet for frozen spinach.*

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 11]

[Docket No. 8960]

LOW POWER INDUSTRIAL RADIO SERVICE

NOTICE OF PROPOSED RULE MAKING

In the matter of amendment of §§ 11.553 and 11.554 of Subpart L of Part 11, rules governing the Low Power Industrial Radio Service.

1. Notice is hereby given of proposed rule making in the above entitled matter.

2. It is proposed to amend Subpart L of Part 11, rules governing the Low Power Industrial Radio Service, to provide for the assignment of certain frequencies in the microwave region of the spectrum to stations operating in this service and to relax the present limitation on maximum permissible separation between a transmitter in this Service and radiating portion of its associated antenna.

3. The provisions for the assignment of microwave frequencies will permit operation in the Low Power Industrial Service of certain industrial direction and range devices, such as speed meters for which the Truck Insurance Exchange of Los Angeles, California has petitioned. The relaxation of the present limitation on maximum permissible separation between transmitter and antenna will permit a more practical installation of equipment particularly on materials handling vehicle in manufacturing plants.

4. The proposed amendments are set forth below.

5. Authority for the issuance of the amendments is vested in the Commission by virtue of sections 4 (i) and 303 (c), (e), (f), (g), and (r) of the Communications Act of 1934, as amended.

6. Any interested person who is of the opinion that the proposed amendment should not be adopted, or should not be adopted in the form set forth, may file with the Commission, on or before August 6, 1951, a written statement or brief setting forth his comments. At the same time, persons favoring the amendment as proposed may file statements in support thereof. Comments or briefs in reply to the original statements may be filed on or before August 20, 1951. The Commission will consider all such comments that are received before taking final action in the matter.

7. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs or comments filed shall be furnished the Commission.

Adopted: July 5, 1951.

Released: July 5, 1951.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

It is proposed to amend Subpart L of Part 11, rules governing Industrial Radio Services as follows:

1. Add a new paragraph (c) to § 11.553 to read as follows:

(c) Frequencies in the bands listed below are available for assignment to stations in the Low Power Industrial Service on a shared basis with other services, under the terms of a developmental grant only; the exact frequency and the authorized bandwidth will be specified in the authorization:

Mc	*Mc*
2450–2500 [4]	6425–6575
3500–3700	11700–12200

[4] Use of frequencies in the band 2450–2500 Mc is subject to no protection from interference which may be caused by industrial, scientific and medical devices operating on 2450 Mc.

2. Change § 11.554 (a) to (d) to read as follows:

(a) Emission shall be confined to voice radiotelephony, except that a station operating on frequencies above 2450 Mc may (upon request) be authorized other types of emission.

(b) Plate power input to the final radio frequency stage of each transmitter shall not exceed three watts, except that a station operating on frequencies above 2450 Mc may be authorized a maximum of 10 watts plate power input to the final radio frequency stage.

(c) Except for stations aboard aircraft, the maximum distance between the transmitter and the radiating portion of the antenna shall not exceed 25 feet.

(d) The use of an antenna having a power gain greater than unity is prohibited, except for stations operating on frequencies above 2450 Mc.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Misc. 55168]

ARIZONA

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

JULY 6, 1951.

In an exchange of lands made under the provisions of section 8 of the act of June 28, 1934 (48 Stat. 1269), as amended June 26, 1936 (49 Stat. 1976, 43 U. S. C. sec. 315g), the following described lands have been reconveyed to the United States:

GILA AND SALT RIVER MERIDIAN

T. 10 S., R. 11 E.,
Sec. 9, S½, S½N½, N½NW¼.
T. 14 S., R. 12 E.,
Sec. 24, W½NW¼.
T. 21 N., R. 17 W.,
Sec. 5.
T. 22 N., R. 17 W.,
Sec. 21, S½, NE¼, SW¼NW¼;
Sec. 29, N½.

The areas described aggregate 2,132.72 acres.

The lands are primarily suitable for grazing.

No applications for these lands may be allowed under the homestead, small tract, desert-land, or any other nonmineral public-land laws, unless the lands have already been classified as valuable or

suitable for such type of application, or shall be so classified upon consideration of an application.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, and selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this order shall be subject only to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this order shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this order, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this order, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land and Survey Office at Phoenix, Arizona, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land and Survey Office, Phoenix, Arizona.

WILLIAM ZIMMERMAN, JR.,
Associate Director.

DEPARTMENT OF COMMERCE

Federal Maritime Board

MEMBER LINES OF NEW YORK COMMITTEE OF INWARD FAR EAST LINES ET AL.

NOTICE OF AGREEMENTS FILED FOR APPROVAL

Notice is hereby given that the following described agreements have been filed with the Board for approval pursuant to section 15 of the Shipping Act, 1916, as amended.

Agreement No. 5500-4, between the member lines of the New York Committee of Inward Far East Lines, amends the basic agreement of said Committee (No. 5500) by substituting therein the present-day designation "Indonesia" for the obsolete designation "Netherlands Indies," and by providing for a new section under such Committee to be known as the "Siam Section." Agreement No. 5500 deals with local matters arising in connection with discharge and delivery of cargo from Japan, China, Manchuria, Philippine Islands, Malayan Union and Colony of Singapore, Netherlands Indies, Ceylon, Siam, and French Indo-China to U. S. Atlantic and U. S. Gulf of Mexico ports.

Agreement No. 6015-2, between American President Lines, Ltd., Bank Line, Ltd., Isthmian Steamship Company, Lancashire Shipping Company, Ltd., et al., amends agreement 6015, as amended, by extending the territorial scope thereof to include Siam and by substituting in the preamble thereof the present-day designations "Malayan Union and Colony of Singapore" and "Indonesia" for the obsolete designations "Straits Settlements, Federated Malay States" and "Netherlands Indies." Agreement No. 6015 covers free time allowed on import cargo loaded in the Straits Settlements, Federated Malay States, Netherlands Indies, Philippine Islands, Japan, the East Coast of Asia north of Singapore, and Ceylon, and discharged in New York Harbor.

Agreement No. 7825, between Hamburg-Amerika Linie and Norddeutscher Lloyd, provides for equal distribution between the parties of the total gross freight revenues derived from their services in the trade between United States ports and ports of Canada, Eire, United Kingdom of Great Britain and the continent of Europe, after deduction of all expenses directly connected with such services.

Agreement No. 7826, between Compagnie Generale Transatlantique and Bull Insular Line, Inc., covers transportation of general cargo under through bills of lading in the trade from the French North Atlantic Range, Bordeaux to Dunkirk, to Puerto Rico, with transshipment at New York, Baltimore or Philadelphia.

Agreement No. 7827, between Den Norske Amerikalinje A/S (The Norwegian America Line) and Bull Insular Line, Inc., covers transportation of general cargo under through bills of lading from Norway and Denmark to Puerto Rico, with transshipment at New York, Baltimore or Philadelphia.

Interested parties may inspect these agreements and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to any of the agreements and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: July 6, 1951.

By order of the Federal Maritime Board.

[SEAL] A. J. WILLIAMS,
Secretary.

[F. R. Doc. 51-7998; Filed, July 11, 1951; 8:50 a. m.]

DEPARTMENT OF LABOR

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1068, as amended; 29 U. S. C. and Sup. 214), and Part 522 issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners, and learning period for certificates issued under the general learner regulations (§§ 522.1 to 522.14), are as indicated below; conditions provided in certificates issued under special industry regulations are as established in these regulations.

Single Pants, Shirts and Allied Garments, Women's Apparel, Sportswear, Rainwear and Other Odd Outerwear, Robes and Leather and Sheep-Lined Garments Divisions of the Apparel Industry Learner Regulations (29 CFR 522.160 to 522.166, as amended September 25, 1950; 15 F. R. 5701; 6326).

Barbizon of Utah, 150 West Twelfth North, Provo, Utah, effective 7–5–51 to 1–4–52; 50 learners for expansion purposes only (Ladies' Lingerie).

Bobanok Corporation, 111 Garrison, Fort Smith, Ark., effective 6–28–51 to 12–27–51; 18 learners for expansion purposes only (shirts, Army; cotton khaki shirts, commercial; western baby panties).

Colonial Shirt Corporation, Woodbury, Tenn., effective 6–29–51 to 12–10–51; 15 learners for expansion purposes only. Supplemental expansion certificate (men's cotton dress and sport shirts).

Rocky Mount Division, N. & W. Industries, Inc., Rocky Mount, Va., effective 7–15–51 to 1–14–52; 35 learners for expansion purposes only (men's, women's, boys' dungarees).

Scranton Frocks, Inc., 515 Mulberry Street, Scranton, Pa., effective 7–2–51 to 7–1–52; for normal labor turnover, not to exceed 10 percent of the productive factory workers, or ten learners, whichever is greater (women's dresses).

Square Apparel Co., 421 North Pennsylvania Avenue, Wilkes-Barre, Pa., effective 7–5–51 to 7–4–52; for normal labor turnover purposes, 10 percent of the productive factory workers (women's blouses and dresses).

Hosiery Industry Learner Regulations (29 CFR 522.40 to 522.51, as revised January 25, 1950; 15 F. R. 283).

Bear Brand Hosiery Co., Siloam Springs, Ark., effective 7–2–51 to 3–1–52; 45 additional learners for expansion purposes. Supplemental certificate.

Bear Brand Hosiery Co., Fayetteville, Ark., effective 7–2–51 to 3–1–52; 45 additional learners for expansion purposes. Supplemental certificate.

The Bella Co., Mount Pleasant, Tenn., effective 6–29–51 to 2–28–52; 30 learners for expansion purposes.

Beloit Hosiery Co., South Beloit, Ill., effective 6–29–51 to 2–28–52; 10 additional learners for expansion purposes. Supplemental certificate.

Diamond Full-Fashioned Hosiery Co., Inc., 1001 Southern Avenue, High Point, N. C., effective 6–26–51 to 6–25–52; 5 percent of the productive factory force.

Fayetteville Knitting Mills, Inc., Fayetteville, N. C., effective 6–27–51 to 6–26–52; five learners.

Siler City Hosiery Mills, Inc., Siler City, N. C., effective 6–29–51 to 2–28–52; 35 learners for expansion purposes.

Glove Industry Learner Regulations (29 CFR 522.220 to 522.231, as amended October 26, 1950, 15 F. R. 6388).

Craftmore Glove Co., Lynchburg, Tenn., effective 6–25–51 to 5–24–52; four learners. Supplemental certificate.

Good Luck Glove Co., Metropolis, Ill., effective 7–2–51 to 1–1–52; 60 additional learners for expansion purposes. Supplemental certificate.

International Shoe Co., El Dorado Springs, Mo., effective 6–28–51 to 12–28–51; 15 learners.

Knitted Wear Industry Learner Regulation (29 CFR 522.69 to 522.79, as amended January 25, 1950; 15 F. R. 398).

Gold Mills, Inc., 157 North Tulpehocken Street, Pine Grove, Pa., effective 6–27–51 to 12–26–51; 10 learners for expansion purposes.

Regulations Applicable to the Employment of Learners (29 CFR 522.1 to 522.14).

Arkansas Blank & Button Co., Brinkley, Ark., effective 6–30–51 to 12–29–51; 15 learners for expansion purposes, blank button cutters, 480 hours; 65 cents for first 320 hours and 70 cents an hour for remaining 160 hours (button blanks).

Harvard Clothes, Inc., Twelfth Avenue, Wisconsin Rapids, Wis., effective 6–27–51 to 6–26–52; 7 percent of the total number of productive factory workers, machine operators (except cutting), pressers, handsewers, 480 hours; 60 cents per hour for first 240 hours and 65 cents per hour for remaining 240 hours (men's and boys' clothing).

National Coil Co., Sheridan, Wyo., effective 6–27–51 to 12–26–51; 25 learners for expansion purposes, coil winders, assemblers, solderers, wirers and testers; 150 hours at 60 cents (electronic coils and small subassemblies for radios).

Rossman Manufacturing Co., Brinkley, Ark., effective 7–2–51 to 7–1–52; four learners, sewing machine operators, 240 hours at 65 cents (Caps).

Versailles Manufacturing Co., Inc., P. O. Box 178, Lexington, Ky., effective 6–27–51 to 12–26–51; 50 learners for expansion purposes, machine operator, handsewer, presser, each 480 hours; 60 cents per hour for first 240 hours and 65 cents per hour for remaining 240 hours (men's and boys' clothing).

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be cancelled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 3d day of July 1951.

MILTON BROOKE,
Authorized Representative of the Administrator.

Wage and Hour and Public Contracts Divisions

EMPLOYMENT OF HANDICAPPED CLIENTS BY SHELTERED WORKSHOPS

NOTICE OF ISSUANCE OF SPECIAL CERTIFICATES

Notice is hereby given that special certificates authorizing the employment of handicapped clients at hourly wage rates lower than the minimum wage rates applicable under section 6 of the Fair Labor Standards Act of 1938, as amended, and section 1 (b) of the Walsh-Healey Public Contracts Act, as amended, have been issued to the sheltered workshops hereinafter mentioned, under section 14 of the Fair Labor Standards Act of 1938, as amended (sec. 14, 52 Stat. 1068; 29 U. S. C. 214; as amended 63 Stat. 910) and Part 525 of the regulations issued thereunder, as amended (29 CFR Part 525), and under sections 4 and 6 of the Walsh-Healey Public Contracts Act (secs. 4, 6, 49 Stat. 2038; 41 U. S. C. 38, 40) and Article 1102 of the regulations issued pursuant thereto (41 CFR, 201.1102).

The names and addresses of the sheltered workshops to which certificates were issued, wage rates, and the effective and expiration dates of the certificates are as follows:

Bridgeport Rehabilitation Center, 326 Hollister Avenue, Bridgeport 7, Conn.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 15 cents per hour, whichever is higher, and a rate of not less than 10 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective June 1, 1951, and expires May 31, 1952.

Brooklyn Bureau of Social Service and Children's Aid Society: Adjustment Training Division, 285 Schermerhorn Street, Brooklyn 17, N. Y.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 10 cents per hour, whichever is higher, and a rate of not less than 5 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective May 22, 1951, and expires April 30, 1952.

Brooklyn Bureau of Social Service and Children's Aid Society, 285 Schermerhorn Street, Brooklyn 17, N. Y.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 20 cents per hour, whichever is higher, and a rate of not less than 10 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective May 22, 1951, and expires April 30, 1952.

The Cleveland Society for the Blind, 2275 East Fifty-fifth Street, Cleveland, Ohio; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 20 cents per hour, whichever is higher, and a rate of not less than 10 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective June 15, 1951, and expires May 31, 1952.

Christ Mission Goodwill Industries, 330 East Boardman Street, Youngstown, Ohio; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 25 cents per hour, whichever is higher, and a rate of not less than 15 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective July 1, 1951, and expires June 30, 1952.

Detroit League for the Handicapped, 535 West Jefferson, Detroit 26, Mich.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining

approved labor standards, or not less than 10 cents per hour, whichever is higher, and a rate of not less than 5 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective June 15, 1951, and expires May 31, 1952.

The Volunteers of America, 320 North Illinois Street, Indianapolis 4, Ind.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 35 cents per hour, whichever is higher, and a rate of not less than 30 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective July 1, 1951, and expires June 30, 1952.

Iowa Society for Crippled Children and Adults, Inc., 2917 Grand Avenue, Des Moines, Iowa; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 25 cents per hour, whichever is higher, and a rate of not less than 10 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective June 1, 1951, and expires May 31, 1952.

Kansas Industries for the Blind, 745 Central, Kansas City, Kans.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 50 cents per hour, whichever is higher, and a rate of not less than 25 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective June 12, 1951, and expires May 31, 1952.

Kansas Industries for the Blind, Sixth and MacVicar, Topeka, Kans.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 50 cents per hour, whichever is higher, and a rate of not less than 25 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective June 12, 1951, and expires May 31, 1952.

Colorado Industries for the Blind, 100 West Seventh Street, Denver, Colo.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 65 cents per hour, whichever is higher, and a rate of not less than 50 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective June 27, 1951, and expires May 31, 1952.

Travis Association for the Blind, 2101 Fredericksburg Road, Austin, Tex.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 35 cents per hour, whichever is higher, and a rate of not less than 30 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective June 1, 1951, and expires May 31, 1952.

Goodwill Industries of Arizona, 910 East Sherman Street, Phoenix, Ariz.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 60 cents per hour, whichever is higher, and a rate of not less than 50 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective June 21, 1951, and expires June 20, 1952.

Norfolk Goodwill Industries, Inc., Norfolk, Va.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 55 cents per hour, whichever is higher, and a rate of not less than 50 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective May 9, 1951, and expires April 30, 1952.

Volunteers of America 121–125 East Water Street, Sandusky, Ohio; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 20 cents per hour, whichever is higher, and a rate of not less than 10 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective June 25, 1951, and expires May 31, 1952.

Goodwill Industries of the Zanesville Welfare Organization, 108 Main Street, Zanesville, Ohio; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 35 cents per hour, whichever is higher, and a rate of not less than 10 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective July 1, 1951, and expires June 30, 1952.

The Lott Day School, Inc., 255 Heffner at Kelsey, Toledo 5, Ohio; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 5 cents per hour, whichever is higher, and a rate of not less than 2 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective July 1, 1951, and expires October 30, 1951.

Veterans of Foreign Wars of the U. S., Soldiers' Home, St. James, Mo.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 19 cents per hour, whichever is higher, and a rate of not less than 5 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective July 1, 1951, and expires June 30, 1952.

Workshop for the Blind, 1307 Leech, Sioux City, Iowa; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 35 cents per hour, whichever is higher, and a rate of not less than 15 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective August 1, 1951, and expires July 31, 1952.

New Hampshire Society for Crippled Children and Handicapped Persons, 82 Elm Street, Manchester, N. H.; at a wage rate of not less than the piece rate paid nonhandicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 13 cents per hour, whichever is higher, and a rate of not less than 5 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective June 12, 1951, and expires May 31, 1952.

Guilford Industries for the Blind, Greensboro, N. C.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 50 cents per hour, whichever is higher, and a rate of not less than 40 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective July 1, 1951, and expires June 30, 1952.

Charlotte Workshop for the Blind, Charlotte, N. C.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 50 cents per hour, whichever is higher, and a rate of not less than 40 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective July 1, 1951, and expires June 30, 1952.

Lion's Club Workshop for the Blind, Durham, N. C.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 50 cents per hour, whichever is higher, and a rate of not less than 40 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective July 1, 1951, and expires June 30, 1952.

The employment of handicapped clients in the above-mentioned sheltered workshops under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 525 of the regulations, as amended. These certificates have been issued on the applicants' representations that they are sheltered workshops as defined in the regulations and that special services are provided their handicapped clients. A sheltered workshop is defined as, "A charitable organization or institution conducted not for profit, but for the purpose of carrying out a recognized program of rehabilitation for individuals whose earning capacity is impaired by age or physical or mental deficiency or injury, and to provide such individuals with remunerative employment or other occupational rehabilitating activity of an educational or therapeutic nature."

These certificates may be cancelled in the manner provided by the regulations, as amended. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER.

Signed at Washington, D. C., this 29th day of June 1951.

JACOB I. BELLOW,
Assistant Chief of Field Operations.

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 8415, 8870]

KANSAS CITY BROADCASTING CO., INC., AND REORGANIZED CHURCH OF JESUS CHRIST OF LATTER DAY SAINTS

ORDER SPECIFYING ADDITIONAL ISSUES

In re applications of Kansas City Broadcasting Company, Inc., Kansas City, Missouri, Docket No. 8415, File No. BP–5829; The Reorganized Church of Jesus Christ of Latter Day Saints, Independence, Missouri, Docket No. 8870, File No. BP–6630; for construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 27th day of June 1951;

The Commission having under consideration the record of this proceeding, including all pleadings filed therein, its action on all interlocutory matters, the Initial Decision released December 29, 1950, and its designation of this decision and the exceptions filed thereto for oral argument to be held on July 16, 1951; and

It appearing, that on July 18, 1950, the Kansas City Broadcasting Company filed a petition for leave to amend its application and to reopen the record of this proceeding for the purpose of substituting newcomer stockholders in two of its three officer-director positions, and for the further purpose of substituting certain newcomer minority stock subscribers, which petition, among others, was denied by the Examiner's memorandum opinion and order of August 15, 1950, such action, upon review, being affirmed by the Commission; and

It further appearing, that by a petition, dated January 23, 1951, five minority stock subscribers of the Kansas City Broadcasting Company requested the Commission to withdraw their names from this application; and

It further appearing that the effect of these reported changes upon the status of the Kansas City application has not been raised either in the Initial Decision or in the exceptions which have been filed by the parties; and that such a discussion would be helpful to the Commission in its consideration of this proceeding;

Accordingly, and in view of the foregoing, *It is ordered*, That at the oral argument of this proceeding scheduled for July 16, 1951, the participants are requested to address their respective arguments, in part, to the issues specified below:

(a) Whether, in the light of the provisions of sections 308 (a) and (b), 309 (a) and 310 of the Communications Act, the reported changes and the Commission's denial of the applicant's petition for leave to amend, affect the status of the application of the Kansas City Broadcasting Company; and

(b) Whether, in the light of the foregoing facts, the application of Kansas City Broadcasting Company has become defective and must of necessity be denied upon these grounds.

Released: June 28, 1951.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 51–8001; Filed, July 11, 1951; 8:52 a. m.]

[Docket No. 9946]

GEORGIA-ALABAMA BROADCASTING CORP. (WGBA)

ORDER CONTINUING HEARING

In re application of Georgia-Alabama Broadcasting Corporation (WGBA), Columbus, Georgia, Docket No. 9946, File No. BP–7674; for construction permit.

The Commission having under consideration a motion filed on June 27, 1951, by the Georgia-Alabama Broadcasting Corporation (WGBA), Columbus, Georgia, requesting that the hearing on its above-entitled application, which is now scheduled to be held on July 12, 1951, at Columbus, Georgia, be continued until September 17, 1951, at Columbus, Georgia; and

It appearing that all of the parties to the proceeding have consented to a waiver of § 1.745 of the Commission's rules relating to the timely filing of motions and to a grant of the petition under consideration;

It is ordered, This 2d day of July 1951, that the above petition be, and it is hereby, granted, and that the hearing on the above-entitled application is hereby continued until 10:00 a. m. Monday, September 17, 1951, at Columbus, Georgia.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[Docket No. 9918]

BIG STATE BROADCASTING CORP. (KTXC)

ORDER CONTINUING HEARING

In re: application of Big State Broadcasting Corp. (KTXC), Big Spring, Texas, Docket No. 9918, File No. BR–2332; for renewal of license.

The Commission having under consideration a petition filed June 21, 1951, by Big State Broadcasting Corporation (KTXC), Big Spring, Texas, requesting a continuance of the hearing presently scheduled for July 16, 1951, at Big Spring, Texas, to an indefinite date, or to such other time as the Commission may deem appropriate, in the proceeding upon its above-entitled application for renewal of license; and

It appearing, that no opposition to the granting of the instant petition has been filed with the Commission;

It is ordered, This 2d day of July 1951, that the petition is granted; and that the hearing in the above-entitled proceeding is continued to a date to be announced.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 51–8003; Filed, July 11, 1951; 8:52 a. m.]

[Docket Nos. 9968, 9969, 9970]

BANKS INDEPENDENT BROADCASTING CO. (WINX)

ORDER CONTINUING HEARING

In re applications of Banks Independent Broadcasting Company (WINX), Washington, D. C., Docket No. 9968, File No. BR–1104; for renewal of licenses of synchronous amplifiers located at 8th and I Streets NW., Washington, D. C., and Rock Creek Park, near East-West Highway, Montgomery County, Maryland, and Developmental Broadcast Station KG2XCK, Docket No. 9969, File No. BREX–59; and for construction permit to change main transmitter location of WINX from Garden City, Arlington, Virginia, to 8th and Eye Street NW., and establish synchronous amplifier in Rock Creek Park and abandon present synchronous amplifiers and Developmental Broadcast Station KG2XCK as presently operated, Docket No. 9970 File No. BP–7772.

The Commission having under consideration (1) a motion filed May 31, 1951, by Banks Independent Broadcasting Company (WINX), Washington, D. C., requesting an extension of time in which to file a motion to enlarge the issues under § 1.389 of the rules in the above-entitled proceeding, and (2) a motion filed June 27, 1951, by Banks Independent Broadcasting Company (WINX) requesting an indefinite continuance of the hearing presently scheduled for July 17, 1951, at Washington, D. C., in the above-entitled proceeding; and

It appearing, that on May 11, 1951, the above named applicant filed a petition for reconsideration and grant in part without hearing; that the Commission has not yet acted upon said petition, but that a grant or denial of the relief requested in said petition may affect substantially the issues in the instant proceeding; and that until action on said petition is taken the applicant is unable to determine the steps to be taken for

filing a motion to enlarge or change the issues; and

It further appearing, that good cause has been shown for the relief requested in the aforesaid motions; and that no oppositions thereto have been filed;

It is ordered, This 2d day of July 1951, that the motions are granted; that (1) the time in which to file a motion to enlarge or change the issues under § 1.389 of the rules is extended until 15 days after the Commission acts upon the aforesaid petition for reconsideration and grant in part without hearing; and that (2) the hearing in the above-entitled proceeding is continued indefinitely.

FEDERAL COMMUNICATIONS COMMISSION,

[Docket No. 9925]

JOSEPH F. BIDDLE PUBLISHING CO. (WHUN)

ORDER CONTINUING HEARING

In re application of The Joseph F. Biddle Publishing Co. (WHUN), Huntingdon, Pennsylvania, Docket No. 9925, File No. BP-7788; for construction permit.

The Commission having under consideration a petition filed June 29, 1951, by the above-entitled applicant requesting a continuance of the hearing now scheduled to begin on July 10, 1951; and

It appearing, that the hearing is now scheduled to begin on July 10, 1951, that the petitioners' engineers have been assembling data to meet the issues specified in the Commission's order designating the application for hearing, that the petitioner's attorneys and engineers have been and are engaged in the television allocation hearing now in progress before the Commission; and

It appearing, that no person will be adversely affected by the granting of the petition herein, Commission Counsel having consented to immediate consideration thereof, and it being in the interest of orderly administration that action be taken on the petition at this time;

It is ordered, This the 3d day of July 1951, that the petition to continue the above-entitled hearing be and it is hereby granted and the hearing is continued from July 10, 1951, to September 10, 1951, beginning at 10:00 a. m. in the offices of the Commission at Washington, D. C.

FEDERAL POWER COMMISSION

[Docket No. G-1706]

EL PASO NATURAL GAS CO.

NOTICE OF APPLICATION

JULY 6, 1951.

Take notice that on June 11, 1951, El Paso Natural Gas Company (Applicant), a Delaware corporation, of El Paso, Texas, filed an application for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, authorizing the construction, and operation in case of emergency, of approximately 1279 feet of 20-inch pipeline and 400 feet of 16-inch line as Applicant's portion of a bypass of that segment of the Texas-Los Angeles transmission pipeline which crosses the Colorado river on a suspension bridge near Blythe, California, Applicant's portion of the bypass will connect, at the center of the river, to that portion of the bypass to be constructed by Southern California Gas Company and Southern Counties Gas Company of California. Applicant proposes to use these facilities to maintain uninterrupted gas service in case the existing connection should be destroyed.

The total cost of these facilities is estimated to be $43,725 of which Applicant will pay one half, which amount will be paid from general funds of Applicant.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 25th day of July 1951. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-7984; Filed, July 11, 1951; 8:48 a. m.]

[Docket No. G-1709]

PACIFIC GAS AND ELECTRIC CO.

NOTICE OF APPLICATION

JULY 6, 1951.

Take notice that on June 11, 1951, Pacific Gas and Electric Company (Applicant), a California corporation of San Francisco, California filed an application for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act authorizing the operation of approximately 31 miles of 12¾-inch O. D. pipeline extending from the Hollister compressor station on Applicant's Topock-Milpitas pipeline to a connection at a point south of Salinas, California, with Applicant's proposed Castroville-Salinas pipeline, and the construction and operation of approximately 44 miles of 8⅝-inch O. D. pipeline extending from a point of connection with the foregoing facilities, south of Salinas, California, to King City, California.

The connection of the presently operating Hollister-Salinas pipeline with Applicant's Topock-Milpitas pipeline will enable Applicant to transport out-of-state natural gas through the Hollister-Salinas line. Applicant intends, through the proposed new facilities, to sell and deliver natural gas to consumers in the communities of Chualar, Gonzales, Soledad, Greenfield, and King City, California.

Through the proposed facilities, Applicant expects to deliver in the third year of operation about 500,000 Mcf. of natural gas per year. The cost of the facilities to be constructed is estimated to be $678,600 and will be paid from current funds of Applicant.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 25th day of July 1951. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-7983; Filed, July 11, 1951; 8:47 a. m.]

[Docket No. G-1726]

OHIO FUEL GAS CO.

NOTICE OF APPLICATION

JULY 6, 1951.

Take notice that the Ohio Fuel Gas Company (Applicant), an Ohio corporation, of 99 North Front Street, Columbus, Ohio, filed on June 25, 1951, an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of approximately 6,000 feet of 10¾ inch O. D. pipeline extending from Applicant's existing Line B-100 and its Line B-100 loopline (applied for in Docket No. G-1594) to Applicant's existing Line B-25 at Lancaster, Ohio, and 4,500 feet of 6⅝ inch O. D. pipeline extending from Applicant's existing Line "T" to its existing Line B-91 at Lancaster, Ohio, all in Fairfield County, Ohio. Applicant also seeks authority to abandon and retire approximately 7.2 miles of 12-inch pipeline constituting a portion of its Line B-25, extending from Applicant's Crawford compressor station to Lancaster, Ohio, and approximately 2,400 feet of 6⅝ inch O. D. pipeline known as Line B-91, serving industrial customers in Lancaster.

The application states that the proposed construction of new facilities and abandonment of existing facilities will provide much more dependable service because of the excessive age of certain of Applicant's facilities. It is also stated that operating costs will be substantially reduced by elimination of facilities which can no longer be economically maintained and by reduction of the amount of pipe in service. No new markets are proposed to be served by the proposed construction.

The estimated total over-all capital cost of the construction is $51,000, which will be financed from funds on hand.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 27th day of July 1951. The application is on file with the Federal Power Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[Project No. 2083]

PUBLIC UTILITY DISTRICT NO. 1 OF LEWIS COUNTY, WASHINGTON

NOTICE OF APPLICATION FOR PRELIMINARY PERMIT (MAJOR)

JULY 6, 1951.

Public notice is hereby given that Public Utility District No. 1 of Lewis County, Washington, Chehalis, Washington, has made application for a Preliminary Permit pursuant to the provisions of the Federal Power Act (16 U. S. C. 791-825r) for a hydroelectric development designated as the Packwood Project within the Gifford Pinchot National Forest in Lewis County, Washington. The proposed hydroelectric development would consist of:

(1) A dam on Johnson Creek; a flume with diversion thereto from Glacier Creek, a forebay, and penstocks; and a powerhouse with ultimate installed capacity of 45,000 horsepower near the confluence of Johnson Creek and Cowlitz River; (2) a dam on Lake Creek at the outlet of Packwood Lake raising the lake to provide 41,000 acre-feet of usable storage; a tunnel pipeline, surge tank, and penstocks; and a powerhouse, with ultimate installed capacity of 30,000 horsepower on Snyder Lake; (3) a dam on Snyder Creek at Snyder Lake and a canal from Snyder Lake to Johnson Creek forebay with diversions to the canal from Hager Creek and a tributary of Hager Creek; (4) transmission lines and other appurtenant facilities.

Any protest against the approval of this application or request for any action thereon, with reasons for such protest or request, and the name and address of the party or parties so protesting or requesting, should be submitted on or before August 20, 1951, to the Federal Power Commission at Washington 25, D. C.

[SEAL] LEON M. FUQUAY,
Secretary.

GENERAL SERVICES ADMINISTRATION

OFFICIALS OF EMERGENCY PROCUREMENT SERVICE

REDELEGATION OF AUTHORITY WITH RESPECT TO CERTAIN FUNCTIONS

1. Pursuant to the general delegation of authority from the Administrator of General Services to Heads of Services, Staff Officers, and Regional Directors of the General Services Administration, effective October 1, 1950 (15 F. R. 7775), authority is hereby delegated to the officials of the Emergency Procurement Service hereinafter named to perform the functions set forth:

a. *Director and Deputy Director of the Purchase Division; Managers, Foreign Offices, Emergency Procurement Service*—(1) *Title III of the act.* (a) To advertise for bids and make awards in accordance with section 303 of the act and to reject all bids in accordance with such section.

(b) To negotiate such purchases and contracts without advertising and to make necessary findings in connection therewith under subsections 302 (c) (2), (3), (4), (7), (8), (9), (13), and (14). This authority shall include the authority to the Director and Deputy Director of the Purchase Division to make findings under the aforesaid subsection in connection with any contract negotiated by a regional office. It shall further include the authority to make appropriate findings under section 302 (b) in connection with contracts under subsection 302 (c) (7) and (8).

(c) The findings specified in section 304 (a) of the act; *Provided, however*, That all contracts shall be in accordance with any applicable forms prescribed by the Administrator.

(d) Any finding specified in section 304 (b) of the act relative to cost, cost-plus-a-fixed-fee or incentive-type contracts. This authority shall include the authority to the Director and Deputy Director of the Purchase Division to make such findings in connection with any contract negotiated by a regional office.

(e) Any findings or determinations authorized to be made by the officials named herein may be made only with respect to individual purchases or contracts.

(f) This authority shall be exercised in conformity with section 302 (e) of the act.

(2) *Miscellaneous authorities.* (a) The authority contained in Public Law 520, 79th Congress, transferred to the Administrator by the act.

(b) To determine the fair market value of strategic and critical materials acquired in exchange for agricultural commodities and which are to be transferred to the strategic and critical materials stockpile.

(c) When, as, and to the extent directed by the Administrator, to exercise the authority contained in section 204 (e) of the act.

(d) Any authority vested in the Administrator under section 109 (g) of the act, relating to conducting tests, making charges, and fixing fees therefor.

2. This authority shall apply to the procurement of crude natural rubber and natural rubber latex prior to January 29, 1951.

3. This redelegation shall be subject to the limitations and auxiliary authorities vested in me by section 2 of the General Delegation of Authority, effective October 1, 1950 (15 F. R. 7775).

This redelegation of authority shall be effective as of October 1, 1950.

A. J. WALSH,
Commissioner of Emergency Procurement Service.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 26240]

COKE FROM COALMONT, TENN., TO CERTAIN POINTS

APPLICATION FOR RELIEF

JULY 9, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Agent, for carriers parties to Agent C. A. Spaninger's tariff ICC No. 1150.

Commodities involved: Coke, coke breeze, dust or screenings, carloads.

From: Coalmont, Tenn.

To: Points in Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, Ohio, Pennsylvania, South Dakota, and Wisconsin.

Grounds for relief: Circuitous routes, to maintain grouping, to apply over short tariff routes rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, ICC No. 1150, supp. 27.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

W. P. BARTEL,
Secretary.

AUTOMOBILE PARTS FROM CHATTANOOGA, TENN., TO KENTUCKY, OHIO AND MISSOURI

APPLICATION FOR RELIEF

JULY 9, 1951.

The Commission is in receipt of the above-entitled and numbered applica-

tion for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to C. A. Spaninger's tariff ICC No. 1172.

Commodities involved: Automobile parts, steel, viz: gear frames, gear frame parts, wheel and rims, carloads.

From: Chattanooga, Tenn.

To: Louisville, Ky., Cincinnati, Ohio, and St. Louis, Mo.

Grounds for relief: Competition with rail carriers, circuitous routes, to maintain grouping.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, ICC No. 1472, Supp. 54.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

PETROLEUM CYCLODIENE DIMER CONCENTRATE FROM LOUISIANA TO LADORA, COLO.

APPLICATION FOR RELIEF

JULY 9, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: D. Q. Marsh, Agent, for carriers parties to his tariff ICC No. 3494.

Commodities involved: Petroleum cyclodiene dimer concentrate, carloads.

From: Points in the New Orleans-Baton Rouge, La., group.

To: Ladora, Colo.

Grounds for relief: Circuitous routes.

Schedules filed containing proposed rates: D. Q. Marsh, Agent, ICC No. 3494, Supp. 222.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

[F. R. Doc. 51-8012; Filed, July 11, 1951; 8:54 a. m.]

INSURANCE COMPANIES FILING CERTIFICATES OF INSURANCE

JULY 3, 1951.

Pursuant to its order of April 13, 1951, in Ex Parte No. MC-5 and Ex Parte No. 159 increasing the amounts of automobile bodily injury and property damage liability insurance and other security for the protection of the public to be provided by motor carriers and freight forwarders under Sections 215 and 403 (d) of the Interstate Commerce Act, which order is to become effective on October 31, 1951, the Commission has prescribed new insurance endorsement and certificate of insurance forms, Forms BMC 80, BMC 81, FF 40, and FF 41, to supersede those previously prescribed and which are now in use, i. e., Forms BMC 31, BMC 33, FF 31 and FF 33, which will become obsolete on October 31, 1951. Copies of the new forms, as approved and prescribed by the Commission, are enclosed herewith.

It is required that the motor carrier forms prescribed under section 215 of the act, Forms BMC 80 and BMC 81 be printed, and that Form BMC 81, the certificate of insurance form, be 5 by 8 inches in size and be printed on a good grade of white paper which is sufficiently heavy so as to permit ready handling and filing in a card file. It is suggested that the printers be instructed to use the same weight of paper heretofore used in printing Form BMC 33 certificates of insurance. Form BMC 80 may be of such color and weight of paper as each company may desire but the context must be exactly like the enclosed samples, including form number. The freight forwarder forms, Forms FF 40 and FF 41, need not be printed unless the company desires, but may be typewritten, multilithed or mimeographed.

Since the use of the new forms will be required in the case of all new or renewal policies issued to become effective from and after October 31, 1951, it is suggested and requested that the companies arrange for their supplies promptly. In the meantime, while the use of the new forms is not required before October 31, 1951, any certificates of insurance filed with the Commission on Form BMC 81 or FF 41 prior to that date, and in connection with policies of insurance which become effective prior to that date, will be approved as meeting the requirements under sections 215 or 403 (d) of the act, as the case may be.

The Commission's requirements as to the increased limits of liability and the use of the newly prescribed forms will apply to all policies of insurance which are in full force and effect on October 31, 1951, and for which certificates of insurance have previously been filed with and approved by the Commission. That is to say, unless the Commission theretofore receives certificates from the insurance company involved certifying that each such policy will, from and after October 31, 1951, provide the public with the full measure of protection contemplated under the order of April 13, 1951, its approval of such previously filed and approved certificate of insurance will be revoked.

In order to eliminate the burden that would be placed upon the companies if separate certificates of insurance in the new form were required to replace the certificates of insurance filed in the form previously used, i. e., Form BMC 33 or FF 33, as the case may be, the Commission will accept a blanket certificate of insurance from each company covering all policies in effect on October 31, 1951, for which certificates of insurance have been previously filed and approved, provided such certificate is filed in the form prescribed by it, Form BMC 86 and FF 45, a copy of which is also enclosed. The purpose of this form is clearly stated in its context and its use is optional with the companies. However, if the blanket certificate of insurance is not used by any company, it will then be required that such company file separate certificates of insurance on Form BMC81 or FF 41, as the case may be, prior to October 31, 1951, for each policy which it desires to have the Commission continue its approval. Also, if each company will execute and file the blanket certificate of insurance in the form prescribed, whether or not it intends to file separate certificates on Form BMC 81 or FF 41 prior to October 31, 1951, it will very materially lighten the burden imposed upon our Section of Insurance by the changes in the prescribed minimum limits. The cooperation of all companies in this matter will be appreciated.

In order to facilitate the orderly handling of the numerous details involved, it will be appreciated if each company will execute one of the blanket certificates of insurance at the earliest date possible and forward it to the Section of Insurance, Bureau of Motor Carriers, Interstate Commerce Commission, Washington 25, D. C. It is also suggested that each company promptly undertake to review its records in respect of the policies heretofore certified to the Commission, and which will still be in force on October 31, 1951, so that the prescribed 30 days' notices of cancellation can be filed with the Commission in time to become effective on or before that date if the contracts do not justify certifying the increased limits of liability.

[SEAL] W. P. BARTEL,
Secretary.

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

DOMESTIC AND EXPORT PRICE LISTS FOR JULY

SALES OF CERTAIN COMMODITIES AT FIXED PRICES

Pursuant to the Pricing Policy of Commodity Credit Corporation issued March 22, 1950 (15 F. R. 1583), and subject to the conditions stated therein, the following commodities are available for sale in the quantities and at the prices stated:

JULY DOMESTIC PRICE LIST

Commodity and approximate quantity available (subject to prior sale)	Domestic sales price
Dried whole eggs, 1950 pack (packed in barrels and drums) in carload lots only, 1,000,000 pounds.[1]	$1.03 per pound "in store" at location of stock in Illinois, Indiana, Iowa, Michigan, Ohio, Oklahoma, Texas, Kansas, Missouri, Nebraska, Minnesota, Wisconsin, New York, and Delaware ("in store" means in storage at warehouse, but with any prepaid storage and out-handling charges for the benefit of the buyer).
Nonfat dry milk solids, 1951 production, in carload lots only, 10,000,000 pounds.	Spray process—15½ cents per pound "in store" at location of stock in any State ("in store" means at the processor's plant or in storage at warehouse, but with any prepaid storage and out-handling charges for the benefit of the buyer). (See note on Ceiling Price Certification on the last page of this price list.)
Linseed oil, raw, 211,000,000 pounds	Market price on date of sale. (See note on Ceiling Price Certification on the last page of this price list.)
Dry edible beans	On all beans, for areas other than those shown below, adjust prices upward or downward by an amount equal to the price support program differential between areas. Where no price support differential occurs, the price listed will apply. For other grades of all beans, adjust by market differentials. Prices listed below, on all beans, are at point of production. Amount of any paid-in freight to be added.
Pinto, bagged, 1,615,000 hundredweight.	No. 1 grade, 1948 [1] and 1949 crops: $8.19 per 100 pounds, basis f.o.b. Denver rate area and California area; $7.79 per 100 pounds, basis f. o. b. Idaho area.
Pea, bagged, 880,000 hundredweight.	No. 1 grade 1948 [1] and 1949 crops: $7.91 per 100 pounds, basis f. o. b. Michigan area.
Red kidney, bagged, 450,000 hundredweight.	No. 1 grade 1948 [1] and 1949 crops: $9.37 per 100 pounds, basis f. o. b. New York area.
Great Northern, bagged, 1,850,000 hundredweight.	No. 1 grade 1948 [1] and 1949 crops: $7.23 per 100 pounds, basis f. o. b. Twin Falls, Idaho area; $7.60 per 100 pounds, basis f. o. b. Morrill, Nebr., area.
Baby lima, bagged, 615,000 hundredweight.	No. 1 Grade 1948 [1] and 1949 crops: $8.02 per 100 pounds, basis f. o. b. California area.
Cranberry beans, bagged, 80,000 hundredweight.	No. 1 Grade 1949 crop: $8.66 per 100 pounds, basis f. o. b. California and Michigan areas.
Austrian winter pea seed, bagged, 2,170,000 hundredweight. [1]	$4.50 per 100 pounds, basis f. o. b. point of production; plus any paid-in freight.
Blue lupine seed, bagged, 1,330,000 hundredweight.	$5 per 100 pounds, basis f. o. b. point of production; plus any paid-in freight.
Kobe lespedeza seed, bagged, 3,500 hundredweight.	$13.49 per 100 pounds, basis f. o. b. point of production; plus any paid-in freight.

[1] These same lots also are available at export sales prices announced today.

JULY DOMESTIC PRICE LIST—Continued

Commodity and approximate quantity available (subject to prior sale)	Domestic sales price
Weeping lovegrass seed, bagged, 1,300 hundredweight.	$51.50 per 100 pounds, basis f. o. b. point of production; plus any paid-in freight.
Common and willamette vetch seed, bagged, 220,000 hundredweight.	$7 per 100 pounds, basis f. o. b. point of production; plus any paid-in freight.
Alfalfa seed (southern, certified or registered), bagged, 12,700 hundredweight.	$26.55 per 100 pounds, basis f. o. b. point of production; plus any paid-in freight.
Red clover seed (uncertified) bagged, 20,600 hundredweight.	$37.05 per 100 pounds, basis f. o. b. point of production; plus any paid-in freight.
Wheat, bulk, 5,000,000 bushels	This wheat is available only when premium wheat is required or where emergency situations exist. Basis in store, the market price but in no event less than the applicable 1950 loan rate for the class, grade, quality, and location, plus: (1) 37 cents per bushel if received by truck, or (2) 32 cents per bushel if received by rail or barge. Examples of minimum prices, per bushel: Kansas City, No. 1 HW, ex rail or barge, $2.58; Minneapolis, No. 1 DNS, ex rail or barge, $2.59; Chicago, No. 1 RW, ex rail or barge, $2.63. NOTE: No wheat will be for sale in the Portland, Oreg., area until further notice.
Oats, bulk, 9,400,000 bushels	At points of production, basis in store, the market price but not less than the applicable 1950 county loan rate plus 17 cents per bushel; at other points, the foregoing plus average paid-in freight. Examples of minimum prices, per bushel: Chicago, No. 3 or better, $1.00; Minneapolis, No. 3 or better, 96 cents.
Barley, bulk, 19,750,000 bushels	Basis in store, the market price but in no event less than the applicable 1950 loan rate for the class, grade, quality, and location, plus: (1) 25 cents per bushel if received by truck, or (2) 21 cents per bushel if received by rail or barge. Examples of minimum prices per bushel: Minneapolis, No. 1 barley, ex rail or barge, $1.53.
Corn, bulk, 50,000,000 bushels	1950 commercial corn-producing area: At points of production, basis in store, the market price but not less than the applicable 1950 county loan rate for No. 3 yellow, plus 25 cents per bushel, with market differentials for other grades, quality, and classes. At other delivery points: (1) The foregoing, plus average paid-in freight, or (2) basis the following fixed minimum terminal prices, with market differentials for grade, quality, and class, and freight differentials for location. Fixed minimum prices, per bushel: Chicago, No. 3 yellow ..... $1.87 St. Louis, No. 3 yellow ..... 1.87 Minneapolis, No. 3 yellow ..... 1.80 Omaha, No. 3 yellow ..... 1.79 Kansas City, No. 3 yellow ..... 1.83 Market differentials for other grades, quality, and classes. 1950 noncommercial corn-producing area: At points of production, or originating in noncommercial county, basis in store, the market price but not less than 133 percent of the applicable 1950 county load rate for No. 3, plus 25 cents per bushel; at other points, the foregoing plus average paid-in freight. If originating in a commercial county, the county loan rate for No. 3 plus 25 cents, plus average paid-in freight. *Example of minimum price, per bushel:* 1950 county loan rate for Brown County, Ind., $1.10 per bushel, No. 3 corn; 133 percent of $1.10, plus 25 percent equals $1.72 per bushel, the minimum sales price.

Ceiling Price Certification. Any purchaser from CCC of nonfat dry milk solids, or raw linseed oil, must be able and will be required to certify that the price paid to CCC does not exceed the highest ceiling price he could pay any of his usual suppliers for the commodity in the quantity and at the place and season that delivery is made.

JULY EXPORT PRICE LIST

Commodity and approximate quantity available (subject to prior sale)	Export sales price
Dried whole eggs: 1950 pack (packed in barrels and drums) in carload lots only, 10,000,000 pounds.	(1) 60c per lb. f. a. s. vessel any U. S. Gulf or East Coast port; or (2) 60c per lb. "in store" at location of stock, less freight based on the average gross shipping weight calculated at the lowest export freight rate. ("in store" means in storage at warehouse, but with any prepaid storage and outhandling charges for the benefit of the buyer.)
Dry edible beans:	No. 1 grade 1948 Crop, f. a. s. vessel at locations shown below:
Pinto, bagged, 795,000 hundredweight.[1]	$5.90 per 100 pounds, San Francisco Bay area and Portland, Oreg.; $6 per 100 pounds, U. S. Gulf ports (see note below).
Pea, bagged, 125,000 hundredweight.[1 2]	For export to Western Hemisphere countries—$6.50 per 100 pounds, East Coast ports; for export to other than Western Hemisphere Countries—$5.50 per 100 pounds, East Coast ports.
Great Northern, bagged, 760,000 hundredweight.[1 2]	$6.50 per 100 pounds, Portland, Oreg. (26,000 hundredweight only stored at The Dalles, Oreg.); $6.60 per 100 pounds, U. S. Gulf ports (see note below).
Baby lima, bagged, 50,000 hundredweight.[1]	$5 per 100 pounds, San Francisco Bay area.
Red kidney, bagged, 350,000 hundredweight.[1 2]	$6.50 per 100 lbs., New York. NOTE: "U. S. Gulf ports" means ports with freight rates not greater than to New Orleans. Any excess freight will be for account of the buyer. *Discounts for grades on all beans:* No. 2, 25 cents less than No. 1; No. 3, 50 cents less than No. 1. At CCC's option, 1949 crop beans may be furnished in place of 1948 beans in instances where stocks of 1948 beans of the type and grade desired are exhausted.
Austrian winter pea seed, bagged, 2,170,000 hundredweight.[1]	Market price on date of sale at place of delivery, provided delivery takes place within 15 days unless otherwise agreed upon.

[1] These same lots also are available at domestic sales prices announced today.
[2] *Ceiling Price Certification.* Any purchaser from CCC of red kidney beans or Great Northern beans for export, or of Pea beans for export to Western Hemisphere countries, must be able and will be required to certify that the price paid to CCC does not exceed the highest ceiling price he could pay any of his usual suppliers for the commodity in the quantity and at the place and season that delivery is made.

Issued July 9, 1951.

[SEAL] G. F. GEISSLER,
President, Commodity Credit Corporation.

SECURITIES AND EXCHANGE COMMISSION

[File No. 54-168]

ELECTRIC BOND AND SHARE CO.

ORDER CONTAINING RECITALS IN ACCORDANCE WITH SUPPLEMENT R OF THE INTERNAL REVENUE CODE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 6th day of July A. D., 1951.

Electric Bond and Share Company ("Bond and Share"), a registered holding company, being the owner of 18,709 shares of the common stock of Florida Power & Light Company, and being under commitment to dispose of said shares, having notified the Commission, pursuant to Rule U-44 (c) of the rules and regulations promulgated under the Public Utility Holding Company Act of 1935, of its intention to sell said 18,709 shares of common stock of Florida Power & Light Company in the open market at a price to be fixed by Bond and Share, using the facilities of the New York Stock Exchange, such sales to be made on a day or days to be selected by Bond and Share; and

The Commission having notified Bond and Share pursuant to Rule U-44 (c) that no declaration need be filed with respect to the proposed sales; and

Bond and Share having requested the Commission to issue an order containing findings and recitations in accordance with the meaning and requirements of the Internal Revenue Code, as amended, including section 1808 (f) and Supplement R thereof:

It is ordered and recited, That the sale and transfer by Bond and Share of 18,709 shares of common stock of Florida Power & Light Company is necessary or appropriate to the integration or simplification of the holding company system of which Electric Bond and Share Company is a member and is necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935, all in accordance with the meaning and requirements of the Internal Revenue Code and section 1808 (f) and Supplement R thereof.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[F. R. Doc. 51-7986; Filed, July 11, 1951; 8:48 a. m.]

[File No. 70-2605]

COLUMBIA GAS SYSTEM, INC., ET AL.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE WITH RESPECT TO CERTAIN TRANSFERS OF ASSETS BETWEEN SUBSIDIARIES OF REGISTERED HOLDING COMPANY AND RELATED TRANSACTIONS

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 6th day of July A. D. 1951.

In the matter of The Columbia Gas System, Inc., The Manufacturers Light and Heat Company, Natural Gas Company of West Virginia, and The Ohio Fuel Gas Company; File No. 70-2605.

The Columbia Gas System, Inc. ("Columbia"), a registered holding company, and its subsidiaries, The Manufacturers Light and Heat Company ("Manufacturers"), Natural Gas Company of West Virginia ("Natural Gas") and The Ohio Fuel Gas Company ("Ohio Fuel"), have filed with the Commission an application-declaration and amendments thereto, pursuant to sections 6, 7, 9, and 10 of the Public Utility Holding Company Act of 1935 ("act"), and Rules U-43 and U-44 promulgated thereunder, regarding the following proposed transactions:

Natural Gas proposes to sell to Manufacturers all of its property located in the states of West Virginian and Pennsylvania which is used or useful in the production, purchase, transportation and distribution of natural gas. Manufacturers serves some of the same communities served by such property and supplies most of the gas distributed thereby. The price to be paid by Manufacturers for such property will be the book value thereof at original cost, less book reserves for depreciation and depletion, computed to the date of consummation of the transaction.

Manufacturers also proposes, in connection with the acquisition of such property, to acquire from Natural Gas the accounts receivable, inventory of materials and supplies and other current assets (except cash) applicable to such natural gas property, and to assume the accounts payable and other current liabilities applicable to such property. Such current assets will be paid for at the net book amount shown on the balance sheet of Natural Gas as of the consummation date of the transaction.

As of December 31, 1950, the purchase price for the foregoing assets is estimated by the Company at $3,723,095, including $2,959,674 for the net property and $763,421 for the net current assets. Manufacturers proposes to pay the purchase price by assuming $3,768,000 principal amount of 3¼ percent notes of Natural Gas presently outstanding (payable serially from 1951 to 1976), all of which are held by Columbia, and the balance of the purchase price in cash.

Ohio Fuel proposes to sell to Natural Gas certain natural gas production property located in eastern Ohio. Such property is connected to the transmission system of Natural Gas and the gas obtained therefrom is used by Natural Gas. The price proposed to be paid for such property is to be the net original cost to Ohio Fuel as of November 1, 1949, plus expenditures for construction work in progress, and less retirements made subsequent to that date. The applicants estimate that the purchase price for these properties will approximate $159,492 subject to certain possible adjustments. Such purchase price will be paid for in cash by Natural Gas.

The application-declaration states that the proposed acquisition by Manufacturers of property from Natural Gas has been approved by the Public Utility Commission of Pennsylvania and the Public Service Commission of West Virginia, that the proposed sale of such property by Natural Gas to Manufacturers has been approved by both of such Commissions, and that the assumption by Manufacturers of the Natural Gas notes has been approved by the Public Utility Commission of Pennsylvania. The application-declaration also states that the sale by Ohio Fuel of the property in Ohio to Natural Gas, and the acquisition thereof by Natural Gas, has been approved by the Public Utilities Commission of Ohio.

The application-declaration, as amended, also states that those transactions within the jurisdiction of the Federal Power Commission have been approved by that Commission.

Said application-declaration having been filed on March 30, 1951, an amendment thereto having been filed on June 28, 1951, and notice of filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to the act, and the Commission not having received a request for a hearing with respect to said application-declaration within the period specified in said notice or otherwise, and not having ordered a hearing thereon; and

The Commission finding that said application-declaration, as amended, satisfies the requirements of the applicable provisions of the act and the rules and regulations promulgated thereunder, and that it is not necessary to impose any terms and conditions with respect thereto, and the Commission deeming it appropriate in the public interest and in the interest of investors and consumers that said application-declaration, as amended, be granted and permitted to become effective forthwith;

It is ordered, That the said application-declaration, as amended, be, and the same hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[Vesting Order 18120]

MELCHERS & CO.

In re: Debts owing to Melchers & Co. F-28-1461, F-28-1461-C-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That C. Melchers & Co., the last known address of which is Bremen, Germany, is a partnership organized under the laws of Germany, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Germany and is a national of a designated enemy country (Germany);

2. That Karl Lindemann and Adalbert Korff, each of whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

3. That Melchers & Co. is a partnership organized under the laws of China, whose principal place of business is located at Shanghai, China, and is or, since the effective date of Executive Order 8389, as amended, has been controlled by or acting or purporting to act directly or indirectly for the benefit or on behalf of the aforesaid Karl Lindemann, Adalbert Korff and C. Melchers & Co., and is a national of a designated enemy country (Germany);

4. That the property described as follows:

a. That certain debt or other obligation owing to Melchers & Co. by Joseph G. Hooper Jr. Co., 203 California Street, San Francisco 11, California, in the amount of $114.76, as of May 31, 1941, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same, and

b. That certain debt or other obligation owing to Melchers & Co. by Melchers, Inc., 56 Beaver Street, New York 4, New York, in the amount of $744.20, as of January 5, 1951, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or de-

liverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Melchers & Co., the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

5. That Melchers & Co. is controlled by or acting for or on behalf of a designated enemy country (Germany) or persons within such country and is a national of a designated enemy country (Germany);

6. That to the extent that the persons named in subparagraphs 1, 2 and 3 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 6, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 18121]

CUSTODIAN TRUST CO., LTD.

In re: Accounts maintained in the name of Custodian Trust Company Limited, Charlottetown, P. E. I., Canada, and owned by persons whose names are unknown. F-63-12551.

Under the authority of the Trading With the Enemy Act, as amended, Executive Orders 9193, as amended, 9788 and 9989, and pursuant to law, after investigation, it is hereby found:

1. That the property described as follows: All property, rights and interests in the accounts identified in Exhibit A set forth below and by reference made a part hereof, together with

(a) Any other property, rights and interests which represent accumulations or accruals to, changes in form of, or substitutions for, any of the property, rights and interests in said identified accounts on October 2, 1950, and which are now held in other accounts being maintained as blocked or otherwise subject to the restrictions of Executive Order 8389, as amended, or regulations, rulings, orders or instructions issued thereunder, and

(b) Any and all rights in, to and under any securities (including, without limitation, bonds, coupons, mortgage participation certificates, shares of stock, scrip and warrants) and any and all declared and unpaid dividends on any shares of stock in any of said accounts,

excepting from the foregoing, however, all lawful liens and setoffs of the respective institutions in the United States with whom the aforesaid accounts are maintained,

is property within the United States;

2. That the property described in subparagraph 1 hereof is owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or is evidence of ownership or control by persons, names unknown, who, if individuals, there is reasonable cause to believe are residents of a designated enemy country and which, if partnerships, associations, corporations, or other organizations, there is reasonable cause to believe are organized under the laws of a designated enemy country or on or since the effective date of Executive Order 8389, as amended, have had their principal places of business in a designated enemy country;

3. That the persons referred to in subparagraph 2 hereof are nationals of a designated enemy country;

and it is hereby determined:

4. That to the extent that the persons referred to in subparagraph 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country.

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended, and the term "designated enemy country" has reference to Germany or Japan.

Executed at Washington, D. C., on July 6, 1951.

For the Attorney General.

GEORGE ANTON BENL

In re: Estate of George Anton Benl, also known as George A. Benl, deceased. File No. F-28-22083-F-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Amalie Benl, whose last known address is Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the person identified in subparagraph 1 hereof in and to the estate of George Anton Benl, also known as George A. Benl, deceased, is property payable or deliverable to, or claimed by the aforesaid national of a designated enemy country (Germany);

3. That such property is in the process of administration by The Public Administrator of the County of New York, as Administrator, acting under the judicial supervision of the Surrogate's Court of New York County, New York;

and it is hereby determined:

4. That to the extent that the person identified in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 6, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 51-8021; Filed, July 11, 1951; 8:58 a. m.]

[Vesting Order 18123]

BIANCA A. E. O. FRITSCH

In re: Estate of Bianca A. E. O. Fritsch, deceased. File No. 017-26462.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Margarete Redepenning and Emilie Schultz, whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the persons identified in subparagraph 1 hereof, and each of them, in and to the estate of Bianca A. E. O. Fritsch, deceased, is property payable or deliverable to, or claimed by the aforesaid nationals of a designated enemy country (Germany);

3. That such property is in the process of administration by Irving T. Wolfson and Elizabeth Hensel, as Co-executors, acting under the judicial supervision of the Surrogate's Court of New York County, New York;

and it is hereby determined:

4. That to the extent that the persons identified in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 6, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 18125]

WILLIAM SEMRAN

In re: Estate of William Semran, deceased. File No. D-55-396; E. T. sec. No. 3873.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Ewald Semran and Lidja (Lydia) Semran, whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the persons named in subparagraph 1 hereof in and to the estate of William Semran, deceased, is property payable or deliverable to, or claimed by, the aforesaid nationals of a designated enemy country (Germany);

3. That such property is in the process of administration by the Clerk, County Court of Essex County, as depositary, acting under the juricial supervision of the County Court of Essex County, Probate Division, Newark, New Jersey;

and it is hereby determined:

4. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest.

There is hereby, vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 6, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

TITLE 32—NATIONAL DEFENSE

Chapter V—Department of the Army

Subchapter E—Organized Reserves

PART 561—OFFICERS' RESERVE CORPS

PART 562—RESERVE OFFICERS' TRAINING CORPS

MISCELLANEOUS AMENDMENTS

The following amendments to Subchapter E are issued.

1. Section 561.15 (e) is amended to read as follows:

§ 561.15 *Appointment in Officers' Reserve Corps of warrant officers and enlisted personnel of Army of the United States.* • • •

(e) *Vacancies.* Appointment of personnel specified in paragraph (c) of this section, except those in subparagraphs (1) and (2) will be made only to fill vacancies in the Organized Reserve Corps troop programs units of the proper branch (section).

[C1, SR 140-105-3, June 20, 1951] (R. S. 161; 5 U. S. C. 22. Interpret or apply sec. 37, 39 Stat. 189, as amended; 10 U. S. C. 351-353)

2. Part 562 is amended as indicated below:

a. Section 562.12 is amended by changing paragraph (a) (4) and revoking paragraph (b) (1) as follows:

§ 562.12 *Classification of ROTC units.* • • •

(a) *Senior division.* • • •

(4) *Class MI.* Essentially military schools specially designated by the Secretary of the Army as in class MI, which do not confer baccalaureate degrees and at which the average age of students at graduation is less than 21 years, but which otherwise meet the requirements of class MC or class MJC and accept and maintain the specially designated program of instruction for this classification of ROTC institution.

(b) *Junior division.* • • •

(1) *Class MS.* [Revoked]

• • • • •

b. Section 562.22 (a) (2) (ii) is amended to read as follows:

§ 562.22 *Conditions for enrollment in a specific course.* • • •

(a) *For basic course, senior division.* • • •

(2) *Academic requirements.* Students enrolling in this course must:

• • • • •

(ii) If entering the first year basic course at institutions which confer degrees, have at least three academic years remaining in their academic course at the institution, and if at a class MJC or class MI institution, must be enrolled in the junior year of the preparatory or high school course. See § 562.27 for training of students ineligible for enrollment.

• • • • •

c. Section 562.66 (c) is amended to read as follows:

§ 562.66 *Transportation.* • • •

(c) *Students without funds.* When a student is without funds with which to purchase transportation to travel to a designated camp, he may be authorized transportation in kind and meal tickets by continental army and oversea commanders. In such cases, the orders issued directing the travel will specifically state that transportation in kind (indicating whether transportation request or Government conveyance) and meal tickets, when applicable, will be furnished. Transportation request and meal tickets will be forwarded to the student with the orders directing him to proceed to camp. Cost of this transportation and subsistence will be borne by ROTC funds allocated to continental Army and oversea commanders.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 22, Amendment 16]

CPR 22—MANUFACTURERS' GENERAL CEILING PRICE REGULATION

CORRECTIONS, CHANGES AND CLARIFICATIONS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment to Ceiling Price Regulation 22 (16 F. R. 3562) is hereby issued.

STATEMENT OF CONSIDERATIONS

Since the issuance on April 25, 1951, of Ceiling Price Regulation 22, questions raised by industry and further study of some of the problems involved have indicated the need for clarifying some of the provisions of the regulation and amending it in certain particulars.

ELIMINATION OF "INVENTORY WINDFALL" PROVISIONS

For the reasons indicated in the Statement of Considerations accompanying Amendment 17 to the General Ceiling Price Regulation, it is deemed advisable to eliminate from section 21 of Ceiling Price Regulation 22 the prohibition against "inventory windfalls" contained in paragraph (d) of that section. This is accomplished by deleting subparagraph (1) of the paragraph and by making certain minor changes in paragraphs (b) and (c) as corollaries of this deletion.

REPORTING OF INCREASES UNDER SECTION 21

Both section 21 of Ceiling Price Regulation 22 and section 11 of the General Ceiling Price Regulation permit sellers to increase their ceiling prices to reflect increases in the cost to them of agricultural commodities (or products processed therefrom) which are selling at prices below parity or the other legal minima set out in the Defense Production Act of 1950. Thus, sellers are enabled to preserve their base period dollar-and-cent margins.

Section 11 of the General Ceiling Price Regulation contains reporting provisions which simply require the seller to place a registered letter in the mail, addressed to the Director of Price Stabilization, before increasing his ceiling price under that section. The information to be included in that letter is sufficient to enable the Director to determine if the increase is properly taken, but is not so involved as to be a burden on the seller.

This method of reporting has proved satisfactory and, therefore, this amendment adopts that procedure for reports required to be made under section 21 of Ceiling Price Regulation 22. There are, naturally, slight differences from the General Ceiling Price Regulation provisions due to the fact that there are differences in the basic pricing techniques of the two regulations, but the two provisions are the same in substance.

This amendment provides, in a new section 21 (g), that, before the seller may increase his ceiling price, he must mail a registered letter to the Director of Price Stabilization in which certain prescribed information is set out. The information required to be filed by producer-processors, cooperative processors, and processors working under deferred payment contracts (all of whom price under section 21 (f) naturally differs from that to be submitted by processors generally, since the former three groups have different methods for computing their costs. Slight changes have been made in the language of sections 21 (b), (c), (f) and 48 (b), (c) to dovetail them with the new section 21 (g).

Finally, slight changes have been made in the language of section 21 (f) (1) and (2) dealing with the choice of the competitor whose costs are to be adopted by producer-processors and processors operating under deferred payment contracts. These changes were made in order to clarify the meaning of those provisions and because of the elimination of section 21 (d) (1).

Under what was, prior to this amendment, paragraph (d) (2) of section 21, a current date may not be used in figuring the change in net cost of an agricultural commodity (or product processed therefrom) listed in Appendix C beyond either (1) the date that the Director of Price Stabilization deletes the commodity from Appendix C, or (2) a date more than five days after the publication "Agricultural Prices" contains a price for the commodity which satisfies the legal minima set out in the Defense Production Act of 1950. It has been found to be both unnecessary and confusing to tie the cut-off date to the date of publication of "Agricultural Prices". When the situation warrants, the Director is able promptly to take any action he finds to be desirable by amendment of Appendix C; and, by such specific amendment, the public will have clear notice of the state of the affected commodity.

Moreover, the former provision, which would have resulted in automatic deletion, prevented individual consideration of each action and might well have caused distorted relationships between the prices of the various agricultural commodities and products involved. This amendment, by eliminating that automatic deletion provision, affords the Director of Price Stabilization an opportunity to exercise the control necessary to maintain a balanced price structure.

EXEMPTIONS

Finally, an oversight is corrected by amending paragraph (c) (5) of Appendix A so that water ices are now exempt from coverage by CPR 22.

AMENDATORY PROVISIONS

CPR 22 is hereby amended in the following respects:

1. Paragraphs (b), (c) and (d) of section 21 are amended to read as follows:

(b) *Calculation by manufacturers of food products.* If the commodity you are pricing is a food product you may, subject to the limitations in paragraphs (d) and (g) of this section, use a current date in figuring the change in net cost per unit of any of the agricultural commodities listed in Appendix C, or of any food products processed from these listed agricultural commodities.

(c) *Calculation by manufacturers of non-food products.* (1) If the commodity you are pricing is a non-food product you may, subject to the limitations in paragraphs (d) and (g) of this section, use a current date in figuring the change in net cost per unit of any of the agricultural commodities listed in Appendix C, but you must use March 15, 1951 as the date for figuring the change in net cost per unit of any products processed from those listed agricultural commodities.

[Subparagraph (2) of paragraph (c) remains unchanged.]

(d) *Limitations on calculations by all manufacturers; removal from listing.* After you have made your first calculations under this section, you may become entitled to increase the ceiling price of the commodity being priced, if the cost to you of a listed agricultural commodity (or product processed therefrom) has increased. However, in any event, you may not, in figuring the change in net cost of a listed agricultural commodity (or product processed therefrom), use any date subsequent to the date of deletion of the listed agricultural commodity from Appendix C by the Director of Price Stabilization.

2. Paragraph (f) of section 21 is amended to read as follows:

(f) *Special provisions for cooperatives, producer-processors, etc.* (1) This subparagraph applies to you if you are a producer-processor, and you cannot otherwise determine your "materials cost adjustment" for a listed agricultural commodity under paragraphs (b) or (c) of this section because you do not customarily purchase any amount of that commodity from independent producers wholly unaffiliated with you. In that case, calculate your "materials cost adjustment" as follows: For purposes of paragraphs (b) or (c) of this section, use as your net cost per unit the same prices (with adjustment for differences in delivery costs) paid by your nearest competitor. That competitor must be one who receives delivery of the same quality of the commodity as you do, in the same quantities (baskets, tons, carloads, etc.), at firm prices for processing. However, you may not increase the ceiling price after the date set out in paragraph (d) as the final date that may be used by other processors for figuring changes in net cost. In addition, you must make the report required by paragraph (g) before increasing your ceiling price.

(2) This subparagraph applies to you if you are a processor who purchases the listed agricultural commodity under "open" price or deferred payment contracts which relate the price you pay the producer to facts unknown both at the time the raw agricultural commodity is delivered to you and at the time of sale of the processed product, and you cannot otherwise determine your "materials cost adjustment" for a listed agricultural commodity under paragraph (b) or (c) of this section because you do not customarily purchase any amount of that commodity at prices finally determined at the time of sale. In that case calculate your "materials cost adjustment" as follows: For purposes of paragraph (b) or (c) of this section, use as your net cost per unit the same prices (with adjustment for differences in delivery costs) paid by your nearest competitor. That competitor must be one who receives delivery of the same quality of the commodity as you do, in the same quantities (baskets, tons, carloads, etc.), at firm prices for processing. However, you may not increase the ceiling price after the date set out in paragraph (d) of this section as the final date that may be used by other processors for figuring changes in net cost. In addition, you must make the report required by paragraph (g) of this section before increasing your ceiling price.

(3) This subparagraph applies to you if you are a producer-owned cooperative processor, and you cannot otherwise determine your "materials cost adjustment" for a listed agricultural commodity under paragraph (b) or (c) of this section because you do not customarily purchase any amount of that commodity from independent producers wholly unaffiliated with you. In that case you may increase your ceiling price (as determined under the other sections of this regulation) for products processed from such commodities if the entire dollar-and-cent increase in total gross sales revenue derived from that increase in your ceiling price is passed back to producers within 30 days after the end of each normal accounting period. The amount so passed back must be in addition to the full amount you would normally have passed back to producers had you sold the processed product at the ceiling price determined under the other sections of this regulation. You may not, however, increase your ceiling price after the date set out in paragraph (d) of this section as the final date that may be used by other processors for figuring changes in net cost. In addition, you must make the report required by paragraph (g) of this section before increasing your ceiling price.

3. A new paragraph designated "(g)" is added to section 21 reading as follows:

(g) *Required report.* You may not increase your ceiling price under the provisions of this section above that price initially determined pursuant to the provisions of this regulation unless and until you place in the mail a registered letter, addressed to the Director of Price Stabilization, Washington 25, D. C., containing the following information:

(1) If it is not necessary for you to use section 21 (f) in determining your ceiling prices, you report:

(i) Your existing ceiling price and the description of the commodity.

(ii) The paragraph number in section 18 of this regulation under which you compute your net cost for the manufacturing material, or a designation of the other section under which you compute your net cost.

(iii) The net cost per unit of material, determined under the section mentioned in subdivision (ii) of this subparagraph, used in calculating your last ceiling price under this regulation.

(iv) The net cost per unit of material, determined under the section mentioned in subdivision (ii) of this subparagraph, for the current date.

(v) The increased ceiling price.

(2) If you are a processor who uses either section 21 (f) (1) or (2) in determining your ceiling prices, you report:

(i) The name and address of your nearest competitor selected pursuant to section 21 (f) (1) or (2).

(ii) Your existing ceiling price.

(iii) Your nearest competitor's net cost per unit (for the material) last used by you in calculating under this section 21.

(iv) Your nearest competitor's net cost per unit (for the material) on the current date.

(v) The increased ceiling price.

(3) If you are a processor who uses section 21 (f) (3) in determining your ceiling prices, you report:

(i) The amount retained by you per unit of the processed commodity sold in the last normal accounting period before the end of your base period.

(ii) The amount passed back to producers per unit of the processed commodity sold in the last normal accounting period before the end of your base period.

(iii) The amount retained by you per unit of the processed commodity sold in the most recent normal accounting period.

iv) The amount passed back to producers per unit of the processed commodity sold in the most recent normal accounting period.

4. Paragraph (b) of section 48 is amended to read as follows:

(b) On and after the effective date of this regulation you shall not sell any commodity subject to this regulation unless you have complied with the report requirements of sections 21, 32, 33, or 46, whichever is applicable.

5. The first sentence of paragraph (c) of section 48 is amended to read as follows:

(c) In the event your ceiling price for a commodity under this regulation is higher than your ceiling price under the General Ceiling Price Regulation (except when you raise your price, pursuant to section 21, above that price initially calculated under this regulation) you shall not sell that commodity at a price exceeding your ceiling price under the General Ceiling Price Regulation, except under the following conditions:

[In all other respects paragraph (c) remains the same.]

6. Subparagraph (5) of paragraph (c) in Appendix A is amended to read as follows:

(5) Dairy products—for the purpose of this regulation, dairy products shall include milk and butterfat and products manufactured or processed in a dairy plant from either milk or butterfat when the milk solids content of the product is greater than the solids content of any other ingredient except sugar; and shall also include water ices (a product composed of water, sugar, flavoring and stabilizer) prepared in bulk, package form, or in the form of a stick confection.

(Sec. 704, Pub. Law 774, 81st Cong.)

Effective date. This amendment shall become effective July 17, 1951.

NOTE: The record-keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 12, 1951.

[F. R. Doc. 51-8141; Filed, July 12, 1951; 11:51 a. m.]

[General Ceiling Price Regulation, Amendment 17]

GENERAL CEILING PRICE REGULATION

DELETION OF "INVENTORY WINDFALL" PROVISIONS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this amendment to the General Ceiling Price Regulation (16 F. R. 808) is hereby issued.

STATEMENT OF CONSIDERATIONS

The purpose of this amendment to the General Ceiling Price Regulation (hereinafter called the "GCPR") is to eliminate those provisions added to section 11 (b) of that regulation by Amendment 13 which prohibit processors and manufacturers from obtaining "inventory windfalls".

Provisions denying to manufacturers and processors of agricultural commodities (or of products processed therefrom) the opportunity to take "inventory windfalls" resulting from the operation of the "parity pass-through" provisions of the GCPR were added to the GCPR in order to prevent higher prices, based, not on actual cost increases, but on the current market value of inventories.

However, it now appears that it is not feasible to retain these provisions of section 11 (b) (2) of the GCPR relating to agricultural commodities the prices of which are below parity. While there has been insufficient time to collect complete figures, there is reason to believe that the effect of elimination of "inventory windfalls" on the cost of living is considerably smaller than was first supposed. In addition, while it is true that the requirement that stocks on hand, consisting of commodities processed from agricultural products purchased at prices lower than current prices (or of commodities made from them), be exhausted before the increase in current prices could be reflected does, over the short run, reduce consumer outlay, its ultimate effect is merely to delay price increases and not to prevent them. Moreover, the prohibition against "inventory windfalls" may be expected to operate in favor of the processor with a substantial inventory as against one who carries small stocks. So long as the former must dispose of existing stocks on the basis of the price of agricultural commodities purchased at a level lower than current prices, the latter will, in many instances, be unable to sell his product on the basis of the higher prices he paid for those agricultural commodities. This is particularly true with respect to opening inventories held at the beginning of a processing season where the commodities involved are seasonal in nature. Furthermore, inventory gains and losses permit many small manufacturers, who cannot or do not hedge, to stabilize their prices and supplies of their commodities. Such manufacturers, if they are permitted to take inventory gains, may anticipate that such gains will, in the long run, approximate inventory losses and will, therefore, be in a better position to maintain the prices for their products without changing them in response to every change in the raw material market.

The mechanics of compliance with the provisions in question may be very burdensome. Many processors are constantly making purchases of raw materials consisting of one or more of the listed agricultural commodities and it is not possible for them, after each purchase of the raw material, to recalculate inventories. These considerations are particularly cogent with respect to those manufacturers whose inventories may be warehoused at widely scattered points, in transit, or in the hands of sales outlets which do not make prompt report of the disposition of supplies of the finished product on hand. Thus, compliance with the provisions of Amendment 13 may very well mean substantial and extensive changes in record keeping systems. Furthermore, the provisions inevitably require a running inventory and such an inventory is inherently less accurate than periodic checks of stocks on hand. The result may be involuntary violation of the prohibitions contained in Amendment 13.

These provisions also pose difficult enforcement problems out of all proportion to the benefits to be derived from the retention of the provisions.

For all these reasons, the Director deems it inadvisable to continue the proscription against "inventory windfalls" for sub-parity farm products in effect in the GCPR.

For these reasons also a parallel amendment of section 21 of CPR 22 is deemed necessary and is being issued simultaneously with the issuance of this amendment.

Special circumstances have rendered impracticable consultation with formal industry advisory committees or trade association representatives. However, the Director has received sufficient information to warrant issuance of this amendment.

In formulating this amendment, the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950. In his judgment, the provisions of this amendment are generally fair and equitable, and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950.

AMENDATORY PROVISIONS

Section 11 (b) (2) of the GCPR, as amended, is further amended by deleting therefrom the third paragraph and by revising the example so that said section 11 (b) (2) shall read as follows:

(2) The cost to you of a current customary purchase of the listed agricultural commodity (or the product processed therefrom) exceeds the highest price you incurred or paid during the base period. In such case you may increase the ceiling price (as otherwise determined in this regulation) for your product by the dollar-and-cent difference per unit between the highest price incurred or paid by you for a customary purchase during the base period and the cost to you of the most recent customary purchase.

If you have previously increased the ceiling price for your product, you may increase your present ceiling price for the product by the dollar-and-cent difference per unit between the price upon which your last previous increase was based and the cost to you of the most recent customary purchase.

Example: You are a processor of evaporated milk, a product processed from a listed agricultural commodity.

The highest price paid by you for a customary purchase of manufacturing milk in the base period was $3.80 per cwt. The cost to you of the most recent purchase is $4.00 per cwt.—a difference of 20 cents or 2 10 cent per lb.

If you use 94 lbs. of milk to produce a case of evaporated milk, you are entitled to increase your maximum price per case by 18.8 cents per case (94 x 2/10 cent).

If, subsequent to this adjustment, the price you pay for a customary purchase of manufacturing milk should increase to $4.10—a further increase of $0.10 per cwt. or 1/10 cent per lb.—you may add an additional 9.4 cents to your maximum price per case (94 x 1/10 cent).

(Sec. 704, Pub. Law 774, 81st Cong.)

Effective date. This amendment to the General Ceiling Price Regulation shall be effective on July 17, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 12, 1951.

[General Ceiling Price Regulation, Supplementary Regulation 38]

GCPR, SR 38—APPLICATIONS FOR ADJUSTMENT BY CERTAIN PRODUCERS OF PIG IRON

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738) this Supplementary Regulation 38 to the General Ceiling Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

This supplementary regulation permits producers of pig iron who use foreign iron ore and who sell their product pursuant to long term contracts providing for price escalation to apply to the Office of Price Stabilization for adjustments in their ceiling prices.

It appears that at least one producer of pig iron who uses foreign iron ore sells his product pursuant to long term contracts which were entered into before the inauguration of the stabilization program and which provides for the adjustment of prices in accordance with variations in costs. The cost of foreign iron ore has increased substantially since the base period December 19, 1950, to January 25, 1951, inclusive, both as a result of higher prices paid the producer and higher transportation costs, and this producer of pig iron and others who may be similarly situated may be forced to curtail their use of such ore with a consequent reduction in output unless appropriate price relief is provided. Since merchant pig iron is in critically short supply, any decrease in production would have a serious adverse effect upon the civilian economy and the defense program.

This supplementary regulation provides for the necessary relief by permitting adjustments in ceiling prices, under the circumstances specified, which will allow such producers to continue operations, with their normal dollar margins.

REGULATORY PROVISIONS

Sec.
1. What this supplementary regulation does.
2. Applications for adjustment.
3. Order of adjustment.

AUTHORITY: Sections 1 to 3 issued under sec. 704, Pub. Law 704, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong., E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.

SECTION 1. *What this supplementary regulation does.* This supplementary regulation provides for the adjustment of the ceiling prices established by the General Ceiling Price Regulation for producers of pig iron who have in effect long term contracts providing for price changes in accordance with variations in costs and who use iron ore produced outside of the United States, its Territories or Possessions. The adjustment which will be granted herein will require that the producer adjust his prices quarterly on the basis of the preceding three months period ending one month before the beginning of the quarter.

SEC. 2. *Application for adjustment—*(a) *Who may file.* An application for adjustment pursuant to this supplementary regulation may be filed by any producer of pig iron who (1) sells pig iron pursuant to written contracts entered into before December 19, 1950, for a period of at least five years and which provide for the adjustment of price in accordance with variations in costs, and (2) uses in the production of pig iron sold pursuant to such contracts iron ore produced outside of the United States, its Territories or Possessions.

(b) *How to file an application.* An application pursuant to this supplementary regulation must be filed with the Office of Price Stabilization, Washington 25, D. C., and must contain the following:

(1) The name and address of the applicant;

(2) A statement setting forth the date, duration, and pricing terms of its contracts for the sale of pig iron which are the subject of its application;

(3) A statement of the tonnage of iron ore produced outside of the United States, its Territories or Possessions used by the applicant during the three months period preceding the date of its application in the production of pig iron sold pursuant to such contracts.

(4) A statement of the operating costs and mark-up for the three months period ending one month prior to the date of the application.

SEC. 3. *Order of adjustment.* Any adjustment pursuant to this supplementary regulation will be granted by letter order and the ceiling prices so established will be sufficient to permit the applicant to continue operations, with his normal dollar margin, but will not exceed the prices determined in accordance with the contracts covered by the producer's application. Such order will also require the producer to furnish quarterly operating statements.

Effective date. This supplementary regulation becomes effective July 12, 1951.

MICHAEL V. DISALLE,
Director,
Office of Price Stabilization.

JULY 12, 1951.

[F. R. Doc. 51-8143; Filed, July 12, 1951; 11:5f a. m.]

[General Overriding Regulation 13—Interpretation 1]

GOR 13—CONTINUATION OF CEILING PRICES IN EFFECT ON JUNE 30, 1951, FOR COMMODITIES OR SERVICES COVERED BY SPECIFIED MANUFACTURERS' REGULATIONS

INT. 1—REGULATIONS IN EFFECT AS TO MANUFACTURERS ON JUNE 30, 1951

Section 2 of GOR 13 provides that a seller's ceiling price for any commodity under a listed regulation is determined under that regulation if it "was in effect" as to him on June 30, 1951.

This interpretation is intended to clarify the meaning of the phrase "was in effect," and to provide a basis for determining whether a manufacturer had actually put a regulation into effect as to him prior to July 1. It is believed that this interpretation disposes of most of the questions presented to the OPS on this subject, and that application of the tests here stated will provide clear answers. But it is not possible, of course, to anticipate all fact situations; these may require further rulings, not modifying the rules here stated but developing other rules which must be taken into account.

Under GOR 13, a seller to be under CPR 22 or 30 must have exercised his option to put the regulation into effect on or before June 30. If he can show this, then the regulation is in effect as to him for all his products covered by that regulation.

How can a seller show that he put CPR 22 or 30 into effect as to him on or before June 30? He must do this by showing that on or before June 30, he had both complied with the requirements of the regulation and had taken action to put it into effect prior to July 1, either by making price increases effective prior to July 1, or by other action, such as actual written notification to OPS or his customers that he was putting the regulation in effect prior to July 1, 1951.

A necessary prerequisite to put CPR 22 and CPR 30 into effect in the case of a price increase was that a Form 8 be filed more than 15 days prior to putting the increase into effect. Each of these regulations also provides in effect that any seller who made it effective for an increase also made it effective for all decreases.

This means that no one can be said to have put CPR 22 or CPR 30 into effect on or before June 30 who did not receive a return receipt or other acknowledgment showing that his Form 8 proposing a price increase had been received prior to June 15, 1951.

A mere filing of the form, however, does not indicate that CPR 22 or CPR 30 was in effect as to a seller. Many sellers filed their Form 8's before June 15th but did not exercise their option to put into effect either the price increases or price decreases, or both, which would have resulted from the use of the regulations in question. The regulations were not in effect as to these sellers. If, however, prior to July 1, 1951 the sellers, acting pursuant to CPR 22 or CPR 30, made offers in writing, contracts, sales, or deliveries at prices above their GCPR prices, that shows such sellers put the regulations into effect.

When the seller's only action in putting the regulation into effect was in terms applicable solely to deliveries after June 30, 1951, this shows that the seller was putting the regulation into effect after that date and was merely making advance arrangements for deliveries to be governed by ceilings in effect at the time of delivery. In that case, GCPR continues in effect. For example, a manufacturer whose increase was announced only in a price list marked effective July 1, 1951 is still under the GCPR. Where no offers or sales at the CPR 22 or CPR 30 prices were made and no other action was taken to indicate that CPR 22 or CPR 30 was put into effect, the General Ceiling Price Regulation remained in effect as to the seller on June 30, 1951.

A seller may be able to show that he put CPR 22 into effect on or before June 30 by showing that before June 15 he filed Form 8's proposing increases over GCPR ceilings for commodities A and B and actually put the increases into effect on or before June 30 for A. In this situation CPR 22 was generally in effect for the seller on June 30, even as to commodities other than A. If OPS had stopped the proposed increase for commodity B, he would be required to wait for OPS action as to that commodity; OPS will process his form and he can charge the ceiling price for B approved by OPS. Similarly, the mere fact that this seller did not file an additional form as to commodity C on or before June 14 does not preclude him from filing subsequently for that commodity, and he must file Form 8 before he sells commodity C, and comply with the 15-day waiting period if he proposes a price increase for that commodity.

However, if he filed only one Form 8 before June 15 and that was not in effect on June 30 because of OPS action, then CPR 22 was not in effect as to him on June 30.

A seller who has CPR 22 or CPR 30 in effect under GOR 13 has it in effect as to all provisions, including rollbacks, adjustments, supplementary regulations, filings, etc.

What has been said about CPR 22 and CPR 30 applies generally to the other manufacturers' regulations listed in GOR 13. Some of them require no filing and no 15-day waiting period. To show that these regulations were put into effect the seller need not show a filing, but he must show that he either sold at the new higher prices or otherwise took some action which clearly indicated an election to price under the new regulations prior to July 1. Under CPR's 18, 18 Revision 1, 37, and 41, the election could have been made as to individual articles. Under CPR 45, the election applies to all articles in the category, that is, if the seller clearly indicated an election to price any article under CPR 45, his election applies to all articles in the same category, whether the resulting ceiling prices are higher or lower than the GCPR ceiling prices for the articles.

(Sec. 704, Pub. Law 774, 81st Cong.)

EXTENSION OF TIME

Notice is hereby given of an extension, until July 23, 1951, of the period of time within which written data, views, and arguments may be submitted by interested parties for consideration in connection with revised proposed United States Standards for Grades of Edible Sugarcane Molasses.

The revised proposed standards for grades of edible sugarcane molasses are set forth in the notice which was published in the FEDERAL REGISTER on May 17, 1951. (16 F. R. 4620-1)

Done at Washington, D. C., this 9th day of July 1951.

[SEAL] ROY W. LENNARTSON,
Assistant Administrator, Production and Marketing Administration.

Correction

In Federal Register Document 51-7349, published at page 6185 of the issue for Wednesday, June 27, 1951, the following changes are made:

1. In the fourth and fifth lines of § 986.74 (c) (page 6195) the phrase "of alternate member" should read "or alternate member".

2. In § 986.91 the fourth line of the third column on page 6198 should read: "from hops produced by that grower, or ".

INTERSTATE COMMERCE COMMISSION

[49 CFR Part 182]

ALLOCATION OF EXPENSES BETWEEN LINE-HAUL AND PICK-UP AND DELIVERY

NOTICE TO CLASS I MOTOR CARRIERS OF PROPERTY

JULY 9, 1951.

The Commission, having under consideration the Uniform System of Ac-

counts for Class I Motor Carriers of Property, pursuant to authority of section 220 (d) of the Interstate Commerce Act, has approved the revision of Instruction 27, § 182.01–27 *Allocation of expenses between line-haul and pick-up and delivery*, as set forth below.

Instruction 27, as revised, provides that the separation of expenses between those incurred in line-haul operations and in pick-up and delivery operations will be required only of carriers which have gross operating revenues of $500,000 or more annually, and derive over 75 percent of their revenues from the intercity transportation of general commodities as a common carrier.

Other changes in Instruction 27 include (1) additional accounts which are to be subdivided to separate amounts applicable to line-haul and to pick-up and delivery operations, as follows:

5310—Equipment Rents—Debit.
5350—Equipment Rents—Credit.

(2) Amplification of the text of the instruction to include more complete information regarding the manner in which amounts includible in the accounts specified are to be separated and the bases for the separations.

Any interested party may on or before August 15, 1951, file with the Commission a written statement of reasons why the proposed modification of Instruction 27 should not be made and may request oral argument if desired.

Unless modifications are found necessary after full consideration of the matter and of all representations respecting it, Instruction 27, revised as set out below shall become effective October 1, 1951.

[SEAL] W. P. BARTEL,
Secretary.

§ 182.01–27 *Allocation of expenses between line haul and pickup and delivery.* (a) Class I common carriers which derive an average of 75 percent or more of their revenues from the intercity transportation of general commodities and which have average annual gross revenues of $500,000 or more, based on the three calendar years ended December 31, 1950, and on the latest three calendar years thereafter, shall separate expenses between line haul and pickup and delivery as provided in this instruction. Class I motor carriers, other than those specified above, are not required to comply with the provisions of this instruction.

(b) Carriers required to comply with the provisions of this instruction shall separate the amounts includible in the following accounts between those applicable to line haul and those applicable to pickup and delivery:

4130—Repairs and Servicing — Revenue Equipment.
4160—Tires and Tubes—Revenue Equipment.
4230—Drivers and Helpers.
4250—Fuel for Revenue Equipment.
4260—Oil for Revenue Equipment.
4270—Purchased Transportation.
5020—Depreciation of Revenue Equipment.
5210—Gasoline, Other Fuel, and Oil Taxes.
5220—Vehicle License and Registration Fees.
5310—Equipment Rents—Debit.
5350—Equipment Rents—Credit.

(c) The separation between line haul and pickup and delivery expenses in the accounts listed above shall be made in the following manner:

(1) *Classification of expenses, other than wages of drivers and helpers.* (i) All expenses for vehicles classified (see paragraph (b) of this section) as "line haul" shall be entered in the line haul subdivisions of the accounts, and all the expenses for vehicles classified as "pick-up and delivery" shall be entered in the pickup and delivery subdivisions of the accounts.

In no case shall the expenses of a vehicle be split between the two subdivisions of an account.

(ii) For the purpose of separating the expenses each revenue vehicle (truck, tractor or trailer) shall be classified as "line haul" or "pickup and delivery," according to the service in which it is predominantly employed.

Include in the "line haul" classification all revenue vehicles predominantly engaged in the transportation of property in terminal-to-terminal, peddle, and other intercity service. Peddle trips are trips operated out of a local area, consisting of a city or town and contiguous suburban districts, for the purpose of delivering freight to consignees and gathering freight from consignors at points outside such area. The incidental or occasional use in pickup and delivery or local cartage service of vehicles regularly employed in line-haul service would not affect their classification as "line haul."

Include in the "pickup and delivery" classification all revenue vehicles predominantly employed in pickup and delivery service and local cartage service within a local area as defined above. The incidental or occasional use in line-haul service of vehicles regularly employed in pickup and delivery or local cartage service would not affect their classification as "pickup and delivery."

Where a vehicle or fleet of vehicles is used with complete interchangeability in the carrier's regular line-haul and pickup and delivery services, and a separation based on predominant use is not feasible, such vehicle or fleet of vehicles should be classified as "line haul."

Where vehicles assigned to over-night intercity runs, are also used more or less regularly during the day in the carrier's general pickup and delivery service, such vehicles should be classified as "line haul."

(2) *Classification of wages of drivers and helpers.* (i) The separation of drivers' and helpers' wages between the "line haul" and "pickup and delivery" subdivisions of account 4230, Drivers and Helpers, shall be made according to the type of service performed by the employee. Thus, if a driver makes a line haul trip, whether terminal-to-terminal, peddle, or other, his wages for the trip shall be charged to the "line haul" subdivision of the account, irrespective of whether the vehicle used for the trip has been classified as "line haul" or "pickup and delivery." Similarly, if a driver is engaged in the carrier's general pickup and delivery service, his wages while so employed shall be charged to the "pickup and delivery" subdivision of the account, irrespective of whether the vehicle used in making the pickups and deliveries has been classified as "pickup and delivery" or "line haul."

(ii) Where a driver making a line-haul trip picks up or delivers all or part of his load at point of origin or destination or points en route, the entire wages of the driver shall be charged to the "line haul" subdivision of account 4230, except that where the driver's compensation for the pickup and delivery work performed is computed separately for payroll purposes it shall be charged to the "pickup and delivery" subdivision.

(iii) Where a driver spends part of the day in making a line-haul trip after which he is assigned to the carrier's general pickup and delivery service, his wages for the line-haul trip shall be charged to the "line haul" subdivision of the account and his wages for the pickup and delivery work performed shall be charged to the "pickup and delivery" subdivision.

(iv) Also, where a driver is employed in either line-haul or pickup and delivery service and, in addition, is regularly assigned for a part of his time to platform work at the carrier's terminal, including the loading or unloading of his own or other vehicles, his wages for the time so employed shall be charged to account 4340, Salaries and Wages, Platform Employees (see instruction 11, § 182.01–11).

(d) Any carrier which finds it impracticable to segregate expenses as required by this instruction should furnish the Commission with full particulars of the conditions which prevent the proper segregation. Upon receipt of such information carriers will be advised of the procedure to be followed.

SECURITIES AND EXCHANGE COMMISSION

[17 CFR Part 240]

REPORTS BY CANADIAN BANKS

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the Securities and Exchange Commission has under consideration a proposal for the adoption of a rule dealing with reports filed pursuant to section 15 (d) of the act by Canadian banks. The proposed rule would permit such banks to file as their annual reports under the act the information and documents which they are required by the Bank Act of Canada to furnish to their stockholders. The rule further provides that current and quarterly reports would not be required to be filed by such banks. The text of the proposed rule (Rule X-15D–14) is as follows:

§ 240.15d–14 *Reports by Canadian Banks.* (a) Any bank existing under the laws of the Dominion of Canada and subject to the Bank Act of Canada may file as its annual report pursuant to § 240.15d–1 the information and documents which such bank is required by section 53 of such act, or any section superseding such section, to furnish to its stockholders. Such information and documents, if not in the English language, shall be accompanied by an English translation, shall be filed under cover of the facing sheet of Form 10–K, and shall be accompanied by the signatures required by that form. Such annual report shall be filed with the Commission not later than the expiration of the period specified in the act within which such information and documents are required to be sent to stockholders.

(b) Any such bank filing annual reports pursuant to this section need not file current reports pursuant to § 240.15d–11 or quarterly reports pursuant to § 240.15d–13.

All interested persons are invited to submit data, views and comments on the proposed rule in writing to the Securities and Exchange Commission at its principal office, 425 Second Street NW., Washington 25, D. C., on or before July 20, 1951.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

ECONOMIC STABILIZATION AGENCY

Office of Price Stabilization

[Ceiling Price Regulation 7, Section 43, Special Order 67, Amendment 1]

CHESTER H. ROTH CO., INC.

CEILING PRICES AT RETAIL

Statement of considerations. Special Order 67, under section 43 of Ceiling Price Regulation 7, issued on June 4, 1951, established ceiling prices for sales at retail of socks and stockings distributed by Chester H. Roth Co., Inc., under the brand names "Esquire Socks," "Fruit of the Loom Socks," and "Schiaparelli Stockings". The special order required the distributor to mark each article listed in the special order with the retail ceiling price fixed under the special order, or to attach to each article a label, tag or ticket stating the retail ceiling price. Applicant was required to comply with this preticketing provision on and after July 5, 1951.

Chester H. Roth Co., Inc., has filed an application for an extension of time in which to meet this preticketing requirement. The application points out that the applicant has in various mills and in their warehouse a large number of items covered by the special order which are pre-ticketed with their retail prices and boxed, and that to require the applicant to open each one of these boxes, take out the merchandise, remove old price labels and affix new labels would create undue hardship both by way of expense and time.

Under the special circumstances set forth by the applicant, the Director has determined that the requested amendment should be granted in part.

AMENDATORY PROVISIONS

Special Order 67 under Ceiling Price Regulation 7, section 43, is amended in the following respects:

1. In paragraph 4, substitute for the mark or statement

OPS—Sec. 43—CPR 7
Price $--------

the following mark or statement:

$--------

2. Add to paragraph 4, following the last sentence appearing therein, the following:

On and after January 5, 1952, Chester H. Roth Co., Inc., must mark each article listed in paragraphs 1, 2 (a) and 2 (b) of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $--------

On and after February 5, 1952, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to February 5, 1952, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging and posting requirements of the regulation which would apply in the absence of this special order.

Effective date. This amendment shall become effective on July 12, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 12, 1951.

HOUSING AND HOME FINANCE AGENCY

Office of the Administrator

SPECIAL REPRESENTATIVES OF HOUSING AND HOME FINANCE ADMINISTRATOR

DELEGATION OF AUTHORITY TO PERFORM FUNCTIONS IN CONNECTION WITH RELAXATION OF HOUSING CREDIT CONTROLS IN AREAS AFFECTED BY SAVANNAH RIVER (S. C. AND GA.), PADUCAH (KY.), AND REACTOR TESTING STATION (IDAHO) INSTALLATIONS OF ATOMIC ENERGY COMMISSION

The delegation of authority, effective April 14, 1951 (16 F. R. 3319), from the Housing and Home Finance Administrator to Paul E. Ferrero (Savannah River Office, Aiken, S. C.), Joseph Tufts (Paducah, Ky.), and Phil A. Doyle (Idaho Falls, Idaho), is hereby amended to read as follows:

McClellan Ratchford (Savannah River Office, Aiken, S. C.), Joseph Tufts (Paducah, Ky.), and Phil A. Doyle (Idaho Falls, Idaho), Special Representatives of the Housing and Home Finance Administrator, Office of the Administrator, Housing and Home Finance Agency, each is hereby authorized, in his respective assigned area, to take any action (including the making of any determination and the approval of any application) which it is necessary or appropriate for the Housing and Home Finance Administrator to take in the administration of Housing and Home Finance Agency Regulation CR 2, 16 F. R. 2232 (1951), as now or hereafter amended, which regulation pertains to the processing and approval, for the areas affected by the Savannah River (S. C. and Ga.), Paducah (Ky.), and Reactor Testing Station (Idaho) installations of the Atomic Energy Commission, of exceptions from residential credit restrictions otherwise applicable and to the terms and conditions attached to such approval.

Any action taken by any of the aforementioned delegates in this connection i hereby ratified, confirmed and adopted.

This delegation of authority supersedes the prior delegation (effective March 10, 1951, 16 F. R. 2610) from the Housing and Home Finance Administrator to Paul E. Ferrero, Jr. and Joseph Tufts.

(Reorg. Plan No. 3 of 1947, 61 Stat. 954 (1947); 62 Stat. 1268, 1283–85 (1948), 12 U. S. C. 1701c (Supp. 1949), as amended, Pub. Law 475, 81st Cong., 2d Sess., sec. 503 (1) (Apr. 20, 1950); Titles VI and VII, Pub. Law 774, 81st Cong., 64 Stat. 812–822; Secs. 501, 502 and 902, E. O. 10161, Sept. 9, 1950, 15 F. INTERSTATE COMMERCE COMMISSION

[S. O. 878, General Permit 1-F]

CARLOAD FREIGHT

LOADING REQUIREMENTS

Pursuant to the authority vested in me in paragraph (e) of Service Order No. 878 (16 F. R. 5768), permission is granted for any common carrier by railroad subject to the Interstate Commerce Act to disregard the provisions of Service Order No. 878 insofar as they apply to carload freight (including import, coastwise, and intercoastal freight) moving first by water on the high seas to a port in the continental United States and thence by rail in a single car, or moving first by water on the high seas to a port in the continental United States, thence by an inland water carrier to another point in the continental United States, and thence by rail in a single car to destination when, in either case, such carload freight moves as a complete order from both the point it is first shipped by water and the point it is reshipped by rail.

The shipping instructions and waybills shall show reference to this general permit, and any consignor forwarding cars under this general permit shall furnish the Permit Agent with the dates forwarded, car numbers, initials, weights and destinations of the cars shipped under this general permit; such information to be furnished on the first day of each month.

This general permit shall become effective at 12:01 a. m., July 16, 1951, and shall expire at 11:59 p. m., November 30, 1951, unless otherwise modified, changed, suspended or revoked.

A copy of this general permit has been served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement, and notice of this permit shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., this 6th day of July 1951.

HOWARD S. KLINE,
Permit Agent.

[S. O. 878, General Permit 2-F]

BARRELS OR DRUMS

LOADING REQUIREMENTS

Pursuant to the authority vested in me in paragraph (e) of Service Order No. 878 (16 F. R. 5768), permission is granted for any common carrier by railroad subject to the Interstate Commerce Act to disregard the provisions of Service Order No. 878 insofar as they apply to any car loaded with any commodity named in Appendix A in barrels or drums weighing 500 pounds or more when such barrels or drums are loaded on end one tier high covering the entire floor space of the car, and/or in barrels or drums weighing 250 pounds or more each and less than 500 pounds loaded on end two tiers high covering the entire floor space of the car.

The shipping instructions and waybills shall show reference to this general permit, and any consignor forwarding cars under this general permit shall furnish the Permit Agent with the dates forwarded, car numbers, initials, weights and destinations of the cars shipped under this general permit; such information to be furnished on the first day of each month.

This general permit shall become effective at 12:01 a. m., July 16, 1951, and shall expire at 11:59 p. m., November 30, 1951, unless otherwise modified, changed, suspended or revoked.

A copy of this general permit has been served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement, and notice of this permit shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., this 6th day of July 1951.

HOWARD S. KLINE,
Permit Agent.

[4th Sec. Application 26247]

PETROLEUM PRODUCTS FROM NORFOLK AND PORTSMOUTH, VA., TO HENDERSON, N. C.

APPLICATION FOR RELIEF

JULY 10, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for the Atlantic and Danville Railway Company and Southern Railway Company.

Commodities involved: Gasoline and other petroleum products, in tank-car loads.

From: Norfolk and Portsmouth, Va.

To: Henderson, N. C.

Grounds for relief: Circuitous routes.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, ICC No. 1065, supp. 235.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

CARBON DIOXIDE FROM SALTVILLE, VA., TO THE SOUTH

APPLICATION FOR RELIEF

JULY 10, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to Agent C. A. Spaninger's tariff ICC No. 1251.

Commodities involved: Carbon dioxide, solidified (dry ice), carloads.

From: Saltville, Va.

To: Atlanta, Ga., Birmingham, Ala., New Orleans, La., and other specified points in southern territory.

Grounds for relief: Circuitous routes, to apply over short tariff routes rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, ICC No. 1251, supp. 1.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. [4th Sec. Application 26249]

HAY AND RELATED ARTICLES BETWEEN POINTS IN THE SOUTHWEST

APPLICATION FOR RELIEF

JULY 10, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by D. Q. Marsh, Agent, for carriers parties to fourth section applications Nos. 20537 and 16299.

Commodities involved: Hay and related articles, carloads.

From, to and between points in the Southwest, including eastern Colorado, New Mexico, Kansas, southern Missouri and Mississippi River Crossings.

Grounds for relief: Circuitous routes, to apply over short tariff routes rates constructed on the basis of the short line distance formula.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2654]

CONSOLIDATED NATURAL GAS CO. ET AL.

NOTICE REGARDING PROPOSED ISSUANCE OF COMMON STOCK AND NOTES TO REGISTERED HOLDING COMPANY BY SUBSIDIARY COMPANIES

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 6th day of July A. D. 1951.

In the matter of Consolidated Natural Gas Company, the East Ohio Gas Company, Hope Natural Gas Company, New York State Natural Gas Corporation, File No. 70-2654.

Notice is hereby given that a joint application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("act") by Consolidated Natural Gas Company ("Consolidated"), a registered holding company, and The East Ohio Gas Company ("East Ohio"), and Hope Natural Gas Company ("Hope"), wholly owned public utility subsidiaries of Consolidated, and New York State Natural Gas Corporation ("New York Natural"), a wholly owned nonutility subsidiary of Consolidated. Applicants-declarants have designated sections 6 (b), 9 (a), 10, 12 (b) and 12 (f) of the act and Rule U-43 promulgated thereunder, as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than July 18, 1951, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application-declaration proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after July 18, 1951, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application-declaration which is on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

East Ohio proposes to issue and sell to Consolidated and Consolidated proposes to acquire, 80,000 shares of $100 par value capital stock of East Ohio for an aggregate consideration of $8,000,000. Such stock is to be issued from time to time within the twelve-month period ending July 1, 1952, as financing is required by East Ohio in the carrying out of its construction program.

Consolidated proposes to loan to Hope and Hope proposes to borrow from Consolidated, an aggregate amount of $5,000,000 at an interest rate of 3¼ percent per annum on non-negotiable notes of Hope maturing as follows: $500,000 on March 31, 1954, and $500,000 on each March 31 thereafter to and including March 31, 1963. The loans are to be made from time to time within the twelve-month period ending July 1, 1952, as financing is required by Hope in carrying out its construction program.

Consolidated further proposes to loan to New York Natural and New York Natural proposes to borrow from Consolidated, an aggregate amount of $33,000,000 at an interest rate of 3¼ percent per annum on non-negotiable notes of New York Natural maturing as follows: $1,000,000 on March 31, 1954, and $1,000,000 on each March 31 thereafter to and including March 31, 1956; and $1,500,000 on March 31, 1957, and $1,500,000 on each March 31 thereafter to and including March 31, 1976. The loans are to be made from time to time within the twelve-month period ending July 1, 1952, as financing is required by New York Natural in carrying out its construction program.

The application-declaration states that The Public Utilities Commission of Ohio has jurisdiction over the proposed issuance of additional capital stock by East Ohio to Consolidated, and that The Public Service Commission of West Virginia has jurisdiction over the proposed borrowings by Hope from Consolidated. Copies of the orders of the said Commissions will be supplied by amendment to the application-declaration.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

[File No. 70-2663]

AMERICAN NATURAL GAS CO. AND MICHIGAN CONSOLIDATED GAS CO.

NOTICE OF FILING REGARDING ISSUANCE AND SALE OF BONDS AND ISSUANCE AND SALE OF COMMON STOCK TO PARENT HOLDING COMPANY

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 6th day of July A. D. 1951.

Notice is hereby given that a joint application-declaration has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("act"), by American Natural Gas Company ("American Natural"), a registered holding company, and its public utility subsidiary, Michigan Consolidated Gas Company ("Michigan Consolidated"). Applicants-declarants have designated sections 6 (b), 9, 10, and 12 (f) of the act and Rules U-43 and U-50, promulgated thereunder as applicable to the proposed transactions.

All interested persons are referred to the application-declaration on file in the office of the Commission for a statement of the transactions therein proposed, which may be summarized as follows:

Michigan Consolidated proposes to issue and sell at competitive bidding, pursuant to the provisions of Rule U-50, $15,000,000 principal amount of First Mortgage Bonds, ____ percent series due 1976. The bonds are to be dated August 1, 1951, and are to be issued under and secured by the company's Indenture of Mortgage and Deed of Trust dated March 1, 1944, as heretofore supplemented and as to be further supplemented by a Fifth Supplemental Indenture to be dated as of August 1, 1951. The interest rate on the bonds (which shall be a multiple of ⅛ of 1 percent) and the price, exclusive of accrued interest, to be received by the Company (which shall not be less than 100 percent nor more than 102.75 percent of the principal amount of said bonds) are to be determined by competitive bidding.

At or prior to the issuance and sale of the proposed bonds, Michigan Consolidated proposes to issue and sell to its parent, American Natural, at the par value thereof, $14 per share, 358,000 shares of common stock for an aggregate cash consideration of $5,012,000. In order to make possible the proposed issuance and sale of said common stock, Michigan Consolidated proposes to increase its authorized common stock from 4,200,000 shares to 4,500,000 shares of the par value of $14 per share, by appropriate amendment of its Articles of Incorporation.

The filing states that approximately $4,000,000 of the proceeds from the sale of the proposed bonds will be deposited with the Indenture Trustee and be subject to withdrawal against the certification of unbonded net property additions. The remainder of the net proceeds from the sale of the bonds and of the additional shares of common stock is to be used for the payment of interim short-term bank borrowings of Michigan Consolidated in the principal amount of $4,000,000, estimated to be incurred prior to the consummation of the proposed financing, and to provide funds for the expansion of facilities and to reimburse the treasury of Michigan Consolidated for expenditures made for that purpose.

The application-declaration further states that the proposed issuance and sale of the bonds and common stock by Michigan Consolidated are subject to the jurisdiction of the Michigan Public Service Commission, that a certified copy of the order of that Commission is to be filed in this proceeding, and that no other regulatory authority except the Securities and Exchange Commission has jurisdiction over the proposed transactions.

The application-declaration also states that the proposed issuance and sale of the additional common stock by Michigan Consolidated is exempt from the competitive bidding requirements of Rule U-50 by virtue of the provisions of paragraph (a) (3) of Rule U-50.

Notice is hereby given that any interested person may, not later than July 19, 1951, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held with respect to the application-declaration, stating the nature of his interest, the reasons for such request and the issues of fact or law raised by said application-declaration which he desires to controvert or may request that he be notified if the Commission should order a hearing with respect thereto. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after July 19, 1951, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the Rules and Regulations promulgated under the act or the Commission may exempt the

proposed transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[F. R. Doc. 51-8038; Filed, July 12, 1951; 8:45 a. m.]

[File No. 70-2657]

WORCESTER COUNTY ELECTRIC CO.

NOTICE OF PROPOSED NOTE ISSUES

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 5th day of July A. D. 1951.

Notice is hereby given that Worcester County Electric Company ("Worcester County"), a public utility subsidiary company of New England Electric System ("NEES"), a registered holding company, has filed a declaration pursuant to the Public Utility Holding Company Act of 1935. The filing has designated section 7 of the act as being applicable to the transactions described therein.

Notice is further given that any interested person may, not later than July 20, 1951, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said declaration proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after July 20, 1951, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said declaration which is on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Worcester County proposes to issue to The First National Bank of Boston, from time to time but not later than September 30, 1951, promissory notes in an aggregate principal amount not in excess of $1,000,000. Said notes will mature six months after the respective dates thereof and will bear interest at the prime interest rate charged by banks for such notes at the time said notes are issued. It is stated in said declaration that said prime interest rate at the present time is 2½ percent. If said prime interest rate is in excess of 2¾ percent at the time any of such notes is issued, Worcester County will file an amendment to this declaration setting forth therein the principal amount of the note or notes proposed to be issued and the rate of interest thereon at least five days prior to the execution and delivery thereof and Worcester County requests that, unless the Commission notifies it to the contrary within said five day period, such amendment will become effective at the end of such period. The declaration states that the proposed notes may be prepaid, in whole or in part, prior to maturity.

As at April 30, 1951, Worcester County had outstanding $1,500,000 principal amount of 2½ percent short-term promissory notes and proposes in this declaration that the maximum principal amount of all of its promissory notes to be outstanding on, or at any time prior to, September 30, 1951, will not be in excess of $2,500,000.

The declaration states that the proceeds to be derived from the proposed issuance of $1,000,000 principal amount of promissory notes will be used by Worcester County to pay for construction work to September 30, 1951, or to reimburse Worcester County's treasury because of prior construction expenditures.

The declaration further states that if any permanent financing is done by Worcester County prior to September 30, 1951, it will apply the proceeds therefrom in reduction of, or in total payment of its then outstanding promissory notes and the balance, if any, of the aggregate face amount of promissory notes authorized by this Commission, but unissued by Worcester County, will be reduced by the amount, if any, by which such permanent financing exceeds the promissory notes of Worcester County at the time outstanding. Worcester County has stated that it expects that the proposed note indebtedness will be financed permanently through the issuance of common stock to NEES in the latter part of 1951 and has been advised that NEES expects to have the necessary funds to invest in such common stock from the proceeds of the sale of the system's gas properties in Massachusetts.

The declaration further states that incidental services in connection with the proposed transactions will be performed, at cost, by New England Power Service Company, an affiliated service company, such cost being estimated not to exceed $750.

The declaration further states that no State commission or Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Worcester County requests that the Commission's Order herein become effective upon issuance thereof.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[F. R. Doc. 51-8039; Filed, July 12, 1951; 8:46 a. m.]

[File No. 54-184]

UNITED CORP.

ORDER DENYING PETITION FOR REHEARING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 6th day of July A. D. 1951.

Randolph Phillips, a holder of common stock of The United Corporation ("United"), a registered holding company, having filed a petition on July 2, 1951, requesting a rehearing by the Commission with respect to its Findings and Opinion, issued on June 15, 1951 (Holding Company Act Release No. 10614) in these proceedings pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, insofar as such Findings and Opinion reach the conclusion that the standards of the act do not require that the Commission's approval of the plan filed by United be conditioned on the inclusion in United's Certificate of Incorporation of a provision making elimination or change of cumulative voting rights dependent upon the obtaining of the consent of the holders of two-thirds of the outstanding voting stock of United;

The said petition having further requested that, in the event a rehearing is not granted, the Commission reserve jurisdiction so as to make any change in the cumulative voting rights subject to its prior consent and approval;

United having filed an answer in opposition to the said petition;

The Commission having duly considered the petition and the grounds set forth therein, and it appearing that said petition raises no issues not previously presented to the Commission and considered in its Findings and Opinion of June 15, 1951, and in connection with its Memorandum Opinion and Order dated June 26, 1951 (Holding Company Act Release No. 10643);

After due consideration the Commission finding that no adequate basis has been presented for granting the requests embraced by said petition;

It is ordered, That the petition for rehearing and request for reservation of jurisdiction contained therein filed by Randolph Phillips be, and they hereby are, in all respects denied.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[F. R. Doc. 51-8040; Filed, July 12, 1951; 8:46 a. m.]

[File No. 70-2655]

CENTRAL VERMONT PUBLIC SERVICE CORP.

NOTICE OF PROPOSED ISSUANCE AND SALE OF BONDS AND NOTES

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 9th day of July A. D. 1951.

Notice is hereby given that an application, and amendments thereto, have been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("act"), by Central Vermont Public Service Corporation ("Central Vermont"), a public utility subsidiary of New England Public Service Company, a registered holding company. Applicant has designated section 6 (b) of the act and Rule U-50 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than July 18, 1951, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after July 18, 1951, said application, as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application, as amended, which is on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Central Vermont proposes to issue and sell, pursuant to the competitive bidding requirements of Rule U-50, $2,000,000 principal amount of First Mortgage __ Percent Bonds, Series G, due 1981. The interest rate on said bonds (to be a multiple of ⅛ of 1 percent) and the price, exclusive of accrued interest, to be received by the company (to be not less than 100 percent nor more than 102.75 percent of the principal amount of said bonds) are to be determined at competitive bidding. The bonds are to be issued under and secured by a Mortgage to Old Colony Trust Company, Trustee, dated October 1, 1929, as supplemented by various Indentures, including a proposed Supplemental Indenture to be dated August 1, 1951. The company will apply $1,000,000 of the proceeds from the sale to the reduction of short-term borrowings incurred for interim financing of its construction requirements, and will use the remaining proceeds for other corporate purposes, including its construction requirements.

Central Vermont also proposes to issue or renew, from time to time after the sale of the bonds, until December 31, 1951, notes having a maturity of nine months or less up to the maximum amount of $1,600,000 (including notes outstanding as of June 22, 1951 in the amount of $1,450,000). The company anticipates that it will be able to borrow the required funds at an interest rate of not exceeding 2¾ percent per annum. It states that if the interest rate on any of the notes should exceed 2¾ percent, it will file an amendment to its application at least five days prior to the execution and delivery of the note, and asks that such amendment become effective without further order of the Commission at the end of the five-day period unless the Commission shall have notified the company to the contrary. The aggregate amount of the short-term notes proposed to be issued will exceed 5 percent of the principal amount and par value of the other securities of the company then outstanding.

The company estimates that expenditures for its construction program for the last eight months of 1951 and for 1952 will amount to $2,724,000 and $2,100,000, respectively, and that $3,400,000 will be required for this purpose from outside sources. The application states that it is the present desire of the company to refund the short-term notes and raise funds to finance a substantial part of its construction program through the issuance and sale of common stock. However, it states that it does not believe it is advisable to attempt to market its common stock at this time, but believes that it will be in a position to market common stock before the end of 1951.

Central Vermont estimates that its fees and expenses in connection with the proposed transactions will amount to $28,000, including printing costs of $9,500, Trustees' fees and expenses of $3,050, accountants' fees of $3,250 and counsel fees of $7,000.

It is represented that the Vermont Public Service Commission, the regulatory commission of the State in which the company is organized and doing business, has jurisdiction over the proposed issuance and sale of the bonds and that a copy of the order of said Commission authorizing the transaction will be supplied by amendment. It is further represented that no regulatory authority, other than this Commission, has jurisdiction over the proposed issuance or renewal of the notes.

It is requested that the Commission's order herein be issued on or before July 20, 1951, and that it become effective upon the issuance thereof.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[F. R. Doc. 51-8041; Filed, July 12, 1951; 8:46 a. m.]

NEW YORK CURB EXCHANGE

RECORD DISPOSAL PLAN

The Securities and Exchange Commission has announced that it has declared effective the Plan filed on May 24, 1951, by the New York Curb Exchange, pursuant to § 240.17a-6 (Rule X-17A-6) under the Securities Exchange Act of 1934 for disposal of the following material filed with that Exchange pursuant to the stated sections of the act or the rules and regulations thereunder.

(1) Applications and reports filed pursuant to sections 12 and 13 which have been on file for more than 5 years.

(2) Documents and reports filed pursuant to sections 14 and 16 which have been on file for more than 5 years after the termination of listing and registration of all equity securities of a registrant on the New York Curb Exchange.

However, in the case of a registrant the listing and registration of all of whose securities have been terminated on the New York Curb Exchange by reason of their listing and registration on the New York Stock Exchange, the complete registration file for the securities and the reports filed pursuant to section 16, then on file with the New York Curb Exchange will, at the request of the registrant or the New York Stock Exchange, be transferred to the New York Stock Exchange at the time registration of the securities on that Exchange becomes effective. In these cases, documents filed pursuant to section 14 will not be so transferred but will be disposed of in accordance with the provisions of (2) above.

Under the Plan, regular disposition will be made of similar material in May of each year.

The purpose of the Plan is to alleviate the record storage problems of the Exchange and to facilitate the availability of material filed with the Exchange within five years. Information contained in the material to be disposed of by the Exchange is on file with the Commission where it will continue to be available.

The above Plan was declared effective on the condition that if at any time it appears to the Commission necessary or appropriate in the public interest or for the protection of investors, the Commission may suspend or terminate the effectiveness of the said Plan by sending at least 10 days' written notice to the Exchange. Notice of the Commission's proposal to declare this Plan effective was published for comment in Securities Exchange Act Release No. 4612.

The text of the Commission's action follows:

The Securities and Exchange Commission, acting pursuant to the Securities Exchange Act of 1934, particularly sections 17 (a), 23 (a), and 24 (b) thereof and § 240.17a-6 (Rule X-17A-6) thereunder, having due regard for the public interest and for the protection of investors, and deeming it necessary in the public interest, for the protection of investors and for the exercise of the functions vested in it, does hereby declare effective the Plan filed on May 24, 1951, by the New York Curb Exchange pursuant to Rule X-17A-6, on condition that if at any time it appears to the Commission necessary or appropriate in the public interest or for the protection of investors so to do, the Commission may suspend or terminate the effectiveness of said Plan by sending at least 10 days' written notice to the Exchange.

The Commission finds that Rule X-17A-6 and this action taken thereunder have the effect of granting exemption and relieving restriction, and that this action therefore may be and is hereby declared to be effective July 5, 1951.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

JULY 5, 1951.

[Return Order 1007]

BANCO DI SICILIA

Having considered the claim set forth below and having issued a determina-

tion allowing the claim, which is incorporated by reference herein and filed herewith,

It is ordered, That the claimed property, described below and in the determination, be returned, subject to any increase or decrease resulting from the administration thereof prior to return, and after adequate provision for taxes and conservatory expenses:

Claimant; Claim No., Notice of Intention To Return Published, and Property

Banco di Sicilia, Palermo, Italy; Claim No. 5288; May 24, 1951 (16 F. R. 4913); 100 shares of common capital stock of Orma Realty Corporation, a New York corporation, registered in the name of the Alien Property Custodian, Account No. 38-52, evidenced by Certificate No. 11, dated August 14, 1942, presently in the custody of the Federal Reserve Bank of New York. A promissory note in the amount of $314,455, dated May 5, 1928, executed by Orma Realty Corp., payable on demand to the claimant, and bearing interest at the rate of 3 percent, presently in the custody of the Office of Alien Property, New York, N. Y.

Appropriate documents and papers effectuating this order will issue.

Executed at Washington, D. C., on July 3, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 51-8058; Filed, July 12, 1951; 8:48 a. m.]

[Return Order 1009]

KATHLEEN KERSTING

Having considered the claim set forth below and having issued a determination allowing the claim, which is incorporated by reference herein and filed herewith,

It is ordered, That the claimed property, described below and in the determination, be returned, subject to any increase or decrease resulting from the administration thereof prior to return, and after adequate provision for taxes and conservatory expenses:

Claimant, Claim No., Notice of Intention To Return Published, and Property

Kathleen Kersting, Milan, Italy; Claim No. 5520; May 23, 1951 (16 F. R. 4824), $2,199.42 in the Treasury of the United States. Real property located at 1851 South Broadway (Lawrence) Avenue, Wichita, Kansas, more particularly described as lots 140 and 142 on South Lawrence Avenue in English's Seventh Addition, according to the recorded plat thereof, City of Wichita, County of Sedgwick, State of Kansas.

Appropriate documents and papers effectuating this order will issue.

Executed at Washington, D. C., on July 3, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 51-8059; Filed, July 12, 1951; 8:49 a. m.]

[Return Order 1011]

FELIX JEAN LOUIS ALEXANDRE AMIOT

Having considered the claim set forth below and having issued a determination allowing the claim, which is incorporated by reference herein and filed herewith,

It is ordered, That the claimed property, described below and in the determination, including all royalties accrued thereunder and all damages and profits recoverable for past infringement thereof, be returned after adequate provision for taxes and conservatory expenses:

Claimant, Claim No., Notice of Intention To Return Published, and Property

Felix Jean Louis Alexandre Amiot, Cherbourg, France; Claim No. 26148; May 24, 1951 (16 F. R. 4913); property described in Vesting Order No. 293 (7 F. R. 9836, November 26, 1942) relating to Patent Application Serial Nos. 268,683; 268,679 (now United States Letters Patent No. 2,319,285) and 272,281 (now United States Letters Patent No. 2,369,515); property described in Vesting Order No. 666 (8 F. R. 5047, April 17, 1943) relating to United States Letters Patent Nos. 2,292,731; 2,266,682; 2,246,494; 2,246,493; 2,234,394 and 2,234,393. This return shall not be deemed to include the rights of any licensees under the above patent application and patents.

Appropriate documents and papers effectuating this order will issue.

Executed at Washington, D. C., on July 3, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 51-8060; Filed, July 12, 1951; 8:49 a. m.]

[Return Order 1014]

MARCEL PAUL DURAND

Having considered the claim set forth below and having issued a determination allowing the claim, which is incorporated by reference herein and filed herewith,

It is ordered, That the claimed property, described below and in the determination, including all royalties accrued thereunder and all damages and profits recoverable for past infringement thereof, be returned after adequate provision for taxes and conservatory expenses:

Claimant, Claim No., Notice of Intention To Return Published, and Property

Marcel Paul Durand, St. Germain on Laye, France; Claim No. 5099; May 24, 1951 (16 F. R. 4913); property described in Vesting Order No. 293 (7 F. R. 9836, November 26, 1942) relating to Patent Application Serial No. 431,207 (now United States Letters Patent No. 2,342,795). This return shall not be deemed to include the rights of any licensees under the above patent.

Appropriate documents and papers effectuating this order will issue.

Executed at Washington, D. C., on July 3, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

TITLE 6—AGRICULTURAL CREDIT

Chapter IV—Production and Marketing Administration and Commodity Credit Corporation, Department of Agriculture

Subchapter C—Loans, Purchases and Other Operations

[1949 C. C. C. Corn Bulletin 1, Supplement 3]

PART 606—CORN

SUBPART—1949 CORN EXTENDED RESEAL LOAN PROGRAM

This bulletin states the requirements with respect to a program (hereinafter referred to as the Corn Extended Reseal Loan Program) to extend reseal loans on 1949-crop corn in farm-storage. The program has been formulated by the Commodity Credit Corporation (hereinafter referred to as CCC) and the Production and Marketing Administration (hereinafter referred to as PMA) as part of the 1949 Corn Price Support Program (14 F. R. 6039, 6161, 6278 and 15 F. R. 1584, 2775, 3603, 3605 and 5465). The program will be carried out by PMA under the general supervision and direction of the President, CCC.

Sec.
606.150 Applicable sections of 1949 corn price support program.
606.151 Availability.
606.152 Eligible producer.
606.153 Eligible corn.
606.154 Approved storage.
606.155 Quantity eligible for extended reseal loans.
606.156 Service charges.
606.157 Storage and track-loading payments.
606.158 Maturity and satisfaction.
606.159 Support rates.
606.160 Commingling of corn in storage.
606.161 PMA commodity offices.

AUTHORITY: §§ 606.150 to 606.161 issued under sec. 4, 62 Stat. 1070; 15 U. S. C. 714b. Interpret or apply secs. 4, 5, 62 Stat. 1070, 1072; 15 U. S. C. 714b, 714c.

§ 606.150 *Applicable sections of 1949 Corn Price Support Program.* The following sections of the 1949 Corn Price Support Program published in 14 F. R. 6039, 6161, and 15 F. R. 1584, 2775, 3603, 3605, and 5465 shall be applicable in their entirety to the 1949 Corn Extended Reseal Loan Program: §§ 606.101, *Administration;* 606.108, *Determination of quantity;* 606.109, *Determination of dockage;* 606.110, *Liens;* 606.113, *Interest rate;* 606.115, *Safeguarding of the corn;* 606.116, *Insurance;* 606.117, *Loss or damage to the corn;* 606.118, *Personal liability;* 606.120, *Removal of the corn under loan;* 606.121, *Release of the corn under loan;* 606.122, *Purchase of notes;* 606.126, *Basic support rates;* 606.140, *Approved forms;* 606.141, *Set-offs;* 606.144, *Transfer of producer's equity.* Other sections of the 1949 Corn Price Support Program Bulletin shall be applicable to the extent indicated in this subpart.

§ 606.151 *Availablity*—(a) *Area.* The extended reseal loan program will be available in all areas where it is determined by the PMA State Committees that the 1949-crop corn under a farm-storage reseal loan can be safely stored for another year.

(b) *Time and source.* The producer who has a reseal loan and who desires to extend such loan must make application to the county committee which approved his reseal loan before the final date for delivery specified in the delivery instruction issued to him by the county committee on Form CL-15.

§ 606.152 *Eligible producer.* An eligible producer shall be any individual, partnership, association, corporation, or other legal entity who produced the corn in 1949 as landowner, landlord, tenant, or sharecropper and who has completed a reseal farm-storage loan on corn of the 1949 crop.

§ 606.153 *Eligible corn.* (a) To be eligible for an extended reseal loan, the corn must be ear or shelled corn in farm-storage presently under a reseal loan, and must meet eligibility requirements for loans as provided in the 1949 Corn Price Support Program.

(b) The commodity loan inspector shall with the producer inspect the corn. A representative sample of the corn shall be taken and submitted for grade analysis.

§ 606.154 *Approved storage.* Corn covered by any extended reseal loans must be stored in structures located on the farm, or off the farm, provided no warehouse receipt is outstanding, which, as determined by the county committee, are of such substantial and permanent construction as to afford safe storage of

the corn. If the storage structure is owned or controlled by some person other than the producer and has not been leased by the producer for a term extending through September 30, 1952, consent for storage for the period ending September 30, 1952, must be obtained by the producer from such other person.

§ 606.155 *Quantity eligible for extended reseal loans.* The quantity of corn eligible for extended reseal loan will be the quantity shown on the original note and chattel mortgage less any quantity delivered or redeemed.

§ 606.156 *Service charges.* When a reseal loan is extended, the producer will not be required to pay an additional service charge.

§ 606.157 *Storage and track-loading payments*—(a) *Storage payment for 1950–51 storage period.* A producer who extends his farm-storage reseal loan will earn a storage payment for the 1950–51 storage period computed at the rate of 10 cents per bushel on the quantity of corn delivered to CCC under the extended reseal loan. The storage payment will be made at the time of settlement of the extended reseal loan only if the corn is delivered to CCC in satisfaction of the loan. No storage payment will be made to a producer who participates in the extended reseal loan program and redeems the mortgaged corn by repayment of the amount of the loan plus interest thereon.

(b) *Storage payment for 1951–52 storage period.* A producer who participates in the extended reseal loan program and in accordance with instructions of the county committee, delivers the corn to CCC on or after July 31, 1952, or prior to July 31, 1952, pursuant to the demand by the President, CCC, for repayment of the loan, provided such demand for repayment is not due to any fraudulent representations on the part of the producer or the fact that the corn was damaged, abandoned, or otherwise impaired due to negligence on the part of the producer, will receive a storage payment, computed at the rate of 10 cents per bushel on the quantity delivered under the extended reseal loan program. If the corn is delivered to CCC prior to July 31, 1952, upon request of the producer and with the approval of CCC, or in the case of loss assumed by CCC under the loan program, the amount of the storage payment will be prorated, depending upon the length of time the corn was in store, provided delivery was not made as a result of a demand for a repayment due to any fraudulent representation on the part of the producer or the fact that the corn was damaged, abandoned, or otherwise impaired due to negligence on the part of the producer. The prorated storage payment will be computed at the rate of 1/20 of a cent per bushel a day beginning on October 1, 1951 and ending on the date delivery is accomplished or ending on the final date for delivery as specified in the delivery instructions issued to the producer by the county committee, whichever is earlier, but not to exceed 10 cents per bushel, on the quantity delivered under the extended reseal program. In the case of losses assumed by CCC, the period for computing the storage payment shall end on the date of the loss.

(c) *Track-loading payment.* A track-loading payment of 2 cents per bushel will be made to the producer on corn delivered to CCC, in accordance with instructions of the county committee, on track at a country point.

§ 606.158 *Maturity and satisfaction.* (a) Loans will mature on demand but not later than July 31, 1952. The producer must pay off his loan, plus interest, on or before maturity or deliver the mortgaged corn in accordance with the instructions of the county committee. Credit will be given at the applicable settlement value according to grade and/or quality for the total quantity delivered, provided it was stored in the structure(s) in which the corn under loan was stored. The provisions in § 606.124, paragraph (a) of 1949 C. C. C. Corn Bulletin 1, will be applicable in determining the settlement value of corn delivered to CCC under an extended reseal loan.

(b) If the settlement value of the corn delivered exceeds the amount due on the loan, the amount of the excess shall be paid to the producer by sight draft drawn on CCC by the PMA State office.

(c) If the settlement value of the corn delivered is less than the amount due on the loan, the amount of the deficiency plus interest thereon shall be paid by the producer to CCC or may be set off against any payment which would otherwise be paid to the producer under any agricultural programs administered by the Secretary of Agriculture, or any other payments which are due or may become due to the producer from CCC or any other agency of the United States.

(d) In the event the farm is sold or there is a change of tenancy, the corn may be delivered before the maturity date of the loan upon prior approval by the county committee.

§ 606.159 *Support rates.* (a) The support rate for an extended reseal farm-storage loan shall be the same as the support rate established for the corn in § 606.126 of 1949 C. C. C. Corn Bulletin 1, Supplement 1, and any amendments thereto.

(b) Any discounts or premiums established for variation in quality as shown in the 1949 Corn Price Support Program Bulletin shall apply.

§ 606.160 *Commingling of corn in storage.* (a) With prior approval of the county committee, 1949-crop shelled corn, containing not more than 13.5 percent moisture, under 1949-crop extended reseal loan may be commingled in storage with 1950-crop shelled corn, containing not more than 13.5 percent moisture, under 1950-crop reseal loan.

(b) The producer may redeem all of the commingled corn by paying the holder of the note the principal amount of both loans plus interest, or he may redeem a portion of the corn by indicating which loan he desired to repay and paying the holder of the note the loan rate plus interest on the quantity of corn redeemed.

(c) Delivery of commingled corn will be prorated between the loans on a percentage basis determined by dividing the number of bushels resealed under each loan, minus any redeemed bushels, by the total number of bushels of commingled corn remaining under loan.

§ 606.161 *PMA commodity offices.* The PMA commodity offices and the areas served by them are shown below:

Atlanta 5, Ga., 50 Seventh Street NE: Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee, Virginia.

Chicago 5, Ill., 623 South Wabash Avenue: Illinois, Indiana, Iowa, Michigan, Ohio.

Dallas 2, Tex., 11.4 Commerce Street: Arkansas, Louisiana, New Mexico, Oklahoma, Texas.

Kansas City 6, Mo., Fidelity Building, 911 Walnut Street: Colorado, Kansas, Missouri, Nebraska, Wyoming.

U. S. STANDARDS FOR GRADES OF CANNED GREEN BEANS AND CANNED WAX BEANS

On June 8, 1951, a notice of proposed rule making was published in the FEDERAL REGISTER (16 F. R. 5450) regarding a proposed revision of the United States Standards for Grades of Canned Green Beans and Canned Wax Beans. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, the following revised United States Standards for Grades of Canned Green Beans and Canned Wax Beans are hereby promulgated under the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621, et seq.) and Public Law 70 (82d Cong., approved July 1, 1951).

The Department finds that it is unnecessary and contrary to the public interest to give a 30-day notice of the effective date of the standards herewith published for the reasons that:

(1) The canning season is about to begin;

(2) The industry has been properly appraised through rule making of the revisions;

(3) No additional preparation on the part of the industry is required;

(4) The revisions are minor and create no hardships; therefore, the effective date of the standards issued will be July 16, 1951.

§ 52.165 *Canned green beans and canned wax beans—(a) Identity.* (1) "Canned green beans" means canned green beans as defined in the definitions and standard of identity for canned green beans (21 CFR, Cum. Supp., 51.10; 13 F. R. 3725), issued pursuant to the Federal Food, Drug, and Cosmetic Act.

[1] The requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

(2) "Canned wax beans" means canned wax beans as defined in the definitions and standard of identity for canned wax beans (21 CFR, Cum. Supp., 51.15; 13 F. R. 3725), issued pursuant to the Federal Food, Drug, and Cosmetic Act.

(3) "Canned beans" means canned green beans or canned wax beans.

(4) "Whole green beans" or "whole wax beans" means canned beans consisting of whole pods, including pods which after removal of either or both ends are less than 2¾ inches in length, or transversely cut pods not less than 2¾ inches in length.

(5) "Unit" means an individual green bean or wax bean, or portion of either, in canned beans.

(b) *Styles of canned beans.* (1) "Whole" means canned beans that are not arranged in any definite position in the container.

(2) "Whole vertical pack" means canned beans that are packed parallel to the sides of the container.

(3) "Whole asparagus styles" means canned beans consisting of pods that are cut at both ends, are of substantially equal lengths, and are packed parallel to the sides of the container.

(4) "Sliced lengthwise" or "French style" means canned beans consisting of pods that are sliced lengthwise.

(5) "Cut" or "cuts" means canned beans consisting of pods that are cut transversely into pieces less than 2¾ inches, but not less than ¾ inch, in length, and may contain shorter end pieces which result from cutting.

(6) "Short cut" or "short cuts" means canned beans consisting of pieces of pods of which not less than 75 percent are less than ¾ inch in length and not more than 1 percent are more than 1¼ inches in length.

(7) "Mixed" or "mixture" means a mixture of two or more of the following forms of canned beans: "whole;" "sliced lengthwise;" "cuts;" or "short cuts."

(c) *Grades of canned beans.* (1) "U. S. Grade A" or "U. S. Fancy" is the quality of canned green beans or canned wax beans that possess similar varietal characteristics; possess a normal flavor and odor; are not materially affected in appearance by sloughing of the epidermis; are very young and tender; and are of such quality with respect to clearness of liquor, uniformity of color, and absence of defects as to score not less than 90 points when scored in accordance with the scoring system outlined in this section.

(2) "U. S. Grade B" or "U. S. Extra Standard" is the quality of canned green beans or canned wax beans that possess similar varietal characteristics; possess a normal flavor and odor; are not materially affected in appearance by sloughing of the epidermis; possess a reasonably uniform typical color; are young and reasonably tender; are reasonably free from defects; and are of such quality with respect to clearness of liquor as to score not less than 75 points when scored in accordance with the scoring system outlined in this section.

(3) "U. S. Grade C" or "U. S. Standard" is the quality of canned green beans or canned wax beans that possess similar varietal characteristics; possess a normal flavor and odor; are not seriously affected in appearance by sloughing of the epidermis; possess a fairly uniform typical color; are nearly mature and fairly tender; possess a fairly good liquor; are fairly free from defects; and score not less than 60 points when scored in accordance with the scoring system outlined in this section.

(4) "Substandard" is the quality of canned beans that fail to meet the requirements of U. S. Grade C or U. S. Standard and may or may not be "Below standard in quality, good food, not high grade."

(d) *Recommended fill of container.* The recommended fill of container is not incorporated in the grades of the finished product since fill of container, as such, is not a factor of quality for the purpose of these grades. It is recommended that each container of canned beans be filled with green beans or wax beans, as the case may be as full as practicable without impairment of quality and that the product and packing medium occupy not less than 90 percent of the total capacity of the container.

(e) *Recommended drained weight.* The drained weight recommendations in Table No. I of this section are not incorporated in the grades of the finished product since drained weight, as such, is not a factor of quality for the purpose of these grades. The drained weight of green beans or wax beans, as the case may be, is determined by emptying the contents of the container upon a No. 8 circular sieve of proper diameter and allowing to drain for 2 minutes. A sieve 8 inches in diameter is used for No. 2½ size cans (401 x 411) and smaller sizes, and a sieve 12 inches in diameter is used for containers larger than the No. 2½ size can.

TABLE NO. I—RECOMMENDED DRAINED WEIGHTS, IN OUNCES, OF GREEN BEANS AND WAX BEANS

Container size or designation	Styles of canned beans			
	Whole	Whole vertical pack or whole asparagus style	Short cut and cuts less than 1½ inches	French style and cuts 1½ inches and longer
No. 1 E	6¼		6¼	
No. 1 Tall	9¾		9¾	
No. 300	8½		8	
No. 303	9¼		9	
No. 2	11½	12½	12	11½
No. 2½	16¾	18	17½	16¾
No. 10	61		65	63

(f) *Types of canned beans.* The type of canned beans is not incorporated in the grades of the finished product, since the type of canned beans is not a factor of quality for the purpose of these grades. The type of canned beans is dependent upon the type of beans packed in the container and is described as round type or flat type.

(1) "Round type canned green beans" are canned beans consisting of round type green beans having a width not greater than 1½ times the thickness of the bean. "Round type canned wax beans" are canned beans consisting of round type wax beans having a width not greater than 1½ times the thickness of the bean.

(2) "Flat type canned green beans" are canned beans consisting of flat type green beans having a width greater than 1½ times the thickness of the bean. "Flat type canned wax beans" are canned beans consisting of flat type wax beans having a width greater than 1½ times the thickness of the bean.

(g) *Sizes of green beans or wax beans in canned beans.* The size of green beans or wax beans is not a factor of quality of canned beans for the purpose of these grades. The size of a green bean or wax bean is determined by measuring the shorter diameter of the bean transversely to the long axis at the thickest portion of the pod. The designations of the various sizes of round type and flat type green beans or wax beans packed as canned beans are shown in Table No. II of this section.

TABLE NO. II—SIZES OF GREEN BEANS AND WAX BEANS IN CANNED BEANS

Size of beans (inches in thickness)	Round type beans in various styles of canned beans			Flat type beans in whole, cut or short cut beans	
	Number designation	Whole beans, word designation	Cut or short cut beans, word designation	Number designation	Word designation
Less than 11/64 inch in thickness	Size 1	Tiny	Small	Size 2	Small.
11/64 inch to, but not including, 13/64 inch in thickness	Size 2	Small	do	Size 3	Medium.
13/64 inch to, but not including, 15/64 inch in thickness	Size 3	Medium	do	Size 4	Medium large.
15/64 inch to, but not including, 17/64 inch in thickness	Size 4	Medium large	Medium	Size 5	Large.
17/64 inch to, but not including, 21/64 inch in thickness	Size 5	Large	Large	Size 6	Extra large.
21/64 inch or more in thickness	Size 6	Extra large	Extra large	Size 6	Do.

(h) *Ascertaining the grade.* (1) The grade of canned beans may be ascertained by considering, in conjunction with the requirements of the respective grade, the respective ratings of the factors of clearness of liquor, color, absence of defects, and maturity.

(2) The relative importance of each factor is expressed numerically on the scale of 100. The maximum number of points that may be given each such factor is:

Factors:	Points
(i) Clearness of liquor	10
(ii) Color	15
(iii) Absence of defects	35
(iv) Maturity	40
Total score	100

(3) "Normal flavor and normal odor" means that the canned beans are free from objectionable flavors and objectionable odors of any kind.

(i) *Ascertaining the rating for the factors which are scored.* The essential variations within each factor which is scored are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor which is scored is inclusive (for example, "32 to 35 points" means 32, 33, 34, or 35 points).

(1) *Clearness of liquor.* (i) Canned beans that possess a practically clear liquor may be given a score of 9 to 10 points. "Practically clear liquor" means that the liquor may possess a slight tint of yellow-green to green color and that not more than a trace of suspended material and sediment is present.

(ii) If the canned beans possess a reasonably clear liquor, a score of 7 to 8 points may be given. "Reasonably clear liquor" means that the liquor may be cloudy and contain a small quantity of sediment.

(iii) If the canned beans possess a fairly good liquor, a score of 5 to 6 points may be given. "Fairly good liquor" means that the liquor may be dull in color, but not off color; may be cloudy; or may possess a noticeable accumulation of sediment.

(iv) Canned beans that possess a liquor that is definitely off color for any reason, is excessively cloudy, or contains a seriously objectionable quantity of sediment may be given a score of 0 to 4 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

(2) *Color.* (i) Canned beans that possess a practically uniform bright typical color may be given a score of 14 to 15 points. "Practically uniform bright typical color" means that the canned beans possess a color that is bright and typical of very young and tender green beans or wax beans, as the case may be, of similar varietal characteristics with not more than 5 percent, by count, which vary markedly from this color.

(ii) If the canned beans possess a reasonably uniform typical color, a score of 12 to 13 points may be given. "Reasonably uniform typical color" means that the canned beans possess a color that is typical of young and reasonably tender green beans or wax beans, as the case may be, of similar varietal characteristics with not more than 10 percent, by count, which vary markedly from this color.

(iii) Canned beans that possess a fairly uniform typical color may be given a score of 10 to 11 points. Canned beans that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly uniform typical color" means that the canned beans possess a color that is typical of nearly mature and fairly tender green beans or wax beans, as the case may be, of similar varietal characteristics with not more than 15 percent, by count, which vary markedly from this color.

(iv) Canned beans that are definitely off color or fail to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 9 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

(3) *Absence of defects.* (i) The factor of absence of defects refers to the degree of freedom from extraneous vegetable matter, loose seed and pieces of seed, unstemmed units, ragged-cut units, split units, small pieces of pods, units damaged by mechanical injury, and units blemished by scars, pathological injury, insect injury, or blemished by other means.

(a) "Blemished unit" means any unit in which the aggregate area affected exceeds the area of a circle ⅛ inch in diameter.

(b) "Seriously blemished" means blemished to such an extent that the appearance or eating quality of the unit is seriously affected.

(c) "Extraneous vegetable matter" means leaves, detached stems, and other similar vegetable matter.

(d) "Ragged-cut unit" means a section of a pod that has a very ragged edge, or a section of a pod that is partially cut.

(e) "Split unit" means a whole bean, cut, or short cut unit, that is split into two parts.

(f) "Small pieces of pods" means pieces of pods less than ½ inch in length.

(g) "Damaged by mechanical injury" means broken or damaged to such an extent that the appearance or eating quality of the unit is seriously affected.

(ii) Canned beans that are practically free from defects may be given a score of 32 to 35 points. "Practically free from defects" has the following meanings with respect to the following styles of packs of canned green beans or canned wax beans:

(a) *Whole or cut.* "Practically free from defects" means that the weight of all loose seed and pieces of seed does not exceed 3 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 10 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 1 piece of extraneous vegetable matter, exclusive of detached stems;

Not more than 4 unstemmed units or 4 detached stems, or any combination of not more than 4 unstemmed units and detached stems;

Not more than 2 percent, by count, of blemished units, and of such 2 percent not more than one-half thereof may consist of units that are seriously blemished;

Not more than 5 ragged-cut units, 5 units damaged by mechanical injury, or any combination of not more than 5 ragged-cut units and units damaged by mechanical injury;

Not more than 5 percent, by weight, of split units; and

Not more than 40 small pieces of pods in cut style, provided that where the number of units per 12 ounces drained weight exceed 240, not more than 15 percent, by count, of the total units are less than ½ inch long.

(b) *Sliced lengthwise.* "Practically free from defects" means that the pods are well sliced; the combined weight of

all defects and defective units does not exceed 10 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 1 piece of extraneous vegetable matter, exclusive of detached stems;
Not more than 4 unstemmed units or 4 detached stems, or any combination of not more than 4 unstemmed units and detached stems; and
Not more than 2 percent, by count, of blemished units, and of such 2 percent not more than one-half thereof may consist of units that are seriously blemished.

(c) *Short cuts.* "Practically free from defects" means that the weight of all loose seed and pieces of seed does not exceed 3 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 10 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 1 piece of extraneous vegetable matter, exclusive of detached stems;
Not more than 4 unstemmed units or 4 detached stems, or any combination of not more than 4 unstemmed units and detached stems;
Not more than 5 ragged-cut units, 5 units damaged by mechanical injury, or any combination of not more than 5 ragged-cut units and units damaged by mechanical injury;
Not more than 5 percent, by weight, of split units; and
Not more than 2 percent, by count, of blemished units, and of such 2 percent not more than one-half thereof may consist of units that are seriously blemished.

(d) *Mixed when not containing pods that are sliced lengthwise.* "Practically free from defects" means that the weight of all loose seed and pieces of seed does not exceed 3 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 10 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 1 piece of extraneous vegetable matter, exclusive of detached stems;
Not more than 4 unstemmed units or 4 detached stems, or any combination of not more than 4 unstemmed units and detached stems;
Not more than 2 percent, by count, of blemished units, and of such 2 percent not more than one-half thereof may consist of units that are seriously blemished;
Not more than 5 ragged-cut units, 5 units damaged by mechanical injury, or any combination of not more than 5 ragged-cut units and units damaged by mechanical injury;
Not more than 5 percent, by weight, of split units; and
Not more than 40 small pieces of pods, provided that where the number of units per 12 ounces drained weight exceed 240, not more than 15 percent, by count, of the total units are less than ½ inch long.

(e) *Mixed when containing pods that are sliced lengthwise.* "Practically free from defects" means that the pods that are sliced lengthwise are well sliced and that the combined weight of all defects and defective units does not exceed 10 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 1 piece of extraneous vegetable matter, exclusive of detached stems;
Not more than 4 unstemmed units or 4 detached stems, or any combination of not more than 4 unstemmed units and detached stems;
Not more than 2 percent, by count, of blemished units, and of such 2 percent not more than one-half thereof may consist of units that are seriously blemished;
Not more than 5 ragged-cut units, 5 units damaged by mechanical injury, or any combination of not more than 5 ragged-cut units and units damaged by mechanical injury;
Not more than 5 percent, by weight, of split units; and
Not more than 40 small pieces of pods, provided that where the number of units per 12 ounces drained weight exceed 240, not more than 15 percent, by count, of the total units are less than ½ inch long.

(iii) If the canned beans are reasonably free from defects, a score of 27 to 31 points may be given. "Reasonably free from defects" has the following meanings with respect to the following styles of canned beans:

(a) *Whole or cut.* "Reasonably free from defects" means that the weight of all loose seed and pieces of seed does not exceed 4 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 15 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 2 pieces of extraneous vegetable matter, exclusive of detached stems;
Not more than 5 unstemmed units or 5 detached stems, or any combination of not more than 5 unstemmed units and detached stems;
Not more than 4 percent, by count, of blemished units, and of such 4 percent not more than one-half thereof may consist of units that are seriously blemished;
Not more than 10 ragged-cut units, 10 units damaged by mechanical injury, or any combination of not more than 10 ragged-cut units and units damaged by mechanical injury;
Not more than 10 percent, by weight, of split units; and
Not more than 60 small pieces of pods in cut style, provided that where the number of units per 12 ounces drained weight exceed 240, not more than 25 percent, by count, of the total units are less than ½ inch long.

(b) *Sliced lengthwise.* "Reasonably free from defects" means that the pods are reasonably well sliced; the combined weight of all defects and defective units does not exceed 15 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 2 pieces of extraneous vegetable matter, exclusive of detached stems;
Not more than 5 unstemmed units or 5 detached stems, or any combination of not more than 5 unstemmed units and detached stems;
Not more than 4 percent, by count, of blemished units, and of such 4 percent not more than one-half thereof may consist of units that are seriously blemished;
Not more than 10 ragged-cut units, 10 units damaged by mechanical injury, or any combination of not more than 10 ragged-cut units and units damaged by mechanical injury;
Not more than 10 percent, by weight, of split units; and
Not more than 60 small pieces of pods in cut style, provided that where the number of units per 12 ounces drained weight exceed 240, not more than 25 percent, by count, of the total units are less than ½ inch long.

(c) *Short cuts.* "Reasonably free from defects" means that the weight of all loose seed and pieces of seed does not exceed 4 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 15 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 2 pieces of extraneous vegetable matter, exclusive of detached stems;
Not more than 5 unstemmed units or 5 detached stems, or any combination of not more than 5 unstemmed units and detached stems;
Not more than 4 percent, by count, of blemished units, and of such 4 percent not more than one-half thereof may consist of units that are seriously blemished;
Not more than 10 ragged-cut units, 10 units damaged by mechanical injury, or any combination of not more than 10 ragged-cut units and units damaged by mechanical injury;
Not more than 10 percent, by weight, of split units; and
Not more than 60 small pieces of pods, provided that where the number of units per 12 ounces drained weight exceeds 240, not more than 25 percent, by count, of the total units are less than ½ inch long.

(d) *Mixed when not containing pods that are sliced lengthwise.* "Reasonably free from defects" means that the weight of all loose seed and pieces of seed does not exceed 4 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 15 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 2 pieces of extraneous vegetable matter, exclusive of detached stems;
Not more than 5 unstemmed units or 5 detached stems, or any combination of not more than 5 unstemmed units and detached stems;
Not more than 4 percent, by count, of blemished units, and of such 4 percent not more than one-half thereof may consist of units that are seriously blemished;
Not more than 10 ragged-cut units, 10 units damaged by mechanical injury, or any combination of not more than 10 ragged-cut units and units damaged by mechanical injury;
Not more than 10 percent, by weight, of split units; and
Not more than 60 small pieces of pods, provided that where the number of units per 12 ounces drained weight exceeds 240, not more than 25 percent, by count, of the total units are less than ½ inch long.

(e) *Mixed when containing pods that are sliced lengthwise.* "Reasonably free from defects" means that the pods that are sliced lengthwise are reasonably well sliced and that the combined weight of all defects and defective units does not exceed 15 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 2 pieces of extraneous vegetable matter, exclusive of detached stems;
Not more than 5 unstemmed units or 5 detached stems, or any combination of not more than 5 unstemmed units and detached stems;
Not more than 4 percent, by count, of blemished units, and of such 4 percent not more than one-half thereof may consist of units that are seriously blemished;
Not more than 10 percent, by weight, of split units;
Not more than 60 small pieces of pods, provided that where the number of units per 12 ounces drained weight exceeds 240, not more than 25 percent, by count, of the total units are less than ½ inch long.

(iv) If the canned beans are fairly free from defects, a score of 22 to 26 points may be given. Canned beans that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" has the following meanings with respect to the following styles of canned beans:

(a) *Whole or cut.* "Fairly free from defects" means that the weight of all loose seed and pieces of seed does not exceed 5 percent of the drained weight of the units;[2] the combined weight of all other defects and defective units does not exceed 20 percent of the drained weight of the units, and that:

The combined weight of all extraneous vegetable matter does not exceed 0.6 ounce per 60 ounces, drained weight, of the units;[2]
There are not more than 6 unstemmed units per 12 ounces, drained weight, of units;[2]
There are not more than 8 percent, by count, of blemished units,[2] and of such 8 percent not more than one-half thereof may consist of units that are seriously blemished;
There may be present not more than 15 percent, by weight, of split units; and
There are not more than 60 units per 12 ounces, drained weight, of units which are less than ½ inch long in cut style, *Provided*, That where the number of units per 12 ounces drained weight exceeds 240, not more than 25 percent, by count, of the total units are less than ½ inch long.[2]

(b) *Sliced lengthwise.* "Fairly free from defects" means that the pods are fairly well sliced; the combined weight of all defects and defective units does not exceed 20 percent of the drained weight of the units, and that:

The combined weight of all extraneous vegetable matter does not exceed 0.6 ounce per 60 ounces, drained weight, of the units;[2]
There are not more than 6 unstemmed units per 12 ounces, drained weight, of the units;[2] and
There are not more than 8 percent, by count, of blemished units,[2] and of such 8 percent not more than one-half thereof may consist of units that are seriously blemished.

(c) *Short cuts.* "Fairly free from defects" means that the weight of all loose seed and pieces of seed does not exceed 5 percent of the drained weight of the units;[2] the combined weight of all other defects and defective units does not exceed 20 percent of the drained weight of the units, and that:

The combined weight of all extraneous vegetable matter does not exceed 0.6 ounce per 60 ounces, drained weight, of the units;[2]
There are not more than 6 unstemmed units per 12 ounces, drained weight, of units;[2]
There are not more than 8 percent, by count, of blemished units,[2] and of such 8 percent not more than one-half thereof may consist of units that are seriously blemished;
There may be present not more than 15 percent, by weight, of split units; and
There are not more than 60 units per 12 ounces, drained weight, of units which are less than ½ inch long, *Provided*, That where the number of units per 12 ounces drained weight exceeds 240, not more than 25 percent, by count, of the total units are less than ½ inch long.[2]

(d) *Mixed when not containing pods that are sliced lengthwise.* "Fairly free from defects" means that the weight of all loose seed and pieces of seed does not exceed 5 percent of the drained weight of the units;[2] the combined weight of all other defects and defective units does not exceed 20 percent of the drained weight of the units, and that:

The combined weight of all extraneous vegetable matter does not exceed 0.6 ounce per 60 ounces, drained weight, of the units;[2]
There are not more than 6 unstemmed units per 12 ounces, drained weight, of units;[2]
There are not more than 8 percent, by count, of blemished units,[2] and of such 8 percent not more than one-half thereof may consist of units that are seriously blemished;
There may be present not more than 15 percent, by weight, of split units; and
There are not more than 60 units per 12 ounces, drained weight, of units which are less than ½ inch long, *Provided*, That where the number of units per 12 ounces drained weight exceeds 240, not more than 25 percent, by count, of the total units are less than ½ inch long.[2]

(e) *Mixed when containing pods that are sliced lengthwise.* "Fairly free from defects" means that the pods that are sliced lengthwise are fairly well sliced; and that the combined weight of all defects and defective units does not exceed 20 percent of the drained weight of the units, and that:

The combined weight of all extraneous vegetable matter does not exceed 0.6 ounce per 60 ounces, drained weight, of the units;[2]
There are not more than 6 unstemmed units per 12 ounces, drained weight, of units;[2]
There are not more than 8 percent, by count, of blemished units,[2] and of such 8 percent not more than one-half thereof may consist of units that are seriously blemished;
There may be present not more than 15 percent, by weight, of split units; and
There are not more than 60 units per 12 ounces, drained weight, of units which are less than ½ inch long, *Provided*, That where the number of units per 12 ounces drained weight exceeds 240, not more than 25 percent, by count, of the total units are less than ½ inch long.[2]

(v) Canned beans that fail to meet the requirements of subdivision (iv) of this subparagraph may be given a score of 0 to 21 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule), and may also be "Below standard in quality, good food, not high grade" for the following applicable reasons: excessive number of very short pieces, excessive number of blemished units, excessive number of unstemmed units, excessive foreign material, and excessive loose seed and pieces of seed.

(4) *Maturity.* (i) The factor of maturity refers to the degree of development of pods and seeds and the tenderness of the pods.

(a) "Trimmed pod" means any pod from which there has been trimmed off as far as the end of the space formerly occupied by seed, any portion of the pod from which seed has become separated.

(b) "Tough strings" means strings or pieces of string at least ½ inch in length which will support a ½ pound weight for not less than 5 seconds.

(c) "Fibrous material" means the properly prepared, dried cellulose material obtained from deseeded pods, including strings, broken or unbroken.

(ii) Canned beans that are very young and tender may be given a score of 35 to 40 points. "Very young and tender" means that the units are fullfleshed for the variety, tender and not fibrous; the seeds are in the early stages of maturity; and not more than 5 percent, by count, of the units possess tough strings.

(iii) If the canned beans are young and reasonably tender, a score of 29 to 34 points may be given. Canned green beans or canned wax beans that fall into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Young and reasonably tender" means that the units may, to some extent, have lost their fleshy structure; the seeds may have passed the early stages of maturity and have not reached the late stages of maturity; are not fibrous; and not more than 10 percent, by count, of the units may possess tough strings.

(iv) If the canned beans are nearly mature and fairly tender, a score of 23 to 28 points may be given. Canned green beans or canned wax beans that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Nearly mature and fairly tender" means that the units may have lost, to a considerable extent, their fleshy structure, and that:

The trimmed pods contain not more than 25 percent, by weight, of seed and pieces of seed;[2]
The deseeded pods contain not more than 0.15 percent, by weight, of fibrous material;[2] and
Not more than 20 percent, by count, of the units may possess tough strings except that in case there are present units at least $2^{7}/_{64}$ inch or more in diameter, there are not more than 12 strings or pieces of string in 12 ounces, drained weight, which will support a ½ pound weight for not less than 5 seconds.[2]

(v) Canned beans that fail to meet the requirements of subdivision (iv) of this subparagraph may be given a score of 0 to 22 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule), and may also be "Below Standard in quality, good food, not high grade," for the following applicable reasons: excessive seed and pieces of seed in trimmed pods, excessive fibrous material in deseeded pods, and excessive tough strings when there are present units $2^{7}/_{64}$ inch or more in diameter.

(j) *Tolerance for certification of officially drawn samples.* When certifying samples that have been officially drawn and which represent a specific lot of canned green beans or canned wax beans, the grade for such lot will be determined by averaging the total score of all containers, if:

(i) Not more than one-sixth of the containers comprising the sample fails to meet all the requirements of the grade indicated by the average of such total scores, and with respect to such containers which fail to meet the requirements of the indicated grade by reason of a limiting rule, the average score of all containers in the sample for the factor, subject to such limiting rule, must be within the range for the grade indicated;

(ii) None of the containers comprising the sample falls more than 4 points below the minimum score for the grade indicated by the average of the total scores; and

[2] Determined as outlined in the standards of quality of canned green beans (21 CFR, Cum. Supp., 51.11; 13 F. R. 3726) and canned wax beans (21 CFR, Cum. Supp., 51.16; 13 F. R. 3728) promulgated under the Federal Food, Drug, and Cosmetic Act.

(iii) All containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification.

(k) *Score sheet for canned green beans or canned wax beans.*

Container size

(l) *Effective time and supersedure.* The revised United States Standards for Grades of Canned Green Beans and Canned Wax Beans (which are the fifth issue) contained in this section will become effective July 16, 1951, and will thereupon supersede the United States Standards for Grades of Canned Green Beans and Canned Wax Beans which have been in effect since October 2, 1948.

(Sec. 205, 60 Stat. 1090, Pub. Law 70, 82d Cong.; 7 U. S. C. 1624)

Issued at Washington, D. C., this 11th day of July 1951.

[SEAL] ROY W. LENNARTSON,
Assistant Administrator, Production and Marketing Administration.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Orange Reg. 199]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.528 *Orange Regulation 199*—(a) *Findings.* (1) Pursuant to the marketing agrement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; and this section relieves restrictions on the handling of oranges grown in the State of Florida.

(b) *Order.* (1) Orange Regulation 198 (7 CFR 933.526; 16 F. R. 5155) is hereby terminated as of the effective time of this section.

(2) During the period beginning at 12:01 a. m., e. s. t., July 16, 1951, and ending at 12:01 a. m., e. s. t., September 15, 1951, no handler shall ship:

(i) Any oranges, except Temple oranges, grown in the State of Florida which grade U. S. No. 3, or lower than U. S. No. 3 grade;

(ii) Any oranges, except Temple oranges, grown in the State of Florida which are of a size larger than a size that will pack 126 oranges, packed in accordance with the requirements of a standard pack in a standard nailed box; or

(iii) Any Temple oranges, grown in the State of Florida which grade U. S. No. 2 Russet, U. S. No. 3, or lower than U. S. No. 3 grade.

(3) As used in this section, the terms "handler," and "ship," shall each have the same meaning as when used in said amended marketing agreement and order; and the terms "U. S. No. 2," "U. S. No. 2 Russet," "U. S. No. 3," "standard pack," and "standard nailed box" shall each have the same meaning as when used in the revised United States Standards for Oranges (7 CFR 51.192).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 12th day of July 1951.

[SEAL] M. W. BAKER,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 51-8138; Filed, July 13, 1951; 9:02 a. m.]

[Grapefruit Reg. 143]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.529 *Grapefruit Regulation 143*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; and this section relieves restrictions on the handling of grapefruit grown in the State of Florida.

(b) *Order.* (1) Grapefruit Regulation 142 (7 CFR 933.527; 16 F. R. 5156) is hereby terminated as of the effective time of this section.

(2) During the period beginning at 12:01 a. m., e. s. t., July 16, 1951, and ending at 12:01 a. m., e. s. t., September 15, 1951, no handler shall ship:

(i) Any grapefruit of any variety, grown in the State of Florida which grade U. S. No. 3 or lower than U. S. No. 3 grade;

(ii) Any white seeded grapefruit, grown in Regulation Area 1 which grade U. S. No. 2 Russet;

(iii) Any seeded grapefruit grown in the State of Florida, which are of a size smaller than a size that will pack 96 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box;

(iv) Any seedless grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 126 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box.

(3) As used in this section, "Regulation Area I," "handler," "variety," and "ship," will have the same meaning as when used in said amended marketing agreement and order; and "U. S. No. 2 Russet," "U. S. No. 3," "standard pack," and "standard nailed box" shall have the same meaning as when used in the revised United States Standards for Grapefruit (7 CFR 51.191).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 12th day of July 1951.

[SEAL] M. W. BAKER,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 51-8139; Filed, July 13, 1951; 9:03 a. m.]

[Lemon Reg. 391]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.498 *Lemon Regulation 391*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 14 F. R. 3612), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the state of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on July 11, 1951 such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., July 15, 1951, and ending at 12:01 a. m., P. s. t., July 22, 1951, is hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 500 carloads;

(iii) District 3: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," "prorate base," "District 1," "District 2," and "District 3," shall have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 12th day of July 1951.

[SEAL] M. W. BAKER,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[Orange Reg. 380]

PART 966—ORANGES GROWN IN CALIFORNIA OR IN ARIZONA

LIMITATION OF SHIPMENTS

§ 966.526 *Orange Regulation 380*—(a) *Findings.* (1) Pursuant to the provisions of Order No. 66, as amended (7 CFR Part 966; 14 F. R. 3614), regulating the handling of oranges grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said amended order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective

in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of oranges, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Orange Administrative Committee on July 12, 1951, such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) Subject to the size requirements in Orange Regulation 372, as amended (7 CFR 966.518; 16 F. R. 4678, 5652), the quantity of oranges grown in the State of California or in the State of Arizona which may be handled during the period beginning 12:01 a. m., P. s. t., July 15, 1951, and ending at 12:01 a. m., P. s. t., July 22, 1951, is hereby fixed as follows:

(i) *Valencia Oranges.* (*a*) Prorate District No. 1: Unlimited movement;

(*b*) Probate District No. 2: 1,000 carloads;

(*c*) Prorate District No. 3: Unlimited movement;

(*d*) Prorate District No. 4: Unlimited movement.

(ii) *Oranges other than Valencia Oranges.* (*a*) Prorate District No. 1: No movement;

(*b*) Prorate District No. 2: Unlimited movement;

(*c*) Prorate District No. 3: No movement;

(*d*) Prorate District No. 4: No movement;

(2) The prorate base of each handler who has made application therefor, as provided in the said amended order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference.

(3) As used in this section "handled," "handler," "varieties," "carloads," and "prorate base" shall have the same meaning as when used in the said amended order; and the terms "Prorate District No. 1," "Prorate District No. 2," "Prorate District No. 3," and "Prorate District No. 4," shall each have the same meaning as given to the respective terms in § 966.107, as amended (15 F. R. 8712), of the current rules and regulations (7 CFR 966.103 et seq.), as amended (15 F. R. 8712).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 13th day of July 1951.

TITLE 24—HOUSING AND HOUSING CREDIT

Chapter VIII—Office of Housing Expediter

[Controlled Housing Rent Reg., Amdt. 386]

[Controlled Rooms in Rooming Houses and Other Establishments Rent Reg., Amdt. 381]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

ILLINOIS, MICHIGAN, PENNSYLVANIA AND SOUTH CAROLINA

Amendment 386 to the Controlled Housing Rent Regulation (§§ 825.1 to 825.12) and Amendment 381 to the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments (§§ 825.81 to 825.92). Said regulations are amended in the following respects:

1. Schedule A, Item 83, is amended to describe the counties in the Defense-Rental Area as follows:

Cook County, except the Cities of Blue Island, Calumet City, Chicago Heights, Des Plaines, Park Ridge, and that portion of the City of Elgin located therein, and the Villages of Arlington Heights, Brookfield, Flossmoor, Kenilworth, La Grange, Lansing, Mt. Prospect, Oak Forest, Palatine, Riverdale, River Forest, Westchester, Wilmette, Winnetka, and those portions of the Villages of Barrington and Steger located therein; Du Page County, except the City of West Chicago, and the Village of Glen Ellyn; Kane County, except that portion of the City of Elgin located therein; and Lake County, except the City of Lake Forest, and the portion of the Village of Barrington located therein.

This decontrols the City of Chicago Heights and the Village of Arlington Heights in Cook County, Illinois, portions of the Chicago, Illinois, Defense-Rental Area.

2. Schedule A, Item 149, is amended to describe the counties in the Defense-Rental Area as follows:

Oakland County, except (i) the Townships of Addison, Avon, Bloomfield, Brandon, Commerce, Groveland, Highland, Holly, Independence, Milford, Novi, Oakland, Orion, Oxford, Pontiac, Rose, Springfield, Troy, Waterford and West Bloomfield, (ii) the Villages Clarkston, Holly, Lake Orion, Leonard, Milford, Ortonville, Oxford, Rochester and that portion of Northville located in Oakland County, and (iii) the Cities of Berkley, Birmingham, Bloomfield Hills, Farmington, Ferndale, Hazel Park, Pleasant Ridge, Pontiac, Royal Oak, South Lyon and Sylvan Lake; Wayne County, except (i) the Cities of Grosse Pointe, Grosse Pointe Farms, Grosse Pointe Park, Grosse Pointe Woods, Lincoln Park and Plymouth, (ii) the Villages of Grosse Pointe Shores, Trenton and Wayne, (iii) that portion of the Village of Northville located in Wayne County, and (iv) the Township of Canton; and Macomb County, except the City of Mount Clemens, and the Townships of Armada, Bruce, Lenox, Macomb, Ray, Richmond, Shelby, Sterling, and Washington.

In Washtenaw County, the Township of Ann Arbor and the City of Ann Arbor.

This decontrols the City of Lincoln Park and the Township of Canton in Wayne County, Michigan, portions of the Detroit, Michigan, Defense-Rental Area.

3. Schedule A, Item 261, is amended to describe the counties in the Defense-Rental Area as follows:

In Erie County, the City of Erie, the Boroughs of North Girard, Middleboro, Northeast, Paletea, Wattsburg and Wesleyville, and the Townships of Greene, Greenfield, Harborcreek, Lawrence Park, McKean, Millcreek, Northeast, Summit and Venango.

This decontrols (1) the Borough of Fairview in Erie County, Pennsylvania, a portion of the Erie, Pennsylvania, Defense-Rental Area, based on a resolution submitted in accordance with section 204 (j) (3) of the Housing and Rent Act of 1947, as amended, and (2) the Townships of Fairview and Girard in Erie County, Pennsylvania, portions of said Defense-Rental Area, on the Housing Expediter's own initiative in accordance with section 204 (c) of said act.

4. Schedule A, Item 277, is amended to describe the counties in the Defense-Rental Area as follows:

Charleston County, except the City of Charleston, the Town of Mount Pleasant, and the Township of Folly Island.

Beaufort County.

This decontrols the Township of Folly Island in Charleston County, South Carolina, a portion of the Charleston, South Carolina, Defense-Rental Area.

All decontrols effected by this amendment, except those in Item 3 thereof, are based entirely on resolutions submitted in accordance with section 204 (j) (3) of the Housing and Rent Act of 1947, as amended.

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup. 1894)

This amendment shall be effective as of July 14, 1951.

Issued this 11th day of July 1951.

TIGHE E. WOODS,
Housing Expediter.

[F. R. Doc. 51-8090; Filed, July 13, 1951; 8:48 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 11, Amdt. 3]

CPR 11—RESTAURANTS

APPLICATIONS FOR ADJUSTMENTS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 3 to Ceiling Price Regulation 11 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to Ceiling Price Regulation 11 is being issued in order to provide an adjustment procedure for a person who finds that the "food cost per dollar of sales" ratio for his base period is not representative of his operations for the period subsequent to the base period and prior to April 1, 1951.

The fact that the "food cost per dollar of sales" ratio during the base period does not adequately reflect the operation of the restaurant since the base period may be attributed to various factors. In some cases, substantial changes in the type and manner of the operation of the restaurant have been made since the base period, such as a change-over from a cafeteria type service to a complete dining room service. In other cases, a food control system, incorporating among other things, competitive buying, proper food merchandising and coordination of food preparation with food sales has been installed. As a result, the "food cost per dollar of sales" was materially reduced without increasing the menu prices or reducing the quantity or quality of the food served. This amendment is not intended to provide an adjustment where the change since the base period was the result of increased menu prices, reduction in quality and quantity of food, increased wages or to seasonal, temporary or nonrecurring factors. Nor is it intended to provide an inefficient operator with a level of restaurant prices in excess of those which are adequate for his competitors.

The amendment provides specific standards whereby, in some circumstances, a restaurant operator may be

permitted to use a more representative base period in order to avoid undue hardship or inequity and to reflect more adequately his operations subsequent to his base period and prior to April 1, 1951.

In the formulation of the amendment, special circumstances have rendered impractical consultation with official advisory committees, including trade association representatives; however, the provisions of this amendment incorporate the recommendations of persons representing substantial segments of the industry. In the judgment of the Director of Price Stabilization, the provisions of this amendment are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950.

So far as practicable the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objective of the Defense Production Act of 1950; to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive; and to relevant factors of general applicability.

AMENDATORY PROVISIONS

Ceiling Price Regulation 11 is amended in the following respects:

1. A new section 13 is added to read as follows:

SEC. 13. *Adjustments.* (a) You may apply for permission to substitute a base period, covering not less than four full months, which more adequately represents your normal level of operations, if your "food cost per dollar of sales" ratio for your base period is not representative of your operations for the period subsequent to your base period and prior to April 1, 1951, and if the requested food cost ratio is substantially the same as the average "food cost per dollar of sales" ratio for that class and type of restaurant in the area in which your restaurant is located, where: (1) Your "food cost per dollar of sales" ratio for the period which was more representative of your operations was five percent (5%) or more below the "food cost per dollar of sales" ratio which you are required to use under this regulation, and the lower food cost ratio during this period was not the result of increased menu prices, reduction in quality and quantity of food, increased wages, or to seasonal, temporary, or non-recurring factors; or (2) You operated at a loss during your base period greater than the loss, if any, you incurred for the period subsequent to your base period and prior to April 1, 1951.

(b) In determining whether the requested base period is more representative of your operations, the Office of Price Stabilization will consider various factors, including the installation and operation of a food control system which resulted in a greater saving in food cost than in other operating costs and a substantial change in the type and manner of your operation.

(c) Your application must be filed in duplicate with the OPS District Office with which you are registered. The application must include the following:

(1) Your name and address, and the name and address of your restaurant.

(2) The base period you are now using and your "food cost per dollar of sales" ratio for such base period.

(3) The base period which you are requesting and the "food cost per dollar of sales" ratio for this period, and, if applicable, a showing that the lower food cost ratio was not due to the factors listed in paragraph (a) (1) of this section.

(4) A description of your establishment including the type of service rendered (cafeteria, lunch room, bar service, etc.), the changes, if any, in the type and manner of operation, and any other information which is necessary to describe your establishment and the nature and extent of your operation.

(5) A detailed profit and loss statement for your base period and for each accounting period since your base period.

(6) A copy of the menus or price lists in effect during your base period and a copy of the menus or price lists in effect since the base period.

(7) The name and address of two comparable restaurants in the area in which your restaurant is located, including their current menu or price lists and their "food cost per dollar of sales" ratio, if possible.

(Sec. 704, Pub. Law 774, 81st Cong.)

Effective date. This amendment is effective July 18, 1951.

NOTE: The record-keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 13, 1951.

[F. R. Doc. 51-8175; Filed, July 13, 1951; 10:27 a. m.]

[Ceiling Price Regulation 14, Amendment 4]

CPR 14—CEILING PRICES OF CERTAIN FOODS SOLD AT WHOLESALE

COMPUTATION OF TRANSPORTATION CHARGES IN CONNECTION WITH SHIPMENTS BY WATER

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 4 to Ceiling Price Regulation 14 is hereby issued.

STATEMENT OF CONSIDERATIONS

This statement of considerations covers amendments 4 to CPR 14, 4 to CPR 16, and amendment 5 to CPR 15.

Under CPRs 14, 15, and 16, the wholesaler or retailer must compute a "net cost" as the basis for figuring his ceiling prices. In computing this "net cost" he is allowed to add those transportation charges he paid except local trucking and local unloading. This exception was due to the way in which the percentage markups granted in CPRs 14, 15, and 16 were established. The percentage markups in CPRs 14, 15, and 16 are basically the same markups set by the OPA in issuing MPRs 421, 422 and 423 which were in effect from 1943 to 1946. These markups were the result of a comprehensive survey of the appropriate margins made by the OPA, which survey arrived at markups calculated to give effect to the cost of local trucking and local unloading as an overhead item rather than as a part of "net cost." At the time of the survey by OPA and until the end of World War II shipments of foodstuffs by water were nonexistent due to the wartime need for shipping. Thus, problems resulting from the use of water transportation were not considered.

After World War II it again became customary for many food wholesalers and some food retailers located in or near port cities where water transportation was practical to have merchandise shipped by water as well as by rail or motor carriers. The governing factor was the length of time required to receive shipments by water, so that when the merchandise was needed quickly it was shipped by rail or truck. However, when time was not a factor, water transportation was used at a somewhat cheaper rate.

A substantial segment of the transportation costs on shipments by water consists of certain incidental costs including local hauling and local unloading. Local hauling and local unloading are an important cost factor in every case of shipment by water because practically no food wholesaler or retailer operates a dock in conjunction with his warehouse, whereas most food wholesalers and many large food retailers have railroad sidings. Prior to these amendments, local trucking and local unloading could not be added to "net cost" as part of the transportation charges whether by water or land transportation.

The Administrator of the Defense Transport Administration has advised the Director of Price Stabilization that this will tend to result in a diversion of shipments of foodstuffs from water carriers to carriers by rail. This diversion would upset the historical balance between water transportation and land transportation. The Administrator of the Defense Transport Administration has, therefore, recommended that amendments be made to CPRs 14, 15, and 16 so that the normal relationship between water and land carriers may be maintained. Accordingly, these amendments provide for allowance of all costs incidental to shipment by water except costs of loading at shipping point into the car or truck that takes the goods to the dock, segregation charges, and costs of unloading at receiving point from the car or truck that takes the goods from the dock. Those loading and unloading costs and segregation charges are not separately allowed for when shipment is by rail or truck.

In the formulation of these amendments, special circumstances have rendered impractical consultation with official advisory committees, including trade association representatives; however, the provisions of these amendments incorporate the recommendations of persons representing substantial segments of the industry. In the judgment of the Director of Price Stabilization, the provisions of these amendments are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950.

So far as practical, the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objective of the Defense Production Act of 1950; to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive; and to relevant factors of general applicability.

AMENDATORY PROVISIONS

Section 4 (a) is amended in the following respect:

The following is inserted after the second sentence: "This exception shall not apply to any shipments by water. In such cases, there may be added also as part of the cost of transportation the cost of moving the shipment from the place at which it was processed to the dock, the cost of unloading at that dock, wharfage, handling, tollage and usage charges, the cost of marine insurance, the cost of loading the goods on a car, truck or other conveyance at the port of discharge and the cost of transporting that shipment from the port of discharge to receiving point. However, costs of loading the shipment at the place at which it was processed, segregation charges and costs of unloading at receiving point may not be added."

(Sec. 704, Pub. Law 774, 81st Cong.)

Effective date. This amendment shall become effective on July 18, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 13, 1951.

[F. R. Doc. 51-8176; Filed, July 13, 1951; 10:28 a. m.]

[Ceiling Price Regulation 15, Amendment 5]

CPR 15—CEILING PRICES OF CERTAIN FOODS SOLD AT RETAIL IN GROUP 3 AND GROUP 4 STORES

COMPUTATION OF TRANSPORTATION CHARGES IN CONNECTION WITH SHIPMENTS BY WATER

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 5 to Ceiling Price Regulation 15 is hereby issued.

STATEMENT OF CONSIDERATIONS

This statement of considerations covers amendments 4 to CPR 14, 4 to CPR 16, and amendment 5 to CPR 15.

Under CPRs 14, 15, and 16, the wholesaler or retailer must compute a "net cost" as the basis for figuring his ceiling prices. In computing this "net cost" he is allowed to add those transportation charges he paid except local trucking and local unloading. This exception was due to the way in which the percentage markups granted in CPRs 14, 15, and 16 were established. The percentage markups in CPRs 14, 15, and 16 are basically the same markups set by the OPA in issuing MPRs 421, 422 and 423 which were in effect from 1943 to 1946. These markups were the result of a comprehensive survey of the appropriate margins made by the OPA, which survey arrived at markups calculated to give effect to the cost of local trucking and local unloading as an overhead item rather than as a part of "net cost". At the time of the survey by OPA and until the end of World War II shipments of foodstuffs by water were nonexistent due to the wartime need for shipping. Thus, problems resulting from the use of water transportation were not considered.

After World War II it again became customary for many food wholesalers and some food retailers located in or near port cities where water transportation was practical to have merchandise shipped by water as well as by rail or motor carriers. The governing factor was the length of time required to receive shipments by water, so that when the merchandise was needed quickly it was shipped by rail or truck. However, when time was not a factor, water transportation was used at a somewhat cheaper rate.

A substantial segment of the transportation costs on shipments by water consists of certain incidental costs including local hauling and local unloading. Local hauling and local unloading are an important cost factor in every case of shipment by water because practically no food wholesaler or retailer operates a dock in conjunction with his warehouse, whereas most food wholesalers and many large food retailers have railroad sidings. Prior to these amendments, local trucking and local unloading could not be added to "net cost" as part of the transportation charges whether by water or land transportation.

The Administrator of the Defense Transport Administration has advised the Director of Price Stabilization that this will tend to result in a diversion of shipments of foodstuffs from water carriers to carriers by rail. This diversion would upset the historical balance between water transportation and land transportation. The Administrator of the Defense Transport Administration has, therefore, recommended that amendments be made to CPRs 14, 15, and 16 so that the normal relationship between water and land carriers may be maintained. Accordingly, these amendments provide for allowance of all costs incidental to shipment by water except costs of loading at shipping point into the car or truck that takes the goods to the dock, segregation charges, and costs of unloading at receiving point from the car or truck that takes the goods from the dock. Those loading and unloading costs and segregation charges are not separately allowed for when shipment is by rail or truck.

In the formulation of these amendments, special circumstances have rendered impractical consultation with official advisory committees, including trade association representatives; however, the provisions of these amendments incorporate the recommendations of persons representing substantial segments of the industry. In the judgment of the Director of Price Stabilization, the provisions of these amendments are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950.

So far as practical, the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objective of the Defense Production Act of 1950; to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive; and to relevant factors of general applicability.

AMENDATORY PROVISIONS

Section 4 (a) is amended in the following respects:

The following is inserted after the second sentence: "This exception shall not apply to any shipments by water. In such cases, there may be added also as part of the cost of transportation the cost of moving the shipment from the place at which it was processed to the dock, the cost of unloading at that dock, wharfage, handling, tollage and usage charges, the cost of marine insurance, the cost of loading the goods on a car, truck or other conveyance at the port of discharge and the cost of transporting that shipment from the port of discharge to receiving point. However, costs of loading the shipment at the place at which it was processed, segregation charges and costs of unloading at receiving point may not be added."

(Sec. 704, Pub. Law 774, 81st Cong.)

Effective date. This amendment shall become effective on July 18, 1951.

[Ceiling Price Regulation 16, Amendment 4]

CPR 16—CEILING PRICES OF CERTAIN FOODS SOLD AT RETAIL IN GROUP 1 AND GROUP 2 STORES

COMPUTATION OF TRANSPORTATION CHARGES IN CONNECTION WITH SHIPMENTS BY WATER

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 4 to Ceiling Price Regulation 16 is hereby issued.

STATEMENT OF CONSIDERATIONS

This statement of considerations covers amendments 4 to CPR 14, 4 to CPR 16, and amendment 5 to CPR 15.

Under CPRs 14, 15, and 16, the wholesaler or retailer must compute a "net cost" as the basis for figuring his ceiling prices. In computing this "net cost"

he is allowed to add those transportation charges he paid except local trucking and local unloading. This exception was due to the way in which the percentage markups granted in CPRs 14, 15, and 16 were established. The percentage markups in CPRs 14, 15, and 16 are basically the same markups set by the OPA in issuing MPRs 421, 422, and 423 which were in effect from 1943 to 1946. These markups were the result of a comprehensive survey of the appropriate margins made by the OPA, which survey arrived at markups calculated to give effect to the cost of local trucking and local unloading as an overhead item rather than as a part of "net cost". At the time of the survey by OPA and until the end of World War II shipments of foodstuffs by water were nonexistent due to the wartime need for shipping. Thus, the problems resulting from the use of water transportation were not considered.

After World War II it again became customary for many food wholesalers and some food retailers located in or near port cities where water transportation was practical to have merchandise shipped by water as well as by rail or motor carriers. The governing factor was the length of time required to receive shipments by water, so that when the merchandise was needed quickly it was shipped by rail or truck. However, when time was not a factor, water transportation was used at a somewhat cheaper rate.

A substantial segment of the transportation costs on shipments by water consists of certain incidental costs including local hauling and local unloading. Local hauling and local unloading are an important cost factor in every case of shipment by water because practically no food wholesaler or retailer operates a dock in conjunction with his warehouse, whereas most food wholesalers and many large food retailers have railroad sidings. Prior to these amendments, local trucking and local unloading could not be added to "net cost" as part of the transportation charges whether by water or land transportation.

The Administrator of the Defense Transport Administration has advised the Director of Price Stabilization that this will tend to result in a diversion of shipments of foodstuffs from water carriers to carriers by rail. This diversion would upset the historical balance between water transportation and land transportation. The Administrator of the Defense Transport Administration has, therefore, recommended that amendments be made to CPRs 14, 15, and 16 so that the normal relationship between water and land carriers may be maintained. Accordingly, these amendments provide for allowance of all costs incidental to shipment by water except costs of loading at shipping point into the car or truck that takes the goods to the dock, segregation charges, and costs of unloading at receiving point from the car or truck that takes the goods from the dock. Those loading and unloading costs and segregation charges are not separately allowed for when shipment is by rail or truck.

In the formulation of these amendments, special circumstances have rendered impractical consultation with official advisory committees, including trade association representatives; however, the provisions of these amendments incorporate the recommendations of persons representing substantial segments of the industry. In the judgment of the Director of Price Stabilization, the provisions of these amendments are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950.

So far as practical, the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objective of the Defense Production Act of 1950; to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive; and to relevant factors of general applicability.

AMENDATORY PROVISIONS

Section 4 (a) is amended in the following respects:

The following is inserted after the second sentence: "This exception shall not apply to any shipments by water. In such cases, there may be added also as part of the cost of transportation the cost of moving the shipment from the place at which it was processed to the dock, the cost of unloading at that dock, wharfage, handling, tollage and usage charges, the cost of marine insurance, the cost of loading the goods on a car, truck or other conveyance at the port of discharge and the cost of transporting that shipment from the port of discharge to receiving point. However, costs of loading the shipment at the place at which it was processed, segregation charges and costs of unloading at receiving point may not be added."

(Sec. 704, Pub. Law 774, 81st Cong.)

[F. R. Doc. 51-8178; Filed, July 13, 1951; 10:28 a. m.]

[Ceiling Price Regulation 31, Amendment 5]

CPR 31—IMPORTS

EXTENSION OF FILING AND EFFECTIVE DATES

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105) and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 5 to Ceiling Price Regulation 31 is hereby issued.

STATEMENT OF CONSIDERATIONS

It is the purpose of this amendment to Ceiling Price Regulation 31 to effectuate the intent of the recent Congressional action of June 30, 1951 (Pub. Law 69, 82d Cong.). The compulsory effective date of Ceiling Price Regulation 31 is indefinitely extended. Ceiling Price Regulation 31 was in effect on June 30, 1951 for those sellers who had filed their margins on or before this date. They continue to price under this regulation. Sellers who had not filed by July 1, 1951 have the option to price under CPR 31 or under the General Ceiling Price Regulation. Before pricing under CPR 31, they must file their required reports with the Office of Price Stabilization.

AMENDATORY PROVISIONS

The effective date clause of Ceiling Price Regulation 31 is amended to read as follows: "If you filed the list required by section 5 or 6 of this regulation on or before June 30, 1951, the regulation is in effect as to you. If you did not file such list on or before June 30, 1951, the effective date of this regulation shall at your option be any date on which such list is filed."

(Sec. 704, Pub. Law 774, 81st Cong.)

MICHAEL V. DISALLE,
Director of Price Stabilization.

[Ceiling Price Regulation 50, Correction]

CPR 50—CEILING PRICES FOR PETROLEUM PRODUCTS SOLD IN THE VIRGIN ISLANDS

EDITORIAL NOTE: Due to clerical error, the headnote to section 11 of CPR 50 (16 F. R. 6378) was incorrectly published to read: "Section 11. *Ceiling prices for kerosene imported in steel drums*". Accordingly, this headnote is changed to read: "Sec. 11. *Ceiling prices for kerosene at retail*".

Chapter VI—National Production Authority, Department of Commerce

[CMP Regulation 1, Amendment 1]

CMP REG. 1—BASIC RULES OF THE CONTROLLED MATERIALS PLAN

This amendment is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950. In the formulation of this amendment, consultation with industry representatives has been rendered impracticable due to the need for immediate action and because the amendment affects many different industries.

This amendment affects CMP Regulation No. 1 as follows:

Paragraph (c) of section 3 is amended to read as follows:

(c) No person who has received an authorized production schedule shall produce more than the quantity of the particular product or products provided for in such authorized production schedule. No such person shall purchase controlled materials or products and materials other than controlled materials for fulfillment of such authorized production schedule except by use of the related allotment and DO rating.

(Sec. 704, Pub. Law 774, 81st Cong., Pub. Law 69, 82d Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong., Pub. Law 69, 82d Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61)

This amendment shall take effect on July 12, 1951.

NATIONAL PRODUCTION AUTHORITY,
MANLY FLEISCHMANN,
Administrator.

5. Certification.

AUTHORITY: Sections 1 to 5 issued under sec. 704, Pub. Law 774, 81st Cong., Pub. Law 69, 82d Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong., Pub. Law 69, 82d Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. *What this direction does.* This direction constitutes a determination by the National Production Authority that producers of Class B products may receive priority assistance under CMP without submitting applications on Form CMP-4B if their total requirements of controlled materials do not exceed a certain maximum. It also establishes a procedure whereby such producers may place authorized controlled material orders for such materials without obtaining an allotment. Such producers shall be subject to all CMP regulations and orders.

SEC. 2. *Persons affected by this direction.* A producer of any Class B product which is listed in the "Official CMP Class B Product List" may, whether or not the product is identified by an asterisk, obtain priority assistance without submitting an application on Form CMP-4B with respect to such product for any calendar quarter in which his total requirements of each kind of controlled material for the production of that product and all other products in the same product class do not exceed the amounts specified below:

Carbon steel (including wrought iron).	5 tons.
Alloy steel (except stainless steel).	½ ton.
Stainless steel	none.
Copper and copper-base alloy brass mill products, copper wire mill products, copper and copper-base alloy foundry products and powder.	500 pounds.
Aluminum	500 pounds.

The term "product class" as used herein means a Product Class Code as shown in the "Official CMP Class B Product List."

SEC. 3. *Use of allotment symbol to obtain controlled materials.* Any producer of Class B products who, pursuant to this direction, may obtain priority assistance without filing a Form CMP-4B, is authorized to use the allotment symbol SU on delivery orders for controlled materials within the limits set forth in section 2 of this direction. An order so designated, when certified as provided in section 5 of this direction, shall constitute an authorized controlled material order. The quantity of such Class B products which may be produced with controlled materials obtained with the use of the allotment symbol SU plus controlled materials properly contained in inventory shall constitute an authorized production schedule for the purpose of all CMP regulations.

SEC. 4. *Use of rating to obtain production materials other than controlled materials.* Any producer of Class B products who, pursuant to this direction, may obtain priority assistance without filing a Form CMP-4B, is authorized to use the rating DO-SU on delivery orders for production materials as defined in CMP Regulation No. 3 in accordance with the provisions of that regulation.

SEC. 5. *Certification.* Every delivery order placed under the provisions hereof shall contain, in the case of an order for controlled materials, the certification required by section 19 of CMP Regulation No. 1, or, in the case of an order for production materials other than controlled materials, the certification required by section 6 of CMP Regulation No. 3.

This direction as amended shall take effect on July 12, 1951.

NATIONAL PRODUCTION AUTHORITY,
MANLY FLEISCHMANN,
Administrator.

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 43—TREATMENT OF DOMESTIC MAIL MATTER AT RECEIVING POST OFFICES

FORWARDING OF MAIL

In § 43.12 *Forwarding of mail* (39 CFR 43.12) amend paragraph (g) to read as follows:

(g) *Card notice of forwarding.* When the sender of ordinary mail of the third- or fourth-class desires to be notified of the new address in cases where the matter is incorrectly addressed because of the removal of the addressee, he may indicate that fact on the matter itself by printing in the lower left corner of the address side the inscription "Form 3547 Requested." When a piece of third- or fourth-class matter bearing this inscription is undeliverable and the new address of the addressee is known, the postmaster at the office of address shall furnish the new address to the mailer on Form 3547, for which a postage charge of two cents shall be collected upon delivery of the notice to the sender. Each piece of mail upon which the inscription "Form 3547 Requested" is printed shall bear the name and address of the sender in the upper left corner of the address side. Where such pieces are undeliverable and the address of the addressee is not known, the matter shall be promptly returned to the sender legibly endorsed, to show reason for nondelivery. Matter so returned shall be rated for collection of return postage due at the regular third- or fourth-class rate, whichever is applicable. Matter bearing the inscription "Form 3547 Requested" shall be accepted with the understanding that the sender, in every instance, guarantees payment of the charge for the notice, if one be sent, or return postage due in the event it is necessary to return the mail.

NOTE: This regulation applies only to third- and fourth-class matter sent out in the regular course of business for purposes other than obtaining the address of the person to whom the matter is sent.

(R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25, secs. 1, 2, 64 Stat. 210; 5 U. S. C. 22, 369, 39 U. S. C. 278a, 278b)

[SEAL] J. M. DONALDSON,
Postmaster General.

[F. R. Doc. 51-8071; Filed, July 13, 1951; 8:45 a. m.]

PART 127—INTERNATIONAL POSTAL SERVICE: POSTAGE RATES, SERVICE AVAILABLE, AND INSTRUCTIONS FOR MAILING

MISCELLANEOUS AMENDMENTS

a. In § 127.55 *General information* (39 CFR 127.55) amend paragraph (j) by striking out "Greece" from the list of countries therein.

b. In § 127.102 *Special provisions applicable to international insurance service* (39 CFR 127.102) amend paragraph (a) by inserting "Italy" between "Ireland" and "Japan" in the list of countries shown therein.

c. In § 127.269 *Greece (including Crete and Dodecanese Islands)* (39 CFR 127.269) paragraph (c) and subparagraphs and subdivisions thereof are rescinded.

d. In § 127.283 *Italy (including the Republic of San Marino)* (39 CFR 127.283) make the following changes:

1. In the tabulated information below the table of rates in subdivision (ii) of subparagraph (1) of paragraph (b) strike out "Insurance: No" and insert in lieu thereof "Insurance: Yes."

2. Amend subparagraph (2) of paragraph (b) to read as follows:

(2) *Indemnity.* See subparagraph (5) of this paragraph.

3. Redesignate subparagraphs (5) and (6) of pargaraph (b) as subparagraphs (6) and (7) and insert a new subparagraph (5) to read as follows:

(5) *Insurance.* Parcel post packages may be insured subject to the following limits when prepaid at the appropriate postage rates in addition to the insurance fees mentioned hereunder:

Limit of indemnity:	*Fee (cents)*
Not over $10	20
From $10.01 to $25	25
From $25.01 to $50	35
From $50.01 to $100	55

(i) *Insurance return receipt.* Requested at the time of mailing, 5 cents; after mailing, 10 cents. (See § 127.102 paragraph (d).)

(ii) Parcels containing coin, bullion, jewelry, or any other precious article must be insured. If a parcel containing such articles is mailed uninsured it shall be placed under insurance by the office which first observes the fact of its having been mailed uninsured and treated accordingly.

(iii) Each insured parcel must have shown thereon (both in arabic figures and in roman letters spelled out in full), in United States currency and in gold francs, the amount for which the parcel is insured. (See § 127.102 (b) (5).)

(iv) For further information concerning insurance service, see § 127.102 and § 127.108.

c. In § 127.331 *Poland* (39 CFR 127.331) amend the table of rates in subdivision (i) of subparagraph (1) of paragraph (b) to read as follows:

(b) *Parcel post.* • • •

(1) *Table of rates.* (i) Surface parcels.

Pounds	*Rate*	*Pounds*	*Rate*
1	$0.25	13	$2.29
2	.42	14	2.46
3	.59	15	2.63
4	.76	16	2.80
5	.93	17	2.97
6	1.10	18	3.14
7	1.27	19	3.31
8	1.44	20	3.48
9	1.61	21	3.65
10	1.78	22	3.82
11	1.95	23	3.99
12	2.12	24	4.16
25	$4.33	35	$6.03
26	4.50	36	6.20
27	4.67	37	6.37
28	4.84	38	6.54
29	5.01	39	6.71
30	5.18	40	6.88
31	5.35	41	7.05
32	5.52	42	7.22
33	5.69	43	7.39
34	5.86	44	7.56

(R. S. 161, 396, 398, secs. 304, 309, 42 Stat. 24, 25, 48 Stat. 943; 5 U. S. C. 22, 369, 372)

[SEAL] J. M. DONALDSON, *Postmaster General.*

PART 127—INTERNATIONAL POSTAL SERVICE: POSTAGE RATES, SERVICE AVAILABLE, AND INSTRUCTIONS FOR MAILING

DENMARK AND GERMANY

a. In § 127.241 *Denmark,* make the following changes:

1. Amend paragraph (a) (8) by striking out "(i) Live bees."

2. Amend clause (*a*) of subdivision (iii), paragraph (b) (6) to read as follows:

(iii) *For the protection of animals or plants.* (*a*) Eggs of all kinds for hatching; honeycomb, natural or artificial; potatoes.

b. In § 127.264 *Germany,* make the following change: In paragraph (b) (5) strike out subdivisions (ii), (iii), and (iv) and insert in lieu thereof the following:

(ii) In addition to the prohibitions covered by subdivision (i) of this subparagraph, the following restrictions apply to gift parcels to the Western zone:

(iii) No gift parcel may contain any tobacco or tobacco products, cigarette papers, or saccharine.

(iv) No addressee may receive duty-free more than 33 lbs. of foodstuffs generally, 1 lb. 1½ oz. of coffee, 2 lb. 3 oz. of powdered cocoa, or 2 lbs. 3 oz. of chocolate per month. No parcel is admitted duty-free if it contains foodstuffs amounting to more than two-thirds of the total value of the contents.

(v) Exemption from duty is not granted for gift shipments of tea, luxury items such as jewelry, new fur articles, radio equipment, photographic apparatus, perfumes, cosmetics, or any articles whose character and quantity are not in accord with the needs of the addressee and the members of his household.

(R. S. 161, 396, 398, secs. 304, 309, 42 Stat. 24, 25; 48 Stat. 943; 5 U. S. C. 22, 369, 372)

PART 127—INTERNATIONAL POSTAL SERVICE: POSTAGE RATES, SERVICE AVAILABLE AND INSTRUCTIONS FOR MAILING

FINLAND

In § 127.251 *Finland,* as amended (15 F. R. 6474, 6597), amend subdivision (ii) of paragraph (b) (3a) by striking out "3000 Finnish marks" and by inserting in lieu thereof "500 Finnish marks."

(R. S. 161, 396, 398, secs. 304, 309, 42 Stat. 24, 25, 48 Stat. 943; 5 U. S. C. 22, 369, 372)

[SEAL] J. M. DONALDSON, *Postmaster General.*

[F. R. Doc. 51-8069; Filed, July 13, 1951; 8:45 a. m.]

PART 135—GENERAL

PREFERMENT OF CHARGES

In § 135.44 *Preferment of charges* (39 CFR 135.44) make the following changes:

1. At the end of subdivision (i) of paragraph (b) (2) add to the text a sentence to read as follows: "A preference eligible employee may not be suspended for more than 30 days under this emergency procedure."

2. Amend clause (*b*) of subdivision (ii) of paragraph (b) (2) to read as follows:

(*b*) Placed on annual leave without his consent, provided he has sufficient leave to his credit to cover the required period;

(R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369)

PROPOSED RULE MAKING

INTERSTATE COMMERCE COMMISSION

[49 CFR Part 10]

UNIFORM SYSTEM OF ACCOUNTS FOR STEAM ROADS

REVENUE FROM OPERATING COMMUNICATIONS SYSTEMS

JULY 6, 1951.

Pursuant to the provisions of section 20 (3) of the Interstate Commerce Act, the Commission has approved modification of the Uniform System of Accounts for Steam Railroads so that revenue account 138 "Telegraph and telephone," will in both title and text include the revenue from operating any form of communication system. This is in conformity with an order entered June 22, 1950, making similar changes in property accounts and operating expense accounts for communication systems.

Any interested party may on or before August 10, 1951, file with the Commission written views or arguments to be considered in this connection. Unless otherwise found necessary after consideration of all representations so received, an order will be entered to make the modification as outlined above effective October 1, 1951.

[SEAL] W. P. BARTEL, *Secretary.*

NOTICES

CIVIL AERONAUTICS BOARD

[Dockets Nos. 2936, 4968]

BRANIFF AIRWAYS, INC., AND CONTINENTAL AIR LINES, INC.; REMOVAL OF RESTRICTIONS

NOTICE OF HEARING

In the matter of the proposed amendment of the certificate for route No. 9 held by Braniff Airways, Inc., so as to include Tulsa, Okla., on the Chicago-Brownsville segment thereof, alternate to Oklahoma City, Okla., and the proposed amendment of the certificate for route No. 29 held by Continental Air Lines, Inc., so as to authorize air transportation between Kansas City, Mo., Bartlesville, Okla., and Tulsa, Okla.

Notice is hereby given pursuant to the Civil Aeronautics Act of 1938, as amended, and particularly sections 205 (a), 401 (h) and 1001 thereof, that a hearing in the above-entitled proceeding is assigned to be held on July 26, 1951, at 10:00 a. m., e. d. s. t., in Room No. 5855, Department of Commerce Building, Fourteenth Street and Constitution Avenue NW., Washington, D. C., before Examiner Paul N. Pfeiffer. If necessary the hearing will reconvene in Room No. 5842 of the same building on July 27, 1951.

Without limiting the scope of the issues involved in this proceeding particular attention will be directed to the following matters or questions:

1. Do the public convenience and necessity require the amendment of the certificate held by Braniff Airways, Inc. for route No. 9 so as to include Tulsa, Okla., on the Chicago-Brownsville segment thereof alternate to Oklahoma City, Okla.?

2. Do the public convenience and necessity require the amendment of the certificate held by Continental Air Lines, Inc. for Route No. 29, so as to permit direct service between Kansas City, Mo., Bartlesville and Tulsa, Okla.?

3. Are Braniff Airways, Inc. and Continental Air Lines, Inc. each fit, willing and able to conduct properly the air transportation proposed by them and to conform to the provisions of the act and the requirements of the Board thereunder?

Notice is further given that any person desiring to be heard in this proceeding must file with the Board on or before July 26, 1951 a statement setting forth the issues of fact which he desires to controvert.

For further details of the matters concerned in this proceeding interested persons are referred to the contents of the numbered dockets in this proceeding on file with the Docket Section of the Board.

Dated at Washington, D. C., July 10, 1951.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN, *Secretary.*

[F. R. Doc. 51-8122; Filed, July 13, 1951; 8:54 a. m.]

[Docket No. 3842]

NEW ENGLAND AIR EXPRESS, INC., EXEMPTION APPLICATION

NOTICE OF POSTPONEMENT OF HEARING

In the matter of the application of New England Air Express, Inc. for an exemption filed pursuant to § 291.16 of the Board's Economic Regulations and section 416 (b) of the Civil Aeronautics Act of 1938, as amended.

Notice is hereby given, pursuant to the Civil Aeronautics Act of 1938, as amended, that hearing in the above-entitled proceeding, now assigned to be held on July 16, 1951, is postponed to July 31, 1951, at 10:00 a. m., e. d. s. t., in Room 5855, Commerce Building, Fourteenth Street and Constitution Avenue NW., Washington, D. C., before Examiner James S. Keith.

Dated at Washington, D. C., July 10, 1951.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN, *Secretary.*

[F. R. Doc. 51-8120; Filed, July 13, 1951; 8:53 a. m.]

[Docket No. 4109]

AIRLINE TRANSPORT CARRIERS, INC., AND CALIFORNIA CENTRAL AIRLINES; ENFORCEMENT PROCEEDING; INTERLOCKING RELATIONSHIP

NOTICE OF HEARING

In the matter of the application of Charles C. Sherman and Edna K. Sherman for approval of certain interlocking relationships and stock ownership, and an investigation into the relationships between Airline Transport Carriers, Inc., and California Central Airlines.

Notice is hereby given pursuant to the Civil Aeronautics Act of 1939, as amended, particularly sections 205 (a), 408, 409, 412, 1001 and 1002 (b) thereof, that a public hearing in the above-entitled proceeding is assigned to be held on July 23, 1951, at 10:00 a. m., e. d. s. t., in Room 5855, Commerce Building, Fourteenth Street and Constitution Avenue NW., Washington, D. C., before Examiner Walter W. Bryan.

Without limiting the scope of the issues presented in this proceeding, particular attention will be directed to the following matters and questions:

1. Would the public interest be adversely affected by the interlocking relationship between Airline Transport Carriers, Inc., and California Central Airlines for which approval is sought in the application Docket No. 4109;

2. Whether there is or has been any common control relationship between Airline Transport Carriers, Inc., and California Central Airlines or any contracts, agreements, leases or other arrangements between the above carriers within the meaning of section 408 of the act, without prior approval of the Board;

3. Whether there has existed interlocking relationship between the above carriers without prior approval of the Board as required under section 409 of the act;

4. Whether there has existed any contracts, arrangements, written or oral, between the above carriers which have not been filed with the Board as required under section 412 of the act;

5. Whether California Central Airlines has violated section 408 of the act by leasing aircraft from Airline Transport Carriers, Inc., under Agreement C. A. B. No. 4507 and whether section 412 was violated by failure of the parties to file the above agreement within the prescribed time; and

6. Whether the Board should issue an order directing the above carriers and their officers and directors to cease and desist from any violations which are established in this proceeding and compel compliance with the necessary provisions of the act.

Notice is further given that any person, other than parties of record, desiring to controvert in fact or law any of the issues raised in this proceeding must file with the Board on or before July 23, 1951, a statement of said issues.

For further details concerning the application and investigation involved in this proceeding, interested parties are referred to the Official Docket on file with the Civil Aeronautics Board.

Dated at Washington, D. C., July 10, 1951.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN, *Secretary.*

[F. R. Doc. 51-8121; Filed, July 13, 1951; 8:53 a. m.]

[Docket No. 4926]

MID-CONTINENT AIRLINES, INC., AND CONTINENTAL AIR LINES, INC.; JOINT APPLICATION FOR APPROVAL OF INTERCHANGE OF EQUIPMENT AGREEMENT

NOTICE OF HEARING

In the matter of the joint application of Mid-Continent Airlines, Inc., and Continental Air Lines, Inc., for approval by the Civil Aeronautics Board under section 412 and, if such approval is deemed necessary, under section 408 of the Civil Aeronautics Act, of an agreement relating to the interchange of equipment.

Notice is hereby given, pursuant to the Civil Aeronautics Act of 1938, as amended, that the above-entitled proceeding is assigned for hearing on July 24, 1951, at 10:00 a. m., e. d. s. t., in Room 5859, Commerce Building, Fourteenth Street and Constitution Avenue NW., Washington, D. C., before Examiner J. Earl Cox.

Without limiting the scope of the issues to be considered, particular atten-

tion will be directed to the following matters:

(1) Whether the agreement is adverse to the public interest or in violation of the act.

(2) Whether there is substantial control of either carrier by the other to require approval by the Civil Aeronautics Board under section 408 of the act; and if such approval is necessary whether such control is inconsistent with the public interest and whether it would result in creating a monopoly or monopolies and thereby restrain competition or jeopardize another air carrier.

Notice is further given that any person, other than parties of record, desiring to be heard in this proceeding shall file with the Board on or before July 24, 1951, a statement setting forth the issues of fact and law raised by this proceeding which he desires to controvert.

Dated at Washington, D. C., July 9, 1951.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

DEPARTMENT OF DEFENSE

Department of the Army

WORLD WAR II CEMETERIES

TRANSFER TO AMERICAN BATTLE MONUMENTS COMMISSION

The following material, contained in a letter from the Secretary of the Army to the Chairman, American Battle Monuments Commission, dated June 26, 1951, is published for the information of all concerned:

Pursuant to the provisions of Executive Order 10057, May 14, 1949, as amended by Executive Order 10087, December 3, 1949, all functions of administration pertaining to the World War II United States military cemetery located at Neuville-en-Condroz, Belgium, are hereby transferred from the Department of the Army to the American Battle Monuments Commission, effective 30 June 1951.

Pursuant to informal agreement between representatives of the Department and of the Commission, instructions are being issued by the Department of the Army to the Commander-in-Chief, European Command, to effect this transfer as of 30 June 1951, and to accomplish the transfer of such supplies, equipment, temporary structures, utilities, facilities and cemetery records pertaining to this cemetery as is authorized by Executive Order 10057 as amended. The details of such transfers will be the responsibility of the Commander-in-Chief, European Command, in conjunction with field representatives of the Commission.

Records pertinent to the acquisition of real estate upon which this cemetery and its appurtenances are situated are to be transferred to the Commission, under the provisions of Executive Order 10057, as amended. Accordingly, the transfer of administration herein provided for is made with the understanding that the American Battle Monuments Commission will assume responsibility for any and all pending negotiations with foreign countries and the Government of the United States concerning the acquisition of rights or interests in perpetuity in the land of which this cemetery is located.

Neuville-en-Condroz is the final cemetery to be transferred to the administration of the Commission in accordance with the above-mentioned Executive Order, the operational mission of the Department of the Army with respect to the cemetery having been completed.

[SEAL] WM. E. BERGIN,
Major General, U. S. Army,
Acting The Adjutant General.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Order 427, Amdt. 2]

REGIONAL ADMINISTRATORS

DELEGATIONS OF AUTHORITY

Order No. 427 is amended as follows:

PART 1—AUTHORITY IN GENERAL

1. Section 1.1 (e) is amended to read:

(e) Each employee who serves as acting regional administrator shall prepare a memorandum to be kept in the regional office showing the date and hour of the commencement and termination of each period of his service in that capacity.

2. Paragraphs (c) and (d) of section 1.4 are amended to read:

SEC. 1.4 *Authority to designate employees to perform the functions of acting managers.* * * *

(c) The regional administrator of any region may authorize any qualified employee of the Bureau of Land Management in his region to perform the functions of the manager of a district land and survey office in his region in case of the death, resignation, absence, or sickness of the manager.

(d) An employee who is authorized to perform the functions of the manager shall sign documents and other papers as "Acting Manager." No employee, however, shall perform such functions until he has filed a bond in such penal sum as may be fixed and the bond has been accepted. Each employee who serves in this capacity shall by memorandum advise the regional administrator of the beginning and termination of the period of the service.

PART 2—AUTHORITY IN SPECIFIED MATTERS

GENERAL

3. Section 2.13 is amended to read:

SEC. 2.13 *Roads.* Matters involving the acquisition of rights-of-way for access roads on the revested Oregon and California Railroad and the reconveyed Coos Bay Wagon Road grant lands in Oregon, and of existing connecting roads adjacent to such lands, including purchases after clearance with the Department of Justice but not including recommendations to the Attorney General for condemnation proceedings.

CLASSIFICATIONS, WITHDRAWALS, AND RESTORATIONS

4. Section 2.22, authorizing the regional administrators to issue certain classes of orders of withdrawal and restorations, is amended by adding after paragraph (a) (5) a new paragraph as follows:

(6) Opening lands acquired by exchanges, after acceptance of title.

NONMINERAL MATTERS, EXCEPT RANGE MANAGEMENT AND TIMBER

5. Section 2.51 is amended to read:

SEC. 2.51 *Airports and air navigation facilities.* (a) Leases of public lands for public airports and permits for air navigation facilities under the act of May 24, 1928 (49 U. S. C. 211-214).

(b) All actions under the Federal Airport Act (49 U. S. C. 1101), up to the issuance of patents.

6. Section 2.70 is amended to read:

SEC. 2.70 *Public sales.* Public sales pursuant to 43 CFR, Part 250, and other sales of land by competitive bidding, when authorized by law, except that applications by and sales to aliens, associations having an appreciable number of alien members, and corporations whose stock to an appreciable extent is held by aliens, are subject to approval by the Secretary of the Interior.

RANGE MANAGEMENT

7. Section 2.91 is amended to read:

SEC. 2.91 *Grazing district administration.* Range management matters pertaining to the administration of grazing districts pursuant to the act of June 28, 1934, as amended and supplemented (43 U. S. C. 315 et. seq., 16 U. S. C. 715l) and 43 CFR Parts 161, 163 and 165, as follows:

(a) Licenses or permits to graze or trail livestock in grazing districts.

(b) Cooperative agreements under:

(1) Section 2 of the act (43 U. S. C. 315a) with respect to erosion and flood control, and range studies and experiments;

(2) Section 9 of the act (43 U. S. C. 315h) with associations or State agencies for the conservation or propagation of wildlife; and

(3) Section 12 of the act (43 U. S. C. 315k) with any department of the Government to coordinate range administration.

(c) Permits or cooperative agreements to construct and maintain range improvements and determine the value of such improvements.

(d) The expenditure of funds appropriated by the Congress, or contributed by individuals, associations, advisory boards, or others, for the construction, purchase or maintenance of range improvements.

(e) Leases under the Pierce Act (43 U. S. C. 315m-1 to 315m-4 inclusive).

(f) Require field employees to furnish horses and miscellaneous equipment necessary for the performance of their official duties, pursuant to the act of December 18, 1942 (43 U. S. C. 315o-2), and make payments in connection therewith as authorized by that act.

8. Section 2.93 is amended to read:

SEC. 2.93 *Appropriation of water.* Execution and forwarding to the proper State office of informational notices of the appropriation of water on the public lands, and applications under State laws to appropriate water on other lands under the administration of the Bureau of Land Management, where required in connection with stock-watering projects, and procurement of easements or rights-of-way upon or over private lands where improvements are erected.

ROSCOE E. BELL,
Associate Director.

Approved: July 10, 1951.

OSCAR L. CHAPMAN,
Secretary of the Interior.

[F. R. Doc. 51-8074; Filed, July 13, 1951; 8:46 a. m.]

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

JULY 10, 1951.

In an exchange of lands made under the provisions of section 8 of the act of June 28, 1934 (48 Stat. 1269), as amended June 26, 1936 (49 Stat. 1876, 43 U. S. C. 315g), the following described lands have been reconveyed to the United States:

GILA AND SALT RIVER MERIDIAN

T. 37 N., R. 5 E.,
Sec. 2.
T. 17 N., R. 25 E.,
Sec. 32, S½, NE¼, E½NW¼, SW¼NW¼.
T. 12 S., R. 30 E.,
Secs. 32 and 36.
T. 2 N., R. 3 W.,
Sec. 36, N½, N½SW¼.
T. 4 N., R. 11 W.,
Sec. 16.
T. 2 N., R. 15 W.,
Sec. 32, SE¼.
T. 3 N., R. 18 W.,
Sec. 16, NE¼, S½.
T. 1 N., R. 19 W.,
Sec. 32.

The areas described aggregate 4,840 acres.

The lands are primarily suitable for grazing.

No applications for these lands may be allowed under the homestead, small tract, desert-land, or any other nonmineral public-land laws, unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m., on the 35th day after the date of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, and selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this order shall be subject only to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279-284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m., on the 35th day after the date of this order shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m., on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m., on the 126th day after the date of this order, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m., on the 126th day after the date of this order, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land and Survey Office at Phoenix, Arizona, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land and Survey Office, Phoenix, Arizona.

WILLIAM ZIMMERMAN, JR.,
Associate Director.

Office of the Secretary

[Order No. 2583, Amdt. 2]

BUREAU OF LAND MANAGEMENT

DELEGATION OF AUTHORITY IN CONNECTION WITH LANDS AND RESOURCES

Order No. 2583 is amended as follows:

PART 2—AUTHORITY IN SPECIFIED MATTERS

GENERAL

1. Section 2.13 is amended to read:

SEC. 2.13. *Roads.* Matters involving the acquisition of rights-of-way for access roads on the revested Oregon and California Railroad and the reconveyed Coos Bay Wagon Road grant lands in Oregon, and of existing connecting roads adjacent to such lands, including purchases after clearance with the Department of Justice but not including recommendations to the Attorney General for condemnation proceedings; also the approval of projects for the construction of roads to provide access to the timber on such lands.

MINERALS

2. The following new sections are added:

SEC. 2.33a *Phosphate leases.* Matters related to phosphate leases under sections 9 to 12 inclusive, of the act of February 25, 1920 (30 U. S. C. 211-214), as amended, and phosphate leases under the act of August 7, 1947 (30 U. S. C., Sup. III, 351-359), other than the issuance of the leases.

SEC. 2.33b *Potassium permits and leases.* Matters related to potassium permits and leases under the act of February 7, 1921 (30 U. S. C., 281-285), as amended, and potassium permits and leases, under the act of August 7, 1947 (30 U. S. C., Sup. III, 351-359) other than the issuance of the permits and leases.

NONMINERAL MATTERS, EXCEPT RANGE MANAGEMENT AND TIMBER

3. Section 2.51 is amended to read:

SEC. 2.51 *Airports and air navigation facilities.* (a) Leases of public lands for public airports and permits for air navigation facilities under the act of May 24, 1928 (49 U. S. C. 211-214).

(b) All actions under the Federal Airport Act (49 U. S. C. 1101), up to the issuance of patents.

4. Section 2.70 is amended to read:

SEC. 2.70 *Public sales.* Public sales pursuant to 43 CFR Part 250, and other sales of land by competitive bidding when authorized by law, except that applications by and sales to aliens, associations having an appreciable number of alien members, and corporations whose stock to an appreciable extent is held by aliens, are subject to approval by the Secretary of the Interior.

5. The following new section is added:

SEC. 2.70a *Railroad grants.* The adjustment of railroad grants and claims within such grants, pursuant to 43 CFR, Part 273.

RANGE MANAGEMENT

6. Section 2.93 is amended to read:

SEC. 2.93 *Appropriation of water.* Execution and forwarding to the proper State office of informational notices of the appropriation of water on the public lands, and applications under State laws to appropriate water on other lands under the administration of the Bureau of Land Management, where required in connection wth stock-watering projects, and procurement of easements or rights-of-way upon or over private lands where improvements are erected.

OSCAR L. CHAPMAN,
Secretary of the Interior.

[Delegation of Authority No. 13]

REGIONAL DIRECTORS

DELEGATION OF AUTHORITY TO ACT ON APPLICATIONS PERTAINING TO CERTAIN FOOD AND RESTAURANT COMMODITIES

By virtue of the authority vested in me as Director of Price Stabilization pursuant to the Defense Production Act of 1950 (64 Stat. 812), as amended, and Executive Order 10161 (15 F. R. 6105) by Economic Stabilization General Order No. 2 (16 F. R. 738) this delegation of authority is hereby issued.

1. Authority to act under section 13 of CPR 11, as amended. Authority is hereby delegated to the Directors of the Regional Offices of the Office of Price Stabilization to act on all applications for price action and adjustment under the provisions of section 13 of CPR 11, as amended. The authority herein delegated may be redelegated to the Directors of District Offices of the Office of Price Stabilization. The delegation of authority in this item shall take effect on July 18, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 13, 1951.

[F. R. Doc. 51-8180; Filed, July 13, 1951; 10:28 a. m.]

[General Ceiling Price Regulation, Supplementary Regulation 5, Section 8, Special Order 2]

CERTAIN CHRYSLER AUTOMOBILES

RETAIL LIST PRICES

Statement of considerations. The Director of Price Stabilization has recently established wholesale ceiling prices on certain new models of automobiles not counterparts of those previously produced, for the Chrysler Corporation pursuant to section 4 (d) of Ceiling Price Regulation 1. Accordingly, by authority of section 8 of Supplementary Regulation 5 to the General Ceiling Price Regulation and in conformity with the standards set forth therein, the Director has determined to establish dollar and cents prices for such models, which prices shall be used by the seller in place of the sum of those items specified in section 3 (a) and 3 (h) of Supplementary Regulation 5 to the General Ceiling Price Regulation, to determine retail ceiling prices under section 3 thereof.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 8 of Supplementary Regulation 5 to the General Ceiling Price Regulation, this Special Order 2 is hereby issued.

1. The following prices for the "Saratoga" line of automobiles shipped by Chrysler Corporation on and after July 10, 1951, with four tires and tubes are established for use of retail sellers in place of the sum of those items specified in section 3 (a) and 3 (h) of Supplementary Regulation 5 to the General Ceiling Price Regulation.

Chrysler Saratoga, C-55:	
6 passenger sedan	$2,744.13
8 passenger sedan	3,612.69
Limousine	3,917.15
Club coupe	2,754.48
Town and country wagon	3,363.13

2. This special order or any provision thereof may be revoked, suspended or amended by the Director of Price Stabilization at any time.

Effective date. This special order shall become effective July 14, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

[Docket No. G-1728]

ROCKLAND LIGHT AND POWER CO.

NOTICE OF APPLICATION

JULY 10, 1951.

Take notice that Rockland Light and Power Company (Applicant), a New York corporation with its principal place of business at No. 10 North Broadway Street, Nyack, New York, filed on June 26, 1951, an application pursuant to section 7 of the Natural Gas Act for an order directing Transcontinental Gas Pipe Line Corporation to connect its natural-gas transportation facilities with those of Applicant and to sell natural gas to Applicant, for permission and authorization to substitute natural gas so furnished to Applicant for part of the natural gas presently furnished to Applicant by Home Gas Company, and for a certificate of public convenience and necessity authorizing construction and operation of certain additional natural-gas facilities, as hereinafter set forth.

Applicant proposes to construct and operate an 8-inch pipe line approximately 22 miles long from a point on the natural-gas transmission pipe line of Transcontinental Gas Pipe Line Corporation in the Town of Orangetown, Rockland County, New York northerly to Tomkins Cove, Rockland County, New York. Upon completion of the proposed construction, Applicant proposes to take from Transcontinental Gas Pipe Line Corporation natural gas in amounts expected by Applicant to reach 8000 Mcf. per day in 1972 in partial fulfillment of the requirements of Applicant's customers, which Applicant estimates at 10,000 Mcf. for the peak day of winter 1951-1952. Applicant will take smaller amounts of gas from Home Gas Company, which has limited Applicant's peak day requirement for winter 1951-1952 to 6,300 Mcf. The capacity of the proposed transmission line will be 11,000 Mcf. per day.

The estimated cost of the proposed construction is $753,315, which Applicant proposes to finance initially through short term bank loans.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the Rules of Practice and Procedure (18 CFR 1.8 or 1.10) on or before the 27th day of July 1951. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[Project No. 2038]

WINDSOR LOCKS CANAL CO.

NOTICE OF AMENDMENT TO APPLICATION FOR PRELIMINARY PERMIT

JULY 9, 1951.

Public notice is hereby given that The Windsor Locks Canal Company, 36 Pearl Street, Hartford 1, Connecticut, has filed application under the Federal Power Act (16 U. S. C. 791a-825r (for amendment of its pending application for preliminary permit for proposed Project No. 2038. Whereas the original application contemplated the construction of hydroelectric facilities at a Government navigation dam proposed to be constructed on the Connecticut River immediately upstream from the New York, New Haven, and Hartford railroad bridge at Windsor Locks, and whereas no Congressional authorization for such dam has yet been granted, the applicant now proposes to construct a dam at the same site on the river in addition to the appurtenant hydroelectric facilities described in its original application, which facilities would consist of a reservoir having a full pond elevation of 45 feet (Hartford datum) extending to Holyoke, Massachusetts; a powerhouse containing 4 turbines having a total rated capacity of 56,300 horsepower connected to four generators with total capacity of 42,000 kilowatts; and other appurtenant facilities.

Any protest against the approval of this application or request for hearing thereon, with the reason for such protest or request and the name and address of the party or parties so protesting or requesting should be submitted on or before August 13, 1951, to the Federal Power Commission, Washington 25, D. C.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-8083; Filed, July 13, 1951; 8:47 a. m.]

SECURITIES AND EXCHANGE COMMISSION

[File No. 59-89]

EASTERN UTILITIES ASSOCIATES ET AL.

ORDER GRANTING APPLICATION REQUESTING EXTENSION OF TIME

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 10th day of July A. D. 1951.

Eastern Utilities Associates ("EUA"), a registered holding company, on behalf of itself and its subsidiary companies, namely, Blackstone Valley Gas and Electric Company ("Blackstone"), Brockton Edison Company ("Brockton"), Fall River Electric Light Company ("Fall River") and Montaup Electric Company ("Montaup") have filed an application with this Commission, pursuant to section 11 (c) of the Public Utility Holding Company Act of 1935, requesting therein that this Commission, by order, extend the time for compliance by EUA and its subsidiary companies with this Commission's order, dated April 4, 1950, and issued pursuant to sections 11 (b) (1), 11 (b) (2) and certain other sections of the act. This order provides, in part, that (1) EUA, within one year from the date of said order, shall terminate its existence and distribute its assets to its security holders pursuant to a fair and equitable plan, filed with and approved by this Commission, or (2) if EUA, within such year, shall have acquired, directly or indirectly, all interests in excess of 10% held outside its system, then, EUA shall, within such year, pursuant to a fair and equitable plan filed with and approved by this Commission, reclassify its Common and Convertible shares into a single class of shares and allocate such new shares among its security holders, or, in the alternative, terminate its existence and distribute its assets to its security holders. This order, in effect, further requires the disposition of the gas properties owned by Blackstone, within one year from the date of said order.

Notice of the filing of said application and of opportunity for hearing thereon was duly given and one Alfred Sasser filed a request for hearing.

On May 22, 1950, EUA filed a plan of reorganization under section 11 (e) of the act for the purpose of complying with said Commission's order, dated April 4, 1950. This plan, adopting the second alternative of said Order, was divided into two steps, the first of which, after hearings thereon, was approved by order of this Commission, dated August 17, 1950. Pursuant to Step 1 and this Commission's order of August 17, 1950, EUA acquired all but 2,662 shares of Fall River's capital stock held outside its system and now owns 98½ percent of that company's voting power.

On March 20, 1951, EUA filed its amended plan of reorganization dividing Step 2 into two parts, the first of which covers the acquisition of all of the properties and assets of Brockton, Fall River and Montaup and all of Blackstone's securities by a newly organized holding operating company, and the permanent financing of such company and the second of which covers the allocation of the new company's common stock between EUA's Common and Convertible shareholders. After appropriate notice, hearings on the amended plan were reconvened on May 8, 1951, and have been continued subject to further order of the Commission.

With respect to the disposition of Blackstone's gas properties, the application states that EUA has taken, and is taking, steps to interest possible purchasers in such properties. In this connection it is further stated that although the advent of natural gas to Blackstone's service area is expected by the end of 1951, the exact manner in which natural gas is to be furnished to this area is unsettled.

The Commission finds that applicants could not in the exercise of due diligence have complied fully with the Commission's order within the initial one-year period and that the application should be granted.

The Commission further finds that the request for hearing of said Alfred Sasser raises issues which can be explored more appropriately in the section 11 (e) proceedings of EUA rather than in the instant proceedings and that such request for hearing should therefore be denied.

It is ordered, That EUA and its subsidiary companies be, and the same hereby are, granted until April 4, 1952 in which to comply with this Commission's order dated April 4, 1950 and issued pursuant to sections 11 (b) (1), 11 (b) (2) and certain other sections of the Public Utility Holding Company Act of 1935; and

It is further ordered, That the request for hearing of Alfred Sasser be, and the same hereby is, denied.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[F. R. Doc. 51-8089; Filed, July 13, 1951; 8:48 a. m.]

[File No. 70-2634]

GENERAL PUBLIC UTILITIES CORP.

SUPPLEMENTAL ORDER GRANTING AUTHORITY TO ISSUE AND SELL ADDITIONAL SHARES OF COMMON STOCK REMAINING AFTER RIGHTS OFFERING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 10th day of July 1951.

General Public Utilities Corporation ("GPU"), a registered holding company, having filed a post-effective amendment to its application-declaration, as amended, under the Public Utility Holding Company Act of 1935 ("act") with respect to the following transactions:

The Commission by orders dated June 5, 1951 (Holding Company Act Release No. 10599), and June 14, 1951 (Holding Company Act Release No. 10622), granted and permited to become effective GPU's application-declaration, as amended, with respect to the issue by GPU to its common stockholders of rights to subscribe for 504,657 additional shares of common stock. Such orders also permitted the sale during the subscription period, through participating security dealers and others, of shares of the additional common stock not subscribed for by stockholders and any shares of outstanding common stock acquired by GPU for stabilization purposes.

The post-effective amendment states that during the period beginning July 10, 1951, and expiring at the close of business on July 16, 1951, GPU proposes to dispose of all shares of additional common stock not sold during the subscription period, estimated in the aggregate amount of 41,671 shares, by the same method employed in selling shares of additional common stock during the subscription period, all as more fully set forth in Holding Company Act Release Nos. 10599 and 10622.

The Commission having examined said post-effective amendment and having considered the record herein and finding no reason for imposing terms or conditions with respect to said matter other than those contained in Rule U-24:

It is ordered, That the post-effective amendment be, and the same hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

It is further ordered, That jurisdiction be, and the same hereby is, continued with respect to any and all fees and expenses incurred or to be incurred herein, except those proposed to be paid to the participating security dealers or others who acquire the remaining shares.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[F. R. Doc. 51-8087; Filed, July 13, 1951; 8:48 a. m.]

[File No. 70-2656]

NEW ENGLAND ELECTRIC SYSTEM ET AL.

NOTICE OF PROPOSED NOTE ISSUES

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 9th day of July A. D. 1951.

In the matter of New England Electric System, Beverly Gas and Electric Company, Gloucester Electric Company, Malden Electric Company, Northampton Electric Light Company, Northern Berkshire Gas Company, Quincy Electric Light and Power Company, Suburban Gas and Electric Company, Weymouth Light and Power Company; File No. 70-2656.

Notice is hereby given that New England Electric System ("NEES"), a registered holding company, and its above-named public utility subsidiary companies, hereinafter individually referred to as "Beverly", "Gloucester Electric", "Malden Electric", "Northampton Electric", "Northern Berkshire", "Quincy", "Suburban", and "Weymouth" and collectively referred to as "the borrowing companies", have filed applications-declarations pursuant to the Public Utility Holding Company Act of 1935 ("act"). The filing designates sections 7, 10, and 12 of the act and Rules U-23, and U-43 (a) and U-45 (b) (1) promulgated thereunder as being applicable to the transactions described therein.

Notice is further given that any interested person may, not later than July 20, 1951, at 5:30 p. m. e. d. s. t., request the commission in writing that a hearing to be held on such matter stating the nature of his interest, the reason for such request and the issues, if any, of fact or law proposed to be controverted; or he may request that he be notified if the Commission should order a hearing thereon. At any time after said date, said applications-declarations, as filed or as amended, may be granted or permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof. Any such request should be addressed to: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C.

All interested persons are referred to said applications-declarations, which are on file in the offices of this Commission, for a statement of the transactions therein proposed which are summarized as follows:

The borrowing companies propose to issue to NEES, from time to time but not later than September 30, 1951, unsecured promissory notes in an aggregate principal amount up to but not exceeding $1,525,000. Said notes will mature April 1, 1952, and will bear interest at the prime interest rate charged by banks for such notes at the time said notes are issued to NEES. It is stated in the applications-declarations, that said prime interest rate at the present time is 2½ percent. If said prime interest rate is in excess of 2¾ percent at the time any of such notes is issued, NEES and the specific borrowing company will file an appropriate amendment to this filing, setting forth therein the principal amount of the note proposed to be issued and the rate of interest thereon, at least five days prior to the execution and delivery thereof and NEES and the borrowing companies request that, unless the Commission notifies it and the borrowing company to the contrary within said five day period, such amendment will become effective at the end of such period. The applications-declarations further state that the proposed notes may be prepaid, in whole or in part, prior to maturity.

Other than note indebtedness to NEES, aggregating $3,185,000, the borrowing companies do not have any indebtedness represented by notes payable to banks or any advances payable to NEES. The following table shows the aggregate face amount of additional promissory notes proposed to be issued to NEES by each of the borrowing companies.

Company:	*Aggregate amount of notes proposed to be issued to NEES*
Beverly	$100,000
Gloucester Electric	25,000
Malden Electric	200,000
Northampton Electric	100,000
Northern Berkshire	500,000
Quincy	200,000
Suburban	200,000
Weymouth	200,000
Total	1,525,000

The applications-declarations further state that the proceeds to be derived from the proposed note issues will be used by each of the borrowing companies for construction, or for construction and costs of conversion to natural gas.

The applications-declarations further state that incidental services in connection with the proposed transactions will be performed, at cost, by New England Power Service Company, an affiliated service company, such cost being estimated not to exceed $100 for NEES and each of the borrowing companies, or an aggregate of $900.

The applications-declarations further state that no State commission or Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

NEES and the borrowing companies request that the Commission's order herein become effective upon issuance thereof.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[File No. 70-2662]

COLUMBIA GAS SYSTEM, INC., AND CUMBERLAND AND ALLEGHENY GAS CO.

NOTICE REGARDING THE PROPOSED ISSUANCE AND SALE OF PRINCIPAL AMOUNT OF NOTES TO PARENT COMPANY BY SUBSIDIARY

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 10th day of July A. D. 1951.

Notice is hereby given that a joint application has been filed with this Commission by the Columbia Gas System, Inc. ("Columbia"), a registered holding company, and its wholly owned subsidiary, Cumberland and Allegheny Gas Company ("Cumberland"), pursuant to the Public Utility Holding Company Act of 1935. The joint applicants have designated sections 6 (b), 9 and 10 of the act as being applicable to the proposed transaction.

All interested persons are referred to said joint application which is on file in the offices of this Commission for a statement of the transaction therein proposed, which is summarized as follows:

Cumberland proposes to issue and sell and Columbia proposes to acquire, from time to time prior to March 31, 1952, not to exceed $675,000 principal amount of Cumberland's unsecured Installment Promissory Notes. Said notes will be registered and the principal amounts thereof are to be payable in twenty-five equal annual installments, on February 15th of each of the years 1953 to 1977, inclusive. The unpaid principal amount of such notes would bear interest at the rate of 3¼ percent per annum, payable semi-annually on February 15 and August 15 of each year during the time the notes are outstanding. The proceeds from the sale of said 3¼ percent notes will be used by Cumberland for the purpose of financing a part of its proposed 1951 construction program.

The joint application states that the Public Service Commission of West Virginia has jurisdiction over the proposed issuance and sale of the said notes by Cumberland.

Notice is further given that any interested person may, not later than July 25, 1951, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said joint application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after July 25, 1951, said joint application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[Vesting Order 18126]

THERESIA HAMBERGER ET AL.

In re: Real property owned by Theresia Hamberger and others. D-28-13014.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Theresia Hamberger, Gertrude Wozabal Urbas, Maria Wozabal Durwen and Franz Wozabal, each of whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the personal representatives, heirs, next of kin, legatees and distributees of Anton Wozabal, deceased, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

3. That the property described as follows: That certain real property situated in the City of Sturgeon Bay, County of Door, State of Wisconsin, particularly described in Exhibit A, set forth below and by reference made a part hereof, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments, arising from the ownership of such property,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

4. That to the extent that the persons named in subparagraph 1 hereof and referred to in subparagraph 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described in subparagraph 3 hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of desigated enemy countries, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 9, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General, Director, Office of Alien Property.

EXHIBIT A

A tract of land situated in Lot Number 2, Subdivision Number 7, in the City of Sturgeon Bay according to the Assessor's Map of said City of Sturgeon Bay as recorded in

Volume 1 of Plat Books, page 14, and more particularly described as follows, to-wit: Beginning at the Northeast corner of Tract B of said Lot Number 2, thence North along the East line of said Lot Number 2 a distance of 232 feet more or less to the Northeast corner of said Lot Number 2, thence West along the North line of said Lot Number 2 a distance of 300 feet more or less to the Northeast corner of the tract of land described in Volume 19 of Deeds, page 167, as recorded in the Office of the Register of Deeds for Door County, Wisconsin, thence South along a line parallel to Cedar Street and distant 150 feet therefrom continuing along the Easterly line of the tracts described in Volume 19 of Deeds, page 167, Volume 7 of Quit Claim Deeds, page 383, and Volume 8 of Quit Claim Deeds, page 479, to the Southeast corner of said tract described in Volume 8 of Quit Claim Deeds, page 479, being a distance of 223 feet more or less, thence West along the Southerly line of said last described tract a distance of 150 feet to the Easterly line of Cedar Street, thence Southerly along the Easterly line of Cedar Street a distance of 9 feet more or less to the Northerly line of the Charles Zahn Tract described in Volume 7 of Deeds, page 321, thence East along the Northerly line of said Zahn tract, being Tract A of Lot Number 2, and continuing along the Northerly line of said Tract B in said Lot Number 2 a distance of 450 feet more or less to the place of beginning.

[Vesting Order 18135]

BRABENDER, OFFENE HANDELSGESELLSCHAFT AND/OR C. W. BRABENDER

In re: Debts owing to Brabender, Offene Handelsgesellschaft and/or C. W. Brabender. F-28-8476.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Brabender, Offene Handelsgesellschaft, the last known address of which is Duisburg am Rhein, Germany, is a corporation, partnership, association or other business organization, organized under the laws of Germany, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Duisburg am Rhein and is a national of a designated enemy country (Germany);

2. That C. W. Brabender, on or since the effective date of Executive Order 8389, as amended, and on or since December 11, 1941, has been a resident of Germany and is a national of a designated enemy country (Germany);

3. That the property described as follows:

a. That certain debt or other obligation owing to Brabender, Offene Handelsgesellschaft, by Brabender Corporation, Rochelle Park, New Jersey, arising out of an account payable reflected in the balance sheet of Brabender Corporation as of December 31, 1949, and any and all rights to demand, enforce and collect the same,

b. That certain debt or other obligation owing to Brabender, Offene Handelsgesellschaft, by Brabender Corporation, Rochelle Park, New Jersey, arising out of advances for customs duty as of June 1, 1939, and any and all rights to demand, enforce and collect the same,

c. That certain debt or other obligation owing to Brabender, Offene Handelsgesellschaft, by Brabender Corporation, Rochelle Park, New Jersey, arising out of the sale of merchandise being part of a consignment depot maintained by Brabender, Offene Handelsgesellschaft, with Brabender Corporation, and any and all rights to demand, enforce and collect the same,

d. That certain debt or other obligation owing to C. W. Brabender or Brabender, Offene Handelsgesellschaft, by Brabender Corporation, Rochelle Park, New Jersey, arising out of a loan granted on or about November 1, 1938, and any and all rights to demand, enforce and collect the same, and

e. That certain debt or other obligation owing to C. W. Brabender or Brabender, Offene Handelsgesellschaft, by Arthur Hartkopf of Rochelle Park, New Jersey, arising out of a loan granted on or about June 19, 1939, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Brabender, Offene Handelsgesellschaft, and/or C. W. Brabender, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

4. That to the extent that the persons named in subparagraphs 1 and 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 9, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

CONVERSION OFFICE FOR GERMAN FOREIGN DEBTS

In re: Scrip owned by Conversion Office for German Foreign Debts, also known as Konversionskasse für Deutsche Auslandsschulden. F-28-2268, F-28-2307-E-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Conversion Office for German Foreign Debts, also known as Konversionskasse für Deutsche Auslandsschulden, the last known address of which is Berlin, C111, Germany, is a public corporation organized under the laws of Germany and which has, or since the effective date of Executive Order 8389, as amended, has had its principal place of business in Berlin, Germany, and is a national of a designated enemy country (Germany);

2. That the property described as follows:

a. Those certain Reichsmarks certificates of indebtedness of Conversion Office for German Foreign Debts in the aggregate amount of RM 8360, presently in the custody of Brown Brothers Harriman & Co., 59 Wall Street, New York 5, New York, said certificates of indebtedness having been offered by the said Conversion Office in partial settlement of coupons appertaining to the "City of Hanover 10-Year External 7 percent Convertible Gold Bonds due 1939," and any and all rights thereunder and thereto, and

b. Those certain Reichsmarks certificates of indebtedness of Conversion Office for German Foreign Debts in the aggregate amount of RM 10,745, presently in the custody of Brown Brothers Harriman & Co., 59 Wall Street, New York 5, New York, said certificates of indebtedness having been offered by the said Conversion Office in partial settlement of coupons appertaining to the "Good Hope Steel and Iron Works 7 percent S. F. Mortgage Dollar Bonds, due October 15, 1945", and any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Conversion Office for German Foreign Debts, also known as Konversionskasse für Deutsche Auslandsschulden, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

4. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 9, 1951.

For the Attorney General.

JUNKERS & CO., G. M. B. H.

In re: Bank accounts owned by Junkers & Co., G. m. b. H. and other German nationals whose names are unknown. D-28-723.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That although the names of the owners of the property described in subparagraph 3a hereof are not available, such persons, who, if individuals, there is reasonable cause to believe are residents of Germany and, if partnerships, corporations, associations, or other organizations, there is reasonable cause to believe are organized under the laws of, or have or, on or since the effective date of Executive Order 8389, as amended, have had their principal places of business in Germany, are nationals of a designated enemy country (Germany);

2. That Junkers & Co., G. m. b. H., whose last known address is Germany is a corporation organized under the laws of Germany, which has or on or since the effective date of Executive Order 8389, as amended, has had its principal place of business in Germany, and is a national of a designated enemy country (Germany);

3. That the property described as follows:

a. That certain debt or other obligation of the Continental Illinois National Bank and Trust Company, 231 South LaSalle Street, Chicago 90, Illinois, arising out of an account entitled "Askania Regulator Company, Commercial Checking Account No. 2," maintained with said Continental Illinois National Bank and Trust Company of Chicago, and any and all rights to demand, enforce and collect the same, and

b. Cash in the amount of $9,266.86, presently in the custody of the Attorney General of the United States, representing the proceeds of a check numbered 10000A, drawn by Askania Regulator Company, 240 East Ontario Street, Chicago 11, Illinois, on its checking account entitled "Commercial Checking Account No. 3," maintained with the Continental Illinois National Bank and Trust Company of Chicago, 231 South LaSalle Street, Chicago 90, Illinois, payable to the Attorney General of the United States, and any and all rights in and to the aforesaid cash,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the persons referred to in subparagraphs 1 and 2 hereof, the aforesaid nationals of a designated enemy country (Germany);

and it is determined:

4. That to the extent that the persons referred to in subparagraphs 1 and 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 9, 1951.

For the Attorney General.

SHOZO MIDZUTANI

In re: Bond owned by Shozo Midzutani. F-39-5495-A-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Shozo Midzutani, whose last known address is Japan, is a resident of Japan and a national of a designated enemy country (Japan);

2. That the property described as follows: One (1) The Oriental Development Company, Limited, External Loan Thirty Year 6% Gold Debenture Bond of $1,000.00 face value, in bearer form, bearing the number M15445, presently in the custody of The Office of Alien Property, 120 Broadway, New York 5, New York, together with any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 9, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 18144]

JOHN MUSSER

In re: Interest in funds and claims of the personal representatives, heirs, next of kin, legatees and distributees of John Musser, deceased. F-28-17608.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the personal representatives, heirs, next of kin, legatees and distributees of John Musser, deceased, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

2. That the property described as follows:

a. Any and all rights and interests in any funds presently on deposit with the Bureau of Accounts, Treasury Department, Washington, D. C., in a special deposit account entitled "Secretary of the Treasury, Proceeds of Withheld Foreign Checks," representing the proceeds of withheld checks drawn for payment of Railroad Retirement Benefits to John Musser, deceased, to the date of his demise, April 16, 1945, and any and all rights to demand, enforce and collect the aforesaid funds, and

b. Any and all rights, interests and claims to survivor benefits to January 1, 1947 under the Railroad Retirement Act of 1935 as amended (Public Law 399, 74th Cong., 1st Sess., 49 Stat. 967), arising out of the demise of John Musser, Railroad Retirement Board reference No. A-38770, together with any and all rights to file, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the personal representatives, heirs, next of kin, legatees and distributees of John Musser, deceased, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the personal representatives, heirs, next of kin, legatees and distributees of John Musser, deceased, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 9, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 18147]

ELISABETH REINCKE VON PLATO AND ARTHUR FRIEDRICH VON LINDEINER

In re: Securities owned by and debt owing to Elisabeth Reincke von Plato and Arthur Friedrich von Lindeiner, also known as Arthur von Wildau. F-28-30388-A-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Elisabeth Reincke von Plato, whose last known address is Hannover, Klefeld, Kantstrasse 4, Germany, and Arthur Friedrich von Lindeiner, also known as Arthur von Wildau, whose last known address is Hamburg-Ressen, Klovensteenweg 151, Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the property described as follows:

a. One hundred (100) shares of $50.00 par value common stock of Anaconda Copper Mining Co., 25 Broadway, New York, New York, evidenced by a certificate numbered 769434, registered in the name of and presently in the custody of Kidder Peabody & Co., 17 Wall Street, New York 5, New York, in an account for William T. Reincke, Jr., together with all declared and unpaid dividends thereon,

b. Fifteen (15) shares of $5.00 par value common stock of E. I. Dupont de Nemours & Co., 1007 Market Street, Wilmington, Delaware, evidenced by a certificate numbered E 709087, registered in the name of and presently in the custody of Kidder Peabody & Co., 17 Wall Street, New York 5, New York, in an account for William T. Reincke, Jr., together with all declared and unpaid dividends thereon,

c. One hundred (100) shares of common stock of General Motors Corporation, 1775 Broadway, New York, New York, evidenced by certificates numbered E 964-827 and E 969-108, registered in the name of and presently in the custody of Kidder Peabody & Co., 17 Wall Street, New York 5, New York, in an account for William T. Reincke, Jr., together with all declared and unpaid dividends thereon,

d. Five (5) shares of no par value common stock of the Standard Oil Company of California, San Francisco, California, evidenced by a certificate numbered SF/C 309220, registered in the name of and presently in the custody of Kidder Peabody & Co., 17 Wall Street, New York 5, New York, in an account for William T. Reincke, Jr., together with all declared and unpaid dividends thereon, and

e. That certain debt or other obligation of Kidder Peabody & Co., 17 Wall Street, New York 5, New York, arising out of a Monetary Deposit held for the account of William T. Reincke, Jr., together with any and all accruals to the aforesaid debt or other obligation, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Elisabeth Reincke von Plato and Arthur Friedrich von Lindeiner, also known as Arthur von Wildau, the aforesaid nationals of a designated enemy country, (Germany);

and it is hereby determined:

3. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest.

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 9, 1951.

For the Attorney General.

[Vesting Order 18148]

L. SCHULER, A. G.

In re: Debt owing to L. Schuler, A. G. F-28-11092-C-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That L. Schuler, A. G., the last known address of which is Coppingen-Wurtt, Germany, is a corporation, partnership, association or other business organization, organized under the laws of Germany, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Germany, and is a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to L. Schuler, A. G., by Engineering and Research Corporation, P. O. Box 209, Hyattsville, Maryland, arising out of commissions and other compensation due said L. Schuler, A. G., together with any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of, or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the

national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 9, 1951.

For the Attorney General.

PART 311—BASIC REGULATIONS

SUBPART B—LOAN LIMITATIONS

AVERAGE VALUES OF FARMS AND INVESTMENT LIMITS; KANSAS

For the purpose of Title I of the Bankhead-Jones Farm Tenant Act, as amended, average values of efficient family-type farm-management units and investment limits for the counties identified below are determined to be as herein set forth. The average values and investment limits heretofore established for said counties, which appear in the tabulations of average values and investment limits under § 311.30, Chapter III, Title 6 of the Code of Federal Regulations, are hereby superseded by the average values and investment limits set forth below for said counties.

KANSAS

County	Average value	Investment limit
Atchison	$18,000	$12,000
Brown	18,000	12,000
Clay	18,500	12,000
Decatur	20,000	12,000
Doniphan	20,000	12,000
Jewell	16,000	12,000
Johnson	21,000	12,000
Norton	15,000	12,000
Ottawa	19,000	12,000
Pratt	20,000	12,000
Shawnee	16,000	12,000

(Sec. 41 (1), 60 Stat. 1066; 7 U. S. C. 1015 (i). Interprets or applies secs. 3 (a), 44 (b), 60 Stat. 1074, 1069; 7 U. S. C. 1003 (a), 1018 (b))

Issued this 11th day of July 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Plum Order 13]

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.410 *Plum Order 13*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936), regulating the handling of fresh Bartlett pears, plums, and Elberta Peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety set forth in this section, and in the manner provided in this section will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than July 18, 1951. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until July 10, 1951; recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on July 10, 1951, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about July 18, 1951, this section should be applicable to all such shipments in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., July 18, 1951, and ending at 12:01 a. m., P. s. t., November 1, 1951, no shipper shall ship any package or container of Sugar plums unless:

(i) Such plums grade at least U. S. No. 1; and

(ii) The plums are, except to the extent otherwise specified in this paragraph, of a size not smaller than a size that will pack a 5 x 5 standard pack in a standard basket.

(2) During each day of the aforesaid period, however, any shipper may ship from any shipping point a quantity of such plums, by number of packages or containers, which are of a size smaller than a size that will pack a 5 x 5 standard pack, as aforesaid, but are not of a size smaller than a size that will pack a 5 x 6 standard pack in a standard basket if said quantity does not exceed thirty-three and one-third (33⅓) percent of the number of the same type of packages or containers of plums which are of a size not smaller than a size that will pack a 5 x 5 standard pack, as aforesaid. The aforesaid 5 x 5 standard pack and 5 x 6 standard pack are defined more specifically in subparagraphs (4) and (5), respectively, of this paragraph.

(3) If any shipper, during any two (2) consecutive days of the aforesaid period, ships from any shipping point less than the maximum allowable quantity of such plums that may be of a size smaller than a size that will pack a 5 x 5 standard pack, as aforesaid, the aggregate amount of the undershipment of such plums may be shipped by such shipper only from such shipping point during the next succeeding calendar day in addition to the quantity of such plums of a size smaller than a size that will pack a 5 x 5 standard pack, as aforesaid, that such shipper could have shipped from such shipping point on such succeeding calendar day if there had been no undershipment during the two (2) preceding days.

(4) As used in this section, the aforesaid 5 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than 1⁹⁄₁₆ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than 1⁷⁄₁₆ inches in diameter; and (iii) no plums contained in such pack measure less than 1⁵⁄₁₆ inches in diameter.

(5) As used in this section, the aforesaid 5 x 6 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than 1⁷⁄₁₆ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than 1⁵⁄₁₆ inches in diameter; and (iii) no plums contained in such pack measure less than 1³⁄₁₆ inches in diameter.

(6) During the period set forth in subparagraph (1) of this paragraph, each shipper shall, prior to making each such shipment of plums, have the plums inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m. of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time;

the shipper, by submitting or causing to be submitted promptly such signed statement to the Plum Commodity Committee, may make the particular shipment without inspection, but such shipper shall comply with all grade and

size regulations applicable to such shipment.

(7) Terms used in this section shall have the same meaning as when used in the amended marketing agreement and order; the terms "U. S. No. 1," "standard pack," "serious damage," and "diameter" shall have the same meaning as set forth in the revised United States Standards for Plums and Prunes (fresh), 7 CFR 51.360; and the term "standard basket" shall have the same meaning as set forth in paragraph numbered 1 of section 828.1 of the Agricultural Code of California.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 13th day of July 1951.

[SEAL] M. W. BAKER,
Acting Director Fruit and Vegetable Branch, Production and Marketing Administration.

[Plum Order 14]

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.411 *Plum Order 14*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety set forth in this section, and in the manner provided in this section, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than July 18, 1951. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until July 10, 1951, recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on July 10, 1951, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about July 18, 1951, and this regulation should be applicable to all such shipments of such plums in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., July 18, 1951, and ending at 12:01 a. m., P. s. t., November 1, 1951, no shipper shall ship from any shipping point during any day any package or container of Late Tragedy plums unless:

(i) Such plums grade at least U. S. No. 1 with a total tolerance of ten (10) percent for defects not considered serious damage in addition to the tolerances permitted for such grade: *Provided*, That, gum spots which do not cause serious damage shall not be considered a grade defect with respect to such grade; and

(ii) Such plums are of a size not smaller than a size that will pack a 5 x 6 standard pack in a standard basket. The aforesaid 5 x 6 standard pack is defined more specifically in subparagraph (2) of this paragraph.

(2) As used in this section, the aforesaid 5 x 6 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1\frac{7}{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1\frac{5}{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1\frac{3}{16}$ inches in diameter.

(3) During the period set forth in subparagraph (1) of this paragraph, each shipper shall, prior to making each such shipment of plums, have the plums inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m. of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time;

the shipper, by submitting, or causing to be submitted, promptly such signed statement to the Plum Commodity Committee, may make the particular shipment without inspection; but such shipper shall comply with all grade and size regulations applicable to such shipment.

(4) Terms used in this section shall have the same meaning as when used in the amended marketing agreement and order; the terms "U. S. No. 1," "standard pack," "serious damage," and "diameter" shall have the same meaning as set forth in the revised United States Standards for plums and prunes (fresh), 7 CFR 51.360; and the term "standard basket" shall have the same meaning as set forth in paragraph numbered 1 of section 828.1 of the Agricultural Code of California.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 13th day of July 1951.

[SEAL] M. W. BAKER,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[Plum Order 15]

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.412 *Plum Order 15*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936), regulating the handling of fresh Bartlett pears, plums, and Elberta Peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety set forth in this section, and in the manner provided in this section, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than July 18, 1951. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until July 10, 1951, recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on July 10, 1951, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about July 18, 1951, and this section should be applicable to all such shipments of such plums in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., July 18, 1951, and ending at 12:01 a. m., P. s. t., November 1, 1951, no shipper shall ship from any shipping point during any day any package or container of Sharkey plums unless:

(i) Such plums grade at least U. S. No. 1 with a total tolerance of ten (10) percent for defects not considered serious damage in addition to the tolerances permitted for such grade; and

(ii) Such plums are of a size not smaller than a size that will pack a 4 x 5 standard pack in a standard basket. The aforesaid 4 x 5 standard pack is defined more specifically in subparagraph (2) of this paragraph.

(2) As used in this section, the aforesaid 4 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1\frac{11}{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1\frac{9}{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1\frac{7}{16}$ inches in diameter.

(3) During the period set forth in subparagraph (1) of this paragraph, each shipper shall, prior to making each such shipment of plums, have the plums inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m., of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time;

the shipper, by submitting, or causing to be submitted, promptly such signed statement to the Plum Commodity Committee, may make the particular shipment without inspection; but such shipper shall comply with all grade and size regulations applicable to such shipment.

(4) Terms used in this section shall have the same meaning as when used in the amended marketing agreement and order; the terms "U. S. No. 1," "standard pack," "serious damage," and "diameter" shall have the same meaning as set forth in the revised United States Standards for plums and prunes (fresh), 7 CFR 51.360; and the term "standard basket" shall have the same meaning as set forth in paragraph numbered 1 of section 828.1 of the Agricultural Code of California.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 13th day of July 1951.

[SEAL] M. W. BAKER,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[Plum Order 16]

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.413 *Plum Order 16*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety set forth in this section and in the manner provided in this section, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than July 18, 1951. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until July 10, 1951, recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on July 10, 1951, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about July 18, 1951, and this section should be applicable to all such shipments of such plums in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., July 18, 1951, and ending at 12:01 a. m., P. s. t., November 1, 1951, no shipper shall ship from any shipping point during any day any package of container of Ace plums unless:

(i) Such plums grade at least U. S. No. 1 with a total tolerance of fifteen (15) percent for defects not considered serious damage in addition to the tolerances permitted for such grade; and

(ii) The plums are, except to the extent otherwise specified in this paragraph, of a size not smaller than a size that will pack a 4 x 4 standard pack in a standard basket.

(2) During each day of the aforesaid period, however, any shipper may ship from any shipping point a quantity of such plums, by number of packages or containers, which are of a size smaller than a size that will pack a 4 x 4 standard pack, as aforesaid, but are not of a size smaller than a size that will pack a 4 x 5 standard pack in a standard basket if said quantity does not exceed one hundred (100) percent of the number of the same type of packages or containers of plums which are of a size not smaller than a size that will pack a 4 x 4 standard pack, as aforesaid. The aforesaid 4 x 4 standard pack and 4 x 5 standard pack are defined more specifically in subparagraphs (4) and (5), respectively, of this paragraph.

(3) If any shipper, during any two (2) consecutive days of the aforesaid period, ships from any shipping point less than the maximum allowable quantity of such plums that may be of a size smaller than a size that will pack a 4 x 4 standard pack, as aforesaid, the aggregate amount of the undershipment of such plums may be shipped by shipper only from such shipping point during the next succeeding calendar day in addition to the quantity of such plums of a size smaller than a size that will pack a 4 x 4 standard pack, as aforesaid, that such shipper could have shipped

from such shipping point on such succeeding calendar day if there had been no undershipment during the two (2) preceding days.

(4) As used in this section, the aforesaid 4 x 4 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1^{13}/_{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1^{11}/_{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1^{9}/_{16}$ inches in diameter.

(5) As used in this section, the aforesaid 4 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1^{11}/_{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1^{9}/_{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1^{7}/_{16}$ inches in diameter.

(6) During the period set forth in subparagraph (1) of this paragraph, each shipper shall, prior to making each such shipment of plums, have the plums inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m. of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time;

the shipper, by submitting or causing to be submitted promptly such signed statement to the Plum Commodity Committee, may make the particular shipment without inspection, but such shipper shall comply with all grades and size regulations applicable to such shipment.

(7) Terms used in this section shall have the same meaning as when used in the amended marketing agreement and order; the terms "U. S. No. 1," "standard pack," "serious damage," and "diameter" shall have the same meaning as set forth in the revised United States Standards for Plums and Prunes (fresh), 7 CFR 51.360; and the term "standard basket" shall have the same meaning as set forth in paragraph numbered 1 of section 828.1 of the Agricultural Code of California.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 13th day of July 1951.

[SEAL] M. W. BAKER,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[Plum Order 17]

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.414 *Plum Order 17*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936), regulating the handling of fresh Bartlett pears, plums, and Elberta Peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety set forth in this section, and in the manner provided in this section, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as set forth in this section the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than July 18, 1951. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until July 10, 1951, recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on July 10, 1951, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about July 18, 1951, and this section should be applicable to all such shipments of such plums in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., July 18, 1951, and ending at 12:01 a. m., P. s. t., November 1, 1951, no shipper shall ship from any shipping point during any day any package or container of President plums unless:

(i) Such plums grade at least U. S. No. 1 with a total tolerance of ten (10) percent for defects not considered serious damage in addition to the tolerances permitted for such grade; and

(ii) The plums are, except to the extent otherwise specified in this paragraph, of a size not smaller than a size that will pack a 4 x 5 standard pack in a standard basket.

(2) During each day of the aforesaid period, however, any shipper may ship from any shipping point a quantity of such plums, by number of packages or containers, which are of a size smaller than a size that will pack a 4 x 5 standard pack, as aforesaid, but are not of a size smaller than a size that will pack a 5 x 5 standard pack in a standard basket if said quantity does not exceed twenty-five (25) percent of the number of the same type of packages or containers of plums which are of a size not smaller than a size that will pack a 4 x 5 standard pack, as aforesaid. The aforesaid 4 x 5 standard pack and 5 x 5 standard pack are defined more specifically in subparagraphs (4) and (5), respectively, of this paragraph.

(3) If any shipper, during any two (2) consecutive days of the aforesaid period, ships from any shipping point less than the maximum allowable quantity of such plums that may be of a size smaller than a size that will pack a 4 x 5 standard pack, as aforesaid, the aggregate amount of the undershipment of such plums may be shipped by such shipper only from such shipping point during the next succeeding calendar day in addition to the quantity of such plums of a size smaller than a size that will pack a 4 x 5 standard pack, as aforesaid, that such shipper could have shipped from such shipping point on such succeeding calendar day if there had been no undershipment during the two (2) preceding days.

(4) As used in this section, the aforesaid 4 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1^{11}/_{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1^{9}/_{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1^{7}/_{16}$ inches in diameter.

(5) As used in this section, the aforesaid 5 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1^{9}/_{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1^{7}/_{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1^{5}/_{16}$ inches in diameter.

(6) During the period set forth in subparagraph (1) of this paragraph, each shipper shall, prior to making each such shipment of plums, have the plums inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m. of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time;

the shipper, by submitting or causing to be submitted promptly such signed statement to the Plum Commodity Committee, may make the particular shipment without inspection, but such shipper shall comply with all grade and size regulations applicable to such shipment.

(7) Terms used in this section shall have the same meaning as when used in the amended marketing agreement and order; the terms "U. S. No. 1," "standard pack," "serious damage," and "diameter" shall have the same meaning as set forth in the revised United States Standards for Plums and Prunes (fresh), 7 CFR 51.360; and the term "standard basket" shall have the same meaning as set forth in paragraph numbered 1 of section 828.1 of the Agricultural Code of California.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 13th day of July 1951.

[SEAL] M. W. BAKER,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[Plum Order 18]

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.415 *Plum Order 18*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936), regulating the handling of fresh Bartlett pears, plums, and Elberta Peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety set forth in this section, and in the manner provided in this section, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than July 18, 1951. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until July 10, 1951; recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on July 10, 1951, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about July 18, 1951; this section should be applicable to all such shipments in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time of this section.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., July 18, 1951, and ending at 12:01 a. m., P. s. t., November 1, 1951, no shipper shall ship any package or container of Diamond plums unless:

(i) Such plums grade at least U. S. No. 1; and

(ii) Such plums are of a size not smaller than a size that will pack a 5 x 5 standard pack in a standard basket. The aforesaid 5 x 5 standard pack is defined more specifically in subparagraph (2) of this paragraph.

(2) As used in this section, the aforesaid 5 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1^{9}/_{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1^{7}/_{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1^{5}/_{16}$ inches in diameter.

(3) During the period set forth in subparagraph (1) of this paragraph, each shipper shall, prior to making each such shipment of plums, have the plums inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m. of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time;

the shipper, by submitting, or causing to be submitted, promptly such signed statement to the Plum Commodity Committee, may make the particular shipment without inspection; but such shipper shall comply with all grade and size regulations applicable to such shipment.

(4) Terms used in this section shall have the same meaning as when used in the amended marketing agreement and order; the terms "U. S. No. 1," "standard pack," "serious damage," and "diameter" shall have the same meaning as set forth in the revised United States Standards for plums and prunes (fresh), 7 CFR 51.360; and the term "standard basket" shall have the same meaning as set forth in paragraph numbered 1 of section 828.1 of the Agricultural Code of California.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 13th day of July 1951.

[SEAL] M. W. BAKER,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[Plum Order 19]

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.416 *Plum Order 19*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936), regulating the handling of fresh Bartlett pears, plums, and Elberta Peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Com-

modity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety set forth in this section, and in the manner provided in this section, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than July 18, 1951. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until July 10, 1951; recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on July 10, 1951, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about July 18, 1951, and this section should be applicable to all such shipments of such plums in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., July 18, 1951, and ending at 12:01 a. m., P. s. t., November 1, 1951, no shipper shall ship from any shipping point during any day any package or container of Late Santa Rosa plums unless:

(i) Such plums grade at least U. S. No. 1 with a total tolerance of fifteen (15) percent for defects not considered serious damage in addition to the tolerances permitted for such grade; and

(ii) The plums are, except to the extent otherwise specified in this paragraph, of a size not smaller than a size that will pack a 4 x 5 standard pack in a standard basket.

(2) During each day of the aforesaid period, however, any shipper may ship from any shipping point a quantity of such plums, by number of packages or containers, which are of a size smaller than a size that will pack a 4 x 5 standard pack, as aforesaid, but are not of a size smaller than a size that will pack a 5 x 5 standard pack in a standard basket if said quantity does not exceed thirty-three and one-third (33⅓) percent of the number of the same type of packages or containers of plums which are of a size not smaller than a size that will pack a 4 x 5 standard pack, as aforesaid. The aforesaid 4 x 5 standard pack and 5 x 5 standard pack are defined more specifically in subparagraphs (4) and (5), respectively, of this paragraph.

(3) If any shipper, during any two (2) consecutive days of the aforesaid period, ships from any shipping point less than the maximum allowable quantity of such plums that may be of a size smaller than a size that will pack a 4 x 5 standard pack, as aforesaid, the aggregate amount of the undershipment of such plums may be shipped by such shipper only from such shipping point during the next succeeding calendar day in addition to the quantity of such plums of a size smaller than a size that will pack a 4 x 5 standard pack, as aforesaid, that such shipper could have shipped from such shipping point on such succeeding calendar day if there had been no undershipment during the two (2) preceding days.

(4) As used in this section, the aforesaid 4 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1^{13}/_{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1^{9}/_{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1^{7}/_{16}$ inches in diameter.

(5) As used in this section, the aforesaid 5 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1^{5}/_{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1^{3}/_{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1^{1}/_{16}$ inches in diameter.

(6) During the period set forth in subparagraph (1) of this paragraph, each shipper shall, prior to making each such shipment of plums, have the plums inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m. of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time;

the shipper, by submitting or causing to be submitted promptly such signed statement to the Plum Commodity Committee, may make the particular shipment without inspection, but such shipper shall comply with all grade and size regulations applicable to such shipment.

(7) Terms used in this section shall have the same meaning as when used in the amended marketing agreement and order; the terms "U. S. No. 1," "standard pack," "serious damage," and "diameter" shall have the same meaning as set forth in the revised United States Standards for Plums and Prunes (fresh), 7 CFR 51.360; and the term "standard basket" shall have the same meaning as set forth in paragraph numbered 1 of section 828.1 of the Agricultural Code of California.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 13th day of July 1951.

[SEAL] M. W. BAKER,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[Plum Order 20]

PART 936—FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.417 *Plum Order 20*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936), regulating the handling of fresh Bartlett pears, plums, and Elberta Peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety set forth in this section, and in the manner provided in this section will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than July 18, 1951. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until July 10, 1951, recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on July 10, 1951, after consideration of all available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about July 18, 1951, and this section should be applicable to all such shipments of such plums in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time of this section.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., July 18, 1951, and ending at 12:01 a. m., P. s. t., November 1, 1951, no shipper shall ship from any shipping point during any day any package or container of Kelsey plums unless:

(i) Such plums grade at least U. S. No. 1 with a total tolerance of fifteen (15) percent for defects not considered serious damage in addition to the tolerances permitted for such grade; and

(ii) The plums are, except to the extent otherwise specified in this paragraph, of a size not smaller than a size that will pack a 4 x 4 standard pack in a standard basket.

(2) During each day of the aforesaid period, however, any shipper may ship from any shipping point a quantity of such plums, by number of packages or containers, which are of a size smaller than a size that will pack a 4 x 4 standard pack, as aforesaid, but are not of a size smaller than a size that will pack a 4 x 5 standard pack in a standard basket if said quantity does not exceed eleven and eleven one-hundredths (11.11) percent of the number of the same type of packages or containers of plums which are of a size not smaller than a size that will pack a 4 x 4 standard pack, as aforesaid. The aforesaid 4 x 4 standard pack and 4 x 5 standard pack are defined more specifically in subparagraphs (4) and (5), respectively, of this paragraph.

(3) If any shipper, during any two (2) consecutive days of the aforesaid period, ships from any shipping point less than the maximum allowable quantity of such plums that may be of a size smaller than a size that will pack a 4 x 4 standard pack, as aforesaid, the aggregate amount of the undershipment of such plums may be shipped by such shipper only from such shipping point during the next succeeding calendar day in addition to the quantity of such plums of a size smaller than a size that will pack a 4 x 4 standard pack, as aforesaid, that such shipper could have shipped from such shipping point on such succeeding calendar day if there had been no undershipment during the two (2) preceding days.

(4) As used in this section, the aforesaid 4 x 4 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1^{13}/_{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1^{11}/_{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1^{9}/_{16}$ inches in diameter.

(5) As used in this section, the aforesaid 4 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1^{11}/_{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1^{9}/_{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1^{7}/_{16}$ inches in diameter.

(6) During the period set forth in subparagraph (1) of this paragraph, each shipper shall, prior to making each such shipment of plums, have the plums inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m. of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time;

the shipper, by submitting or causing to be submitted promptly such signed statement to the Plum Commodity Committee, may make the particular shipment without inspection, but such shipper shall comply with all grade and size regulations applicable to such shipment.

(7) Terms used in this section shall have the same meaning as when used in the amended marketing agreement and order; the terms "U. S. No. 1," "standard pack," "serious damage," and "diameter" shall have the same meaning as set forth in the revised United States Standards for Plums and Prunes (fresh), 7 CFR 51.360; and the term "standard basket" shall have the same meaning as set forth in paragraph numbered 1 of section 828.1 of the Agricultural Code of California.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 13th day of July 1951.

[SEAL] M. W. BAKER,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[Plum Order 21]

PART 936—FRESH BARTLETT PEARS, PLUMS, ANE ELBERTA PEACHES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 936.418 *Plum Order 21*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Plum Commodity Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of plums of the variety set forth in this section, and in the manner provided in this section will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafer set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than July 18, 1951. A reasonable determination as to the supply of, and the demand for, such plums must await the development of the crop thereof, and adequate information thereon was not available to the Plum Commodity Committee until July 10, 1951, recommendation as to the need for, and the extent of, regulation of shipments of such plums was made at the meeting of said committee on July 10, 1951, after consideration of an available information relative to the supply and demand conditions for such plums, at which time the recommendation and supporting information was submitted to the Department; shipments of the current crop of such plums are expected to begin on or about July 18, 1951, and this section should be applicable to all such shipments of such plums in order to effectuate the declared policy of the act; and compliance with the provisions of this section will not require of handlers any preparation therefor which cannot be completed by the effective time of this section.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., July 18, 1951, and ending at 12:01 a. m., P. s. t., November 1, 1951, no shipper shall ship from any shipping point during any day any package or container of Emily plums unless:

(i) Such plums grade at least U. S. No. 1 with a total tolerance of ten (10) per-

cent for defects not considered serious damage in addition to the tolerances permitted for such grade; and

(ii) The plums are, except to the extent otherwise specified in this paragraph, of a size not smaller than a size that will pack a 4 x 5 standard pack in a standard basket.

(2) During each day of the aforesaid period, however, any shipper may ship from any shipping point a quantity of such plums, by number of packages or containers, which are of a size smaller than a size that will pack a 4 x 5 standard pack, as aforesaid, but are not of a size smaller than a size that will pack a 5 x 5 standard pack in a standard basket if said quantity does not exceed twenty-five (25) percent of the number of the same type of packages or containers of plums which are of a size not smaller than a size that will pack a 4 x 5 standard pack, as aforesaid. The aforesaid 4 x 5 standard pack and 5 x 5 standard pack are defined more specifically in subparagraphs (4) and (5), respectively, of this paragraph.

(3) If any shipper, during any two (2) consecutive days of the aforesaid period, ships from any shipping point less than the maximum allowable quantity of such plums that may be of a size smaller than a size that will pack a 4 x 5 standard pack, as aforesaid, the aggregate amount of the undershipment of such plums may be shipped by such shipper only from such shipping point during the next succeeding calendar day in addition to the quantity of such plums of a size smaller than a size that will pack a 4 x 5 standard pack, as aforesaid, that such shipper could have shipped from such shipping point on such succeeding calendar day if there had been no undershipment during the two (2) preceding days.

(4) As used in this section, the aforesaid 4 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1\frac{11}{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1\frac{9}{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1\frac{7}{16}$ inches in diameter.

(5) As used in this section, the aforesaid 5 x 5 standard pack is defined more specifically as follows: (i) At least thirty-five (35) percent, by count, of the plums contained in such pack measure not less than $1\frac{9}{16}$ inches in diameter; (ii) at least ninety-five (95) percent, by count, of the plums contained in such pack measure not less than $1\frac{7}{16}$ inches in diameter; and (iii) no plums contained in such pack measure less than $1\frac{5}{16}$ inches in diameter.

(6) During the period set forth in subparagraph (1) of this paragraph, each shipper shall, prior to making each such shipment of plums, have the plums inspected by a duly authorized representative of the Federal-State Inspection Service, heretofore designated by the Plum Commodity Committee and hereby approved: *Provided*, That, in case the following conditions exist in connection with any such shipment:

(i) A written request for inspection is made to the Federal-State Inspection Service not later than 5:00 p. m. of the day before the fruit will be available for inspection;

(ii) The shipper designates in such request the date and hours when the fruit will be available for inspection; and

(iii) The Federal-State Inspection Service furnishes the shipper with a signed statement that it is not practicable, under such conditions, for the Federal-State Inspection Service to make the inspection within the necessary time;

the shipper, by submitting or causing to be submitted promptly such signed statement to the Plum Commodity Committee, may make the particular shipment without inspection, but such shipper shall comply with all grade and size regulations applicable to such shipment.

(7) Terms used in this section shall have the same meaning as when used in the amended marketing agreement and order; the terms "U. S. No. 1," "standard pack," "serious damage," and "diameter" shall have the same meaning as set forth in the revised United States Standards for Plums and Prunes (fresh), 7 CFR 51.360; and the term "standard basket" shall have the same meaning as set forth in paragraph numbered 1 of section 828.1 of the Agricultural Code of California.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 13th day of July 1951.

[SEAL] M. W. BAKER,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 51-8238; Filed, July 16, 1951; 9:29 a. m.]

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter I — Commodity Exchange Authority (Including Commodity Exchange Commission), Department of Agriculture

PART 3—SPECIAL PROVISIONS APPLICABLE TO COTTON

FORM 304

By virtue of the authority vested in the Secretary of Agriculture under the Commodity Exchange Act, as amended (7 U. S. C. 1–17a), and pursuant to notice heretofore published in the FEDERAL REGISTER on June 8, 1951 (16 F. R. 5447), §§ 3.16 and 3.17 (e) of the regulations promulgated under the Commodity Exchange Act (17 CFR 3.16, 3.17 (e)), are hereby amended to read as follows:

§ 3.16 *Merchandisers, processors, and dealers holding or controlling open contracts of specified size to report on Form 304.* Every person who is engaged in merchandising, processing, or dealing in cotton, cotton yarn, cotton cloth, or other cotton products, and who holds or controls open contracts in any one cotton future on any contract market which equal or exceed the amount fixed in § 3.21, shall report to the Commodity Exchange Authority on Form 304, which report shall be rendered as of the close of business on Friday of each week unless otherwise authorized in writing by the Commodity Exchange Authority upon good cause shown.

§ 3.17 *Information shown in reports on Form 304.* • • •

(e) Such person's fixed-price spot-cotton positions (both long and short);

(Sec. 8a, 49 Stat. 1500; 7 U. S. C. 12a)

Section 3.16, as amended, retains the requirement that reports on Form 304 be filed each week, but eliminates the additional requirement that such reports also be filed as of the close of business on July 31 of each year. Since this amendment will operate to relieve or liberalize an existing restriction and will not adversely affect the public, it may be made effective within less than 30 days after publication in the FEDERAL REGISTER.

The amendment to § 3.17 (e) eliminates the present provision which conditions the reporting of fixed-price spot-cotton positions on the holding or controlling of 20,000 bales or more of open contracts in any one cotton future on any contract market, and requires such reports from all persons required to report on Form 304. It is hereby found necessary that information with respect to fixed-price spot-cotton positions be available throughout the cotton marketing year which begins August 1, 1951. Therefore, it is found upon good cause that this amendment should be made effective within less than 30 days after publication thereof in the FEDERAL REGISTER.

These amendments shall become effective July 30, 1951.

Issued this 11th day of July 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[F. R. Doc. 51-8134; Filed, July 16, 1951; 8:46 a. m.]

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Supp. 9, Amdt. 3]

PART 60—AIR TRAFFIC RULES

RIGHT TURN INDICATORS; LIGHT SIGNALS; TRAFFIC PATTERNS

The following rules are hereby adopted for the purpose of cross referencing and recodifying air traffic rules previously published, and prescribing traffic patterns for Anchorage Airport and Lake Hood-Lake Spenard Landing Areas, and Fairbanks Airport and Chena River Landing Area. The traffic patterns have been coordinated with interested segments of the aviation industry in Alaska, and are adopted without delay in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

1. Section 60.18–1, published on July 16, 1949, in 14 F. R. 4299, is revised to read:

§ 60.18–1 *Right-turn indicators (CAA rules which apply to § 60.18 (a))*—(a) *Day-time operation.* The "L"-shaped marker described hereinafter is approved as a standard visual marker which indicates that turns are to be made to the right. The marker shall be prepared in such size and color, and located in such area, that when displayed between sunrise and sunset it will be readily visible to pilots using the airport. The marker shall be placed in such position that the short member of the "L" will show the direction of the traffic in the air, the long member of the "L" will point out the landing strip to be used, and the entire "L" will indicate the course of the turn to be executed by pilots using the landing strip.

NOTE: The "L"-shaped marker is applied to the Segmented Circle Airport Marker System in Technical Standard Order TSO–N5.

(b) *Night-time operation.* A flashing amber light shall mean that a clockwise flow of traffic around the airport is required unless otherwise authorized by the control tower operator.

2. Section 60.18–5 published September 20, 1949, in 14 F. R. 5746 and renumbered § 60.18–3 on August 5, 1950, in 15 F. R. 5046 is hereby revised to read:

§ 60.18–2 *Light signals (CAA rules which apply to § 60.18 (e)).* Light signals used for the control of air traffic shall be of the color and have the meaning prescribed in § 617.23 of this title.

3. Section 60.18–2 published on August 5, 1950, in 15 F. R. 5046 is renumbered § 60.18–3.

4. Section 60.18–4 is added to read:

§ 60.18–4 *Traffic patterns for Anchorage Airport and Lake Hood-Lake Spenard Landing Area (CAA rules which apply to § 60.18 (d)).* Aircraft taking off from or landing at the Anchorage Airport or the Lake Hood-Lake Spenard Landing Area, shall adhere to the following traffic patterns and the altitudes made a part thereof, unless otherwise authorized by Air Traffic Control. The subject traffic patterns shall be contained within the air space described by a 5-mile horizontal radius of the Anchorage Airport and extending vertically to 2,000 feet mean sea level.

(a) *Anchorage Airport*—(1) *General.* (i) Traffic patterns at the Anchorage Airport shall be rectangular and, for each runway, the traffic pattern shall lie to the side of the runway opposite Lake Hood and Lake Spenard.

(ii) Light and heavy aircraft shall follow their respective patterns as indicated by the diagrams set forth below. The differentiation between light and heavy aircraft shall be:

(a) *Light aircraft.* Aircraft which normally use a final approach true air speed of 100 m. p. h. or less.

(b) *Heavy aircraft.* Aircraft which normally use a final approach true air speed greater than 100 m. p. h.

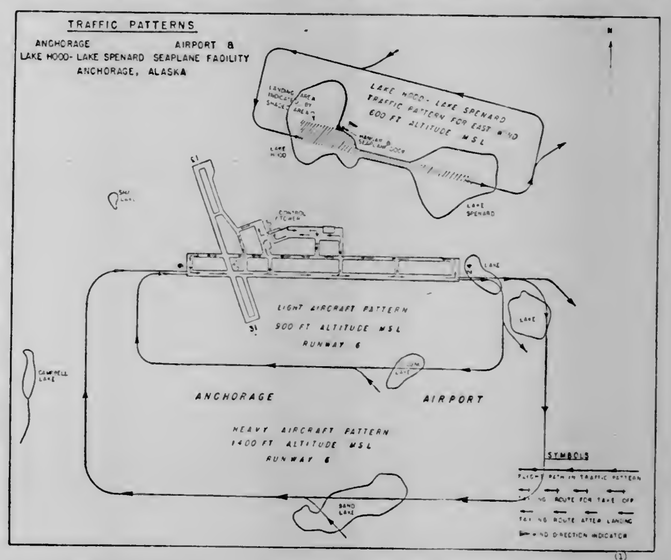
(2) *Take-off*—(i) *Aircraft remaining in the traffic pattern*—(a) *Runway 6 and 13.* Aircraft remaining in the traffic pattern shall execute a turn of 90° to the right at or before reaching an altitude of 500 feet mean sea level, and follow the rectangular patterns for runways 6 and 13 respectively.

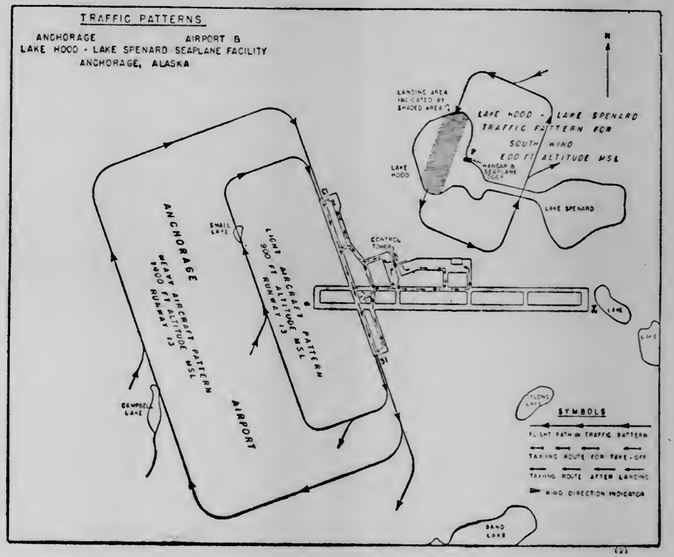
(b) *Runway 26 and 31.* Aircraft remaining in the traffic pattern shall execute a turn of 90° to the left at or before reaching an altitude of 500 feet mean sea level and follow the rectangular patterns for runways 24 and 31 respectively.

(ii) *Departing aircraft*—(a) *Runway 6 and 13*—(1) *Light aircraft.* Execute a turn of 90° to the right at or before reaching 500 feet mean sea level, and at the approximate midpoint of the initial cross-wind leg, execute a turn of 45° to the left.

(2) *Heavy aircraft.* Execute a turn of 45° to the right from the take-off leg at or before reaching an altitude of 500 feet mean sea level.

(b) *Runway 24 and 31*—(1) *Light aircraft.* Execute a turn of 90° to the left at or before reaching 500 feet mean sea





level, and at the approximate midpoint of the initial cross-wind leg, execute a turn of 45° to the right.

(2) *Heavy aircraft.* Execute a turn of 45° to the left from the take-off leg at or before reaching an altitude of 500 feet mean sea level.

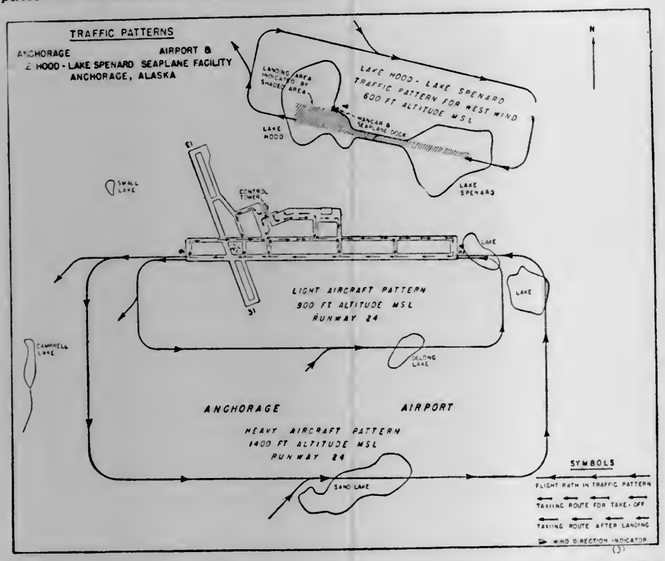
(3) *Traffic pattern entry*—(i) *Light aircraft.* Enter the traffic pattern at an altitude of 900 feet mean sea level and at an angle of 45° to the approximate midpoint of the down-wind leg.

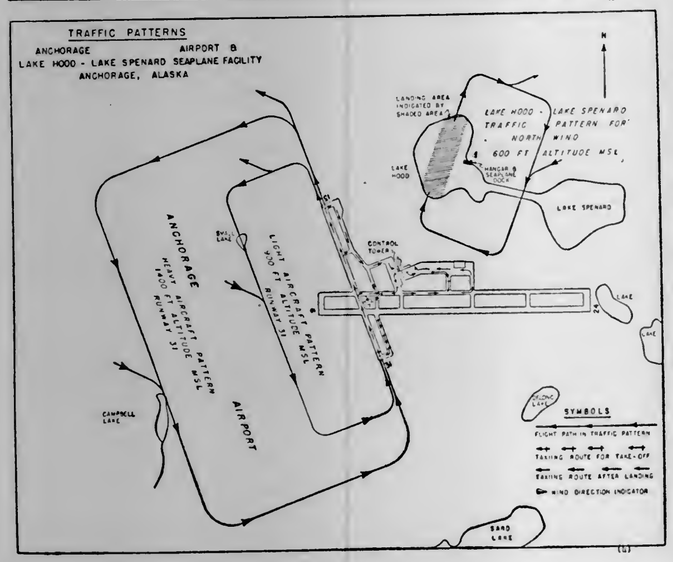
(ii) *Heavy aircraft.* Enter the traffic pattern at an altitude of 1,400 feet mean sea level and at an angle of 45° to the approximate midpoint of the down-wind leg.

(4) *Landing*—(i) *Light aircraft.* Aircraft shall be operated so as to enter the final approach at a distance of at least 1,000 feet from the approach end of the runway.

(ii) *Heavy aircraft.* Aircraft shall be operated so as to enter the final approach at a distance of at least 1,500 feet from the approach end of the runway.

(b) *Lake Hood-Lake Spenard Landing Area*—(1) *Landing area*—(i) *East or west wind.* The landing area shall be defined by the projection of the shore lines of the canal through Lake Spenard and a projection of the south shore line of the canal through Lake Hood and a parallel projection from Sea Airmotive Hangar extending to the west shore line of Lake Hood as shown by the diagrams set forth below.





(ii) *North or south wind.* The landing area shall be defined as the area extending 500 feet west of a line connecting the most northern and most southern points of the Lake Hood shore line as shown by the diagrams set forth below.

(2) *Traffic control.* (i) Traffic control instructions issued by the Anchorage Tower to aircraft landing at or taking-off from the Lake Hood-Lake Spenard Landing Area will be issued only with respect to existing traffic at the Anchorage Airport. Separation of surface traffic, therefore, will be the responsibility of the aircraft operator.

(ii) In the absence of an air traffic control facility at Lake Hood or Lake Spenard, aircraft shall be operated so as to conform to the taxiing routes as shown by the diagrams set forth below.

(3) *Traffic patterns*—(i) *East or west take-off or landing.* The traffic pattern shall lie to the side of the Lake Hood-Lake Spenard canal opposite the Anchorage Airport.

(ii) *North or south take-off or landing.* The traffic pattern shall lie to the side of the east side of Lake Hood.

(4) *Limitations.* (i) Only aircraft equipped with fully functioning two-way radio will be authorized to make a south take-off from Lake Hood or to enter the traffic pattern for a north landing on Lake Hood.

(ii) No aircraft shall make a take-off to the south from Lake Hood or enter traffic for a landing to the north at Lake Hood without having received a traffic clearance by radio from the Anchorage tower.

(iii) No aircraft shall enter the landing area in use while taxiing "on the step."

(5) *Take-off.* (i) A pilot shall not begin a take-off run until he has determined that the landing area and the final approach are clear of traffic.

(ii) Aircraft remaining in the traffic pattern:

(*a*) *East or south take-off.* Execute a turn of 90° to the left at or before reaching an altitude of 500 feet mean sea level, and follow the rectangular pattern for an east or south wind respectively.

(*b*) *West or north take-off* Execute a turn of 90° to the right at or before reaching an altitude of 500 feet mean sea level and follow the rectangular pattern for a west or north wind respectively.

(iii) Departing aircraft:

(*a*) *East take-off.* Execute a turn of 90° to the left at or before reaching an altitude of 500 feet mean sea level, and at the approximate midpoint of the initial cross-wind leg, execute a turn of 45° to the right.

(*b*) *South take-off.* Execute a turn of 180° to the left at or before reaching an altitude of 500 feet mean sea level, and at the approximate midpoint of the down-wind leg, execute a turn of 45° to the right.

(*c*) *West or North take-off.* Execute a turn of 90° to the right at or before reaching an altitude of 500 feet mean sea level, and at the approximate midpoint of the initial cross-wind leg, execute a turn of 45° to the left.

(6) *Landing*—(i) *Traffic pattern entry.* Enter the traffic pattern at an altitude of 600 feet mean sea level and at an angle of 45° to the approximate midpoint of the down-wind leg.

(7) *Taxiing route for take-off*—(i) *Taxiing for a west take-off from Lake Spenard.* All aircraft maneuvering from parking areas in Lake Hood for a west take-off from Lake Spenard shall follow a counter-clockwise flow of taxiing traffic in Lake Hood until the pilot has determined that the canal, landing approach, and landing area is clear of traffic, then proceed through the canal in an expeditious manner. All taxiing in Lake Spenard shall be confined to the area south of a projection of the north shore line of the canal.

(ii) *Taxiing for an east take-off from Lake Hood.* Aircraft maneuvering from parking areas for an east take-off from Lake Hood through the canal, shall follow a counter-clockwise flow of taxing traffic in Lake Hood until the pilot has determined that the canal is clear of all taxiing traffic.

(iii) *Taxiing for a south take-off from Lake Hood.* Aircraft maneuvering from parking areas for a south take-off from Lake Hood shall follow a counter-clockwise flow of taxiing traffic in Lake Hood to a take-off position near the north shore of Lake Hood.

(iv) *Taxiing for a north take-off from Lake Hood.* Aircraft maneuvering from parking areas for a north take-off from Lake Hood shall follow a clockwise flow of taxiing traffic in Lake Hood to a take-off position near the south shore of Lake Hood.

(8) *Taxiing route following landing*—(i) *Taxiing route after landing to the south on Lake Hood.* At the completion of the landing run, the aircraft shall be operated so as to join a counter-clockwise flow of traffic to the aircraft parking area.

(ii) *Taxiing route after landing to the north on Lake Hood.* At the completion of the landing run, the aircraft shall be operated so as to join a clockwise flow of traffic to the aircraft parking area.

(iii) *Taxiing after landing to the east on Lake Hood.* (*a*) If the landing run is completed prior to entering the canal, the aircraft may be taxied direct to the aircraft parking area.

(*b*) If the landing run continues into the canal, proceed through the canal in an expeditious manner, following a counter-clockwise flow of traffic in Lake Spenard until it has been determined that the landing approach and the canal are clear of traffic, then proceed expeditiously through the canal to the aircraft parking area.

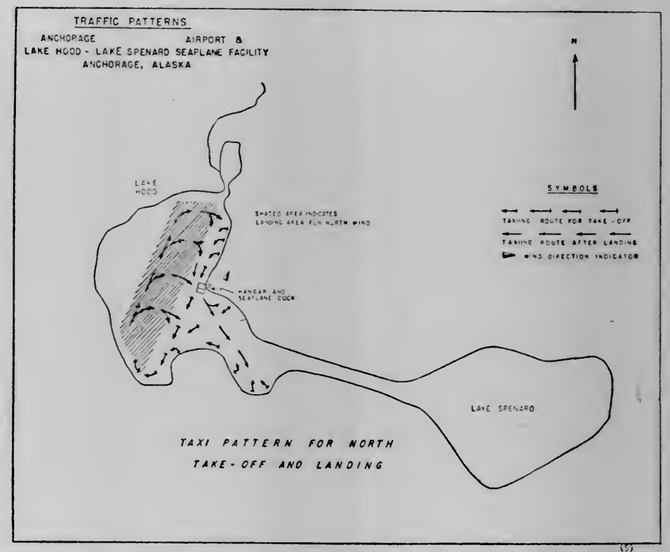
(iv) *Taxiing after landing to the west on Lake Spenard or Canal.* At the completion of the landing run, proceed expeditiously through the canal and direct to the aircraft parking area.

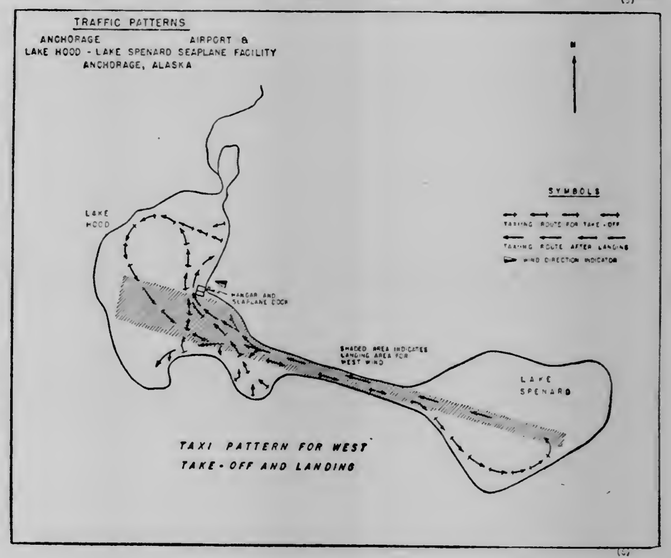
5. Section 60.18–5 is added to read:

§ 60.18–5 *Traffic patterns for Fairbanks Airport and Chena River Landing Area (CAA rules which apply to § 60.18 (d)).* Aircraft taking off from or landing at the Fairbanks Airport or the Chena River Landing Area shall adhere to the following traffic patterns and altitudes made a part thereof, unless otherwise authorized by Air Traffic Control. The subject traffic patterns shall be contained within the air space described by a 3-mile horizontal radius of the Fairbanks Airport and extending vertically to 2,500 feet mean sea level.

(a) *Fairbanks International Airport*—(1) *General.* (i) Traffic patterns at the Fairbanks Airport shall be rectangular, extending east of the C. A. A. road and for each runway the traffic pattern shall be to the east side of the runway.

(ii) Light and heavy aircraft shall follow their respective patterns as indicated by the diagrams set forth below. The





differentiation between light and heavy aircraft shall be:

(a) *Light aircraft.* Aircraft which normally use a final approach true air speed of 100 m. p. h. or less.

(b) *Heavy aircraft.* Aircraft which normally use a final approach true air speed greater than 100 m. p. h.

(2) *Take-off*—(i) *Aircraft remaining in the traffic pattern*—(a) *Runway 1*—(1) *Light aircraft.* Aircraft remaining in the traffic pattern shall execute a 90° turn to the right at an altitude of at least 800 feet mean sea level, climbing to a traffic altitude of 1,100 feet mean sea level following the rectangular pattern for runway 1.

(2) *Heavy aircraft.* Aircraft remaining in the traffic pattern shall execute a 90° turn to the right at an altitude of at least 800 feet mean sea level climbing to a traffic altitude of 1,600 feet mean sea level following the rectangular pattern for runway 1.

(b) *Runway 19*—(1) *Light aircraft.* Aircraft remaining in the traffic pattern shall execute a 90° turn to the left at an altitude of at least 800 feet mean sea level climbing to a traffic altitude of 1,100 feet mean sea level following the rectangular pattern for runway 19.

(2) *Heavy aircraft.* Aircraft remaining in the traffic pattern shall execute a 90° turn to the left at an altitude of at least 800 feet mean sea level climbing to a traffic altitude of 1,600 feet mean sea level following the rectangular pattern for runway 19.

(ii) *Departing aircraft*—(a) *Runway 1*—(1) *Light aircraft.* Aircraft shall execute a 90° turn to the right at an altitude of at least 800 feet mean sea level, and at the approximate midpoint of the initial cross wind leg execute a turn of 45° to the left.

(2) *Heavy aircraft.* Aircraft shall execute a 45° turn to the right from the take-off leg at an altitude of at least 800 feet mean sea level.

(b) *Runway 19*—(1) *Light aircraft.* Aircraft shall execute a 90° turn to the left at an altitude of at least 800 feet mean sea level, and at the approximate midpoint of the initial cross wind leg execute a turn of 45° to the right.

(2) *Heavy aircraft.* Aircraft shall execute a 45° turn to the left from the take-off leg at an altitude of at least 800 feet mean sea level.

(3) *Traffic pattern entry.* (i) Light aircraft shall enter the traffic pattern at an altitude of 1,100 feet mean sea level and at an angle of 45° to the approximate midpoint of the down wind leg.

(ii) Heavy aircraft shall enter the traffic pattern at an altitude of 1,600 feet mean sea level and at an angle of 45° to the approximate midpoint of the down wind leg.

(4) *Landing.* (i) Light aircraft shall be operated so as to enter the final approach at a distance of at least 100 feet from the approach end of the runway.

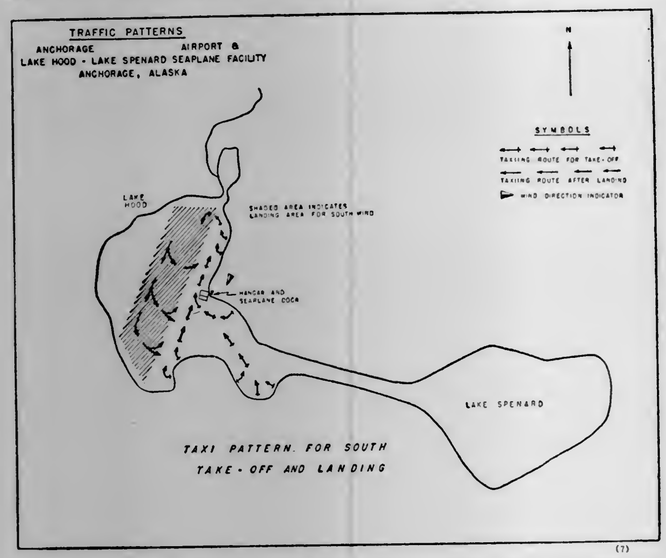
(ii) Heavy aircraft shall be operated so as to enter the final approach at a distance of at least 1,500 feet from the approach end of the runway.

(b) *Chena River Landing Area*—(1) *Landing area.* The landing area shall be defined as those portions of the Chena River upstream and downstream from a place on the river commonly known and identified as Pike's Landing, and extending downstream to the pumping station and upstream to the first right turn from Pike's Landing.

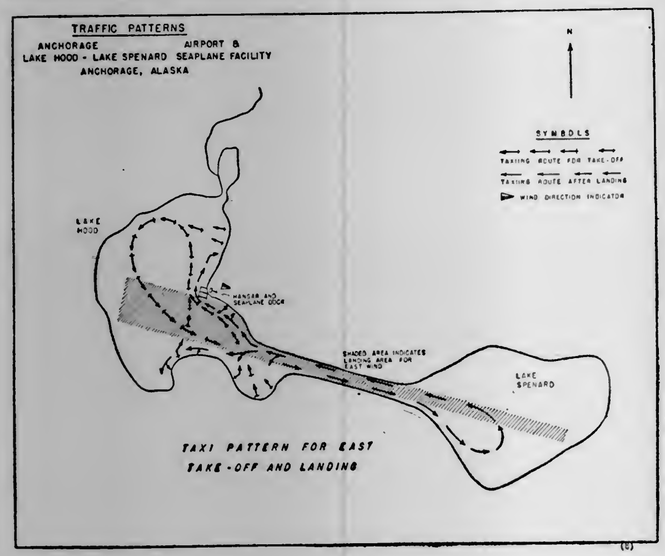
(2) *Traffic control.* (i) Aircraft operating in the traffic patterns defined in this chapter will not normally be controlled by the Fairbanks Control Tower.

(ii) Any traffic control instructions issued by the Fairbanks Tower to aircraft landing at or taking off from the defined landing area on the Chena River will be issued only with respect to existing traffic at the Fairbanks Airport. Separation of surface traffic, therefore, will be the responsibility of the aircraft operator.

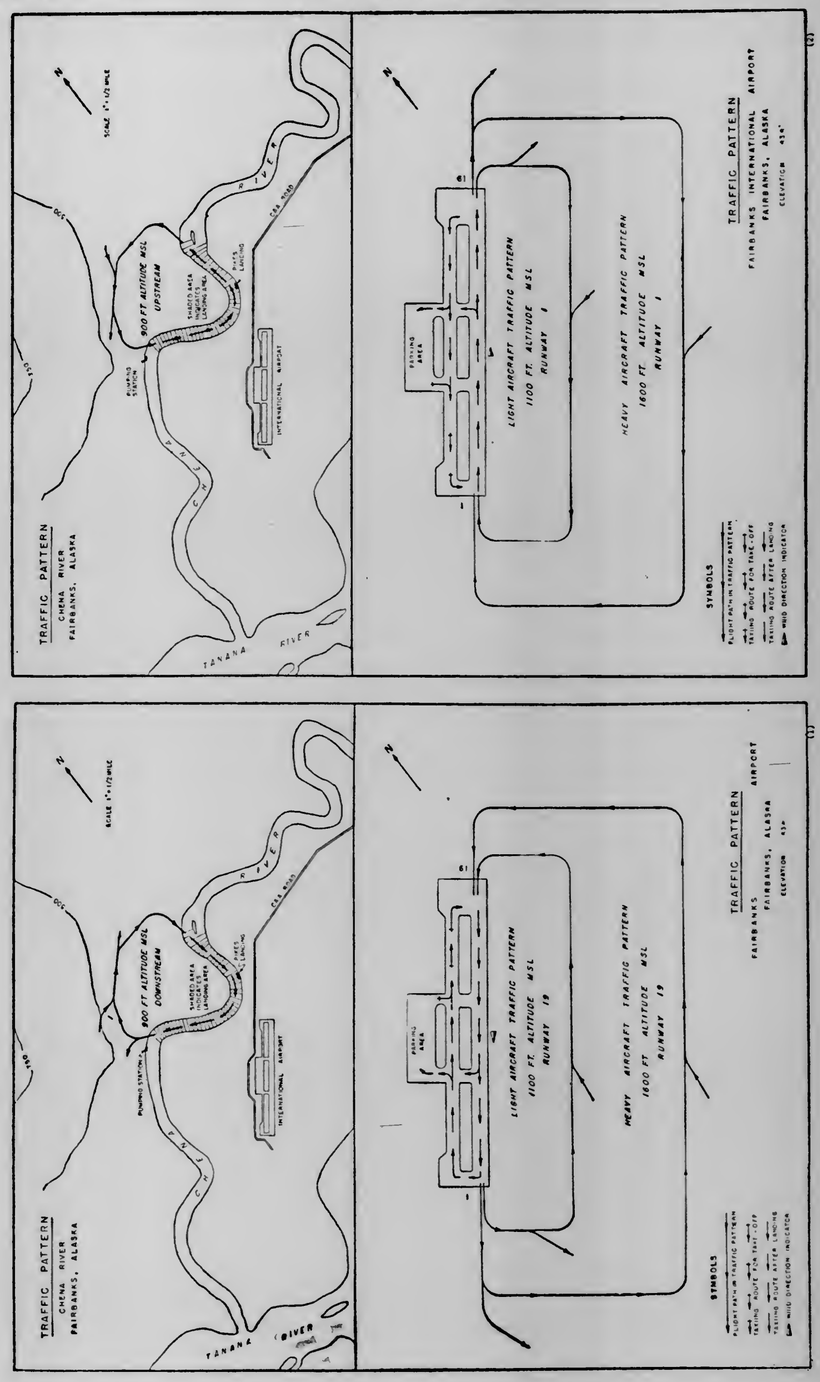
(3) *Traffic patterns.* (i) Traffic patterns for the defined landing area on the Chena River shall be circular, shall lie to the west side of the river, and shall not extend east of the defined landing area on the Chena River as illustrated on the diagram set forth below.



(7)



(8)



(17)

(ii) Landing or takeoff upstream (north or east) shall be to the left.

(iii) Landing or takeoff downstream (south or west) shall be to the right.

(4) *Departure from traffic pattern.* Aircraft shall depart from the traffic pattern on a westerly heading.

(5) *Entrance to traffic pattern.* Aircraft shall enter the traffic pattern on an easterly heading at an altitude of 900 feet mean sea level.

(Sec. 205, 52 Stat. 984, as amended, sec. 4, 62 Stat. 278; 48 U. S. C. 485c, 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective 0001 e. s. t. July 14, 1951.

F. B. LEE,
Acting Administrator of Civil Aeronautics.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 52773]

PART 4—VESSELS IN FOREIGN AND DOMESTIC TRADES

DISCREPANCIES IN MARKS OR NUMBERS ON PACKAGES AND VESSEL MANIFESTS AND DELIVERY OF SUCH PACKAGES

The Bureau approves the practice of not requiring post entries to manifests or shortage affidavits because of discrepancies between marks or numbers on packages of merchandise and the marks or numbers for the same packages as shown on the manifest of the importing vessel when the quantities and description of the merchandise in such packages are correctly given.

Therefore, § 4.12 (d), Customs Regulations of 1943 (19 CFR 4.12 (d)), as amended, is further amended by adding the following sentence: "A correction in the manifest shall not be required because of discrepancies between marks or numbers on packages of merchandise and the marks or numbers for the same packages as shown on the manifest of the importing vessel when the quantities and description of the merchandise in such packages are correctly given."

(R. S. 161, sec. 624, 46 Stat. 759; 5 U. S. C. 22, 19 U. S. C. 1624. Interprets or applies secs. 440, 584, 46 Stat. 712, 748, as amended; 19 U. S. C. 1440, 1584)

Since it is reported that discrepancies are often found between marks or numbers on packages of merchandise and the marks or numbers for the same packages as shown on the manifest of the importing vessel, the Bureau deems it advisable to have the customs regulations set forth the conditions under which such packages may be released. Accordingly, § 4.38, Customs Regulations of 1943 (19 CFR 4.38), is hereby amended by inserting "(a)" after the headnote, by deleting the parenthetical matter at the end of the present paragraph, and by adding a new paragraph (b) reading as follows:

(b) When packages of merchandise bear marks or numbers which differ from those appearing on the manifest of the importing vessel for the same packages and the importer or a receiving bonded carrier, with the concurrence of the importing carrier, makes application for their release under such marks or numbers, either for consumption or for transportation in bond under an entry filed therefor at the port of discharge from the importing vessel, the collector may approve the application upon condition (1) that the contents of the packages be identified with an invoice or transportation entry as set forth below and (2) that the applicant furnish at his own expense any bonded cartage or lighterage service which the granting of the application may require. The application shall be in writing in such number of copies as may be required for local customs purposes. Before permitting delivery of packages under such an application, the collector shall cause such examination thereof to be made as will reasonably identify the contents with the invoice filed with the consumption entry. If the merchandise is entered for transportation in bond without the filing of an invoice, such examination shall be made as will reasonably identify the contents of the packages with the transportation entry.

(R. S. 251, sec. 624, 46 Stat. 759; 19 U. S. C. 66, 1624. Interprets or applies secs. 448, 505, 46 Stat. 714, 732; 19 U. S. C. 1448, 1505)

[SEAL] C. A. EMERICK,
Acting Commissioner of Customs.

Approved: July 10, 1951.

E. H. FOLEY,
Acting Secretary of the Treasury.

[F. R. Doc. 51-8149; Filed, July 16, 1951; 8:47 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[CPR 22, Interpretation 33]

CPR 22—MANUFACTURERS' GENERAL CEILING PRICE REGULATION

INT. 33—NONMETALLIC MINERALS

When the components of a nonmetallic mineral are separated out from the crude mineral solely by mechanical or physical means, such as grinding, washing, leaching classification, flotation, evaporation, dehydration, and like processes, they are still regarded as nonmetallic minerals within the meaning of paragraph (v) of Appendix A to CPR 22, and are therefore exempt from that regulation (unless specifically excluded from the exemption by name). Derivatives of the crude mineral which are obtained by refining or purification processes involving recrystallization or chemical methods (including carbonation, ionic interchange, or similar methods) are no longer considered minerals and do not fall within the exemption of paragraph (v). Examples of commodities regarded as nonmetallic minerals within this exemption, when derived from the crude minerals, are:

Crude salt.
Natural soda (trona, sesquicarbonate).
Crude soda.
Crude soda calcined.
Soda ash (less than 56 percent Na20).
Murlate of potash.
Potash salts crude.
Borax crude.
Kernite (rasorite).
Kernite anhydrous.
Tincal.
Tincal anhydrous.
Borax.
Borax anhydrous.
Salt cake crude.
Sodium sulphate crude.

On the other hand, the following commodities are among those regarded as chemicals subject to CPR 22 and not as nonmetallic minerals:

Refined salt.
Soda ash 58 percent Na20.
Sodium bicarbonate.
Sulfate of potash.
Boric acid.
Sodium meta borate.
Potassium borate.
Ammonium borate.
Polybor chlorate.
Salt cake.
Sodium sulfate.

(Sec. 704, Pub. Law 774, 81st Cong.)

HAROLD LEVENTHAL,
Chief Counsel, Office of Price Stabilization.

JULY 16, 1951.

[General Overriding Regulation 15]

GOR 15—ADJUSTMENT OF CEILING PRICES OF MACHINE TOOLS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this General Overriding Regulation No. 15 is hereby issued.

STATEMENT OF CONSIDERATIONS

This General Overriding Regulation permits adjustments in manufacturers' ceiling prices for machine tools and machine tool attachments. These ceiling prices may be adjusted either on an over-all basis or for a particular machine tool or machine tool attachment. On an over-all basis, the manufacturer may secure an adjustment which will enable him to realize 80 percent of his average rate of return during the years 1938 through 1948. For a particular machine tool or machine tool attachment, the manufacturer may secure an adjustment which will enable him to realize his total unit costs, plus a profit of 5½ percent.

Adequate production of machine tools is basic to the defense effort. However, the current production of this industry has been at a relatively low level. Within the past five months, orders have been placed by the armed services and persons producing military goods for the armed services to such an extent that the average delay in delivery of machine tools is twenty to twenty-two months.

In recognition of the essentiality of machine tool production the National Production Authority issued Orders M-40 and M-41 on February 28, 1951. These orders require machine tool manufacturers to reserve 70 percent of their production for the armed services or for contractors specified by the armed services. Further, machine tool manufacturers are required to file the orders they receive with the National Production Authority and to make deliveries in accordance with directives from that Agency in an order of preference established by them in consultation with the Munitions Board representing the armed services.

As of March 1, 1951, the machine tool industry was producing at the rate of $432,000,000 a year. It is expected that by the end of 1951 this industry will be producing at an annual rate of $1,000,000,000 a year in order to provide a firm mobilization base. However, at the beginning of our present defense effort the machine tool industry was in a depressed condition. This was due for the most part, to the fact that it found itself with an over-capacity for peacetime at the same time that it was required to meet the competition of a large volume of tools which it had produced during World War II.

In recognition of these facts the Office of Defense Mobilization has issued a directive which requires the Office of Price Stabilization to modify price controls for manufacturers of machine tools to the extent necessary to give them the incentive to expand their production for essential needs. This General Overriding Regulation has been issued pursuant to this directive.

Machine tool manufacturers are uncertain as to how they will fare during the period of expanded production which lies ahead. This adjustment provision is a temporary expedient which will insure a normal profit during this period. It is expected that after machine tool manufacturers get into full production it will be unnecessary for them to avail themselves of this adjustment provision.

The standard used in this General Overriding Regulation for the purpose of determining adjustments on an over-all basis is the same as that used by the Bureau of Internal Revenue for the purpose of determining excess profit taxes for the machine tool industry. The standard used for determining the adjustment for a particular machine tool or machine tool attachment will enable the manufacturer to realize, for each machine tool and machine tool attachment, one-half of the average percentage margin over total unit costs realized by the machine tool industry for the year 1950.

REGULATORY PROVISIONS

Sec.
1. Coverage.
2. Adjustment of ceiling prices on an over-all basis.
3. Adjustment of ceiling prices for a particular machine tool or machine tool attachment.
4. Modification of ceiling prices.
5. Definitions.

AUTHORITY: Sections 1 to 5 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong., E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.

SECTION 1. *Coverage.* This General Overriding Regulation applies to you if you are a manufacturer of machine tools or machine tool attachments. The terms "manufacturer", "machine tool" and "machine tool attachment" are defined in section 5 (Definitions).

SEC. 2. *Adjustment of ceiling prices on an over-all basis.*—(a) *When you may receive an adjustment.* Your ceiling price for all machine tools and machine tool attachments sold by you may be adjusted whenever you can demonstrate that your ceiling prices for machine tools and machine tool attachments cause or threaten to cause you to realize a rate of return, before income and excess profits taxes, which is less than 80 percent of your average rate of return for the years 1938 through 1948. The term "rate of return" is defined in section 5 (Definitions). You determine your average rate of return for the years 1938 through 1948 as follows:

(1) Add the dollar amounts of your total net operating income for each of your fiscal years from 1938 through 1948.

(2) Add the dollar amounts of the interest paid by you for each of your fiscal years from 1938 through 1948.

(3) Total the amounts found in (1) and (2).

(4) Add the dollar amounts of your total assets used in your business as of the last day of each of your fiscal years from 1938 through 1948.

(5) Divide the amount found in (3) by the amount found in (4). The result is your average rate of return for the years 1938 through 1948.

(6) If you did not sell machine tools or machine tool attachments during any year during the period 1938 through 1948, you shall determine your average rate of return for the years 1938 through 1948 as follows:

(i) Determine your average rate of return in the manner set forth in (1) through (5) for the years in which you did sell machine tools or machine tool attachments.

(ii) Multiply the result found under (i) by the number of years during the period 1938 through 1948 during which you sold machine tools or machine tool attachments.

(iii) Multiply 21 percent by the number of years during the period 1938 through 1948 in which you did not sell machine tools or machine tool attachments.

(iv) Total (ii) and (iii).

(v) Divide by 11 the result found under (iv). The result is your average rate of return for the period 1938 through 1948. Of course, if you did not sell machine tools or machine tool attachments during the entire period 1938 through 1948, you shall use 21 percent as your average rate of return for this period.

(b) *Amount of the adjustment.* If you are entitled to an adjustment under the provisions of paragraph (a), you shall determine the amount of the adjustment as follows:

(1) On the basis of the ceiling prices established for your sales of machine tools and machine tool attachments by the applicable OPS regulation, other than this General Overriding Regulation, estimate your rate of return for the next twelve months period.

(2) Determine your average rate of return for the years 1938 through 1948 in the manner set forth in paragraph (a).

(3) Increase your ceiling prices for machine tools and machine tool attachments by the percentage necessary, on the basis of your estimate, for you to realize 80 percent of your average rate of return determined under (2) for the portion of your business for which you made the estimate. Your ceiling prices for all machine tools and machine tool attachments must be increased by the same percentage.

(4) You may use the percentage increase determined under (3) only for those sales of machine tools and machine tool attachments which you make during the three calendar months following the date when you calculated this percentage. At the end of this three month period, you shall recalculate your percentage increase. You shall make this recalculation for the same twelve month period, for which you made your original calculation. Also, you shall make this recalculation in the manner set forth in subparagraphs (1) through (3) of this paragraph, except that you shall reflect in this recalculation your actual experience during the past three calendar months and any changes which have occurred in your projected operations for the succeeding nine calendar months. The resulting percentage increase may only be used for the three calendar months following the date of your recalculation.

(5) You shall recalculate your percentage increase at the end of six and nine months in the manner set forth in subparagraph (4) of this paragraph. Again, the percentage increase which you calculate may be used only for the succeeding three calendar months.

(6) When twelve months have elapsed since the date when you made your original estimate for that twelve month period, you shall determine your actual rate of return for that portion of your business for which you were required to estimate your actual rate of return under (1). If this actual rate of return exceeds, by more than 5 percent, 80 percent of your average rate of return for the years 1938 through 1948 for the same portion of your business, you must make the refund required by subparagraph (7); otherwise, you need not make a refund. You must make the required refund within sixty days after the twelve month period has elapsed.

(7) You shall determine the refund required for each sale of a machine tool or machine tool attachment, which you made during this twelve month period, as follows: First, determine the percentage increase over your ceiling price for the sale of that machine tool or machine tool attachment which you made under this paragraph. Then, deduct from that

percentage the actual percentage necessary for you to realize the rate of return permitted by this paragraph for all of your sales of machine tools and machine tool attachments for your twelve months of operation under this paragraph. Multiply your ceiling price for the machine tool or machine tool attachment, before you made the increase permitted by this paragraph, by the resultant percentage. The result is the amount which you must refund to the purchaser of that machine tool or machine tool attachment.

(8) After twelve months have elapsed after your first calculation of the adjustment, to which you are entitled under this paragraph, you may determine an adjustment for the ensuing twelve month period. If you do so, this adjustment must be determined in the manner set forth in subparagraphs (1) through (5) of this paragraph. Also, at the end of this twelve month period, you must determine the refund, if any, which you must make to your customers in the manner set forth in subparagraphs (6) and (7) of this paragraph.

(c) *Report.* Before you sell, offer to sell or deliver a machine tool or machine tool attachment at the increased price permitted by this section you must file a report with the Industrial Materials and Manufactured Goods Division, Office of Price Stabilization, Washington 25, D. C. This report must contain the following information. (This information may be filed on a copy of form OPS 55, which may be obtained from your nearest OPS office):

(1) Your name and address.

(2) A general description of all commodities, including commodities other than machine tools and machine tool attachments which you sell. (For example, turret lathes, screw machines, textile machinery, paper making machinery, etc.)

(3) State separately your gross sales of all commodities, and of machine tools and machine tool attachments, during your last fiscal year ended not later than the date when you calculated the adjustment under this section.

(4) Your average rate of return for the years 1938 through 1948 and your calculations of your average rate of return for these years for the portion of your business for which you calculated your adjustment. If you were not selling machine tools or machine tool attachments during the period 1938 through 1948, you must state that fact instead of giving this information.

(5) Your estimated rate of return for the next twelve month period under your ceiling prices for machine tools and machine tool attachments established by the applicable OPS regulation, other than this General Overriding Regulation. You must also state your calculation of this estimated rate of return.

(6) A representative sample of your ceiling prices for machine tools and machine tool attachments before and after the adjustment permitted by this section. You need not report such ceiling prices for more than five commodities.

(7) Your computation of the adjustment permitted by this section.

Within sixty days after twelve months have elapsed since the filing of your report, you must report to the Industrial Materials and Manufactured Goods Division, Office of Price Stabilization, Washington 25, D. C., your actual rate of return and your computation of this actual rate of return, for this twelve month period for the portion of your business for which you calculated the adjustment.

SEC. 3. *Adjustment of ceiling prices for a particular machine tool or machine tool attachment.*—(a) *When you may receive an adjustment.* Your ceiling price for a particular machine tool or machine tool attachment may be adjusted whenever you can demonstrate that your ceiling price is less than 105.5 percent of your total unit costs for that machine tool or machine tool attachment.

(b) *Amount of the adjustment.* If you are entitled to an adjustment under the provisions of paragraph (a), you shall determine the amount of this adjustment as follows:

(1) Estimate, for the next twelve month period, your average total unit cost of the machine tool or machine tool attachment.

(2) Multiply the amount determined under (1) by 105.5 percent. The result is your adjusted ceiling price.

(3) You may use the adjusted ceiling price determined under (2) only for those sales of the machine tool or machine tool attachment which you make during the three calendar months following the date when you calculated the adjusted ceiling price. At the end of this three month period, you shall recalculate your adjusted ceiling price. You shall make this recalculation for the same twelve month period for which you made your original calculation. Also, you shall make this recalculation in the manner set forth in subparagraphs (1) and (2) of this paragraph, except that you shall reflect in this recalculation your actual experience during the past three month period and any changes which have occurred in your projected operations for the succeeding nine month period. The resulting adjusted ceiling price may be used only for the three calendar months following the date of your recalculation.

(4) You shall recalculate your adjusted ceiling price at the end of six and nine months in the manner set forth in subparagraph (3) of this paragraph. Again, the adjusted ceiling price which you calculate may be used only for the succeeding three month period.

(5) When twelve months have elapsed since you first determined your adjusted ceiling price under this section, you shall determine your average total unit cost of the machine tool or machine tool attachment for this twelve month period. You shall then multiply this average total unit cost by 105.5 percent. The result is your actual ceiling price.

(6) If the price at which you sold this machine tool or machine tool attachment during this twelve month period, exceeded by more than 5 percent your actual ceiling price determined under (5), you shall refund the entire amount of the excess to the person to whom you sold that machine tool or machine tool attachment. Each such refund must be made within sixty days after the twelve month period has elapsed. If the price at which you sold the machine tool or machine tool attachment exceeds your actual ceiling price determined under (5) by 5 percent or less, you need not make a refund.

(7) After twelve months have elapsed after your first calculation of your adjusted ceiling price, you may determine the adjusted ceiling price for the ensuing twelve month period. If you do so, this adjusted ceiling price must be determined in the manner set forth in subparagraphs (1) through (4) of this paragraph. Also, at the end of this twelve month period you must determine the refund, if any, which you must make to your customers in the manner set forth in subparagraphs (5) and (6) of this paragraph.

(c) *Report.* Before you sell, offer to sell or deliver a machine tool or machine tool attachment at the adjusted ceiling price determined under this section, you must file a report with the Industrial Materials and Manufactured Goods Division, Office of Price Stabilization, Washington 25, D. C. This report must contain the following information (This information may be filed on a copy of Form OPS 56, which may be obtained from your nearest OPS office):

(1) Your name and address.

(2) A description of the machine tool or machine tool attachment whose ceiling price you have adjusted under this section.

(3) The ceiling price of the machine tool or machine tool attachment under the applicable OPS regulation, other than this General Overriding Regulation.

(4) Your estimated total unit costs of the machine tool or machine tool attachment, stating separately, direct labor, direct material, factory overhead, selling expense and administrative expense.

(5) Your adjusted ceiling price determined under this section. Within sixty days after twelve months have elapsed since the filing of your report, you must report to the Industrial Materials and Manufactured Goods Division, Office of Price Stabilization, Washington 25, D. C., your average total unit costs of the machine tool or machine tool attachment for this twelve month period.

SEC. 4. *Modification of ceiling prices.* The Director of Price Stabilization may, by order, modify any ceiling price determined under this General Overriding Regulation, if that ceiling price was not determined properly in accordance with the provisions of this General Overriding Regulation. Such an order may apply retroactively to deliveries made before its issuance.

SEC. 5. *Definitions*—(a) *Machine tool.* This term means any power-driven machine used for shaping metal by cutting, abrading, straightening, forcing, forging, or forming under pressure.

(b) *Machine tool attachment.* This term means any accessory equipment furnished with a machine tool or separately for use on a machine tool.

This term does not include engines, motors, drives, oil pumps, cutting tools, or similar items.

(c) *Manufacturer.* This term means any one of the following:

(1) Any person engaged in one or more operations in the fabrication, processing or assembly of the commodity being priced, including subcontractors.

(2) Any person who sells a commodity which has been produced on his account from materials or parts owned by him.

(3) Any person who sells a commodity under his own brand or trade name.

(d) *Rate of return.* This term means your aggregate net operating income, before income and excess profits taxes, plus interest paid by you, divided by your total assets used in your business. In determining your rate of return for any of the years 1938 to 1948, inclusive, you shall base the rate of return on your total assets used in your business as of the close of your fiscal year. In estimating or determining your rate of return for any period following your first calculation of the permitted adjustment under this General Overriding Regulation, you shall base the rate of return on your total assets used in your business as of the close of the last month for which this information is available, but you must decrease the amount of such total assets by the amount, if any, by which your reserve for taxes at the end of that month exceeds your reserve for taxes as of the close of your last prior fiscal year. All assets acquired after January 1, 1950, shall be depreciated at normal rates. If during any calendar year, 85 percent or more of your gross dollar sales were realized from your sales of machine tools and machine tool attachments, you shall determine your rate of return for your entire business for that calendar year. Otherwise, you shall determine your rate of return only for the machine tool and machine tool attachment portion of your business.

Effective date. This General Overriding Regulation shall become effective July 16, 1951.

NOTE: The reporting requirements of this General Overriding Regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[F. R. Doc. 51-8264; Filed, July 16, 1951; 10:25 a. m.]

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-16, as Amended July 13, 1951]

M-16—DISTRIBUTION OF COPPER RAW MATERIALS

This amendment to NPA Order M-16, as amended January 31, 1951, is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950. In the formulation of this order there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. However, consultation with representatives of all trades and industries affected in advance of the issuance of this order has been rendered impracticable due to the necessity for immediate action and because the order affects a large number of different trades and industries.

This amendment affects NPA Order M-16 dated January 31, 1951, as follows: It renumbers §§ 29.51 to 29.61 as sections 1 to 11 inclusive. It substitutes a new section 1; amends paragraph (c) of section 2; substitutes new paragraphs (f), (g), and (h), and deletes (i), (j), and (k) of section 2; substitutes new sections 3, 4, and 5; deletes paragraph (b) of section 6 and substitutes new paragraphs (b) and (c); amends section 7; changes paragraph (c) of section 9 to (d) and inserts a new paragraph (c); and effects other minor changes. As so amended, NPA Order M-16 reads as follows:

Sec.
1. What this order does.
2. Definitions.
3. Acceptance of delivery of copper raw materials.
4. Restrictions on disposal of scrap.
5. Restrictions on inventory accumulations.
6. Restrictions on toll agreements.
7. Authorizations and directives.
8. Applications for adjustment or exception.
9. Records and reports.
10. Communications.
11. Violations.

AUTHORITY: Sections 1 to 11 issued under sec. 704, Pub. Law 774, 81st Cong., Pub. Law 69, 82d Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong., Pub. Law 69, 82d Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. *What this order does.* The purpose of this order is to regulate the acceptance, delivery, and distribution of all copper raw materials (whether on toll agreements or otherwise) so as to provide an equitable distribution of such materials. It sets forth the classes of persons who may receive such materials without specific authorization from the National Production Authority and the types of copper raw materials such persons may so receive, and provides for application by all other persons to the National Production Authority for specific written authorization. It also limits toll agreements covering scrap and prohibits undue accumulation of scrap.

SEC. 2. *Definitions.* As used in this order:

(a) "Person" means any individual, corporation, partnership, association, or any other organized group of persons, and includes any agency of the United States or any other government.

(b) "Copper" means unalloyed copper, including electrolytic copper, fire-refined copper, and all unalloyed copper in any form.

(c) "Copper-base alloy" means any alloy in the composition of which the percentage of copper metal equals or exceeds 40 percent by weight of the metallic content of the alloy. It includes fired and demilitarized cartridge and artillery cases, and all copper-base alloy in any form. It does not include alloyed gold produced in accordance with U. S. Commercial Standard CS 67-38.

(d) "Scrap" means all copper or copper-base alloy materials or objects which are the waste or byproduct of industrial fabrication, or which have been discarded on account of obsolescence, failure, or other reason.

(e) "Copper wire mill product" means bare wire, insulated wire and cable whatever the outer protective coverings may be, and uninsulated wire and cable where the conductors are made from copper, copper-base alloy, or copper-clad steel containing over 20 percent copper by weight. All copper wire mill products should be measured in terms of pounds of copper content.

(f) "Brass mill products" means copper and copper-base alloys in the following forms: sheet, plate, and strip in flat lengths or coils; rod, bar, shapes, and wire, except copper wire mill products; and seamless tube and pipe. Straightening, threading, chamfering and cutting to width and length, and reduction in gage, do not constitute changes in form of brass mill products except as determined by NPA. The following related products which have been produced by a change in form of brass mill products are not included in the definition of brass mill products:

Circles.
Discs.
Cups.
Blanks and segments.
Forgings.
Welding rod, 3 feet or less in length.
Rotating bands.
Tube and nipples—welded, brazed, or mechanically seamed.
Formed flashings.
Engravers' copper.

Allotments for the purpose of producing such related products shall be in terms of the estimated weight of the brass mill product from which such related product is made.

(g) "Foundry product" means cast copper or copper-base alloy shapes and forms suitable for ultimate use without remelting, rolling, drawing, extruding, or forging. (The process of casting includes the removal of gates, risers, and sprues, and sandblasting, tumbling, or dipping, but does not include any further machining or processing.)

(h) "Copper raw materials" as used in this order includes the following materials as defined below:

(1) "Refined copper"—Copper metal which has been refined by any process of electrolysis or fire refining to a grade and in a form suitable for fabrication, such as cathodes, wire bars, ingot bars, ingots, cakes, billets, or other refined shapes. This does not include copper-base alloy ingot, brass mill castings, intermediate shapes, copper wire mill products, brass mill products, or foundry copper or copper-base alloy products.

(2) "Brass mill scrap"—Uncontaminated scrap which is the waste or byproduct of the production or industry fabrication of brass mill products or copper wire mill products.

(3) "Other copper-base alloy scrap"—Alloyed copper scrap other than brass mill scrap.

(4) "Other unalloyed copper scrap"—Unalloyed copper scrap other than brass mill scrap.

(5) "Fired and demilitarized cartridge and artillery cases"—Fired and demilitarized cartridge and artillery cases which have been manufactured from brass mill products and are not contaminated.

(6) "Brass mill casting"—A copper-base alloy casting, from which brass mill or intermediate shapes may be rolled, drawn, or extruded, without remelting.

(7) "Copper-base alloy ingot"—A copper-base alloy used in remelting, alloying, or deoxidizing operations.

(8) "Copper or copper-base alloy shot and waffle"—Shot or waffle produced from copper or copper-base alloy, and to be used in remelting, alloying, deoxidizing, or chemical operations.

(9) "Copper or copper-base alloy powder"—Copper or copper-base alloy in the form of powder or flake, other than flake-type bronze powder.

(10) "Intermediate shape"—Any product which has been rolled, drawn, or extruded, from refined copper or brass mill castings, and which will be rerolled, redrawn, insulated, or further processed into finished brass mill or copper wire mill products by other producers of copper or copper-base alloy controlled materials.

(11) "Copper precipitates (or cement copper)"—Copper metal precipitated from mine water by contact with iron scrap, tin cans, or iron in other forms.

SEC. 3. *Acceptance of delivery of copper raw materials.* (a) Commencing on August 1, 1951, no person may accept delivery of any copper raw materials except as specifically authorized in writing by the National Production Authority: *Provided, however,* That a person listed in Column A of the table set forth at the end of this paragraph may accept delivery of the copper raw materials specified in the corresponding section of Column B of the table without such written authorization. In those sections of Column B where no copper raw material is specified but a form is indicated, persons desiring copper raw materials shall apply on such form for written authorization not later than the tenth day of the month preceding the month in which delivery is sought. Such application must furnish all information required by the form.

(A)	(B)
(1) Refiner—Any person who produces refined copper. This includes any person who converts copper-clad or copper-base, or copper-base alloy-clad steel scrap into refined copper.	(1) Other unalloyed copper scrap; other copper-base alloy scrap; refined copper.
(2) Scrap dealer and broker—Any person regularly engaged in the business of buying and selling scrap, but who does not melt such scrap.	(2) Other unalloyed copper scrap[1]; other copper-base alloy scrap[1]; brass mill scrap[1]; contaminated fired and demilitarized cartridge and artillery cases.[1]
(3) Jobber dealer—Any person who receives physical delivery of refined copper, copper-base alloy ingot, or copper or copper-base alloy shot, and sells or holds the same for sale without change in form.	(3) None (apply on Form NPAF-83).
(4) Exporter—Any person who exports copper raw materials.	(4) None (apply on Form NPAF-83 and give export license number).
(5) Brass mill—Any person who produces brass mill products, brass mill castings, or intermediate shapes.	(5) None (apply on Form NPAF-83).
(6) Copper wire mill—Any person who produces copper wire mill products or intermediate shapes.	(6) None (apply on Form NPAF-83).
(7) Brass and bronze foundry—Any person who produces foundry copper or copper-base alloy products.	(7) None[2] (apply on Form NPAF-83).
(8) Ingot maker—Any person who produces copper-base alloy ingot for delivery as such.	(8) None[2] (apply on Form NPAF-83).
(9) Miscellaneous producer—Any person, not falling in one of the classes described above, who requires copper raw materials in his regular production operation. Examples: Chemical plants, iron foundries, aluminum foundries, electrotypers, etc.	(9) None (apply on Form NPAF-83).
(10) Scrap generator—Any person, other than a scrap dealer, who in his normal operations generates or accumulates scrap or copper-clad or copper-base alloy-clad steel scrap, but who is not in the business of producing copper raw materials, copper wire mill products, brass mill products, or foundry copper or copper-base alloy products.	(10) None.
(11) All other persons	(11) None.

[1] See also section 5 (b) of this order.

[2] Foundries and ingot makers may exchange among themselves, and with each other, copper-base alloy ingot on an equivalent copper content basis without charging such deliveries against their authorizations.

(b) Any person who receives written authorization to accept delivery of copper raw materials shall furnish to his supplier a signed certification in substantially the following form:

> The undersigned certifies, subject to statutory penalties, that acceptance of delivery of the copper raw materials herein ordered is permitted pursuant to NPA Authorization No. ------.
>
> This certification constitutes a representation by the purchaser to the seller, and to the National Production Authority, that delivery of the copper raw materials may be accepted by the purchaser pursuant to the indicated written authorization.

(c) Notwithstanding the provisions of paragraph (a) of this section, a person may, during the calendar quarter commencing July 1, 1951, and each calendar quarter thereafter, receive copper raw materials without specific authorization of the National Production Authority, provided:

(1) That his total receipts of all copper raw materials from all sources during that calendar quarter do not exceed 300 pounds copper content, and

(2) That he furnishes to the person who supplies the material a signed certification in substantially the following form:

> The undersigned hereby certifies, subject to statutory penalties, that receipt of the copper raw materials herein ordered in the calendar quarter requested will not bring his total receipts during that quarter above 300 pounds copper content.
>
> This certification constitutes a representation by the purchaser to the seller, and to the National Production Authority, that delivery of such copper raw materials may be accepted by the purchaser pursuant to this order.

SEC. 4. *Restrictions on disposal of scrap.* (a) No person other than establishments of the United States Army, Navy, or Air Force, such as arsenals, navy yards, gun factories, and depots, or a person who is in the business of producing copper raw materials (such as refineries, ingot makers, copper wire mills, brass mills, or foundries), or a person who qualifies as a "Miscellaneous producer" as listed in Column A under section 3 of this order, shall melt or process any scrap or copper-base alloy-clad steel scrap generated in his plant through fabrication, or accumulated in his operations through obsolescence, except as specifically authorized in writing by the National Production Authority, nor shall he dispose of such materials in any way other than by delivery to a person authorized by this order to accept delivery.

(b) No person shall dispose of any material, the delivery of which he accepted as scrap, other than as scrap, except with the specific authorization of the National Production Authority: *Provided, however,* That scrap dealers and brokers may sell in each month as usable material a quantity of material that was acquired as scrap and does not in the aggregate exceed 1,000 pounds (copper content).

(c) Nothing contained in this order shall prohibit any public utility from using "as is," in its own operation, copper wire or cable which has become scrap by obsolescence.

SEC. 5. *Restrictions on inventory accumulations.* (a) Unless specifically authorized by the National Production Authority, no person who generates scrap in his operations through fabrication, manufacture, or obsolescence shall keep on hand more than 30 days' accumulation of scrap or copper-clad or copper-base alloy-clad steel scrap unless such accumulation aggregates less than 2,000 pounds.

(b) No scrap dealer may accept delivery of any kind, grade, or type of scrap if his total inventory of scrap (including inventory not physically located in the dealer's yard or plant) is, or by such receipt would become, in excess of the weight of his total deliveries of scrap (copper content) during the preceding 60-day period.

(c) The provisions of paragraph (a) of this section shall not apply to the establishments of the United States Army, Navy, or Air Force, such as arsenals, navy yards, gun factories, and depots: *Provided, however,* That such establishments shall report to the National Production Authority by August 10, 1951, with respect to July, and by the tenth day of each month thereafter with respect to the preceding month, the quantity and type of scrap at each such location.

SEC. 6. *Restrictions on toll agreements.* (a) Commencing on December 18, 1950, and unless the person delivering or owning the scrap, or the person for whose benefit the conversion, remelting, or other processing of the scrap will be effected, has received the approval of the National Production Authority, no person shall deliver scrap, and no person shall accept such scrap, for converting, remelting, or other processing into electrolytic or fire-refined copper under any existing or future toll agreement, conversion agreement, or other arrangement by which title to the scrap remains vested in the person delivering or owning the scrap, or pursuant to which unalloyed copper in any quantities, equivalent or otherwise, is to be returned to the person delivering or owning the scrap. The provisions of this paragraph will apply with equal effect to any agency relationship which would result in a toll arrangement as described in this paragraph.

(b) Commencing on July 15, 1951, and unless the person delivering or owning the refined copper or scrap, or the person for whose benefit the conversion, remelting, or other processing of the refined copper or scrap will be effected, has received the written approval of the National Production Authority, no person shall deliver refined copper or scrap, and no person shall accept same, for converting, remelting, or other processing into electrolytic or fire-refined copper, copper wire mill products, brass mill products, foundry products, or copper-base alloy ingot, under any existing or future toll agreement, conversion agreement, or other arrangement by which title to the refined copper or scrap remains vested in the person delivering or owning the refined copper or scrap, or pursuant to which unalloyed copper, copper wire mill products, brass mill products, foundry products, or copper-base alloy ingot, in any quantities, equivalent or otherwise, is to be returned to the person delivering or owning the refined copper or scrap. The provisions of this paragraph will apply with equal effect to any agency relationship which would result in a toll arrangement as hereinabove described. Nothing contained in this paragraph shall prohibit railroads from converting or having converted for them, railroad engine castings and car journal bearings for their own use.

(c) Persons requesting such approval shall file with the National Production Authority a letter setting forth the names and addresses of the parties to any existing or proposed toll or conversion agreement; the kind, grade, and form of the refined copper or scrap involved; the tonnage of the refined copper or scrap and the estimated tonnage of the electrolytic or fire-refined copper, copper wire mill products, brass mill products, foundry products, or copper-base alloy ingot resulting; the estimated rate and dates of delivery of such copper or copper products; the length of time such agreement or other similar agreement between the same parties has been in force; the duration of the agreement; the purpose for which such copper or copper products are to be used; and such other information as the applicant may wish to submit.

SEC. 7. *Authorizations and directives.* The National Production Authority may issue authorizations or directives from time to time with respect to the delivery, disposal, and conversion of scrap. Such authorizations and directives shall be complied with by the recipients thereof.

SEC. 8. *Applications for adjustment or exception.* Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that any provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests for adjustment claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing, shall set forth all pertinent facts and the nature of the relief sought, and shall state the justification therefor.

SEC. 9. *Records and reports.* (a) Each person participating in any transaction covered by this order shall retain in his possession for at least 2 years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

(b) All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of the National Production Authority.

(c) Any person who uses or processes copper or copper-base alloy in his operations and who falls within the general classification set forth in Column A of the table at the end of this paragraph shall complete and return the Bureau of Mines form identified in the corresponding section of Column B of the table to the address specified on the form, in the number of copies specified on the form, on or before the twentieth day of July 1951 with respect to such use or processing during June 1951, and on or before the fifteenth day of each succeeding month with respect to such use or processing during the preceding month.

(A)	(B)
(1) Brass ingot makers and miscellaneous remelters	(1) 6-115-M.
(2) Brass mills and copper wire mills	(2) 6-115-MS.
(3) Primary smelters	(3) 6-1045-M.
(4) Primary refiners	(4) 6-1046-M.

(d) Persons subject to this order shall make such other records and submit such other reports to the National Production Authority as it shall require, subject to the terms of the Federal Reports Act 1942 (5 U. S. C. 139–139F).

SEC. 10. *Communications.* All communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C., Ref: M–16.

SEC. 11. *Violations.* Any person who wilfully violates any provision of this order or any other order or regulation of the National Production Authority in the course of operation under this order is guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority on allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act.

This order as amended shall take effect on July 13, 1951.

NATIONAL PRODUCTION AUTHORITY,
MANLY FLEISCHMANN,
Administrator.

Chapter XII—Defense Minerals Administration, Department of the Interior

[Mineral Order 5, as Amended]

MO 5—Regulations Governing Government Aid in Defense Exploration Projects

This regulation as amended is found to be necessary and appropriate to carry out the provisions of the Defense Production Act of 1950 with reference to the encouragement of exploration, development, and mining of critical and strategic minerals and metals pursuant to section 303 (a) (2) of the act. In the formulation of this regulation there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

EXPLANATORY PROVISIONS

Sec.
1. What this regulation does.
2. Government aid.

APPLICATIONS AND CONTRACTS

3. Forms and filing.
4. Scope of application.
5. Form and term of contracts.
6. Criteria.
7. Definitions.

GOVERNMENT PARTICIPATION

8. Ratio of contributions.
9. Fixtures and improvements.
10. Operating equipment.
11. Title to and disposition of property.
12. Allowable costs of the project.
13. Repayment by operator.

AUTHORITY: Sections 1 to 13 issued under sec. 704, Pub. Law 774, 81st Cong., Pub. Law 69, 82d Cong. Interpret or apply sec. 303, Pub. Law 774, 81st. Cong.; E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

EXPLANATORY PROVISIONS

SECTION 1. *What this regulation does.* This regulation sets forth procedures under which Government aid may be obtained in financing the cost of projects for exploration for unknown or undeveloped sources of strategic or critical metals and minerals.

SEC. 2. *Government aid.* The Government, in suitable cases, will aid in an exploration project for strategic or critical metals and minerals by providing some part of the costs of the project, the Government's contribution to be repayable from the net returns from any ore, concentrates, or metal produced as a result of the exploration project.

APPLICATIONS AND CONTRACTS

SEC. 3. *Forms and filing.* Application for Government aid in any specified exploration project shall be submitted in quadruplicate on Form NF-103, either to:

The Defense Minerals Administration,
Department of the Interior,
Washington 25, D. C.

or to the nearest Defense Minerals Administration field executive officer as indicated by the following addresses:

Region	Area served	Address
I	Alaska	Federal Bldg., P. O. Box 2990, Juneau, Alaska.
II	Washington, Oregon, Idaho, and Montana	South 157 Howard St., Spokane, Wash.
III	California and Nevada	1415 Appraisers Bldg., San Francisco, Calif.
IV	Arizona, New Mexico, Colorado, Utah, and Wyoming.	224 New Customhouse Bldg., Denver 2, Colo.
V	North Dakota, South Dakota, Nebraska, Minnesota, Iowa, Wisconsin, and Michigan.	426 Plymouth Bldg., Minneapolis, Minn.
VI	Kansas Louisiana, Oklahoma, Texas, Arkansas, and Missouri.	P. O. Box 431, Joplin, Mo.
VII	Tennessee, North Carolina, South Carolina, Georgia, Florida, Alabama, and Mississippi.	Room 13, Post Office Bldg., Knoxville, Tenn.
VIII	Illinois, Indiana, Ohio, Kentucky, Virginia, West Virginia, Maryland, New York, Vermont, Maine, New Hampshire, Connecticut, Rhode Island, New Jersey, Delaware, Pennsylvania, and Massachusetts.	Eastern Experiment Station, College Park, Md.

SEC. 4. *Scope of application.* Each application shall relate to a single exploration project which shall be fully described and justified by detailed substantiating data as called for by the application form. The Administrator may require the filing of additional information, reports, maps or charts, and exhibits, in connection with the application, and may, at his discretion, require such physical examination of the project as he deems necessary.

SEC. 5. *Form and term of contracts.* If the application is approved, the Government, acting through the Administrator, will enter into an exploration project contract with the applicant on Form MF-200. No exploration project that will take more than two years to perform shall be approved for an exploration project contract.

SEC. 6. *Criteria.* The following factors will be considered and weighed in passing upon applications:

(a) Strategic importance of the mineral involved.

(b) The geologic probability of making a significant discovery.

(c) The availability of manpower.

(d) The availability of equipment and supplies.

(e) The accessibility of the project.

(f) The availability of water and power.

(g) The operating experience and background of the applicant.

SEC. 7. *Definitions.* As used in these regulations:

(a) "Exploration project" means the search for unknown or undeveloped sources of strategic or critical metals or minerals within a specified area or parcel of ground in the United States, its territories or possessions, whether conducted from the surface or underground, including recognized and sound procedures for obtaining pertinent geological, geophysical, and geochemical information. The work shall not go beyond a reasonable delineation and sampling of the ore, and shall not include work prosecuted primarily for mining or preparation for mining.

(b) "Operator" means a person, firm, partnership, corporation, association, or other legal entity by whom or for whose account and interest an exploration project is to be carried out.

(c) "Administrator" means the Administrator of Defense Minerals Administration or his representative authorized in writing.

(d) "Government" means The United States of America.

GOVERNMENT PARTICIPATION

SEC. 8. *Ratio of contributions.* The Government will contribute to the exploration project, upon the terms specified in the contract, a certain percentage of the total cost of the project, depending upon the mineral which is the subject of exploration, as follows:

(a) In the case of chromium, copper, fluorspar, graphite (crucible flake), iron ore, lead, molybdenum, sulfur, halloysite (catalytic grade), bauxite, zinc (and cadmium)—50 percent.

(b) In the case of antimony, manganese, mercury, tungsten—75 percent.

(c) In the case of asbestos (chrysotile and amosite), beryl, cobalt, columbium-tantalum, corundum, cryolite, industrial diamonds, kyanite (strategic), mica (strategic), monazite, uranium, and rare earth ores, nickel, platinum group metals, quartz crystals (piezo-electric), talc (steatite), and tin—90 percent.

SEC. 9. *Fixtures and improvements.* The Operator shall devote the land and all existing improvements, facilities, buildings, installations, and appurtenances to the purpcses of the exploration project without any allowance for the use, rental value, depreciation, depletion, or other cost of acquiring, owning, or holding possession thereof. With the written approval in advance by the Administrator, necessary additional facilities, buildings, and fixtures may be purchased, installed and erected by the Operator, and the Government will contribute its agreed pro rata share of the cost thereof. The difference between the cost of such additional facilities, buildings, or fixtures, and the salvage value thereof at the conclusion of the work, shall be charged as a cost of the project to which the Government has contributed its pro rata share.

SEC. 10. *Operating equipment.* With the written approval in advance by the Administrator, necessary operating equipment may be rented, purchased, or otherwise furnished by the Operator. Rentals paid for equipment rented and depreciation on equipment owned and furnished by the Operator shall be allowed as costs of the project. As to equipment purchased for the project, the Government will contribute currently its agreed pro-rata share of the cost thereof, and the difference between the cost and the salvage value at the conclusion of the work shall be charged as a cost of the project to which the Government has contributed its pro-rata share.

SEC. 11. *Title to and disposition of property.* All facilities, buildings, fixtures, equipment, or other items costing more than $50 each, paid for or purchased with funds contributed jointly by the Operator and the Government, shall belong to the Operator and the Government jointly, in proportion to their respective contributions, and upon the termination of the contract, if they have any salvage value, shall be disposed of for their joint account unless the Government, in writing, waives its interest in any such items. The Government may require the dismantling, severance from land, and removal of any such items in order to realize its interest in the salvage value thereof, and the cost of any such removal and of the disposal of the items shall be for the joint account of the parties in proportion to their respective interests.

SEC. 12. *Allowable costs of the project.* The allowable costs of the project in which the Government will participate shall include the following:

(a) The necessary, reasonable, direct costs of performing the exploration work, including the costs of materials, supplies, labor, direct supervision, engineering, power, water, utilities, accounting and analytical work.

(b) The reasonable, necessary cost of rehabilitating and putting into useful and operable condition existing facilities, buildings, installations, and fixtures, and of maintaining them in that condition.

(c) If the purchase, installation, or erection was approved in advance by the Administrator, as provided in section 10 of this regulation, the depreciation on fixtures and improvements computed as provided in section 10 of this regulation.

(d) If the rental or purchase of operating equipment was approved in advance by the Administrator, as provided in section 11, of this regulation, the rental, rental value, or depreciation on operating equipment, computed as provided in section 11 of this regulation.

No items of general overhead, corporate or office management, interest, taxes, or any other indirect costs not expressly allowed by these regulations, or work performed or costs incurred before the date of the contract, shall be allowed as costs of the project in which the Government will participate.

SEC. 13. *Repayment by Operator.* (a) If, upon the completion of the exploration project or termination of the contract, the Administrator considers that a discovery or development has resulted from the work from which commercial production of ore may be made, the Administrator, within six months thereafter shall so certify to the Operator, particularly describing and delimiting his estimate of the discovery of the development. Thereafter, if and when ore is produced as a result of such discovery or development, the Operator and his successor in interest shall be and become obligated to pay to the Government a percentage royalty on the net smelter returns or other net proceeds realized from such ore, concentrates, or metal produced within (10) years from the date of this contract, until the total amount contributed by the Government, without interest, is fully repaid or said ten years have elapsed, whichever occurs first, as follows:

(1) Of net smelter returns or other net proceeds not in excess of eight dollars ($8.00) per ton of ore: one and one-half (1½) percent.

(2) Of net smelter returns or other net proceeds in excess of eight dollars ($8.00) per ton of ore: one and one-half (1½) percent, plus one-half (½) percent for each additional full fifty cents ($.50) in excess of eight dollars ($8.00) per ton of ore, but not in excess of a maximum of five (5) percent.

(b) This obligation to repay from net returns or proceeds shall be and remain a claim and lien upon the property which is the subject of the exploration project and upon any production resulting from such discovery or development, in favor of the Government, until fully paid, or until said ten-year period has elapsed; and this claim and lien and the Government's right to repayment shall survive any termination of the contract, whether by completion of the exploration project or otherwise. This section is not to be construed as imposing any obligation on the Operator or his successor in interest to produce ore from any such discovery or development.

This regulation shall become effective upon publication in the FEDERAL REGISTER.

JAMES BOYD,
Administrator,
Defense Minerals Administration.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, Department of the Army

PART 203—BRIDGE REGULATIONS

MISCELLANEOUS AMENDMENTS

Pursuant to the provisions of section 5 of the River and Harbor Act of August 18, 1894 (28 Stat. 362; 33 U. S. C. 499), §§ 203.245 (f) and (h), 203.465 (b), 203.700, 203.711, and 203.714 are hereby amended, §§ 203.237 and 203.707 are hereby prescribed, and the cross reference note following § 203.706 is changed so as to follow § 203.707, as follows:

§ 203.237 *St. Jones River, Del.; Delaware State Highway Department bridge at Lebanon.* (a) The owner of or agency controlling this bridge will not be required to keep a draw tender in constant attendance.

(b) Whenever a vessel unable to pass under the closed bridge desires to pass through the draw, 24 hours' advance notice of the time opening is required must be given to the authorized representative of the owner of or agency controlling the bridge to insure prompt opening thereof at the time required.

(c) On receipt of such advance notice the authorized representative, in compliance therewith, shall arrange for the prompt opening of the draw on signal at approximately the time specified in the notice.

(d) The owner of or agency controlling the bridge shall keep conspicuously posted on both the upstream and downstream sides thereof, in such manner that it can easily be read at any time, a copy of the regulations in this section together with a notice stating exactly how the representatives specified in paragraph (b) of this section may be reached.

(e) The operating machinery of the draw shall be maintained in a serviceable condition, and the draw shall be opened and closed at intervals frequent enough to make certain that the machinery is in proper order for satisfactory operation.

§ 203.245 *Navigable waters discharging into the Atlantic Ocean south of and including Chesapeake Bay and into the Gulf of Mexico, except the Mississippi River and its tributaries and outlets; bridges where constant attendance of draw tenders is not required.* • • •

(f) *Waterways discharging into Chesapeake Bay.* • • •

(5–a) South River, Md.; Anne Arundel County highway bridge at Riva. Between sunset and sunrise, at least five hours' advance notice required: *Provided*, That any notice is sufficient if given directly to the draw tender while on duty.

• • • • • •

(h) *Waterways discharging into Atlantic Ocean south of Charleston.* • • •

(13–a) St. Marys River, Ga. and Fla.; State Road Department of Florida and Seaboard Air Line Railway Company bridges at Kingsland, Ga. At least 48 hours' advance notice required.

• • • • • •

(16) St. Johns River, Fla.; Florida East Coast Railway Company bridge at Cook's Ferry. [This subparagraph revoked.]

(16) St. Johns River, Fla.: State Road Department of Florida bridge about one mile south of Lake Harney. At least 24 hours' advance notice required. [This subparagraph added.]

• • • • • •

(19) Kissimmee River, Fla.; Seaboard Air Line Railway Company bridge near Fort Bassenger and State Road Department of Florida bridge near southerly end of Lake Kissimmee. At least 24 hours' advance notice required.

• • • • • •

§ 203.465 *Hillsboro River, Tampa, Fla.* • • •

(b) *City of Tampa highway bridges at Garcia Avenue and at West Columbus Drive (Michigan Avenue).* (1) The owner of or agency controlling these bridges will not be required to keep draw tenders in constant attendance between 10:00 p. m. and 6:00 a. m.

(2) Persons requiring the opening of the draw of either bridge between 10:00 p. m. and 6:00 a. m. shall, except in an emergency, give one hour's advance notice of the time at which such opening will be required. Such notice may be given in person, in writing, or by telephone to the authorized representative of the owner of or agency controlling the bridge. Upon receipt of such notice, the authorized representative shall cause a a draw tender to be on duty at the bridge at the time specified in the notice, and the bridge shall at such time and for a reasonable period thereafter be prepared to open promptly for the passage of vessels.

(3) The owner of or agency controlling the bridges shall keep conspicuously posted on both the upstream and downstream sides thereof, in such manner that it can be easily read at any time, a copy of the regulations in this paragraph, together with a notice stating exactly how the representative specified in subparagraph (2) of this paragraph may be reached.

• • • • • •

§ 203.700 *Saginaw River, Mich.; bridges.* • • •

(l) The bridges shall not be required to open for pleasure craft carrying appurtenances unessential for navigation which extend above the normal superstructure. Upon request, the District Engineer, Corps of Engineers, Detroit, Michigan, will cause an inspection to be made of the superstructures and appurtenances of any such craft habitually frequenting the waterway, with a view to adjusting any differences of opinion in this matter between the vessel owner and the bridge owner.

§ 203.706 *Sandusky Bay, Ohio.* • • •

CROSS REFERENCE: Black Rock Canal, Ferry Street Bridge, see § 207.590.

[This note eliminated.]

§ 203.707 *Buffalo Harbor, N. Y.; City of Buffalo bridges across Buffalo River and Buffalo Ship Canal.* (a) The Michigan Avenue bridges across Buffalo River and Buffalo Ship Canal will not be required to open for the passage of vessels from 7:00 to 7:30 a. m., 8:00 to 8:30 a. m., 3:45 to 4:30 p. m., and 5:15 to 6:00 p. m.

(b) The Ohio Street bridge across Buffalo River will not be required to open for the passage of vessels from 7:30 to 8:00 a. m., 8:45 to 9:15 a. m., 3:00 to 3:45 p. m., and 4:30 to 5:15 p. m.

(c) The South Park Avenue bridge across Buffalo River will not be required to open for the passage of vessels from 7:00 to 8:30 a. m. and 4:30 to 6:00 p. m.

(d) The closed periods prescribed in this section shall not be effective on Sundays and on New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, and Christmas Day or days observed in lieu of any of these under State law.

(e) The draws of these bridges shall be opened promptly on signal for the passage of any vessel at all times during the day or night except as otherwise provided in this section.

CROSS REFERENCE: Black Rock Canal, Ferry Street Bridge, see § 207.590 of this chapter.

§ 203.711 *Los Angeles and Long Beach Harbors, Calif.*—(a) *Long Beach Harbor Entrance Channel; temporary retractable pontoon bridge*—(1) *Closed periods.* From 7:00 to 7:45 a. m. and from 4:15 to 5:15 p. m. daily, except Sundays and holidays for Federal employees, this bridge will not be required to open for the passage of vessels, except in cases of extreme emergency.

(2) *Signals.* The call signal for opening the bridge shall be one long blast followed by two short blasts. This signal shall be acknowledged by two long blasts followed by one short blast when the bridge can be opened immediately, and by two long blasts when the bridge cannot be opened immediately.

NOTE: As used in this section, the term "long blasts" means distinct blasts of a whistle or horn or calls through a megaphone of four seconds' duration, and the term "short blasts" means distinct blasts of a whistle or horn or calls through a megaphone of one second's duration.

(3) *Signs.* The owner of or agency controlling the bridge shall keep conspicuously posted on the south and north sides thereof, in such manner that they can be easily read from approaching vessels, signs showing the call and acknowledging signals prescribed in subparagraph (1) of this paragraph.

(b) *Cerritos Channel; Commodore Schuyler F. Heim highway bridge, and Henry Ford (formerly Badger) Avenue railroad and highway bridge approximately 130 feet westerly thereof*—(1) *Closed periods.* From 6:45 to 8:00 a. m. and from 4:00 to 5:15 p. m. daily, except Sundays and holidays for Federal employees, the draw of the Commodore Schuyler F. Heim bridge will not be required to open for the pasage of vessels, except in case of extreme emergency. The draw of the Henry Ford Avenue bridge shall be opened with the least possible delay at any time on receiving the prescribed signal.

(2) *Signals for opening of both bridges.* • • •

NOTE: • • •

(3) *Signals for opening of Henry Ford Avenue bridge only.* • • •

(4) *Signs.* • • •

§ 203.714 *San Joaquin River and its tributaries, Calif.* • • •

(c) *Middle River*—(1) *San Joaquin County highway bridge between Bacon Island and Lower Jones Tract.* On Sundays and national holidays, and between 5:00 p. m. and 8:00 a. m. on all other days, at least 12 hours' advance notice required, to be given to the County Surveyor of San Joaquin County, Stockton, California, except that if, during crop moving seasons, 20 or more passages through the bridge in any 30-day period are contemplated and 15 days' notice is given of the proposed traffic, the owner will be required to keep a draw tender in constant attendance for the duration of such period.

(1–a) *The Atchison, Topeka and Santa Fe Railway Company bridge near Middle River Station.* • • •

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

Subchapter A—General Rules and Regulations

[Corr. S. O. 870, Amdt. 2]

PART 95—CAR SERVICE

FREE TIME ON FREIGHT CARS LOADED AT PORTS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 11th day of July A. D. 1951.

Upon further consideration of Service Order No. 870 (15 F. R. 8994, 9065; 16 F. R. 2895), and good cause appearing therefor: It is ordered, that:

Section 95.870 *Free time on freight cars loaded at ports* of Service Order No. 870 be, and it is hereby further amended by substituting the following paragraph (f) for paragraph (f) thereof:

(f) *Expiration date.* This order shall expire at 11:59 p. m., October 31, 1951, unless otherwise modified, changed, suspended, or annulled by order of this Commission.

Effective date. This amendment shall become effective at 11:59 p. m., July 15, 1951.

It is further ordered, that a copy of this amendment and direction be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

(Sec. 12, 24 Stat. 383, as amended; 49 U. S. C. 12. Interprets or applies sec. 1, 15, 24 Stat. 379, as amended, 384, as amended; 49 U. S. C. 1, 15)

By the Commission, Division 3.

[SEAL] W. P. BARTEL,
Secretary.

[F. R. Doc. 51–8129; Filed, July 16, 1951; 8:46 a. m.]

[Corr. S. O. 871, Amdt. 2]

PART 95—CAR SERVICE

FREE TIME ON UNLOADING BOX CARS AT PORTS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 11th day of July A. D. 1951.

Upon further consideration of Service Order No. 871 (15 F. R. 8995, 9066; 16 F. R. 2895), and good cause appearing therefor: It is ordered, That:

Section 95.871 *Free time on unloading box cars at ports* of Service Order No. 871 be, and it is hereby further amended by substituting the following paragraph (g) for paragraph (g) thereof:

(g) *Expiration date.* This order shall expire at 11:59 p. m., October 31, 1951, unless otherwise modified, changed, suspended, or annulled by order of this Commission.

Effective date. This amendment shall become effective at 11:59 p. m., July 15, 1951.

It is further ordered, that a copy of this amendment and direction be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

(Sec. 12, 24 Stat. 383, as amended; 49 U. S. C. 12. Interprets or applies sec. 1, 15, 24 Stat. 379, as amended, 384, as amended; 49 U. S. C. 1, 15)

By the Commission, Division 3.

[SEAL] W. P. BARTEL,
Secretary.

PROPOSED RULE MAKING

DEPARTMENT OF LABOR

Wage and Hour Division

[29 CFR Part 521]

APPRENTICES

NOTICE OF PROPOSED RULE MAKING

Pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended, the Administrator has heretofore issued regulations (29 CFR Part 521) governing the employment of apprentices at wages lower than the minimum wage applicable under section 6 of the act.

The regulations contained in this part have been reexamined in the light of administrative experience. All relevant information available indicates that it is necessary to revise the regulations contained in this part in order to clarify the standards applicable to the employment of apprentices under the regulations and to make the procedures provided therein conform to administrative experience. The standards incorporated in the regulations as revised are those adopted by the Bureau of Apprenticeship, United States Department of Labor, upon the recommendation of the Federal Committee on Apprenticeship.

Accordingly, notice is hereby given pursuant to the Administrative Procedure Act (60 Stat. 237; 5 U. S. C. 1001) that the Administrator of the Wage and Hour Division, United States Department of Labor, proposes to revise this part as hereinafter set forth. Prior to final adoption of the revised regulations, consideration will be given to any data, views or arguments pertaining thereto which are submitted in writing to the Administrator of the Wage and Hour Division, United States Department of Labor, Washington 25, D. C., within 30 days from publication of this notice in the FEDERAL REGISTER.

Sec.
521.1 Employment of apprentices at subminimum wages.
521.2 Definitions.
521.3 Standards of apprenticeship.
521.4 Criteria for a skilled trade.
521.5 Procedure for employment of an apprentice at subminimum wages.
521.6 Issuance of special certificates.
521.7 Terms of special certificates.
521.8 Records.
521.9 Cancellation of special certificates.
521.10 Investigations and hearings.
521.11 Reconsideration and review.
521.12 Amendment of this part.

AUTHORITY: §§ 521.1 to 521.12 issued under sec. 11, 14, 52 Stat. 1066, 1068; 29 U. S. C. 211, 214.

§ 521.1 *Employment of apprentices at subminimum wages.* The Administrator or his authorized representative, to the extent necessary in order to prevent curtailment of opportunities for employment, shall issue special certificates to employers or joint apprenticeship committees[1] authorizing the employment of apprentices in skilled trades at wages lower than the minimum wage applicable under section 6 of the Fair Labor Standards Act of 1938, as amended, subject to the conditions and limitations prescribed in this part.

§ 521.2 *Definitions.* As used in this part:

(a) "Apprentice" means a worker at least sixteen years of age, except where a higher minimum age standard is otherwise fixed by law, who is employed to learn a skilled trade as defined in § 521.4, and in conformity with or substantial conformity with the standards of apprenticeship as set forth in § 521.3.

(b) "Apprenticeship agreement" means a written agreement between an apprentice and either his employer or a joint apprenticeship committee, which contains the terms and conditions of the employment and training of the apprentice, and which conforms or sub-

[1] An individual employer participating in an apprenticeship program under the control and supervision of a joint apprenticeship committee may employ an apprentice under a temporary or special certificate issued to or held by such joint apprenticeship committee. However, it is the responsibility of the employer, and not of the joint apprenticeship committee, that such employment be in compliance with the regulations and with the certificate.

stantially conforms with the standards of apprenticeship set forth in § 521.3.

(c) "Apprenticeship program" means a complete plan of terms and conditions for the employment and training of apprentices which conforms or substantially conforms with the standards of apprenticeship, as set forth in § 521.3.

(d) "Joint apprenticeship committee" means a local committee, equally representative of employers and employees, which has been established by a group of employers and a bona fide bargaining agent or agents, to direct the training of apprentices with whom it has made agreements. This term does not include a joint apprenticeship committee established for an individual plant.

(e) "Recognized apprenticeship agency" means either (1) a state apprenticeship agency recognized by the Bureau of Apprenticeship, United States Department of Labor, or (2) if no such apprenticeship agency exists in the state, the Bureau of Apprenticeship, United States Department of Labor.

(f) "Registration" means the approval by a recognized apprenticeship agency of an apprenticeship program or agreement as meeting the basic standards adopted by the Bureau of Apprenticeship, United States Department of Labor, upon the recommendation of the Federal Committee on Apprenticeship.

(g) "State" means any state of the United States or the District of Columbia or any territory or possession of the United States.

§ 521.3 *Standards of apprenticeship.* An apprenticeship program must conform with or substantially conform with the following standards of apprenticeship before the Administrator or his authorized representative will issue a special certificate authorizing employment of an apprentice under such program at wages lower than the minimum wages applicable under section 6 of the act:

(a) Employment and training of the apprentice in a skilled trade. A skilled trade is an apprenticeable occupation which satisfies the criteria set forth in § 521.4.

(b) Two or more years (4,000 or more hours) of work experience.

(c) A progressively increasing schedule of wages to be paid the apprentice which averages at least 50 percent of the journeyman's rate over the period of apprenticeship.

(d) A schedule of work processes or operations in which experience is to be given the apprentice on the job.

(e) Submission of the apprenticeship program and the apprenticeship agreement to the recognized apprenticeship agency for registration as provided in § 521.5.

(f) Joint agreement to the apprenticeship program by the employer and the bona fide bargaining agent, where a bargaining agent exists.

(g) An indication that the number of apprentices to be employed conforms to the needs and practices in the community.

(h) Adequate facilities for training and supervision of the apprentice and the keeping of appropriate records concerning his progress.

(i) Related instruction, if available. (144 hours a year is normally considered necessary. Related instruction means an organized and systematic form of instruction which is designed to provide the apprentice with knowledge of the theoretical and technical subjects related to his trade. Such instruction may be given in a classroom, through correspondence courses, or other forms of self-study.)

§ 521.4 *Criteria for a skilled trade.* A skilled trade is an apprenticeable occupation which possesses all of the following characteristics:

(a) Is customarily learned in a practical way through training and work experience on the job.

(b) Is clearly identified and commonly recognized throughout an industry.

(c) Requires two or more years (4,000 or more hours) of work experience to learn.

(d) Requires related instruction to supplement the work experience (which instruction may be provided in accordance with § 521.3 (i)).

(e) Is not merely a part of an apprenticeable occupation.

(f) Involves the development of skill sufficiently broad to be applicable in like occupations throughout an industry, rather than of restricted application to the products of any one company.

(g) Does not fall into any of the following categories:

(1) Selling, retailing, or similar occupations in the distributive field.

(2) Managerial occupations.

(3) Clerical occupations.

(4) Professional and semi-professional occupations (this category covers occupations for which entrance requirements customarily include education of college level).

§ 521.5 *Procedure for employment of an apprentice at subminimum wages.* Before an apprentice may be employed at subminimum wages, the employer or joint apprenticeship committee shall submit or shall have submitted an apprenticeship program to the appropriate recognized apprenticeship agency for registration.

An apprenticeship program which has been registered with a recognized apprenticeship agency shall constitute a temporary special certificate authorizing the employment of an apprentice at the wages and under the conditions specified in such program until a special certificate is issued or denied. This temporary authorization is, however, conditioned on the requirement that within 90 days from the beginning date of employment of the apprentice, the employer or the joint apprenticeship committee shall satisfy all the following requirements: (a) Enter into an apprenticeship agreement with each apprentice, (b) submit the agreement to the recognized apprenticeship agency for registration, and (c) send the apprenticeship agreement, or a true copy thereof, with evidence of registration, to the wage and Hour Division, United States Department of Labor, Washington, D. C., and to the appropriate regional office of the Wage and Hour Division: *Provided, however,* That the Administrator or his authorized representative has not previously notified the employer or joint apprenticeship committee of disapproval of a registered apprenticeship agreement for the same or similar trade or trades as not conforming or substantially conforming with the standards of apprenticeship set forth in § 521.3.

If the agreement submitted to the Wage and Hour Division has not been registered, it should be accompanied by an explanation of the efforts made to have the agreement registered and the reasons, if any, given by the recognized apprenticeship agency for not registering it.

§ 521.6 *Issuance of special certificates.* (a) If the apprenticeship agreement and other available information indicate that the requirements of § 521.3 and the other requirements of this part are satisfied, the Administrator or his authorized representative shall issue a special certificate in accordance with § 521.1. Otherwise, he shall deny the special certificate.

(b) The special certificate, if issued, shall be mailed to the employer or the joint apprenticeship committee and a copy shall be mailed to the apprentice. If a special certificate is denied, the employer or the joint apprenticeship committee, the apprentice and the recognized apprenticeship agency shall be given written notice of the denial. The employer shall pay the apprentice the minimum wage applicable under section 6 of the act from the date of receipt of notice of such denial.

§ 521.7 *Terms of special certificates.* (a) Each special certificate shall specify the conditions and limitations under which it is granted, including the name of the apprentice, the skilled trade in which he is to be employed, the subminimum wage rates and the periods of time during which such wage rates may be paid.

(b) The terms of any special certificate, including the wages specified therein, may be amended for cause.

§ 521.8 *Records.* (a) Every employer who employs an apprentice under this part must keep the records called for under the record-keeping regulations (Part 516 of this chapter), including designation of apprentices on the payroll. In addition, every employer who employs apprentices under temporary or special certificates issued to or held by such employer shall preserve the apprenticeship program, apprenticeship agreement and special certificate under which such apprentice is employed.

(b) Every joint apprenticeship committee which holds a certificate under this part shall keep the following records for each apprentice under its control and supervision:

(1) The apprenticeship program, apprenticeship agreement and special certificate under which the apprentice is employed by an employer;

(2) The cumulative amount of work experience gained by the apprentice, in order to establish the proper wage at the time of his assignment to an employer; and

(3) A list of the employers to whom the apprentice was assigned and the period of time he worked for each employer.

(c) The records required by paragraphs (a) and (b) of this section shall be maintained and preserved for at least three years from the termination of the apprenticeship. Such records shall be kept safe and accessible at the place or places of employment or at the place or places where such records are customarily maintained. All records shall be open at any time to inspection and transcription by the Administrator or his authorized representative.

§ 521.9 *Cancellation of special certificates.* (a) The Administrator or his authorized representative may cancel any special certificate for cause. A certificate may be canceled (1) as of the date of the employment of an apprentice, if it is found that fraud has been exercised in obtaining the certificate or in employing an apprentice thereunder; (2) as of the date of violation, if it is found that any of its terms have been violated; or (3) as of the date of notice of cancellation, if it is found that the special certificate is no longer necessary in order to prevent curtailment of opportunities for employment, or that the provisions of this part have not been complied with. The apprentice must be paid the minimum wage applicable under section 6 of the act from the date of cancellation.

(b) No order canceling any special certificate shall take effect until the expiration of the time allowed for requesting reconsideration or review under § 521.11, and, if a petition for reconsideration or review is filed, the effective date of the cancellation order shall be postponed until action is taken thereon: *Provided, however,* That if the cancellation order is affirmed, the employer shall reimburse any person employed under a special certificate which has been canceled for fraud or violation in an amount equal to the difference between the statutory minimum wage applicable under section 6 of the act and any lower wage paid such person subsequent to the date as of which the special certificate was canceled as provided in paragraph (a) of this section.

(c) Except in cases of willfulness or those in which the public interest requires otherwise, before any special certificate shall be canceled, facts or conduct which may warrant such action shall be called to the attention of the employer or the joint apprenticeship committee in writing and an opportunity shall be afforded to demonstrate or achieve compliance with all lawful requirements.

§ 521.10 *Investigations and hearings.* The Administrator or his authorized representative may conduct an investigation, which may include a public hearing, prior to taking any action pursuant to this part. Interested persons shall be given notice of any such hearing by publication in the FEDERAL REGISTER or by mail and shall be afforded an opportunity to present their views.

§ 521.11 *Reconsideration and review.* (a) Any person aggrieved by the action of an authorized representative of the Administrator in denying, granting, or canceling a special certificate may, within 15 days after such action, (1) file a written request for reconsideration thereof by the authorized representative of the Administrator who made the decision in the first instance, or (2) file a written request for review of the decision by the Administrator or an authorized representative who has taken no part in the action which is the subject of review.

(b) A request for reconsideration shall be granted where the applicant shows that there is additional evidence which may materially affect the decision and that there were reasonable grounds for failure to adduce such evidence in the original proceedings.

(c) Any person aggrieved by the action of an authorized representative of the Administrator in denying a request for reconsideration may, within 15 days thereafter, file a written request for review.

(d) Any person aggrieved by the reconsidered determination of an authorized representative of the Administrator may within 15 days after such determination, file a written request for review.

(e) A request for review shall be granted where reasonable grounds for the review are set forth in the request.

(f) If a request for reconsideration or review is granted, all interested persons shall be afforded an opportunity to present their views.

§ 521.12 *Amendment of this part.* The Administrator may at any time upon his own motion or upon written request of any interested person setting forth reasonable grounds therefor, and after opportunity has been given to interested persons to present their views, amend or revoke any of the terms of this part.

Signed at Washington, D. C., this 6th day of July 1951.

WM. R. MCCOMB,
Administrator, Wage and Hour Division, United States Department of Labor.

NOTICES

DEPARTMENT OF COMMERCE

Maritime Administration

NOTICE OF DEPOSIT OF JUST COMPENSATION FOR USE OF VESSEL S. S. FARIDA (EX-KOTKAS)

Notice is hereby given that on June 29, 1951, the Maritime Administration, Department of Commerce, acting pursuant to the act of June 6, 1941, Public Law 101; 77th Congress (55 Stat. 242), as amended (50 U. S. C. App. 1271), particularly by section 3 (a) of the act of March 24, 1943, Public Law 17; 78th Congress (57 Stat. 48), deposited with the Treasurer of the United States the sum of $11,437.97 as just compensation for the use of the vessel S. S. Farida, of Panamanian registry) (ex-Kotkas of Estonian registry), which was requisitioned at Philadelphia, Pennsylvania, on December 16, 1944 for use for the period December 16, 1944 to June 23, 1945 while said vessel was in the custody of the United States District Court for the Eastern District of Pennsylvania (A. Moe & Co. Inc. et al. vs. S. S. Farida, in Admiralty, Nos. 183, 185, 187, 199 of 1944 and No. 7 of 1945), pursuant to said act of June 6, 1941, as amended. In accordance with said section 3 (a) of the act of March 24, 1943, the holder of any valid claim by way of mortgage or maritime lien or attachment lien upon the said vessel, or of any stipulation therefor in a court of the United States, or of any State, subsisting at the time of such requisition may commence within six months after publication of this notice in the FEDERAL REGISTER and maintain in the United States district court from whose custody such vessel was taken or in whose territorial jurisdiction the vessel was lying at the time of requisitioning, a suit in admiralty according to the principles of libels in rem against the fund so deposited, which suit shall proceed and be heard and determined according to the principles of the law and to the rules of practice obtaining in like cases between private parties. Such suit shall be commenced in the manner provided by section 2 of the Suits in Admiralty Act and service of process shall be made in the manner therein provided by service upon the United States attorney and by mailing by registered mail to the Attorney General of the United States and the Maritime Administrator, Department of Commerce, and due notice shall under order of the court be given to all interested persons, and any decree shall be subject to appeal and revision as now provided in other cases of admiralty and maritime jurisdiction. Any decree in any such suit shall be paid out of this deposit of just compensation.

Dated: July 12, 1951.

By order of the Maritime Administrator.

[SEAL] A. J. WILLIAMS,
Secretary.

[Docket No. G-1688]

WEST TEXAS GAS CO.

ORDER FIXING DATE OF HEARING

JULY 11, 1951.

On May 21, 1951, West Texas Gas Company (Applicant), a Delaware corporation having its principal place of business at Lubbock, Texas, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural gas facilities, all as more fully described in such application on file with the Commission and open to public inspection.

The Commission finds: This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure, Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application including publication in the FEDERAL REGISTER on June 6, 1951 (16 F. R. 5372).

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held on July 30, 1951, at 9:30 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application; *Provided, however,* That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: July 11, 1951.

By the Commission.

[Docket No. G-1624]

ALABAMA-TENNESSEE NATURAL GAS CO.

ORDER FIXING DATE OF HEARING

JULY 11, 1951.

On February 28, 1951, Alabama-Tennessee Natural Gas Company (Applicant) a Delaware corporation having its principal office in Florence, Alabama, filed an application as supplemented on April 2, April 23 and June 4, 1951, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural-gas facilities, subject to the jurisdiction of the Commission, as are fully described in the application as supplemented on file with the Commission and open to public inspection.

The Commission finds: This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure, Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on March 14, 1951 (16 F. R. 2413).

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held on July 31, 1951, at 9:30 a. m. (e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: July 11, 1951.

[Docket No. G-1731]

REPUBLIC LIGHT, HEAT, AND POWER CO. INC.

NOTICE OF APPLICATION

JULY 11, 1951.

Take notice that Republic Light, Heat, and Power Company, Inc. (Applicant), a New York corporation with its principal place of business at No. 200 Delaware Avenue, Buffalo 2, New York, filed on June 28, 1951, an application for a certificate of public convenience and necessity authorizing construction and operation in Applicant's South Shore District of approximately 9 miles of 10¾-inch natural gas transmission pipeline from Applicant's Sheridan Compressor Station in Chautauqua County, New York, to a point on the west side of the City of Dunkirk, Chautauqua County, New York.

Applicant states that the proposed construction will enable it more adequately to transport natural gas to its South Shore District, purchased at the above-mentioned Sheridan Compressor Station from Penn-York Natural Gas Corporation, which corporation supplies over 90 percent of all gas used in this district. Applicant's South Shore District is served presently through a net work of old field lines providing service to some 16 communities in Chautauqua County, New York, and 3 communities in Erie County, New York. Applicant states that the present capacity of the system has been reached. With the proposed pipeline in operation the capacity at Sheridan Compressor Station will be increased from approximately 16,500 Mcf. per day to 21,600 Mcf. per day and will permit Applicant to meet the expected peak-day requirements on its system for ensuing 3 to 5 year period.

The estimated cost of the proposed construction is $200,000, to be financed from bank loans. Applicant proposes to commence construction in the third quarter of 1952.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 31st day of July 1951. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY, *Secretary.*

INTERSTATE COMMERCE COMMISSION

[Rev. S. O. 562, King's I. C. C. Order 51]

READING CO.

REROUTING OR DIVERSION OF TRAFFIC

In the opinion of Homer C. King, Agent, because of destruction of the coal dumping pier located on the Reading Company at Port Reading, New Jersey, the Reading Company is unable to dump carload coal or slag now on hand at Port Reading or en route to Port Reading. *It is ordered,* That:

(a) *Rerouting of traffic.* The Reading Company is hereby authorized to reroute or divert carloads of anthracite and bituminous coal or slag, now on hand at Port Reading or en route to Port Reading, to the coal dumping piers of The Central Railroad Company of New Jersey at Jersey City, New Jersey, or to any other coal dumping pier in New York Harbor or for all rail delivery in New York Harbor where practicable.

(b) *Concurrence of receiving roads to be obtained.* The railroad named, desiring to divert or reroute traffic over the line or lines of another carrier under this order, shall confer with the proper transportation officer of the railroad or railroads to which such traffic is to be diverted or rerouted, and shall receive the concurrence of such other railroads before the rerouting or diversion is ordered.

(c) *Notification to shippers.* The carrier rerouting cars in accordance with this order shall notify each shipper at the time each car is rerouted or diverted and shall furnish to such shipper the new routing provided under this order.

(d) *Effective date.* This order shall become effective at 12:01 p. m., July 10, 1951.

(e) *Expiration date.* This order shall expire at 11:59 p. m., July 31, 1951, unless otherwise modified, changed, suspended or annulled.

It is further ordered, That this order shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and per diem agreement under the terms of that agreement

and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., July 10, 1951.

INTERSTATE COMMERCE COMMISSION,
HOMER C. KING,
Agent.

[F. R. Doc. 51-8132; Filed, July 16, 1951; 8:46 a. m.]

[Rev. S. O. 562, King's I. C. C. Order 52]

RAILROADS IN KANSAS, MISSOURI, ILLINOIS AND KENTUCKY

REROUTING OR DIVERSION OF TRAFFIC

In the opinion of Homer C. King, Agent, the railroads serving the States of Kansas, Missouri, Illinois and Kentucky are unable to transport traffic routed over their lines, because of floods and high water. *It is ordered,* That:

(a) Rerouting traffic: Railroads serving the States of Kansas, Missouri, Illinois and Kentucky unable to transport traffic in accordance with shippers' routing, because of floods and high water, are hereby authorized to divert such traffic over any available route to expedite the movement, regardless of the routing shown on the waybill. The billing covering all such cars rerouted shall carry a reference to this order as authority for the rerouting.

(b) Concurrence of receiving roads to be obtained: The railroad desiring to divert or reroute traffic under this order shall confer with the proper transportation officer of the railroad or railroads to which such traffic is to be diverted or rerouted, and shall receive the concurrence of such other railroads before the rerouting or diversion is ordered.

(c) Notification to shippers: Each carrier rerouting cars in accordance with this order shall notify each shipper at the time each car is rerouted or diverted and shall furnish to such shipper the new routing provided under this order.

(d) Inasmuch as the diversion or rerouting of traffic by said Agent is deemed to be due to carrier's disability, the rates applicable to traffic diverted or rerouted by said Agent shall be the rates which were applicable at the time of shipment on the shipments as originally routed.

(e) In executing the directions of the Commission and of such Agent provided for in this order, the common carriers involved shall proceed even though no contracts, agreements, or arrangements now exist between them with reference to the divisions of the rates of transportation applicable to said traffic; divisions shall be, during the time this order remains in force, those voluntarily agreed upon by and between said carriers; or upon failure of the carriers to so agree, said divisions shall be those hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act.

(f) Effective date: This order shall become effective at 9:00 a. m., July 11, 1951.

(g) Expiration date: This order shall expire at 11:59 p. m., July 25, 1951, unless otherwise modified, changed, suspended or annulled.

It is further ordered, That this order shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and per diem agreement under the terms of that agreement.

Issued at Washington, D. C., July 11, 1951.

INTERSTATE COMMERCE COMMISSION,
HOMER C. KING, *Agent.*

[F. R. Doc. 51-8133; Filed, July 16, 1951; 8:46 a. m.]

[S. O. 878, Corr. Gen. Permit 3-F]

MIXED COMMODITIES

LOADING REQUIREMENTS

Pursuant to the authority vested in me in paragraph (e) of Service Order No. 878 (16 F. R. 5768), permission is granted for any common carrier by railroad subject to the Interstate Commerce Act to disregard the provisions of Service Order No. 878 insofar as they apply to any car loaded with mixed commodities including commodities named in Appendix A when the volume of commodities named in Appendix A is thirty-three and one-third percent or less by weight of the total weight of the shipment.

The shipping instructions and waybills shall show reference to this general permit, and any consignor forwarding cars under this general permit shall furnish the permit agent with the dates forwarded, car numbers, initials, weights and destinations of the cars shipped under this general permit; such information to be furnished on the first day of each month.

This general permit shall become effective at 12:01 a. m., July 16, 1951, and shall expire at 11:59 p. m., November 30, 1951, unless otherwise modified, changed, suspended or revoked.

A copy of this general permit has been served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement, and notice of this permit shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., this 11th day of July 1951.

HOWARD S. KLINE,
Permit Agent.

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 9778, 9930, 9996]

KINSTON BROADCASTING CO. (WFTC) AND FARMERS BROADCASTING SERVICE, INC. (WELS)

ORDER CONTINUING HEARING

In re applications of Kinston Broadcasting Company (WFTC), Kinston, North Carolina, Docket No. 9778, File No. BP-7752; Farmers Broadcasting Service, Inc. (WELS), Kinston, North Carolina, Docket No. 9930, File No. BP-7979; for construction permits. Farmers Broadcasting Service, Inc. (WELS), Kinston, North Carolina, Docket No. 9996, File No. BTC-1111, for transfer of control.

The Commission having under consideration a petition filed July 5, 1951, by Farmers Broadcasting Service, Inc. (WELS) requesting a continuance of the further hearing in the above-entitled proceeding from July 9, 1951, to August 1, 1951; and

It appearing that the reason for the requested continuance arises out of the fact that on June 27, 1951, the Commission designated for hearing the then pending application of Farmers Broadcasting Service, Inc. (WELS) (File No. BTC-1111) for Commission consent to transfer control of said corporation and specified seven issues to be developed in connection with said transfer application which was designated as Docket No. 9996; and modified one of the issues to be developed in the application in Docket No. 9930; and

It appearing that copies of the issues to be developed were not made available to counsel for the parties until July 3, 1951, that counsel have not had sufficient time to prepare to meet the several issues in Docket No. 9996 and the new issue specified in Docket No. 9930, and that counsel and the applicants are entitled to a reasonable time within which to prepare to meet said issues; and

It appearing that counsel for Kinston Broadcasting Company (WFTC) and the Commission having consented to immediate consideration of the petition for continuance, the date August 1, 1951 being agreeable to all parties, and good cause having been shown that the petition should be granted;

It is ordered, This the 6th day of July 1951, that the petition for continuance be and it is hereby granted and further hearing in the above-entitled proceeding is continued from July 9, 1951 to August 1, 1951, beginning at 10:00 a. m. in the offices of the Commission at Washington, D. C.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 51-8150; Filed, July 16, 1951; 8:48 a. m.]

[Docket No. 9997]

HILLSBORO BROADCASTING CO. (WEBK)

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of E. P. Martin, Alpha Martin and Elmo B. Kitts, d/b as Hillsboro Broadcasting Company (WEBK), Tampa, Florida, for construction permit; Docket No. 9997, File No. BP-7892.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 5th day of July 1951;

The Commission having under consideration the above-entitled application for a change of facilities from 1590 kilocycles, 1 kilowatt power, daytime only, to 1590 kilocycles, 500 watts, 1 kilowatt-LS, DA-N, unlimited time, at Station WEBK, Tampa, Florida;

It appearing, that the applicant is legally, technically, financially and otherwise qualified to operate Station WEBK, as proposed, but that the proposed station may involve interference with one or more existing stations and otherwise not comply with the Standards of Good Engineering Practice;

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application is designated for hearing commencing at 10:00 a. m. on August 10, 1951, at Washington D. C., upon the following issues:

1. To determine the areas and populations which may be expected to gain or lose primary service from the operation of Station WEBK, as proposed, and the character of other broadcast service available to such areas and populations.

2. To determine whether the operation of Station WEBK, as proposed, would involve objectionable interference with any foreign broadcast station provided for in any international agreement and, if so, the nature and extent of such interference.

3. To determine whether the installation and operation of Station WEBK, as proposed, would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations, with particular reference to (1) nighttime coverage to the Tampa-St. Petersburg, Florida metropolitan district and (2) to the ratio of the population within the normally protected and actual nighttime interference-free contours to the population which would receive service.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 51-8152; Filed, July 16, 1951; 8:48 a. m.]

[Docket Nos. 10001, 10002]

WILLAMETTE BROADCASTING CORP. AND COAST FORK BROADCASTING CO.

ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Willamette Broadcasting Corporation, Eugene, Oregon, Docket No. 10001, File No. BP-8967; Philip S. Holt, tr/as Coast Fork Broadcasting Company, Cottage Grove, Oregon, Docket No. 10002, File No. BP-8114; for construction permits.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 5th day of July 1951;

The Commission having under consideration the above-entitled applications requesting simultaneous co-channel operation in cities with a physical separation of approximately 18 miles, the Willamette Broadcasting Corporation on 1400 kilocycles, 250 watts power, unlimited time, at Eugene, Oregon, and Philip S. Holt, tr/as Coast Fork Broadcasting Company, on 1400 kilocycles, 250 watts power, unlimited time, at Cottage Grove, Oregon;

It appearing, that J. Elroy McCaw is a 50 percent owner of the Willamette Broadcasting Corporation and that said J. Elroy McCaw has ownership interests in and is serving in an official capacity with the following standard broadcast stations: KELA, Centralia, Washington, KALE, Richland, Washington, KYAK, Yakima, Washington, KLZ, Denver, Colorado, KPOA, Honolulu, T. H., KILA, Honolulu, T. H., KYA, San Francisco, California, and KRSC, Seattle, Washington;

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said applications are designated for hearing in a consolidated proceeding, commencing at 10:00 a. m., on August 20, 1951, at Washington, D. C., upon the following issues:

1. To determine the legal, technical, financial and other qualifications of the corporate applicant, its officers, directors and stockholders and of the individual applicant to operate the proposed stations.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed stations, and the character of other broadcast service available to such areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed stations would involve objectionable interference with any other existing broadcast stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed stations would involve objectionable interference, each with the other, or with the services proposed in any other pending applications for broadcast facilities, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast services to such areas and populations.

6. To determine whether the installation and operation of the proposed stations would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

7. To determine whether in light of J. Elroy McCaw's stock ownership and official relationships in the standard broadcast field a grant of the Willamette Broadcasting Corporation's application may constitute a concentration of control of standard broadcast facilities in a manner inconsistent with public interest, convenience or necessity.

8. To determine on a comparative basis which, if either, of the applications in this consolidated proceeding should be granted.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 7-1317]

ROBERT GAIR CO. INC.

NOTICE OF APPLICATION FOR UNLISTED TRADING PRIVILEGES, AND OF OPPORTUNITY FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 10th day of July A. D. 1951.

The Boston Stock Exchange, pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F-1 thereunder, has made application for unlisted trading privileges in the Common Stock, $1 Par Value, of Robert Gair Company, Inc., a security listed and registered on the New York Stock Exchange.

Rule X-12F-1 provides that the applicant shall furnish a copy of the application to the issuer and to every exchange on which the security is listed or already admitted to unlisted trading privileges. The application is available for public inspection at the Commission's principal office in Washington, D. C.

Notice is hereby given that, upon request of any interested person received prior to July 27, 1951, the Commission will set this matter down for hearing. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

[File No. 70-2649]

NEW ENGLAND GAS AND ELECTRIC ASSN. ET AL.

ORDER AUTHORIZING ACQUISITION BY REGISTERED HOLDING COMPANY OF ADDITIONAL COMMON STOCK OF SUBSIDIARIES

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 10th day of July A. D. 1951.

In the matter of New England Gas and Electric Association, Cambridge Steam Corporation, Cape & Vineyard Electric Company, Dedham and Hyde Park Gas Company, Plymouth County Electric Company, Worcester Gas Light Company; File No. 70-2649.

New England Gas and Electric Association ("Negea"), a registered holding company, and five of its subsidiaries, Cambridge Steam Corporation ("Cambridge Steam"), Cape & Vineyard Electric Company ("Cape & Vineyard"), Dedham & Hyde Park Gas Company ("Dedham"), Plymouth County Electric Company ("Plymouth"), Worcester Gas Light Company ("Worcester"), having filed an application-declaration and amendments thereto pursuant to sections 6 (b), 9 and 12 of the Public Utility Holding Company Act of 1935 (the "act") and Rules U-50 (a) (1), U-50 (a) (3), and U-50 (a) (4) promulgated thereunder with respect to the following proposed transactions:

Negea proposes to acquire and the subsidiaries propose to issue and sell to Negea additional shares of their respective common capital stocks as follows: 1,500 shares of $100 par value capital stock of Cambridge Steam for $150,000; 6,000 shares of $25 par value capital stock of Cape & Vineyard for $300,000; 6,000 shares of $25 par value capital stock of Dedham for $150,000; 3,000 shares of $25 par value capital stock of Plymouth for $105,000; 30,000 shares of $25 par value capital stock of Worcester for $750,000.

The filing states that the proceeds from the sales by Cape & Vineyard, Dedham, Plymouth and Worcester are to be used to partially reimburse their respective Plant Replacement Fund Assets accounts for expenditures made therefrom to finance additions to plant and property, and that the proceeds from the sale by Cambridge Steam are to be used to partially reimburse its treasury for expenditures made therefrom to finance additions to plant and property.

The filing also states that the transactions proposed by Cape & Vineyard, Dedham, Plymouth and Worcester have been approved by the Massachusetts Department of Public Utilities and that the transactions proposed by Cambridge Steam are not subject to the jurisdiction of any state regulatory body.

Said application-declaration having been filed on June 8, 1951, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for a hearing with respect to said application-declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said application-declaration, as amended, that all the applicable statutory standards are satisfied and that there is no basis for adverse findings and deeming it appropriate in the interest of investors and consumers that said application-declaration, as amended, be granted and permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application-declaration, as amended, be and the same hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

UNITED STATES TARIFF COMMISSION

AMERICAN KNIT HANDWEAR ASSN., INC.

WITHDRAWAL OF APPLICATION FOR INVESTIGATION

JULY 11, 1951.

Notice is hereby given that the American Knit Handwear Association, Inc. (formerly the Association of Knitted Glove and Mitten Manufacturers), Gloversville, New York, in a letter dated July 5, 1951, has notified the United States Tariff Commission that it withdraws its application for an "escape clause" investigation with respect to certain gloves and mittens. Notice of the receipt of the said application was published in 14 F. R. 5030.

The Commission has on this 11th day of July 1951 accepted the withdrawal of the aforesaid application, without prejudice, and the application is no longer considered as a pending application for an investigation under the provisions of section 7 of the Trade Agreements Extension Act of 1951.

By direction of the United States Tariff Commission this 11th day of July 1951.

Part 205 (proposed) — 6869
Title 50
Chapter I:
Part 109 — 6868

State and County Committees respectively) and PMA commodity offices; and

(c) Sheller loans will be administered through PMA commodity offices.

§ 646.302 *Areas and offices.* The areas in which the program will be available and the Associations and PMA commodity offices serving such areas are as follows:

(a) The Virginia-Carolina area consisting of the States of Virginia, North Carolina, Tennessee, Missouri, and that part of South Carolina north and east of the Santee-Congaree-Broad Rivers.

Association: Growers Peanut Cooperative, Inc., Franklin, Va.

PMA Commodity Offices: PMA Commodity Office, U. S. Department of Agriculture, 50 Seventh Street NE., Atlanta 5, Ga.

PMA Commodity Office:[1] U. S. Department of Agriculture, Fidelity Building, 911 Walnut Street, Kansas City 6, Mo.

(b) The Southeastern area consisting of the States of Alabama, Florida, Georgia, Mississippi, that part of Louisiana east of the Mississippi River, and that part of South Carolina south and west of the Santee-Congaree-Broad Rivers.

Association: GFA Peanut Association, Camilla, Ga.

PMA Commodity Offices: PMA Commodity Office, U. S. Department of Agriculture, 50 Seventh Street NE., Atlanta 5, Ga.

PMA Commodity Office:[2] U. S. Department of Agriculture, 1114 Commerce Street, Dallas 2, Tex.

(c) The Southwestern area consisting of the States of Texas, Oklahoma, Arkansas, New Mexico, Arizona, California, and that part of Louisiana west of the Mississippi River.

Association: Southwestern Peanut Growers' Association, Gorman, Tex.

PMA Commodity Offices: PMA Commodity Office, U. S. Department of Agriculture, 1114 Commerce Street, Dallas 2, Tex.

PMA Commodity Office,[3] U. S. Department of Agriculture, 335 Fell Street, San Francisco 2, Calif.

§ 646.303 *Availability—*(a) *Method of support.* CCC will support the price to eligible producers of the 1951 crop of quota peanuts through (1) contracts with shellers, CCC Peanut Form 1 (1951), whereunder the sheller agrees to pay producers not less than the support price for eligible quota peanuts and to purchase for CCC's account the excess oil peanuts in any lot containing both quota and excess oil peanuts, (2) purchases of eligible quota peanuts from producers through receiving agencies (who will also purchase any excess oil peanuts in the lot), and (3) non-recourse loans to producers on eligible farm stored peanuts.

(b) *Time.* Purchases through CCC receiving agencies of quota and excess oil peanuts from producers will be made from August 1, 1951, through June 15, 1952. Purchases of farmers stock quota inventory from shellers operating under the 1951 Peanut Program Sheller Contract will be made from December 1, 1951, through April 30, 1952.

Producer loans maturing on or before June 1, 1952, will be available from August 1, 1951, through January 31, 1952. Properly executed notes and chattel mortgages must be delivered to the county committee on or before January 31, 1952.

Sheller loans maturing on or before August 31, 1952, will be available from August 1, 1951, through June 15, 1952.

§ 646.304 *Definitions.* As used in this subpart and in instructions, forms and documents in connection therewith, the words and phrases defined in this section shall have the meanings herein assigned to them unless the context or subject matter otherwise requires.

(a) Pound net weight or pound net inweight means that quantity of farmers stock peanuts, excluding foreign material and excess moisture, equal to one pound standard weight. The net weight or net inweight of any quantity of farmers stock peanuts shall be determined as follows:

(1) Deduct from the gross weight, the pounds of foreign material determined by multiplying the gross weight by the percentage of foreign material;

(2) Multiply the result obtained in subparagraph (1) of this paragraph by the percentage excess moisture;

(3) Subtract the result obtained in subparagraph (2) of this paragraph from that obtained in subparagraph (1) of this paragraph.

(b) Excess moisture, for the purpose of determining net weight or net inweight, means the percentage of moisture in excess of 7 percent in the Southeastern and Southwestern areas and in excess of 8 percent in the Virginia-Carolina area.

(c) Marketing quota regulations means the Marketing Quota Regulations for Peanuts of the 1951 Crop issued by the Secretary of Agriculture, including any amendments or supplements thereto (7 CFR §§ 729.210 to 729.227 and §§ 729.240 to 729.269).

(d) Farmers stock peanuts means picked and threshed peanuts which were produced in the continental United States during the calendar year 1951 and which have not been shelled, crushed, cleaned (except for removal of foreign material), or otherwise changed from the state in which picked or threshed peanuts are marketed by producers.

(e) Merchantable farmers stock peanuts means farmers stock peanuts containing 15 percent or less foreign material, 7 percent or less damaged peanuts, and not more than 9 percent moisture in the Southeastern and Southwestern areas (or 10 percent moisture in the Virginia-Carolina area).

(f) Lot means the quantity of farmers stock peanuts marketed on one inspection and sales memorandum (Form MQ–94) executed pursuant to the marketing quota regulations.

(g) Excess oil peanuts means the peanuts purchased from the producer at oil value in any lot of merchantable farmers stock peanuts marketed on an excess oil marketing card (Form MQ–90). The quantity of excess oil peanuts shall be determined by multiplying the pounds net weight in such lot by the percent excess shown on the marketing card.

(h) Quota peanuts means (1) the entire lot of merchantable farmers stock peanuts marketed by the producer on a within quota marketing card MQ–76, or (2) the quota portion of a lot of merchantable farmers stock peanuts marketed on an excess oil marketing card, MQ–90, such portion to be determined by subtracting the quantity of excess oil peanuts from the total pounds net weight in the lot.

(i) Farm allotment means the farm peanut acreage allotment for the 1951 crop of peanuts established pursuant to the marketing quota regulations. In any case where a farm allotment is not established or is established at less than one acre, the farm peanut acreage shall be deemed to be in excess of the farm allotment only if it exceeds one acre.

(j) Farm peanut acreage means the 1951 farm peanut acreage determined in accordance with the marketing quota regulations, and, generally, refers to the total acreage of peanuts on the farm which are picked or threshed.

(k) Farm permitted peanut acreage means the picked or threshed acreage of peanuts on the farm in 1947, or in 1948 if no peanuts were picked or threshed from the farm in 1947, as determined by the county committee in accordance with the marketing quota regulations.

(l) Marketing card: (1) Excess oil card means MQ–90—Peanuts (1951), 1951 Peanut Excess Oil Marketing Card, providing the producer an option for marketing each lot of peanuts either by paying the marketing penalty or by delivering the excess peanuts to a designated agency at a price based on the value of such peanuts for crushing for oil.

(2) Excess penalty card means MQ–77—Peanuts (1951), 1951 Excess Peanut Penalty Marketing Card, requiring that a marketing penalty be paid in connection with the marketing of peanuts.

(3) Within quota card means MQ–76—Peanuts (1951), 1951 Peanut Within Quota Marketing Card, authorizing the marketing of peanuts without penalty and without requiring the delivery of any peanuts to a designated agency.

(m) Operator means the person who is in charge of the supervision and conduct

[1] For producer loans in Missouri.
[2] For producer loans in Louisiana.
[3] For producer loans in Arizona and California.

of the farming operations on the entire farm.

(n) Producer means a person who, as owner, landlord, tenant, or sharecropper, is entitled to share in the peanuts produced on the farm or in the proceeds thereof.

(o) Designated agency means the Commodity Credit Corporation which has been designated by the Secretary of Agriculture as the agency to which excess oil peanuts may be delivered, and also means any sheller, crusher, warehouseman, or other person utilized by the Commodity Credit Corporation as its agent to receive, handle, and dispose of excess oil peanuts.

A list of buyers who have signed contracts to receive excess oil peanuts as an agent of Commodity Credit Corporation will be made available to farmers by the county committee.

§ 646.305 *Eligible producer.* (a) A producer will be eligible for price support (1) with respect to all peanuts produced by him on the farm on which the farm peanut acreage does not exceed the farm allotment, and (2) with respect to quota peanuts produced by him on any farm on which the farm peanut acreage exceeds the farm allotment, but does not exceed the farm permitted peanut acreage, provided such quota peanuts are marketed in a lot from which the excess oil peanuts are delivered at oil value to a designated agency, or such quota peanuts are marketed on a within quota card issued after delivery at oil value to a designated agency of all excess oil peanuts produced on the farm.

(b) A producer will also be considered eligible for price support with respect to the quota peanuts produced on a farm for which a within quota card or excess oil card is issued to the operator upon the execution of MQ–92, "Agreement by Operator of Overplanted Farm," in which he agrees (1) that the farm peanut acreage will not be in excess of a specified acreage based on either the farm allotment or the farm permitted peanut acreage, and (2) if such undertaking is breached to pay liquidated damages to CCC, determined in accordance with the terms of such agreement, and any marketing penalties determined to be due the Secretary of Agriculture. The liquidated damages payable to CCC under such agreement may be waived to such extent as the President of CCC or his designated representative may determine appropriate in any case where he determines (1) that the breach of such agreement was unintentional and occurred despite a bona fide effort by the operator and other producers on the farm to comply with the agreement and (2) that the amount by which the farm peanut acreage exceeded the acreage specified in the agreement was so small, in relation to the acreage so specified, that it did not materially impair CCC's price support operations. All such agreements shall be deemed to include the foregoing waiver provision not withstanding the fact that no reference thereto is made in such agreements. Copies of Form MQ–92 may be obtained from the county committee. The county committee may decline to execute Form MQ–92 in any case where it finds reasonable grounds to believe that such agreement will be used as a device to evade the requirements of this program or the collection of marketing penalty.

§ 646.306 *Eligible sheller.* An eligible sheller shall be any person engaged in shelling peanuts who is operating under a 1951 Peanut Program Sheller Contract, CCC Peanut Form 1 (1951). CCC may decline to enter into a contract with any sheller who, in one or more previous years, did not fully perform his obligations under a CCC peanut program contract or did not fully comply with peanut marketing quota regulations or instructions issued thereunder.

§ 646.307 *Determination of grade.* The Federal-State Inspection Service shall determine the grade (i. e., percentages of sound mature kernels, damaged kernels, other kernels, foreign material, moisture, and extra large kernels in the case of Virginia-type peanuts) of:

(a) Farmers stock peanuts delivered to a Receiving Agency for purchase by CCC, such grade to be determined at the time of delivery;

(b) Farmers stock peanuts to be pledged as security for a sheller loan, such grade to be determined at the time the peanuts are purchased from the producer;

(c) Farmers stock peanuts to be mortgaged as security for a producer loan, such grade to be determined on the basis of a sample taken by the county committee before the loan is made; but the settlement value of the mortgaged peanuts delivered in satisfaction of the loan will be determined, on the basis of the grade determined at the time such peanuts are delivered;

(d) Each lot of farmers stock quota peanuts and each lot of farmers stock peanuts containing both quota and excess oil peanuts purchased by a sheller under the terms of the 1951 Peanut Program Sheller Contract, CCC Peanut Form 1 (1951), and each lot of excess oil peanuts purchased by a sheller under the 1951 Excess Oil Contract, CCC Peanut Form 1–A (1951), such grade to be determined at the time of the purchase from the producer; and

(e) Each lot of farmers stock peanuts purchased by CCC from shellers, such grade to be determined at the time of delivery to CCC.

The President, CCC, may waive any of the above grading requirements with respect to small lots of peanuts.

§ 646.308 *Set-offs.* (a) If a producer obtaining a farm storage loan or any person operating under a 1951 Peanut Program Contract is indebted to CCC on any accrued obligation, or if any installments past due or maturing within 12 months are unpaid on any loan made by CCC to the producer on farm-storage facilities, whether held by CCC or a lending agency, he must designate CCC or such lending agency as the payee of the proceeds of the loan or as payee of the amount due under the terms of the contract to the extent of such indebtedness, but not to exceed that portion of the proceeds remaining after deduction of amounts due prior lienholders. If the producer is indebted to any other agency of the United States, and such indebtedness is listed on the county debt register, he must designate such agency as the payee of the proceeds as provided above. Indebtedness owing to CCC or to a lending agency as provided above shall be given first consideration after claims of prior lienholders.

(b) Shellers and Receiving Agencies purchasing peanuts from producers pursuant to contracts with CCC shall collect and remit any indebtedness of such producers to any agency of the United States, as shown on the marketing card on which such peanuts are marketed, in accordance with the terms of the contracts and instructions on such marketing card.

(c) Compliance with the provisions of this section shall not constitute a waiver of any right of the debtor to contest the justness of the indebtedness involved either by administrative appeal or by legal action.

§ 646.309 *Support prices.* The minimum support prices and producer loan rates for merchantable farmers stock peanuts are contained in § 646.341 (Supplement 1 to this bulletin). The basic support price and producer loan rate will be not less than $230.56 per ton. Such prices and rates will be increased if the supply percentage and parity price level as of August 1, 1951, require an increase.

1951 PEANUT PURCHASES BY CCC

§ 646.310 *Purchases from producers.* (a) Eligible farmers stock quota peanuts offered by eligible producers will be purchased at support prices by CCC through Receiving Agencies.

(b) Excess oil peanuts offered by eligible producers will be purchased by CCC through receiving agencies, shellers, and other designated agencies at the oil value thereof based on the price announced by CCC for the period in which such peanuts are purchased.

(c) Any lot of farmers stock peanuts marketed by an eligible producer on a within quota card or an excess oil card, which are not merchantable farmers stock peanuts only because they contain damage in excess of 7 percent, will be purchased by CCC (through receiving agencies, shellers or other designated agencies) at prices determined for excess oil peanuts.

§ 646.311 *Purchases from shellers.* (a) CCC will purchase from shellers, merchantable farmers stock peanuts which are offered to CCC in accordance with the provisions of the 1951 Peanut Program Sheller Contract, CCC Peanut Form 1 (1951).

(b) Copies of the contracts may be obtained from the PMA Commodity Office for the area as shown in § 646.302.

§ 646.312 *Peanuts eligible for purchase.* (a) Merchantable farmers stock peanuts eligible for purchase by CCC at support prices must meet the following requirements:

(1) Such peanuts must be 1951 crop peanuts produced by an eligible producer.

(2) When purchased from producers, such peanuts must have been identified in accordance with the marketing quota regulations as quota peanuts.

(3) Such peanuts must be free and clear of all liens and encumbrances, including landlord's liens, or if liens or encumbrances exist on the peanuts, proper waivers must be obtained.

(4) Such peanuts must be offered for sale by a person who is the owner of the peanuts and who has a legal right to sell such peanuts.

(5) The beneficial interest in the peanuts must be in the person offering them for sale, and in the case of peanuts offered by a producer, must always have been in him or in him and a former producer whom he succeeded before the peanuts were harvested.

(b) Merchantable farmers stock peanuts eligible for purchase by CCC at their oil value must meet the following requirements:

(1) Such peanuts must be identified, in accordance with the marketing quota regulations, as excess oil peanuts marketed on an excess oil card.

(2) Such peanuts must meet the requirements of paragraph (a) (1), (3), (4) and (5) of this section.

(c) Farmers stock peanuts which are not merchantable only because they contain damage in excess of 7 percent are eligible for purchase at their oil value by CCC if they meet the following requirements:

(1) Such peanuts must meet the requirements of either paragraph (a) (2) of this section or paragraph (b) (1) of this section.

(2) Such peanuts must meet the requirements of paragraph (a) (1), (3), (4) and (5) of this section.

§ 646.313 *Determination of quantity for purchase.* The quantity of farmers stock peanuts shall be the pounds net weight of a lot as defined in § 646.304.

§ 646.314 *Settlement.* The producer will be paid for peanuts delivered to a Receiving Agency by a draft drawn on CCC. Shellers will submit claim for payment to and be paid through the office of the Association serving the area in which the Sheller is located.

1951 SHELLER LOANS

NOTE: Recourse loans will be available to shellers who are operating under the 1951 Peanut Program Sheller Contract, CCC Peanut Form 1 (1951). Copies of the CCC forms referred to in connection with Sheller loans may be obtained from the PMA Commodity Office serving the area.

§ 646.315 *Approved lending agencies.* An approved lending agency shall be any cooperative marketing association, corporation, partnership, individual or other legal entity with which CCC has entered into a 1951 Peanut Program Lending Agency Agreement on CCC Peanut Form 15 (1951 for the purpose of making loans to shellers.

§ 646.316 *Peanuts eligible for sheller loans.* Farmers stock peanuts which are eligible, in accordance with § 646.312 (a) for purchase by CCC are eligible as security for a sheller loan, if such peanuts were purchased from producers not more than 30 days prior to the date on which the Sheller files his Application for Advance CCC Peanut Form 17 (1951), with respect thereto.

§ 646.317 *Storage of peanuts under sheller loan.* Peanuts pledged as security for a loan must be stored separately by type by warehousemen approved in writing by CCC, and must be represented by warehouse receipts. Each warehouseman will be required to submit copies of his warehouse receipts, a properly certified current financial statement, a copy of the bond under which the warehouseman is operating, and such other information as CCC may request. Warehousemen desiring approval should communicate with the appropriate PMA Commodity Office.

§ 646.318 *Loan rates and approval.* Loans shall be made at the rate of $10.00 per ton less than support prices shown in supplement 1 to this bulletin. Each lending agency shall communicate with the appropriate PMA Commodity Office to obtain approval of the maximum amount which may be loaned to each sheller.

§ 646.319 *Determination of quantity for sheller loan.* The quantity of peanuts pledged as security for a loan shall be the total pounds net weight as defined in § 646.304.

§ 646.320 *Loan and collateral documents.* (a) Loans shall be evidenced by promissory notes, CCC Peanut Form 16 (1951), Sheller Note, payable to CCC or the lending agency.

(b) In addition to the notes, the following documents will be required:

(1) Application for Advance, CCC Peanut Form 17 (1951).

(2) Warehouse receipts approved by CCC both as to warehouse arrangement and as to form of receipt.

(3) Inspection certificates issued by the Federal-State inspection service; or in lieu of such certificates, a certification as to such inspection on the warehouse receipts.

(4) Insurance covering peanuts under sheller loan is required for the benefit of CCC, in the amount of the loan plus $10.00 per ton, against risk of loss or damage by fire, lightning, windstorm, tornado, sprinkler damage, and other risks normally insured against by the sheller. Premiums on such insurance must be paid by the sheller and the policies kept in force to the extent of the required insurance on peanuts at any time under loan.

§ 646.321 *Payment of interest.* Interest at the rate of 3 percent per annum is payable monthly to the lending agency or other holder of the note, or to the PMA Commodity Office in the case of loans made direct by CCC.

§ 646.322 *Release of peanuts.* The sheller may obtain the release of the warehouse receipts, representing the peanuts pledged as security for the loan by paying the principal amount loaned on such peanuts plus the accrued and unpaid interest thereon. Redemption of the peanuts represented by one or more of the several warehouse receipts covered by a note or application for advance will be permitted. In making repayments of loans made directly by CCC, the amount due, available at par in the city in which the PMA Commodity Office is located, must be forwarded to that office with information identifying the collateral being redeemed.

§ 646.323 *Assignment of loan to CCC.* Lending agencies may assign the loan to CCC in whole or in part, but not less than the amount representing the Sheller loan value applicable to a single warehouse receipt. Such assignments must be made on the assignment form prescribed by CCC for use in connection with the lending agency agreement. Payments for the principal amount of the loan assigned to CCC will be made by drafts drawn on CCC through a designated Federal Reserve Bank or branch bank. Drafts shall be supported by the signed original of the assignment(s). The original loan and collateral documents relating to the loan indebtedness assigned to CCC shall be retained by the lending agency in trust for CCC, until such time as CCC requests delivery thereof.

1951 PRODUCER LOANS

NOTE: CCC will make non-recourse loans to eligible producers on eligible merchantable farmers stock peanuts stored in approved structures on or off the farm (provided no warehouse receipts are outstanding) in accordance with the following provisions. All producer loan documents referred to herein may be obtained from PMA county offices.

§ 646.324 *Approved lending agencies.* An approved lending agency shall be any bank, cooperative marketing association, corporation, partnership, individual, or other legal entity with which CCC has entered into a Lending Agency Agreement (Form PMA–97 or other form prescribed by CCC) or loan servicing agreement.

§ 646.325 *Peanuts eligible for producer loan.* Farmers stock peanuts which meet the eligibility requirements contained in § 646.312 (a) are eligible as security for a farm storage loan except that producer loans shall be limited to peanuts produced by an eligible producer on a farm on which the 1951 farm peanut acreage does not exceed the 1951 farm allotment.

§ 646.326 *Approved farm storage.* Approved farm storage will be structures located either on or off the farm (provided no warehouse receipts are outstanding) which the county committee determines to be of such construction as to afford safe storage for peanuts. The structure must be substantial, dry and well-ventilated. A producer who obtains a loan is obligated to maintain the storage structure in good repair and to keep the peanuts in good condition. No storage payment will be made.

§ 646.327 *Loan documents.* The approved forms consist of the Producer's Note, Commodity Loan Form A, and chattel mortgage, Commodity Loan Form AA, which, together with the provisions of this bulletin and any supplements or amendments thereto, govern the rights and responsibilities of the producer. State documentary revenue stamps must be affixed to notes and chattel mortgages where required by law. Loan documents executed by an administrator, executor, or trustee, will be ac-

ceptable only upon condition that they are legally valid.

§ 646.328 *Loan rates.* Producer loan rates are contained in § 646.341 (Supplement 1 to this bulletin).

§ 646.329 *Determination of quantity.* (a) Loans will be made on the basis of the total pounds net weight as defined in § 646.304 at the time the loan is made.

(b) The gross weight of the peanuts in storage shall be determined as follows:

(1) If the peanuts are stored in bags, the county committee will weigh a sufficient number of bags to determine the gross weight of all the peanuts to be placed under loan.

(2) If the peanuts are stored in bulk, the gross weight will be determined on the basis of the number of cubic feet of peanuts multiplied by the weight shown below for the type of peanuts.

Type:	Weight per cubic foot (pounds)
Spanish	20
Runner	19
Valencia	18
Virginia	18

§ 646.330 *Service charges.* The producer shall pay a service charge of $3.00 or 30 cents a ton, or fraction thereof, whichever is greater, and an inspection charge of 50 cents per ton. The producer shall pay the $3.00 minimum service charge prior to inspection of the storage structure. The balance of the service charge, if any, shall be collected from the proceeds of the loan. The inspection charge of 50 cents per ton shall be collected by the county committee for the account of the Federal-State Inspection Service by deduction from the proceeds of the loan. No refund of service or inspection charges will be made.

§ 646.331 *Interest rate.* Loans shall bear interest at the rate of 3 percent per annum, accrued from the date of disbursement of the loan.

§ 646.332 *Transfer of producer's equity.* The right of the producer to transfer either his right to redeem the peanuts under the loan or his remaining interest may be restricted by CCC.

§ 646.333 *Insurance.* CCC will not require the producer to insure the peanuts placed under loan; however, if the producer does insure such peanuts, and an indemnity is paid thereon, such indemnity shall inure to the benefit of CCC to the extent of its interest, after first satisfying the producer's equity in the peanuts involved in the loss.

§ 646.334 *Loss of or damage to peanuts.* The producer is responsible for any loss in grade and for any loss in weight in excess of a shrinkage allowance of 1 percent of the delivered gross weight; except that, subject to the provisions of § 646.333, physical loss or damage occurring without fault, negligence or conversion on the part of the producer or any other person having control of the storage structure, resulting solely from an external cause other than insect infestation or vermin, will be assumed by CCC to the extent of the settlement value, provided the producer has given the county committee immediate notice of such loss or damage, and provided there has been no fraudulent representation made by the producer in the loan documents or in obtaining the loan.

§ 646.335 *Personal liability.* The making of any fraudulent representation by the producer in the loan documents, or in obtaining the loan, or the conversion or unlawful disposition of any portion of the peanuts by him shall render the producer subject to criminal prosecution under Federal law and render him personally liable for the amount of the loan (including interest) and for any resulting expense incurred by any holder of the note.

§ 646.336 *Maturity and satisfaction.* (a) Loans mature on demand but not later than June 1, 1952. The producer is required to pay off his loan on or before maturity, or to deliver the mortgaged peanuts in accordance with instructions of the county committee. The producer may, however, pay off his loan and redeem his peanuts at any time prior to delivery of the peanuts to CCC or removal of the peanuts by CCC. In the event the farm is sold or there is a change of tenancy, the peanuts may be delivered before the maturity date of the loan, upon prior approval by the county committee; or the peanuts may be delivered before the maturity date of the loan for other reasons upon prior approval of the President of CCC. If the producer fails to deliver mortgaged peanuts in accordance with instructions of the county committee, he will be responsible for all costs of removal by the holder of the note. When the peanuts are delivered, the producer is required to deliver the entire lot of peanuts stored in the structure with the mortgaged peanuts; and in determining the settlement value of the peanuts, credit will be given for the total quantity delivered.

(b) The settlement value shall be computed on the basis of the applicable support price specified in supplement 1 to this bulletin, based on the type, grade, and quality of the peanuts delivered. The quantity on which the settlement value will be determined shall be the net weight of the peanuts delivered plus an allowance of 1% of the delivered gross weight.

(c) If the settlement value of the peanuts delivered exceeds the amount due on the loan (excluding interest) by more than $3.00, the amount of the excess will be paid to the producer on the basis of the settlement documents. To avoid administrative costs of making small payments, if the amount found due the producer in such settlement is $3.00 or less, such amount will be paid only upon his request. Payments will be made by sight draft drawn on CCC by the State PMA office.

(d) If the settlement value of the peanuts delivered is less than the amount due on the loan (excluding interest) the amount of the deficiency, plus interest, shall be paid by the producer to CCC, or may be set off against any payment which would otherwise be due to the producer under any agricultural program administered by the Secretary of Agriculture, or any other payments which are due or may become due to the producer from CCC or any other agency of the United States. To avoid administrative costs of handling small accounts, a deficiency of $3.00 or less including interest, may be disregarded unless demand therefor is made by CCC upon the producer.

§ 646.337 *Removal and release of the peanuts under loan.*—(a) *Removal of the peanuts under loan.* If the loan is not satisfied upon maturity by payment or delivery, the holder of the note may remove the peanuts and sell them either by separate contract or by pooling them with other lots of peanuts similarly held.

If the peanuts are pooled, the producer has no right of redemption after the date the pool is established, but shall share ratably in any overplus remaining upon liquidation of the pool. CCC shall have the right to treat the pooled peanuts as a reserve supply to be marketed under such sales policies as CCC determines will promote orderly marketing, protect the interests of producers and consumers and not unduly impair the market for the current crop of peanuts, even though part or all of the pooled peanuts are disposed of under such policies at prices less than the current domestic price of such peanuts. Any sum due the producer as a result of the sale of the peanuts or of insurance proceeds thereon, or any ratable share resulting from the liquidation of a pool, shall be payable only to the producer, without a right of assignment by him.

(b) *Release of the peanuts under loan.* A producer may at any time obtain release of peanuts remaining under loan by paying to the holder of the note, the principal amount thereof, plus charges and accrued interest. If the note is held by an out-of-town lending agency or by CCC, the producer may request that the note be forwarded to a local lending agency or to the county committee for collection. All charges in connection with the collection of the note shall be paid by the producer. Upon notice from the PMA Commodity Office or upon presentation of the paid note, the county committee shall arrange for the release of the chattel mortgage. Partial release of the peanuts prior to maturity may be arranged with the county committee by paying to the holder of the note the amount of the loan, plus charges and accrued interest, represented by the quantity of peanuts to be released.

§ 646.338 *Purchase of—notes.* CCC will purchase, from approved lending agencies, notes evidencing approved loans which are secured by chattel mortgages. The purchase price to be paid by CCC will be the principal sums remaining due on such notes, plus an amount computed according to the lending agency agreement to cover interest. Lending agencies are required to submit Commodity Credit Corporation Form 500 or such other form as CCC may prescribe for all payments received on producers' notes held by them, and are required to remit to CCC a part of the interest collected, computed according to the lending agency agreement. Lending agencies shall submit notes and

reports to the PMA commodity office serving the area.

Issued this 12th day of July 1951.

[SEAL] JOHN H. DEAN,
Acting Vice-President,
Commodity Credit Corporation.

Approved:

HAROLD K. HILL,
Acting President,
Commodity Credit Corporation.

[1951 CCC Peanut Bulletin, 721 (Peanuts 51)-1, Supp. 1]

PART 646—PEANUTS

SUBPART—1951 CROP PEANUT PRICE SUPPORT PROGRAM

§ 646.341 *Prices for net weight merchantable farmers stock peanuts delivered in bulk in Southeastern Peanut Area.* The following prices apply to net weight merchantable farmers stock peanuts eligible for Price Support pursuant to the terms of the CCC Peanut Program Bulletin 721 (Peanuts 51)-1 (§§ 646.301 to 646.338 [1]). The prices are for peanuts delivered in bulk in the Southeastern Peanut Area. In other areas the price is for peanuts delivered in bags and shall apply also to bulk deliveries accepted by the purchaser.

(a) *Base grade prices.* The base grade support prices for the various types and grades of peanuts shall be as follows:

	Per ton
Virginia type, 65 percent sound mature kernels	$226.00
Runner type, 65 percent sound mature kernels	206.00
Southeastern Spanish, 70 percent sound mature kernels	229.00
Southwestern Spanish, 70 percent sound mature kernels	225.00

(b) *Premiums and discounts*—(1) *Sound mature kernels.* For each 1 percent sound mature kernel content above or below the base grade, the premium or discount, whichever is applicable, shall be as follows:

	Per ton
Virginia type	$3.50
Runner type	3.20
Southeastern Spanish type	3.30
Southwestern Spanish type	3.20

(2) *Damaged kernels.* The discount for each full one percent damage in excess of 1 percent shall be as follows:

	Per ton
Virginia type	$3.50
Runner type	3.20
Southeastern Spanish type	3.30
Southwestern Spanish type	3.20

(3) *Foreign material.* The discount for each full 1 percent foreign material in excess of 4 percent shall be $1.00 per ton.

(4) *Extra large kernels.* For Virginia type peanuts the premium for each full 1 percent extra large kernels in excess of 15 percent shall be $1.25 per ton.

(c) *Valencia type peanuts.* For Valencia type peanuts containing less than 25 percent discoloration and damage caused by cracked or broken shells, the support price shall be the same as the support price for Virginia type peanuts of the same grade, except that no premium is applicable for extra large Valencia kernels. For other Valencia type peanuts the support price will be the same as the support price for Spanish peanuts of the same grade.

(d) *Definitions.* (1) The term "sound mature kernels" shall mean kernels which are free from damage as defined in the U. S. Standards for farmers stock (i) white Spanish peanuts in the case of Spanish and Valencia peanuts and (ii) Runner and Virginia peanuts, respectively, in the case of Runner and Virginia peanuts; and which will not pass through a screen having (a) $^{14}/_{64}$ x $^{3}/_{4}$ inch perforations in the case of Spanish peanuts and (b) $^{15}/_{64}$ x 1 inch perforations in the case of Virginia peanuts, (c) $^{15}/_{64}$ x $^{3}/_{4}$ inch perforations in the case of Runner and Valencia peanuts.

(2) "Extra large kernels" shall mean any shelled Virginia peanuts which are whole and which are free from noticeably discolored or damaged peanuts as defined in the U. S. Standards for Shelled Virginia peanuts (effective November 1, 1939) and which will not pass through a screen having 21.5/64 x 1 inch perforations.

(3) The applicable definitions and provisions in CCC Peanut Bulletin 721 (Peanuts 51)-1 and Marketing Quota Regulations for 1951 Crop 1026 (Peanuts 51)-1 and any amendment or supplement shall apply to this Exhibit A.

NOTES: (a) Excess oil peanuts eligible for purchase by CCC or by shellers operating under the 1951 Peanut Program Sheller Contract or 1951 Excess Oil Sheller Contract will be purchased at their oil value on the date of purchase based on the price announced by CCC.

(b) Peanuts containing more than 15 percent foreign material, or more than 7 percent damaged kernels, or more than 9 percent moisture in the Southeastern and Southwestern Areas (10 percent in the Virgina-Carolina Area) are not eligible for price support.

(c) Peanuts containing more than 7 percent damage, but which are otherwise eligible for price support will be purchased by CCC at prices for excess oil peanuts.

(d) Any lot or load of peanuts which would otherwise be considered Virginia type but which contain less than 16 percent "Fancy" size (peanuts riding a 34/64 x 3 inch slotted screen) will be considered Runner type peanuts.

(e) The term "Southeastern Spanish" refers to Spanish type peanuts east of the Mississippi River, and the term "Southwestern Spanish" refers to Spanish type peanuts west of the Mississippi River.

(Sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. Sup. 714b. Interprets or applies sec. 4, 5, 62 Stat. 1070, as amended, 1072, secs. 101, 401, 63 Stat. 1051, 1054, sec. 359, 55 Stat. 90, as amended by sec. 6, Pub. Law 471, 81st. Cong., sec. 2, Pub. Law 17, 82d Cong.; 15 U. S. C. Sup. 714b, 714c, 7 U. S. C. Sup. 1441, 1421, 1359)

Issued this 12th day of July 1951.

[SEAL] JOHN H. DEAN,
Acting Vice-President,
Commodity Credit Corporation.

Approved:

HAROLD K. HILL,
Acting President,
Commodity Credit Corporation.

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Cauliflower Order 1-1951]

PART 910—FRESH PEAS AND CAULIFLOWER GROWN IN ALAMOSA, RIO GRANDE, CONEJOS, COSTILLA, AND SEGUACHE COUNTIES IN COLORADO

REGULATION BY GRADES AND SIZES

§ 910.315 *Cauliflower Order 1-1951*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 10, as amended (7 CFR Part 910), regulating the handling of fresh peas and cauliflower grown in the Counties of Alamosa, Rio Grande, Conejos, Costilla, and Seguache in the State of Colorado, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Administrative Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the grade and size limitations, as hereinafter provided, with respect to shipments of cauliflower, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001; et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when it must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective as hereinafter set forth. A reasonable determination as to the supply of and the demand for such cauliflower must await the development of the crop; official estimates of the Department of Agriculture with respect to acreage and probable production were not published until July 10, 1951; however, these confirmed preliminary information available to the Administrative Committee before its recommendation was made; the supply and quality of cauliflower are subject to change by weather conditions; shipments of the current crop of cauliflower are expected to begin on or about July 20, 1951, and this section should be applicable to all shipments of such cauliflower in order to effectuate the declared policy of the act and thereby tend to maximize the benefits derivable therefrom; and compliance with the provisions of this section will not require any preparation therefor by handlers which cannot be completed by the effective date hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., m. s. t., July 20, 1951, and ending at 12:01 a. m., m. s. t.,

[1] See F. R. Doc. 51-8183, *supra*.

October 21, 1951, no handler shall handle:

(i) Any cauliflower that does not grade U. S. No. 1;

(ii) Any cauliflower that is of a size smaller than four inches in diameter or larger than seven inches in diameter; *Provided*, That not more than 5 percent by count of the heads comprising the lot, may be of a size smaller than 4 inches in diameter, and not more than 15 percent, by count, of the heads comprising such lot, may be of a size larger than seven inches in diameter;

(iii) Any cauliflower that is not of fairly uniform size; or

(iv) Any cauliflower which, when well trimmed, packs fairly tight in a crate at least 11 but not more than 12 heads: *Provided*, That if such cauliflower is without jacket leaves, not less than 24 nor more than 32 heads will pack such crate fairly tight.

(2) As used in this section:

(i) The term "fairly uniform" means that the diameter of the largest head is not more than two and one-half inches greater than that of the smallest head;

(ii) The term "fairly tight" means that the cauliflower heads packed in the crate have no more than a slight movement in such crate, but not so much movement that there will be any injury to the heads under ordinary handling conditions, and will not be so loose as to permit the addition of another head;

(iii) The term "crate" means a crate having inside dimensions of 8½ inches by 17½ inches by 21⅝ inches;

(iv) The terms "U. S. No. 1," "full jacket leaves," "diameter," "well trimmed," "lot," and "size" shall each have the same meaning as when used in the United States standards for cauliflower (7 CFR 51.171); and

(v) The terms "cauliflower," "handler" and "handle" shall each have the same meaning as when used in the amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 13th day of July 1951.

[SEAL] M. W. BAKER,
Acting Director,
Fruit and Vegetable Branch.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

Subchapter A—Civil Air Regulations

[Supplement 5]

PART 50—AIRMAN AGENCY CERTIFICATES

RULES, POLICIES AND INTERPRETATIONS OF CAA

The rules hereinafter prescribed were published on April 12, 1951, in 16 F. R. 3232-3237. Interested persons were afforded an opportunity to submit data, views, or arguments, and consideration has been given to all relevant matter presented. All sections of Part 50 which are implemented by these rules, policies and interpretations are repeated in this supplement for the guidance of the public. The following rules, policies and interpretations, which supersede all those previously promulgated by the Administrator as rules, policies and interpretations of Part 50, are hereby adopted:

CERTIFICATE

CAR 50.1 *Issuance.* An airman agency certificate will be issued to an applicant who complies with the minimum requirements for one or more school ratings.

§ 50.1–1 *Issuance (CAA policies which apply to § 50.1).* Application for the issuance of an airman agency certificate will be made upon Form ACA–387, Application for Airman Agency Certificate and Rating, and Inspection Report, prescribed by the Administrator, obtainable at the local CAA Aviation Safety District Office. When completed, the form will be submitted to the local Aviation Safety Agent who will make the necessary inspection.

CAR 50.2 *School ratings.* (a) Basic ground school.
(b) Advanced ground school.
(c) Primary flying school.
(1) Airplanes.
(2) Helicopters.
(3) Gliders.
(d) Commercial flying school.
(1) Airplanes.
(2) Helicopters.
(3) Gliders.
(e) Instrument flying school.
(f) Flight instructor school.

§ 50.2–1 *School ratings (CAA policies which apply to § 50.2).* Under existing regulations governing school ratings, the Administrator may approve only those courses wherein a student pursues a given curriculum leading to private, commercial, instrument, or flight instructor pilot ratings. The Civil Air Regulations do not provide for approval of curriculums leading to category, class, and type ratings only.

REQUIREMENTS

CAR 50.10 *Ground school requirements.* (a) Classrooms adequately heated and lighted, of sufficient size to accommodate the greatest number of students scheduled for attendance at any one time.

(b) Sufficient classroom equipment to insure adequate instruction in all required subjects.

(c) At least one regularly available principal instructor possessed of a ground instructor certificate with ratings for each of the required subjects of the curriculum.

§ 50.10–1 *Classrooms (CAA interpretations which apply to § 50.10 (a)).* The applicant must provide a space of permanent nature properly heated, lighted, and ventilated. Ample separate space must be provided for classrooms and equipment, sufficient to accommodate the largest number of students scheduled for attendance at any one time. If more than one classroom is provided, at least one of them must accommodate a minimum of 20 students. Each student must be provided with a desk-chair or chair and desk suitable for writing examinations. Classrooms must be maintained in neat, clean, and renovated conditions, and must be lighted with illumination of sufficient intensity to promote study without eyestrain. A blackboard large enough for explanation by means of diagrams must be provided.

§ 50.10–2 *Equipment (CAA interpretations which apply to § 50.10 (b)).*—(a) *Basic classroom equipment.* Basic classroom equipment must consist of sufficient texts and related reading material to cover Civil Air Regulations, meteorology, aerial navigation, radio, general service of aircraft and pertinent operational data.

(b) *Advanced ground school equipment.* Advanced ground school equipment must consist of the following in addition to the equipment required for a basic ground school:

(1) Two wing panels, each of a different construction.

(2) Two different makes of aircraft engines, one of which may be liquid cooled. One should be cut down to show engine construction and operation.

(3) Sufficient material to instruct in the theory and use of modern high-powered aircraft components. This should include, either in model or blue print diagram form:

Controllable pitch propellers, electric and hydraulic.
Flaps.
Retractable landing gear.
Manifold pressure gauge.
Superchargers.
Cowl flaps.
Oil temperature control.
Instruments (dual tachometer, dual manifold pressure gauge, temperature-pressure group, gyro horizon, gyro compass, turn and bank indicator, rate of climb indicator, radio compass, and automatic pilot).
Deicing equipment.
Electrical systems, including generators, voltage regulators, aviation batteries, fuses, and circuit breakers.
Accessories, including fuel pumps, oil pumps, magnetos.

§ 50.10–3 *Instructors (CAA interpretations which apply to § 50.10 (c)).* All instruction must be supervised by a certificated ground school instructor who holds ratings appropriate to the courses given. Instruction administered by uncertificated personnel must be directly supervised by a principal instructor who holds a ground instructor certificate with ratings covering all subjects offered in the school curriculum.

CAR 50.11 *Ground school curriculum.* A ground school curriculum approved by the Administrator for at least one of the following:

(a) *Basic ground school.* 50 hours of classroom instruction in the subjects of Civil Air Regulations (the regulations in this subchapter), including air traffic control practices and procedures, navigation, meteorology, and general servicing of aircraft.

(b) *Advance ground school.* 150 hours of instruction in the subjects of Civil Air Regulations, including air traffic control practices and procedures, navigation, meteorology, aircraft and engines, including the general servicing and maintenance of aircraft and engines.

§ 50.11–1 *Basic ground school curriculum. (CAA rules which apply to § 50.11 (a)).* The applicant shall provide a basic ground instruction curriculum which is satisfactory to the Administrator. The minimum acceptable curriculum shall include not less than 50 hours of instruction in the subjects listed below, followed by examination on each subject.

(a) *Civil Air Regulations.* At least 5 classroom hours of instruction to include:

Part 1: Certification, Identification, and Marking of Aircraft and Related Products.
Part 20: Pilot Certificates.
Part 43: General Operation Rules.
Part 60: Air Traffic Rules, including air traffic control practices and procedures.
Part 62: Notice and Reports of Aircraft Accidents and Missing Aircraft.

(b) *Metcorology.* At least 15 classroom hours of instruction to include:

Recognition of weather, icing, fog, and frontal conditions.
General cloud formations.
Study of weather maps, teletype sequences, and elementary weather forecasting.
Pressure areas, including motion of air masses, isobars, and winds aloft.
Humidity and its relation to visibility.
Temperature-dew point relationship and precipitation.
How to use knowledge of meteorology in private flying in promoting safety.
U. S. Weather Bureau facilities and weather assistance service.

(c) *Aerial navigation.* At least 15 classroom hours of instruction to include:

Study of aeronautical charts, including explanation of how charts are made, with emphasis on the Lambert conformal projection.
The navigational methods, including pilotting, dead reckoning, and radio.
Navigational instruments: Types, errors, and practical usage.
Practical navigation problems: Dead reckoning, piloting, ETA's, flight plans, wind-triangle solutions using a simple computer, and maximum endurance problems.
Use of CAA publications (Airman's Guide, etc.).

(d) *Radio.* At least five classroom hours of instruction to include:

Explanation of radio aids to flight.
Use of simple receiver and transmitter, including tuning and voice procedure.
CAA communication facilities and flight assistance service, including search and rescue procedures.
International code: Memorizing of code, sufficient to provide ready recognition of radio range identification signals.
Use of loop antenna in homing on broadcast and other stations.
Distress signals and visual signals (on parking line).

(e) *General service of aircraft.* At least 10 classroom hours of instruction to include:

Care of aircraft: Line inspection, procedures, and general safety precautions.
Care of engines: Octane ratings, detonation, warming up and idling precautions, full throttle operations, and icing.
Operations limitations: Performance characteristics as affected by full load, altitude, and temperature conditions. Reason for placard limits, acceleration limits, air-speed limitations in rough air, and other restrictions in the interest of safety.
Inspections required.
Use of aircraft instruments and errors inherent in them.
Use and care of parachutes.
Use of logbooks.
Explanation of major and minor repairs.
Explanation of aircraft operation record.

§ 50.11–2 *Advanced ground school curriculum (CAA rules which apply to § 50.11(b)).* The applicant shall provide an advanced ground instruction curriculum which is satisfactory to the Administrator. The minimum acceptable curriculum shall include not less than 150 hours of instruction in the subjects listed below, followed by examination on each subject. Students who have successfully completed an approved basic ground school course may be given appropriate credit when applying for the advanced ground school course. The determination of credit for previous ground school work is left to the discretion of the airman agency, with the understanding that a graduate shall have completed all course requirements.

(a) *Civil Air Regulations.* At least 15 classroom hours of instruction to include:

Part 1: Certification, Identification, and Marking on Aircraft and Related Products.
Part 20: Pilot Certificates.
Part 43: General Operation Rules.
Part 60: Air Traffic Rules, including air traffic control practices and procedures.
Part 62: Notice and Reports of Aircraft Accidents and Missing Aircraft.

(b) *Meteorology.* At least 35 classroom hours of instruction to include:

General cloud formations.
Pressure areas, including motion of air masses, isobars, and winds aloft.
Humidity and its relation to visibility.
Temperature-dew point relationship and precipitation.
Recognition of weather masses, icing, fog and frontal conditions as to reasonably forecast the weather accompanying these masses.
How to use knowledge of meteorology in flying to promote safety.
Study of weather maps, teletype sequences, and coded weather data sufficient to permit ready interpretation of all symbols used.
U. S. Weather Bureau facilities and weather assistance service.
Weather map analysis, including pressure areas and fronts.

(c) *Aerial navigation.* At least 35 classroom hours of instruction to include:

Study of aeronautical charts, including explanation of how charts are made, with emphasis on the Lambert conformal projection.
The study and use of all forms of navigational methods, with emphasis placed on pilotage, dead reckoning, and the use of radio.
Study, use, and limitations of all types of navigational instruments, navigational aids, and the daily use of CAA publications (Airman's Guide and Flight Information Manual).
All types of practical navigational problems, including radius of action to an alternate airport and maximum endurance under economy conditions, as well as the precision planning of a flight, the filing of a flight plan that allows for a climb to altitude and descent therefrom, check and reporting points, alternate airports, the use of radio compass and direction finder equipment and radio ranges, sectional and world aeronautical charts.

(d) *Radio.* At least 15 classroom hours of instruction to include:

Explanation of radio aids to flight.
Types, usage, and limitation of radio receivers and transmitters, the effects of proper and improper tuning, frequency control, static and night effects, as well as antennaes and microphone techniques.
The use and limitations of all types of radio aids to air navigation, including very high frequency and omni-directional facilities.
Sufficient study in International code to allow ready recognition of radio range identification signals.
Use of loop antenna in homing on broadcast and other stations.
The coding and use of aeronautical lights, true lights, and distress signals.
The detailed explanation and use of airways traffic control, approach control, and airport traffic control.

(e) *Aircraft engines.* At least 20 classroom hours of instruction to include:

Principles of the internal combustion engine.
Fuels: Octane rating and detonation.
Construction and design: Metals, tolerances, compression ratios, and horsepower.
Classification and construction of engine components.
Lubrication and cooling systems.
Carburetion and ignition.
Propellers: Fixed, adjustable, controllable, constant speed, and full-feathering.
Disassembly.
Inspection and maintenance.
Overhaul, repair, timing, and assembly.
Trouble shooting.
Logbooks and other records.
Practices: Precautions in the operation of engines, such as starting, warm-up, idling, testing, and full-throttle operation.

(f) *Aircraft.* At least 20 classroom hours of instruction to include:

Aerodynamics and theory of flight.
Factors of aircraft design, construction, and rigging.
Aircraft operation placard: Necessity for limitations as to speed, load factors, rough air, gross load, and center of gravity limits; how to determine safe loadings, with C. G. limits.
Aircraft construction and materials used.
Repair and maintenance.
Airplane operations manual.
Logbooks and records.
Aircraft accessories.

The remaining 10 hours of the required 150 hours prescribed for the advanced ground school course to be utilized by the operator in accordance with the individual student's need.

CAR 50.12 *Flying school requirements.* (a) An airport adequate for the aircraft to be used and safe for the flight instruction to be given.

(b) Adequate hangar facilities housing all aircraft used for flight instruction.

(c) Adequate office, rest room, and ready room facilities.

(d) A sufficient number of certificated aircraft appropriate for the flight instruction to be given.

(e) Adequate shop, or readily available facilities suitable to insure proper maintenance of the aircraft to be used.

(f) A sufficient number of certificated mechanics readily available to provide for the inspection, maintenance, and repair of all aircraft used for flight instruction, unless other arrangements are approved by the Administrator.

(g) A sufficient number of regularly available and appropriately rated flight instructors.

§ 50.12–1 *Airport requirements for approved flying schools (CAA interpretations which apply to § 50.12 (a)).*—(a) *Airports.* A minimum effective runway length of 1,500 feet at sea level, plus 7 percent increase in length for each 1,000 feet of elevation above sea level must be provided. The minimum width of the landing area must be 200 feet. All

landing strips must be located and oriented so as to permit take-offs and landings to be accomplished 95 percent of the time with cross-wind components of less than 15 miles per hour. The minimum allowable approach angles must permit a twenty-to-one glide path to the ends of the minimum allowable length of the landing strips. Runway grade changes should be such that there will be an unobstructed line of sight from any point 5 feet above the runway to any other point also 5 feet above the runway within a distance of at least 500 feet plus one-half the length of the runway. Where night flying is required in the curriculum, lighting facilities must be furnished in accordance with Appendix D.[1] An approved glider school must meet these landing area requirements.

(1) An approved flying school applicant using only airplanes equipped with cross-wind landing gear need not comply with the cross-wind component portion of the airport requirements.

(2) Auxiliary landing fields may be used in conjunction with approved school operations, provided the landing area meets the requirements of § 50.12–1 (a) of the rules, policies and interpretations of the Civil Aeronautics Administrator.

(b) *Seadromes.* A minimum effective length of 3,500 feet at sea level, plus 7 percent increase in length for each 1,000 feet of altitude above sea level. The minimum effective width of the landing area must be 300 feet. The water within the landing area must be not less than 3 feet in depth. The approach angles at the end of each landing area must permit a twenty-to-one glide path to the ends of the minimum allowable length of the landing area.

(c) *Heliports.* The minimum allowable length for a heliport must be 600 feet of effective surface. The minimum allowable width must be 200 feet, exclusive of building area. Landing strips must be so located as to allow into-the-wind approaches and take-offs at least 50 percent of the time with a cross-wind component of less than 15 miles per hour. The landing approach clearance angles must be at least ten-to-one in the magnetic direction and reciprocal of the prevailing wind. The entire area must have an approach angle obstruction clearance of at least five-to-one.

In cases where these standards are not fully met, the matter may, if the interests of safety are served, be referred to the CAA Regional Administrator for final consideration.

§ 50.12–2 *Hangar facilities (CAA interpretations which apply to § 50.12 (b)).* The applicant must provide a hangar or hangars of permanent construction adequate to house all flight equipment to be used in approved training. Training aircraft are to be continually housed therein, except during periods of operation. This building must meet all local building and safety codes, and be possessed of a sound roof, sides, and doors. The hangar floor must consist of material such as wood, asphalt, concrete, brick, tile or any other surface that permits adequate daily cleaning and will not deteriorate rapidly.

If training aircraft remain overnight at auxiliary fields used by the school, hangar facilities must be provided.

§ 50.12–3 *Office, rest room, ready room facilities (CAA interpretations which apply to § 50.12 (c)).* The office, rest room, and ready room facilities must be continually maintained in a clean and orderly condition.

(a) *Office.* Applicant must provide suitable space of a permanent nature, properly heated, lighted, and ventilated, to house adequately equipment necessary to the proper conduct of business matters and the preparation of records appropriate to the flight operation. (This equipment should include chairs, desks, filing cabinets, and typewriters.)

(b) *Rest room.* The rest room must be conveniently located to the student's ready room and meet the local sanitary code for such facilities. Rest room facilities must be provided at auxiliary fields when instruction periods are originated and terminated there.

(c) *Ready room.* A separate space of a permanent nature heated, lighted, and ventilated, must be provided to accommodate flight students waiting to receive flight instruction. This space must be provided with chairs, clothes racks or lockers, bulletin boards, and appropriate aeronautical charts. Ready room facilities must be provided at auxiliary fields when instruction periods are originated and terminated there.

§ 50.12–4 *Required flight equipment. (CAA interpretations which apply to § 50.12 (d)).* All aircraft used for flight instruction of students enrolled in an approved airman agency must be properly certificated and registered in the name of the applicant or operated under lease, the terms of which must be satisfactory to the Administrator. Each aircraft must be continuously maintained in a safe and airworthy condition.

(a) *Primary flying school*—(1) *Airplane rating.* At least one airplane must be provided for each 15 students regularly enrolled as certificated flying school students. Such airplane must be capable of carrying two persons and two parachutes without exceeding the gross weight limitations set forth in the Aircraft Operation Record, and must be suitable to perform the maneuvers necessary to accomplish the flight test prescribed for a private pilot certificate.

(2) *Helicopter rating.* At least one helicopter must be provided for each 15 students enrolled under the terms of the airman agency certificate. Each helicopter must be capable of carrying at least a student, instructor, and full fuel tanks without exceeding the center of gravity or gross weight limitations. Ownership and lease arrangements, as well as the maintenance of the airworthiness condition requirements and flotation gear requirements when operated over water, must conform to those specified for an approved primary flying school (airplane). Sufficient ballast must be provided and utilized to insure proper weight and balance condition during student solo flight practice.

(3) *Glider rating.* At least one 2-place glider must be provided for each 15 students enrolled under the terms of the airman agency certificate. Each glider must be capable of carrying at least 2 persons and 2 parachutes without exceeding the gross weight or center of gravity limitations. All tow planes to be used must be certificated with towing arrangements installed and proper authority for use obtained for the operation of the glider-tow plane combination.

(b) *Commercial flying school*—(1) *Airplane rating.* All airplanes provided by an applicant for a commercial flying school rating must be in excess of 50 horsepower. Airplanes with both tandem and side-by-side seating arrangements must be provided. (Training in single-place airplanes may be permitted in the commercial flight curriculum only.) The airplanes required may be owned or registered in the name of the applicant or under lease, the terms of which must be satisfactory to the Administrator.

At least one of the airplanes provided for instruction must be equipped with wing flaps, two-way radio, controllable propeller, and a manifold pressure gauge.

At least one airplane must be provided which is properly equipped for visual night flying as set forth in § 43.30 (b) of this chapter.

(2) *Helicopter rating.* In addition to the helicopter requirements for a primary flying school rating, an applicant for a commercial flying school rating (helicopter) must provide a helicopter capable of carrying at least a student, instructor, and full fuel tanks without exceeding the center of gravity or gross weight limitations, and be equipped for night flying as set forth in § 43.30 (b) of this chapter. Ownership and lease arrangements, as well as the maintenance of the airworthiness condition requirements and flotation gear requirements when operated over water, must conform to those specified for an approved commercial flying school (airplane). Sufficient ballast must be provided and utilized to insure proper weight and balance condition during student solo flight practice.

(3) *Glider rating.* At least one 2-place glider must be provided for each 15 students enrolled under the terms of the airman agency certificate. Each glider must be capable of carrying at least 2 persons and 2 parachutes without exceeding the gross weight or center of gravity limitations. All tow planes to be used must be certificated with towing arrangements installed and proper authority for use obtained for the operation of the glider-tow plane combination.

(c) *Instrument flying school.* At least one aircraft must be provided for each 15 students enrolled under the terms of the airman agency certificate. Each aircraft used for instrument flight instruction must be equipped for instrument flight in accordance with § 43.30 (c) of this chapter. Such aircraft must be equipped with a suitable hood which will completely exclude all outside visual reference to the pilot on instruments yet not restrict the vision of the safety pilot or observer. Further, the aircraft, with necessary crew, parachutes, fuel, and oil aboard, must be capable of maintaining a climb of 300 feet per minute at 2,000 feet above ground elevation and must permit accomplishment of all maneuvers listed in § 20.42 (c) of this chapter.

(d) *Flight instructor school.* At least one aircraft must be provided for each 15 students enrolled under the terms of the airman agency certificate. All aircraft provided by an applicant for a flight instructor school rating must be in excess of 50 horsepower and must be suitable to perform the maneuvers as prescribed for the flight instructor rating test. Aircraft used must be equipped with suitable interphone or cockpit comm unication system.

(e) *Parachutes.* The applicant must have available at least 2 parachutes manufactured under a valid type certificate and maintained in accordance with the Civil Air Regulations. Sufficient additional such parachutes must be furnished to prevent undue delay in the normal progress of all students undergoing flight training.

§ 50.12–5 *Maintenance and repair facilities (CAA interpretations which apply to § 50.12 (c)).* A suitable space, properly heated and lighted, completely isolated or separated from the storage hangar, preferably by fire-resistant walls, must be provided to conduct all necessary periodic inspections, repairs, and other maintenance functions. Sufficient tools, mechanical devices, and appropriate aircraft and engine manufacturers' manuals, must be provided to adequately perform all maintenance operations. In the event the shop space cannot accommodate the assembled aircraft, space may be provided in the storage hangar for the conduct of periodic inspection, if such space is adequately heated and lighted and the aircraft may be completely isolated therein while undergoing such inspection. Maintenance and repair facilities may be provided by contractual agreement. Under this provision it will be the responsibility of the airman agency to insure that all periodic inspections, major repairs, and overhauls are accomplished by the maintenance contractor. Exceptions to this will be permitted only when the aircraft require repairs while away from the home base or when maintenance or repairs involve technical operations which the contractor is not equipped to handle; example, radio and instrument repairs. The services, facilities, location, and any changes in the maintenance contract must be acceptable to the Administrator.

§ 50.12–6 *Maintenance personnel (CAA interpretations which apply to § 50.12 (f)).* Applicant must have sufficient certificated personnel, either regularly employed or under contract, to maintain aircraft used for flight instruction in full airworthy condition at all times. Not more than 5 uncertificated personnel may be under the supervision of one aircraft and engine mechanic at any one time.

§ 50.12–7 *Flight personnel (CAA interpretations which apply to § 50.12 (g)).* (a) Each person giving, or employed to give, flight instruction must possess a valid pilot certificate, with commercial, flight instructor, and pertinent category and class ratings.

(1) A flight instructor in an instrument flying school must possess a valid pilot certificate with commercial, instrument, and pertinent category and class ratings.

CAR 50.13 *Flying school curriculum.* A curriculum approved by the Administrator for at least one of the following:

(a) *Primary flying school.* (1) Airplanes—35 hours of flight time,
(2) Helicopters—35 hours of flight time,
(3) Gliders—8 hours of flight time.

(b) *Commercial flying school.* (1) Airplanes—160 hours of flight time,
(2) Helicopters—160 hours of flight time,
(3) Gliders—20 hours of flight time.

(c) *Instrument flying school.* 30 hours of instrument flying instruction of which at least 20 hours shall be in actual flight; and 30 hours of ground instruction in the subjects of Civil Air Regulations (the regulations in this subchapter), navigation, meteorology, and radio orientation and procedure, as applied to instrument flying.

(d) *Flight instructor school.* 25 hours of flying devoted exclusively to the science of flight instruction, and 40 hours of theoretical instruction in subjects covering the fundamentals of giving flight instruction and the analysis and performance of flight maneuvers.

§ 50.13–1 *Primary flying school curriculums; airplanes; land and sea; 35 hours flying time (CAA rules which apply to § 50.13 (a) (1))*—(a) *Airplanes—land.* The applicant shall provide a primary flight curriculum satisfactory to the Administrator. This curriculum shall include not less than 35 hours flying time and shall be arranged so as to allow a minimum of 15 hours dual and 13 hours of solo flight time. Flying time devoted to student progress or stage checks may be credited as dual instruction for the purpose of meeting the requirements of primary flying school curriculums. Such flights may be conducted by the regularly assigned flight instructor, agency check pilot, or Aviation Safety Agent. A minimum of 8 hours dual instruction shall be given prior to solo flight. A minimum of 4 hours dual and 8 hours solo cross-country flying shall be provided. The solo cross-country experience shall include at least one flight to a point more than 100 airline miles from the base of operation. During the flight at least two full stop landings shall be made. The landing at destination may be credited toward meeting the en route landing requirement. The required dual instruction in cross-country flying shall be given after the student's initial solo. During the course of the flight instruction, ground discussion shall be given at the ratio of at least 15 minutes per hour of flight time. This shall include familiarizing the student with the aircraft in regard to controls, instruments, fuel system, electrical system, radio and accessories. The use and care of parachutes, safety precautions consisting of eliminating hazards to spectators, starting and stopping of engines, and securing of aircraft shall be thoroughly discussed. Each student shall be completely familiar with the pertinent local air traffic rules and patterns prior to initial solo. Pre-flight and line inspections shall be accomplished by the student whenever possible.

Dual instruction prior to solo shall consist of at least the following:

Determination of wind direction, on the ground and in flight.
Taxiing, into wind, cross-wind and downwind.
Engine run-up prior to take-off, use of airplane check list when check lists are involved.
Straight and level flight.
Shallow, medium and steep banked turns, right and left.
Climbs, glides, including turns, right and left.
Coordination exercises, elementary eights, and S-turns across ground reference lines.
Slow flight.
Stalls and recovery with and without power.
Normal take-offs and landings.
Slips.
Emergency procedure.
Maneuvers following solo. Flight at various power settings so as to accomplish straight and level flight and turns in both directions without loss or gain of altitude.
Precision turns of shallow, medium and steep banked attitudes, emphasizing constant bank, speed and altitude.
Dragging areas.
Demonstration and practice in short field or soft field takeoffs and approaches to landing.
Left and right climbing and gliding turns at normal and minimum controllable speeds.
Power-on and power-off stalls and recovery entered from all normally anticipated flight attitudes.
Execution of turns around reference points on the ground. This shall include the execution of 720° power turns around such reference points. During this maneuver the banked attitude shall be varied so as to maintain a track of equal radius around the selected point. The 720° power turns shall be performed so that a banked attitude of more than 45° may be attained during the maneuver.
Cross-wind take-offs and landings.
Simulated emergency landings from high and low altitudes.
Precision landings with engine throttled using slips or flaps to facilitate landing within desired area.
Power approaches to landing.
Wheel landings.
Cross-country flying: 4 hours dual and 8 hours solo flying time. During the student's cross-country training, landings and take-offs should be made at as many different airports as possible. This phase of the curriculum shall consist of instruction in at least the following:
Pre-flight cross-country planning. Plotting course.
Determining magnetic course.
Computing distance and estimating time of arrival.
Checking weather.
Study of navigational facilities and airports to be used including alternate airports.
Determining fuel requirements for flight.
Selecting altitude.
Loading of aircraft.
In flight. Determining compass course to destination.
Estimating time between check points.
Determining course to alternate airport.
At destination. Securing aircraft.
Cross-country planning for return trip.

(b) *Airplanes; sea.* Where flight instruction is given in a seaplane, the following shall also be included in the curriculum:

(1) Pre-flight instruction:

Explanation of float action.
Retraction of water rudders.

[1] Not filed with the Federal Register Division.

Determination of wind direction.
Fundamentals of water handling.
Fundamentals of aviation seamanship.
Use of life preservers.
General care of seaplanes.

(2) Additional maneuvers to be included:

Semi-stall and full-stall landings.
Power approaches and power landings given under average water conditions and on glassy water.
Where practicable, landings and take-offs on various bodies of water such as a bay (tide action) and streams (currents).
Precision sailing (with and without power).
Precision docking, beaching, and mooring.
Forced landings, executed to buoy markers.

(c) *Alternate curriculum; primary flying school.* An applicant for an approved airman agency primary flying school may utilize a curriculum different from those prescribed in this manual, provided prior approval is obtained from the Administrator.

Request for approval may be made to the local CAA Aviation Safety District Office. Two copies of the proposed curriculum shall accompany such a request.

§ 50.13–2 *Primary flying school curriculum; helicopter (CAA rules which apply to § 50.13 (a) (2))—(a) Helicopters; 35 hours flying time.* A curriculum satisfatcory to the Administrator shall include not less than 35 hours of flying time. This course shall be arranged to give each student a minimum of 15 hours dual and 13 hours of solo flight time. A minimum of 8 hours dual instruction shall be given prior to solo flight and is to be included in the 15 hours of required dual.

It may be found necessary to modify or eliminate certain flight maneuvers because of the wide variation in flight characteristics that exist in helicopters of different manufacture. In general, however, any curriculum to be satisfactory to the Administrator shall include the following:

(1) Familiarization, including control usage, starting, warm-up, run-up, and stopping of engine, limitation placards, engine and flight instruments, fuel and electrical system, servicing precautions, safety belts, and hazards to spectators; local airport rules and regulations.

(2) The dual instruction prior to solo shall include both theoretical and practical instruction in:

Taxiing (into wind, downwind and cross-wind).
Take-offs (upwind and cross-wind).
Landings (into the wind).
Hovering (into wind and cross-wind, downwind hovering should be demonstrated).
90° hovering turns.
Sideward and backward flight.
Rectangular course (hovering altitude constant heading).
Climbing and descending.
Minimum steep turns (not to exceed 30°).
Normal, 30° angle, approaches to landing.
Traffic pattern flying.
Elementary autorotative approaches.
Simulated emergency landings.

(3) The above should be followed by additional dual and solo practice. Periodic checks should be given throughout the course. Dual instruction and solo practice shall also be given on the following maneuvers.

Hovering downwind.
Hovering turns, 90° through 360°.
Settling with power and recovery.
Accuracy landings: normal, slow-steep, fast-low, flare and no-flare type approaches.
Autorotative approaches: straight, 90°, 180°, and 360°.

Dual and solo cross-country. A minimum of 2 hours dual and 3 hours solo cross-country experience shall be provided in the curriculum. This shall include a solo cross-country flight with two intermediate full-stop landings, one leg of which shall be at least 50 miles in length.

At least one hour of dual instruction shall be given at an altitude sufficiently high to demonstrate the misconceptions of attitude and movement which may occur when flying a helicopter at altitude by outside visual reference only.

Turns, medium steep bank (30° to 45°).
S-turns along ground reference line (varying speeds).

§ 50.13–3 *Primary flying school curriculum; glider (CAA rules which apply to § 50.13 (a) (3))—(a) Gliders; 8 hours flying time.* An applicant for a primary glider flying school rating shall provide a flight curriculum satisfactory to the Administrator. This curriculum shall include not less than 8 hours of total flight time. Any curriculum, to be satisfactory to the Administrator, shall include the following:

A minimum of 3 hours of dual and check time.
A minimum of 5 hours of supervised solo flight time.
A minimum of 80 gliding flights.
Flight instruction shall include, but not be limited to, the following maneuvers:
Straight glides.
Confidence maneuvers.
Turns.
Coordination exercises.
Stalls.
Airplane tow technique.
Glidepath technique.
Use of spoilers.
Cross- and down-wind technique.
Landings.

Additional dual instruction and solo practice should follow to obtain proficiency in all maneuvers. The apportionment of dual and solo time and the amount of instruction and practice in each maneuver should be adequate to enable the student to sufficiently demonstrate his proficiency in each, to a degree required of a private glider pilot.

§ 50.13–4 *Commercial flying school curriculums; airplanes; land and sea (CAA rules which apply to § 50.13 (b) (1))—(a) Airplane—land.* An applicant for a commercial flying school rating shall provide a flight instruction curriculum satisfactory to the Administrator. Such curriculum shall consist of not less than 160 hours of flying time for the purpose of qualifying persons for commercial pilot certificates. Any curriculum to be satisfactory to the Administrator shall meet the following requirements:

(1) A minimum of 50 hours dual and check time. 8 hours of such instruction time shall be given prior to first solo flight.

(2) A minimum of 105 hours of supervised solo shall be given.

(3) A total of 10 hours of pilot-in-command, dual, or solo night flying shall be given. Whenever practicable, at least 3 hours should be devoted to night cross-country flying. During this phase of training, at least 5 hours, including 10 take-offs and 10 landings, should be accomplished while solo, or while serving as pilot-in-command and the sole manipulator of the controls. Normally the practicability of conducting the cross-country portion of the night flying requirement will be established by the local CAA Aviation Safety District Office. In making this determination, consideration shall be given to such items as nature of terrain, navigation facilities, alternate landing areas, etc.

(4) A minimum of 25 hours of dual and solo cross-country flying shall be given. During the course of instruction, at least one solo cross-country flight shall be made to a point not less than 300 miles distant from the point of departure. During such flight, at least 3 full-stop landings at different points along the route shall be made. In the course of the student's training, his flight record shall indicate one flight wherein all radio aids to air navigation that are available, have been utilized and shall include the preparation and use of a predetermined flight plan.

(5) A minium of 10 hours solo shall be given in tandem seating aircraft.

(6) A minimum of 10 hours solo shall be given in side-by-side seating aircraft.

(7) A minimum of 10 hours solo shall be given in aircraft equipped with wing flaps, two-way radio, controllable propeller, and a manifold pressure gauge.

(8) The first 35 hours of instruction and solo practice shall be identical with the Primary Flying School Curriculum. Students who have successfully completed such curriculum in a certificated flying school, or possess a private pilot certificate, may be given appropriate credit when applying for the commercial pilot flight course. The determination of credit for previous flight experience is left to the discretion of the airman agency, with the understanding that a graduate has completed all course requirements.

(9) The flight curriculum shall be arranged so as to give instruction and solo-flight practice on all maneuvers necessary to enable a student to demonstrate proficiency to a degree required of a commercial pilot. Such maneuvers, in addition to those taught and practiced in the primary course, are:

Eights on pylon (steep and shallow banked).
Precision landings from 180° side approach, use of key position should be emphasized.
720° power turns, left and right, executed at a banked attitude of at least 60°.
Steep gliding (spiral) turns executed at a banked attitude of not less than 60°.
Lazy eights.
Chandelles.

(b) *Airplanes; sea.* Where flight instruction is given in a seaplane, the following shall also be included in the curriculum:

(1) Pre-flight instruction:

Explanation of float action.
Retraction of water rudders.

Determination of wind direction.
Fundamentals of water handling.
Fundamentals of aviation seamanship.
Use of life preservers.
General care of seaplanes.

(2) Additional maneuvers to be included:

Semi-stall and full-stall landings.
Power approaches and power landings given under average water conditions and on glassy water.
Where practicable, landings and take-offs on various bodies of water such as a bay (tide action) and streams (currents).
Precision sailing (with and without power).
Precision docking, beaching, and mooring.
Forced landings, executed to buoy markers.

§ 50.13–5 *Commercial flying school curriculum; helicopter (CAA rules which apply to § 50.13 (b) (2)).* (a) An applicant for a commercial flying school rating (helicopter) shall provide a flight instruction curriculum satisfactory to the Administrator. Such curriculum shall consist of not less than 160 hours of flying time for the purpose of qualifying persons for commercial pilot certificates.

(b) It may be found necessary to modify or eliminate certain flight maneuvers because of the wide variation in flight characteristics that exist in helicopters of different manufacture. In general, however, any curriculum to be satisfactory to the Administrator shall meet the following requirements:

(1) A minimum of 70 hours dual and check time. 8 hours of such instruction time shall be given prior to first solo flight.

(2) A minimum of 90 hours of supervised solo shall be given.

(3) A total of 10 hours of pilot-in-command, dual, or solo night flying shall be given. During this phase of training at least 5 hours, including 10 take-offs and 10 landings, should be accomplished while solo, or while serving as pilot-in-command, and the sole manipulator of the controls.

(4) A minimum of 25 hours of dual and solo cross-country flying shall be given. During the course of instruction, at least one solo cross-country flight shall be made to a point not less than 150 miles distant from the point of departure. During such flight, at least 3 full-stop landings at different points along the route shall be made.

(5) The first 35 hours of instruction and solo practice shall be identical with the helicopter private pilot flight curriculum. Students who have successfully completed such curriculum in a certificated flying school, or possess a private pilot certificate with helicopter rating, may be given appropriate credit when applying for the commercial pilot (helicopter) flight course.

(6) The flight curriculum shall be arranged so as to give instruction and solo flight practice on all maneuvers necessary to enable the student to demonstrate commercial pilot proficiency in the maneuvers characteristic of the helicopter type on which his training was received. In addition to those maneuvers taught and practiced in the primary course or initial 35 hours of training, theoretical and practical instruction shall be provided in the following:

Running take-offs.
S-turns along ground reference line (varying speeds).
Pattern flying changing headings at hovering altitude.
Rapid decelerations (quick stops).

§ 50.13–6 *Commercial flying school curriculum; gliders (CAA rules which apply to § 50.13 (b) (3)).* An applicant for a commercial flying school rating (glider) shall provide a flight instruction curriculum satisfactory to the Administrator. Such curriculum shall consist of not less than 20 hours of flight and shall meet the following requirements:

(a) A minimum of 8 hours of dual and check time: 3 hours of such instruction time shall be given prior to first solo flight.

(b) A minimum of 12 hours of supervised solo shall be given after solo.

(c) A minimum of 100 gliding flights or 5 hours of soaring flight time shall be given.

(d) The first 8 hours of instruction and solo practice shall be identical with the private glider curriculum.

(e) The following maneuvers shall be included in addition to those taught and practiced in the private glider pilot course:

Emergency maneuvers such as recovery from stalls, entered from both level and steeply banked attitudes.
Spirals.
Cross-wind take-offs and landings.
Soaring techniques.
Lazy eights.
Accuracy landings.

§ 50.13–7 *Instrument flying school. (CAA rules which apply to § 50.13 (c))—(a) Ground school curriculum.* The applicant shall provide an instrument ground school curriculum satisfactory to the Administrator. Such curriculum shall include not less than 30 hours of classroom instruction on the subjects listed below:

(1) *Civil air regulations.* At least 2 classroom hours of instruction to include:

Part 1: Certification, Identification, and Marking on Aircraft and related products.
Part 20: Pilot Certificates.
Part 43: General Operation Rules.
Part 60: Air Traffic Rules, including air traffic control practices and procedures.

(2) *Meteorology.* At least 5 classroom hours of instruction, of which one should be practical weather observation and the identification of weather conditions, to include:

Those subjects listed for advanced ground school rating.
Detailed study of conditions found under instrument flying conditions, with emphasis on icing conditions.
Advanced meteorology: Weather maps, fronts, and analysis.

(3) *Aircraft and theory of flight.* At least 3 classroom hours of instruction to include:

Study of aircraft equipment: deicing equipment, static eliminators, effect of ice on propeller, and wing efficiency.
Power required under various load conditions, and change in stalling speeds therein.

(4) *Navigation.* At least 5 classroom hours of instruction to include:

Navigational problems under instrument conditions.
Use of computer.
Methods of obtaining fixes.
Correction of drift to regain position.
Alternate airport problems.
Airman's Guide, Flight Information Manual, Radio Facilities, and Instrument Approach Charts.
Radio orientation (at least 3 methods).

(5) *Instruments, radio and navigational aids.* At least 5 classroom hours of instruction to include:

Review of all instruments and errors that may be encountered under instrument conditions.
Study of radio aids to instrument flight.
Tuning radio, and use of volume control.
Description of various radio aids.
CAA communications facilities and flight assistance service, including search and rescue operations.

(6) *Instrument flight procedures.* At least 10 classroom hours of instruction, to be given in phase with or before actual flight training, to include:

Technique of instrument flight.
Beam and bracketing procedures.
Let-down procedures.
Air Traffic Control procedures.
Flight plans.

Each person giving, or employed to give, ground school instruction in an instrument flying school must be certificated as required by § 50.10 (c) or must possess a valid instrument rating.

(b) *Flight curriculum.* (1) This curriculum shall include not less than 30 hours of flight instruction, of which not more than 10 hours may be given in a flight simulator. That portion of the instruction which is conducted in a flight simulator shall remain in phase with the flight instruction.

(2) The curriculum, to be satisfactory to the Administrator, shall include at least the following:

Climbs and climbing turns.
Level flight.
Timed turns.
Steep turns (over 45°).
Stalls, and approaches to stalls.
Recovery from abnormal attitudes.
Slow flight and controlled descent.
Radio range orientation, including at least three methods.
Beam bracketing.
Station identification.
Airport and Airway Traffic Control holding and emergency procedures.
Final approach.
Missed approach.
Practical speed, wind, drift problems.

(3) The CAA wishes to encourage the use of VHF range systems. VHF facilities may be used in training and in accomplishing as much of the present flight test as is practicable; however, until the low frequency range system becomes obsolete and is supplanted by the new systems, orientation and the execution of a standard instrument approach, utilizing the low frequency system will be required. This portion may be accomplished in a simulator, provided a low approach is successfully made during the flight test utilizing VHF facilities.

§ 50.13–8 *Flight instructor school (CAA rules which apply to § 50.13 (d))—*

(a) *Ground school curriculum.* An applicant for a flight instructor flying school rating shall provide a ground school curriculum satisfactory to the Administrator. Such curriculum shall include not less than 40 hours instruction on "Analysis and Performance of Maneuvers" and "Psychology, Technique and Methods of Flight Instruction." A curriculum satisfactory to the Administrator shall include, but not be limited to:

(1) Steps in teaching students how to fly:

Preparation—knowledge of what to say and how to say it.
Definition of what is to be taught in a a specific lesson. (Statement of Aims.)
Explanation of maneuvers. (Presentation.)
Demonstration of maneuvers.
Student's practice.
Determination of student's progress and review of weak points.

(2) Common errors in instruction:

Lack of planned instruction.
Variations in terminology used in flight instruction.
Giving instruction in flight which could better be given on ground.
Failure to stress important or key points.
Poor speech habits, e. g., failure of instructor to speak clearly, etc.
Bad personal habits—impatience, lack of promptness, etc.
Failure to overcome prejudices with respect to other people's "peculiarities."
Emphasizing pet "hobbies" or "peeves."

(3) How students learn:

Importance of directed practice as compared with mere repetition.
Effect of old habits on learning how to fly. (Habit interference.)
Difficulties in trying to learn too much, too fast.
Value of training aids, e. g., charts, models, films, etc.

(4) Adapting training to individual students:

Slow versus fast learners.
Under-confident versus over-confident students.
The "problem child."
Preparatory planning of each student's lessons in order to deal with his individual problems.

(5) Keeping student interested:

Judicious use of praise and blame.
Informing student of his progress.
Importance of instructor appreciating student's problems.

(6) Keeping student fit:

Minimizing student fatigue.
Dealing with questions regarding health in relation to flying, e. g., ear trouble, the common cold, air sickness, etc.
Dealing with problem of "muscular tension."
Maintaining emotional stability.

(7) Finding out how student is progressing:

Reasons for standardization of check flights.
Subjective observation:
CAA rating procedures and other rating scales.
Training in use of above.
Objective evaluation:
Flight inventory.
Graphic methods.
Use of above techniques.
Difficulties in observing student's performance:
Errors of observation.
Elimination of errors.

(8) Checking up on your ability as an instructor.

Need for periodic check-up.
The teaching "Self-Audit."

(9) Summary of points to remember in flight instruction.

Plan instruction, on ground and in air, to meet student's problems.
Give all instruction possible on ground so that student has a clear idea of what is expected of him before start of flight lesson.
Keep instruction in air simple, clear, and concise.
Keep student interested and try to understand his problems.
Give student ample opportunity to review maneuvers already learned.
Direct student's solo practice along lines in which he is most inadequate.
Emphasize importance of judgment and necessity to "plan ahead."

(10) Civil air regulations.
(11) Analysis and performance of maneuvers.
(12) Final examination.

Each student will "instruct" the class on topics assigned in advance. Student's method of presentation will be criticized in light of principles of flight instruction discussed in course.
Analysis and performance of maneuvers.

(b) *Flight curriculum.* An applicant for flight instructor flying school rating shall provide a flight instruction curriculum satisfactory to the Administrator. Such curriculum shall consist of not less than 25 hours flying time for the purpose of qualifying persons for the flight instructor rating. A curriculum satisfactory to the Administrator shall include the following:

(1) A minimum of 10 hours dual and solo practice in the performance of all elementary, intermediate, and advanced maneuvers, to enable the student to demonstrate these with smoothness and precision and to assist him to develop an easy, confident manner when flying.

(2) A minimum of 15 hours in the practice of giving flight instruction in all elementary, intermediate, and advanced maneuvers, where the instructor will ride as trainee, simulating the usual errors of the novice pilot, and the student acts as instructor. The purpose is to develop proficiency in the analysis of maneuvers and to evolve a technique of imparting this knowledge under actual flight conditions. The curriculum shall include, but not be limited to, the following:

(i) Elementary maneuvers.

Taxiing, into wind, cross-wind and downwind.
Straight and level flight.
Shallow, medium, and steep banked turns, right and left.
Climbs, glides, including turns right and left, at normal and minimum controllable speeds.
Power-on and power-off stalls and recovery entered from all normally anticipated flight attitudes.
Slow flight.
Spins.
S-turns along ground reference lines.
Medium and steep banked eights around pylon.
Slips.
Normal take-offs and landings.
Simulated emergency landings from high and low altitudes.

(ii) Intermediate maneuvers.

Eights "on" pylons.
Maximum climbing turns.
Gliding spiral turns, banked attitude of at least 60°.
Short field take-offs and approaches to landing.
Slips, forward and side.
Controlled slipping turns.
90° approach for a landing.
180° side approach for a landing.
360° approach for a landing (simulated).
Cross-wind take-offs and landings.
Downwind landings, moderate winds, and when permissible.
Flight at various power settings so as to accomplish straight and level flight and turns in both directions without loss or gain of altitude.
Accidental and cross-control spins.
Dragging areas.
Power approaches to landing.
Wheel landings.

(iii) Advanced maneuvers.

Lazy eights.
Chandelles.
Precision spins, 1½, 2, and 3 turns.
720° power turns, left and right, executed at a banked attitude of at least 60°.

(3) A minimum of 15-minute discussion periods shall be provided before and after each flight.

(4) Where seaplanes are used the following shall be included:

(i) Additional maneuvers.

Semi-stall and full-stall landings.
Power approaches and power landings given under average water conditions and on glassy water.
Where practicable, landings and take-offs on various bodies of water such as a bay (tide action) and streams (current).
Precision sailing (with and without power).
Precision docking, beaching, and mooring.
Forced landings executed to buoy markers.

(5) It may be found necessary to modify or eliminate certain flight maneuvers because of the wide variation in flight characteristics that exist in helicopters of different manufacture. In general, however, any curriculum to be satisfactory to the Administrator shall meet the following requirements:

(i) Elementary maneuvers.

Taxiing (into wind, downwind, and cross-wind).
Take-offs (upwind and cross-wind).
Landings (into the wind).
Hovering (into wind and cross-wind).
90° hovering turns.
Sideward and backward flight.
Rectangular course (hovering altitude constant heading).
Climbing and descending.
Minimum banked turns (not to exceed 30°).
Normal, 30° angle, approaches to landing.
Traffic pattern flying.
Elementary autorotative approaches.
Simulated emergency landings.

(ii) Intermediate maneuvers.

360° hovering turns.
Accuracy landings: normal, slow-steep, fast-low, flare and no-flare type approaches.
Autorotative approaches: straight, 90°, 180°, and 360°.

S-turns along ground reference line (varying speeds).
Medium steep banked turns (30° to 45°).
Rapid decelerations (quick stops).
Pattern flying changing headings at hovering altitude.
Cross-wind take-offs and landings.

(iii) Advanced maneuvers.

Running take-offs and landings.
Accuracy landings from autorotative glides: 90°, 180°, and 360°.
Vertical autorotation.
Settling with power and recovery.
Altitude flying; this to be accomplished at an altitude sufficiently high to demonstrate the misconceptions of altitude and movement which may occur when flying a helicopter at altitude by outside visual reference only.
Downwind hovering.

GENERAL

CAR 50.20 *Application.* Application for an airman agency certificate and rating shall be made upon the form prescribed and furnished by the Administrator, and shall be accompanied by two copies of any proposed curriculum.

§ 50.20–1 *Application. (CAA rules which apply to § 50.20).* (a) The application shall be submitted on Form ACA–387, Application for Airman Agency Certificate and Rating, and Inspection Report. This form may be obtained from the nearest CAA Aviation Safety District Office. The local Aviation Safety Agent will furnish full information as to the execution of this application and will arrange appointments for the inspection of the facilities, equipment, etc. It is suggested that prior to the execution of the application the applicant discuss the rating sought with the Aviation Safety Agent involved.

(b) Unless requested by the local Aviation Safety Agent, it will not be necessary to submit the proposed curriculums in duplicate.

CAR 50.21 *Display.* Display of an airman agency certificate shall be made upon the reasonable request of any person.

§ 50.21–1 *Display (CAA policies which apply to § 50.21).* An airman agency flight or ground school will be furnished with an airman agency certificate which will be forwarded to the applicant upon approval of his application or upon renewal of his airman agency certificate. This certificate should be displayed or kept in the file for reference and be made available upon the reasonable request of any person. This certificate, currently designated as Form ACA–390, is the legal basis for school operation as an approved airman agency.

CAR 50.22 *Duration.* An airman agency certificate shall expire 24 calendar months after the month of issuance.

§ 50.22–1 *Duration (CAA policies which apply to § 50.22).* An airman agency certificate will expire 24 months after the month of issuance. However, the holder may apply for renewal 60 days prior to expiration. See sample Air Agency Certificate, Form ACA–390, contained in Appendix A (Forms).[1]

CAR 50.23 *Renewal.* Application for renewal of an airman agency certificate shall be made on a form furnished by the Administrator and may be mailed or presented to any inspector within 60 days prior to the month of expiration.

§ 50.23–1 *Renewal (CAA policies which apply to § 50.23).* Application for renewal will be made on Form ACA–387, Application for Airman Agency Certificate and Rating, and Inspection Report. It is the holder's responsibility to secure the renewal of his airman agency certificate. Arrangements for this may be made through the local Aviation Safety Agent. An airman agency certificate may be renewed at any time within 60 days prior to the date of expiration. An expired air agency certificate may not be reinstated. In such instances, original certificate procedures will be observed. This will include the assignment of a new certificate number.

CAR 50.24 *Transfer.* An airman agency certificate is not transferable.

§ 50.24–1 *Change in ownership (CAA policies which apply to § 50.24).* (a) *Change in ownership.* The certificate becomes invalid whenever a change in the ownership of the airman agency occurs. In such cases, the new owner should submit Form ACA–387, Application for Airman Agency Certificate and Rating, and Inspection Report, which will be processed as original issuance. Upon approval of the application, a new air agency certificate, with a new number and bearing the approval date of the new application, will be issued by the regional office involved.

(b) *Change in operating control.* Whenever there is a change in the operating control of an airman agency, a spot inspection will be conducted to determine that the agency continues to meet the requirements of this part.

§ 50.24–2 *Change of name (without change in ownership) (CAA policies which apply to § 50.24).* A change of name of an airman agency, without a change of ownership, does not invalidate the air agency certificate. However, such a change will be reported immediately on Form ACA–387 by the owner to the local Aviation Safety Agent. A new air agency certificate will be issued containing the old certificate number, the new name, and the ratings issued.

CAR 50.25 *Surrender.* Upon the suspension, revocation, termination, or cancellation of an airman agency certificate the holder thereof shall surrender such certificate to an authorized representative of the Administrator.

§ 50.25–1 *Surrender (CAA policies which apply to § 50.25).* (a) An air agency certificate can be rendered invalid only through suspension, revocation, expiration, or cancellation. In such cases, the air agency certificate will be surrendered by the holder.

(b) Voluntary surrender of an air agency certificate may be effected by the holder submitting a letter stating that the certificate has been voluntarily surrendered, together with the latest issuance of the air agency certificate.

CAR 50.26 *Quality of instruction.* The quality of instruction shall be such that at least 80 percent of the students who apply within 60 days after graduation will be able to qualify for pilot ratings appropriate to the curriculum from which they were graduated.

§ 50.26–1 *Quality of instruction (CAA policies which apply to § 50.26).* (a) *Student flight checks.* The holder of an air agency certificate will, upon request of the local CAA Aviation Safety District Office, submit students for flight proficiency checks. These checks are intended to determine the quality of instruction and adequacy of curriculum. Under normal circumstances approximately 10 percent of all approved school students will be spot checked by the local CAA Aviation Safety Agent after they have completed at least 50 percent of the flight curriculum. The flight test for the pilot certificate, appropriate to the curriculum from which the student has graduated, may be substituted for the above spot check provided such flight test is conducted by an Aviation Safety Agent.

In order to facilitate scheduling of these spot checks, the Air Agency will notify the local CAA Aviation Safety District Office, the names of all students they expect to graduate. This notice will be submitted in writing at least 15 days in advance of the date on which the graduation certificate is to be issued.

(b) *Air agency activity report.* The holder of an air agency certificate will furnish to the CAA an air agency activity report (Form ACA–1784). This report will contain: name of student, date of graduation and date and results of CAA written examination or flight test as required to qualify for pilot ratings appropriate to the curriculum from which the individual student was graduated. This form is used to record and analyze the performance of individual flying and ground schools and to insure compliance with the requirements of this part.

Entries should reflect only the results of the CAA written examination or flight test on which the student was examined within 60 days following graduation. The following certificate should appear on the form: "I certify that the information contained herein is true and correct to the best of my knowledge." This certificate will be dated and signed by an authorized official of the agency and will bear his title. Two copies of this report will be submitted to the local Aviation Safety District Office as soon as the agency has reports on 32 students, or at least once every 6 months.

CAR 50.27 *Student examinations.* Upon the completion of each subject included in an approved curriculum, each student taking the subject shall be given an appropriate examination. The student's written examination, or, in the case of a practical examination, a report thereof, shall be kept by the school for not less than 1 year from the date of the termination of the student's enrollment.

§ 50.27–1 *Student examinations. (CAA interpretations which apply to § 50.27).* The holder of an airman agency certificate must devise and administer appropriate written or practical examinations to each student upon completion of each course covered in the approved curriculum. Further, the school must maintain, for not less than

[1] Not filed with the Federal Register Division.

one year from the date of the termination of the students' enrollment, a copy of the students' written examinations; in the case of a practical examination, a report of the examiner's findings must become a part of the file.

CAR 50.28 *Records.* The school shall keep an accurate individual record of each student, which shall include a chronological log of all instruction, attendance, subjects covered, examinations, and examination grades. The entire record shall be certified by an authorized official of the school.

§ 50.28–1 *Records (CAA policies which apply to § 50.28.* The school will keep a current record of each student's activity during course enrollment. Upon course completion or graduation, the entire record or file will be certified by an authorized representative of the school. This student file folder will be retained for a period of one year and made available for inspection upon reasonable request by an authorized representative of the Administrator. See sample forms in Appendix B.[1]

CAR 50.29 *Graduation certificates.* A graduation certificate on the form prescribed by the Administrator shall be given each student graduated from a certificated airman agency school.

§ 50.29–1 *Graduation certificates (CAA rules which apply to § 50.29).* A Graduation Certificate shall be issued on Form ACA–391. It may be obtained from the local Aviation Safety Agent and, in addition to other pertinent data, shall reflect the grades obtained by the individual student on the written or practical examination conducted by the school.

CAR 50.30 *Inspection.* Upon reasonable request, an applicant for an airman agency certificate, or the holder of such a certificate, shall permit any authorized representative of the Administrator or the Board to inspect its personnel, facilities, equipment, and records.

§ 50.30–1 *Inspection (CAA policies which apply to § 50.30).* At varying intervals it will be necessary for the local Aviation Safety Agent to spot check, reinspect, or examine each operation, including the students, instructors, facilities, equipment, etc. It is anticipated that the arrangements for these inspections will be made on a mutually cooperative basis and that the examining agent will minimize the interruption to normal training schedules.

CAR 50.31 *Curriculum changes.* Changes in an approved curriculum shall not be made without filing immediate notification of such changes with the Administrator. Unless the school is notified to the contrary within 45 days after filing the proposed changes with the Administrator, they will be considered approved.

§ 50.31–1 *Curriculum changes (CAA interpretations which apply to § 50.31).* An approved airman agency must notify the local Aviation Safety Agent of any proposed changes in any approved curriculums and should the agent request it, forward the altered curriculum in duplicate. Until rejection or approval is received, the altered curriculum cannot be utilized. This action must be completed within the 45 days prescribed above.

CAR 50.32 *Maintenance of facilities, equipment, and material.* A certificated airman agency shall maintain personnel, facilities, and equipment at least equal in quality and quantity to those required for the issuance of such a certificate.

CAR 50.33 *Advertising.* No certificated airman agency shall make any statement pertaining to the school which is false, or which is designed to mislead any person contemplating enrollment in the school. Any advertising which indicates that the school is approved by the Administrator shall clearly differentiate between those courses which have been approved by the Administrator and those which have not.

§ 50.33–1 *Advertising (CAA policies which apply to § 50.33).* It is necessary that any airman agency accompany the use of their airman agency number with their pertinent ratings on any form, correspondence, or advertising.

CAR 50.34 *Change of location.* No change in a location of an approved airman agency shall be made without the prior written approval of the Administrator.

§ 50.34–1 *Change of location (CAA policies which apply to § 50.34).* A change in location of an airman agency, without a change of ownership, does not invalidate the air agency certificate. However, the intent to make such a change will be reported on Application for Airmen Agency Certificate and Rating, and Inspection Report (Form ACA–387) by the owner to the local Aviation Safety Agent. Upon receipt of such notification the local Aviation Safety Agent will signify approval or disapproval in the space provided on this form. As soon thereafter as is practical, an inspection of the facilities at the new location will be made and the remainder of the form completed. If the results of this inspection are satisfactory, a new airman agency certificate will be issued containing the old certificate number, the new location, the ratings issued, and the date of reinspection. In the event that the results of this inspection are not satisfactory, immediate action should be taken to eliminate the deficiencies or steps will be taken to revoke the certificate.

(Sec. 205, 52 Stat. 948, as amended; 49 U. S. C. 425. Interpret or apply sec. 601, 602, 607, 52 Stat. 1007, 1008, 1011, as amended; 49 U. S. C. 551, 552, 557)

These rules, policies and interpretations shall become effective August 1, 1951.

[SEAL] F. B. LEE,
Acting Administrator of Civil Aeronautics.

TITLE 24—HOUSING AND HOUSING CREDIT

Chapter VIII—Office of Housing Expediter

[Controlled Housing Rent Reg., Amdt 387]

[Controlled Rooms in Rooming Houses and Other Establishments Rent Reg., Amdt. 382]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

MAINE

Amendment 387 to the Controlled Housing Rent Regulation (§§ 825.1 to 825.12) and Amendment 382 to the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments (§§ 825.81 to 825.92). Said regulations are amended in the following respects:

1. Schedule A, Item 138, is amended to read as follows:

Name of defense rental area	State	County or counties under rent regulation	Maximum rent date	Effective date of regulation	Date by which registration statements to be filed
(138) Presque Isle.	Maine.....	In Aroostook County, the towns of Ashland, Caribou, Easton, Fort Fairfield, Limestone, Mapleton, Mars Hill, Presque Isle, Van Buren, Washburn and Westfield, the plantations of Caswell and Hamlin, and the city of Presque Isle.	Mar. 1, 1942	Dec. 1, 1942	Jan. 15, 1943

This recontrols the Towns of Ashland, Caribou, Easton, Fort Fairfield, Limestone, Mapleton, Mars Hill, Presque Isle, Van Buren, Washburn and Westfield, the Plantations of Caswell and Hamlin, and the City of Presque Isle in Aroostook County, Maine, portions of the Presque Isle, Maine, Defense-Rental Area, which Defense-Rental Area was heretofore decontrolled as of September 13, 1949.

2. A new item is hereby incorporated in Schedule B to read as follows:

87. *Provisions relating to the recontrol of the Towns of Ashland, Caribou, Easton, Fort Fairfield, Limestone, Mapleton, Mars Hill, Presque Isle, Van Buren, Washburn and Westfield, the Plantations of Caswell and Hamlin, and the City of Presque Isle in Aroostook County, Maine, portions of the Presque Isle, Maine, Defense-Rental Area.* Effective July 18, 1951, the provisions of §§ 825.1 to 825.12 and 825.81 to 825.92 shall apply to housing accommodations in the Towns of Ashland, Caribou, Easton, Fort Fairfield, Limestone, Mapleton, Mars Hill, Presque Isle, Van Buren, Washburn and Westfield, the Plantations of Caswell and Hamlin, and the City of Presque Isle in Aroostook County, Maine, portions of the Presque Isle, Maine, Defense-Rental Area, except as modified by the following provisions:

a. All orders in effect on September 12, 1949, in accordance with § 825.1 to 825.12 or § 825.81 to 825.92, shall be in full force and effect.

b. If, on July 18, 1951, there was a ground for adjustment under § 825.5 (a) or § 825.85 (a) for which no order had previously been issued, and a petition for adjustment is filed on or before August 17, 1951, the adjustment shall be effective as of July 18, 1951.

c. If, on July 18, 1951, the services provided with any housing accommodations are less than the minimum required by § 825.3 or § 825.83, the landlord shall either restore and maintain such minimum services or file a petition on or before August 17, 1951, requesting approval of the decreased services. If, on July 18, 1951, the furniture, furnishings or equipment provided with any housing accommodations are less than the minimum required by § 825.3 or § 825.83, the landlord shall file, on or before August 17, 1951, a written report showing the decrease in furniture, furnishings, or equipment. Except as modified by this paragraph "c", the provisions of §§ 825.5 (b) and 825.85 (b) shall be applicable to all such cases.

d. In the case of any action which on July 18, 1951, was required or authorized by §§ 825.1 to 825.12 or §§ 825.81 to 825.92 to be taken within a specified period of time, the same time period shall be applicable but such time period shall be counted from July 18, 1951.

e. The provisions of §§ 825.6 and 825.86 shall not apply to any case in which judgment was entered prior to July 18, 1951 by a court of competent jurisdiction for the eviction or removal of a tenant from housing accommodations.

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup. 1894.)

This amendment shall become effective July 18, 1951.

Issued this 13th day of July 1951.

TIGHE E. WOODS,
Housing Expediter.

[F. R. Doc. 51–8227; Filed, July 17, 1951; 8:52 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[General Ceiling Price Regulation, Supp. Reg. 41]

GCPR, SR 41—ADJUSTMENT OF CEILING PRICES FOR BROWN IRON ORE PRODUCED IN THE STATE OF GEORGIA

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Supplementary Regulation 41 to the General Ceiling Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

This supplementary regulation to the General Ceiling Price Regulation increases the ceiling prices for brown iron ore produced in the State of Georgia by 2 cents per long dry unit.

Brown iron ore occurs in the State of Georgia in pockets, veins, and streaks and is mined principally through stripping operations. It is a relatively rich ore, containing anywhere from 45 to 55 percent iron as compared to an average iron content of 35 percent for the red ores produced in Alabama. Georgia brown ore also contains considerably more manganese than the red ores and this further enhances its value. The companies which produce brown ore are small and because of the sporadic nature of the deposits, their operating costs are relatively high, involving considerable exploration, stripping, and washing expense.

Georgia brown ore is consumed by the pig iron producers and steel mills in the Birmingham district who use it in conjunction with the red ore extracted from their own mines and thus increase the iron content of the materials charged into their blast furnaces with a consequent increase in pig iron production. Under ordinary circumstances, Georgia brown ore is only a supplementary raw material for these consumers and in the past they have reduced and even discontinued their purchases when the output of their own mines was sufficient to meet their needs. Because of this variable demand, the mining of brown ore has been an intermittent operation and producers have attempted to get by with as little repair and replacement of equipment as possible.

The defense program, however, has resulted in a shortage of iron ore and producers of Georgia brown ore are being asked to increase their output to meet this need. In order to expand their production, these producers will have to incur considerable expense in replacing and renewing their equipment and facilities and will have to undertake additional exploration programs.

On April 17, 1951, five companies which produce about 56 percent of the brown ore mined in Georgia filed a petition for amendment of the General Ceiling Price Regulation requesting that their ceiling prices be increased by 3 cents per long dry unit. In support of their request, the petitioners furnished information showing that their production costs have risen sharply since the pre-Korea period while their prices have risen only slightly. From the data submitted, it appears that during the calendar quarter ending June 30, 1950, these five companies had total costs of $3.03 per ton, a net realization of $3.60 per ton, and a net profit of $0.57 per ton. Their operations for the first quarter of 1951, however, resulted in total costs of $3.87 per ton, a net realization of $3.51, and a net loss of $0.36 per ton. The first quarter of the year is a period of relatively low production and in order to give a more accurate picture of current operations, petitioners submitted an estimate of operations for the second quarter of 1951 calculated by adjusting their figures for the second quarter of 1950 to reflect changes in costs since the end of that period. This estimate showed costs of $3.62 per ton, a net realization of $3.60, and a net loss of $0.02 per ton. The information submitted, however, did not take into account an increase in price of ¼ cent per long dry unit (equal to about $0.11 cents per ton on the average) which occurred late in 1950 and it appears that a net profit of $0.09 cents per ton more correctly states the anticipated result of operation in the period in question.

After consideration of the information submitted, the Director of Price Stabilization has granted an increase of $0.02 per long dry unit (about $0.85 per ton on the average) in the ceiling prices for brown iron ore produced in the State of Georgia. Although the data submitted by the petitioners indicates that this action will enable producers to obtain an average margin of about $0.95 per ton, it appears that there have been cost increases since such data was compiled and the actual margin earned under the new ceiling prices will be lower than that thus indicated. It is recognized that this actual margin will be somewhat above the margin which was obtained in the calendar quarter preceding the Korean outbreak, but it has been determined that the relief granted is necessary to encourage the producers involved to repair and replace their worn out equipment and facilities and to undertake the additional exploration needed to increase their output.

In the judgment of the Director of Price Stabilization, the provisions of this supplementary regulation are generally fair and equitable and are necessary to effectuate the purpose of Title IV of the Defense Production Act of 1950.

In promulgating this supplementary regulation the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950; to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive; and to relevant factors of general applicability.

REGULATORY PROVISIONS

Sec.
1. What this supplementary regulation does.
2. Adjustment in ceiling prices.
3. Miscellaneous.

AUTHORITY: Sections 1 to 3 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong.; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.

SECTION 1. *What this supplementary regulation does.* This supplementary regulation increases ceiling prices for brown iron ore produced in the State of Georgia.

SEC. 2. *Adjustment in ceiling prices.* If you are a seller of brown iron ore produced in the State of Georgia, your ceiling price is the ceiling price determined in accordance with the General Ceiling Price Regulation plus $0.02 per long dry unit.

SEC. 3. *Miscellaneous.* Any person subject to this supplementary regulation shall be subject to all provisions of the General Ceiling Price Regulation which are not inconsistent with the provisions of this regulation, including but not limited to, the enforcement and penalty provisions thereof, and the requirement of keeping on file for inspection a statement of his ceiling prices.

Effective date. This supplementary regulation to the General Ceiling Price Regulation shall become effective July 17, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 17, 1951.

[F. R. Doc. 51–8317; Filed, July 17, 1951; 10:08 a. m.]

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard, Department of the Treasury

Subchapter K—Security of Vessels

[CGFR 51-32]

PART 121—SECURITY CHECK AND CLEARANCE OF MERCHANT MARINE PERSONNEL

REQUIREMENTS FOR DOCUMENTS BEARING SECURITY CLEARANCE INDORSEMENT

Pursuant to the authority of 33 CFR 6.10-3, in Executive Order No. 10173 (15 F. R. 7007), the Commandant may require that all licensed officers and certificated men employed on other than exempted designated categories of merchant vessels of the United States be holders of specially validated documents. The purpose of the following new regulation, designated as § 121.16 (b), is to require that all persons employed on merchant vessels of the United States of 100 gross tons and upwards engaged in (1) the foreign trade, or (2) the intercoastal trade, or (3) engaged in the coastwise trade to Alaska or the Hawaiian Islands, shall be holders of specially validated documents as a condition precedent to employment thereon. This is the second of series of similar requirements covering the categories of vessels listed in 33 CFR 121.02 (16 F. R. 817). Since the security interests of the United States call for the aforesaid application of the provisions of 33 CFR 6.10-3 at the earliest practicable date and because of the national emergency declared by the President, it is found that compliance with the notice of proposed rule making, public rule making procedure thereon, and effective date requirements of the Administrative Procedure Act is impracticable and contrary to the public interest.

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Executive Order No. 10173, the following regulation is prescribed which shall become effective on and after September 1, 1951:

Section 121.16 is amended by adding a new paragraph (b), reading as follows:

§ 121.16 *Requirements for documents bearing security clearance indorsement.*

* * *

(b) On and after September 1, 1951, all persons employed on merchant vessels of the United States of 100 gross tons and upwards engaged in (1) the foreign trade, or (2) the inter-coastal trade, or (3) the coastwise trade to Alaska or the Hawaiian Islands, shall be required as a condition of employment to be in possession of a document bearing a special validation indorsement for emergency service prior to acceptance of employment as members of crews of such vessels. The issuance of documents bearing security clearance shall be in the form and manner prescribed by § 121.15.

(40 Stat. 220, as amended; 50 U. S. C. 191. E. O. 10173, Oct. 18, 1950, 15 F. R. 7005; 3 CFR, 1950 Supp.)

Dated: July 12, 1951.

[SEAL] MERLIN O'NEILL,
Vice Admiral, U. S. Coast Guard, Commandant.

[F. R. Doc. 51-8104; Filed, July 17, 1951; 8:49 a. m.]

TITLE 36—PARKS, FORESTS, AND MEMORIALS

Chapter I—National Park Service, Department of the Interior

PART 3—NATIONAL CAPITAL PARKS REGULATIONS

MAKING FALSE REPORTS TO U. S. PARK POLICE

Part 3 is amended by adding a new § 3.47, reading as follows:

§ 3.47 *Making false reports to the United States Park Police.* Any person who shall make or cause to be made to the United States Park Police or to any officer or member thereof, a false or fictitious report of the commission of any criminal offense within any area administered by the Office of National Capital Parks, or a false or fictitious report of any other matter or occurrence of which said United States Park Police is required to receive reports or in connection with which said United States Park Police is required to conduct an investigation, knowing such report to be false or fictitious, or shall communicate or cause to be communicated to the said United States Park Police or any officer or member thereof any false information concerning the commission of any criminal offense within any area administered by the Office of National Capital Parks, or concerning any other matter or occurrence of which said United States Park Police is required to receive reports, or in connection with which said United States Park Police is required to conduct an investigation, knowing such information to be false, shall be punished as provided in § 3.5.

(Sec. 6, 30 Stat. 571, sec. 3, 39 Stat. 535, as amended; 8 D. C. Code 143, 16 U. S. C. 3)

Issued this 12th day of July 1951.

OSCAR L. CHAPMAN,
Secretary of the Interior.

[F. R. Doc. 51-8165; Filed, July 17, 1951; 8:45 a. m.]

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 34—CLASSIFICATION AND RATES OF POSTAGE

POST OFFICES IN CAROLINE, MARSHALL, AND MARIANA ISLANDS; POSTAGE RATES AND CONDITIONS APPLICABLE TO MAIL

Amend Part 34, Classification and Rates of Postage (39 CFR Part 34), by the addition of a new § 34.97 to read as follows:

§ 34.97 *Post offices in the Caroline, Marshall, and Mariana Islands; postage rates and conditions applicable to mail.* (a) The domestic postage rates and conditions, both for surface and air mail, are applicable to matter sent to or from the following post offices established in the Caroline, Marshall, and Mariana Islands:

Majuro, Marshall Islands.
Saipan, Mariana Islands.
Ponape, Caroline Islands.
Truk, Caroline Islands.
Koror, Caroline Islands.
Yap, Caroline Islands.

(b) The eighth zone rates apply to fourth-class (parcel post) surface mail and to air parcel post mail sent to, from or between these islands and the United States or its territories and possessions.

(c) Domestic matter mailed from or addressed for delivery in these islands may be accepted for registration or insurance but no c. o. d. service will be available.

(R. S. 161, 396, 3829, 3964, 3965, secs. 304, 309, 42 Stat. 24, 25, sec. 1007 (a), 52 Stat. 1027, 61 Stat. 397, 3301; 5 U. S. C. 22, 369; 22 U. S. C. 287; 39 U. S. C. 1, 481, 483)

[SEAL] J. M. DONALDSON,
Postmaster General.

[F. R. Doc. 51-8166; Filed, July 17, 1951; 8:45 a. m.]

PART 127—INTERNATIONAL POSTAL SERVICE: POSTAGE RATES, SERVICE AVAILABLE AND INSTRUCTIONS FOR MAILING

FINLAND

Correction

The amendment in Federal Register Document 51-8069, published on page 6802, Saturday, July 14, 1951, should read as follows:

In § 127.251 *Finland*, as amended (15 F. R. 6474, 6597), amend subdivision (ii) of paragraph (b) (3a) by striking out "3,000 Finnish marks" and by inserting in lieu thereof "5,000 Finnish marks".

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter F—Alaska Commercial Fisheries

PART 109—COOK INLET AREA

TOTAL AGGREGATE LENGTH OF GILL NETS

Basis and purpose. On the basis of observations and reports of field representatives of the Fish and Wildlife Service, it has been determined that the increase this year in the number of drift gill net boats fishing in the waters of Cook Inlet is endangering the required escapement of salmon to the spawning grounds and the fishing intensity must be reduced.

As the fishing season is underway it is necessary that the imposition of the restriction in gear be effective as soon as possible.

Effective immediately § 109.7 *Total aggregate length of gill nets* is amended by deleting "200 fathoms" and substituting in lieu thereof "150 fathoms."

(Sec. 1, 43 Stat. 464, as amended; 48 U. S. C. 221)

M. C. JAMES,
Acting Director.

[F. R. Doc. 51-8164; Filed, July 17, 1951; 8:45 a. m.]

PROPOSED RULE MAKING

INTERSTATE COMMERCE COMMISSION

[49 CFR Part 205]

ANNUAL REPORTS OF CLASS I MOTOR CARRIERS OF PROPERTY

NOTICE OF PROPOSED RULE MAKING

JULY 9, 1951.

The Commission, having under consideration the matter of freight commodity statistics for Class I Motor Carriers of Property pursuant to authority of section 220 (d) of the Interstate Commerce Act, has approved the inclusion in Motor Carrier Annual Report Form A (§ 205.1) of a new schedule to show information relating to truckload shipments by commodity groups, effective for the year 1952. The commodity classes and groups are those prescribed for and now reported by steam railroads, water carriers, and electric railroads.

The new schedule will provide for reporting by prescribed commodity groups and classes, information regarding intercity truckload traffic originated and terminated by all common and contract carriers except that includible in lines 2, 7, 10, 12, 15, and 17 of schedule 9004 of the Motor Carrier Annual Report Form A; i. e., (a) household goods, (b) dump trucking, (c) armored truck service, (d) films and associated commodities, (e) retail store delivery, and (f) specific commodities not subgrouped in the schedule, as follows:

1. Revenue freight originated:
   (a) Terminating with carrier:
      Number of shipments.
      Number of tons (2,000 pounds).
      Freight revenue.
   (b) Delivered to another motor carrier:
      Number of shipments.
      Number of tons (2,000 pounds).
      Freight revenue.
2. Revenue freight received from another motor carrier:
   (a) Terminating with carrier:
      Number of shipments.
      Number of tons (2,000 pounds).
      Freight revenue.
   (b) Delivered to another motor carrier:
      Number of shipments.
      Number of tons (2,000 pounds).
      Freight revenue.
3. Total truckload revenue freight:
      Number of shipments.
      Number of tons (2,000 pounds).
      Freight revenue.

For the purpose of this schedule a truckload shipment shall mean any shipment of not less than 10,000 pounds of a single commodity represented by one of the classes of the Commission's freight commodity classification or any subdivision of such classes which moves on a single bill of lading. It is recognized that more than one shipment of 10,000 pounds will at times move in the same truck but, in compiling the data, each such shipment will be treated as a truckload shipment. Truckload shipments received from or delivered to a carrier other than a motor carrier shall be classified as originating and terminating, respectively, with the reporting carrier.

Any interested party may on or before August 15, 1951, file with the Commission a written statement of reasons why freight commodity statistics should not be included in the Motor Carrier Annual Report Form A, and may request oral argument if desired.

Unless modifications are found necessary after full consideration of the matter and of all representations respecting it, the classification of all truckload shipments will be required according to the attached list of groups and classes of commodities.

[SEAL] W. P. BARTEL,
Secretary.

LIST OF COMMODITY GROUPS AND CLASSES

GROUP I—PRODUCTS OF AGRICULTURE

Class
1. Wheat.
3. Corn.
5. Sorghum grains.
7. Oats.
9. Barley and rye.
11. Rice.
13. Grain, n. o. s.
15. Flour, wheat.
17. Meal, corn.
19. Flour, edible, n. o. s.
21. Cereal food preparations, n. o. s.
23. Mill products, n. o. s.
25. Hay.
27. Straw.
29. Tobacco, unmanufactured.
31. Tobacco siftings, sweepings, and waste.
33. Cotton in bales.
35. Cotton linters, nolls, and regins.
37. Cottonseed.
39. Cottonseed oil cake and meal.
41. Cottonseed hulls and bran.
43. Soybeans.
45. Soybean oil cake and meal.
47. Vegetable and nut oil cake and meal, n. o. s.
49. Apples, fresh, not frozen.
51. Bananas, fresh.
53. Berries, fresh, not frozen.
55. Cantaloupes and melons, n. o. s.
57. Grapes, fresh.
59. Lemons, limes, and citrus fruits, n. o. s.
61. Oranges and grapefruit.
63. Peaches, fresh, not frozen.
65. Pears, fresh, not frozen.
67. Watermelons.
69. Fruits, fresh, n. o. s., not frozen.
71. Fruits, dried, dehydrated, and evaporated, n. o. s.
73. Fruits and berries, fresh, frozen.
75. Coffee.
77. Cabbage.
79. Celery.
81. Lettuce.
83. Onions, dry.
85. Potatoes, other than sweet.
87. Tomatoes.
89. Vegetables, fresh, n. o. s., not frozen.
91. Beans and peas, dried.
93. Vegetables, dried, dehydrated, and evaporated, n. o. s.
95. Vegetables, fresh frozen.
97. Peanuts.
101. Sugar beets.
103. Malt, n. o. s.
105. Flaxseed.
107. Seeds, n. o. s.
199. Products of agriculture, n. o. s.
(900) Total products of agriculture.

GROUP II—ANIMALS AND PRODUCTS

201. Horses, mules, ponies, and asses.
203. Cattle and calves, single-deck.
205. Calves, double-deck.
207. Sheep and goats, single-deck.
209. Sheep and goats, double-deck.
211. Swine, single-deck.
213. Swine, double-deck.
215. Meats, fresh, n. o. s.

LIST OF COMMODITY GROUPS AND CLASSES—Continued

GROUP II—ANIMALS AND PRODUCTS—continued

Class
217. Meats, cooked, cured, dried, and smoked.
219. Packing house products, edible, n. o. s.
221. Margarine, n. o. s.
223. Poultry, live.
225. Poultry, dressed and frozen.
227. Eggs.
229. Butter.
231. Cheese.
233. Dairy products, n. o. s.
235. Wool and mohair in grease.
237. Wool and mohair, n. o. s.
239. Hides, skins, and pelts, n. o. s.
241. Leather, n. o. s.
243. Sea food, n. o. s.
245. Fish and sea animal oil.
299. Animals and products, n. o. s.
(910) Total animals and products.

GROUP III—PRODUCTS OF MINES

301. Anthracite coal, n. o. s.
303. Anthracite coal to breakers and washeries.
305. Bituminous coal.
307. Coke.
309. Iron ore.
311. Aluminum ore and concentrates.
313. Copper ore and concentrates.
315. Lead ore and concentrates.
317. Zinc ore and concentrates.
319. Ores and concentrates, n. o. s.
321. Barytes.
323. Clay and bentonite.
325. Sand, industrial.
327. Gravel and sand, n. o. s.
329. Stone and rock: broken, ground, and crushed.
331. Fluxing stone and raw dolomite.
333. Stone, rough, n. o. s.
335. Stone, finished, n. o. s.
337. Petroleum, crude.
339. Asphalt.
341. Salt.
343. Phosphate rock.
345. Sulphur.
399. Products of Mines, n. o. s.
(920) Total products of mines.

GROUP IV—PRODUCTS OF FORESTS

401. Logs, butts, and bolts.
403. Posts, poles, and piling, wooden.
405. Wood, fuel.
407. Ties, railroad.
409. Pulpwood.
411. Lumber, shingles, and lath.
413. Box, crate, and cooperage materials.
415. Veneer, plywood, and built-up wood.
417. Rosin and turpentine.
499. Products of forests, n. o. s.
(930) Total products of forests.

GROUP V—MANUFACTURES AND MISCELLANEOUS

501. Gasoline.
503. Fuel, road, and petroleum residual oils, n. o. s.
505. Lubricating oils and greases.
507. Petroleum products, refined, n. o. s.
509. Gases, other than petroleum, n. o. s.
511. Cottonseed oil.
513. Linseed oil.
515. Soybean oil.
517. Vegetable and nut oils, n. o. s.
519. Oils, n. o. s.
521. Oils foots, sediment, and tank bottoms.
523. Rubber, crude, natural, and synthetic.
525. Rubber goods, n. o. s.
527. Chemicals, n. o. s.
529. Sulphuric Acid.
531. Acids, n. o. s.
533. Sodium (soda) products.
535. Alcohol, n. o. s.
537. Blacks, n. o. s.
539. Fertilizers, n. o. s.
541. Insecticides and fungicides, n. o. s.
543. Tar, pitch, and creosote.

LIST OF COMMODITY GROUPS AND CLASSES—Continued

GROUP V—MANUFACTURES AND MISCELLANEOUS—continued

Class
545. Tanning material, n. o. s.
547. Paint, paint material, putty, and varnish.
549. Plastics.
551. Cellulose articles, n. o. s.
553. Drugs, medicines, and toilet preparations.
555. Aluminum: Bar, Ingot, Pig, and Slab.
557. Aluminum, n. o. s.
559. Copper: Ingot, Matte, and Pig.
561. Copper, Brass, and Bronze, n. o. s.
563. Lead and Zinc: Bar, Ingot, and Pig.
565. Lead and Zinc, n. o. s.
567. Magnesium metal and alloy.
569. Alloys for steel manufacture.
571. Metals and alloys, n. o. s.
573. Iron, pig.
575. Iron and steel: billet, bloom, and ingot.
577. Iron and steel: bar, rod, and slab.
579. Iron and steel, n. o. s.
581. Iron and steel nails and wire (woven and not woven) n. o. s.
583. Manufactured iron and steel.
585. Cast iron pipe and fittings.
587. Iron and steel pipe and fittings, n. o. s.
589. Tanks, n. o. s.
591. Agricultural implements, n. o. s.
593. Agricultural implement parts, n. o. s.
595. Machinery and machines, n. o. s.
597. Machinery parts.
601. Business and office machines, n. o. s.
603. Railway equipment moved on own wheels.
605. Railway equipment, s. u., not moved on own wheels.
607. Railway equipment parts.
609. Rails and railway track material, iron and steel.
611. Vehicles, other than motor.
613. Automobiles, passenger.
615. Automobiles, freight.
617. Vehicles, motor, n. o. s.
619. Military vehicles, n. o. s.
621. Automobiles and autotrucks, k. d.
623. Vehicle parts, n. o. s
625. Airplanes, aircraft, and parts.
627. Tires and tubes, rubber.
629. Guns, small arms, and parts, n. o. s.
631. Ammunition and explosives.
633. Cement: natural and Portland.
635. Cement, n. o. s.
637. Brick, common.
639. Brick, n. o. s., and building tile.
641. Refractories.
643. Artificial stone, n. o. s.
645. Lime, n. o. s.
647. Plaster: stucco and wall.
649. Sewer pipe and drain tile (not metal).
651. Broken or ground brick, blocks, crockery, and glass.
653. Woodpulp.
655. Scrap paper and rags.
657. Newsprint paper.
659. Printing paper, n. o. s.
661. Wrapping paper.
663. Paper bags.
665. Paper and paper articles, n. o. s.
667. Printed matter, n. o. s.
669. Paperboard, fibreboard, and pulpboard.
671. Wallboard.
673. Building paper and prepared roofing materials.
675. Insulating materials, n. o. s.
677. Building woodwork and millwork.
679. Building materials, n. o. s.
681. Buildings and houses, fabricated and portable, n. o. s.
683. Asbestos articles, n. o. s.
685. Electrical equipment and parts, n. o. s.
687. Furnaces, heaters, radiators, and parts.
689. Bathroom and lavatory fixtures and sinks.
691. Hardware, n. o. s.
693. Glass.
695. Glassware, n. o. s.
697. Glass bottles, jars, and packing glasses, n. o. s.
701. Chinaware, crockery, and earthenware.

713. Floor covering.
715. Furniture, n. o. s.
717. Furniture parts.
719. Tools and parts, n. o. s.
721. Abrasives, other than crude.
723. Bagging: burlap, cotton, gunny, and jute, n. o. s.
725. Bags: burlap, cotton, gunny, and jute, n. o. s.
727. Cotton cloth and cotton fabrics, n. o. s.
729. Cotton factory products.
731. Synthetic fibre and yarns (rayon or nylon).
733. Cloth and fabrics, n. o. s.
735. Rope, cordage, and binder twine, n. o. s.
737. Boots, shoes, and findings, n. o. s.
739. Luggage and handbags, n. o. s.
741. Athletic, gymnasium, playground, and sporting equipment, n. o. s.
743. Games and toys.
745. Liquors, alcoholic, n. o. s.
747. Wine.
749. Liquors, malt.
751. Beverages, n. o. s.
753. Ice.
755. Syrup and molasses, refined.
757. Molasses, residual.
759. Sugar.
761. Candy and confectionery.
763. Food products, n. o. s., in cans and packages, not frozen.
765. Food products, n. o. s., frozen.
767. Starch.
769. Soap and cleaning and washing compounds.
771. Matches.
773. Feed, animal and poultry, n. o. s.
775. Manufactured tobacco, n. o. s.
777. Cigarettes.
779. Containers, metal.
781. Containers, wooden.
783. Containers, fibreboard and paperboard, k. d.
785. Containers, n. o. s.
787. Containers, returned empty.
789. Scrap iron and scrap steel.
791. Iron and steel borings, turnings, etc.
793. Furnace slag.
795. Waste materials for remelting, n. o. s.
797. Waste materials, n. o. s.
799. Manufactures and miscellaneous n. o. s.
(940) Total manufactures and miscellaneous.

GROUP VI—FORWARDER TRAFFIC

950. Forwarder traffic.
(960) Grand total truckload traffic.

[F. R. Doc. 51-8063; Filed, July 16, 1951; 8:45 a. m.]

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Part 52]

CANNED BEETS

U. S. STANDARDS FOR GRADES[1]

Notice is hereby given that the United States Department of Agriculture is considering the revision, as herein proposed, of United States Standards for Grades of Canned Beets, pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621 et seq.) and Public Law 70 (82d Cong.; approved July 1, 1951). This revision, if made effective, will be the sixth issue by the Department of grade standards for this product.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed revision should file same, in duplicate, with the Chief, Processed Products Standardization and Inspection Division, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., not later than 30 days after publication hereof in the FEDERAL REGISTER.

The proposed revision is as follows:

§ 52.177 *Canned beets.* "Canned beets" means canned beets as defined in the definitions and standards of identity for canned vegetables (21 CFR, Cum. Supp., 52.990), issued pursuant to the Federal Food, Drug, and Cosmetic Act.

(a) *Styles of canned beets.* (1) "Whole" or "whole beets" means canned beets consisting of whole beets that retain the approximate original conformation of the whole beet.

(2) "Slices" or "sliced beets" means canned beets consisting of slices of beets, irrespective of whether such slices are "corrugated," "fluted," "wavy," or "scalloped."

(3) "Quarters" or "quartered beets" means canned beets consisting of quarters of beets.

(4) "Dice" or "diced beets" means canned beets consisting of diced beets.

(5) "Julienne," "French style," or "shoestring" means canned beets consisting of strips of beets.

(6) "Cut" means canned beets consisting of units, irrespective of whether such units are "segmented" or "wedge-shaped," which are not uniform in size or shape or which do not conform to any of the foregoing styles.

(7) "Unit" means an individual beet or portion of a beet in canned beets.

(b) *Grades of canned beets.* (1) "U. S. Grade A" or "U. S. Fancy" is the quality of canned beets that possess similar varietal characteristics; possess a normal flavor and odor; possess a good color; are practically free from defects; are tender; and possess such uniformity of size and shape as to score not less than 85 points when scored in accordance with the scoring system outlined in this section.

(2) "U. S. Grade C" or "U. S. Standard" is the quality of canned beets that possess similar varietal characteristics; possess a normal flavor and odor; possess a fairly good color; are fairly free from defects; are fairly tender; and possess such uniformity of size and shape as to score not less than 70 points when scored in accordance with the scoring system outlined in this section.

(3) "Substandard" is the quality of canned beets that fail to meet the requirements of U. S. Grade C or U. S. Standard.

(c) *Recommended fill of container.* The recommended fill of container is not incorporated in the grades of the finished product since fill of container, as such, is not a factor of quality for the purpose of these grades. It is recommended that each container be filled as full as practicable with beets without impairment of quality and that the product and packing medium occupy not less than 90 percent of the total capacity of the container.

(d) *Recommended drained weight.* The drained weight recommendations in Table No. I of this paragraph are not incorporated in the grades of the finished product since drained weight, as such, is not a factor of quality for the purpose of these grades. The drained weight of canned beets is determined by emptying the contents of the container upon a No. 8 circular sieve of proper diameter and allowing to drain for 2 minutes. A sieve 8 inches in diameter is used for the No. 2½ size can (401 x 411) and smaller sizes; and a sieve 12 inches in diameter is used for containers larger than the No. 2½ size can.

TABLE NO. I—RECOMMENDED DRAINED WEIGHT, IN OUNCES, OF BEETS

Container size or designation	Whole (size)[1]		Sliced (size)[1]		Diced	Quartered cut	Julienne
	Size No. 1 to 3, incl.	Size No. 4 to 6, incl.	Small	Medium large			
8-ounce Tall	5¾	5¼	5¾	5¼	6	6	5½
No. 1 Picnic	7¼	7	7¼	7	7½	7½	7
No. 303	10½	9½	10¼	9¼	10½	10½	8¾
No. 2	12½	12	12½	12¼	13	13	11
No. 2½	19½	19	19	18½	19½	19	18
No. 10	71	69	71	69	72	72	68
10-ounce glass	10½	9½	9½	9¼	10½	10½	8¾

[1] Assorted sizes and mixed sizes to be based on drained weight for predominant size of individual units.

(e) *Sizes of beets in whole beets.* The size of any beet is determined by measuring the smallest diameter through the center transverse to the longitudinal axis of the beet. The word and number designations of the various sizes of beets in whole beets are shown in Table No. II of this paragraph. Such table also specifies the count range per container for stated container sizes.

TABLE NO. II—SIZES OF BEETS IN WHOLE BEETS

Word designation	Number designation	Count range per container				
		No. 1 picnic	No. 2 can	No. 2½ can	No. 10 can	16 oz. glass
Tiny	Size 1.	25 and over	50 and over	70 and over	250 and over	35 and over.
	Size 2.	18 to but not including 25.	35 to but not including 50.	50 to but not including 70.	175 to but not including 250.	25 to but not including 35.
Small	Size 3.	12 to but not including 18.	25 to but not including 35.	35 to but not including 50.	125 to but not including 175.	18 to but not including 25.
	Size 4.	8 to but not including 12.	15 to but not including 25.	20 to but not including 35.	75 to but not including 125.	10 to but not including 18.
Medium	Size 5.	5 to but not including 8.	10 to but not including 15.	15 to but not including 20.	50 to but not including 75.	7 to but not including 10.
Assorted sizes,[1] Mixed sizes,[2]	Size 6.	Less than 5	Less than 10	Less than 15	Less than 50	Less than 7.

[1] Assorted sizes is a combination of any two adjacent sizes.
[2] Mixed sizes is a combination of more than two adjacent sizes.

(f) *Sizes of beet slices in sliced beets.* The size of any slice in sliced beets is determined by measuring the smallest diameter of the largest surface of the slice. The word designation of the various sizes of slices in sliced beets is shown in Table No. III of this paragraph.

TABLE NO. III—SIZES OF SLICES IN SLICED BEETS

Word designation	Smallest diameter in inches
Small	Less than 2 inches.
Medium	From 2 inches up to but not including 2½ inches.
Large	Not less than 2½ inches.
Assorted sizes,[1] Mixed sizes,[2]	

[1] Assorted sizes is a combination of any two adjacent sizes.
[2] Mixed sizes is a combination of all designated sizes.

(g) *Ascertaining the grade.* (1) The grade of canned beets may be ascertained by considering, in conjunction with the requirements of the respective grade, the respective ratings of the factors of color, uniformity of size and shape, absence of defects, and texture.

(2) The relative importance of each factor which is scored is expressed numerically on the scale of 100. The maximum number of points that may be given each such factor is:

Factors:	Points
(i) Color	25
(ii) Uniformity of size and shape	15
(iii) Absence of defects	30
(iv) Texture	30
Total score	100

(3) "Normal flavor and normal odor" means that the canned beets are free from objectionable flavor and objectionable odors of any kind.

(h) *Ascertaining the rating for the factors which are scored.* The essential variations within each factor which is scored are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor which is scored is inclusive (for example, "12 to 15 points" means 12, 13, 14, or 15 points).

(1) *Color.* (i) Canned beets that possess a good color may be given a score of 21 to 25 points. "Good color" means that the canned beets possess a color that is uniform, bright, and typical of canned beets produced from beets of similar varietal characteristics.

(ii) If the canned beets possess a fairly good color, a score of 18 to 20 points may be given. Canned beets that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly good color" means that the canned beets possess a color that is typical of canned beets produced from beets of similar varietal characteristics and such color may be variable or slightly dull.

(iii) Canned beets that fail to meet the requirements of subdivision (ii) of this subparagraph may be given a score of 0 to 17 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

(2) *Uniformity of size and shape.* (i) Canned beets that are practically uniform in size and shape may be given a score of 12 to 15 points. "Practically uniform in size and shape" has the following meanings with respect to the various styles of canned beets:

(a) *Whole beets.* The size of the individual beet is not more than 2¼ inches in diameter, measured as aforesaid; the beets may vary moderately in shape, and the diameter of the largest beet does not exceed the diameter of the smallest beet by more than 50 percent of the diameter of the smallest beet.

(b) *Quartered beets.* The beets from which the quarters have been prepared were of a size not more than 2½ inches in diameter, measured as aforesaid, and the weight of the largest quarter does not exceed the weight of the smallest quarter by more than 50 percent of the weight of the smallest quarter.

(c) *Sliced beets.* The individual slice is not more than 5/16 inch in thickness when measured at the thickest portion; the size of each slice is not more than 3½ inches in diameter, measured as aforesaid and the diameter of the largest slice does not exceed the diameter of the smallest slice by more than 50 percent of the diameter of the smallest slice.

(d) *Diced beets.* The units are practically uniform in size and shape with edges measuring not more than ⅜ inch; and the aggregate weight of the units which are smaller than one-half of a cube and of all large and irregular units does not exceed 15 percent of the weight of all units.

(e) *Julienne, French style, or shoestring.* The strips of beets are practically uniform in size and shape, with cross sections measuring not more than 5/16 inch, and the aggregate weight of all strips less than 1½ inches in length does not exceed 25 percent of the weight of all the strips.

(f) *Cut.* The individual units weigh not less than ¼ ounce nor more than 2 ounces each and the largest unit weighs not more than four times the weight of the smallest unit. An occasional unit which is not representative of the general size of all the units is excluded in determining size variation.

[1] The requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

(ii) If the canned beets are fairly uniform in size and shape, a score of 8 to 11 points may be given. "Fairly uniform in size and shape" has the following meanings with respect to the various styles of canned beets:

(*a*) *Whole beets.* The size of the individual beet is not more than 2½ inches in diameter, measured as aforesaid; the beets may vary considerably in shape, and the diameter of the largest beet is not more than twice the diameter of the smallest beet.

(*b*) *Quartered beets.* The beets from which the quarters have been cut were of a size not more than 3½ inches in diameter, measured as aforesaid, and the weight of the largest quarter is not more than twice the weight of the smallest quarter.

(*c*) *Sliced beets.* The individual slice is not more than ⅜ inch in thickness when measured at the thickest portion; the size of each slice is not more than 3½ inches in diameter, measured as aforesaid; and the diameter of the largest slice is not more than twice the diameter of the smallest slice.

(*d*) *Diced beets.* The units are fairly uniform in size and shape, with edges measuring not more than ½ inch; and the aggregate weight of all units which are smaller than one-half of a cube and all large and irregular units does not exceed 25 percent of the weight of all units.

(*e*) *Julienne, French style, or shoestring.* The strips of beets are fairly uniform in size and shape, with cross sections measuring not more than 3/16 inch and the aggregate weight of all strips less than 1½ inches in length does not exceed 40 percent of the weight of all the strips.

(*f*) *Cut.* The individual units weigh not less than ⅛ ounce nor more than 3 ounces each and the largest unit weighs not more than twelve times the weight of the smallest unit. An occasional unit which is not representative of the general size of all the units is excluded in determining size variation.

(iii) Canned beets that fail to meet the requirements of subdivision (ii) of this subparagraph may be given a score of 0 to 7 points and shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule).

(3) *Absence of defects.* (i) The factor of absence of defects refers to the degree of freedom from defective units. Defective units are slabs, units damaged by mechanical injury, units blemished by brown or black internal or external discoloration, pathological injury or insect injury and units blemished by other means.

(*a*) "Slab" means any portion of a whole beet obtained in slicing possessing only one cut surface or cut surfaces of unequal areas varying in diameter more than ½ inch.

(*b*) "Damaged by mechanical injury" means crushed, broken, or cracked units, units with excessively frayed edges and surfaces, units with unpeeled areas, excessively trimmed units, or damaged by other means.

(*c*) "Blemished" means any blemish affecting an aggregate area greater than the area of a circle 3/16 inch in diameter or any blemish which seriously affects the appearance or eating quality of the unit.

(ii) Canned beets that are practically free from defects may be given a score of 26 to 30 points. "Practically free from defects" has the following meanings with respect to the various styles of canned beets:

(*a*) *Whole beets.* The aggregate weight of all defective units does not exceed 15 percent of the weight of all the units, and of such 15 percent not more than one-half thereof or one beet, whichever weighs more, may consist of blemished units.

(*b*) *Sliced, quartered, and cut beets.* The aggregate weight of all blemished units and units damaged by mechanical injury does not exceed 15 percent of the weight of all the units, and of such 15 percent not more than one-half thereof or one slice, quarter or cut, whichever weighs more, may consist of blemished units, and with respect to sliced beets not more than 10 percent of the weight of all the units may consist of units that are slabs.

(*c*) *Diced, Julienne, French style, or shoestring beets.* The aggregate weight of all defective units does not exceed 10 percent of the weight of all the units, and of such 10 percent not more than one-half thereof may consist of blemished units.

(iii) Canned beets that are fairly free from defects may be given a score of 22 to 25 points. Canned beets that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" has the following meanings with respect to the various styles of canned beets:

(*a*) *Whole beets.* The aggregate weight of all defective units does not exceed 30 percent of the weight of all the units, and of such 30 percent not more than one-half may consist of blemished units.

(*b*) *Sliced, quartered, and cut beets.* The aggregate weight of all blemished units and units damaged by mechanical injury does not exceed 30 percent of the weight of all the units, and of such 30 percent not more than one-half thereof may consist of blemished units, and with respect to sliced beets not more than 25 percent of the weight of all the units may consist of units that are slabs.

(*c*) *Diced, Julienne, French style, or shoestring beets.* The aggregate weight of all defective units does not exceed 25 percent of the weight of all the units, and of such 25 percent not more than one-half thereof may consist of blemished units.

(iv) Canned beets that fail to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 21 points and shall not be graded above substandard, regardless of the total score for the product (this is a limiting rule).

(4) *Texture.* (i) The factor of texture refers to the tenderness of the beets, and the degree of freedom from stringy or coarse fibers.

(ii) Canned beets that possess a tender texture may be given a score of 26 to 30 points. "Tender texture" means that the beets are tender, not fibrous, and possess a uniform character.

(iii) If the canned beets possess a fairly tender texture, a score of 22 to 25 points may be given. Canned beets that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly tender texture" means that the beets are fairly tender, may be variable in character but not tough or hard, and may possess a few stringy or coarse fibers.

(iv) Canned beets that fail to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 21 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

(i) *Tolerance for certification of officially drawn samples.* (1) When certifying samples that have been officially drawn and which represent a specific lot of canned beets, the grade for such lot will be determined by averaging the total scores of all containers, if:

(i) Not more than one-sixth of the containers comprising the sample fails to meet all the requirements of the grade indicated by the average of such total scores, and with respect to such containers which fail to meet the requirements of the indicated grade by reason of a limiting rule, the average score of all containers in the sample for the factor, subject to such limiting rule, must be within the range for the grade indicated;

(ii) None of the containers comprising the sample falls more than 4 points below the minimum score for the grade indicated by the average of the total scores; and

(iii) All containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification.

(j) *Score sheet for canned beets.*

Issued at Washington, D. C., this 12th day of July 1951.

[SEAL] ROY W. LENNARTSON,
Assistant Administrator, Production and Marketing Administration.

[F. R. Doc. 51-8182; Filed, July 17, 1951; 8:47 a. m.]

[7 CFR Part 904]

[Docket No. AO-14-A 20]

HANDLING OF MILK IN GREATER BOSTON, MASS. MARKETING AREA

RECOMMENDED DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND PROPOSED AMENDMENTS TO ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Burlington, Vermont, and at Boston, Massachusetts, on April 2 to April 7, 1951, inclusive (16 F. R. 2511), upon a proposed marketing agreement and proposed amendments to the order, as amended, regulating the handling of milk in the Greater Boston, Massachusetts, marketing area. Interested parties may file written exceptions to this recommended decision with the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the 10th day after publication of this decision in the FEDERAL REGISTER, except that exceptions to issue No. (5) must be filed not later than the close of business on the 3d day after publication of this decision in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

The material issues presented on the record of the hearing were whether:

(1) The basis for pricing Class II milk should be revised;

(2) A weight of 33 rather than 33.48 should be used for a can of 40 percent cream in the computation of the butterfat differential;

(3) The marketing area should be revised to include the government installations of Fort Devens, Camp Edwards, Bedford Airport, Bedford Veterans Hospital and Framingham Veterans Hospital;

(4) The present location differentials paid to nearby producers should be eliminated;

(5) A method for computing a composite wage index for use in the Class I formula should be provided;

(6) Provision should be made for the use of equivalent prices, indexes, and wage rates;

(7) The operator of the milk plant should be made the responsible handler with respect to payment, reporting and other obligations imposed by the order for all milk and milk products received at such plant;

(8) Producer milk under the Worcester, Springfield, or Lowell-Lawrence orders diverted to a Boston pool plant should be excluded as producer-milk under the Boston order;

(9) The classification provision should be revised with reference to milk received from producer-handlers or disposed of to producer-handlers and buyer-handlers;

(10) The pooling provisions should be revised to exclude from the current pool computation milk of any nonpool handler in noncompliance with reference to the payment and reporting provisions;

(11) Certain other nonsubstantive changes should be made to delete obsolete language and to make the language of the Boston order conform with that of other market orders.

Findings and conclusions. Upon the basis of evidence introduced at the hearing and the record thereof with respect to the aforementioned issues it is hereby found and concluded that:

(1) The basis for pricing Class II milk should be revised.

The principal issue dealt with at the hearing concerned the level of the Class II price and the formula factors which might be used to determine the Class II price from month to month. A committee of experts in milk marketing and cost accounting had been studying the problems involved in pricing surplus milk for the Boston market for a period of approximately 2½ years. This committee had prepared a report of its studies and certain conclusions reached as a result of those studies. Members of the committee appeared at the hearing to testify with respect to the overall report and particular details of the report. Several of the committee members also appeared as representatives of interested parties and in that capacity offered testimony with respect to specific recommendations for amendments to the Boston order which would incorporate changes based on the findings of the committee.

An important part of the committee study and report dealt with the phrasing of objectives to be sought in establishing surplus prices for the Boston fluid milk market. Under the Boston order milk sold by producers to handlers is classified for pricing purposes in two classes. Class I milk, which includes fluid milk and fresh fluid milk products, is priced under the classified structure at a higher price than Class II milk, which is regarded as surplus to the fluid market and is priced at a lower figure. The use of this method of pricing a part of the market supply at lower prices is necessary in order to move the daily and monthly excesses over fluid requirements into uses as cream and manufactured dairy products.

The committee visualized as its first objective in pricing Class II milk the need for moving this surplus-priced milk in an orderly manner into dairy products of milk. Its second objective pointed to the need for returning to producers the highest practicable prices for dairy products for which marketing outlets are available in the local market.

Other important objectives defined by the committee were the need to encourage efficiency in processing and marketing and the necessity for a Class II pricing method which would be logical and simple.

In view of the large effect of the Class II price on the blend price in the Boston market the problem of Class II pricing cannot be regarded as merely an adjunct to Class I pricing but must make its own contribution to the blend. In the year 1950 Class II milk marketed under the Boston Federal order program amounted to 45 percent of the deliveries by producers and 1 out of every 3 dollars paid to producers was for Class II milk.

Foremost among the applicable standards for establishing fluid milk prices under the Marketing Agreement Act is maintenance of an adequate supply. The amount of reserve maintained by the market has varied widely from time to time. The factors which determine the amount of reserve which should be considered adequate for the market under various circumstances needs to be examined from various points of view. Producers are primarily concerned with the effect that a large reserve supply has on the blend price. If the blend is lowered because of a large reserve, or because of too low Class II prices, producers are impelled to seek higher Class I prices. Consumers who purchase Class I milk products are affected by a large reserve supply if it is to be supported by an increased Class I price. Since the handlers' incentive for carrying reserve supplies varies under the present practice of formula pricing, with the handlers' allowance used in computing the formula price, a liberal view toward handling margins will induce a liberal view on the part of handlers in regard to the quantity of reserve supplies needed. In the long run excessive reserve supplies become a burden on consumers.

In addition to the longer-time effect of handlers' allowances for surplus milk handling on the necessary Class I and blend prices for the market, there is a potent and immediate effect on the supply of milk for the fluid market through the relative margin represented by the allowance. If handling allowances on surplus milk are lucrative as compared to earnings which can be obtained from sales of Class I milk, handlers will be encouraged to withhold needed supplies from the fluid market.

Although the committee report and several witnesses at the hearing pointed out that prices paid for milk for manufacturing uses in other parts of the country did not always reflect current changes in the value of milk for manufacturing in the Boston milk market, it was generally conceded that over longer time periods the value of milk for manufacturing in the Boston milk market could be expected to reflect the same general levels and changes as are shown in the prices paid for manufacturing milk in the principal manufacturing regions of the country. The Class II prices which have been effective under the Boston order show a very close long-time relationship to the prices paid at manufacturing milk plants. Assuming that

actual surplus prices in the Boston area have been such as to maintain sufficient processing facilities, it appears that in the long run any inefficiencies inherent in surplus handling for the Boston fluid market have been offset by freight and marketing advantages over operators of surplus area milk manufacturing plants.

An appraisal of the Class II price structure which has been effective in the market is necessary in order to determine whether or not some automatic pricing method which would reproduce substantially the same results would have been desirable as a method of pricing. Although there is some indication that prices in certain periods for surplus milk have been considered by persons in the market as out of line with actual market values, the Class II prices which have existed in the market for the past ten years appear to have accomplished the two primary objectives of the Class II pricing as set forth by the committee. The surplus milk has moved readily enough into marketing channels so that proprietory handlers have been willing to accept all of the milk delivered by producers during that period. Producers cooperative associations which operate plants are obligated to receive members milk even though the prospect for earnings on such milk is not favorable. However, there is no indication in this record that proprietory handlers have been shifting an increasing share of the handling of Class II milk to cooperative association handlers. There is no evidence in the record of homeless milk or of any period in which any substantial group of producers sought an outlet for their milk in the Boston market and could not find it. The record indicates also that adequate capacity for manufacturing surplus milk has been maintained in the market. Some increase in capacity was developed between 1949 and 1951. Several operators of surplus milk plants indicated that they have purchased or are purchasing new equipment for handling surplus milk. On the other hand the prices were apparently not so low that they retarded the flow of milk to the fluid market for any considerable time.

The level of Class II prices which can be maintained at any particular time and have milk readily accepted depends upon the uses which can be made of surplus milk in the market at that time and the value of the products made. It is recognized that Class II prices should change from time to time with indicators of the general level of prices of products in which Class II milk is utilized. Various price quotations are available which give an indication of the changes in values both of the butterfat content and the nonfat solids content of products of Class II milk. A more difficult problem is that of relating these indexes of change in market prices to the share of those market values which should be returned to dairymen as representative of the value of the raw product delivered by farmers.

The recommended method of pricing for Class II milk set forth herein has been developed by devoting attention to the refinement of the factors designed to measure changing values with an appraisal of the resulting Class II price based on whether or not such Class II price can be expected to bring about orderly market conditions wherein the necessary reserve of Class II milk will be accepted by handlers. It seems appropriate therefore to consider first the detail of the factors which will be expected to reflect certain changes in market values and then consider the matter of the appropriate level of the price.

The order now provides that the Class II price, except for Class II butterfat used to make butter or cheddar cheese during certain months, shall be determined by a formula using market price quotations for cream and nonfat dry milk solids. Although there was some testimony in favor of using the prices paid at manufacturing plants as a measure of the value of Class II milk in the Boston market, most of the expert opinions favored the use of the cream and nonfat milk solids quotations as a basis for measuring changing market values. The record indicates that the prices quoted for cream and nonfat dry milk solids usually reflect the major changes in the value of products which can be made from Class II milk in the Boston market. The price quotations currently used in the order and recommended by the committee are: The weighted average price paid for 40 percent cream received at Boston from sources other than Boston pool handlers and the average price received by operators of manufacturing plants in the Chicago manufacturing area for nonfat dry milk solids. The committee recommended the use of spray and roller price quotations for nonfat dry milk solids whereas the present formula utilizes only the price quotation for roller process nonfat dry milk solids.

The weighted average price for cream at Boston as reported by the United States Department of Agriculture represents the price which handlers of fluid cream and processors of ice cream in the New England region pay for fluid cream purchased from sources outside the Boston pool. The record indicates that during certain periods the volume of cream purchased from outside sources has been so small that it is questionable whether the price for the small quantity purchased is representative of the price which handlers would have had to pay for a substantial quantity of cream.

For a few months in 1950 there were insufficient purchases upon which to base any quoted cream price. It is important therefore to provide in the order a method of determining an equivalent fat value in circumstances in which a cream price is not reported. The general relationship between the cream price in the Boston market and the reported price for 92-score butter sold wholesale in the Chicago market indicates that the butter price would prove to be a suitable alternative for reflecting changes in cream values when a cream price is not available. The cream price equivalent should be computed on the basis of the relationship between cream and butter prices in the three months preceeding the month in which an equivalent must be determined. The use of a recent period in determining this relationship is used in order to reflect current market conditions. From time to time the prices paid for cream at Boston show varying amounts of premiums over the butterfat value at Chicago.

The committee recommended that a simple average of the prices paid for spray and roller process nonfat dry milk solids at manufacturing plants be used to measure the changes in value of skim milk in surplus milk rather than the roller price quotation only. The production of nonfat dry milk solids by the spray process has increased relative to the production of the roller process product in the New England states and in the United States as a whole in recent years. About two-thirds of the nonfat milk solids produced in New England in 1948 and 1949 was manufactured by the spray process. Spray prices are higher than prices paid for the roller process product. Under the present program of support prices as announced by the United States Department of Agriculture the difference in the support prices for the spray and roller product is 2 cents per pound. By averaging the prices for nonfat solids manufactured by the spray process as well as by the roller process the value of nonfat solids can be reflected more accurately since most of the product is now manufactured by the spray process.

The committee studied data which showed the quantities of dairy products which were obtained in actual manufacturing operations at pool plants where Class II milk was manufactured in the New England region. The yield of nonfat dry milk solids by the spray process per 100 pounds of skim milk was found to be 8.8 in a 20-month period studied. Yields of the roller processed product were found to be 8.52 in the same study. These figures represent more precise measurements of the quantity of skim milk which can be obtained from 100 pounds of skim milk under the conditions of manufacture in the Boston market than have been available previously. From the indicated yields of nonfat solids per 100 pounds of skim milk the committee recommended a factor of 7.85 representing the yield of nonfat solids per 100 pounds of whole milk. This factor should be adopted as a part of the pricing formula.

The present Class II formula contains a factor which represents the pounds of butterfat contained in a 40-quart can of 40 percent cream. Studies of actual weights of cans of cream marketed at Boston indicate that the weight of butterfat in a 40-quart can is somewhat less than the 33.48 pounds used in the current formula. The committee found that the content of actual cans moved in cream trade in the Boston market is approximately 33 pounds. This factor representing actual conditions should be used in the formula.

There is normally some product lost in the conversion of milk into products which provide an outlet for surplus Class II milk. The committee recommended that this recognized loss be compensated for in the formula by factors which apply to that part of the formula which would determine the total market value of the product to be sold. In normal

operations for conversion of butterfat into surplus products the committee found that there was a usual loss of about 2 percent of the product. The record indicates that this estimate of loss is reasonable. Therefore, the computation of the value of butterfat derived from Class II milk should be determined by taking into account this normal loss of the product. In the case of skim milk conversion into manufactured products the committee found that the use of a factor of 7.85 as representative of the actual quantity of nonfat dry milk solids which could be obtained from the skim milk portion of a hundredweight of whole milk would reflect the normal loss of skim product in surplus handling operations.

It is concluded that the gross market value of butterfat and skim milk should be determined according to the methods proposed by the study committee. The gross product value before deduction of the handlers' allowance would have resulted in prices computed according to the recommended method of 8 to 10 cents higher than the actual gross product values used in determining Class II prices during 1950.

With these conclusions concerning the computation of the gross product value of Class II milk it is necessary to determine then what share of the gross should be allowed handlers for their part in processing the product. The study committee collected data concerning the cost of handling Class II milk in the Boston market during the year 1948, which was interpreted to show that handlers who processed Class II milk during 1948 lost approximately 50 cents per hundredweight on all Class II milk handled. The total loss for the ten manufacturing plants studied amounted to $1,260,434. The calculated interest on investment of 2.62 cents per hundredweight of product handled as shown by the committee to be computed at a rate of 6 percent indicates a total investment of 1½ million dollars for handling the 357½ million pounds of milk which were handled by these manufacturing plants in 1948. Therefore, the loss rate sustained in 1948 appears by this calculation to have resulted in a total loss in an amount equal to 80 percent of the total investment for handling Class II milk at these manufacturing plants.

Several committee members indicated reservations concerning the acceptance of the 50 cent loss figure as a basis of appraising the entire industry's financial position in 1948. There was a rather wide range in loss rates computed for the individual plants for which data were obtained in the study. Committee members attributed the difference in the loss rates to varying degrees of efficiency at each of these plants. However, the record contains no specific information to indicate that there were actual differences in the handling operations at the various plants which could have been regarded as reflecting different levels of efficiency in the handling of milk. Furthermore there is no evidence that the industry as a whole was grossly inefficient during the year 1948 in the handling of surplus milk. Since the handling of Class II milk is done by manufacturing concerns who also do a fluid milk business the segregation of earnings or losses in the Class II milk business and those in the Class I milk business involves a great deal of estimate in analyzing the financial status of such handlers. If the 50 cent loss figure computed from the cost studies was actually sustained on all Class II operations during the year 1948 it would have represented a loss of more than 17 cents per hundredweight on all milk received from producers by handlers during the year. The record does indicate that cooperative associations who handled more than the average volume of Class II milk did reduce their reserves in 1948 2½ cents per hundredweight below the reserves for 1947. However, during the calendar year 1948 these same cooperatives paid out 2.2 cents over the uniform blend price to producers delivering to their plants. Producers delivering milk to proprietary handlers received payments over the uniform blend price amounting to nearly 8 cents per hundredweight. It appears then that the 17 cents per hundredweight loss figure did not actually come out of farmers returns either in their net monthly payments or in the form of decreased reserves in their farmer-owned cooperative associations. A large part of the calculated loss on handling Class II milk then must have been offset by earnings on the handling of Class I milk during the same year.

The handlers of Class II milk also serve as the suppliers of Class I milk for fluid milk distributors who do not maintain their own reserve supply of fluid milk. The handlers who maintain this reserve supply charge buyers varying rates over the Class I price for the service. Average margins for each month during 1948 varied from a high of 49.6 cents to 29.4 cents. Average mark-ups on Class II milk varied from 77½ cents to 20.7 cents. The individual highs and lows during each month show an even greater range.

If the claim that handlers should have been entitled to 50 cents more per hundredweight for handling Class II milk during 1948 were to be granted, it is important to consider just how this adjustment would have affected the entire earnings of handlers generally. It is not reasonable to assume that if Class II handling operations had been more attractive during 1948 the mark-ups on bulk Class I and Class II milk would have been lower. It is more likely that an unattractive prospect in handling Class II milk would have a tendency to restrain mark-ups on bulk sales during the year. If the additional allowance then could not be expected to have an adverse effect on the earnings from the Class I part of the business the full amount of the 50 cent adjustment would have been available to handlers for distribution as earnings during the year 1948. Operating cooperative associations which had a large proportion of Class II milk would not have had the full amount to distribute to their members since the record does indicate that net overpayments by such handlers to members failed to equal the reduction in reserves from 1947 to 1948 by abount three-tenths cent per hundredweight.

Information is not available from the record to conclude that 17 cents per hundredweight was needed by handlers in 1948 to maintain handling and processing facilities sufficient to take care of the fluid market and the necessary reserve of Class II milk for the market. The record does show that there is adequate capacity for handling surplus milk in 1951. It shows that the capacity has been increased somewhat since 1949.

It appears from the above appraisal of the Class II loss figures computed by the study committee for operations during the year 1948 that the calculated loss figures can not be utilized independently. Although some refinement of this particular cost figure could be developed with further consideration of certain factors affecting the cost of processing surplus milk in the Boston market, there appears to be no practical method of applying the long-time influence of costs to the determination of formula prices. Prices must be responsive to current conditions which in the short run may not conform to current costs. The committee examined various series of data which are regularly published as indicators of changes in the prices of certain classes of goods with the purpose of recommending some series or group of series which could be used to estimate anticipated changes in costs of handling surplus milk. These indexes of cost rate changes such as labor-wage rates, construction costs and wholesale price levels were compared with data on cost rates obtained from certain handlers operating in the Boston market. It was observed that certain indexes of cost rates which are regularly published reflected about the same changes as those which were indicated from the records of the handlers. Lacking any information on adjustments which take place in cost items which are not reflected by the change in the price or cost rate for such items, the committee calculated an average index of cost upon the rates alone. The committee suggested that this index of cost rate changes be used to reflect changes in the allowance for handling surplus milk. Several members of the committee indicated that the effect of volume upon changing unit costs needed to be used as well as the indexes of changes in the cost rates. However, the committee as a whole had abandoned the idea of including a volume cost adjustment since they recognized that they had not yet been able to compute the effect of volume on the income side of any profit and loss statement.

The chances of any formula mechanism producing a reasonable price over a period of time depends largely on whether or not the formula factors chosen reflect the items of greatest importance in bringing about changes in the market situation. It appears from the studies of the committee that the combined cost rate index is not among the most important elements affecting costs or necessary changes in the surplus price structure. For example, the change in the average index of cost rates indicated a reduction of the han-

dlers' costs from December 1948 to April 1950 of 0.8 cent. On the other hand, the influence of volume according to the calculations of the committee for the 12 months ending April 30, 1950, as compared to the 12 months ending December 31, 1948, would have reduced costs slightly more than 20 cents. If the price were appraised on the basis of margins on Class I milk in excess of receiving station costs the committee report indicates that the excess of margins over calculated receiving station costs for the year ending December 1948 was 11.2 cents per hundredweight whereas for the 12 months ending April 1950 the difference was 4.3 cents. This represents a difference in the relative advantage of handling bulk Class I milk of 6.9 cents. The index of cost rate changes therefore, appeared in this period not to have been a primary item affecting the necessary allowance from gross product values for the handling of surplus milk.

The index of cost rate changes bears little resemblance to actual changes which were effective in Class II allowances during the past 10 years. For example, the cost rate index would have indicated a 33 percent increase in the handlers' allowance from 1945 to 1947. Although there was some modification of the Class II formula during this period there were no substantial changes made in the handlers' allowance. There is nothing in the record to indicate that the 1947 allowance should have been 33 percent greater or if the 1947 allowance were assumed to be correct that the 1945 figure was obviously too high. Since we have no evidence that handlers' allowances in the past 10 years have been so out of line as to produce disorderly market conditions it is not feasible to recommend as a basis for future changes in prices a factor which would have produced substantially different results in the past.

The record indicates that during 1950 surplus milk was marketed in an orderly manner under the existing price structure. There is no basis for finding that marketing conditions in 1951 can be expected to be less advantageous to handlers processing surplus milk than they were in 1950. The indicated total quantity of surplus milk to be marketed is expected to be somewhat less than during the year 1950. The demand for dairy products is stronger this year than last. The record indicates that Boston handlers received in 1951 prices for nonfat dry milk solids about 2½ cents per pound higher than prices received by manufacturing plants in the Chicago milkshed, whereas, during 1950 the prices received by Boston handlers at country points were approximately equal to the prices received by manufacturing plants in the Chicago area. The higher price received by Boston handlers relative to the price quoted at country manufacturing points in the Chicago area represents additional income to handlers calculated at yield rates recommended by the committee of approximately 5 cents per hundredweight.

If the prices received by Boston handlers for nonfat dry milk solids continue to be above the Chicago area price on which the Class II price is computed this additional income should be accounted for in the formula. However, there is not available a regularly published series of the prices received for nonfat dry milk solids by Boston handlers and it cannot be concluded from the record that the current relationship will continue throughout the year. It is therefore concluded that the allowance factor for 1951 should not assume the receipt of this increased income, but some consideration should be given to adjusting the allowance for this and other factors prior to the flush production season of 1952.

In concluding that the surplus price structure during 1950 resulted in prices generally in line with the basic objectives of orderly marketing, it is recognized that there were some differences during 1950 in the net returns to various groups of producers. The record indicates that producers who delivered milk to cooperative associations which disposed of a large part of their product as fluid Class I milk obtained the largest excesses of payments over the blend price. The same circumstance occurred in 1948 and 1949. This would tend to indicate that proprietary handlers who purchased Class I fluid milk from these cooperative associations paid somewhat more than the order minimum prices for bulk Class I milk. Since these handlers had Class II milk in their own operations, it may be presumed that they preferred to pay the higher price for additional bulk milk rather than relinquish any of the Class II milk which they received directly from producers for processing. Although it might be concluded from this evidence that the handling allowance on Class II milk has been too liberal and has therefore fostered payment of premiums to certain groups of producers, the evidence in this respect is not conclusive enough to warrant a reduction in the allowance at the present time.

The net returns to producers delivering to cooperative associations who have a large share of the Class II for the market and producers who delivered to proprietary handlers amounted to approximately the uniform blend price during 1950. Although actual payments to the producers delivering to operating cooperative associations with large amounts of surplus were a little over 1 cent below the uniform price in 1950, indicated increases in reserves would have offset this figure.

Another consideration in appraising the relative returns to groups of producers is the general practice of producers' bargaining associations of deducting a stated amount for the conduct of the bargaining associations' activities where cooperative associations which operate their own plants generally do not make a specific deduction named for this purpose. The amounts of these deductions vary of course with the different associations and result in some differences in net return between association members where the service charge is stated and where it is merely a part of the operating costs of the handling operation.

In making comparisons of net returns to producers, official notice is taken of the fact that a fund has been accumulated since February 1949 by court order in the amount of 1 cent per hundredweight on all milk delivered by members of producers' bargaining associations and 2 cents per hundredweight on all milk delivered by members of producers' cooperative associations which operate plants. These funds have been accumulated under court order pending the decision of the United States Supreme Court concerning the legality of such payments to cooperative associations as provided in § 904.10.

In line with the foregoing findings it is concluded that the committee's recommendations with respect to the method for computing the gross butterfat and skim milk values in the Class II formula be adopted and that an offset be made in the handlers' allowance to result as nearly as possible in a formula which would have produced in 1950 the same Class II price as that which actually existed.

Although there is an indication of increased income from Class II products in 1951 relative to the price quotations used, it cannot be determined clearly from the evidence available that such income will not be offset by other factors.

There was some testimony in the hearing record which indicated that it may be desirable not to rely exclusively upon the hearing method for making adjustments in the handlers' allowance. There was general support for incorporating into the Class II price structure some method whereby the handlers' allowance could be changed automatically from time to time. The committee of experts recommended an index of changes in cost rates for this purposes. However, as it has been indicated in the foregoing the changes in cost rates do not represent the most widely variable influences on the Class II price. It has been found that Class II prices in the Boston fluid milk market have varied over long periods generally in line with changes in prices paid at manufacturing milk plants. From month to month the changes have been rather large but variations tend to average out over a 12-month period.

A series which shows a close relationship to the Boston Class II price is the average price paid for milk for manufacturing purposes as reported by the United States Department of Agriculture for a representative group of milk manufacturing plants. The prices are based on milk used in the manufacture of Cheddar cheese, evaporated milk, butter, and nonfat milk solids. In 1950 the Boston Class II price adjusted to an equivalent butterfat test varied from this average price less than one-half cent for the year as a whole although month-to-month variations were from minus 19 cents to plus 20 cents. It is obvious that the seasonal pattern of the two price series is greatly different. Therefore, the comparison of the two series should be made on the basis of a 12-month moving average.

The seasonally lower price for Class II milk in the Boston market in the flush production months and the gradually increasing price relative to market value in the fall and winter months tends to encourage the orderly marketing of surplus milk. In the season of large surpluses handlers are encouraged by the lower prices to accept milk for manufacturing. When supplies are seasonally short in the fall, the higher prices discourage manufacturing and consequently encourage the movement of needed supplies to the fluid market. The record indicates that the present plan of seasonal pricing should be continued.

Any substantial drop in the Class II price for a considerable time relative to the price paid for manufacturing milk would generally indicate that the Class II formula factors were not reflecting accurately the value of milk for manufacturing in the Boston area. It is concluded, therefore, that the handlers' allowance should be adjusted whenever the Class II price adjusted to the butterfat test for which prices paid for manufacturing milk is reported by the United States Department of Agriculture is less than the manufacturing milk price by 5 cents or more on a 12-month average basis. In order to avoid a temporary adjustment the change in the handlers' allowance should be delayed originally until the month following that in which the 12-month average has shown a 5-cent divergence.

It is recognized that an automatic adjustment based on the relationship between these two price series for the 12 preceding months would not always bring about the most desirable results. Neither, apparently, does an allowance in terms of a fixed amount per hundredweight. The deferment of the adjustment until it reaches 5 cents per hundredweight will provide time to reappraise the price by the hearing procedure if there is evidence of some unusual circumstances which warrants the continuance of the lower price.

The automatic allowance adjustment will provide a guide by which handlers can calculate the probable price in relation to manufacturing milk values. Thus some of the uncertainty concerning buying prices can be removed. Unusual and emergency conditions can still be dealt with through the hearing procedure.

It may be contended that the automatic adjustment feature should operate to increase the allowance when Boston Class II prices are substantially higher than manufacturing milk prices. If the volume of surplus milk remained at a relatively high level in the Boston area, it would appear logical that a downward adjustment should be made when prices paid for manufacturing milk are consistently less than Boston Class II prices. However, it is generally during periods of milk shortages in the Boston area and small volume Class II use that the Boston Class II price has been higher than the manufacturing milk price. In those periods a lower Class II price would have reduced the incentive to move milk to the fluid market and would not be reasonable. It is concluded, therefore, that the changes as recommended herein are all that can be supported by the evidence and analysis available in this record.

(2) The factor of 334.8 in the butterfat differential price computation should be changed to 330. The studies made by the committee examining the Class II price factors shows that the butterfat contained in a can of 40 percent cream is approximately 33 pounds rather than 33.48 pounds. The butterfat differential represents the value of one-tenth pound of butterfat at the weighted average cream price less the freight on cream shipped 200 miles to the Boston market. The revision in this factor would increase the butterfat differential about one-tenth cent. According to the findings of the study, the proposed factor would reflect more accurately the actual value of butterfat in terms of its use as fluid cream. Since the butterfat differential has been related historically to its fluid cream value, the proposed factor should be adopted.

(3) The proposal to extend the Boston marketing area to include specified military installations should not be adopted. The present marketing area includes 37 contiguous cities and towns including and surrounding the city of Boston. Producers proposed that the marketing area be redefined to include the noncontiguous territory comprising the military installations at Fort Devens, Camp Edwards, Bedford Airport, Bedford Veteran's Hospital, and Cushing Memorial Hospital. They contend that the Boston pool carries the only reserve supply of milk in New England sufficient to cover these contracts and, accordingly, Boston handlers have historically supplied these military installations. They further contend that unless these installations are included in the marketing area regulated Boston handlers are in danger of losing this market to unregulated handlers.

The record appears clear that proponents' primary interest is in guaranteeing to the Boston pool producers the returns from certain out-of-area concentrated volumes of Class I sales. The inclusion of the military installations in the Boston marketing area would give Boston producers exclusive rights to the returns from sales to such installations since returns from equivalent purchases of Boston pool milk or payments to the pool on outside milk would accrue to Boston producers and not to the individual producers of the unregulated handlers. Proponents contend that a requirement to purchase pool milk in the amount of Class I sales or to make an equalization payment of the difference between the Class I and Class II prices on the volume of outside milk used as Class I would enact no undue hardship on unregulated handlers since such handlers can purchase unregulated milk at the Boston blend rather than at class prices. Since there is a substantial difference between the blend price and the Class II price, the payment required of unregulated handlers would prevent such handlers from making contract bids for amounts larger than the quantity of milk which they could purchase from farmers at the Class II price.

Proponents for the area expansion contend that succesful bidders on some of the most recent contracts could not have shown a profit if the milk were purchased at Boston class prices. They point out inconsistently that Boston pool milk has been a prominent source of supply for the successful bidders of such contracts.

The record fails to show that Boston handlers have supplied these military installations continuously from pool sources in the past. The bulk of the business at these installations is awarded on a contract bid basis and while Boston handlers have held the contracts from time to time, such occasional sales to these noncontiguous areas make them no more a part of the Boston market than the many New England cities which receive regularly a part of their supply from Boston pool supplies.

(4) No change should be made at this time in the location differentials required to be paid to nearby producers. Certain producer interests proposed that § 904.9 (e) of the order, which sets forth the conditions for and amount of location differentials to be paid, be deleted. However, in support of their proposal they presented no material facts different from those considered in establishing specified location differentials as a part of the order provisions.

(5) The order should contain provision for computing a composite wage rate index which would be similar to the monthly composite farm wage rates which have been utilized in the calculation of the Class I formula price since the adoption of that formula April 1, 1948. The United States Department of Agriculture is no longer collecting the information from which the monthly composite farm wage rate was computed and that series has been discontinued. Therefore it is necessary to compute an equivalent composite farm wage rate.

Wage rates are reported quarterly by the United States Department of Agriculture as rates per month with board and room, per month with house, per week with board and room, per week without board or room, and per day without board or room. These rates should be expressed as a simple average monthly composite rate after converting the weekly rates to a monthly equivalent by multiplying by 4.33 weeks and converting the daily rate to a monthly basis by using 26 working days per month. The simple average monthly composite farm wage rates for each of the four states used in the Class I formula should be combined according to the weights presently used. In order to express this weighted average farm wage rate as an index on the same basis as that used in converting the previously published monthly composite farm wage rate for computation of the formula price, it is necessary to divide the milkshed average composite wage rate figure by .6394. This factor is determined from the relationship during the 3 years, 1948 through 1950, of the milkshed average wage rate figure derived from the currently published data to the series which was previously published and used in the computation of the formula price.

(6) The proposal to permit the Secretary to determine an equivalent to be used in lieu of any price, index or wage rate required in computing class prices and for other purposes set forth in the order provisions and which is not available by the time the market administrator is required to announce such price

or perform such act should be adopted. Under the present order provisions the Secretary's authority to determine equivalents is limited to prices of any milk product. The nonavailability of any other price, index, or wage rate needed by the market administrator to compute class prices or perform other specified functions would appear to preclude the market administrator from performing such duties. The adoption of this proposal will recognize the responsibility of the Secretary in acting when certain required information is not available and will facilitate the operation of the order by assuring the prompt announcement of prices and butterfat differentials and the timely payment to producers of the full amounts due them for the milk delivered to order handlers.

(7) The proposal to amend the order to provide that the operator of a milk plant be the responsible handler with respect to payment, reporting and other obligations under the order for all milk and milk products received at such plant should be adopted. The operator of a plant is the logical person to be held responsible for maintaining an accurate record of the weight and test of milk received from producers. The plant operator has control of the receiving function and should be responsible for maintaining proper records of such receipts. Since payment would be made on the basis of weights and tests of the receiving plant, as verified by the market administrator, it follows that the operator of such plant should be held responsible for paying producers and for other obligations imposed by the order upon a handler. Milk temporarily diverted to a nonpool plant from the plant of a handler for the account of such handler should be considered as having been received at the pool plant since producers of such milk would ordinarily be regular suppliers of the market and as such should be assured the market blend price for their milk.

It was proposed in connection with this proposal that bulk milk of dairy farmers received at a pool plant for processing and for which an equivalent volume of processed milk is returned to the dairy farmer be considered exempt milk. There was no objection to the exemption of such milk from the market pool. The number of persons and the quantity of milk involved in this type of transaction is small. It is concluded therefore that such milk of a dairy farmer which is delivered to a pool handler for processing and for which an equivalent volume of bottled milk is returned should be considered exempt milk and not included in the pool.

In cases where the volume of milk received from a dairy farmer is in excess of the volume of bottled milk returned such excess milk disposed of to the pool handler may be regarded as producer milk and be pooled and paid for as such.

The processing facilities of pool handlers are sometimes employed by producer handlers and operators of unregulated plants to homogenize milk or package milk under emergency conditions. To the extent that such processing operations apply to milk which would not otherwise be Class I sales of a pool handler, the payments required on outside milk should not be applicable. The record indicates that these processing operations involving milk from nonpool sources do not result in the sale of unpriced Class I milk in the marketing area except that of producer-handlers which has been exempted from pooling. The handler who receives such milk for processing should be responsible for showing that it was handled in such a way as to maintain exempt status and should pay the expense of the market administrator's verification of such records.

(8) The proposal to amend the producer definition to provide that a dairy farmer who is a producer under the Lowell-Lawrence, Worcester, or Springfield orders shall not be a producer under the Boston order with regard to any of his Lowell-Lawrence, Worcester, or Springfield pool milk, as the case may be, diverted to a Boston pool plant should be adopted. Under the present order provisions such diversions could result in a dairy farmer being considered a producer both at the plant from which his milk is diverted and at the Boston pool plant. Such a situation could involve unreasonable financial costs to the handler if he were required to pool the milk under both pools. The adoption of the proposal will facilitate the handling of surplus milk by providing additional alternative outlets for the surplus milk in secondary markets and during all except the months of April through July could not adversely effect the interests of either the secondary market or Boston producers. However, such diversions would ordinarily most likely occur during the flush season of production when milk both in the secondary and Boston markets may be in excess supply. During these months of April through July in order to facilitate the disposition of surplus milk Boston handlers are allowed a butter and cheese adjustment on the butterfat disposed of for butter and cheese. Any Lowell-Lawrence, Worcester, or Springfield milk disposed of to a Boston pool plant further taxes existing manufacturing facilities and increases the volume of Boston producers' milk on which the butter and cheese adjustment is applicable. In order to prevent financial loss on the part of Boston producers as a result of the handling of Lowell-Lawrence, Springfield, or Worcester producer milk it should be provided that the Boston handler pay into the Boston pool, for distribution to Boston producers, the amount of the butter-cheese adjustment on the volume of Lowell-Lawrence, Springfield, or Worcester diverted milk utilized.

(9) The classification provisions should be amended to provide that transfers of milk to producer-handlers be classified as Class I. The order presently provides that sales of milk to a regulated plant, which includes the plant of a producer-handler, be classified on the basis of the actual use of such milk at such plant. It is obviously in the producers-handlers' interest under that privilege to use his own milk in Class I and claim the lowest class utilization in his plant for his purchases from pool handlers.

Producer-handlers ordinarily have only Class I operations and hence any purchases of pool milk in most cases would be for Class I users. They do not share their high Class I utilization with other producers and regular producers should not be forced to take a Class II classification or to share in such a classification when producer-handlers need additional milk to supplement their own supplies. In cases of dual operations the Class II part of the business would ordinarily be fluid cream and ice cream which can be purchased from pool handlers without penalty as cream, condensed milk, and nonfat dry milk solids, all Class II products.

Milk moved by buyer-handlers to other plants should continue to be classified as Class I. Buyer-handlers get no milk direct from producers but purchase all of their requirements for fluid products from other handlers. Accordingly they are in a position to know exactly what their daily procurement requirements are. The present provisions of the order do not limit purchases for Class II use in the buyer-handler plant, but merely restrict the transfer of milk to a third plant for other than Class I use. Proponents contend that this works a hardship in the case of route returns and excess supplies. However, unless the buyer-handler bottles in excess of his requirements the volume of route returns would normally be insufficient to require processing through another plant. Buyer-handlers should not be encouraged to buy long and transfer milk to nonpool plants for Class II use which would otherwise be available for Class I use.

Receipts of skim milk from producers-handlers should be classified as Class II up to the total quantity of fluid milk products other than cream used as Class II milk in the plant to which it is transferred. Under the present provisions of the order such receipts may be classified as Class I if so utilized. Since producers-handlers ordinarily have a high Class I utilization which they do not share with other producers in the market, other producers should not be required to shoulder a share of producers-handlers' surplus milk. Any sales of skim milk by a producer-handler to a pool handler would logically be milk in excess of such producer-handlers own Class I requirements. The assignment of receipts of skim milk from producers-handlers to the lowest available use class protects regular producers by assuring the utilization of their milk in the highest available use.

(10) The proposal to exclude from each current pool computation milk of any nonpool handler who is not in compliance with the reporting or payment provisions for any prior month should be adopted. The order presently has such a provision with reference to a pool handler in noncompliance. However, a nonpool handler in violation because of not reporting or nonpayment of assessments due continues to be carried in the current pool computation. Under such arrangement it is possible that indebtedness to the pool could reach the point of threatening the solvency of the pool. Exclusion of the milk of such nonpool handlers from the current pool computation assures the solvency of the settlement pool and at the same time does not relieve such nonpool handler of any of his obligations or responsibilities under the order.

The other proposals considered at the hearing involve nonsubstantive changes which merely delete obsolete language or clarify the language of the present provisions. There was no opposition to their adoption and it is accordingly concluded that they should be adopted.

General findings. (a) The proposed marketing agreement and the order, as amended and as hereby proposed to be further amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The proposed marketing agreement and the order, as amended and hereby proposed to be further amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity, specified in the said tentative marketing agreement upon which the hearings have been held; and

(c) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to section 2 and section 8 (a) of the act are not reasonable in view of the price of feed, available supplies of feed, and other economic conditions which effect market supply and demand for such milk, and the minimum prices specified in the proposed marketing agreement and the order, as amended and as hereby proposed to be further amended, are such as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest.

Ruling on proposed findings and conclusions. Briefs were filed on behalf of interested persons. The briefs contained suggested findings of facts, conclusions, and arguments with respect to the proposals considered at the hearing. Every point covered in the briefs was carefully examined along with the evidence in the record in making the findings and reaching the conclusions hereinbefore set forth. To the extent that the suggested findings and conclusions are inconsistent with the findings and conclusions contained herein, the request to make such findings or to reach such conclusions is denied.

Recommended marketing agreement and order. The following proposed amended order is recommended as the detailed and appropriate means by which these conclusions may be carried out. The proposed amendments to the marketing agreement are not included because the regulatory provisions thereof would be the same as those contained in the proposed amendments to the order:

DEFINITIONS

§ 904.1 *General definitions.* (a) "Act" means Public Act No. 10, 73d Congress, as amended and reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended.

(b) "Greater Boston, Massachusetts, marketing area", also referred to as the "marketing area", means the territory included within the boundary lines of the following Massachusetts cities and towns.

Arlington	Newton
Belmont	Peabody
Beverly	Quincy
Boston	Reading
Braintree	Revere
Brookline	Salem
Cambridge	Saugus
Chelsea	Somerville
Dedham	Stoneham
Everett	Swampscott
Lexington	Wakefield
Lynn	Waltham
Malden	Watertown
Marblehead	Wellesley
Medford	Weymouth
Melrose	Winchester
Milton	Winthrop
Nahant	Woburn
Needham	

(c) "Month" means a calendar month.

(d) "Marketing years" means the twelve months' period from August 1 of each year through July 31 of the following year.

(e) "Emergency period" means the period of time for which the market administrator declares that an emergency exists in that the milk supply available to the marketing area from producers is insufficient to meet the demand for Class I milk in the marketing area.

§ 904.2 *Definitions of persons.* (a) "Person" means any individual, partnership, corporation, association, or any other business unit.

(b) "Secretary" means the Secretary of Agriculture of the United States or any officer or employee of the United States who is, or who may hereafter be, authorized to exercise the powers and perform the duties of the Secretary of Agriculture.

(c) "Dairy farmer" means any person who delivers bulk milk of his own production to a plant.

(d) "Dairy farmer for other markets" means any dairy farmer whose milk is received by a handler at a pool plant during April, May, June, or July from a farm from which the handler, an affiliate of the handler, or any person who controls or is controlled by the handler, received nonpool milk on more than 3 days in any one of the preceding months of August through March. The term shall not include a person who was a producer-handler or a person delivering to a New York order pool plant during any of the preceding months of August through March.

(e) "Producer" means any dairy farmer whose milk is delivered from his farm to a pool plant, except a dairy farmer for other markets and a dairy farmer with respect to exempt milk. The term shall also include a dairy farmer who ordinarily delivers to a handler's pool plant, but whose milk is diverted to another plant, if the handler, in filing his monthly report pursuant to § 904.32 reports the milk as receipts from a producer at such pool plant and as moved to another plant. The term shall not apply to a dairy farmer who is a producer under the Springfield, Lowell-Lawrence, or Worcester orders, with respect to milk diverted from the plant subject to the other order to which the dairy farmer ordinarily delivers.

(f) "Handler" means any person who, in a given month, operates a pool plant, or any other plant from which fluid milk products are disposed of, directly or indirectly, in the marketing area during the month.

(g) "Pool handler" means any handler who operates a pool plant.

(h) "Buyer-handler" means any handler who operates a bottling or processing plant from which more than 10 per cent of his total receipts of fluid milk products other than cream are disposed of by him as Class I milk in the marketing area, and whose entire supply of fluid milk products is received from other handlers.

(i) "Producer-handler" means any person who is both a handler and a dairy farmer and who receives milk of his own production only from farms located within 80 miles of the State House in Boston, and who receives no milk other than exempt milk from other dairy farmers except producer-handlers.

(j) "Dealer" means any person who operates a plant at which he engages in the business of distributing fluid milk products, or manufacturing milk products, whether or not he disposes of any fluid milk products in the marketing area.

(k) "Consumer" means any person to whom fluid milk products are disposed of, except a dealer. The term "consumer" includes, but is not limited to, stores, restaurants, hotels, bakeries, hospitals and other institutions, candy manufacturers, soup manufacturers, livestock farmers, and similar persons who are not necessarily the ultimate users. The term also includes any dealer in his capacity as the operator of any of these establishments, and in connection with any other use or disposition of fluid milk products not directly related to his operations as a dealer.

§ 904.3 *Definitions of plants.* (a) "Plant" means the land, buildings, surroundings, facilities, and equipment, whether owned or operated by one or more persons, constituting a single operating unit or establishment for the receiving, handling, or processing of milk or milk products.

(b) "City plant" means any plant which is located not more than 40 miles from the State House in Boston.

(c) "Country plant" means any plant which is located more than 40 miles from the State House in Boston.

(d) "Receiving plant" means any milk plant currently used for receiving, weighing or measuring, sampling, and cooling milk received there directly from dairy farmers' farms and for washing and sterilizing the milk cans in which such milk is received, and at which are currently maintained weight sheets or other records of dairy farmers' deliveries.

(e) "Pool plant" means any receiving plant which, in a given month, meets the conditions and requirements set forth in § 904.20 for being considered a pool plant in that month.

(f) "Regulated plant" means any pool plant; any of a pool handler's plants which is located in the marketing area

and from which Class I milk is disposed of in the marketing area; and any plant operated by a handler in his capacity as a buyer-handler or producer-handler.

(g) "Distributing plant" means any plant from which Class I milk in the form of milk is disposed of to consumers in the marketing area without intermediate movement to another plant.

(h) "New York order pool plant" means any plant designated as a pool plant in accordance with the provisions of Order No. 27, issued by the Secretary, regulating the handling of milk in the New York metropolitan marketing area.

§ 904.4 *Definitions of milk and milk products.* (a) "Milk" means the commodity received from a dairy farmer at a plant as cow's milk. The term also includes milk so received which later has its butterfat content adjusted to at least one-half of 1 percent but less than 16 percent, frozen milk, and reconstituted milk.

(b) "Cream" means that portion of milk, containing not less than 16 percent of butterfat, which rises to the surface of milk on standing, or is separated from it by centrifugal force. The term "cream" also includes sour cream, frozen cream, and milk and cream mixtures containing 16 percent or more of butterfat.

(c) "Skim milk" means that fluid product of milk which remains after the removal of cream, and which contains less than one-half of 1 percent of butterfat.

(d) "Fluid milk products" means milk, flavored milk, cream, skim milk, flavored skim milk, cultured skim milk, buttermilk, and concentrated milk, either individually or collectively.

(e) "Pool milk" means milk, including fluid milk products derived therefrom, which a handler has received as milk from producers.

(f) "Outside milk" means:

(1) All milk received from dairy farmers for other markets.

(2) All fluid milk products other than cream received at a regulated plant from an unregulated plant up to the total quantity of nonpool milk received at the unregulated plant, except exempt milk, emergency milk and receipts from New York order pool plants which are assigned to Class I pursuant to § 904.29.

(3) All Class I milk, after subtracting receipts of Class I milk from regulated plants, which is disposed of to consumers in the marketing area from an unregulated plant, without its intermediate movement to another plant.

(g) "Emergency milk" means fluid milk products, other than cream, received at a regulated plant during an emergency period from a plant which was an unregulated plant in the month immediately preceding the month in which the emergency period became effective.

(h) "Concentrated milk" means any unsterilized liquid milk product, other than those products commonly known as evaporated milk and sweetened condensed milk, which is obtained by the evaporation of water from milk and milk to which any other milk product may be added in the process of manufacture. For purposes of this part the weight of the fluid milk products used to produce the concentrated milk shall be used rather than the actual weight of the concentrated milk.

(i) "Exempt milk" means bulk milk which is received at a plant for processing and bottling from another plant or from the dairy farmer who produced it, and for which an equivalent quantity of packaged milk is returned during the same month. This definition shall not include milk transferred between two pool plants.

MARKET ADMINISTRATOR

§ 904.10 *Designation of market administrator.* The agency for the administration of this subpart shall be a market administrator who shall be a person selected by the Secretary. Such person shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of the Secretary.

§ 904.11 *Powers of market administrator.* The market administrator shall have the following powers with respect to this subpart:

(a) To administer its terms and provisions;

(b) To make rules and regulations to effectuate its terms and provisions;

(c) To receive, investigate, and report to the Secretary complaints of violations of its terms and provisions; and

(d) To recommend to the Secretary amendments to it.

§ 904.12 *Duties of the market administrator.* The market administrator, in addition to the duties described in other sections of this subpart, shall:

(a) Within 45 days following the date upon which he enters upon his duties, execute and deliver to the Secretary a bond conditioned upon the faithful performance of his duties, in an amount and with sureties thereon satisfactory to the Secretary;

(b) Employ and fix the compensation of such persons as may be necessary to enable him to exercise his powers and perform his duties;

(c) Pay, out of the funds provided by § 904.77, the cost of his bond, his own compensation, and all other expenses necessarily incurred in the maintenance and functioning of his office;

(d) Keep such books and records as will clearly reflect the transactions provided for in this order and surrender the same to his successor, or to such other person as the Secretary may designate;

(e) Prepare and disseminate for the benefit of producers, consumers, and handlers, statistics and information concerning the operation of this subpart;

(f) Promptly verify the information contained in the reports submitted by the handlers; and

(g) Give each of the producers delivering to a plant as reported by the handler prompt written notice of their actual or potential loss of producer status for the first month of the marketing year in which the plant's status has changed or is changing to that of a nonpool plant.

CLASSIFICATION

§ 904.15 *Classes of utilization.* All milk and milk products received by a handler shall be classified as Class I milk or Class II milk. Subject to §§ 904.16, 904.17, and 904.18, the classes of utilization shall be as follows:

(a) Class I milk shall be all fluid milk products the utilization of which is not established as Class II milk.

(b) Class II milk shall be all fluid milk products the utilization of which is established:

(1) As being sold, distributed, or disposed of other than as or in milk and other than as or in concentrated milk for fluid consumption, flavored milk or flavored skim milk, buttermilk, or cultured skim milk, for human consumption; and

(2) As plant shrinkage, not in excess of 2 percent of the volume handled.

§ 904.16 *Classificattion of milk and milk products utilized at regulated plants of pool handlers.* All milk and milk products received at a regulated plant of any pool handler shall be classified in accordance with their utilization as such plant, except as provided otherwise in § 904.17.

§ 904.17 *Classification of fluid milk products, other than cream, moved to other plants.* Any fluid milk product, except cream, which is moved from the regulated plant of a pool handler to any other plant shall be classified as follows:

(a) If moved to any other regulated plant except a producer-handler's plant, it shall be classified in accordance with its utilization at the plant to which it is moved.

(b) If moved to a producer handler's plant or an unregulated plant, it shall be classified as Class I milk up to the total quantity of milk, or the corresponding milk product so moved, which is utilized as Class I milk at that plant.

(c) If moved to a regulated plant of a nonpool handler or to an unregulated plant, and thence to another such plant, it shall be classified as Class I milk.

§ 904.18 *Responsibility of handlers in establishing the classification of milk.* In establishing the classification of any milk received by a handler from producers, the burden rests upon the handler who receives milk from producers to account for the milk and to prove that such milk should not be classified as Class I milk.

DETERMINATION OF POOL PLANT STATUS

§ 904.20 *Basic requirements for pool plant status.* Subject to the provisions of § 904.21 each receiving plant shall be a pool plant in the first month in which the handler operates it in conformity with the basic requirements specified in this section, and shall thereafter be a pool plant for the remaining months of the marketing year in which it is operated by the same handler. The basic requirements for acquiring pool plant status shall be as follows:

(a) A majority of the dairy farmers delivering milk to the plant hold certificates of registration issued pursuant to Chapter 94, Section 16C and 16G, of the Massachusetts General Laws.

(b) The handler holds a license which has been issued by the milk inspector of a city or town in the marketing area, pursuant to Chapter 94, Section 40, of the Massachusetts General Laws, or a majority of the dairy farmers delivering milk to the plant are approved by such an inspector as sources of supply for milk for sale in his municipality.

(c) Class I milk in the form of milk is disposed of in the marketing area from the plant.

(d) The handler's total Class I milk in the marketing area exceeds 10 percent of his total receipts of fluid milk products other than cream.

§ 904.21 *Conditions resulting in nonpool plant status.* Each receiving plant shall be a nonpool plant under any of the following conditions.

(a) Each plant which has acquired pool plant status but from which no Class I milk in the form of milk is disposed of in the marketing area for two successive months in the marketing year shall be a nonpool plant in the second of the two months and for each consecutive succeeding month of the marketing year during which no such Class I disposition is made.

(b) Each nondistributing plant for which the market administrator has received on or before the 16th day of the preceding month the handler's written request for nonpool plant designation shall be a nonpool plant in each month of the marketing year to which the request applies.

(c) Each city distributing plant operated by a handler who operates no other plant which is a pool plant in the same month shall be a nonpool plant in any month in which the handler's total Class I milk in the marketing area does not exceed 10 percent of his total receipts of fluid milk products other than cream.

(d) Each plant which is operated as the plant of a producer-handler shall be a nonpool plant in any month in which it is so operated.

(e) Each plant which is operated as a New York order pool plant or as a plant from which emergency milk is received shall be a nonpool plant during the month or portion of a month of such operation.

(f) Each of a handler's plants which is a nonpool receiving plant during any of the months of August through March shall be a nonpool plant in any of the months of April through July of the same marketing year in which it is operated by the same handler, an affiliate of the handler, or any person who controls or is controlled by the handler, unless its operation during August through March was in the handler's capacity as a producer-handler or as the operator of a New York order pool plant which had been acquired by him after June 30 of the immediately preceding marketing year.

§ 904.22 *Disposition of Class I milk in the form of milk in the marketing area.* Each plant from which milk is moved at some time during the month to another plant from which Class I milk in the form of milk is disposed of in the marketing area shall itself be considered to have made such a disposition, except that no movement of milk to any unregulated nondistributing plant shall be considered a disposition of Class I milk in the form of milk in the marketing area.

§ 904.23 *Total receipts of fluid milk products other than cream.* Each handler's total receipts of fluid milk products other than cream, referred to in this section as "total receipts", shall be determined as follows:

(a) For each month of the marketing year until and including the first month in which the handler is a pool handler, his total receipts shall be the receipts at all plants from which Class I milk in the form of milk is disposed of in the marketing area, except his receipts at any plant which fails to meet the applicable standards set forth in § 904.20 (a) and (b), or which is a nonpool plant pursuant to § 904.21 (b).

(b) For each of the other months of the marketing year, the handler's total receipts shall be the total receipts determined pursuant to paragraph (a) of this section plus the receipts at any other of his plants which is a pool plant in such month.

ASSIGNMENT OF RECEIPTS TO CLASSES

§ 904.25 *General provisions.* Except as provided in §§ 904.26 through 904.31, all receipts of fluid milk products, other than receipts from producers, shall be assigned to Class I milk or Class II milk as follows:

(a) Receipts as to which Class II use is established shall be assigned to Class II milk.

(b) All other receipts shall be assigned to Class I milk.

§ 904.26 *Receipts of cream and other milk products.* All receipts of cream, and milk products other than fluid milk products, shall be assigned to Class II milk.

§ 904.27 *Receipts of skim milk from producer-handlers.* Skim milk received from a producer-handler shall be assigned to Class II milk.

§ 904.28 *Receipts of outside milk.* All receipts of outside milk shall be considered as receipts of Class II milk, and shall be assigned to that class without regard to the specific use of such receipts.

§ 904.29 *Receipts from New York order pool plants.* Receipts of fluid milk products from New York order pool plants shall be assigned to Class II milk, except as provided in § 904.30, and except that receipts during the months of August through March which are classified in Class I–A or I–B under the New York order shall be assigned to Class I milk.

§ 904.30 *Receipts of emergency milk.* Emergency milk received by a handler whose total use of Class II milk is in excess of 10 percent of the total volume of fluid milk products, other than cream, handled by him shall be assigned to Class II milk to the extent of such excess. For the purpose of this section, the handler's total Class II milk and total volume handled shall be the total of the respective quantities from the first day on which emergency milk is received by the handler during the month up to and including the last such day in the month. If the quantity of emergency milk as to which specific Class II use is established is greater than the quantity otherwise assigned to Class II milk pursuant to this section, such greater quantity shall be assigned to Class II milk. Receipts of emergency milk not assigned to Class II milk shall be assigned to Class I milk.

§ 904.31 *Receipts of exempt milk.* All receipts of exempt milk shall be assigned to Class I milk.

REPORTS OF HANDLERS

§ 904.32 *Pool handlers' reports of receipts and utilization.* On or before the 8th day after the end of each month each pool handler shall, with respect to the fluid milk products received by the handler during the month, report to the market administrator in the detail and form prescribed by the market administrator, as follows:

(a) The receipts of milk as each pool plant from producers, including the quantity, if any, received from his own production;

(b) The receipts of fluid milk products at each plant from any other handler, assigned to classes pursuant to §§ 904.25 through 904.31.

(c) The receipts of outside milk and exempt milk at each plant; and

(d) The respective quantities which were sold, distributed, or used, including sales to other handlers and dealers, classified pursuant to §§ 904.15 through 904.18.

§ 904.33 *Reports of nonpool handlers.* Each nonpool handler shall file with the market administrator reports relating to his receipts and utilization of fluid milk products. The reports shall be made at the time and in the manner prescribed by the market administrator, except that any handler who receives outside milk during any month shall file the report on or before the 8th day after the end of the month.

§ 904.34 *Reports regarding individual producers.* (a) Within 20 days after a producer moves from one farm to another, or starts or resumes deliveries to any of a handler's pool plants, the handler shall file with the market administrator a report stating the producer's name and post office address, the date on which the change took place, and the farm and plant locations involved. The report shall also state, if known, the plant to which the producer had been delivering prior to starting or resuming deliveries.

(b) Within 15 days after the 5th consecutive day on which a producer has failed to deliver to any of a handler's pool plants, the handler shall file with the market administrator a report stating the producer's name and post office address, the date on which the last delivery was made, and the farm and plant locations involved. The report shall also state, if known, the reason for the producer's failure to continue deliveries.

§ 904.35 *Reports of payments to producers.* Each pool handler shall submit to the market administrator, within 10 days after his request made not earlier than 20 days after the end of the month, his producer pay roll for such month, which shall show for each producer:

(a) The daily and total pounds of milk delivered with the average butterfat test thereof; and

(b) The net amount of such handler's payments to such producer with the prices, deductions, and charges involved.

§ 904.36 *Outside cream purchases.* Each handler shall report, as requested by the market administrator, his purchases, if any, of bottling quality cream from nonpool handlers, showing the quantity and the source of each such purchase and the cost thereof at Boston.

§ 904.37 *Maintenance of records.* Each handler shall maintain detailed and summary records showing all receipts, movements, and disposition of milk and milk products during the month, and the quantities of milk and milk products on hand at the end of the month.

§ 904.38 *Verification of reports.* For the purpose of ascertaining the correctness of any report made to the market administrator as required by this order or for the purpose of obtaining the information required in any such report where it has been requested and has not been furnished, each handler shall permit the market administrator or his agent, during the usual hours of business, to:

(a) Verify the information contained in reports submitted in accordance with this order;

(b) Weigh, sample, and test milk and milk products; and

(c) Make such examination of records, operations, equipment, and facilities as the market administrator deems necessary for the purpose specified in this section.

§ 904.39 *Retention of records.* All books and records required under this subpart to be made available to the market administrator shall be retained by the handler for a period of three years to begin at the end of the calendar month to which such books and records pertain: *Provided*, That if, within such three-year period, the market administrator notifies the handler in writing that the retention of such books and records, or of specified books and records, is necessary in connection with a proceeding under section 8c (15) (A) of the act or a court action specified in such notice, the handler shall retain such books and records, or specified books and records, until further written notification from the market administrator. In either case the market administrator shall give further written notification to the handler promptly upon the termination of the litigation or when the records are no longer necessary in connection therewith.

MINIMUM CLASS PRICES

§ 904.40 *Class I prices.* For Class I milk received from producers, each pool handler shall pay, in the manner set forth in §§ 904.60 through 904.68 and subject to the differentials applicable pursuant to §§ 904.42 and 904.43 not less than the price per hundredweight determined for each month pursuant to this section. In determining the Class I price for each month the latest reported figures available to the market administrator on the 25th day of the preceding month shall be used in making the following computations, except that if the 25th day of the preceding month falls on a Sunday or legal holiday, the latest figures available on the next succeeding work day shall be used.

(a) Divide by 0.98 the monthly wholesale price index for all commodities as reported by the Bureau of Labor Statistics, United States Department of Labor, with the year 1926 as the base period.

(b) Divide by 3 the sum of the three latest monthly indexes of department store sales in the Boston Federal Reserve District adjusted for seasonal variations, as reported by the Federal Reserve System, with the years 1935–39 as the base period, and divide the result so obtained by 1.26.

(c) Compute an index of grain-labor costs in the Boston milkshed in the following manner:

(1) Compute the simple average of the four latest weekly average retail prices per ton of dairy ration in the Boston milkshed, as reported by the United States Department of Agriculture, divided by 0.5044, and multiply by 0.6.

(2) Compute the simple average of monthly equivalent farm wage rates for each of the states named below by converting the rates reported by the United States Department of Agriculture to monthly equivalents as follows: Rate per month with board, 1; rate per month with house, 1; rate per week with board and room, 4.33; rate per week without board or room, 4.33; and per day without board or room, 26. Next compute a weighted monthly wage rate by combining the average wage rates for the respective states with the weights; Maine, 10, Massachusetts, 6, New Hampshire, 7, and Vermont, 77. Divide the weighted average monthly wage rate by .6394 and multiply by 0.4.

(3) Add the results determined pursuant to subparagraphs (1) and (2) of this paragraph.

(d) Divide by 3 the sum of the final results computed pursuant to the preceding paragraphs of this section. Express the result as a whole number by dropping fractions of less than one-half or by raising fractions of one-half or more to the next whole number. The result shall be known as the formula index.

(e) Subject to the succeeding paragraphs of this section, the Class I price per hundredweight for milk received from producers at plants located in the 201–210-mile zone shall be as shown in the following table.

CLASS I PRICE SCHEDULE

Formula index	Class I price per hundredweight		
	Jan., Feb., Mar., July, Aug., Sept.	Apr., May, June	Oct., Nov., Dec.
50–56	$1.69	$1.25	$2.13
57–63	1.91	1.47	2.35
64–70	2.13	1.69	2.57
71–77	2.35	1.91	2.79
78–84	2.57	2.13	3.01
85–91	2.79	2.35	3.23
91–97	3.01	2.57	3.45
98–104	3.23	2.79	3.67
105–111	3.45	3.01	3.89
112–118	3.67	3.23	4.11
119–125	3.89	3.45	4.33
125–132	4.11	3.67	4.55
133–139	4.33	3.89	4.77
140–146	4.55	4.11	4.99
147–152	4.77	4.33	5.21
153–159	4.99	4.55	5.43
160–166	5.21	4.77	5.65
167–173	5.43	4.99	5.87
174–180	5.65	5.21	6.09
181–187	5.87	5.43	6.31
188–194	6.09	5.65	6.53

If the formula index is more than 194 the price shall be increased at the same rate as would result from further extension of this table at the rate of extension in the six highest index brackets.

(f) The Class I price shall be 44 cents more than the price prescribed in paragraph (e) of this section if less than 33 percent of the milk received by all pool handlers from producers during the 12-month period ending with the second preceding month was Class II milk, except that if the operation of this paragraph would cause the Class I price to be more than 88 cents above the Class I price for the same month of the preceding year, its application shall be limited to only such portion of the 44-cent increase as will result in a Class I price equal to the Class I price for the same month of the preceding year plus 88 cents.

(g) The Class I price shall be 44 cents less than the price prescribed in paragraph (e) of this section if more than 41 percent of the milk received by all pool handlers from producers during the 12-month period ending with the second preceding month was Class II milk, except that if the operation of this paragraph would cause the Class I price to be more than 88 cents below the Class I price for the same month of the preceding year, its application shall be limited to only such portion of the 44-cent reduction as will result in a Class I price equal to the Class I price for the same month of the preceding year minus 88 cents.

(h) Notwithstanding the provisions of the preceding paragraphs of this section, the Class I price for any of the months of March through June of each year shall not be higher than the Class I price for the immediately preceding month and the Class I price for any of the months of September through December of each year shall not be lower than the Class I price for the immediately preceding month.

§ 904.41 *Class II prices.* For Class II milk received from producers, each pool handler shall pay, in the manner set forth in §§ 904.60 through 904.68 and subject to the differentials set forth in § 904.42 and § 904.43, and the adjustments applicable pursuant to § 904.44, not less than the price per hundredweight determined for each month pursuant to this section.

(a) Subject to § 904.43 (c), subtract 52.5 cents from the weighted average price per 40-quart can of 40 percent bottling-quality cream, F. O. B. Boston, as reported by the United States Department of Agriculture for the month during which such milk is received, divide the remainder by 33, multiply by .98, and multiply the result by 3.7. If the cream price described above is not reported as indicated an equivalent determined as follows shall be used in lieu of such cream price:

Compute the simple average of the difference between the cream price reported for the latest three months and the average price for Grade A (92-score) butter at wholesale in the Chicago market as reported for the same months by the United States Department of Agriculture, times 1.22, and times 33. Then add to this amount the average of the butter prices described above multiplied by 33 and 1.22 for the current pricing month.

(b) Multiply by 7.85 the simple average of the prices per pound or roller process and the spray process nonfat dry milk solids for human consumption, in carlots, F. O. B. Chicago area manufacturing plants, as reported by the United States Department of Agriculture for the period from the 26th day of the preceding month through the 25th day of the month during which such milk is delivered.

(c) Add the results obtained in paragraphs (a) and (b) of this section, and from the sum subtract the amount shown below for the applicable month, adjusted pursuant to paragraph (d) of this section. The result is the Class II price per hundredweight for milk received from producers at plants located in the 201–210 railroad freight mileage zone.

Month:	Amount (cents)
January and February	67
March and April	79
May and June	85
July	79
August and September	73
October, November, and December	67

(d) The amount set forth in the table in paragraph (c) of this section shall be reduced by any plus amount determined as follows:

(1) Compute the simple average of the prices reported by the United States Department of Agriculture for milk for manufacturing purposes f. o. b. plants, United States, for the 12 months ending with the preceding month.

(2) Adjust the Class II prices for milk received at plants in the 201–210 mile zone for the preceding 12 months to the average butterfat tests for which the prices described in subparagraph (1) of this paragraph are reported by applying the differential pursuant to § 904.63, and compute a simple average of such adjusted prices.

(3) Determine any amount, computed to the nearest ½ cent, by which the average determined pursuant to subparagraph (1) of this paragraph exceeds the average computed pursuant to subparagraph (2) of this paragraph: *Provided*, That this provision shall not be applicable for the first time until the plus amount determined hereby for the previous month exceeds 5 cents.

§ 904.42 *Zone price differentials.* The minimum prices determined pursuant to §§ 904.40 and 904.41 shall be subject to differentials based upon the zone location of the plant at which the milk was received from producers. For each country plant, the zone shall be determined in accordance with the railroad freight mileage distance to Boston from the railroad shipping point for such plant. Each city plant, regardless of such railroad freight mileage distance, shall be considered to be in the "City Plant" zone. The applicable zone differentials shall be those set forth in the following table, as adjusted pursuant to § 904.43.

DIFFERENTIALS FOR DETERMINATION OF ZONE PRICES

A	B	C
Zone (miles)	Class I—Price differentials (cents per hundredweight)	Class II—Price differentials (cents per hundredweight)
City plant	+52.0	+38.1
41–50	+14.5	+4.2
51–60	+13.5	+4.0
61–70	+13.0	+3.7
71–80	+11.5	+3.5
81–90	+11.0	+3.2
91–100	+10.5	+3.0
101–110	+10.5	+2.9
111–120	+9.0	+2.6
121–130	+9.0	+2.4
131–140	+8.0	+2.1
141–150	+5.5	+1.6
151–160	+4.0	+1.3
161–170	+4.0	+1.2
171–180	+1.5	+0.6
181–190	+1.5	+0.4
191–200	0	+0.1
201–210	(1)	(1)
211–220	−4.0	−0.6
221–230	−4.5	−0.7
231–240	−5.5	−0.9
241–250	−5.5	−0.9
251–260	−6.5	−1.2
261–270	−7.0	−1.3
271–280	−7.5	−1.5
281–290	−8.5	−1.6
291–300	−9.5	−1.8
301–310	−13.0	−2.3
311–320	−13.0	−2.4
321–330	−14.0	−2.5
331–340	−14.0	−2.8
341–350	−15.0	−2.8
351–360	−15.0	−3.0
361–370	−15.0	−3.1
371–380	−15.5	−3.3
381–390	−15.5	−3.4
391 and over	−15.5	−3.5

[1] No differential.

§ 904.43 *Automatic changes in zone price differentials and other price factors.* In case the rail tariff for the transportation of milk in carlots in tank cars or for the transportation of cream in 40-quart cans in carlots of 100–199 cans, as published in New England Joint Tariff—M No. 6 and supplements thereto or revisions thereof, is increased or decreased, the zone price differentials set forth in the table in § 904.42 and other price factors set forth in § 904.41 and in § 904.63, shall be correspondingly increased or decreased in the manner and to the extent provided in this section. Such adjustments shall be effective beginning with the first complete month in which the changes in rail tariffs apply. For the purpose of this section, it shall be considered that the rail tariff applicable to city plants is zero.

(a) If such rail tariff on milk is changed, the differentials set forth in Column B of the table and the city plant differential in Column C shall be adjusted to the extent of any change in the difference between the rail tariff for mileage distances of 201–210 miles and for the other applicable distances. Such adjustments shall be made to the nearest one-half cent per hundredweight in Column B, and to the nearest one-tenth cent per hundredweight in Column C.

(b) If such rail tariff on cream is changed, the country plant zone differentials set forth in Column C of the table shall be adjusted to the extent of any change in the difference between the rail tariff for mileage distances of 201–210 miles and for the other applicable distances, divided by 9.05. Such adjustments shall be made to the nearest one-tenth cent per hundredweight.

(c) If such rail tariff on cream is changed, the rail tariff rate on cream for mileage distances of 201–210 miles times 1.03 and adjusted to the nearest one-half cent shall be used in place of 52.5 cents specified in § 904.41 and § 904.63.

§ 904.44 *Butter and cheese adjustment.* During the months of April, May, June, and July, the value of a pool handler's milk computed pursuant to § 904.50 shall be reduced by an amount determined as follows:

(a) Using the midpoint of any range as one price, compute the average of the daily prices for Grade A 92-score butter wholesale in the New York market which are reported during the month by the United States Department of Agriculture, and add 20 percent.

(b) Divide by 3.7 the amount determined pursuant to § 904.41 (a), and subtract from the quotient the amount determined pursuant to paragraph (a) of this section. The result is the butter and cheese differential.

(c) Determine the pounds of butterfat in Class II milk received from producers, which was processed into salted butter, Cheddar cheese, American Cheddar cheese, Colby cheese, washed curd cheese, or part skim Cheddar cheese at a plant of the first handler of such butterfat or at a plant of a second person to which such butterfat was moved.

(d) Subtract such portion of the quantity determined in paragraph (c) of this section as was made into salted butter and disposed of by the handler or such second person in a form other than salted butter.

(e) Multiply the remaining pounds of butterfat determined pursuant to paragraph (d) of this section by the butter and cheese differential determined pursuant to paragraph (b) of this section.

§ 904.45 *Use of equivalent prices in formulas.* If for any reason a price, index, or wage rate, specified by this order for use in computing class prices and for other purposes is not reported or published in the manner described in this order, the market administrator shall use a price, index, or wage rate, determined by the Secretary to be equivalent to or comparable with the price which is specified.

§ 904.46 *Announcement of class prices and differentials.* The market administrator shall make public announcements of the class prices and differentials in effect pursuant to this subpart as follows:

(a) He shall announce the Class I price for each month on the 25th day of the preceding month, except that if such 25th day is a Sunday or legal holiday, he shall announce the Class I price on the next succeeding work day.

(b) He shall announce the Class II price and the butter and cheese differential on or before the 5th day after the end of each month.

§ 904.47 *Allocation of Class I milk to plants.* Each pool handler's Class I milk during the month, after excluding receipts assigned to Class I milk pursuant to §§ 904.25 through 904.31, shall be allocated to his plants as follows:

(a) His Class I milk first shall be considered to have been the receipts at his city plants of milk from producers' farms, and of outside milk.

(b) Thereafter, his Class I milk shall be considered to have been the receipts at his country plants of that milk received from producers' farms, and that outside milk, which was shipped as fluid milk products, other than cream, from each of his country plants, in the order of the nearness of the plants to Boston. However, shipments to plants located in the States of Maine, New Hampshire, Vermont, or New York, with respect to which utilization as Class II milk is established, shall not be allocated to Class I milk.

BLENDED PRICES TO PRODUCERS

§ 904.50 *Computation of value of milk received from producers.* For each month, the market administrator shall compute the value of milk received from producers which is sold, distributed, or used by each pool handler, in the following manner:

(a) Multiply the quantity of milk in each class by the price applicable pursuant to §§ 904.40 and 904.41; and

(b) Add together the resulting value of each class.

(c) Adjust the value determined in paragraph (b) of this section as provided in § 904.44.

§ 904.51 *Computation of the basic blended price.* The market administrator shall compute the basic blended price per hundredweight of milk delivered during each month in the following manner:

(a) Combine into one total the respective values of milk, computed pursuant to § 904.50 and payments required pursuant to §§ 904.66 and 904.67 for each handler from whom the market administrator has received at his office, prior to the 11th day after the end of such month, the report for such month and the payments required pursuant to §§ 904.61 (b), 904.66, and 904.67 for milk received during each month since the effective date of the most recent amendment of this subpart;

(b) Add the amount of unreserved cash on hand at the close of business on the 10th day after the end of the month from payments made to the market administrator by handlers pursuant to §§ 904.61, 904.62, 904.66, 904.67 and 904.68.

(c) Deduct the amount of the plus differentials, and add the amount of the minus differentials which are applicable pursuant to § 904.64;

(d) Subtract the total amount of cooperative payments required by § 904.72;

(e) Divide by the total quantity of milk received from producers for which a value is determined pursuant to paragraph (a) of this section;

(f) Subtract not less than 4 cents nor more than 5 cents for the purpose of retaining a cash balance in connection with the payments set forth in §§ 904.61 and 904.62. This result, which is the minimum blended price for milk containing 3.7 percent butterfat received from producers at plants located in the 201–210 freight mileage zone, shall be known as the basic blended price.

§ 904.52 *Announcement of blended prices.* On the 12th day after the end of each month the market administrator shall mail to all pool handlers and shall publicly announce:

(a) Such of these computations as do not disclose information confidential pursuant to the act;

(b) The zone blended prices per hundredweight resulting from adjustment of the basic blended price by the differentials pursuant to § 904.64; and

(c) The names of the pool handlers, designating those whose milk is not included in the computations, because of failure to make reports or payments pursuant to this subpart.

PAYMENTS FOR MILK

§ 904.60 *Advance payments.* On or before the 10th day after the end of each month, each pool handler shall make payment to producers for the approximate value of milk received during the first 15 days of such month. In no event shall such advance payment be at a rate less than the Class II price for such month. The provisions of this section shall not apply to any handler who, on or before the 17th day after the end of the month, makes final payment as required by § 904.61 (a).

§ 904.61 *Final payments.* Each pool handler shall make payment for the total value of milk received during such month as required to be computed pursuant to § 904.50 as follows:

(a) On or before the 25th day after the end of each month, to each producer at not less than the basic blended price per hundredweight, subject to the differentials provided in §§ 904.63 and 904.64, for the quantity of milk delivered by such producer; and

(b) To producers, through the market administrator, by paying to, on or before the 23d day after the end of each month, or receiving from the market administrator, on or before the 25th day after the end of each month, as the case may be, the amount by which the payments at the basic blended price adjusted by the plant and farm location differentials provided in § 904.64 are less than or exceed the value of milk as required to be computed for each such handler pursuant to § 904.50 as shown in a statement rendered by the market administrator on or before the 20th day after the end of such month.

§ 904.62 *Adjustments of errors in payments.* Whenever verification by the market administrator of reports or payments of any handler discloses errors made in payments pursuant to §§ 904.61 (b), 904.66, or 904.67, the market administrator shall promptly bill such handler for any unpaid amount and such handler shall, within 15 days, make payment to the market administrator of the amount so billed. Whenever verification discloses that payment is payable by the market administrator to any handler, the market administrator shall, within 15 days, make such payment to such handler. Whenever verification by the market administrator of the payment to any producer for milk delivered to any handler discloses payment to such producer of an amount less than is required by this order, the handler shall make up such payment to the producer not later than the time of making final payment for the month in which such error is disclosed.

§ 904.63 *Butterfat differential.* In making the payments to each producer for milk received from him, each pool handler shall add for each one-tenth of 1 percent average butterfat content above 3.7 percent, or deduct for each one-tenth of 1 percent average butterfat content below 3.7 percent, an amount per hundredweight calculated by the market administrator as follows:

(a) Subject to § 904.43 (c), subtract 52.5 cents from the weighted average price per 40-quart can of 40 percent bottling quality cream, f. o. b. Boston, as reported by the United States Department of Agriculture for the period between the 16th day of the preceding month and the 15th day inclusive of the month during which such milk is delivered, and divide the remainder by 330. If the cream price described above is not reported as indicated an equivalent determined as follows shall be used in lieu of such cream price:

Compute the simple average of the difference between the cream price reported for the latest three months and the average price for Grade A (92-score) butter at wholesale in the Chicago market as reported for the same months by the United States Department of Agriculture, times 1.22, and times 33. Then add to this amount the average of the butter prices described above, for the period between the 16th day of the preceding month and the 15th day inclusive of the month during which such milk is delivered, multiplied by 33 and 1.22.

§ 904.64 *Location differentials.* The payments to be made to producers by handlers pursuant to § 904.61 (a) shall be subject to the differentials set forth in Column B of the table in § 904.42 as adjusted by § 904.43 and to further differentials as follows:

(a) With respect to milk delivered by a producer whose farm is located more than 40 miles but not more than 80 miles from the State House in Boston, there shall be added 23 cents per hundredweight, unless such addition gives a result greater than the Class I price pursuant to §§ 904.40 and 904.42 which is effective at the plant to which such milk is delivered, in which event there shall be added an amount which will give as a result such price.

(b) With respect to milk delivered by a producer whose farm is located not more than 40 miles from the State House in Boston, there shall be added 46 cents per hundredweight, unless such addition gives a result greater than the Class I price pursuant to §§ 904.40 and 904.42 which is effective at the plant to which such milk is delivered, in which event there shall be added an amount which will give as a result such price.

§ 904.65 *Other differentials.* In making the payments to producers set forth in § 904.61 (a), pool handlers may make deductions as follows:

(a) With respect to milk delivered by producers to a city plant which is located outside the marketing area and more than 14 miles from the State House in Boston, 10 cents per hundredweight;

(b) With respect to milk delivered by producers to a country plant, at which plant the average daily receipts of milk from producers are:

(1) Less than 17,000 but greater than 8,500 pounds, 4 cents per hundredweight, and

(2) 8,500 pounds or less, 8 cents per hundredweight.

§ 904.66 *Payments on outside milk.* (a) Within 23 days after the end of each month, each pool handler, buyer-handler, or producer-handler, whose receipts of outside milk are in excess of his total use of Class II milk after deducting receipts of cream, shall make payment on such excess quantity to producers, through the market administrator, at the difference between the price pursuant to § 904.40 and the price pursuant to § 904.41 effective for the location or freight mileage zone of the plant at which the handler received the outside milk.

(b) Within 23 days after the end of each month, each handler who operates an unregulated plant from which outside milk is disposed of to consumers in the marketing area without intermediate movement to another plant shall make payment to producers, through the market administrator, on the quantity so disposed of. The payment shall be at the difference between the price pursuant to § 904.40 and the price pursuant to § 904.41 effective for the location or freight mileage zone of the handler's plant.

§ 904.67 *Payments on diverted milk.* Within 23 days after the end of each month, each pool handler, buyer handler, or producer handler who receives outside milk from the farms of dairy producers under other Federal orders which is diverted pursuant to § 904.2 (e) shall in addition to any payments on such milk required by § 904.66 pay during the applicable months to producers through the market administrator on the pounds of butterfat received in such diverted milk the price adjustment computed pursuant to § 904.44.

§ 904.68 *Adjustment of overdue accounts.* Any balance due pursuant to §§ 904.61, 904.62, 904.66, 904.67 and 904.68 for any month since August 1, 1937, to or from the market administrator on the 10th day of any month, for which remittance has not been received in, or paid from, his office by the close of business on that day, shall be increased one-half of 1 percent effective the 11th day of such month.

§ 904.69 *Statements to producers.* In making the payments to producers prescribed by § 904.61 (a), each pool handler shall furnish each producer with a supporting statement, in such form that it may be retained by the producer, which shall show:

(a) The month, and the identity of the handler and of the producer;

(b) The total pounds and average butterfat test of milk delivered by the producer;

(c) The minimum rate or rates at which payment to the producer is required under the provisions of §§ 904.61 (a), 904.63, and 904.64;

(d) The rate which is used in making the payment, if such rate is other than the applicable minimum rate;

(e) The amount or the rate per hundredweight of each deduction claimed by the handler, including any deductions claimed under §§ 904.65 and 904.75, together with a description of the respective deductions; and

(f) The net amount of payment to the producer.

PAYMENTS TO COOPERATIVE ASSOCIATIONS

§ 904.71 *Application and qualification for cooperative payments.* Any cooperative association of producers duly organized under the laws of any state may apply to the Secretary for a determination that it is qualified to receive cooperative payments in accordance with the provisions of §§ 904.71 through 904.75. Upon notice of the filing of such an application, the market administrator shall set aside for each month, from the funds provided by handlers' payments to the market administrator pursuant to §§ 904.61, 904.62, 904.66, 904.67, and 904.68, such amount as he estimates is ample to make payment to the applicant, and hold it in reserve until the Secretary has ruled upon the application. The applicant association shall be considered to be a qualified association entitled to receive such payments from the date fixed by the Secretary, if he determines that it meets all of the following requirements.

(a) It conforms to the requirements relating to character of organization, voting, dividend payments, and dealing in products of nonmembers, which are set forth in the Capper-Volstead Act and in the state laws under which the association is organized.

(b) It operates as a responsible producer-controlled marketing association exercising full authority in the sale of the milk of its members.

(c) It systematically checks the weights and tests of milk which its members deliver to plants not operated by the association.

(d) It guarantees payment to its members for milk delivered to plants not operated by the association.

(e) It maintains, either individually or together with other qualified associations, a competent staff for dealing with marketing problems and for providing information to its members.

(f) It constantly maintains close working relationships with its members.

(g) It collaborates with similar associations in activities incident to the maintenance and strengthening of collective bargaining by producers and the operation of a plan of uniform pricing of milk to handlers.

(h) It is in compliance with all applicable provisions of this subpart.

§ 904.72 *Cooperative payments.* On or before the 25th day after the end of each month, each qualified association shall be entitled to receive a cooperative payment from the funds provided by handlers' payments to the market administrator pursuant to §§ 904.61, 904.62, 904.66, 904.67, and 904.68. The payment shall be made under the conditions and at the rates specified in this section, and shall be subject to verification of the receipts and other items upon which such payment is based.

(a) Each qualified association shall be entitled to payment at the rate of 1 cent per hundredweight on the milk which its producer members deliver to the plant of a handler other than a qualified association; except on milk delivered by a producer who is also a member of another qualified association, and on milk delivered to a handler who fails to make applicable payments pursuant to § 904.61 (b) and § 904.77 within ten days after the end of the month in which he is required to do so. If the handler is required by § 904.75 to make deductions from members of the association at a rate lower than 1 cent per hundredweight, the payment pursuant to this paragraph shall be at such lower rate.

(b) Each qualified association shall be entitled to payment at the rate of 2 cents per hundredweight on milk received from producers at a plant operated by that association.

§ 904.73 *Reports relating to cooperative payments.* Each qualified association shall, upon request by the market administrator, make reports to him with respect to its use of cooperative payments and its performance in meeting the requirements set forth as the basis for such payments, and shall file with him a copy of its balance sheet and operating statement at the close of each fiscal year.

§ 904.74 *Suspension of cooperative payments.* Whenever there is reason to believe that an association is no longer meeting the qualification requirements, the market administrator shall, upon request by the Secretary, suspend cooperative payments to it, and shall give the association written notice of the suspension. Such suspended payments shall be held in reserve until the Secretary has, after notice and opportunity for a hearing, ruled upon the performance of the association.

§ 904.75 *Deductions from payments to members.* (a) Each association which is entitled to receive cooperative payments on milk which its producer mem-

bers deliver to a handler other than a qualified association may file a claim with the handler for amounts to be deducted from the handler's payments to such members. The claim shall contain a list of the producers, an agreement to indemnify the handler in the making of the deductions, and a certification that the association has an unterminated membership contract with each producer, authorizing the claimed deduction.

(b) In making payments to his producers for milk received during the month, each handler shall make deductions in accordance with the association's claim, and shall pay the amount deducted to the association within 25 days after the end of the month.

ADMINISTRATION EXPENSE

§ 904.77 *Payments of administration expense.* Within 23 days after the end of each month, each handler shall make payment to the market administrator of his pro rata share of the expense of administration of this subpart. The payment shall be at the rate of 3 cents per hundredweight, or such lesser amount as the Secretary may from time to time prescribe, and shall apply to all of the handler's receipts of milk from producers and receipts of exempt milk and outside milk during the month.

OBLIGATIONS

§ 904.78 *Termination of obligations.* The provisions of this section shall apply to any obligation under this subpart for the payment of money irrespective of when such obligation arose.

(a) The obligation of any handler to pay money required to be paid under the terms of this subpart shall, except as provided in paragraphs (b) and (c) of this section, terminate two years after the last day of the calendar month during which the market administrator receives the handler's utilization report on the milk involved in such obligation, unless within such two-year period the market administrator notifies the handler in writing that such money is due and payable. Service of such notice shall be complete upon mailing to the handler's last known address, and it shall contain but need not be limited to the following information:

(1) The amount of the obligation;

(2) The month(s) during which the milk, with respect to which the obligation exists, was received or handled; and

(3) If the obligation is payable to one or more producers or to an association of producers, the name of such producer(s) or association of producers, or if the obligation is payable to the market administrator, the account for which it is to be paid.

(b) If a handler fails or refuses, with respect to any obligation under this order, to make available to the market administrator or his representatives all books and records required by this subpart to be made available, the market administrator may, within the two-year period provided for in paragraph (a) of this section, notify the handler in writing of such failure or refusal. If the market administrator so notifies a handler, the said two-year period with respect to such obligation shall not begin to run until the first day of the calendar month following the month during which all such books and records pertaining to such obligation are made available to the market administrator or his representatives.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, a handler's obligation under this subpart to pay money shall not be terminated with respect to any transaction involving fraud or willful concealment of a fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed.

(d) Any obligation on the part of the market administrator to pay a handler any money which such handler claims to be due him under the terms of this subpart shall terminate two years after the end of the calendar month during which the milk involved in the claim was received if an underpayment is claimed, or two years after the end of the calendar month during which the payment (including deduction or setoff by the market administrator) was made by the handler if a refund on such payment is claimed, unless such handler, within the applicable period of time, files, pursuant to section 8c (15) (A) of the act, a petition claiming such money.

MISCELLANEOUS PROVISIONS

§ 904.80 *Effective time.* The provisions of this subpart or any amendments to its provisions, shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated pursuant to § 904.81.

§ 904.81 *Suspension or termination.* The Secretary may suspend or terminate this subpart or any of its provisions whenever he finds that this subpart or any of its provisions obstruct or do not tend to effectuate the declared policy of the act. This subpart shall, in any event, terminate whenever the provisions of the act authorizing it cease to be in effect.

§ 996.82 *Continuing obligations.* If, upon the suspension or termination of any or all provisions of this subpart, there are any obligations arising under it, the final accrual or ascertainment of which requires further acts by any person, such further acts shall be performed notwithstanding such suspension or termination.

§ 904.83 *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions of this subpart the market administrator, or such person as the Secretary may designate, shall, if so directed by the Secretary, liquidate the business of the market administrator's office and dispose of all funds and property then in his possession or under his control, together with claims for any funds which are unpaid or owing at the time of such suspension or termination. Any funds collected pursuant to the provisions of this subpart, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating and distributing such funds, shall be distributed to the contributing handlers and producers in an equitable manner.

§ 904.84 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States, or name any bureau or division of the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions of this subpart.

Issued at Washington, D. C., this 13th day of July 1951.

[SEAL] ROY W. LENNARTSON,
Assistant Administrator, Production and Marketing Administration.

NOTICES

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 8736, 8975, 8976, 9175]

TELEVISION BROADCAST SERVICE

NOTICE OF PROPOSED PROCEDURE

In the matters of amendment of § 3.606 of the Commission's rules and regulations, Docket Nos. 8736 and 8975; amendment of the Commission's rules, regulations and Engineering Standards concerning the Television Broadcast Service, Docket No. 9175; utilization of frequencies in the band 470 to 890 Mcs. for Television Broadcasting, Docket No. 8976.

1. The Commission has before it a petition, filed July 6, 1951, by the National Association of Radio and Television Broadcasters in behalf of its Television Board (NARTB-TV) which requests the Commission to change the procedure to be followed in the hearings in the above-entitled matters. In the said petition it is requested that the following procedure be followed in lieu of the oral hearing scheduled to commence on July 23, 1951:

1. Provide interested parties of record an opportunity to participate in further rule making on these subjects solely through submission of written data, views, or arguments in lieu of oral presentation in open hearing, said material to have the same force and effect as if such testimony and evidence had been presented orally at the hearing scheduled to begin on July 23, 1951.

2. Provide for a 30-day period from the date of grant of this petition within which such parties of record may fully implement comments (including data, views or arguments) previously filed, having due notice that opportunity for oral presentation will not be provided, unless good cause is shown to the contrary by specific petition.

3. Provide for an additional 30-day period within which such parties of record may submit written comments (including data, views or arguments) in opposition to the implemented and additional comments filed in accordance with paragraph 2 above.

4. Provide for the submission of the above specified, written testimony and evidence in affidavit form.

5. Provide that such written data, views or arguments shall be filed with the Commission in sufficient number to permit reasonable access thereto at the Commission.

2. In support of its proposal the NARTB-TV states the following:

• • • many states are presently without any local television service; • • • only a minor percentage of the communities of the United States do presently receive television broadcast service; • • • the peoples of many communities and rural areas now unserved are deprived of a television service now available to residents of the larger cities of the nation; • • • this unserved public desires and deserves television service within the reasonable future; • • • the Commission does not contemplate new and additional grants of television construction permits until final determination of these dockets; • • • pursuant to the Commission's Third Notice of Further Proposed Rule Making (as amended) and in contemplation of the so-called specific allocations hearing now scheduled for July 23, the Commission has received over 1,000 pleadings, so filed, including 700 comments and 330 individual oppositions; • • • oral presentation and cross examination by these parties before the Commission en banc in open hearing would entail between eight to fifteen months of time and further delay; • • • these extraordinary and unusual circumstances are of a nature to require a specific expediting procedure in the public interest; • • • section 4 (j) of the Communications Act of 1934 as amended specifies that "the Commission may conduct its proceedings in such manner as will best conduce to the proper dispatch of business and to the ends of justice"; • • • in accordance with section 4 (b) of the Administrative Procedure Act of 1946 the Commission "• • • shall afford interested persons an opportunity to participate in rule making through submission of written data, views or arguments with or without opportunity to present the same orally in any manner" (emphasis supplied); • • • Petitioner urges that exercise of this discretion in this instance would serve public necessity and promote public convenience and interest; • • •

3. The Commission also has before it petitions to amend the Third Notice of Further Proposed Rule-Making (FCC 51-244) filed July 11, 1951, by Keokuk Broadcasting Company, Keokuk, Iowa, Allegheny Broadcasting Company, Pittsburgh, Pennsylvania, Hirsch Broadcasting Company, Cape Girardeau, Missouri,[1] The Gable Broadcasting Company, Altoona, Pennsylvania, Orlando Broadcasting Company, Inc., Orlando, Florida, KFRU, Inc., Columbia, Missouri, Lynchburg Broadcasting Corporation, Lynchburg, Virginia and Pittsburg Broadcasting Co., Inc., Pittsburg, Kansas. These petitions state that the petitioners join in the petition filed by NARTB-TV described in paragraphs 1 and 2 above. In support of their petitions the petitioners state that they believe:

• • • that the submission of information and data in written form, rather than by oral presentation in open hearing, would save the Commission over a year's time in the solution of the television allocation problem. Such a saving of time and money for the Commission and the parties to this proceeding is surely in the public interest.

The preparation of the material to be submitted will create, during the summer vacation period, a tremendous workload in the offices of engineers, attorneys, parties to this proceeding and all others who must assemble and prepare these data. Therefore, inasmuch as over a year's time may be saved, a more thorough presentation may be made for the Commission's consideration if forty-five or sixty days are permitted for the preparation of the material to be submitted and the same time for the filing of answers or oppositions.

4. The Commission also has before it a statement regarding the petition of the NARTB-TV to amend the Third Notice of Further Proposed Rule-Making described in paragraphs 1 and 2 above, filed on July 11, 1951 by Birmingham Broadcasting Company, Inc., licensee of Station WBRC (TV), Birmingham, Alabama. This statement requests the Commission to permit the filing of written affidavits, documents, etc., as requested in the petition filed by the NARTB-TV. The statement points out that the Birmingham Broadcasting Company, Inc., is not affected by the NARTB-TV petition inasmuch as that petition does not apply to show cause orders which have been issued pursuant to paragraphs 8 and 9 of the Commission's Third Notice of Further Proposed Rule-Making. The statement points out further that no one has requested a hearing on the show cause order which Birmingham Broadcasting Company, Inc., has accepted and, therefore, no hearing is involved in order that the change in frequencies contemplated by the show cause order may be accomplished. The statement provides further that "it is the desire of this petitioner to advise the Commission that it is willing to cooperate and that it is in favor of the time saving process set forth by NARTB." Birmingham states, however, that its statement is not intended to in anywise affect the present status of the show cause proceeding with respect to its station.

5. The Commission is cognizant of the compelling need of concluding the instant proceedings at the earliest possible date consistent with due consideration of the important basic issues involved. It is keenly aware of the considerations referred to in the petitions described above and of the fact that the interest of the people of the United States requires that television become available on a nationwide scale at the earliest practicable moment and on a basis that will make for a fair, efficient, and equitable distribution of television service. It has, therefore, had under consideration possible methods for expediting progress of the instant proceedings in order to accomplish this objective. As a result of such consideration, including a review of the petitions described above, the Commission announces the following as a proposed procedure for completion of the above-entitled proceedings.

a. The further oral hearing now scheduled to be held in the above-entitled proceedings commencing July 23, 1951, would not be held. In lieu of such oral hearing, any person who, pursuant to paragraph 12 of the Third Notice of Further Proposed Rule Making (FCC 51-244) has filed an appropriate comment or opposition with respect to Appendices C and D in the above-entitled proceeding, would be permitted to file sworn written statements or exhibits fully setting out their position in support of such pleadings. Parties who have heretofore filed such comments or oppositions may adopt such statements or any designated portions as the complete presentation with respect to any issue by such party by the filing of a sworn statement verifying the matters of fact set out therein. The date for filing of such statements or exhibits would be specified by the Commission upon final adoption of the procedure proposed herein.

b. Any person eligible to submit sworn statements or exhibits under subparagraph a above, would, in lieu of cross-examination and rebuttal, be permitted to submit sworn statements or exhibits directed to those submitted by other parties pursuant to subparagraph a, above. The final date for the filing of any such statements or exhibits would be specified by the Commission upon final adoption of the procedure proposed herein.

c. The Commission would, upon its own motion or that of any proper party, order oral cross examination of any person or party who has filed a sworn statement or exhibit in this proceeding in connection with subparagraphs a and b, if upon review of the statements and exhibits filed pursuant to subparagraphs a and b above, it appears relevant factual issues cannot otherwise be satisfactorily resolved.

d. On July 20, 1951, at 10:00 a. m., the Commission will hold a formal pre-hearing conference in Conference Room B adjacent to the Interdepartmental Auditorium, between 13th and 14th Streets NW. on Constitution Avenue, Washington, D. C. The purpose of this pre-hearing conference will be to discuss the procedure described in subparagraphs a, b and c above with the parties eligible to participate in the remaining portions of this proceeding or their attorneys. Such parties may also file written statements supporting or oppos-

[1] Hirsch Broadcasting Company appears not to have heretofore filed a proper pleading in this proceeding.

ing the adoption of the said procedure on or before the date of the pre-hearing conference. Following the conference the Commission will announce whether the procedure proposed herein is adopted as final. In reaching this decision it will take into full account the views expressed at the pre-hearing conference.

6. The oral hearing in the above-entitled proceeding scheduled to commence on July 23, 1951, is hereby continued and will commence on July 30, 1951, should the procedure proposed herein not be finally adopted.

7. This notice is issued pursuant to section 4 (i) and (j) of the Communications Act of 1934, as amended, and section 4 of the Administrative Procedure Act.

Adopted: July 13, 1951.

Released: July 13, 1951.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

CIVIL AERONAUTICS BOARD

[Docket No. SA-236]

ACCIDENT OCCURRING NEAR FORT COLLINS, COLORADO

NOTICE OF HEARING

In the matter of investigation of accident involving aircraft of United States Registry N-37543, which occurred near Fort Collins, Colorado, on June 30, 1951.

Notice is hereby given, pursuant to the Civil Aeronautics Act of 1938, as amended, particularly section 702 of said act, in the above-entitled proceeding that hearing is hereby assigned to be held on Thursday, July 19, 1951, at 9:00 a. m. (local time) in the Albany Hotel, Seventeenth and Stout Streets, Denver, Colorado.

Dated at Washington, D. C., July 12, 1951.

[SEAL] VAN R. O'BRIEN,
Presiding Officer.

[F. R. Doc. 51-8185; Filed, July 17, 1951; 8:48 a. m.]

FEDERAL POWER COMMISSION

[Docket Nos. G-1210, G-1236, G-1264]

GRAND RIVER-ERIE GAS TRANSMISSION CO. ET AL

NOTICE OF ORDER GRANTING MOTION TO WITHDRAW APPLICATION AND TERMINATING PROCEEDING

JULY 13, 1951.

In the matters of Grand River-Erie Gas Transmission Company, Docket No. G-1210; Lake Shore Pipe Line Company, Docket No. G-1236; Grand River Gas Transmission Company, Docket No. G-1264.

Notice is hereby given that, on July 12, 1951, the Federal Power Commission issued its order entered July 11, 1951, in the above-entitled matters, granting motion to withdraw application and terminating proceeding in Docket No. G-1264, Grand River Gas Transmission Company.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-8187; Filed, July 17, 1951; 8:48 a. m.]

[Docket No. E-6252]

INTERSTATE LIGHT & POWER CO. (WISCONSIN) AND WISCONSIN POWER & LIGHT CO.

NOTICE OF ORDER DIRECTING COMPLIANCE

JULY 13, 1951.

In the matter of Interstate Light and Power Company (Wisconsin) and Wisconsin Power and Light Company; Docket No. E-6252.

Notice is hereby given that, on July 12, 1951, the Federal Power Commission issued its Opinion No. 215 and order entered July 11, 1951, in the above-entitled matter, directing compliance with the Federal Power Act.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-8188; Filed, July 17, 1951; 8:48 a. m.]

[Docket No. G-1729]

EL PASO NATURAL GAS CO.

NOTICE OF APPLICATION

JULY 12, 1951.

Take notice that on June 27, 1951, El Paso Natural Gas Company (Applicant), a Delaware corporation, of El Paso, Texas, filed an application for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, authorizing the construction and operation of a 1980 hp. compressor station, near Shell Oil Company's T X L plant in Ector County, Texas.

By means of the proposed facility, Applicant expects to transport an additional 17,800 Mcf of natural gas per day from the Shell Oil plant to Applicant's Keystone plant in Winkler County, Texas through two existing parallel 16 inch pipelines interconnecting the two plants. These additional volumes will be used to supply the general requirements of existing customers. The cost of the proposed facility is estimated to be $453,000 which will be paid from current working funds of Applicant without additional financing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 1st day of August 1951. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-8189; Filed, July 17, 1951; 8:48 a. m.]

[Docket No. G-1732]

MANUFACTURERS LIGHT AND HEAT CO. ET AL.

NOTICE OF APPLICATION

JULY 12, 1951.

In the matter of The Manufacturers Light and Heat Company, Cumberland and Allegheny Gas Company, Home Gas Company.

Take notice that The Manufacturers Light and Heat Company (Manufacturers), a Pennsylvania corporation, Cumberland and Allegheny Gas Company (Cumberland), a West Virginia corporation, and Home Gas Company (Home), a New York corporation, each having as its address, Pittsburgh, Pennsylvania (all hereinafter sometimes referred to as "Applicants"), filed on June 29, 1951, a joint application for certificates of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of certain natural-gas transmission pipeline facilities, and for orders pursuant to section 7 (b) of the Natural Gas Act, authorizing and approving the abandonment and retirement of certain natural-gas facilities, as hereinafter described.

Manufacturers proposes to contruct and operate approximately 3.2 miles of 20-inch, 2.69 miles of 16-inch, 0.5 mile of 12-inch, 1.0 mile of 10-inch, 2.10 miles of 8-inch, 9.13 miles of 6-inch and 7.37 miles of 4-inch natural-gas transmission pipeline at various points on its system in Pennsylvania and West Virginia, and in connection therewith to abandon and retire approximately 2.54 miles of 20-inch, 0.66 mile of 18-inch, 0.79 mile of 10-inch, 0.94 mile of 8-inch, 0.16 mile of 5-inch, 5.67 miles of 4-inch, 0.45 mile of 3-inch and 5.32 miles of 2-inch existing pipeline. Manufacturers also proposes to convert approximately 15,840 feet of 10-inch pipeline from its present use as a transmission line to use as a distribution line, and to abandon and dismantle its existing Mount Pleasant Compressor Station in Hancock County, West Virginia consisting of one 125 hp. compressor unit and necessary appurtenances.

Cumberland proposes to construct and operate approximately 12.38 miles of 6-inch and 4,550 feet of 4-inch natural-gas transmission pipeline at points on its system in Maryland and West Virginia, and in connection therewith to abandon and retire approximately 9.6 miles of 3-inch and 4-inch, 2.9 miles of 4-inch and 5,138 feet of 2-inch existing pipeline.

Home proposes to construct and operate approximately 16 miles of 12-inch natural-gas transmission pipeline paralleling a portion of its existing multiple transmission system between Olean and the Hudson River in New York.

Applicants state that by means of the proposed additional facilities the deliverability of their transmission systems will be increased and improved in the interest of flexibility, and that the retirement of facilities no longer used or useful in the public service, as proposed, will eliminate expenses in connection therewith. Applicants state that none of the proposed facilities are being installed to serve new markets.

The total estimated net cost of retirement of existing facilities and of construction of additional facilities for Manufacturers is $1,052,911, for Cumberland is $245,152 and for Home is $555,000. Such cost is proposed to be paid for by borrowing the major portion thereof from Applicants' parent company, The Columbia Gas System, Inc.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 1st day of August 1951. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[Docket No. G-1735]

NORTH PENN GAS CO. AND CRYSTAL CITY GAS CO.

NOTICE OF APPLICATION

JULY 12, 1951.

Take notice that North Penn Gas Company (North Penn), a Pennsylvania corporation, address, Port Allegany, Pennsylvania and its wholly-owned subsidiary, Crystal City Gas Company (Crystal City), a New York corporation, address, Corning, New York, filed on July 6, 1951, a joint application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of approximately 10.3 miles of combined 12-inch and 10¾-inch natural-gas transmission pipeline, paralleling an equal length of existing 12-inch and 8-inch pipeline extending from Palmer Station in North Penn's Farmington Storage Area to a point known as the "Corning Y" in Steuben County, New York.

North Penn proposes to construct and operate 7 miles of 10¾-inch line and approximately 8,400 feet of 12-inch line in Pennsylvania, and Crystal City proposes to construct and operate the remaining 9,200 feet of 12-inch line in New York. Applicants propose, by means of said facilities, to increase the capacity of their existing systems by 36,000 Mcf per day of natural gas in order to provide for present and future growth requirements of customers in Corning and Elmira, New York.

The estimated total overall cost of the proposed facilities is $239,369. The proposed financing will be out of current funds.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 1st day of August 1951. The joint application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54-196, 59-97]

MISSION OIL CO. ET AL.

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING ON PLAN; NOTICE OF AND ORDER FOR HEARING, AND ORDER CONSOLIDATING PROCEEDINGS

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 11th day of July A. D. 1951.

In the matter of the Mission Oil Co., Southwestern Development Company and subsidiaries; File No. 54-196, File No. 59-97.

I. Notice is hereby given that the Mission Oil Company ("Mission"), a registered holding company and its subsidiary, Southwestern Development Company ("Southwestern"), also a registered holding company, and the subsidiaries of Mission and Southwestern have filed an application for approval of a plan pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("act") for the stated purpose of effectuating compliance by such companies with the provisions of section 11 (b) of the act.

All interested persons are referred to the application which is on file in the office of this Commission for a statement of the transactions therein proposed which may be summarized as follows:

Sinclair Oil Corporation ("Sinclair"), which has been granted an exemption from the provisions of the act, and Mission own, respectively, 51 percent and 47.28 percent of the voting securities of Southwestern. In addition, Sinclair holds 3.978 percent of the voting securities of Mission. Southwestern owns all of the outstanding securities of Amarillo Gas Company ("Amarillo Gas"), Amarillo Oil Company ("Amarillo Oil"), Clayton Gas Company ("Clayton"), Dalhart Gas Company ("Dalhart"), Red River Gas Company ("Red River") and West Texas Gas Company ("West Texas"). Southwestern also owns all of the outstanding common stock of Canadian River Gas Company ("Canadian") and 42.5 percent of the common stock of Colorado Interstate Gas Company ("Colorado"). The remaining 57.5 percent of the common stock of Colorado is owned 15 percent by Public Service Company of Colorado and 42.5 percent by a group of investment bankers including Union Securities Corporation which is the largest holder of this block. The type of business and other data in respect of the various applicants are set forth in Part II hereinafter.

Briefly stated, the plan provides for the liquidation of Mission through the distribution to its stockholders of its holdings of common stock of Southwestern; the divestment by Sinclair of its interest in the common stock of Southwestern; the distribution by Southwestern to its stockholders of its holdings of common stock of Colorado following the merger of Colorado and Canadian into Colorado; the organization of a new corporation for the purpose of acquiring and holding certain natural gasoline rights now held by Canadian and Amarillo Oil, and the distribution of the stock of such new corporation to the stockholders of Southwestern. The securities to be received by Mission in connection with the distributions by Southwestern will also be distributed to Mission's stockholders, and the common stock of Colorado to be received by Sinclair in respect of such distributions will be disposed of as hereinafter provided.

The specific transactions proposed in the plan are as follows:

1. Southwestern will change its 40,806 outstanding shares of common stock, without par value, into 727,757.05 shares of common stock of the par value of $5 per share, and will issue new certificates evidencing 727,757.05 shares in exchange for the certificates evidencing the outstanding 40,806 shares.

2. Colorado will change its 1,250,000 outstanding shares of common stock, without par value, into 1,710,016.60 shares of common capital stock of the par value of $5 per share, and will issue new certificates evidencing said 1,710,016 60 shares of capital stock in exchange for certificates evidencing said 1,250,000 shares.

3. Canadian will organize a new corporation ("Gasoline Company"), with a capitalization to consist entirely of 1,000,000 authorized shares of $0.10 par value common stock.

4. Canadian will transfer to Gasoline Company all of the natural gasoline and other liquid hydrocarbons owned by Canadian in place and also 85 percent of the net earnings received by Canadian from the natural gasoline operations of Texoma Natural Gas Company (now merged with Natural Gas Pipeline Company of America), a non-affiliate, in exchange for 727,757.05 shares (100 percent) of the common stock of Gasoline Company.

5. Canadian and Gasoline Company will execute an operating agreement providing for the extraction and processing by Canadian of the natural gasoline and other liquid hydrocarbons to be owned

by Gasoline Company and for the sale by such company of the processed natural gasoline and other liquid hydrocarbons and for the payment by such company to Canadian of an amount equal to 50 percent of the gross proceeds of such sales.

6. Amarillo Oil will also transfer to Gasoline Company and to Canadian the right to 50 percent and 4.16 percent, respectively, of the gross proceeds from the sale of natural gasoline extracted from gas delivered by Canadian to Amarillo Oil for the use of West Texas pursuant to contract dated January 1, 1928.

7. Canadian will distribute all of the stock of Gasoline Company to Southwestern, the sole shareholder of Canadian; Southwestern will distribute such stock to its shareholders on the basis of one share of stock of Gasoline Company for each share of Southwestern; and Mission will distribute the shares of such stock, received from Southwestern, to Mission's stockholders on a share for share basis.

8. Canadian and Colorado will be merged into Colorado and the survivor ("Surviving Colorado") will issue 1,710,016.60 shares of common stock, of the par value of $5 per share, to the stockholders of Colorado in exchange for 1,250,000 shares of the presently outstanding no par capital stock of Colorado on the basis of 1.36801328 shares for each present share; and Surviving Colorado will issue an additional 1,000 shares of its common stock to Southwestern in exchange for the 25,000 shares of capital stock of Canadian now owned by Southwestern. It appears from the application that the Federal Power Commission, by order issued July 20, 1950, found a merger of the facilities and properties of Canadian and Colorado to be in the public interest, and, on March 1, 1951, issued to Colorado a certificate of public convenience and necessity authorizing Colorado, subject to certain conditions, to acquire and operate the facilities and properties of Canadian.

9. Southwestern will distribute, pro rata, to its stockholders the shares of stock of Surviving Colorado to be received as above, and Mission will distribute to its stockholders the shares of such stock received pursuant to Southwestern's distribution on a share for share basis.

10. Mission will distribute to its stockholders its holdings of the common stock of Southwestern on a share for share basis, and Mission will be dissolved.

11. The application states that Sinclair will agree to dispose of the shares of Surviving Colorado and the shares of Southwestern to be received under the provisions of the plan, such dispositions to be made within one year from the effective date of the plan or within such longer period as the Commission may by order direct.

The applicants request the Commission by appropriate order to find that the plan is necessary or appropriate in the public interest or in the interest of investors and consumers or necessary or appropriate to effectuate the provisions of section 11 (b) of the act, and is fair and equitable to the persons affected thereby.

The Commission is further requested to approve the plan and authorize the applicants to proceed with the consummation thereof subject to the provisions of the Commission's Rule U-24: *Provided, however,* That the steps or transactions of the plan regarding the proposed divestment may be carried out within one year from the effective date of the plan or within such longer time as the Commission may by order direct.

The plan further requests the Commission to enter an order or orders containing recitals conforming to the requirements of Supplement R and section 1808 (f) of the Internal Revenue Code, as amended.

II. The Commission having examined, pursuant to sections 11 (a), 18 (a) and 18 (b) of the act, the corporate structure of Mission, Southwestern, and their subsidiaries, the relationships among the companies in the holding company system, the character of the interests thereof and the properties owned or controlled thereby, to determine the extent to which the corporate structure of such holding company system and the companies therein may be simplified, unnecessary complexities eliminated, voting power fairly and equitably distributed among the security holders thereof, and the properties and businesses of such system confined to those necessary or appropriate to the operations of an integrated public utility system or systems under the standards of section 11 (b) of the act; and said examination having disclosed data establishing or tending to establish the following:

1. Mission is a corporation organized under the laws of the State of Kansas and maintains its principal office in Kansas City, Missouri. It is solely a holding company whose principal asset consists of 19,294 shares (47.3 percent) of the outstanding no par common stock of Southwestern. It renders no service, financial or otherwise, to any of the system companies. Of Mission's outstanding common stock about 24 percent is owned by Albert R. Jones (president and a director of Mission and a director of certain other system companies) and members of his family and associates, about 4 percent is owned by Sinclair and about 72 percent is widely distributed among public investors.

2. Southwestern, a corporation organized under the laws of the State of Colorado, maintains its principal office in New York City and is solely a holding company. At December 31, 1950, Southwestern had outstanding $2,750,000 principal amount of 2½ percent unsecured five year notes payable to banks, and 40,806 shares of no par common stock. Southwestern's common stock is owned 51 percent by Sinclair, 47.3 percent by Mission and 1.7 percent by Albert R. Jones, members of his family and associates. Albert R. Jones is vice president and a director of Southwestern and Canadian, and a director of Colorado, Clayton, Amarillo Oil and West Texas.

3. Southwestern has eight subsidiaries of which four are gas utilities, one is a gas production company, one is a gas production and transmission company and the other two are gas transmission companies. Six of these subsidiaries operate in the Texas Panhandle area and one small gas utility operates in northeastern New Mexico. The eight subsidiary, Colorado, owns two gas transmission lines extending from Clayton Junction, New Mexico to Denver, Colorado and from Lakin, Kansas to Denver. It supplies gas at wholesale to eastern Colorado and southeastern Wyoming markets and to Natural Gas Pipeline Company of America for sale at wholesale in Chicago and intermediate markets along the line. Colorado has on file with the Commission an application pursuant to section 2 (a) (8) (A) claiming an exemption as a subsidiary of Southwestern and of Mission and by virtue thereof is exempt as such subsidiary from the provisions of the act except section 9 (a) (2) (File No. 31-465). Colorado also claims exemption from the act pursuant to the provisions of Rule U-3D-15.

4. The names of the companies comprising the holding company system of Mission and Southwestern (their relationships being indicated by indentations), the states in which such companies are incorporated, and the per cent of voting securities owned by the respective system companies, are shown in Table I below:

TABLE I

Name of company	State of organization	Percent of voting securities owned by system companies
Mission Oil Co.	Kansas	
Southwestern Development Co.	Colorado	47.3
Amarillo Gas Co.	Texas	100.0
Amarillo Oil Co.	do	100.0
Canadian River Gas Co.	Delaware	100.0
Clayton Gas Co.	New Mexico	100.0
Colorado Interstate Gas Co.	Delaware	142.5 [1]
Dalhart Gas Co.	Texas	100.0
Red River Gas Co.	Delaware	100.0
West Texas Gas Co.	do	100.0

[1] Public Service Co. of Colorado owns 15 percent and 5 investment banking firms own 42½ percent.

5. Southwestern owns all of the outstanding securities of Amarillo Gas, Amarillo Oil, Clayton, Dalhart, Red River and West Texas, including indebtedness consisting of 2½ percent and 3 percent notes aggregating $6,154,830 at December 31, 1950. Southwestern owns all of the capital stock of Canadian and Colorado holds all of Canadian's outstanding indebtedness aggregating $3,603,162 at December 31, 1950. Colorado's outstanding securities at December 31, 1950 consisted of $18,400,000 principal amount of long term debt held by two institutional investors, $2,000,000 par value of 6 percent preferred stock held by Sinclair and Tri-Continental Investment Company and common stock having a book value of $12,739,000. Under existing contracts Colorado is obligated to supply Canadian with all of its capital requirements, pay a sufficient price for the gas purchased from Canadian to provide for servicing its indebtedness to Colorado and pay all operating expenses, other than depreciation and depletion,

and is entitled to all profits, on a cash basis, from Canadian's operations.

6. The subsidiaries of Southwestern, the states of operation and the kind of business of each, together with the gross property accounts at December 31, 1950, and the gross revenues for the year 1950, are shown in the following table:

TABLE II

Name of company	Kind of operations	States of operations	Gross property	Operating revenues [1]
Amarillo Gas Co.	Natural gas utility	Texas	$2,627,787	$1,243,650
Amarillo Oil Co.	Natural gas transmission	do	2,478,632	938,413
Canadian River Gas Co.	Natural gas production and transmission.	do	17,887,549	3,390,929
Clayton Gas Co.	Natural gas utility	New Mexico	106,414	73,293
Colorado Interstate Gas Co.	Natural gas transmission	Colorado, Kansas, New Mexico.	38,526,732	14,791,613
Dalhart Gas Co.	Natural gas utility	Texas	242,070	146,758
Red River Gas Co.	Natural gas production	do	997,170	498,994
West Texas Gas Co.	Natural gas utility	do	16,861,489	4,957,260

[1] Including intercompany sales.

7. Amarillo Gas distributes natural gas to residential, commercial and industrial consumers in Amarillo, Texas and vicinity. It owns and operates approximately 338 miles of distribution mains of various sizes and purchases all of its gas from Amarillo Oil Company. At December 31, 1950 it served 22,919 meters.

8. Amarillo Oil owns and operates approximately 129 miles of transmission pipelines of various sizes for transporting natural gas within the State of Texas. Its principal customers are Amarillo Gas and American Smelting and Refining Company. It purchases natural gas from Canadian and a relatively small amount of residue gas from a United States Government helium plant. Under existing contracts Amarillo Oil is entitled to first preference to gas from Canadian's reserves.

9. Amarillo Oil renders administrative, financial and other services to associated companies in the Southwestern system, without having been authorized so to do by rule, regulation or order of the Commission.

10. Canadian produces and transmits natural gas and holds gas rights in 263,723 acres in the Texas Panhandle gas fields. It owns and operates 202 gas wells located on the above acreage and approximately 352 miles of gas transmission lines which connect with the pipeline system of Colorado at Clayton Junction, New Mexico. Canadian leases and utilizes a portion of the gas facilities owned by Natural Gas Pipeline Company of America for the purpose of delivering natural gas to that pipeline company at Gray, Oklahoma for the account of Colorado.

11. Colorado owns and operates two natural gas transmission pipelines, one extending about 254 miles from Clayton Junction, New Mexico to Denver, Colorado and the other about 230 miles from Lakin, Kansas to Denver. Through Canadian the company also supplies 25 percent of the natural gas requirements of Natural Gas Pipeline Company of America. It purchases natural gas from Canadian at Clayton Junction, New Mexico and from various producers in the Kansas-Hugoton Field.

12. Clayton owns and operates about 19 miles of distribution mains and distributes natural gas in the town of Clayton, New Mexico to domestic, commercial and industrial customers. On December 31, 1950 it served 10,011 meters. It purchases its gas supply from Canadian.

13. Dalhart distributes natural gas to domestic, commercial and industrial customers in Dalhart, Hartley, Texline and Channing, Texas. On December 31, 1950 it served 2,231 meters. It purchases all of its gas requirements from Canadian and Amarillo Oil.

14. Red River produces natural gas and holds gas rights in 12,423 acres located in the Texas Panhandle Field. It owns and operates gas wells on such acreage and also holds approximately 12,000 acres under contract. It sells gas to West Texas and Natural Gas Pipeline Company of America.

15. West Texas owns and operates about 1,856 miles of pipeline located in the State of Texas. It transports and distributes natural gas to domestic, commercial and industrial consumers in 47 towns located in the western part of Texas. It sells gas to Southern Union Gas Company, a non-affiliate, at the Texas-New Mexico boundary for resale in the State of New Mexico. West Texas purchases gas from nine companies, the principal ones being Red River, an associate in the Southwestern system, and El Paso Natural Gas Company, a non-affiliate. On December 31, 1950 it served 66,687 meters.

16. A copy of a map filed with the application indicating the location of the properties and the service areas of the system is attached.

17. Amarillo Oil acts as fiscal agent for its associate operating companies other than Colorado and Canadian. In such capacity such associate companies maintain deposits of funds with Amarillo Oil, which funds are advanced from time to time to the participating companies and interest charged therefor by the fiscal agent. Interest income is distributed from time to time to the participating companies in proportion to the amounts of their respective deposits. At December 31, 1950, Amarillo Oil owed such associate companies $1,371,735.

18. It appears to the Commission that the holding company system of Mission and Southwestern may not be confined in its operations to those of a single integrated public utility system within the meaning of the act, or to those of a single integrated public utility system together with such additional integrated public utility systems as meet the standards of section 11 (b) (1) and such other businesses as are retainable under the standards of that section.

19. It further appears to the Commission that Mission serves no useful purpose and that its continued existence unduly and unnecessarily complicates the corporate structure of the holding company system.

20. It further appears to the Commission that Amarillo Oil may be rendering services to associate companies in violation of section 13 of the act and Rule U-86 thereunder.

21. It also appears to the Commission that inter-company loans and advances are being made in violation of subdivisions (b) and (f) of section 12 and Rule U-45 thereunder.

III. It appearing to the Commission, on the basis of the facts and allegations herein set forth, that a proceeding should be instituted under sections 11 (b) (1), 11 (b) (2), 12 (b), 12 (f) and 13 (b) of the act with respect to Mission and Southwestern and their subsidiary companies to determine what steps, if any, should be taken by such companies pursuant to provisions of said sections; and

The Commission being required by the provisions of section 11 (e) of the act, before approving any plan thereunder, to find, after notice and opportunity for hearing, that such plan, as submitted or as it may be amended or modified, is necessary to effectuate the provisions of subsection (b) of section 11 of the act, and is fair and equitable to the persons affected by such plan; and

It further appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the plan filed pursuant to section 11 (e) of the act and the proceedings instituted herein by the Commission under sections 11 (b) (1), 11 (b) (2), 12 (b), 12 (f) and 13 (b) of the act; and

It also appearing to the Commission that the said proceedings involve common questions of law and fact and should be consolidated and heard together:

It is hereby ordered, That a proceeding be and it hereby is instituted under sections 11 (b) (1), 11 (b) (2), 12 (b), 12 (f) and 13 (b) of the act directed to Mission, Southwestern and their subsidiary companies to determine what action, if any, should be ordered to be taken by the system companies to effectuate compliance with the requirements of said sections; that such proceeding be, and it hereby is, consolidated with the proceeding with respect to the plan filed herein pursuant to section 11 (e); and that a hearing in the consolidated proceeding under the applicable provisions of the act and the rules and regulations of the Commission thereunder be held on August 6, 1951, at 10:00 a. m., o'clock, e. d. s. t., at the office of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. On that day the hearing room clerk in Room 193 will advise as to the room in which the hearing will be held.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary

examination of the application and, upon the basis thereof, and upon the basis of the statements and allegations contained in Part II hereof, the following matters and questions are presented for consideration without prejudice, however, to additional matters and questions being specified upon further examination:

1. Whether the plan as submitted or as it may be hereafter amended or modified is necessary to effectuate the provisions of section 11 (b) of the act, and is fair and equitable to the persons affected thereby, and if not, in what respect said plan, including any amendments thereto, should be further amended or modified;

2. Whether the proposed transfer by Canadian of the gasoline rights to Gasoline Company, the proposed transfer by Southwestern to Colorado of the common stock of Canadian, the proposed issuance of common stock by Gasoline Company and the acquisition thereof by Canadian and Southwestern are consistent with the applicable provisions of sections 7, 10, 11 and 12 (f) of the act and Rule U-43 thereunder

3. Whether the proposed merger of Canadian and Colorado and the proposed issuance and acquisition of securities and other transactions incident thereto satisfy the applicable statutory standards of sections 7, 10 and 12 (f) and Rule U-43 and are fair and equitable to the persons affected thereby, and what terms and conditions, if any, should be imposed in respect thereof.

4. Whether the proposed distributions by Southwestern and Mission of their holdings of the common stock of Surviving Colorado and of Gasoline Company are appropriate in the public interest and in the interest of investors and consumers; and what terms and conditions, if any, should be imposed in respect thereof.

5. Whether the proposed acquisition by Albert R. Jones, members of his family, and associates of the common stock of Southwestern satisfies the applicable provisions of sections 9 (a) (2) and 10 of the act and whether any terms and conditions should be imposed in respect thereof.

6. Whether the proposed accounting treatment to record the various transactions set forth in the plan conforms to sound accounting principles and complies with the applicable provisions of the Uniform System of Accounts for Public Utility Holding Companies.

7. What terms and conditions, if any, with respect to the proposed transactions should be prescribed in the public interest or for the protection of investors and consumers.

8. Whether the fees and expenses which may be requested by any interested person in connection with the plan or the transactions therein proposed are for necessary services, reasonable in amount and fairly allocated.

9. Whether the allegations contained in Subdivision II hereof are true and correct.

10. Whether the operations of the holding company system are confined to those of a single integrated public utility system within the meaning of the act, or those of a single integrated public utility system, together with such additional integrated public utility systems as meet the standards of section 11 (b) (1) and such other businesses as are retainable under the standards of that section, and if not, what action should be ordered to be taken by the system companies to effectuate compliance with the standards of said section.

11. Whether the corporate structure or continued existence of any company in the holding company system unduly or unnecessarily complicates the structure of the system or unfairly or inequitably distributes voting power among security holders thereof, and if so, what action should be required with respect thereto pursuant to the standards of section 11 (b) (2).

12. Whether Southwestern or any of its subsidiaries, in the conduct of their business, make intercompany loans and extensions of credit which are inconsistent with the provisions of subdivisions (b) and (f) of section 12 of the act and Rule U-45 thereunder and, if so, what action should be taken in respect thereof to insure compliance with the standards of that section.

13. Whether Amarillo Oil or any other system company is rendering legal, financial, accounting or other services in contravention of the provisions of section 13 of the act and Rule U-86 thereunder and, if so, what action, should be taken in respect thereof to insure compliance therewith.

It is further ordered, That at said hearing particular attention shall be directed to the foregoing matters.

It is further ordered, That jurisdiction be and it hereby is reserved to separate, either for hearing in whole or in part or for disposition either in whole or in part any issues or questions which may arise in these proceedings, and to take such other action as may appear conducive to an orderly, prompt, and economical disposition of the matters involved.

It is further ordered, That Mission, Southwestern and their subsidiary companies file with the Secretary of the Commission on or before the 23d day of July 1951, their joint and several answers, in the form prescribed by Rule U-25 of the rules and regulations under the act, admitting, denying or otherwise explaining their respective positions as to each of the allegations set forth in Subdivision II hereof. Such answers may also include statements by respondents of their views as to what action, if any, should be taken to limit the operations of the holding company system in accordance with the integration standards of section 11 (b) (1) of the act, and as to what action, if any, should be taken to bring the corporate structure into conformity with the provisions of section 11 (b) (2) of the act, and as to what action, if any, should be taken to bring the system companies into conformity with other provisions of the act. In lieu of statements of views as aforesaid, respondents may, if they so desire, file a further plan or plans or amendments to the plan which is on file for the purpose of achieving compliance with sections 11 (b) (1), 11 (b) (2), and other applicable provisions of the act.

It is further ordered, That Richard Townsend or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearing of the above matters. The officer so designated to preside at the hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

Notice is hereby given of said hearing to the above named applicants and respondents, to the Federal Power Commission, the Public Service Commission of Colorado, the Public Service Commission of New Mexico, the Railroad Commission of Texas, the State Corporation Commission of Kansas, Natural Gas Pipeline Company of America, Sinclair Oil Corporation, and Albert R. Jones of Kansas City, Missouri, and to all interested persons; said notice to be given to Mission, Southwestern and each of their subsidiary companies and to Albert R. Jones and the above named corporations and Commissions by registered mail, and to all other persons by publication of this notice and order in the FEDERAL REGISTER; and a general release of the Commission with respect to this notice and order shall be distributed to the press and mailed to the mailing lists for releases issued under the Public Utility Holding Company Act of 1935. It is requested that any person desiring to be heard in connection with these proceedings, or proposing to intervene herein, shall file with the Secretary of the Commission, on or before August 3, 1951, his request or application therefor, as provided by Rule XVII of the Commission's rules of practice. Such request shall set forth the nature of such person's interest in the proceedings, the reasons for requesting to be heard or to intervene, and which of the allegations and issues, as set forth above, such person proposes to controvert, together with a statement of any additional issues proposed to be raised in the proceedings herein.

It is further ordered, That Mission and Southwestern shall mail a copy of this notice and order at least fifteen days prior to August 6, 1951, to each of its security holders of record as of a date not earlier than July 10, 1951, at his recorded address; and that there shall be enclosed therewith a statement that the applicants may modify the plan by amendment without further communication with the security holders, unless otherwise ordered by the Commission or unless information with respect to amendments is requested by individual security holders.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

GEORGIA POWER CO.

SUPPLEMENTAL ORDER RELEASING JURISDICTION OVER LEGAL FEES AND EXPENSES

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 11th day of July 1951.

Georgia Power Company ("Georgia"), a public utility subsidiary of the Southern Company, a registered holding company, having filed an application and amendments thereto, pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 (the "act"), and Rule U-50 promulgated thereunder, relating to the proposed issuance and sale by Georgia, pursuant to the competitive bidding requirements of Rule U-50, of $15,000,000 principal amount of its First Mortgage Bonds, 2⅞ percent Series, due 1980; and

The Commission by orders dated March 31, 1950, and April 5, 1950 (Holding Company Act Release Nos. 9755 and 9790), having granted said application, as amended, and said orders having contained a reservation of jurisdiction with respect to, among other things, the payment of legal fees and expenses in connection with the proposed transaction; and

Georgia having filed a further amendment herein proposing to pay its counsel, Winthrop, Stimson, Putnam & Roberts, compensation of $11,500 for legal services and up to $200 for out-of-pocket expenses, and further proposing the payment to Simpson Thacher & Bartlett compensation of $8,000 and reimbursement for expenses up to $400 for legal services as counsel to underwriters, such sums to be paid by Halsey, Stuart & Co., Inc., the successful bidder for the bonds; and

The Commission having examined the information furnished with respect to such fees and expenses and it appearing that such fees and expenses are not unreasonable:

It is ordered, That the jurisdiction heretofore reserved herein over the payment of legal fees and expenses be, and the same hereby is, released.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

[File No. 70-2650]

NARRAGANSETT ELECTRIC CO.

ORDER AUTHORIZING ISSUANCE OF PRINCIPAL AMOUNT OF PROMISSORY NOTES

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 11th day of July A. D. 1951.

The Narragansett Electric Company ("Narragansett"), a subsidiary of New England Electric System ("NEES"), a registered holding company, having filed a declaration, and an amendment thereto, pursuant to section 7 of the Public Utility Holding Company Act of 1935 ("act") and Rule U-42 (b) (2) promulgated thereunder, with respect to the following transactions:

Narragansett proposes to borrow not to exceed in the aggregate $3,400,000 from time to time prior to September 30, 1951 and to issue unsecured promissory notes in evidence thereof, and further proposes that the maximum amount of all of its unsecured promissory notes outstanding at any one time prior to September 30, 1951 be not in excess of $5,800,000. The borrowings would be made from one or more of the following banks or trust companies:

The Industrial Trust Co., Providence, R. I.
The Phenix National Bank of Providence, Providence, R. I.
Providence Union National Bank & Trust Co., Providence, R. I.
Rhode Island Hospital National Bank, Providence, R. I.
Rhode Island Hospital Trust Co., Providence, R. I.
The First National Bank of Boston, Boston, Mass.

The proposed notes will mature not later than six months after the respective dates thereof and will bear interest at the prevailing rates for such notes. Narragansett states that it believes that such interest rate will not exceed 2½ percent per annum. In the event that the interest rate on any of the notes should exceed 2¾ percent per annum, the company will file an amendment to its declaration setting forth the name of the bank or banks to which said notes are proposed to be issued and the terms of said note or notes, including the interest rate, at least five days prior to the execution and delivery thereof, and requests that said amendment become effective without further order of the Commission at the end of the five day period unless the Commission shall have notified the company to the contrary.

Narragansett presently has outstanding $3,850,000 principal amount of unsecured short-term promissory notes. The proceeds to be derived from the proposed issuance of $3,400,000 principal amount of notes will be applied to the payment of $1,450,000 principal amount of the presently outstanding notes maturing prior to September 30, 1951 and the balance of $1,950,000 will be used to finance construction requirements through September 30, 1951 or to reimburse the treasury because of prior construction expenditures.

The declaration states that Narragansett expects that the proposed note indebtedness will be financed permanently through the issuance of common stock to NEES in the latter part of 1951 and has been advised that NEES expects to have the necessary funds to invest in such common stock from the proceeds of the sale of its system gas properties located in Massachusetts.

The declaration states that there are no fees, commissions or other remuneration involved in connection with the proposed transactions except that incidental services will be performed at cost by New England Power Service Company, an affiliated service company, such cost being estimated not to exceed $750.

Narragansett represents that no regulatory authority, other than this Commission, has jurisdiction over the proposed transactions.

Said declaration having been filed on June 12, 1951, and an amendment thereto having been filed on June 21, 1951, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said declaration, as amended, that the applicable provisions of the act and the rules and regulations thereunder have been satisfied, that there is no basis for adverse findings, that the expenses are not unreasonable, and deeming it appropriate in the public interest and in the interest of investors or consumers to permit said declaration, as amended, to become effective, and also deeming it appropriate to grant declarant's request that the order herein become effective upon its issuance:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of said act, that said declaration, as amended, be and the same hereby is, permitted to become effective, subject to the terms and conditions prescribed in Rule U-24.

It is further ordered, That this order shall become effective upon the issuance thereof.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

[File No. 70-2651]

MISSISSIPPI POWER CO.

ORDER PERMITTING SUBMISSION OF PRINCIPAL AMOUNT FIRST MORTGAGE BONDS TO COMPETITIVE BIDDING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 11th day of July 1951.

Mississippi Power Company ("Mississippi Power"), a public utility subsidiary of the Southern Company, a registered holding company, having filed a declaration, and amendments thereto, pursuant to sections 6 (a) and 7 of the Public Utility Holding Company Act of 1935 and Rule U-50 promulgated thereunder regarding the following proposed transactions:

Mississippi Power proposes to issue and sell pursuant to the competitive bidding requirements of Rule U-50 under the act, $4,000,000 principal amount of its First Mortgage Bonds, __ percent Series, due 1981 to be issued under and secured by Mississippi Power's present indenture dated as of September 1, 1941, as heretofore supplemented, and to be supplemented by an indenture to be dated as of August 1, 1951.

The invitations for bids will provide that each bid shall specify the coupon rate for the new bonds, which shall be a multiple of ⅛ percent and the price to be paid the Company, exclusive of accrued interests, which price shall be not less than 100 percent nor more than 102.75 percent of the principal amount of said bonds, plus accrued interest from August 1, 1951.

The proceeds from the sale of the bonds will be utilized in connection with Mississippi Power's construction program which the Company estimates will require expenditures aggregating $16,500,000 during the three-year period 1951 through 1953. The Company also estimates that, in order to finance its construction program, it will be necessary to raise about $5,000,000 of additional cash before the end of 1953 through the sale of additional securities of a type not yet determined.

Notice of the filing of the declaration, as amended, having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to the Act and the Commission not having received a request for a hearing and not having ordered a hearing thereon; and

The Commission finding with respect to the declaration, as amended, that the requirements of the applicable provisions of the act and rules promulgated thereunder are satisfied, that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration, as amended, be permitted to become effective, and deeming it further appropriate to grant the request of the declarant that the Commission's order herein become effective forthwith:

It is ordered, Pursuant to said Rule U-23 and the applicable provisions of the act that this declaration, as amended, be, and the same hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24, and to the following additional terms and conditions:

(1) That the proposed issuance and sale by Mississippi Power of $4,000,000 principal amount of First Mortgage Bonds, ____ percent series, due 1981, shall not be consummated until the results of competitive bidding, held with respect thereto, shall have been made a matter of record in this proceeding, and a further order shall have been entered by this Commission in the light of the record so completed, which order shall contain such further terms and conditions, if any, as may then be deemed appropriate, for which purpose jurisdiction be, and the same hereby is, reserved.

(2) That jurisdiction be reserved as to any and all fees and expenses incurred or to be incurred in connection with the consummation of the proposed transactions.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

[File No. 70-2659]

SOUTHERN NATURAL GAS CO.

NOTICE OF FILING REGARDING ISSUANCE OF NOTES

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 11th day of July A. D. 1951.

Notice is hereby given that Southern Natural Gas Company ("Southern"), a registered holding company which is also engaged in the business of transporting natural gas, has filed a declaration with this Commission under the Public Utility Holding Company Act of 1935 ("act") and has designated section 7 of the act as being applicable to the proposed transactions.

All interested persons are referred to said declaration which is on file in the office of this Commission for a statement of the transactions therein proposed, which may be summarized as follows:

Southern proposes to enter into a Loan Agreement with the Chase National Bank of the City of New York and certain other banks, ("Banks") pursuant to which it proposes to borrow an aggregate principal amount of $5,500,000 on or prior to September 4, 1951, and to issue its notes in evidence thereof. The notes evidencing the loans are to be payable two years after date of the loans and are to bear interest from such date at the rate of 2¾ percent per annum for the first year and thereafter, until maturity, at the rate of 2¾ percent per annum or a rate which shall be ¼ of 1 percent above the prime commercial rate of the Chase National Bank of the City of New York for unsecured loans (whichever shall be greater) but in no event more than 3 percent per annum. The Loan Agreement provides, among other things, that the notes may be prepaid without premium, unless prepaid from proceeds of bank loans carrying an interest rate of less than 2¾ percent.

The filing states that the holders of the outstanding 2½ percent promissory notes of the Company dated June 29, 1948, evidencing bank loans made to Southern pursuant to a Loan Agreement dated May 1, 1946, as later amended by an Agreement and Consent dated May 14, 1948, will consent to the incurring of the proposed indebtedness by the Company, as required by the above mentioned Loan Agreement, as amended.

Southern proposes to use the proceeds from the above mentioned loans, together with other funds, toward its construction program for 1951 estimated at approximately $16,520,000.

Southern contemplates that during the year 1952 it will undertake the construction of further substantial additions and extensions to its system and, in connection therewith, will require a substantial amount of additional funds. The Company states that a major financial program will be undertaken sometime in 1952 and that, as a part of such program, provision will be made for the payment of the proposed notes. The filing indicates that upon the completion of the Company's 1951 construction program, the net amount of unfunded property additions would amount to more than $11,000,000 an amount sufficient for the issuance of first mortgage bonds (at 60 percent under the provisions of the company's Indenture) in a principal amount of more than $6,600,000 and that if the contemplated financing program is not consummated prior to the maturity of the proposed notes, the notes could be paid from the proceeds of first mortgage bonds issued on the basis of 1951 property additions.

The declarant states that no fees, commissions or other remunerations are to be paid in connection with the issuance of the notes and estimates its miscellaneous expenses at approximately $1,000.

Notice is further given that any interested person may, not later than July 26, 1951, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest, and the issues of fact or law raised by said declaration, as filed or as amended, which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after July 26, 1951, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

[F. R. Doc. 51-8167; Filed, July 17, 1951; 8:45 a. m.]

PITTSBURGH STOCK EXCHANGE

RECORD DISPOSAL PLAN

The Securities and Exchange Commission today announced that it had declared effective a Plan filed on June 8, 1951 by the Pittsburgh Stock Exchange pursuant to § 240.17a-6 (Rule X-17A-6) under the Securities Exchange Act of 1934, for the disposal of all applications, reports, and documents filed with that Exchange prior to January 1, 1946, pursuant to sections 12, 13, 14, and 16 of the Securities Exchange Act of 1934, or any rule or regulation promulgated by the Commission pursuant to any of such sections.

The Pittsburgh Stock Exchange proposes to commence the disposition of the specified material as soon as practicable. The Plan also contemplates that thereafter, as soon as practicable after January 1st of each year, regular disposition will be made of similar material which has been on file more than five years. Notice of the Commission's proposal to declare this Plan effective was published for comment in Securities Exchange Act Release No. 4616.

The purpose of the Plan is to alleviate the record storage problem of the Exchange and to facilitate the availability of material filed with the Exchange within five years. Information contained in the material to be disposed of by the Exchange is on file with the Commission where it will continue to be available.

The text of the Commission's action follows:

The Securities and Exchange Commission, acting pursuant to the Securities Exchange Act of 1934, particularly sections 17 (a), 23 (a) and 24 (b) thereof and § 240.17a-6 thereunder, having due regard for the public interest and for the protection of investors, and deeming it necessary in the public interest, for the protection of investors and for the exercise of the functions vested in it, does hereby declare effective the Plan filed on June 8, 1951 by the Pittsburgh Stock Exchange pursuant to § 240.17a-6, on condition that if at any time it appears to the Commission necessary or appropriate in the public interest or for the protection of investors so to do, the Commission may suspend or terminate the effectiveness of the said Plan by sending at least 10 days written notice to the Pittsburgh Stock Exchange.

The Commission finds that § 240.17a-6 and this action taken thereunder have the effect of granting exemption and relieving restriction, and that this action may be and is hereby declared to be effective July 10, 1951.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

UNITED STATES TARIFF COMMISSION

[Investigation 4]

EDIBLE TREE NUTS

NOTICE OF INVESTIGATION AND HEARING

The United States Tariff Commission, on the 12th day of July 1951, ordered a public hearing in the above entitled investigation, to be held on the 5th day of September 1951, at 10 a. m., in the Hearing Room, Tariff Commission Building, 8th and E Streets NW., Washington, D. C.

The investigation under section 22 of the Agricultural Adjustment Act with respect to Edible Tree Nuts was instituted on the 13th day of April 1950 (15 F. R. 2189) for the purpose of determining whether imports of almonds, filberts, walnuts, Brazil nuts, or cashews are materially interfering with programs of the United States Department of Agriculture with respect to almonds, filberts, walnuts, or pecans.

In November 1950 the Commission submitted an interim report to the President in which it stated that there was at that time no basis for any action under section 22 with respect to tree nuts, but that the Commission was continuing the investigation and would "keep in touch with the provisions and operations of marketing agreements and other programs with respect to domestic tree nuts" and "keep close watch on the course of domestic and foreign production, on the course of imports of tree nuts into the United States, on the trend of prices, and on other factors affecting the competition between domestic and imported tree nuts."

The purpose of the hearing on September 5, 1951 is to receive information and views from interested parties on agricultural programs with respect to domestic tree nuts which will be in operation for the crop year 1951-52, and on the question as to what action, if any, should be taken under section 22 with respect to imports.

Request to appear. Interested parties desiring to appear and be heard at the public hearing should notify the Secretary of the Commission in writing at its offices in Washington, D. C., in advance of the date set for the hearing.

I hereby certify that the above hearing was ordered by the United States Tariff Commission on the 12th day of July 1951.

DONN N. BENT, *Secretary.*

[Vesting Order 18151]

HEINE & CO. A. G.

In re: Rights and Interests of Heine & Co. A. G. of Germany in trademarks of Heine & Co., of New York, N. Y.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Heine & Co. A. G., the last known address of which is Germany, is a corporation, partnership, association or other business organization, organized under the laws of Germany, and which has or, on or since the effective date of Executive Order 8389, as amended, has had its principal place of business in Germany, and is a national of a designated enemy country (Germany);

2. That the property described as follows: All right, title and interest of whatsoever kind or nature, including without limitation any reversionary interest, under the statutory or common law of the United States and of the several states thereof, of Heine & Co. A. G., its successors or assigns, in and to any and all good will of the business in the United States of Heine & Co., New York, and in and to any and all registered trademarks and trade names appurtenant to such business, and in and to every license, agreement, privilege, power and right of whatsoever kind or nature arising under or with respect thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany) and is property of, or is property payable or held with respect to trademarks or rights related thereto to which interests are held by, and such property itself constitutes interests held therein by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON, *Assistant Attorney General, Director, Office of Alien Property.*

[Vesting Order 18152]

FRANZ XAVIER DICHISER ET AL.

In re: Interests in oil, gas and other minerals in and under certain real property owned by and debts owing to Franz Xaver Dichiser, and others. D-28-12427.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Franz Xaver Dichiser, Wilhelm Dichiser, Rosa Eple, nee Weckenmann, Josef Alois Weckenmann, Elizabeth Sappe, nee Weckenmann, Karl Josef Weckenmann, Anna Marie Mussbaumer, nee Weckenmann, Thekla Theresia Becker, nee Weckenmann, Marie Magdelena Schafer, nee Weckenmann, Josef Kussmann, Rosa Hartlieb, nee Kussmann, Lina Schneider, nee Kussmann, Frieda Stoll, nee Kussmann, Friedrich Wilhelm Kussmann, Ruth Kussmann, Franz Anton Lichter, Wilhelm Lichter, Anna Barbara Lichter, Maria Rosa Zoller, nee Lichter, Marie Elizabeth Lichter, Johann Jakob Lichter, Marta Franziska Lichter, Elizabeth Gantner, nee Lichter, and Wilhelm Lichter, each of whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the property described as follows:

a. An undivided forty-seven forty-eighth (47/48ths) interest in one-half (½) of the royalty (being not less than one sixteenth (1/16) of the gross produced) upon all oil, gas and other minerals produced and saved from the following described lands in the County of Harris, State of Texas, to-wit:

The South Half (S½) of that certain sixty-six (66) acres out of the 640 acres originally granted to W. P. Ketchum, assignee of H. T. & Brazoria R. R. Co. by virtue of certificate No. 613, said land being situated about 18 miles northwest from Houston and having been sold by A. H. Beazley and Florence Beazley to D. Musgrove by deed dated May 11, 1904 and recorded in Vol 65, Page 317 of Harris County Deed Records and having been sold by D. Musgrove and wife, S. F. Musgrove, by deed to R. Hansen, dated July 8, 1908, and recorded in Harris County Deed Records, and having been sold to F. A. Lichter March 18, 1913, and recorded in Vol. 303, Page 205, of Harris County Deed Records, said 66 acres being the west part of the tract sold to F. A. Lichter, as aforesaid,

said one-half royalty being the one-half royalty reserved to the grantor in that certain deed executed on November 8, 1937 by J. F. Bahr, Executor and Trustee, under the Estate of F. A. Lichter, deceased, to R. M. Thornton, Jr. and recorded in Volume 1073, Page 475 of Harris County Deed Records, together with any and all rents, refunds, royalties, payments or other benefits arising from the ownership of such interest,

b. An undivided forty-seven forty-eights (47/48ths) interest in 1/8 of 7/8 of the first oil and/or gas, if, as and when produced, saved and sold from the lands described in subparagraph 2-a hereof, being the 1/8 of 7/8 of the first oil and/or gas in said lands (and other lands) reserved in (and subject to the limitations set forth in) that certain assignment of oil and gas lease executed on December 22, 1937, by J. F. Bahr, Independent Executor and Trustee of the Estate of F. A. Lichter, deceased, and Mary Lichter, as assignors, to the Superior Oil Company, a California Corporation, and recorded in Volume 307, Page 206 of Harris County Contracts Records, together with any and all rents, refunds, royalties, payments or other benefits arising from the ownership of such interest, and

c. Those certain debts or other obligations owing to the persons named in subparagraph 1 hereof by M. H. Harrell, 1053 Mellie Hesperson Building, Houston, Texas, arising out of the interests described in subparagraphs 2-a and 2-b hereof, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described in subparagraphs 2-a and 2-b hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, and

There is hereby vested in the Attorney General of the United States the property described in subparagraph 2-c hereof,

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 18154]

RENEE FUCHS

In re: Estate of Renee Fuchs, deceased. File No. F-28-25408-E1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Mika Strakasch, Fini Strakasch, Lita Lindner, also known as Melitta Lindner and Hermance Matzner, whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the persons named in subparagraph 1 hereof, in and to the Estate of Rence Fuchs, deceased, is property payable or deliverable to, or claimed by, the aforesaid nationals of a designated enemy country (Germany);

3. That such property is in the process of administration by Francis J. Mulligan, Public Administrator, as administrator, acting under the judicial supervision of the Surrogate's Court, New York County, New York, New York;

and it is hereby determined:

4. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 18155]

CORNELIA PAULINE HOHNE DETTE AND IRENE JOHANNA HOHNE FORSTER

In re: Securities owned by and debts owing to Cornelia Pauline Hohne Dette and Irene Johanna Hohne Forster. F-28-6560-A-1; F-28-6561-A-1; F-28-6562-A-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Cornelia Pauline Hohne Dette and Irene Johanna Hohne Forster, each of whose last known address is Berlin-Schoneberg, Hauptstrasse 11, Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the property described as follows:

a. All those securities (including, without limitation, bonds, coupons, mortgage participation certificates, shares of stock, scrip and warrants), in an account maintained with the Central Hanover Bank and Trust Co., 70 Broadway, New York 15, New York, entitled "Cornelia Dette," account No. A9859-C, together with any and all rights thereunder and thereto, and any and all declared and unpaid dividends on any shares of stock in said account, and

b. That certain debt or other obligation of Central Hanover Bank and Trust Co., 70 Broadway, New York 15, New York, arising out of a bank deposit in the name of Cornelia Dette, maintained with the aforesaid bank and constituting income from and accumulations on the securities described in subparagraph 2a hereof, together with any and all accruals to the aforesaid debt or other obligation, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Cornelia Pauline Hohne Dette, the aforesaid national of a designated enemy country (Germany);

3. That the property described as follows:

a. All those securities (including, without limitation, bonds, coupons, mortgage participation certificates, shares of stock, scrip and warrants), in an account maintained with the Central Hanover Bank and Trust Co., 70 Broadway, New York 15, New York, entitled "Mrs. Irene Johanna Forster," account No. A12259-C, together with any and all rights thereunder and thereto, and any and all declared and unpaid dividends on any shares of stock in said account, and

b. That certain debt or other obligation of Central Hanover Bank and Trust Co., 70 Broadway, New York 15, New York, arising out of a bank deposit in the name of Mrs. Irene Johanna Forster, maintained with the aforesaid bank and constituting income from and accumulations on the securities described in subparagraph 3a hereof, together with any and all accruals to the aforesaid debt or other obligation, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Irene Johanna Hohne Forster, the aforesaid national of a designated enemy country (Germany);

4. That the property described as follows:

a. All those securities (including, without limitation, bonds, coupons, mortgage participation certificates, shares of stock, scrip and warrants), maintained in an account with Central Hanover Bank and Trust Co., 70 Broadway, New York 15, New York, in the name of Adolph Hines Hohne, account No. A9860-C, together with any and all rights thereunder and thereto, and any and all declared and unpaid dividends on any shares of stock in said account, and

b. That certain debt or other obligation of Central Hanover Bank and Trust Co., 70 Broadway, New York 15, New York, arising out of a bank deposit in the name of Adolph Hines Hohne, maintained with the aforesaid bank and constituting income from and accumulations on the securities described in subparagraph 4a hereof, together with any and all accruals to the aforesaid debt or other obligation, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Cornelia Pauline Hohne Dette and Irene Johanna Hohne Forster, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

5. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,

DEUTSCHES KALISYNDIKAT G. m. b. H.

In re: Cash owned by Deutsches Kalisyndikat G. m. b. H. F-49-504.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Deutsches Kalisyndikat G. m. b. H., the last known address of which is Berlin, Germany, is a corporation organized under the laws of Germany, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Germany and is a national of a designated enemy country (Germany);

2. That the property described as follows: Cash in the amount of $950,000 presently in the custody of the Attorney General of the United States, held in Collection Fund Symbol 896-027 in the United States Treasury,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 18153]

THOMAS MATTHIESEN ET AL.

In re: Thomas Matthiesen vs. Walter Gelinsky, et al. File No. 017-27029.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Otto Loeber and Robert Loeber, whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the domiciliary personal representatives, heirs, next of kin, legatees and distributees, names unknown, of Otto Loeber and of Robert Loeber, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

3. That all right, title, interest and claim of any kind or character whatsoever of the persons identified in subparagraphs 1 and 2 hereof, and each of them,

in and to that certain parcel of real property, and the proceeds thereof, which is the subject matter of the partition suit entitled Thomas Matthiesen vs. Walter Gelinsky, et al. in the Circuit Court, Clackamas County, Oregan, No. 42394, and which is particularly described as follows:

"The S½ of the NE¼ of Sec. 18, T. 3. S. R. 5. E. of W. M.", Clackamas County, Oregon.

together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

4. That to the extent that the persons named in subparagraph 1 hereof and the domiciliary personal representatives, heirs, next of kin, legatees and distributees, names unknown, of Otto Loeber and of Robert Loeber, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

RITA ELLINGHAUS

In re: Claim of Rita Ellinghaus to Social Security Benefits. F-28-31519.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Rita Ellinghaus, who on or since the effective date of Executive Order 8389, as amended, and on or since December 11, 1941, has been a resident of Germany, is a national of a designated enemy country (Germany);

2. That the property described as follows: Any and all rights, interest and claim of Rita Ellinghaus to survivor benefits to January 1, 1947 under the Social Security Act approved August 14, 1935 (Pub. Law 271, 74th Cong., 1st Sess., 49 Stat. 620), arising out of the demise of her father, August Ellinghaus, Social Security reference No. 075-057546, together with any and all rights to file for, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Rita Ellinghaus, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[Vesting Order 18160]

RUDOLF FALCK

In re: Interest in funds, claims of and debt owing to the personal representatives, heirs, next of kin, legatees and distributees of Rudolf Falck also known as Rudolph Falck, deceased. F-28-9664; C-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the personal representatives, heirs, next of kin, legatees and distributees of Rudolf Falck, also known as Rudolph Falck, deceased, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

2. That the property described as follows:

a. Any and all rights and interests in any funds presently on deposit with the Bureau of Accounts, Treasury Department, Washington, D. C., in a special deposit account entitled "Secretary of the Treasury, Proceeds of Withheld Foreign Checks", representing proceeds of withheld checks drawn for the payment of Railroad Retirement Benefits to Rudolf Falck, deceased, to the date of his demise, August 30, 1942, and any and all rights to demand, enforce and collect the aforesaid funds,

b. Any and all rights, interests and claims to survivor benefits to January 1, 1947, under the Railroad Retirement Act of 1935, as amended (Pub. Law 399, 74th Cong. 1st Sess., 49 Stat. 967), arising out of the demise of Rudolf Falck, Railroad Retirement Board reference No. H-47186, together with any and all rights to file for, enforce and collect the same, and

c. That certain debt or other obligation of the Southern Pacific Company, 65 Market Street, San Francisco, California, arising out of an adjustment by the aforesaid Southern Pacific Company, of the difference between the amount of pension accruing to Rudolf Falck, deceased, under said company's pension plan and the maximum payable under the United States Railroad Retirement Act to the date of the demise of said Rurolf Falck on August 30, 1942, together with any and all accruals to the aforesaid debt or other obligation, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the personal representatives, heirs, next of kin, legatees and distributees of Rudolf Falck also known as Rudolph Falck, deceased, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the personal representatives, heirs, next of kin, legatees and distributees of Rudolf Falck also known as Rudolph Falck, deceased, are not within a designated enemy country, the national interest of the United

States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[Vesting Order 18161]

HANS FISCHER

In re: Stock and bonds owned by Hans Fischer. F-28-2170-A-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Hans Fischer, whose last known address is Ubbedissen, 23 B-Bielefeld, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows:

a. Two (2) Innis Arden Golf Club Adjustment 3% bonds bearing the numbers 115 and 116 and of $500 and $80 face value, respectively, registered in the name of Hans Fischer and presently in the custody of The Chase National Bank of the City of New York, 11 Broad Street, New York 15, New York, together with any and all rights thereunder and thereto,

b. Any and all rights and interests in B. J. Baker, Inc., in Dissolution, National Rockland Bank, Boston, Massachusetts, Paying Agent, evidenced by a certificate numbered 9316, for six (6) shares of Class "A" non-voting common capital stock of said B. J. Baker, Inc., registered in the name of Hans Fischer and presently in the custody of The Chase National Bank of the City of New York, 11 Broad Street, New York 15, New York, together with all declared and unpaid dividends thereon, including particularly all liquidating dividends due or to become due on the aforesaid shares of stock,

c. Two (2) shares of $1 par value common capital stock of Stern Brothers, 41 West 42nd Street, New York, New York, evidenced by a certificate numbered CO 134, registered in the name of Hans Fischer and presently in the custody of The Chase National Bank of the City of New York, 11 Broad Street, New York, New York, together with all declared and unpaid dividends thereon, and

d. Thirty-seven (37) shares of capital stock of Student Camera Co., being a portion of seventy four (74) shares of capital stock of the aforesaid company, evidenced by certificates numbered 1 for five (5) shares, 3 for sixteen (16) shares, 4 for five (5) shares and 6 for forty-eight (48) shares, registered in the names of Daniel J. Tapley, Edward W. Dufft, Paul C. Tapley and Daniel J. Tapley, respectively, presently in the custody of The Chase National Bank of the City of New York, 11 Broad Street, New York 15, New York, together with all declared and unpaid dividends thereon,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Hans Fischer, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 18163]

ALICE VON HARDENBERG

In re: Securities owned by and debt owing to Alice von Hardenberg, also known as Alice Du Pasquier von Hardenberg, and as Alice Louise von Hardenberg. F-28-31079-A-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Alice von Hardenberg, also known as Alice Du Pasquier von Hardenberg, and as Alice Louise von Hardenberg, who on or since the effective date of Executive Order 8389, as amended, and on or since December 11, 1941, has been a resident of Germany, is a national of a designated enemy country (Germany);

2. That the property described as follows:

a. Three (3) Canadian Pacific Railway Co., 4 percent Perpetual J/J bonds, issued in bearer form, numbered and in the face amounts listed below:

Bond No.:	Face amount
17487	$1,000.00
2049	100.00
2050	100.00

said bonds presently in the custody of Dominick & Dominick, 14 Wall Street, New York 5, New York, in an account for Messrs. Du Pasquier Montmollin & Cie., Neuchatel, Switzerland, together with any and all rights thereunder and thereto,

b. Ten (10) shares of preferred stock of American European Securities Co., 15 Exchange Place, Jersey City, New Jersey, evidenced by certificates numbered 17825 26 for five shares each, together with all declared and unpaid dividends thereon, and

c. That certain debt or other obligation of Dominick & Dominick, 14 Wall Street, New York 5, New York, arising out of funds allocable to Alice von Hardenberg and on deposit in the General Ruling No. 6 account of Messrs. Du Pasquier Montmollin & Cie., Neuchatel, Switzerland, maintained with the aforesaid Dominick & Dominick, together with any and all accruals to the aforesaid debt or other obligation, and any and all rights to demand, enforce and collect the same,

subject, however, to the rights and interests of Mrs. Anny Du Pasquier, the mother of Alice von Hardenberg, to the usufruct of the afore-described property, is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Alice von Hardenberg, also known as Alice Du Pasquier von Hardenberg, and Alice Louise von Hardenberg, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 18146]

N. V. HANDELMAATSCHAPPIJ KONG, SMITH & CO. ET AL.

In re: Property owned by N. V. Handelmaatschappij Kong, Smith & Co., and others.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That C. Melchers & Co., the last known address of which is Bremen, Germany, is a partnership organized under the laws of Germany, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Germany and is a national of a designated enemy country (Germany);

2. That Karl Lindemann and Adalbert Korff, each of whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

3. That Melchers & Co. is a partnership organized under the laws of China, whose principal place of business is located at Shanghai, China, and is or, since the effective date of Executive Order 8389, as amended, has been controlled by or acting or purporting to act directly or indirectly for the benefit or on behalf of the aforesaid Karl Lindemann, Adalbert Korff and C. Melchers & Co., and is a national of a designated enemy country (Germany);

4. That N. V. Handelmaatschappij Kong, Smith & Co. is a corporation organized under the laws of The Netherlands, whose principal place of business is located at Rotterdam, The Netherlands, and is or, since the effective date of Executive Order 8389, as amended, has been controlled by or acting or purporting to act directly or indirectly for the benefit or on behalf of the aforesaid C. Melchers & Co., Karl Lindemann, Adalbert Korff and Melchers & Co., and is a national of a designated enemy country (Germany);

5. That the property described as follows:

a. That certain debt or other obligation owing to N. V. Handelmaatschappij Kong, Smith & Co. by Irving Trust Company, One Wall Street, New York, New York, arising out of a Checking Account entitled N. V. Handelmaatschappij Kong, Smith & Co., maintained at said Irving Trust Company, and any and all rights to demand, enforce and collect the same, and

b. Those certain debts or other obligations owing to N. V. Handelmaatschappij Kong, Smith & Co. by Melchers, Inc., 56 Beaver Street, New York, New York, in the amounts of $64,000 and $4,570 as of December 31, 1945, designated on the books and records of said Melchers, Inc. as a loan account and a current account, respectively, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by N. V. Handelmaatschappij Kong, Smith & Co., and/or Melchers & Co., the aforesaid nationals of a designated enemy country (Germany);

6. That the property described as follows: Four hundred (400) shares of no par value preferred stock of Melchers, Inc., 56 Beaver Street, New York 4, New York, a corporation organized under the laws of the State of New York, evidenced by Certificate Number B 1, presently in the custody of Thomas McErlean, 233 Broadway, New York, New York, together with all declared and unpaid dividends thereon,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by C. Melchers & Co., and/or Melchers & Co., the aforesaid nationals of a designated enemy country (Germany);

7. That the property described as follows: Those certain debts or other obligations of Theodore Fitz Randolph, New York, New York, in the amounts of $40,000 and $35,000 as of June 1, 1940 evidenced by promissory notes in the respective principal amounts of $40,000 and $35,000, dated June 1, 1940 issued by the aforesaid Theodore Fitz Randolph, payable to the order of Dr. F. W. Bilfinger with interest at 3% per annum, and any and all rights to demand, enforce and collect the aforesaid debts or other obligations and any and all accruals thereto, together with any and all rights in, to and under the aforesaid notes,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Melchers & Co., the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

8. That Melchers & Co. and N. V. Handelmaatschappij Kong, Smith & Co. are controlled by or acting for or on behalf of a designated enemy country (Germany) or persons within such country and are nationals of a designated enemy country (Germany);

9. That to the extent that the persons named in subparagraphs 1, 2, 3, and 4 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall

have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 9, 1951.

For the Attorney General.

F. W. MAAS

In re: Bond owned by the personal representatives, heirs, next of kin, legatees and distributees of F. W. Maas, also known as Friedrich Wilhelm Maas, deceased. F-28-23499-D-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the personal representatives, heirs, next of kin, legatees and distributees of F. W. Maas, also known as Friedrich Wilhelm Maas, deceased, who there is reasonable cause to believe, are residents of Germany, are nationals of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation evidenced by one (1) St. Louis-San Francisco Railway Company 4 percent Prior Lien, Series "A" Mortgage Bond of $250.00 face value, bearing the number Y-7920, and any and all rights to demand, enforce and collect the aforesaid debt or other obligation, together with any and all rights in, to and under said bond, including particularly the right to receive new securities of the St. Louis-San Francisco Railway Company, under a plan of reorganization of the aforesaid company, dated January 1, 1947,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the personal representatives, heirs, next of kin, legatees and distributees of F. W. Maas, also known as Friedrich Wilhelm Maas, deceased, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the personal representatives, heirs, next of kin, legatees and distributees of F. W. Maas, also known as Friedrich Wilhelm Maas, deceased, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[Vesting Order 18169]

BERENT NILSEN

In re: Debt owing to Berent Nilsen, also known as H. B. Nilsen and as Harald Berent Nilsen. F-28-30892.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Berent Nilsen, also known as H. B. Nilsen and as Harald Berent Nilsen, whose last known address is Andreasstrasse 15, Hamburg, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation of Joseph Walker & Sons, 120 Broadway, New York 5, New York, arising out of accumulations and income on ten (10) shares of stock of Tidewater Associated Oil Company evidenced by certificate numbered BNCX 3489, including any accumulated dividends on the aforesaid shares from December 1, 1948, to September 1, 1950, inclusive, together with any and all accruals to the aforesaid debt or other obligation and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Berent Nilsen, also known as B. H. Nilsen and as Harald Berent Nilsen, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 18170]

SUOMEN PETROOLI O/Y

In re: Debt owing to Suomen Petrooli O/Y. F-28-29154.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Europaische Tanklager und Transport A. G. also known as Eurotank, the last known address of which is Berlin, Germany, is a corporation organized under the laws of Germany, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Germany and is a national of a designated enemy country (Germany);

2. That Suomen Petrooli O/Y, is a corporation organized under the laws of Finland, whose principal place of business is located at Helsingfors, Finland and is or, since the effective date of Executive Order 8389, as amended, has been owned or controlled by or acting or purporting to act directly or indirectly for the benefit of or on behalf of the aforesaid Europaische Tanklager und Transport A. G. also known as Eurotank, and is a national of a designated enemy country (Germany);

3. That the property described as follows: That certain debt or other obligation owing to Suomen Petrooli O/Y by Davis & Company, Incorporated, 2109 Commerce Building, Houston 2, Texas, in the amount of $7,232.25 as of June 14, 1941, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Suomen Petrooli O/Y, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

4. That Suomen Petrooli O/Y is owned or controlled by or acting for or on behalf of a designated enemy country (Germany) or persons within such country and is a national of a designated enemy country (Germany); and

5. That to the extent that the persons named in subparagraphs 1 and 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 18171]

BERNHARDINE ANNA RADEKER

In re: Claim of Bernhardine Anna Radeker to Railroad Retirement Benefits.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Bernhardine Anna Radeker, whose last known address is Bippen, Kreis Bersenbrueck, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: Any and all rights, interests and claims of Bernhardine Anna Radeker to survivor benefits to January 1, 1947, under the Railroad Retirement Act of 1935, as amended (Public Law 399, 74th Cong., 1st Sess., 49 Stat. 967), arising out of the demise of her son, Ernest Radeker, Railroad Retirement Board reference No. D106357, together with any and all rights to file for, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Bernhardine Anna Radeker the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 18172]

EMMY RENN

In re: Debts owing to the personal representatives, heirs, next of kin, legatees and distributees of Emmy Renn, deceased. F-28-5820; A-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the personal representatives, heirs, next of kin, legatees and distributees of Emmy Renn, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

2. That the property described as follows:

a. That certain debt or other obligation of Green, Ellis & Anderson, 61 Broadway, New York 6, New York, arising out of a depository account entitled "Emmy Renn", maintained with the aforesaid Green, Ellis & Anderson, and any and all rights to demand, enforce and collect the same, and

b. That certain debt or other obligation of Manufacturers Trust Company, 451 Beaver Street, New York 15, New York, arising out of funds allocated to a mortgage participation certificate, Certificate Number 111508, issued by the Mortgage Corporation of New York (now Manufacturers Trust Company), to Emmy Renn, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the personal representatives, heirs, next of kin, legatees and distributees of Emmy Renn, deceased, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the personal representatives, heirs, next of kin, legatees and distributees of Emmy Renn, deceased, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

HERMANN SCHMITZ AND/OR I. G. FARBENINDUSTRIE A. G.

In re: Debt or other obligation owing to Hermann Schmitz and/or I. G. Farbenindustrie A. G. D-28-1425.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Hermann Schmitz, whose last known address is Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That I. G. Farbenindustrie A. G., the last known address of which is Frankfurt, Germany, is a corporation organized under the laws of Germany, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Frankfurt, Germany and is a national of a designated enemy country (Germany);

3. That the property described as follows: That certain debt or other obligation owing to Hermann Schmitz and/or I. G. Farbenindustrie A. G. by Dietrich A. Schmitz, Greenwich, Connecticut, in the amount of $410,816.11, arising out of the receipt by Dietrich A. Schmitz of said sum from the sale to General Dyestuff Corporation, New York, New York, on or about August 1, 1939, of 4100 shares of issued and outstanding common stock of said General Dyestuff Corporation theretofore held by Dietrich A. Schmitz for and on behalf of Hermann Schmitz and/or I. G. Farbenindustrie A. G., together with any and all accruals to the aforesaid debt or other obligation and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

4. That to the extent that the persons named in subparagraphs 1 and 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 18175]

BERTHA SCHWARZ

In re: Stock owned by Bertha Schwarz. F-28-30882-A-1; D-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Bertha Schwarz, whose last known address is Geraerstrasse 95, Zena Burgan, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows:

a. Ten (10) shares of $50.00 par value capital stock of Anaconda Copper Mining Company, 25 Broadway, New York, New York, a corporation organized under the laws of the State of Montana, evidenced by a certificate numbered E317447, registered in the name of Miss Bertha Schwarz, and presently in the custody of Paul Rohland, 109-14 196th Street, Hollis, Long Island, New York, together with all declared and unpaid dividends thereon;

b. One hundred (100) shares of $0.10 par value common capital stock of The American Superpower Corporation, 30 Broad Street, New York, New York, a corporation organized under the laws of the State of Delaware, evidenced by a certificate numbered C 298941, registered in the name of Bertha Schwarz, and presently in the custody of Paul Rohland, 109-14 196th Street, Hollis, Long Island, New York, together with all declared and unpaid dividends thereon;

c. Thirty (30) shares of $1.00 par value capital stock of Knott Corporation, Inc., 439 Madison Avenue, New York, New York, a corporation organized under the laws of the State of Delaware, evidenced by a certificate numbered 3646, registered in the name of Miss Bertha Schwarz, and presently in the custody of Paul Rohland, 109-14 196th Street, Hollis, Long Island, New York, together with all declared and unpaid dividends thereon;

d. Two (2) shares of common capital stock of Tri-Continental Corporation, 65 Broadway, New York, New York, evidenced by a temporary certificate numbered TNCO 35804, for forty shares of $1.00 par value common capital stock of The Selected Industries, Incorporated, registered in the name of Bertha Schwarz, together with any and all declared and unpaid dividends thereon, and all rights to receive new certificates and purchase warrants for new shares of Tri-Continental Corp, common capital stock; and

e. One hundred (100) shares of $1.00 par value Class "B" common capital stock of Missouri Kansas Pipe Line Co., 110 West 10th Street, Wilmington, Delaware, a corporation organized under the laws of the State of Delaware, evidenced by a certificate numbered NJB 772, registered in the name of Miss Bertha Schwarz, and presently in the custody of Paul Rohland, 109-14 196th Street, Hollis, Long Island, New York, together with all declared and unpaid dividends thereon,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

OTTILIE RITZ ET AL.

In re: Debts owing to Ottilie Ritz, Louis Alfred Ritz, Senior and Anna Ritz Heidingsfeld. F-28-30759.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Ottilie Ritz, Louis Alfred Ritz, Senior and Anna Ritz Heidingsfeld, each of whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the property described as follows:

a. That certain debt or other obligation owing to Ottilie Ritz by Louis A. Ritz, Jr., West Brentwood, Long Island, New York, arising out of advances made to Louis A. Ritz, Jr., by said Ottilie Ritz, together with any and all accruals thereto and any and all rights to demand, enforce and collect the same, and

b. That certain debt or other obligation owing to Louis Alfred Ritz, Senior, Ottilie Ritz and Anna Ritz Heidingsfeld by Louis A. Ritz, Jr., West Brentwood, Long Island, New York, arising out of their portions of the proceeds of sale by Louis A. Ritz, Jr., of four hundred sixteen (416) shares of common capital stock of Vavoline Oil Company, Cincinnati, Ohio, together with any and all accruals thereto and any and all rights to demand, enforce and collect the same,

is property within the United States, owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest.

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Return Order 1016]

SOCIETE AUXILIAIRE D'INDUSTRIE

Having considered the claim set forth below and having issued a determination allowing the claim, which is incorporated by reference herein and filed herewith,

It is ordered, That the claimed property, described below and in the determination, including all royalties accrued thereunder and all damages and profits recoverable for past infringement thereof, be returned after adequate provision for taxes and conservatory expenses:

Claimant, Claim No., Notice of Intention To Return Published, and Property

Societe Auxiliaire d'Industrie SADI—S. P. R. L., Forest, Belgium; Claim No. 37316; May 29, 1951 (16 F. R. 5033); property described in Vesting Order No. 292 (7 F. R. 9836, November 26, 1942) relating to United States Patent Application Serial No. 282,419 (now United States Letters Patent No. 2,325,502). This return shall not be deemed to include the rights of any licensees under the above patent.

Appropriate documents and papers effectuating this order will issue.

Executed at Washington, D. C., on July 9, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

the general requirements contained in the 1951 C. C. C. Grain Price Support Bulletin 1, 16 F. R. 1937, apply to loans and purchase agreements under the 1951-Crop Rice Price Support Program.

§ 601.1002 *Availability of price support*—(a) *Method of support.* Price support will be made available through farm-storage and warehouse-storage loans and through purchase agreements.

(b) *Area.* Farm-storage and warehouse-storage loans and purchase agreements will be available on eligible rice produced in the States of Arizona, Arkansas, California, Louisiana, Mississippi, Missouri, and Texas.

(c) *Where to apply.* Application for price support must be made at the office of the PMA county committee which keeps the farm-program records for the farm.

(d) *When to apply.* Loans and purchase agreements will be available from the time of harvest through January 31, 1952, and the applicable documents must be signed by the producer and delivered to the county committee not later than such date.

(e) *Eligible producer.* (1) An eligible producer shall be any individual, partnership, association, corporation, or other legal entity producing rice in 1951 or having an interest in a 1951 rice crop as landlord, tenant, or sharecropper, and includes a person owning and operating his own farm, a tenant operating a farm rented for cash, a tenant operating a farm under a crop-share lease, contract, or agreement, a landlord leasing to share tenants, and an irrigation company furnishing water for a share of the crop.

(2) Cooperative marketing associations of producers shall be eligible for warehouse-storage loans and purchase agreements on eligible rice produced by eligible producer members: *Provided*, That:

(i) The producer members are bound by contract to market through the association;

(ii) The major part of the rice marketed by the association is produced by members who are eligible producers;

(iii) The members share proportionately in the proceeds from marketings according to the quantity and quality of rice each delivers to the association;

(iv) The association has the legal right to pledge or mortgage the rice as security for a loan.

(3) The following special conditions of price support shall apply to cooperative marketing associations of producers:

(i) The association must maintain a record of the total quantity of rough

rice acquired by or delivered to the association from all sources, and a separate record of the quantity of eligible rice delivered to the association by eligible producer members. The books of such associations shall be made available to CCC for inspection at all reasonable times.

(ii) Rice placed under loan by the association must be stored separately from all other rice and kept separately stored until redeemed from the loan or delivered to CCC.

(iii) Rice delivered by the association to CCC under purchase agreements must have been physically segregated at all times from any rice under loan, any rice obtained from other than producer members, and from any ineligible rice. Where a member and a nonmember have a joint interest in the growing crop, this requirement shall apply from the time of physical division of the harvested crop.

§ 601.1003 *Eligible rice.* At the time the rice is placed under loan or delivered under a purchase agreement, it must meet the following requirements:

(a) The rice must have been produced in 1951 in the States of Arizona, Arkansas, California, Louisiana, Mississippi, Missouri, or Texas.

(b) Except in the case of eligible cooperative marketing associations, the beneficial interest in the rice must be in the person tendering the rice for loan or for delivery under a purchase agreement, and must always have been in him, or must have been in him and a former producer whom he succeeded before the rice was harvested. In the case of cooperative marketing associations, the beneficial interest in the rice must have been in the producer members who delivered the rice to the association and must always have been in them or in them and former producers whom they succeeded before the rice was harvested.

(c) In accordance with the Official Standards of the United States for Rough Rice, the rice may be of any class other than "Mixed rough rice."

(d) The rice must (1) grade U. S. No. 5 or better (rice of special grades shall not be eligible rice); (2) show a minimum milling yield of 25 pounds of head rice from 100 pounds of rough rice; and (3) contain not more than 14 percent moisture.

(e) If offered as security for a farm-storage loan, the rice must have been stored in the granary at least 30 days prior to its inspection for measurement, sampling, and sealing, unless otherwise approved by the PMA State committee.

§ 601.1004 *Warehouse receipts.* Warehouse receipts, representing rice in approved warehouse storage to be placed under loan or delivered under a purchase agreement, must meet the requirements below:

(a) Warehouse receipts must be issued in the name of the producer, or cooperative marketing association, must be properly endorsed in blank so as to vest title in the holder, and must be issued by a warehouse approved under the Uniform Rice Storage Agreement.

(b) In order to be acceptable under the loan program, each warehouse receipt, or the accompanying supplemental certificate, must contain a statement that the rice is insured in accordance with CCC Form 26, "Uniform Rice Storage Agreement," and if such insurance was not effective as of the date of deposit of the rice in the warehouse, the warehouseman must certify as to the effective date of the insurance and that the rice is in the warehouse and undamaged. The insurance on rice with respect to which the warehouseman guarantees quality and quantity (hereinafter called commingled rice) must be obtained by the warehouseman. Insurance on rice with respect to which the warehouseman does not guarantee quality and quantity (hereinafter called identity-preserved rice) must be obtained by either the producer or the warehouseman. If the insurance is obtained by the producer, it must be assigned to the warehouseman, with the consent of the insurance company, before a loan will be made and the warehouseman must also certify that the insurance has been assigned to him with the consent of the insurance company. Insurance is not required in order for warehouse receipts to be purchased under the purchase agreement program.

(c) Each warehouse receipt must be accompanied by a supplemental certificate (CCC Rice Form B, Supplement) executed in duplicate and properly identified with the warehouse receipt. In addition to other information required on the supplemental certificate, the warehouse receipt or the supplemental certificate must show weight, class, grade, milling yield, moisture, and any of the following grade factors which determined the assigned grade: total seeds and heat damaged kernels, heat damaged kernels and objectionable seeds, red rice and damaged kernels, chalky kernels, rice of contrasting classes. If the rice grades U. S. No. 1, no grade factors need be shown, and for rice grading below U. S. No. 1, only the factor(s) which caused the rice to receive the assigned grade need be shown. When the warehouse receipt represents rice stored on a commingled basis, the supplemental certificate must be executed by the warehouseman. When the warehouse receipt represents rice stored on an identity-preserved basis, the producer must execute the supplemental certificate and his responsibility will be as stated in § 601.665 of 1951 C. C. C. Grain Price Support Bulletin 1.

(d) A separate warehouse receipt must be submitted for each class, grade, and milling yield of rice.

(e) Warehouse receipts must carry an endorsement by the warehouseman in substantially the following form:

Warehouse charges through April 30, 1952, on the rice represented by this warehouse receipt have been paid or otherwise provided for, and a lien for such charges will not be claimed by the warehouseman from CCC or any subsequent holder of this warehouse receipt.

§ 601.1005 *Determination of quantity.* Loans and purchase agreements shall be made on the basis of rough rice expressed in units of 100 pounds, and fractional units of less than 100 pounds shall be disregarded. The quantity of rice placed under farm-storage loan may be determined either by weight or by measurement. The quantity of rice placed under a warehouse-storage loan or delivered under a farm-storage loan or under a purchase agreement shall be determined by weight.

In determining the quantity of sacked rice by weight, a deduction of ¾ of a pound for each 100 pounds of gross weight will be made.

When the quantity of rice is determined by measurement, a cubic foot of rice testing 45 pounds per bushel, shall be 36 pounds. The quantity determined will be the following percentages of the quantity determined for 45 pound rice:

For rice testing	*Percent*
45 pounds or over	100
44 pounds or over, but less than 45 pounds	98
43 pounds or over, but less than 44 pounds	96
42 pounds or over, but less than 43 pounds	93
41 pounds or over, but less than 42 pounds	91
40 pounds or over, but less than 41 pounds	89

Proportionately lower for rice testing below 40 pounds.

In cases where the warehouseman guarantees the quantity and quality of rice shown on the warehouse receipt or the supplemental certificate, loans will be made on 100 percent of the quantity of rice determined in accordance with this section. In all other cases, loans will be made on 95 percent of the quantity of rice so determined, and at the time of delivery, settlement will be made on the basis of the actual quantity and quality of rice delivered.

§ 601.1006 *Determination of quality.* The class, grade, grade factors, milling yield and all quality factors shall be determined in accordance with the methods set forth in the official United States Standards for Rough Rice.

At the time of making a loan on farm-stored rice or identity preserved warehouse-stored rice, the county committee will draw a representative sample of each lot of rice and obtain an official (Federal or Federal-State) sample inspection certificate for each such lot. Sample inspection fees incurred by the county committee in connection with the making of loans will be for the account of CCC.

Where quality and quantity are guaranteed by the warehouseman under a warehouse-storage loan, the quality and quantity shown on the warehouse receipt or supplemental certificate shall be the basis for settlement with the producer. In all other cases, the producer shall, prior to delivery of the rice to CCC, submit an official Federal or Federal-State lot inspection certificate dated subsequent to April 30, 1952. Lot inspection fees incurred in connection with the delivery of rice to CCC will be for the account of the producer.

§ 601.1007 *Maturity of loans.* Loans mature on demand but not later than April 30, 1952.

§ 601.1008 *Support rates.* Loans will be made, and rice delivered under purchase agreements will be purchased at the support rates set forth in this section.

(a) *Basic rates.* The basic support rate for 100 pounds of rough rice in store in an approved warehouse and with all accrued charges paid through April 30, 1952, shall be computed as follows:

Multiply the yield (in pounds per hundredweight) of head rice by the applicable value factor for head rice (as shown in the table below according to class). Similarly, multiply the difference between the total yield and head rice yield (in pounds per hundredweight) by the applicable value factor for broken rice. Add the results of these two computations to obtain the basic loan or purchase rate per 100 pounds of rough rice and express such rate in dollars and cents, rounded to the nearest whole cent.

VALUE FACTORS FOR HEAD AND BROKEN RICE [1]

Rough rice class	Head rice	Broken rice
Rexoro (including Rexark), Patna, Blue Bonnet and Nira		
Fortuna, R. N., and Edith		
Blue Rose (including Improved Blue Rose, Greater Blue Rose, Kamrose and Arkrose), Magnolia, Zenith, Prelude, and Lady Wright		
Early Prolific, Pearl, Calady, Calrose and other classes		

[1] The value factors will be published as an amendment to this section shortly after Aug. 1, 1951.

(b) *Premiums and discounts.* The basic support rates, determined under paragraph (a) of this section, per 100 pounds of rough rice shall be adjusted by the following premium or discount for the grade applicable to an individual lot of rough rice:

Grade U. S. No. 1: Premium of 20 cents per 100 pounds.
Grade U. S. No. 2: Premium of 10 cents per 100 pounds.
Grade U. S. No. 3: Discount of 5 cents per 100 pounds.
Grade U. S. No. 4: Discount of 20 cents per 100 pounds.
Grade U. S. No. 5: Discount of 40 cents per 100 pounds.

§ 601.1009 *Warehouse charges.* There shall be no storage allowance on rice placed under loan or delivered to CCC under a purchase agreement. CCC will not assume any warehouse charges accruing prior to May 1, 1952, and warehouse receipts representing rice under loan or delivered to CCC under a purchase agreement must be endorsed by the warehouseman as provided in § 601.1004 (e).

§ 601.1010 *Settlement*—(a) *Farm-storage and identity preserved warehouse-storage loans.* In the case of rice delivered to CCC from farm-storage or identity preserved warehouse storage under the loan program, settlement will be made at the applicable support rate. The support rate will be for the grade and quality of the total quantity of rice delivered. The producer shall, at his expense, furnish to the county committee at the time of delivery official weight certificates and Federal or Federal-State lot inspection certificates dated subsequent to April 30, 1952. If the producer fails to furnish such weight and inspection certificates and does not pay off his loan, the county committee shall order the rice weighed-up and inspected, pay the costs of such weighing and inspection, and charge such costs to the producer when making settlement.

If the rice under farm-storage or identity preserved warehouse-storage loan is, upon delivery, of a grade and/or milling yield for which no support rate has been established, the settlement value shall be the support rate established for the grade and milling yield of the rice placed under loan, less the difference, if any, at the time of delivery, between the market price for the grade and milling yield placed under loan and the market price of the rice delivered, as determined by CCC.

(b) *Purchase agreements.* Eligible rice will be purchased at the support rate applicable to the grade and yield of the rice determined at the time of delivery to CCC.

Issued this 13th day of July 1951.

[SEAL] ELMER F. KRUSE,
Vice President,
Commodity Credit Corporation.

Approved:

G. F. GEISSLER,
President,
Commodity Credit Corporation.

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Lemon Reg. 391, Amdt. 1]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

a. *Findings.* 1. Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

2. It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice and engage in public rule making procedure (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient; and this amendment relieves restrictions on the handling of lemons grown in the State of California or in the State of Arizona.

b. *Order, as amended.* The provisions in paragraph (b) (1) (ii) of § 953.498 (Lemon Regulation 391, 16 F. R. 6975) are hereby amended to read as follows:

(ii) District 2: 700 carloads.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 17th day of July 1951.

[SEAL] S. R. SMITH.
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 51-8416; Filed, July 18, 1951; 10:53 a. m.]

PART 979—IRISH POTATOES GROWN IN THE EASTERN SOUTH DAKOTA PRODUCTION AREA

LIMITATION OF SHIPMENTS

§ 979.305 *Limitation of shipments*—(a) *Findings.* (1) Pursuant to Marketing Agreement No. 103 and Order No. 79 (7 CFR Part 979) regulating the handling of Irish potatoes grown in the Eastern South Dakota production area, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the South Dakota Potato Committee, established under said marketing agreement and order, and other available information, it is hereby found that such limitation of shipments as hereinafter provided will tend to effectuate the declared policies of the act.

(2) It is hereby found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until thirty days after publication thereof in the FEDERAL REGISTER (5 U. S. C. 1001 et seq.) in that (i) shipments of the 1951 crop Irish potatoes grown in the production area will begin immediately following the effective date of this section, (ii) more orderly marketing in the public interest than would otherwise prevail will be promoted by limiting shipments of potatoes on and after the effective date hereinafter provided in the manner set forth, (iii) compliance with this section will not require any preparation on the part of handlers which cannot be completed by such effective date, (iv) a reasonable time is permitted, under the circumstances, for such preparation, (v) the time intervening between the date when adequate information became available to the South Dakota Potato Committee to make its recommendation and the time when this section must become effective in order to

effectuate the declared policy of the act is insufficient, and (vi) information regarding the committee's recommendation has been made available to producers and handlers in the production area.

(b) *Order.* (1) During the period from August 1, 1951, to June 30, 1952, both dates inclusive, no handler shall ship table stock potatoes grown in the Eastern South Dakota production area, as such area is defined in Marketing Agreement No. 103 and Order No. 79, which do not meet the requirements of the U. S. No. 2, or better, grade, and which are sizes smaller than 1½ inches minimum diameter, as such grades and sizes are defined in the U. S. Standards for Potatoes (7 CFR 51.366), including the tolerances set forth therein.

(c) The terms used in this section shall have the same meaning as when used in Marketing Agreement No. 103 and Order No. 79 (7 CFR Part 979).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 16th day of July 1951, to become effective August 1, 1951.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 51-8308; Filed, July 18, 1951; 8:59 a. m.]

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Civil Air Regs., Amdt. 20-13]

PART 20—PILOT CERTIFICATES

AIRMAN IDENTIFICATION CARD

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 11th day of July 1951.

Currently effective Civil Air Regulations require the possession of positive identification data by airmen certificated under this part while exercising the privileges of their airman certificates. This amendment requires each holder of a pilot certificate, after September 1, 1951, except while engaged in operations conducted by scheduled air carriers, to have in his possession either an airman identification card (Form ACA 2135) issued by the Administrator or other identification card acceptable to the Administrator.

Since scheduled air carriers are required to keep airman records which afford positive identification of airline personnel, this regulation is intended to exempt airmen while engaged in operations conducted by scheduled air carriers from the requirement that they possess identification cards. Since, however, an airman may exercise the privileges of his certificate in other operations, he is required to possess while engaged in such other operations either an airman identification card or other identification card acceptable to the Administrator.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented. Since the substance of this amendment, except for certain exemptions, was published as a notice of proposed rule making and has been adopted in our current regulations, further notice and public procedure are considered impracticable and contrary to the public interest. For the reasons stated above the Board finds that good cause exists for making this regulation effective immediately.

In consideration of the foregoing the Civil Aeronautics Board hereby amends Part 20 of the Civil Air Regulations (14 CFR Part 20, as amended), effective immediately, as follows:

By amending § 20.53 to read as follows:

§ 20.58 *Identification.* After September 1, 1951, the holder of a certificate issued under the provisions of this part shall not, except while engaged in operations conducted by a scheduled air carrier, exercise the privileges conferred by the certificate unless he has in his possession a current airman identification card or other identification card acceptable to the Administrator, which duly describes him. The airman identification card may be obtained from the Administrator who shall prescribe its form and the manner of applying for it.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 601, 602, 52 Stat. 1007, as amended, 1008; 49 U. S. C. 551, 552)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

[F. R. Doc. 51-8256; Filed, July 18, 1951; 8:50 a. m.]

[Civil Air Regs., Amdt. 21-3]

PART 21—AIRLINE TRANSPORT PILOT RATING

AIRMAN IDENTIFICATION CARD

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 11th day of July 1951.

No provisions of the currently effective Civil Air Regulations require the possession of positive identification data by airmen certificated under this part while exercising the privileges of their airman certificates. This amendment provides in part for such identification and requires each holder of an airline transport pilot certificate, after September 1, 1951, except while engaged in operations conducted by scheduled air carriers, to have in his possession either an airman identification card (Form ACA 2135) issued by the Administrator or other identification card acceptable to the Administrator.

Since scheduled air carriers are required to keep airman records which afford positive identification of airline personnel, this regulation is intended to exempt airmen while engaged in operations conducted by scheduled air carriers from the requirement that they possess identification cards. Since, however, an airman may exercise the privileges of his certificate in other operations, he is required to possess while engaged in such other operations either an airman identification card or other identification card acceptable to the Administrator.

The airman identification card shall contain, among other data, the airman's signature, picture, and one fingerprint. To obtain an airman identification card, each applicant shall complete an application (Form ACA 2134) and shall furnish documentary evidence of his personal identification, citizenship, place and date of birth, and the type of airman certificate held. It should be noted that an expired airman identification card (Form ACA 935) issued during World War II may serve as sufficient evidence in these matters. An applicant who has once possessed this expired identification card but is unable to produce it at the time of application may substitute a letter from the Airman Records Branch, Civil Aeronautics Administration, Washington 25, D. C., which, in effect, attests to the issuance and contents of the expired card.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented. Since the substance of this amendment, except for certain exemptions, was published as a notice of proposed rule making and has been adopted in our current regulations, further notice and public procedure are considered impracticable and contrary to the public interest. For the reasons stated above, the Board finds that good cause exists for making this regulation effective immediately.

In consideration of the foregoing the Civil Aeronautics Board hereby amends Part 21 of the Civil Air Regulations (14 CFR, Part 21, as amended), effective immediately, as follows:

By adding a new § 21.45 to read as follows:

§ 21.45 *Identification.* After September 1, 1951, the holder of a certificate issued under the provisions of this part shall not, except while engaged in operations conducted by a scheduled air carrier, exercise the privileges conferred by the certificate unless he has in his possession a current airman identification card or other identification card acceptable to the Administrator, which duly describes him. The airman identification card may be obtained from the Administrator who shall prescribe its form and the manner of applying for it.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 601, 602, 52 Stat. 1007, as amended, 1008; 49 U. S. C. 551, 552)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

[F. R. Doc. 51-8257; Filed, July 18, 1951; 8:50 a. m.]

[Civil Air Regs., Amdt. 24-5]

PART 24—MECHANIC CERTIFICATES

AIRMAN IDENTIFICATION CARD

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 11th day of July 1951.

Currently effective Civil Air Regulations require the possession of positive identification data by airmen certificated under this part while exercising the privileges of their airman certificates. This amendment requires each holder of a mechanic certificate, after September 1, 1951, except while engaged in operations conducted by scheduled air carriers, to have in his possession either an airman identification card (Form ACA 2135) issued by the Administrator or other identification card acceptable to the Administrator.

Since scheduled air carriers are required to keep airman records which afford positive identification of airline personnel, this regulation is intended to exempt airmen while engaged in operations conducted by scheduled air carriers from the requirement that they possess identification cards. Since, however, an airman may exercise the privileges of his certificate in other operations, he is required to possess while engaged in such other operations either an airman identification card or other identification card acceptable to the Administrator.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented. Since the substance of this amendment, except for certain exemptions, was published as a notice of proposed rule making and has been adopted in our current regulations, further notice and public procedure are considered impracticable and contrary to the public interest. For the reasons stated above the Board finds that good cause exists for making this regulation effective immediately.

In consideration of the foregoing the Civil Aeronautics Board hereby amends Part 24 of the Civil Air Regulations (14 CFR Part 24, as amended), effective immediately, as follows:

By amending § 24.47 to read as follows:

§ 24.47 *Identification.* After September 1, 1951, the holder of a certificate issued under the provisions of this part shall not, except while engaged in operations conducted by a scheduled air carrier, exercise the privileges conferred by the certificate unless he has in his possession a current airman identification card or other identification card acceptable to the Administrator, which duly describes him. The airman identification card may be obtained from the Administrator who shall prescribe its form and the manner of applying for it.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 601, 602, 52 Stat. 1007, as amended, 1008; 49 U. S. C. 551, 552)

By the Civil Aeronautics Board.

[Civil Air Regs., Amdt. 27-4]

PART 27—AIRCRAFT DISPATCHER CERTIFICATES

AIRMAN IDENTIFICATION CARD

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 11th day of July 1951.

No provisions of the currently effective Civil Air Regulations require the possession of positive identification data by airmen certificated under this part while exercising the privileges of their airman certificates. This amendment provides in part for such identification and requires each holder of an aircraft dispatcher certificate, after September 1, 1951, except while engaged in operations conducted by scheduled air carriers, to, have in his possession either an airman identification card (Form ACA 2135) issued by the Administrator or other identification card acceptable to the Administrator.

Since scheduled air carriers are required to keep airman records which afford positive identification of airline personnel, this regulation is intended to exempt airmen while engaged in operations conducted by scheduled air carriers from the requirement that they possess identification cards. Since, however, an airman may exercise the privileges of his certificate in other operations, he is required to possess while engaged in such other operations either an airman identification card or other identification card acceptable to the Administrator.

The airman identification card shall contain, among other data, the airman's signature, picture, and one fingerprint. To obtain an airman identification card, each applicant shall complete an application (Form ACA 2134) and shall furnish documentary evidence of his personal identification, citizenship, place and date of birth, and the type of airman certificate held. It should be noted that an expired airman identification card (Form ACA 935) issued during World War II may serve as sufficient evidence in these matters. An applicant who has once possessed this expired identification card but is unable to produce it at the time of application may substitute a letter from the Airman Records Branch, Civil Aeronautics Administration, Washington 25, D. C., which, in effect, attests to the issuance and contents of the expired card.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented. Since the substance of this amendment, except for certain exemptions, was published as a notice of proposed rule making and has been adopted in our current regulations, further notice and public procedure are considered impracticable and contrary to the public interest. For the reasons stated above the Board finds that good cause exists for making this regulation effective immediately.

In consideration of the foregoing the Civil Aeronautics Board hereby amends Part 27 of the Civil Air Regulations (14 CFR Part 27, as amended), effective immediately, as follows:

By adding a new § 27.23 to read as follows:

§ 27.23 *Identification.* After September 1, 1951, the holder of a certificate issued under the provisions of this part shall not, except while engaged in operations conducted by a scheduled air carrier, exercise the privileges conferred by the certificate unless he has in his possession a current airman identification card or other identification card acceptable to the Administrator, which duly describes him. The airman identification card may be obtained from the Administrator who shall prescribe its form and the manner of applying for it.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 601, 602, 52 Stat. 1007, as amended, 1008; 49 U. S. C. 551, 552)

By the Civil Aeronautics Board.

[Civil Air Regs., Amdt. 33-5]

PART 33—FLIGHT RADIO OPERATOR CERTIFICATES

AIRMAN IDENTIFICATION CARD

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 11th day of July 1951.

No provisions of the currently effective Civil Air Regulations require the possession of positive identification data by airmen certificated under this part while exercising the privileges of their airman certificates. This amendment provides in part for such identification and requires each holder of a flight radio operator certificate, after September 1, 1951, except while engaged in operations conducted by scheduled air carriers, to have in his possession either an airman identification card (Form ACA 2135) issued by the Administrator or other identification card acceptable to the Administrator.

Since scheduled air carriers are required to keep airman records which afford positive identification of airline personnel, this regulation is intended to exempt airmen while engaged in operations conducted by scheduled air carriers from the requirement that they possess identification cards. Since, however, an airman may exercise the privileges of his certificate in other operations, he is required to possess while engaged in such other operations either an airman identification card or other identification card acceptable to the Administrator.

The airman identification card shall contain, among other data, the airman's signature, picture, and one fingerprint. To obtain an airman identification card, each applicant shall complete an application (Form ACA 2134) and shall furnish documentary evidence of his personal identification, citizenship, place and date of birth, and the type of airman certificate held. It should be noted that an expired airman identification card (Form ACA 935) issued during World War II may serve as sufficient evidence in these matters. An applicant who has

once possessed this expired identification card but is unable to produce it at the time of application may substitute a letter from the Airman Records Branch, Civil Aeronautics Administration, Washington 25, D. C., which, in effect, attests to the issuance and contents of the expired card.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented. Since the substance of this amendment, except for certain exemptions, was published as a notice of proposed rule making and has been adopted in our current regulations, further notice and public procedure are considered impracticable and contrary to the public interest. For the reasons stated above the Board finds that good cause exists for making this regulation effective immediately.

In consideration of the foregoing the Civil Aeronautics Board hereby amends Part 33 of the Civil Air Regulations (14 CFR Part 33, as amended), effective immediately, as follows:

By adding a new § 33.46 to read as follows:

§ 33.46 *Identification.* After September 1, 1951, the holder of a certificate issued under the provisions of this part shall not, except while engaged in operations conducted by a scheduled air carrier, exercise the privileges conferred by the certificate unless he has in his possession a current airman identification card or other identification card acceptable to the Administrator, which duly describes him. The airman identification card may be obtained from the Administrator who shall prescribe its form and the manner of applying for it.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 601, 602, 52 Stat. 1007, as amended, 1008; 49 U. S. C. 551, 552)

By the Civil Aeronautics Board.

[Civil Air Regs., Amdt. 34-4]

PART 34—FLIGHT NAVIGATOR CERTIFICATES

AIRMAN IDENTIFICATION CARD

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 11th day of July 1951.

No provisions of the currently effective Civil Air Regulations require the possession of positive identification data by airmen certificated under this part while exercising the privileges of their airman certificates. This amendment provides in part for such identification and requires each holder of a flight navigator certificate, after September 1, 1951, except while engaged in operations conducted by scheduled air carriers, to have in his possession either an airman identification card (Form ACA 2135) issued by the Administrator or other identification card acceptable to the Administrator.

Since scheduled air carriers are required to keep airman records which afford positive identification of airline personnel, this regulation is intended to exempt airmen while engaged in operations conducted by scheduled air carriers from the requirement that they possess identification cards. Since, however, an airman may exercise the privileges of his certificate in other operations, he is required to possess while engaged in such other operations either an airman identification card or other identification card acceptable to the Administrator.

The airman identification card shall contain, among other data, the airman's signature, picture, and one fingerprint. To obtain an airman identification card, each applicant shall complete an application (Form ACA 2134) and shall furnish documentary evidence of his personal identification, citizenship, place and date of birth, and the type of airman certificate held. It should be noted that an expired airman identification card (Form ACA 935) issued during World War II may serve as sufficient evidence in these matters. An applicant who has once possessed this expired identification card but is unable to produce it at the time of application may substitute a letter from the Airman Records Branch, Civil Aeronautics Administration, Washington 25, D. C., which, in effect, attests to the issuance and contents of the expired card.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented. Since the substance of this amendment, except for certain exemptions, was published as a notice of proposed rule making and has been adopted in our current regulations further notice and public procedure are considered impracticable and contrary to the public interest. For the reasons stated above the Board finds that good cause exists for making this regulation effective immediately.

In consideration of the foregoing the Civil Aeronautics Board hereby amends Part 34 of the Civil Air Regulations (14 CFR Part 34, as amended), effective immediately, as follows:

By adding a new § 34.20 to read as follows:

§ 34.20 *Identification.* After September 1, 1951, the holder of a certificate issued under the provisions of this part shall not, except while engaged in operations conducted by a scheduled air carrier, exercise the privileges conferred by the certificate unless he has in his possession a current airman identification card or other identification card acceptable to the Administrator, which duly describes him. The airman identification card may be obtained from the Administrator who shall prescribe its form and the manner of applying for it.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 601, 602, 52 Stat. 1007, as amended, 1008; 49 U. S. C. 551, 552)

By the Civil Aeronautics Board.

[Civil Air Regs. Amdt. 35-4]

PART 35—FLIGHT ENGINEER CERTIFICATES

AIRMAN IDENTIFICATION CARD

Adopted by the Civil Aeronautics Board at its office in Washington, D. C. on the 11th day of July 1951.

No provisions of the currently effective Civil Air Regulations require the possession of positive identification data by airmen certificated under this part while exercising the privileges of their airman certificates. This amendment provides in part for such identification and requires each holder of a flight engineer certificate, after September 1, 1951, except while engaged in operations conducted by scheduled air carriers, to have in his possession either an airman identification card (Form ACA 2135) issued by the Administrator or other identification card acceptable to the Administrator.

Since scheduled air carriers are required to keep airman records which afford positive identification of airline personnel, this regulation is intended to exempt airmen while engaged in operations conducted by scheduled air carriers from the requirement that they possess identification cards. Since, however, an airman may exercise the privileges of his certificate in other operations, he is required to possess while engaged in such other operations either an airman identification card or other identification card acceptable to the Administrator.

The airman identification card shall contain, among other data, the airman's signature, picture, and one fingerprint. To obtain an airman identification card, each applicant shall complete an application (Form ACA 2134) and shall furnish documentary evidence of his personal identification, citizenship, place and date of birth, and the type of airman certificate held. It should be noted that an expired airman identification card (Form ACA 935) issued during World War II may serve as sufficient evidence in these matters. An applicant who has once possessed this expired identification card but is unable to produce it at the time of application may substitute a letter from the Airman Records Branch, Civil Aeronautics Administration, Washington 25, D. C., which, in effect, attests to the issuance and contents of the expired card.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented. Since the substance of this amendment except for certain exemptions, was published as a notice of proposed rule making and has been adopted in our current regulations, further notice and public procedure are con-

sidered impracticable and contrary to the public interest. For the reasons stated above the Board finds that good cause exists for making this regulation effective immediately.

In consideration of the foregoing the Civil Aeronautics Board hereby amends Part 35 of the Civil Air Regulations (14 CFR Part 35, as amended), effective immediately, as follows:

By adding a new § 35.21 to read as follows:

§ 35.21 *Identification.* After September 1, 1951, the holder of a certificate issued under the provisions of this part shall not, except while engaged in operations conducted by a scheduled air carrier, exercise the privileges conferred by his certificate unless he has in his possession a current airman identification card or other identification card acceptable to the Administrator, which duly describes him. The airman identification card may be obtained from the Administrator who shall prescribe its form and the manner of applying for it.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 601, 602, 52 Stat. 1007, as amended, 1008; 49 U. S. C. 551, 552)

By the Civil Aeronautics Board.

[Amdt. 76, Supp. 76]

PART 60—AIR TRAFFIC RULES

MISCELLANEOUS AMENDMENTS

The danger area alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required. Title 14, § 60.13-1 is amended as follows:

1. The South Wellfleet, Massachusetts, area, published on March 6, 1951, in 16 F. R. 2051, is revised to read:

Name and location (chart)	Description by geographical coordinates	Designated altitudes	Time of designation	Using agency
SOUTH WELLFLEET (Boston Chart).	Beginning at lat. 42°05'55" N, long. 70°02'10" W; southerly paralleling the shoreline at a distance of 3 nautical miles to lat. 41°45'30" N, long. 69°51'30" W; NW to the town of North Eastham, Mass.; northerly along the railroad to the town of South Wellfleet, Mass.; northerly to lat. 42°05'55" N, long. 70°02'10" W, point of beginning.	Surface to unlimited.	Continuous.	Headquarters, 1st Army and 33d Fighter Interceptor Wing, Otis AFB, Falmouth, Mass.

2. The Matagorda Island, Texas, area, published on November 10, 1950, in 15 F. R. 7548, and revised on April 17, 1951, in 16 F. R. 3333, is further revised by deleting Area I.

3. The Pendleton, Virginia, area, published on July 16, 1949, in 14 F. R. 4296, is amended by changing the "Description by Geographical Coordinates" column to read: "Beginning at lat. 36°45'41" N, long. 75°54'40" W; southerly paralleling the shoreline at a distance of 3 nautical miles to lat. 36°34'33" N, long. 75°48'40" W; NW to lat. 36°45'05" N, long. 75°56'10" W; clockwise along the arc of a circle with a radius of 2 nautical miles centered at lat. 36°46'48" N, long. 75°57'24" W to lat. 36°48'33" N, long. 75°56'10" W; NE to lat. 36°50'41" N, long. 75°54'40" W, point of beginning."

4. A Eureka, Washington, area is added to read:

Name and location (chart)	Description by geographical coordinates	Designated altitudes	Time of designation	Using agency
EUREKA (Spokane Chart).	N boundary: lat. 46°23'12" N; S boundary: lat. 46°21'15" N; E boundary: long. 118°53'30" W; W boundary: long. 118°53'30" W.	Surface to 20,000 feet.	Daylight hours, 7 days a week.	Organized Naval Reserve, Naval Air Station, Spokane, Wash.

5. The Camp Tortuguero, Puerto Rico, area, published on June 19, 1951, in 16 F. R. 5834, is deleted.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective on July 19, 1951.

[SEAL] F. B. LEE, *Acting Administrator of Civil Aeronautics.*

[F. R. Doc. 51-8243; Filed, July 18, 1951; 8:47 a. m.]

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 5483]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

CLAY PRODUCTS ASSN., INC., ET AL.

Subpart—*Aiding, assisting and abetting unfair or unlawful act or practice:* § 3.290 *Aiding, assisting and abetting unfair or unlawful act or practice.* Subpart—*Combining or conspiring:* § 3.400 *To discriminate or stabilize prices through basing point or delivered price systems;* § 3.430 *To enhance, maintain or unify prices.* Subpart—*Discriminating in price under section 5, Federal Trade Commission Act;* § 3.880 *Delivered price systems.* Subpart—*Selling and quoting on systematic price matching bases:* § 3.2193 *Zone, freight equalization and other delivered price systems.* I. In or in connection with the offering for sale, sale, or distribution in commerce, of vitrified clay sewer pipe or fittings, and on the part of fourteen producers of said products, and on the part of their respective officers, etc., entering into, continuing, cooperating in, or carrying out, any planned common course of action, understanding, agreement, combination or conspiracy between or among any two or more of said respondents, or between any one or more of said respondents and others not parties hereto, to (1) fix or maintain prices for vitrified clay sewer pipe, or fittings; (2) compose or announce prices for vitrified clay sewer pipe, or fittings, for any destination at which the respondents quote prices or sell their products, through the use of or in accordance with a basic price list, or percentage discounts therefrom, for the purpose or with the effect of systematically matching or making the same delivered price quotations at any such destination by any two or more respondents; (3) use in common any freight rate compilation as a factor in fixing or announcing prices of vitrified clay sewer pipe, or fittings, which results in uniform delivered prices at any given destination as between any two or more of the respondents; (4) use in common a zoning method of computing or formulating delivered price quotations for any such products by which any respondent is enabled to, and does, match its quotations on a delivered basis with the quotations of other respondents; (5) engage in any practice of discriminating in price as between different purchasers of such products of like grade, quality and quantity, for the purpose or with the effect of matching the price quotations of other respondents; (6) establish or maintain uniform terms or conditions of sale to dealers, or allocate sales between and among the respondents or dealers; or, (7) establish or maintain a list of jobbers, the terms and conditions of sale to jobbers, or allocate sales between and among the respondents or jobbers; and, II, collectively, concertedly or by combination of two or more of said respondents, using or maintaining the respondent Clay Products Association, Inc., as a medium for promoting, aiding, or rendering more effective any cooperative or concerted efforts to suppress or eliminate competition in the sale of vitrified clay sewer pipe, or fittings, in any of the respects above set forth; and, III, knowingly contributing to the accomplishment of any of the aforesaid acts, practices or things above prohibited, on the part of said association and said producers, and their respective officers, etc.; prohibited, subject to the provision, however, that nothing contained in the order shall be

construed as prohibiting the establishment or maintenance of any lawful bona fide agreements, discussions or other action solely between any corporate respondent and its directors, officers and employees, or between any corporate respondent and any of its subsidiaries or affiliates, and relating solely to the carrying on of the business of such corporation and its subsidiaries or affiliates, when not for the purpose or with the effect of restricting competition.

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Clay Products Association, Inc., et al., Docket 5463, April 19, 1951]

In the Matter of Clay Products Association, Inc., American Vitrified Products Co., Blackmer & Post Pipe Co., Cannelton Sewer Pipe Co., Lehigh Sewer Pipe & Tile Co., Red Wing Sewer Pipe Corporation, The Robinson Clay Products Co., What Cheer Clay Products Co., White Hall Sewer Pipe & Stoneware Co., Streator Drain Tile Co., W. S. Dickey Clay Manufacturing Co., Laclede Christy Clay Products Co., Evens & Howard Sewer Pipe Co., Iowa Pipe & Tile Co., Clay City Pipe Co., Denver Sewer Pipe & Clay Co., Standard Fire Brick Co., Lovell Clay Products Co., and Agate Sewer Pipe Co.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, substitute answers thereto filed by the respondents (except American Vitrified Products Company, Robinson Clay Product Company, Clay City Pipe Company, and Agate Sewer Pipe Co.), admitting for the purposes of this proceeding all of the material allegations of fact set forth in the complaint and waiving all intervening procedure and further hearings as to said facts, and certain memoranda of counsel in support of the complaint and of counsel for the respondents (except American Vitrified Products Company, Robinson Clay Product Company, Clay City Pipe Company, and Agate Sewer Pipe Co.), attached to which memoranda was a proposed form of order to cease and desist; and the Commission having declined to dispose of the proceeding by the entry of an order to cease and desist in the form recommended, but having served upon the respondents an order in a form proposed by the Commission for entry as its order to cease and desist and granting the respondents leave to file any objections they might have to the entry of such order (the respondents having filed no objections thereto); and the Commission having made its findings as to the facts and its conclusion that the respondents (except American Vitrified Products Company, Robinson Clay Product Company, Clay City Pipe Company, and Agate Sewer Pipe Co.) have violated the provisions of section 5 of the Federal Trade Commission Act:

It is ordered, That the respondents, Blackmer & Post Pipe Co., Cannelton Sewer Pipe Company, Lehigh Sewer Pipe & Tile Co., Red Wing Sewer Pipe Corporation, What Cheer Clay Products Company, White Hall Sewer Pipe & Stoneware Co., Streator Drain Tile Co., W. S. Dickey Clay Manufacturing Company, Laclede-Christy Clay Products Company, Evens & Howard Sewer Pipe Company, Iowa Pipe & Tile Company, The Denver Sewer Pipe & Clay Company, The Standard Fire Brick Company, and The Lovell Clay Products Company, and their respective officers, agents, representatives and employees, in or in connection with the offering for sale, sale or distribution in commerce between and among the several states of the United States and in the District of Columbia of vitrified clay sewer pipe or fittings, do forthwith cease and desist from entering into, continuing, cooperating in, or carrying out, any planned common course of action, understanding, agreement, combination or conspiracy between or among any two or more of said respondents, or between any one or more of said respondents and others not parties hereto, to do or perform any of the following acts, practices or things:

1. Fixing or maintaining prices for vitrified clay sewer pipe, or fittings.

2. Composing or announcing prices for vitrified clay sewer pipe, or fittings, for any destination at which the respondents quote prices or sell their products, through the use of or in accordance with a basic price list, or percentage discounts therefrom, for the purpose or with the effect of systematically matching or making the same delivered price quotations at any such destination by any two or more respondents.

3. Using in common any freight rate compilation as a factor in fixing or announcing prices of vitrified clay sewer pipe, or fittings, which results in uniform delivered prices at any given destination as between any two or more of the respondents.

4. Using in common a zoning method of computing or formulating delivered price quotations for any such products by which any respondent is enabled to, and does, match its quotations on a delivered basis with the quotations of other respondents.

5. Engaging in any practice of discriminating in price as between different purchasers of such products of like grade, quality and quantity, for the purpose or with the effect of matching the price quotations of other respondents.

6. Establishing or maintaining uniform terms or conditions of sale to dealers, or allocating sales between and among the respondents or dealers.

7. Establishing or maintaining a list of jobbers, the terms and conditions of sale to jobbers, or allocating sales between and among the respondents or jobbers.

It is further ordered, That the respondents, Blackmer & Post Pipe Co., Cannelton Sewer Pipe Company, Lehigh Sewer Pipe & Tile Co., Red Wing Sewer Pipe Corporation, What Cheer Clay Products Company, White Hall Sewer Pipe & Stoneware Co., Streator Drain Tile Co., W. S. Dickey Clay Manufacturing Company, Laclede-Christy Clay Products Company, Evens & Howard Sewer Pipe Company, Iowa Pipe & Tile Company, The Denver Sewer Pipe & Clay Company, The Standard Fire Brick Company, and The Lovell Clay Products Company, and their respective officers, agents, representatives and employees, do forthwith cease and desist from knowingly contributing to the accomplishment of any of the acts, practices or things prohibited in the preamble and subparagraphs 1 to 7, inclusive, of this order as set forth above.

It is further ordered, That nothing contained in this order shall be construed as prohibiting the establishment or maintenance of any lawful bona fide agreements, discussions or other action solely between any corporate respondent and its directors, officers and employees, or between any corporate respondent and any of its subsidiaries or affiliates, and relating solely to the carrying on of the business of such corporation and its subsidiaries or affiliates, when not for the purpose or with the effect of restricting competition.

It is further ordered, For reasons appearing in the Commission's findings as to the facts in this proceeding, that the allegations of Count I of the complaint herein be, and they hereby are, dismissed as to American Vitrified Products Company, Robinson Clay Product Company, Clay City Pipe Company, and Agate Sewer Pipe Co., without prejudice, however, to the right of the Commission to take such further action against these respondents in respect to said allegations at any time in the future as may be warranted by the then existing circumstances.

It is further ordered, That the allegations of Count II of the complaint be, and they hereby are, dismissed as to all of the respondents.

It is further ordered, That the respondents (except American Vitrified Products Company, Robinson Clay Product Company, Clay City Pipe Company, and Agate Sewer Pipe Co.) shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

Issued: April 19, 1951.

By the Commission.

[SEAL] D. C. DANIEL, *Secretary.*

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign and Domestic Commerce, Department of Commerce

Subchapter C—Office of International Trade

[5th Gen. Rev. of Export Regs., Amdt. 65 [1]]

PART 371—GENERAL LICENSES

PART 373—LICENSING POLICIES AND RELATED SPECIAL PROVISIONS

MISCELLANEOUS AMENDMENTS

1. Section 371.25 *General license GMC, unmanufactured cotton of Mexican growth* is amended to read as follows:

§ 371.25 *General license GMC, unmanufactured cotton.* A general license designated GMC is hereby established, authorizing the exportation of raw cotton and linters, Schedule B Nos. 300311, 300312, 300402, 300403, 300405, and 300406, of the growth of any North or South American country (other than the United States), as listed in Schedule C of the Bureau of the Census: *Provided*, Such cotton and linters are exported from U. S. Bureau of Customs custody and no consumption entry therefor has been officially accepted at a United States customhouse.

This part of the amendment shall become effective as of July 12, 1951.

2. Part 373 Licensing Policies and Related Special Provisions is amended to add the following provisions under § 373.15.[2]

§ 373.15 *Special provisions for sugar*—(a) *Application requirements.* Applications for licenses to export all sugars, classified under Schedule B No. 161905, except glypho syrup and maple sugars, must indicate whether quota sugar (sugar domestically produced or imported for domestic consumption under the Sugar Act of 1948) or non-quota sugar (refined sugar produced from world raw sugar imported under bond for the purpose of refining and re-export) is to be exported.

If non-quota sugar is to be exported, the application must be accompanied by the following certification:

I (we) hereby certify that the sugar covered by this application is refined sugar produced from world raw sugar imported for the purpose of refining and re-exporting, in compliance with a bond (Form SU-17 of the U. S. Department of Agriculture), filed by (name of refiner) with the U. S. Department of Agriculture, covering entry No. ------ pursuant to the Sugar Act of 1948.

If quota sugar is to be exported, the applicant shall state "quota" under item 9 (b) of the license application, Form IT-419.

(b) *Definition.* As used in this section the term "world raw sugar" excludes sugar imported in bond from any of the territories and possessions of the United States.

This part of the amendment shall become effective as of June 1, 1951.

(Sec. 3, 63 Stat. 7; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245; 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59; 3 CFR, 1948 Supp.)

LORING K. MACY, *Acting Director, Office of International Trade.*

[2] The former provisions of this section were deleted by Amdt. No. 31, 15 F. R. 8925; Current Export Bulletin No. 596, dated December 7, 1950.

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 661—BANKING, INSURANCE AND FINANCE INDUSTRIES IN PUERTO RICO

MINIMUM WAGE ORDER

Pursuant to the Administrative Procedure Act (60 Stat. 237; 5 U. S. C., Supp. 1001) notice was published in the FEDERAL REGISTER on June 20, 1951 (16 F. R. 5874) of my decision to approve the minimum wage recommendation of Special Industry Committee No. 9 for Puerto Rico for the Banking, Insurance and Finance Industries in Puerto Rico, and the wage order which I proposed to issue to carry such recommendation into effect was published therewith. Interested parties were given an opportunity to submit exceptions within 15 days of the date of publication of the notice.

No exceptions were received within the 15-day period.

Accordingly, pursuant to authority under the Fair Labor Standards Act of 1938, as amended (52 Stat. 1060, as amended (29 U. S. C. 201), the said decision is hereby affirmed and made final, and the said wage order is hereby issued, to become effective August 13, 1951.

Sec.
661.1 Approval of recommendation of industry committee.
661.2 Wage rate.
661.3 Notices of order.
661.4 Definition of the banking, insurance and finance industries in Puerto Rico.

AUTHORITY: §§ 661.1 to 661.4 issued under sec. 8, 63 Stat. 915; 29 U. S. C. Sup. 208. Interpret or apply sec. 5, 63 Stat. 911; 29 U. S. C. Sup. 205.

§ 661.1 *Approval of recommendation of industry committee.* The Committee's recommendation is hereby approved.

§ 661.2 *Wage rate.* Wages at a rate of not less than 58 cents per hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the banking, insurance and finance industries in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

§ 661.3 *Notices of order.* Every employer employing any employees so engaged in commerce or in the production of goods for commerce in the banking, insurance and finance industries in Puerto Rico shall post and keep posted in a conspicuous place in each department of his establishment where such employees are working such notices of this order as shall be prescribed from time to time by the Wage and Hour Division of the United States Department of Labor and shall give such other notice as the Division may prescribe.

§ 661.4 *Definition of the banking, insurance and finance industries in Puerto Rico.* The business, whether or not for profit, carried on by any banking, insurance or other financial institution or enterprise.

Signed at Washington, D. C., this 10th day of July 1951.

WM. R. MCCOMB, *Administrator, Wage and Hour and Public Contracts Divisions.*

[F. R. Doc. 51-8247 Filed, July 18, 1951; 8:47 a. m.]

PART 705—DECORATIONS AND PARTY FAVORS INDUSTRY IN PUERTO RICO

MINIMUM WAGE ORDER

Pursuant to the Administrative Procedure Act (60 Stat. 237; 5 U. S. C., Supp. 1001) notice was published in the FEDERAL REGISTER on June 21, 1951 (16 F. R. 5902) of my decision to approve the minimum wage recommendation of Special Industry Committee No. 9 for Puerto Rico for the Decorations and Party Favors Industry in Puerto Rico, and the wage order which I proposed to issue to carry such recommendation into effect was published therewith. Interested parties were given an opportunity to submit exceptions within 15 days of the date of publication of the notice.

No exceptions were received within the 15-day period.

Accordingly, pursuant to authority under the Fair Labor Standards Act of 1938, as amended (52 Stat. 1060, as amended; 29 U. S. C. 201), the said decision is hereby affirmed and made final, and the said wage order is hereby issued, to become effective August 13, 1951.

Sec.
705.1 Approval of recommendation of industry committee.
705.2 Wage rate.
705.3 Notices of order.
705.4 Definition of the Decorations and Party Favors Industry in Puerto Rico.

AUTHORITY: §§ 705.1 to 705.4 issued under sec. 8, 63 Stat. 915; 29 U. S. C. Sup. 208. Interpret or apply sec. 5, 63 Stat. 911; 29 U. S. C. Sup. 205.

§ 705.1 *Approval of recommendation of industry committee.* The Committee's recommendation is hereby approved.

§ 705.2 *Wage rate.* Wages at a rate of not less than 30 cents per hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the decorations and party favors industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

§ 705.3 *Notices of order.* Every employer employing any employees so engaged in commerce or in the production of goods for commerce in the decorations and party favors industry in Puerto Rico shall post and keep posted in a conspicuous place in each department of his establishment where such employees are working such notices of this order as shall be prescribed from time to time by the Wage and Hour Division of the United States Department of Labor and shall give such other notice as the Division may prescribe.

§ 705.4 *Definition of the decorations and party favors industry in Puerto Rico.* The manufacture of ornaments and decorations for Christmas and other holidays, party favors and souvenirs, and similar items primarily ornamental or decorative in character.

Signed at Washington, D. C., this 10th day of July 1951.

WM. R. MCCOMB,
Administrator, Wage and Hour and Public Contracts Divisions.

[F. R. Doc. 51-8248; Filed, July 18, 1951; 8:48 a. m.]

TITLE 32—NATIONAL DEFENSE

Chapter V—Department of the Army

Subchapter B—Claims and Accounts

PART 538—ALLOTMENTS OF PAY

CLASS Q ALLOTMENTS

Section 538.13 is amended to read as follows:

§ 538.13 *Class Q allotment*—(a) *Requirements*—(1) *General.* (i) Except as provided for in subdivisions (ii) and (iii) of this subparagraph, before an enlisted member is entitled to credit for basic allowance for quarters for dependents, he must have in effect an allotment of pay to be known as class Q to his dependent or dependents in an amount equal to the applicable rate for basic allowance for quarters, plus:

(*a*) $40, if service member is in grade E–1, E–2, or E–3;

(*b*) $60, if service member is in grade E–4 or E–5; or

(*c*) $80, if service member is in grade E–6 or E–7.

The allotment required for any month shall be based upon the lowest rate of basic allowance for quarters to which the member is entitled and the lowest pay grade in which the member is serving during such month; however, no change in allotment will be made for such month to meet this requirement. Therefore, if the member is promoted or demoted or acquires or loses a dependent after the first day of the month, he will be credited with an applicable amount for basic allowance for quarters for such period, but no change in allotment is required for that month; however, if the change results in an increase in the amount of the class Q allotment requirement, a new class Q allotment will be required, effective the first of the following month in an applicable amount. Any necessary adjustment will be made on the pay record. Whenever change in grade or dependency occurs which will affect the amount of the class Q allotment or allotments, forms necessary to cancel the old allotment and initiate a new allotment (effective first of following month) will be submitted. If a member acquires a dependent on the first day of the month or is promoted effective on the first day of the month, or both, the applicable increase in the minimum amount required to be allotted must be effective for such month instead of the first of the succeeding month. The total class Q allotment or allotments of an enlisted member must not be less than the amount of the class Q allotment or allotments required to be established, but may exceed such figure.

(ii) When an enlisted member claims credit for basic allowance for quarters for dependents and determination of dependency or relationship for all dependents claimed is to be made by the Commanding General, Army Finance Center, the member must have in effect a class Q allotment in an amount not less than the member's required contribution pending approval of dependency or relationship. Credit for basic allowance for quarters will not be entered on the military pay record until determination of dependency or relationship is made and appropriate adjustment instructions are furnished by the Commanding General, Army Finance Center. If more than one category of dependent is involved, the apportionment of the allotments should be made by the enlisted member. In determining dependency of a parent, the total amount to be allotted will be considered instead of the amount actually allotted pending dependency determination. If the dependency of the parent is disapproved, the member will be informed of the disapproval and advised that the allotment currently in effect will continue unless he takes action to change or discontinue the allotment. If the member desires to change the allotment after notice of disapproval, he will do so by discontinuing the class Q allotment and initiating a class E allotment. If the relationship of the wife and child is established and the dependency of the parent is disapproved, or vice versa, the Commanding General, Army Finance Center, will increase the allotment to the eligible dependent to the minimum amount required by the Dependents Assistance Act of 1950 (Pub. Law 771, 81st Cong.) and discontinue the allotment to the ineligible dependent. The member's disbursing office will be advised of proper entries to be made on the military pay record to coincide with the action taken. The disbursing officer will notify the personnel officer of the action taken. The personnel officer will advise the member to initiate a class E allotment if he desires to continue support to the ineligible dependent. If the entire claim is disapproved, the allotment authorizations will continue in effect until the member takes action to change or discontinue the allotments, but credit for basic allowance for quarters will not be entered on the military pay record.

(iii) When an enlisted member claims credit for basic allowance for quarters for dependents and determination of dependency or relationship for any part of the claim is to be made by the Commanding General, Army Finance Center, the member must have in effect a class Q allotment or allotments in an amount not less than the applicable rate of basic allowance for quarters for which determination of dependency has been made by the disbursing officer, plus the amount of the member's required contribution. Credit for basic allowance for quarters will be entered on the military pay record for that portion of the approved claim and allotment deductions made in accordance with the allotment authorization(s). A signed statement will be entered on the reverse of the dependency certificate on which determination of dependency has been made authorizing an increase to the existing allotment or allotments to an amount not less than the minimum required to be allotted in the event of approval and indicating the apportionment desired. In determining the dependency of a parent, the total amount to be allotted will be considered instead of the amount actually allotted pending dependency determination. If the dependency of the parent is disapproved, the Commanding General, Army Finance Center, will increase the existing allotment to the wife to the minimum amount required by the Dependents Assistance Act of 1950 and discontinue the allotment to the parent. The member's disbursing officer will be advised of the disapproval. The disbursing officer will notify the personnel officer of the action taken. The personnel officer will advise the member to initiate a class E allotment if he desires to continue support to the ineligible dependent.

(2) *Court order or written agreement*—(i) *Support of child limited by court decree.* Where a divorce decree specifies amount the enlisted member is to pay for the child's support, custody of whom is given the divorced wife, the amount required to be allotted must equal the sum specified in the decree or the applicable amount of basic allowance for quarters, whichever is greater. However, should the parties enter into a valid written agreement as to the actual amount required for the support of the child, the allotment may be modified to the applicable amount of basic allowance for quarters or the amount fixed by such agreement, whichever is greater. In no event will the member be required to allot more than the basic allowance for quarters plus the member's required contribution for his grade.

(ii) *Support for wife limited by separation agreement or court decree.* When support for the wife is limited by separation agreement or court decree, the amount required to be allotted must equal the sum specified in the written agreement or court order, or the amount of the applicable basic allowance for quarters, whichever is greater. In no event will the member be required to allot more than the basic allowance for quarters plus the member's required contribution for his grade.

(iii) *Support of wife in an institution.* When support of a wife for maintenance in an institution is fixed at a sum less than the amount required to be allotted on her behalf, the allotment may not be less than the minimum amount required by the Dependents Assistance Act of 1950. However, the enlisted member may make the allotment payable to a bank for credit to his account, for the support of dependents, against which he may draw and pay the institution the required amount as long as she remains in said institution, or he may make the allotment payable in his favor as custodian of said dependent.

(iv) *Conversion to foreign currency.* An allotment may not be reduced to an amount less than that required by the Dependents Assistance Act of 1950, even though such allotment when converted to foreign currency exceeds the actual requirements of the dependent.

(3) *Months not required.* No class Q allotment or allotments will be required for the calendar month:

(i) In which the member enters on active duty in a pay status if the allotment is effective from the first day of the following month;

(ii) In which such member is released from active duty or is discharged if not immediately reenlisted (class Q allotment will be discontinued the end of the month preceding separation; however, should there be sufficient time for WD AGO Form 30–S (Allotment Discontinuance) to reach the Army Finance Center by the 20th of the month, amount of class Q allotment will be debited on the military pay record and WD AGO Form 30–S will be prepared to discontinue allotment at end of month in which separation occurs);

(iii) In which such member is assigned Government quarters for himself and his dependents or assignment of such quarters is terminated;

(iv) In which dependency ceases;

(v) In which dependency commences if the allotment is effective from the first day of the following month;

(vi) In which death occurred, in the event of death of the service member.

(4) *Apportionment.* If a class Q allotment involves more than one payee, the following apportionment will govern in the order stated:

(i) Where the member has made the apportionment, such apportionment will govern in the absence of a valid and reasonable objection by any allottee.

(ii) Where the member cannot or will not make the apportionment, the prospective allottees may agree to an apportionment among themselves.

(iii) In all other cases, lawful wives and children will be given maximum consideration equally to a minimum of 80 percent of the total amount available, with the wife receiving twice as much as any one child and other dependents will have the remaining amount apportioned equally among them.

(b) *Application by or on behalf of dependent.* (1) The question of whether or not an enlisted member desires to claim the basic allowance for quarters for his dependent or dependents generally should be resolved by such enlisted member. However, the Commanding General, Army Finance Center, may authorize and direct the payment of the basic allowance for quarters for dependents and the establishment and payment of the class Q allotment or allotments as he shall determine to be in conformity with the regulations in this part for any enlisted member who does not claim such allowance.

(2) (i) *Wife or child.* Upon application by or on behalf of a wife or child, the enlisted member will be advised by his immediate commanding officer that an application has been received by or on behalf of such wife or child, and the enlisted member will be requested to initiate a class Q allotment to provide for the support of his wife or child. The enlisted member also will be advised that the Secretary of the service concerned has the authority to make such class Q allotments for the support of his dependents if he does not do so. The commanding officer will notify the Commanding General, Army Finance Center, of the circumstances, giving information such as a statement that the enlisted member refuses to initiate the required class Q allotment, a statement of the reason given by the enlisted member for not authorizing the class Q allotment, or any pertinent information regarding the situation, such as the service member's inaccessibility. Upon determination by the Commanding General, Army Finance Center, that such dependency does in fact exist, he will authorize payment of a class Q allotment to or on behalf of the wife or child in the amount of the basic allowance for quarters to which the enlisted member is entitled from the date on which the claim was received by the Army Finance Center or from the date in the month upon which the dependency status began, whichever is later. The Commanding General, Army Finance Center, will initiate a class Q allotment or allotments in the full amount to include the enlisted member's mandatory contribution, effective the first day of a current month. The disbursing officer will be notified of the credit for basic allowance for quarters and the proper allotment deductions by the Commanding General, Army Finance Center. A copy of the notification will be furnished the commanding officer of the enlisted member for the information of the enlisted member. The enlisted member will not be permitted to modify or stop a class Q allotment which has been established by the Commanding General, Army Finance Center, but he may furnish such information as he desires if he wishes to contest the establishment and payment of the class Q allotment. The information of the service member, over his signature, together with any additional information the commanding officer may have, will be submitted to the Dependency Division, Army Finance Center. The Commanding General, Army Finance Center, then will take such action as may be necessary to stop, modify, or restrict the class Q allotments.

(ii) *Parent.* In the absence of a court order or decree requiring the support of a parent, no action will be taken to establish an allotment for a parent without the application of the enlisted member. Claims by or on behalf of a parent will be referred in every case to the commanding officer of the enlisted member concerned. If the parent submits a court order or decree requiring the support of such parent and the enlisted member did provide over 50 percent of the parent's support, a class Q allotment may be authorized under the same procedures as in subparagraph (1) of this paragraph. Any amount designated by the court which would provide less than half of the parent's support will not cause the authorization of class Q allotment unless specifically requested by the enlisted member and other conditions of entitlement exist.

(iii) *Missing.* The procedure prescribed in this paragraph does not apply to dependents of enlisted members who are missing, missing in action, interned in a neutral country, captured by an enemy, beleaguered, or besieged.

(3) Upon application by or on behalf of any dependent of an enlisted member who has in effect a class Q allotment, the Commanding General, Army Finance Center, will modify such class Q allotments as may be necessary under this section.

[C 1, SR 35–1465–15, 14 June 1951] Sec. 302, 63 Stat. 812, as amended; 37 U. S. C. 252)

[SEAL] WM. E. BERGIN,
Major General, U. S. Army, Acting The Adjutant General.

Chapter XI—National Guard and State Guard, Department of the Army

PART 1101—NATIONAL GUARD REGULATIONS

MISCELLANEOUS AMENDMENTS

Part 1101 is amended as indicated below:

1. Paragraph (e) of § 1101.1 is hereby revoked.

2. Paragraphs (c) (1) and (d) (1) (iii) of § 1101.2 are amended to read as follows:

§ 1101.2 *Federal recognition.* * * *

(c) *Persons eligible*—(1) *For Army National Guard.* (i) Persons commissioned as officers of the National Guard will not be federally recognized as such under any of the provisions of this section unless they have been selected from the following classes, and have taken and subscribed to the oath of office prescribed in section 73, National Defense Act, as amended.

(*a*) Officers and former officers of any component of the armed forces of the United States; limited to those who have served honorably and creditably in active Federal service in the armed forces of the United States for a period of at least 6 months and who, while so serving,

have demonstrated their qualifications by actual service in the grade or position contemplated or by the satisfactory discharge of equal and corresponding responsibility. Lieutenants with or without wartime service who have served satisfactorily in the grade of second lieutenant, first lieutenant, or an equivalent grade in any regular or reserve component of the armed forces of the United States, and who are otherwise qualified, are eligible for Federal recognition in the same grade in the National Guard.

(b) Graduates of accredited senior ROTC units may be federally recognized as second lieutenants.

(c) Graduates of Department of the Army officer candidate schools may be federally recognized as second lieutenants.

(d) Warrants officer and enlisted men of the upper three enlisted grades with previous honorable and creditable active Federal service of not less than 6 months in those grades in any component of the armed forces, when in the opinion of the examining board their experience clearly satisfies the required standards, may be federally recognized as second lieutenants.

(e) Warrant officers and enlisted men who have completed a minimum of 1 year's service with the armed forces, or the National Guard, or a combination of the two, prior to the date of appointment, have successfully completed an appropriate 10-Series of the Army extension courses, or an equivalent course of instruction approved by the Department of the Army, and have been recommended by an examining board for appointment or commission, and are otherwise qualified may be federally recognized as second lieutenants.

(f) Former warrant officers or enlisted men who have completed at least 1 year of honorable and creditable active Federal service in any of the armed forces of the United States between December 7, 1941 and June 30, 1947 and who have received a degree from a college or university that is accredited by one of the regional or national education associations (as listed in the Educational Directory of the U. S. Office of Education) may be federally recognized as second lieutenants.

(g) (1) Wartime service or previous military training are not required for appointment and Federal recognition in the National Guard of clergymen as chaplains, doctors as medical officers, dentists as dental officers, and officers assigned to State Headquarters and Headquarters Detachments. Officers assigned to State Headquarters and Headquarters Detachments will not be eligible for reassignment to other units without meeting the full requirements for age-in-grade, age on initial appointment, World War II service, and physical standards.

(2) If a candidate for appointment has had wartime service or previous military training, the record of that service and training will be considered in determining general suitability for the position to which appointed.

(3) Maximum and minimum age-in-grade requirements established in paragraph (d) (1) (iii) (b) of this section apply to these officers, except officers for assignment to State Headquarters and Headquarters Detachments. Maximum age-in-grade restrictions will not apply in the appointment of officers assigned to State Headquarters and Headquarters Detachments. Maximum age for such officers is provided for in paragraph (e) (1) of this section.

(ii) Grades to which appointed and in which federally recognized are those specified in the authorized T/O&E of the unit to which assigned.

(iii) Requirements for professional accreditation and professional experience for specialists and technical experts are those outlined in Part 561, Chapter V of this title.

* * * * *

(d) *Requirements for recognition*—(1) *For Army National Guard.* * * *

(iii) *Age.* (a) No candidate will be examined for recognition who is less than 21 or more than 59 years old, or unless his age is such that he can serve at least 1 year before recognition will be terminated under age limitations as set forth in (b) of this subdivision: *Provided*, That no candidate will be initially federally recognized as a second lieutenant who has attained his 28th birthday.

(b) The following maximum age-in-grade limitations are established for officers of the Army National Guard, except those assigned to State Headquarters and Headquarters Detachments. An officer will be considered over the maximum age for his grade upon attaining the birthday prescribed:

(1) Combat-type units of Infantry, Armor, Artillery, Engineers of regimental level and below:

	2d lt.	1st lt.	Capt.	Maj.	Lt. col.	Col.
Until Dec. 31, 1951 inclusive	35	35	42	47	52	[illegible]
From Jan. 1, 1952, until Dec. 31, 1952, inclusive	34	36	41	46	50	[illegible]
From Jan. 1, 1953, until Dec. 31, 1953, inclusive	33	34	40	44	49	[illegible]
From Jan. 1, 1954, until Dec. 31, 1954, inclusive	32	34	39	43	47	[illegible]
From Jan. 1, 1955, until Dec. 31, 1955, inclusive	31	33	38	42	46	[illegible]
From Jan. 1, 1956, until Dec. 31, 1956, inclusive	30	33	38	41	45	[illegible]
From Jan. 1, 1957, and thereafter	29	32	37	40	44	[illegible]

(2) Chaplains:

	1st lt.	Capt.	Maj.	Lt. col.	Col.
Until Dec. 31, 1951, inclusive	43	46	51	55	[illegible]
From Jan. 1, 1952 until Dec. 31, 1952, inclusive	42	45	51	55	[illegible]
From Jan. 1, 1953 until Dec. 31, 1953, inclusive	40	45	51	55	[illegible]
From Jan. 1, 1954 until Dec. 31, 1954, inclusive	39	45	51	55	[illegible]
From Jan. 1, 1955 until Dec. 31, 1955, inclusive	38	44	50	55	[illegible]
From Jan. 1, 1956 until Dec. 31, 1956, inclusive	37	44	50	55	[illegible]
From Jan. 1, 1957 and thereafter	36	43	50	55	[illegible]

(3) In other type units, including MC, DC, JAGC, and Infantry, Armor, Artillery and Combat Engineer units above regimental level, but excluding personnel of State Headquarters and Headquarters Detachments:

	2d lt.	1st lt.	Capt.	Maj.	Lt. col.	Col.
Until 31 Dec. 1951, inclusive	40	43	46	51	55	[illegible]
From Jan. 1, 1952 until Dec. 31, 1952, inclusive	38	41	46	50	55	[illegible]
From Jan. 1, 1953 until Dec. 31, 1953, inclusive	36	39	44	50	55	[illegible]
From Jan. 1, 1954 until Dec. 31, 1954, inclusive	34	38	43	49	55	[illegible]
From Jan. 1, 1955 until Dec. 31, 1955, inclusive	32	36	42	49	55	[illegible]
From Jan. 1, 1956 until Dec. 31, 1956, inclusive	31	35	42	49	55	[illegible]
From Jan. 1, 1957 and thereafter	30	34	41	48	55	[illegible]

(c) The following minimum ages will apply for original appointment or promotion of officers, except those in State Headquarters and Headquarters Detachment:

	2d lt.	1st lt.	Capt.	Maj.	Lt. col.	Col.
All officers, except Medical Corps, Dental Corps, Judge Advocate General's Corps, and Chaplains	21	25	26	31	34	[illegible]
Medical Corps	------	21	22	27	30	[illegible]
Dental Corps, Judge Advocate General's Corps, and Chaplains	------	21	23	28	31	[illegible]

(d) Requests for waivers of maximum age-in-grade may be submitted for approval to the National Guard Bureau in individual cases where it can be shown that other qualified officers are not available for assignment to the unit, or for professional and technical specialists where officers of proper age are not available. These waivers will be held to a minimum and will be approved only in exceptional cases where a hardship would result to the unit and the national defense, and where in granting such a waiver the condition upon which it is based will be corrected in a reasonable period of time.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 53]

CPR 53—LEAD SCRAP MATERIALS, SECONDARY LEAD, AND ANTIMONIAL LEAD: CORRECTION

Due to inadvertent errors, the following corrections are made to Ceiling Price Regulation 53 (16 F. R. 6381).

1. The second sentence in section 4 (d) reading, "The ceiling price applicable to a particular sale shall be determined on the basis of the total quantity of the commodity delivered by the seller within a period of three calendar days (excluding Saturdays, Sundays, and holidays) from one or more points of shipment to (1) a public carrier for transportation to the buyer's receiving point, (2) to the buyer at his receiving point in a conveyance owned or controlled by the buyer." is corrected to read as follows: "The ceiling price applicable to a particular sale shall be determined on the basis of the total quantity of the commodity delivered by the seller within a period of three calendar days (excluding Saturdays, Sundays, and holidays) from one or more points of shipment (1) to a public carrier for transportation to the buyer's receiving point, (2) to the buyer at his receiving point in a conveyance owned or controlled by the seller, or (3) upon a conveyance owned or controlled by the buyer."

2. In section 5 (a), Table A, in the column headed "Less than 15,000 pounds," the statement of the price for battery lead plates is corrected to read: "17 cents per pound of lead and antimony content less a smelting charge of 2.25 cents per pound of material. When the buyer and seller so agree, a flat ceiling price of 9.75 cents per pound of battery lead plates may be charged."

3. In the definition of "Antimonial lead" in section 9 (a), correct "96 percent antimony and lead combined", to read "98 percent antimony and lead combined."

(Sec. 704, Pub. Law 774, 81st Cong.)

MICHAEL V. DISALLE,
Director of Price Stabilization.

[Distribution Regulation I, Amendment 3 to Supplement I]

DR I—FAIR DISTRIBUTION OF LIVESTOCK AND MEAT

SUPP. I—QUOTA PERCENTAGES FOR LIVESTOCK

INCREASED CALVES AND SWINE QUOTAS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 5 (16 F. R. 1273), this Amendment 3 to Supplement I to Distribution Regulation I (16 F. R. 1273) is hereby issued.

Preamble. Marketings of calves and swine have increased above the expected numbers indicated at the time quotas were established for July. The quota percentage for calves is therefore increased from 85 percent to 100 percent and the quota on swine is increased from 105 percent to 110 percent. These increases apply to accounting periods beginning on or after July 1, 1951.

AMENDATORY PROVISIONS

Paragraph (c) of Table I of Supplement I to Distribution Regulation I is amended by substituting the numeral "100" for the numeral "85" appearing opposite the word "Calves" and substituting the numeral "110" for the numeral "105" appearing opposite the word "Swine".

(Sec. 704, Pub. Law 774, 81st Cong.)

Effective date. This amendment is effective July 18, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 18, 1951.

[General Ceiling Price Regulation, Amendment 3 to Supplementary Regulation 13]

GCPR, SR 13—COKE, COAL CHEMICALS AND COKE OVEN GAS

EXTENSION OF EXPIRATION DATE

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738) this Amendment 3 to Supplementary Regulation 13 (16 F. R. 809) to the General Ceiling Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment is issued due to the inadvertent omission in Amendment 2 of an amendatory provision for section 3 (a), as well as section 3 (c). Otherwise, the Statement of Considerations for Amendment 2, Supplementary Regulation 13 is equally applicable hereto.

AMENDATORY PROVISIONS

Supplementary Regulation 13 to the General Ceiling Price Regulation, as amended, is further amended in the following respects:

Section 3 (a) is amended to read as follows:

(a) Each producer of coke, coal chemicals and coke oven gas may increase his ceiling prices, determined under the provisions of the GCPR, by an amount sufficient to recover the increase or increases in delivered cost, incurred after January 25, 1951, and prior to September 30, 1951, of the raw materials carbonized or processed, provided such increase or increases in the delivered cost of such raw materials were authorized by a regulation or order of the Office of Price Stabilization or other Federal or State regulatory body or agency.

(Sec. 704, Pub. Law 774, 81st Cong.)

Effective date. This Amendment 3 to Supplementary Regulation 13 to the General Ceiling Price Regulation shall become effective as of June 30, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 18, 1951.

[F. R. Doc. 51-8437; Filed, July 18, 1951; 4:00 p. m.]

Chapter VI—National Production Authority, Department of Commerce

[CMP Regulation 1, Direction 4]

CMP REG. 1—BASIC RULES OF THE CONTROLLED MATERIALS PLAN

DIR. 4—USE OF IMPORTED STEEL

This direction under CMP Regulation No. 1 is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950. In the formulation of this direction, consultation with industry representatives has been rendered impracticable due to the need for immediate action and because the direction affects many different industries.

SECTION 1. Notwithstanding the provisions of sections 3 (c) and 17 (a) of CMP Regulation No. 1, as amended, any person who has received an authorized production schedule may use steel in the forms and shapes indicated in Schedule I of CMP Regulation No. 1, produced outside of and imported from outside of the United States and its territories and possessions and the Dominion of Canada, if such steel was acquired by him prior to landing, to produce more than the quantity of the particular product or products provided for in such authorized production schedule: *Provided, however*, That no copper or aluminum in the forms and shapes indicated in Schedule I of CMP Regulation No. 1 shall be used for such additional production: *And provided further*, That no products or materials other than controlled materials shall be used for such additional production except as provided in section 2 of this direction.

SEC. 2. The DO rating assigned or applied to such authorized production schedule shall be used in accordance with the provisions of CMP Regulation No. 3 to purchase products or materials other than controlled materials required for such additional production: *Provided, however*, That such DO rating shall not be used to obtain any products or materials containing steel, copper, or aluminum other than fastening devices made of steel such as nuts, bolts, and the like.

SEC. 3. Attention is directed to the provisions of section 4 (f) of CMP Regulation No. 2 (Inventories of Controlled Materials) regarding acceptance of delivery of imported controlled material acquired prior to landing, and restric-

tions on acceptance of further deliveries from domestic sources.

(Sec. 704, Pub. Law 774, 81st Cong., Pub. Law 69, 82nd Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong., Pub. Law 69, 82nd Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61)

This direction shall take effect on July 17, 1951.

NATIONAL PRODUCTION AUTHORITY,
MANLY FLEISCHMANN,
Administrator.

[F. R. Doc. 51-8390; Filed, July 17, 1951; 4:45 p. m.]

[NPA Order M-2 as Amended July 17, 1951]

M-2—RUBBER

This order as amended is found necessary and appropriate to promote the national defense. It is issued pursuant to both the Defense Production Act of 1950 and the Rubber Act of 1948. In the formulation of this order there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

NPA Order M-2 as last amended July 1, 1951, is amended to read as follows:

EXPLANATORY PROVISIONS

Sec.
1. Purpose and effect.
2. Definitions.

RESTRICTIONS ON CONSUMPTION

3. Limit on total new rubber consumption (except natural rubber latex).
4. Limit on natural rubber latex consumption.
5. Rubber to fill certain rated orders.
6. Orders rated DO-MRO.

IMPORTATION AND DISTRIBUTION OF NATURAL RUBBER

7. Private importation of natural rubber prohibited.
8. Purchase of natural rubber.

ALLOCATION OF SYNTHETIC RUBBER

9. Limitation on acquisition of synthetic rubber.
10. Allocation procedure.
11. Basis of allocation.

RUBBER PRODUCT REQUIREMENTS AND LIMITATIONS

12. Camelback production required.
13. Required production of certain tires or tubes.
14. Rubber product simplification and manufacturing specifications.
15. Limitation on high-tenacity rayon for rubber products.

GENERAL PROVISIONS

16. Monthly reports of rubber consumption and stocks.
17. Reports by tire, tube, and camelback manufacturers.
18. Reports by latex importers.
19. Records and reports.
20. Inventory limitations.
21. Applications for adjustment or exception.
22. Communications.
23. Violations.

AUTHORITY: Sections 1 to 23 issued under sec. 10, 62 Stat. 105, as amended; sec. 704, Pub. Law 774, 81st Cong., 50 U. S. C. App. Sup. 1929; Pub. Law 69, 82nd Cong. Interpret or apply sec. 3, 62 Stat. 102; sec. 101, Pub. Law 774, 81st Cong.; 50 U. S. C. App. Sup. 1922, Pub. Law 69, 82d Cong.; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; E. O. 9942, Apr. 1, 1948, 13 F. R. 1823.

EXPLANATORY PROVISIONS

SECTION 1. *Purpose and effect.* The purpose of this order is to conserve the supply of rubber for the needs of national defense and to provide for its equitable distribution. The order places over-all limits on the consumption of new rubber (including both natural and synthetic). It prohibits private importation of natural rubber, provides for allocation of Government-produced synthetic rubber, and for the distribution of natural rubber. It also makes provisions for increasing production of camelback, for directing production of rubber products into standard lines, for restricting the use of natural rubber in certain listed products, and for limiting inventories of tires and tubes.

SEC. 2. *Definitions.* As used in this order:

(a) "Natural rubber" means all new RHC (rubber hydrocarbon) forms and types of tree, vine, or shrub rubber, both dry and latex, including the following grades of wild rubber (cut, uncut, washed, or dried): upriver fine, acre fine, Bolivian fine, beni fine, island fine, and all other types of fine para, which are of equivalent quality regardless of name or origin; but excluding all other South American, Central American, or West African grades of wild rubber, and all rubber from guayule, balata, or gutta percha, as well as reclaimed natural rubber.

(b) "Dry natural rubber" means all natural rubber in solid form.

(c) "Natural rubber latex" means the dry latex solids contained in natural rubber liquid latex.

(d) "Synthetic rubber" means all new RHC products of chemical synthesis similar in general properties and applications to natural rubber and specifically capable of vulcanization, including synthetic rubber latex, but excluding reclaimed synthetic rubber.

(e) "GR-S" means a general-purpose synthetic rubber of the butadiene styrene type produced in the United States generally suitable for use in the manufacture of transportation items such as tires or camelback, as well as any other type of synthetic rubber equally or better suited for use in the manufacture of transportation items such as tires or camelback, as determined from time to time by the NPA, but excluding reclaimed general-purpose synthetic rubber.

(f) "Butyl" or "GR-I" means a special-purpose synthetic rubber produced in the United States, suitable for use in the manufacture of transportation items such as pneumatic inner tubes, but excluding reclaimed special-purpose synthetic rubber.

(g) "New RHC" means total new rubber hydrocarbon. This is the total RHC content of dry natural rubber, natural rubber latex, synthetic rubber, uncured scrap rubber, and uncured in-process materials.

(h) "Consume" means, in the case of dry natural rubber, natural rubber latex, or synthetic rubber, to compound, expend, formulate, or in any manner make any substantial change in the form, shape, or chemical composition.

(i) "Person" means any individual, corporation, partnership, association, or any other organized group of persons, and includes any agency of the United States or any other government.

(j) "Reclaimed rubber" means any rubber derived from the processing or treatment of vulcanized rubber or cured scrap rubber.

(k) "NPA" means the National Production Authority in the Department of Commerce.

RESTRICTIONS ON CONSUMPTION

SEC. 3. *Limit on total new rubber consumption (except natural rubber latex).* (a) No person shall (except on prior written authorization of NPA) consume in any calendar quarter a total amount of new rubber (including all synthetic both dry and latex and all natural except latex) in excess of 100 percent of his base quarterly new rubber consumption as computed under paragraph (c) of this section: *Provided, however,* That no person shall consume in the manufacture of any item listed in Appendix B of this order, in any calendar quarter, any new rubber in excess of 90 percent of the proportion of his base quarterly new rubber consumption devoted to the manufacture of each such item during the year ending June 30, 1950.

(b) No person shall (except on prior written authorization of NPA) consume in any calendar month a total amount of new rubber (including all synthetic both dry and latex and all natural except latex) in excess of 40 percent of his base quarterly new rubber consumption as computed under paragraph (c) of this section.

(c) Each person's base quarterly new rubber consumption shall be one-fourth of his actual new rubber consumption (including all synthetic both dry and latex and all natural except latex) during the year ending June 30, 1950, as adjusted by NPA.

(d) Notwithstanding the preceding provisions of this section, any person may consume in any calendar quarter a quantity of new rubber (including all synthetic both dry and latex and all natural except latex) not exceeding 150,000 pounds, but subject to the following conditions:

(1) Any such person remains subject to the proviso in paragraph (a) of this section. That is, he may not in any calendar quarter consume in the manufacture of any item listed in Appendix B more than 90 percent of the proportion of his base quarterly new rubber consumption devoted to the manufacture of each such item during the year ending June 30, 1950.

(2) The purpose of this paragraph being to assist smaller businesses in production of their own lines of rubber products, and not to enable them to divert additional rubber to other manufacturers, any person who consumes more new rubber in any calendar quarter than would be permitted if he were limited by paragraph (a) of this section is accordingly prohibited from transferring, during such quarter, to consumers of rubber or for export more new RHC (whether or not compounded, expended, or formulated into masterbatches) than he transferred to such persons or for such purpose during the second calendar quarter of 1951.

(3) In order to conserve the limited supplies of natural rubber, any quantities of new rubber to be consumed pursuant to this paragraph, in addition to those quantities which would otherwise be permitted by paragraph (a) of this section, will be made available only in the form of GR-S. NPA will accordingly instruct the Office of Rubber Reserve of the Reconstruction Finance Corporation to increase by 25 percent the previously determined GR-S allocations of all rubber consumers for the third quarter 1951, if their permitted new rubber consumption (exclusive of natural rubber latex) is not thereby made to exceed 150,000 pounds. Subsequent quarterly allocations of GR-S will be made on this increased basis. Any additional GR-S required and allowable under this paragraph must be secured by special application to NPA and will be allocated to the extent permitted by available supplies.

(4) No person who, pursuant to this paragraph, consumes in any calendar quarter more new rubber than would be permitted if he were limited by paragraph (a) of this section, shall purchase or consume in any such quarter a quantity of dry natural rubber which exceeds 64 percent of one-quarter of his dry natural rubber base as determined and adjusted by NPA and heretofore reported to him by NPA (since the consumption of dry natural rubber by the entire rubber industry is currently averaging 64 percent of its total dry natural rubber base). Neither shall any such person purchase or consume more synthetic rubber, other than GR-S, than approved and allocated by NPA.

SEC. 4. *Limit on natural rubber latex consumption.* (a) No person shall (except on prior written authorization of NPA) consume during any calendar quarter, a total quantity of natural rubber latex in excess of one-fourth of his consumption during the year ending June 30, 1950, as adjusted by NPA.

(b) In the event that imports of natural rubber latex are of such volume that an excess remains available for consumption after deducting from total imports (1) the base-period consumption allowed by paragraph (a) of this section, (2) the stockpile requirements of the Government, and (3) a reasonable reserve for adjustments under section 21 of this order, such excess will be allocated quarterly to consumers by NPA on the basis of their pro-rata allocation of natural rubber latex during the first calendar quarter of 1951. Any allocations made under this paragraph may be consumed in addition to the amounts permitted by paragraph (a) of this section.

SEC. 5. *Rubber to fill certain rated orders.* (a) Such quantities of new rubber as are used to fill an order bearing any of the ratings listed in Appendix C of this order or to fill any order required by one of the programs listed in Appendix C whether or not it bears such a rating, are hereby exempted from the limitations on consumption contained in sections 3 and 4 of this order. All such quantities shall accordingly be excluded in computing consumption under those sections. Allocations of synthetic rubber will be made for such purposes, upon application in writing to NPA, in addition to the allocations for which provision is made in sections 9, 10, and 11 of this order.

(b) Any person filing an application for an allocation of 500 pounds or more of new rubber to fill one of the orders described in paragraph (a) of this section, must show (1) the DO rating number or symbol applied to the order, (2) the Government contract or purchase order numbers, (3) the identity and quantity of the product ordered, (4) the Government specifications for the product insofar as they concern the rubber content, (5) the name and address of the customer, and (6) the types (natural rubber, hot GR-S, cold GR-S, or GR-I) and quantities of rubber required by the contract specifications, by month, to fill the order.

(c) Any person filing an application for an allocation of rubber to fill any of the orders described in paragraph (a) of this section, where each of such orders requires less than 500 pounds of new rubber, must set forth (1) the number of orders with each rating or contract number, (2) the types (natural rubber, hot GR-S, cold GR-S, or GR-I) and quantities of rubber required by the contract specifications to fill each group of such orders, and (3) a statement signed by an authorized officer or member of the company to the effect that he has received rated orders or contracts which are on file and which require the amount of rubber applied for.

SEC. 6. *Orders rated DO-MRO.* (a) No person shall apply or extend the rating DO-MRO (formerly DO-97) to any order for any pneumatic tires or tire tubes or other transportation products as listed under code 1 and codes 3 through 8 in Appendix A, and no such rating applied or extended to such orders shall be deemed a valid rating.

(b) Insofar as necessary and practicable, new rubber will be made available once a month, in addition to the quantities otherwise permitted by this order, to manufacturers of those products listed under code 2 and codes 9 through 24 in Appendix A of this order, to replace rubber used to fill orders for such products rated DO-MRO. No additional rubber will be authorized for such purpose, however, except to the extent that the applicant demonstrates that he has filled DO-MRO rated orders for the product in the previous month requiring a greater proportion of his then permitted new rubber consumption than he devoted to the manufacture of that product out of his total new rubber consumption in the year ending June 30, 1950, exclusive of such units as were manufactured and sold as parts of new equipment or for incorporation in new equipment. Application for such additional new rubber shall be made before the 10th day of each month. The quantities approved under this section will be authorized and allocated for use during the remainder of that month. (For example: If a company uses rubber in July for orders rated DO-MRO in excess of the above-described proportion, it may report such excess use before the 10th of August, and additional rubber will be authorized or allocated in August. The applicant must state, if he has not previously submitted the same information, his consumption of new rubber during the year ending June 30, 1950, in making the product involved (broken down to show what proportion went into new equipment), the volume of orders filled for the product during the previous month (broken down to show those rated DO-MRO), the types and quantities of rubber used or acquired therefor, the new rubber authorization requested, and any other data necessary to demonstrate that the applicant has satisfied the above requirements entitling him to additional rubber.)

IMPORTATION AND DISTRIBUTION OF NATURAL RUBBER

SEC. 7. *Private importation of natural rubber prohibited.* (a) On and after December 29, 1950, no person, other than the Administrator of General Services, shall import into the United States, including its territories and possessions, any natural rubber as defined in section 2 (a) of this order, except as specifically authorized in writing by the Administrator of General Services: *Provided, however,* That this prohibition shall not apply to any private importation required by a contract which was made prior to December 29, 1950, and which is registered with the General Services Administration on or before January 5, 1951, except as any such private importation may be disapproved by said Administrator. For purposes of this section, the term "import" includes any physical movement of rubber into the United States, whether placed in general order or in a foreign-trade zone, or whether entered for consumption, bonded customs custody, or otherwise, except where the rubber moves through the United States in transit, under bond, from a consignor in one foreign country to a consignee in another foreign country.

(b) The prohibition in paragraph (a) of this section does not apply to the types and grades of natural rubber excluded from the definition in section 2 (a) of this order.

SEC. 8. *Purchase of natural rubber.* (a) A person may, in any calendar month, purchase as much but no more natural rubber than he is permitted to consume in that month: *Provided, however,* That at the time of such purchase his total inventory of natural rubber does not exceed, or by the delivery of such purchase would not be made to exceed, the amount of natural rubber which he may under this order, consume during the next succeeding 60 days. If his inventory of any particular grade

is less than his requirements for such grade for that calendar month, he may purchase the balance of his requirements for that grade for that month.

(b) Each person who desires to purchase any natural rubber shall furnish the Administrator of General Services a certificate reading substantially as follows:

I hereby certify, subject to the criminal penalties for misrepresentation contained in Title 18, U. S. Code (Crimes), section 1001, that I am authorized to consume all of the natural rubber called for by this purchase order during the current calendar month. I further certify that, after receipt of the rubber called for by this order, my inventory will not exceed the limitations of NPA Order M-2.

ALLOCATION OF SYNTHETIC RUBBER

SEC. 9. *Limitation on acquisition of synthetic rubber.* No person shall acquire more Government-produced GR-S or butyl (GR-I) than is allocated to him by NPA. No person shall sell or transfer any synthetic rubber acquired from the Government to any person other than the Office of Rubber Reserve, Reconstruction Finance Corporation: *Provided, however,* That this prohibition shall not apply to any transfer of Government-produced synthetic rubber which is part of a bona fide subcontracting arrangement by which the transferee is required to return the eqivalent amount of synthetic rubber to the transferor, or where there is no transfer of the right ultimately to dispose of or sell the rubber or rubber product made therefrom.

SEC. 10. *Allocation procedure.* NPA will allocate quarterly, to each consumer of GR-S or butyl, the amounts of Government-produced GR-S and butyl that he may purchase during a specified calender quarter. The allocation will reflect the total quantity of hot rubber and the total quantity of cold rubber which the consumer may purchase, but will not specify particular types within these two categories. NPA will notify the Office of Rubber Reserve, Reconstruction Finance Corporation, of such allocations and the Office of Rubber Reserve will not issue purchase permits in any calendar month to anyone for more than one-third of his quarterly allocation of GR-S or butyl. Persons desiring to purchase GR-S or butyl will submit purchase requests to the Office of Rubber Reserve in accordance with its established procedure.

SEC. 11. *Basis of allocation.* GR-S and butyl for nondefense purposes will be separately allocated by NPA for each calendar quarter on the following basis:

(a) *GR-S.* Subject to the provisions of paragraphs (d) and (e) of this section, each consumer of GR-S will be allocated a fair and proportionate share of the total available Government-produced GR-S (after a reasonable amount has been reserved for rated orders, for such other programs as may be approved by NPA, and for adjustments under section 21 of this order).

(b) *Butyl for tire tubes.* Subject to the provisions of paragraphs (d) and (e) of this section, each manufacturer of tire tubes will be allocated his pro rata share of total available Government-produced butyl (after a reasonable amount has been reserved for rated orders, for such other programs as may be appoved by NPA, and for adjustments under section 21 of this order), based on the proportion which his total new rubber consumption for tire tubes during the year ending June 30, 1950, bears to the total new rubber consumption of the industry for tire tubes during that period as determined by NPA.

(c) *Butyl for other uses.* Subject to the provisions of paragraphs (d) and (e) of this section, each consumer of butyl for purposes other than the manufacture of tire tubes will be allocated, for each calendar quarter, his average quarterly consumption of butyl for such other purposes during the year ending June 30, 1950, as determined by NPA.

(d) *Imports to be considered.* In making allocations described in paragraphs (a), (b), and (c) of this section, NPA will ascertain the quantities of imported GR-S and butyl acquired by each consumer, and will reduce by the amounts of such imported rubber the allocations which would otherwise be made.

(e) *Inventories to be considered.* In making the allocations described in paragraphs (a), (b), and (c) of this section, NPA will ascertain and take into account each consumer's inventory of CR-S and butyl, and will adjust the allocations insofar as practicable so that inventories (including rubber in warehouse and in transit) will not be increased beyond a 20-working-day supply.

(f) *GR-S plant clean-up and dried latex drainings, coagulum, and preflox materials.* Only 50 percent of the quantity of GR-S plant clean-up material purchased from the Office of Rubber Reserve, and only 25 percent of the GR-S dried latex drainings, coagulum, and preflox purchased from the Office of Rubber Reserve, need be considered in computing and reporting the total quantity of synthetic rubber acquired or consumed.

RUBBER PRODUCT REQUIREMENTS AND LIMITATIONS

SEC. 12. *Camelback production required.* Every person who produced camelback during the year ending June 30, 1950, shall produce in each month of 1951, an amount of camelback which by RHC weight is at least one and a half times as great in proportion to his total new rubber consumption in the manufacture of transportation products during such months, respectively, as the proportion which his production of camelback during the year ending June 30, 1950, bore by weight on RHC basis to his total new rubber consumption in transportation products during that year. For example, if a person's production of camelback on RHC basis accounted for 5 percent of his new rubber RHC consumption in transportation products during the year specified, his production of camelback in each month must account for at least 7.5 percent of his new rubber RHC consumption in transportation products during each month of 1951. This means that consumers who produce transportation products other than camelback must sacrifice sufficient RHC from other transportation products to achieve the above results, since no extra allocation of RHC will be made to compensate for increased camelback production. Those who produce camelback and no other transportation items must increase their production only to the extent that they have received a special adjustment from NPA for camelback production.

SEC. 13. *Required production of certain tires or tubes.* No person who, during the second calendar quarter of 1951, manufactured any tires or tubes for use on trucks, buses, and truck trailers, in sizes 8.25 and up, or on tractors or farm equipment, shall, during any month, devote less than the same proportion of his total new rubber consumption as limited by section 3 of this order to the manufacture of each of these items than he did in the second calendar quarter of 1951.

SEC. 14. *Rubber product simplification and manufacturing specifications*—(a) *Manufacture except in accordance with Appendix A prohibited.* No person shall manufacture any rubber product except in accordance with the specifications and other terms and conditions prescribed in Appendix A of this order. More specifically, (1) no person shall consume any natural rubber (dry or latex) in the manufacture of any product not listed in column II of Appendix A; (2) no person shall consume more natural rubber (dry or latex) in the manufacture of any listed product than prescribed in column III (as qualified by column IV) of Appendix A; and (3) no person shall consume any new RHC (natural or synthetic) in the manufacture of any listed product in more or different lines, types, qualities, styles, or colors than those prescribed in column IV of Appendix A: *Provided, however,* That any person who has received an allocation of synthetic rubber, for a given period, which is of a lesser proportion of his total new rubber consumption, as limited by section 3 of this order, than he is required by the specifications contained in Appendix A to use in the manufacture of his usual line of products, may (within the limits of section 3) use such additional natural rubber as is necessary to make up the difference: *And provided further,* That any person who so uses additional natural rubber shall prepare a statement setting forth all of the facts and statistics upon which such additional use was based. This statement, signed by an officer of the company, shall be retained in the files of the company, and made available to NPA upon request. No person who by section 3 (d) is excepted from the limitations on consumption imposed by section 3 (a), however, may deviate from the specifications contained in Appendix A except upon express authorization by NPA.

(b) *Exceptions to limitations of Appendix A*—(1) *Defense orders.* Notwithstanding the provisions of Appendix A, any product manufactured to fill a rated order may be manufactured to the specifications of the order if and to the extent that such specifications are

required by the Government. Efforts will be made, however, to obtain maximum standardization of rubber products for Government defense requirements as well as between defense and nondefense requirements.

(2) *Tire experimentation.* Nothwithstanding the provision of Appendix A, any person may use up to a total of 2,000 pounds of dry natural rubber during any calendar quarter for experimentation in the manufacture of those sizes and types of tires for which specifications are provided in Appendix A.

SEC. 15. *Limitation on high-tenacity rayon for rubber products.* (a) No person shall, in the third calendar quarter of 1951, or in any calendar quarter thereafter, use a greater quantity by weight of high-tenacity rayon in the manufacture of rubber products (other than those products required to fill any contract of the Department of Defense or any division thereof or of the Atomic Energy Commission) than his average quarterly use of high-tenacity rayon in such manufacture during the 6 months ending June 30, 1951.

(b) No person shall, during any such quarter, order more high-tenacity rayon than the quantity he is permitted to use during such quarter pursuant to paragraph (a) of this section.

(c) "High-tenacity rayon" as used in this section includes singles yarn, plies, cord, and cord fabric.

GENERAL PROVISIONS

SEC. 16. *Monthly reports of rubber consumption and stocks.* Every person who consumes or owns, at any time during any month, any type of rubber listed below shall file a monthly report on Form NPAF-3 with NPA in accordance with the instructions accompanying the form. This report form covers consumption, stocks, receipts, production, and shipments. Any person who consumes rubber as part of a scientific laboratory experimental program only shall file his report annually on Form NPAF-4.

TYPES TO BE REPORTED

Dry natural rubber.
Natural rubber latex.
Reclaimed rubber.
GR-S types, excluding latex.[1]
GR-S type latex.[1]
Butyl types.[1]
Neoprene, excluding latex.
Neoprene, latex.
Butadiene-acrylonitrile types (N-type) excluding latex.
Butadiene-acrylonitrile types (N-type) latex.
Scrap rubber, uncured.

SEC. 17. *Reports by tire, tube, and camelback manufacturers*—(a) *Monthly reports.* Each manufacturer of tires, tubes, and camelback shall file with NPA a report of his production, shipments, and inventory for each calendar month on Form NPAF-5 in accordance with the instructions accompanying the form.

(b) *Weekly reports of cured tires.* Each manufacturer of tires shall file with NPA a report of his production of cured tires for each week on Form NPAF-6 in accordance with the instructions accompanying the form.

[1] Includes all types whether obtained from Government or other sources, including imports.

SEC. 18. *Reports by latex importers.* Every importer of natural rubber latex shall report by letter to NPA by the 15th of each month in long tons of dry latex solids (a) his imports for the current month (actual receipts plus material due to arrive), (b) his scheduled imports for the next succeeding month, and (c) his estimate of his imports for the second and third succeeding months.

SEC. 19. *Records and reports.* (a) Each person participating in any transaction covered by this order shall retain in his possession for at least 2 years records of receipts, deliveries, inventories, production, and use, in sufficient detail to permit an audit that determines that the provisions of this order have been met. This order does not specify any particular accounting method and does not require alteration of the system of records customarily used, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals by those persons who have or who may maintain such microfilm or other photographic records in the regular and usual course of business. All records required by this order shall be made available at the usual place of business where maintained, for inspection and audit by duly authorized representatives of the National Production Authority. All persons subject to this order shall keep such records and file such other reports as may be required subject to approval by the Bureau of the Budget in accordance with the Federal Reports Act of 1942 (5 U. S. C. 139–139F).

(b) Each consumer of rubber shall complete and return to NPA, Forms NPAF-56, NPAF-57, NPAF-58 and NPAF-59. These forms will be mailed to each consumer of rubber and shall be filed in accordance with the instructions accompanying them.

SEC. 20. *Inventory limitations.* (a) No person who uses tires or tubes in the course of trade or business shall receive delivery of new tires or tubes of any given size if his inventory of tires or tubes of such size exceeds, or by such receipt would be made to exceed, the minimum requirements for the operation of his business during the succeeding 30 days.

(b) No person who distributes or sells tires or tubes within the continental limits of the United States shall receive the delivery of new tires or tubes of any given size if his inventory of tires or tubes of such size exceeds, or by such receipt will be made to exceed, his minimum requirements for the operation of his business during the succeeding 30 days (or, in the case of passenger car manufacturers, 15 days). Each place of business engaged in the distribution of tires or tubes shall be deemed a separate person for the purpose of this section regardless of its ownership or control, and delivery to it shall be subject to this section regardless of whether such delivery is made on consignment, as an intra-company delivery, or otherwise.

(c) No person shall deliver tires and tubes (1) if he has reason to believe that his customer is not permitted to receive delivery under this section, nor (2) unless his customer (if the sale is to any person other than the Department of Defense) furnishes to him a signed certificate reading substantially as follows:

I hereby certify, subject to the criminal penalties for misrepresentation contained in Title 18, U. S. Code (Crimes), section 1001, that after receipt of the tires or tubes covered by this order my inventory will not exceed the quantity permitted by NPA Order M-2.

(Signature)

(Date)

(d) All of the materials subject to this order are also subject to NPA Reg. 1 which prohibits the accumulation of materials in excess of a practicable minimum working inventory.

SEC. 21. *Applications for adjustment or exception.* Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that such provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests for adjustment claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing, in duplicate, and shall set forth all pertinent facts, the nature of relief sought, and the justification therefor.

SEC. 22. *Communications.* All applications, reports, and other communications, relating to this order should be addressed to the National Production Authority, Washington 25, D. C., Ref.: Order M-2.

SEC. 23. *Violations.* Any person who wilfully violates any provision of this order, or who furnishes false information or conceals any material fact in the course of operation under it, is guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to compel necessary adjustment of his inventories or consumption or to suspend his privilege of making or receiving further deliveries of, or from processing or using, materials subject to this order.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This order as amended shall take effect on July 17, 1951.

NATIONAL PRODUCTION AUTHORITY,
MANLY FLEISCHMANN,
Administrator.

APPENDIX A—RUBBER PRODUCTS SUBJECT TO SIMPLIFICATION AND MANUFACTURING SPECIFICATIONS AS PROVIDED IN SECTION 14 OF NPA ORDER M-2

EXPLANATION OF COLUMNS AND SYMBOLS

Column 1: The code number indicated in column 1 is the numerical identification of a similar class of products.

Column 2: The product or product class to which the restrictions apply is described in column 2.

Column 3: The figures and symbols in column 3 specify the amount of natural rubber, if any, that may be used in the listed products.

For product codes 1 through 8 and 14, 15, 16, 17, 23, and 24, the figures in column 3 represent maximum percent of dry natural rubber and/or natural rubber latex to the total weight of new RHC. For product codes 9 through 13 and 18 through 22, such figures represent maximum percent of dry natural rubber and/or natural rubber latex to the total volume of the compound *except* where provided in column 4 that the percent is expressed in terms of total weight of new RHC.

The figure "0" in column 3 means that the use of dry natural rubber or natural rubber latex is prohibited except as may be provided in column 4.

The symbol "X" in column 3 means that dry natural rubber or natural rubber latex may be used in the minimum amount required except as may be provided in column 4.

Column 4: The provisions in column 4 are in some instances qualifications on the use of dry natural rubber or natural rubber latex as otherwise permitted by column 3. These qualifications take precedence over column 3 where there is any apparent inconsistency. Column 4 also contains the simplication and standardization provisions governing the manufacture of the product or product class. These latter provisions do not relate merely to the use of natural rubber but limit the lines, types, qualities, styles, and colors in which the listed products may be manufactured with the use of any kind of new rubber. There are no such limitations on the manufacture of listed products except as indicated in column 4.

Code No.	Product	Percent natural rubber to total new RHC	Special restrictions or provisions
(1)	(2)	(3)	(4)
1	Pneumatic tires	(1)	The group average of any product in code 1 may be exceeded, provided the aggregate natural rubber consumed in all products in this code does not exceed the total amount of natural rubber which would have been consumed if calculated on the maximum group averages for code 1.
	Airplane tires	100	Maximum individual tire—100 percent.
	Bicycle tires	13	Black side-wall construction only. Maximum individual tire—95 percent.
	Motorcycle tires	15	Black side-wall construction only. Maximum individual tire—95 percent.
	Passenger; Highway, mud-snow, taxi		Passenger car tire production is restricted as follows: All types—black side-walls only. Standard tread depth highway tires—one line and one quality only. Extra tread depth highway tires—one line only; and no greater quantity may be produced by any manufacturer in any calendar quarter, in proportion to his total production of passenger car tires in that quarter, than the proportion of his extra depth highway passenger car tire production to his total passenger car tire production in the last 6 months of 1950. Special purpose tires—no more or different lines may be produced by any manufacturer than he was producing on Feb. 19, 1951.
	Through 7.10 and 6.50	15	Maximum individual tire—95 percent.
	Over 7.10 and 6.50	22	Maximum individual tire—95 percent.
	Industrial pneumatic	13	Maximum individual tire—95 percent.
	Tractor implement	13	Maximum individual tire—95 percent. Restricted to one line of tires.
	Truck; Highway, heavy highway, traction, off-the-road trailer, flotation type, trailer type.		Truck tire production is restricted as follows: Standard tread depth highway tires—one line only. Extra tread depth highway tires—one line only. Special purpose tires—no more or different lines may be produced by any manufacturer than he was producing on Feb. 19, 1951.
	7.50 and under	38	Maximum individual tire—95 percent.
	8.25 through 9.00	75	Maximum individual tire—99 percent.
	10.00 through 12.00	90	Maximum individual tire—99 percent.
	Over 12.00	92	Maximum individual tire—99 percent.
2	Solid tires:		
	Airplane tires	XX	
	Bogie, idler, and support rollers	50	
	Pressed on	50	
	Cured on, 4 x 1½ and up		
3	Tire tubes		Any color, but one color only, except that every tube containing butyl must be marked with one or more circumferential light blue stripes, applied on the base section of the tubes, any one of which stripes must be 1/16 inch minimum width. No other tube shall be so marked.
	Airplane	100	
	Bicycle	5	
	Industrial pneumatic	50	Including valves.
	Passenger	0	
	Puncture seal	XX	
	Safety tubes	0	
	Tractor implement	0	
	Truck, 8.25 cross-section and under	5	
	Above 8.25 and up to 14.00	50	
	14.00 cross-section and over		
4	Tire tube valves and curing bags:		
	Tire tube valves (including repair valves)	XX	
	Tire tube valve inside washers		
	Curing bags	50	May be averaged with groups in code 1.
5	Tire flaps		May be averaged with groups in code 1.
	10.00 and up	100	
	All others	50	
6	Tire retreading materials:		
	Air bags, full circle for retreading	X	
	Camelback for airplane tires	100	
	Camelback for 9.00 cross-sections and larger, in die sizes 6½-inch crown width and 15/32-inch gage and up	X	
	Camelback, die sizes under 6½-inch crown width and under 15/32-inch gage	0	
	Camelback cushion gum	100	1/32-inch gage maximum for synthetic camelback.
	Padding stock	XXX	
	Stripping stock		
	Filler stock	100	
	Cushion repair gum	XX	
	Tread repair gum		
	Tire vulcanizing cement	XX	
7	Tire and tube repair materials:		
	Air bags, sectional	XXXXX	
	Bulk tire repair materials		
	Tire patches		
	Tube patches		
	Patching cement		
8	Tank blocks, treads, and band tracks	XXX	

[1] Maximum group average.

Code No.	Product	Percent natural rubber by volume	Special restrictions or provisions
(1)	(2)	(3)	(4)
9	Belting: Belting must be manufactured in accordance with the following regulations: Rubber belting utilizing a solid woven carcass is permitted, provided such construction uses no more natural rubber than is permitted in laminated belting of equivalent size and thickness. Constructions using combinations of fabric and other reinforcing materials such as cord or wire are permitted provided total natural rubber does not exceed that which is used in an equivalent grade, cotton fabric ply construction belt.		Color black throughout, except where otherwise specified. No manufacturer shall produce by any single manufacturing process more than one line, type, quality, or style for any one purpose. For interpretation of purpose in this order the commonly accepted service classifications used by industry shall apply.
9-A	Conveyor and elevator belting:		
	For severe service only	25	
	For moderate service	15	
	For hot material	X	Operating temperature, 200° F. and over.
	For conveying unpackaged food materials and materials that would be discolored with black belts	25	Black friction, amber or tan cover.
9-B	Miscellaneous belt and related products:		
	Hay baler belts	X	
	Other agricultural implement belts	15	
	Belt splicing and repair material	X	
	Chute lining	25	
	Conveyor skirting or skirt board	25	
	Cigar machine aprons		Same restrictions as first grade flat transmission belt (code 9-(C)).
	Concentrator belts	25	
	Escalator hand rails	X	
	Feed belts for paper box machinery	X	
	Hatter belts	X	
	Hog baler belts	40	
	Last puller belts	X	Color optional.
	Package belts	25	
	Paper machine aprons	25	
	Paper making screen diaphragms	15	
	Postal meter and letter opening feed belts	X	
	Powder explosives belts	15	
	Pulley lagging	25	
	Rubber scrapers for conveyor belts	25	
	Safety belts, linemen's	0	Color optional.
	Sling or lifting belts	25	
	Special molded conveyor belts	X	
	Street sweeper belts	25	
	Tube winding belts	X	Tan or amber.
	Tobacco stemmer belts	X	Natural rubber color permitted.
	Molded discs for conveyer belt idlers	25	
	Oil/fill seals	X	Color optional.
9-C	Flat transmission belting		Maximum pounds of natural rubber per 1,200 square inches per ply. Color of seaming strip optional.
	For severe service, or high speed or to operate over small pulleys		0.80 pound.
	For moderate service		0.40 pound.
	Hammermill belt		0.80 pound.
	Axle generator belt		0.80 pound.
	Rubber covers for above, maximum thickness 64 inch	15	
	Sheeting type, slab belting		Cover plies only may be tan or amber. Carcass black, except 1-ply in carcass may be tan or amber for identification in manufacture.
	Using fabric weighing between 10 and 16.50 ounces per square yard		0.80 pound.
	Using fabric weighing less than 10 ounces per square yard		0.40 pound.
9-D	V belts		Percent based on total volume of belt. In determining belt volume, the published nominal cross-sectional dimensions shall be used where these exist and model cross-sectional dimensions shall be used in all other cases. All belts black, except as otherwise specified. Buff color permitted for non-marking and food handling.
	Fractional horsepower	20	
	Household equipment	20	
	Automotive:		
	Passenger cars for pulley groove top width more than 0.500 inches	20	
	Trucks under 1½ tons for pulley groove top width more than 0.500 inch	20	
	Passenger and truck for pulley groove top width 0.500 inch or less	25	
	Trucks 1½ tons and over	25	
	Busses	25	
	Police cars and taxis	25	
	Airplane	25	
	Stationary gas and diesel engines	25	
	Industrial, including agricultural:		
	Heavy duty	20	
	Standard	30	
	Speed changers	35	
	Double V	25	
	Open end	20	
	Round belts	25	
	Railroad axle-drive	50	
10	Hose		All hose to be black throughout, except where specified. Color permitted in frictions, liners, and cements to identify and differentiate between oil resisting and non-oil resistive rubbers. No manufacturer shall produce by any single manufacturing process more than one line, type, quality, or style for any one purpose. For interpretation of purpose, the commonly accepted service classifications used by industry shall apply.
10-A	Aircraft hose:		
	Crash truck AAF 26011 (−65° F.)	XX	
	Duets	XX	Government or commercial plane use only.
	Oxygen hose	X	Government or commercial plane use only.
	Airbrake (20-147) (a)	5	Government or commercial plane use only.
	(b)	20	
	Aircraft hose not elsewhere listed	0	
10-B	Automotive hose:		
	Air brake	5	
	Air cleaner	5	
	Hydraulic actuating boot	X	
	Car heater	0	
	Coolant (radiator):		
	Curved	15	
	All other radiator	5	
	Defroster	15	
	Hydraulic brake, S. A. E. R-41	0	
	Windshield wiper	5	
	Vacuum brake	5	
	Automotive hose not elsewhere listed	0	

Code No. (1)	Product (2)	Percent natural rubber by volume (3)	Special restrictions or provisions (4)
10-C	General industrial hose	X	All hose to be black throughout, except where specified.
	Acid	30	
	Air and air tool: Air drill for mining and quarrying and heavy duty industrial	40	
	Gas mask air hose	5	Red and green cover permitted on 3/4 inch and under for identification purposes.
	All other air hose not elsewhere listed	40	Buff colored tube and cover permitted.
	Alcohol, beverage, brewers, wine, vinegar, food, and milk conveying	20	
	Ammonia	25	
	Arbor pipe forming	10	
	Booster and chemical engine	0	
	Braided cover tubing	30	
	Cable covering, electric	5	
	Cloth inserted tubing	5	
	Coupling, flexible	20	Buff color cover permitted.
	Creamery	X	Natural rubber color permitted.
	Divers:		
	Floating	5	
	Sinking	40	
	Dredging sleeves	40	
	Expansion joints		
	Fire:	25	
	Cotton rubber lined and rubber covered	25	
	Wrapped duck		
	Fire engine suction:	10	
	Hard	25	
	Soft	5	
	Fire extinguisher tubing	40	
	Flanged flexible pipe	0	Red or green cover permitted. Two qualities: standard and heavy duty.
	Garden and lawn	10	
	Jetting	0	
	Marine exhaust	40	
	Material handling—including grain	40	
	Cement and concrete	40	
	Phosphate flexibles	40	
	Rock dusting	5	
	Insulation blowing	0	5 percent natural rubber by volume permitted when Thiokol is used.
	Paint spray, fluid line	10	
	Paper mill hose		
	Petroleum products:	0	
	Gasoline service station	15	Both rough and smooth bore permitted.
	Oil suction and discharge	5	
	Butane and propane	0	
	Tank wagon	0	
	All other not elsewhere listed	X	
	Pinch valve	15	Color stripe or band permitted.
	Rotary drilling:	15	
	Vibrator	15	
	Mud suction	15	
	Rotary drilling hose	X	Natural rubber permitted as required, for 20 inches and over, I. d.
	Sand blast	40	
	Sand placing and sand suction	5	For car washing service where pressure exceeds 250 p. s. i.
	Shaft covering, flexible	5	
	Spray, horticultural and car washing	5	
	Over 400 pounds working pressure	5	
	400 pounds and under working pressure	X	
	Steam:	20	
	Over 50 pounds working pressure	X	
	50 pounds and under working pressure		
	Steam ironing	5	
	Suction, water:	10	
	Hard rubber and rough bore	20	
	Smooth bore up to 6 inches		
	Smooth bore 6 inches and over	25	
	Vacuum:	X	
	Household, including hotels, office buildings, etc	0	
	Industrial dust collector and blower exhaust		
	Washing machine	0	
	Water:		
	Radiator filling	10	
	Industrial:	5	
	Severe service	5	Hose may be black, red, and/or green as required for safety identification.
	Moderate service	0	
	Welding		
	Hose not elsewhere listed	20	
10-D	Railroad hose:	5	
	Air brake and signal, M-601	5	
	Air pneumatic tool, M-608	10	
	Paint spray, M-610	X	
	Pantograph	X	
	Sand, M-615 and M-616	X	
	Sand pipe nozzles	10	
	Steam, hot water and car heat, M-605	5	
	Tender tank, M-606	5	Hose cover may be black, red, and/or green as required for safety identification.
	Water, cold, M-604	0	
	Welding, M-603		
	Railroad hose not elsewhere listed		Color optional. Restrictions on line, type, quality, and style do not apply.
11	Packing and gaskets not elsewhere listed		
11-A	Packings without fabric or high percent of fiber, including sheet and also strip, discs, gaskets, rings, cups, U packings, V rings, O rings, non-fabric diaphragms, etc., made by extruding, cutting, or molding:		
	Below 45 durometer	0	
	45 durometer and above	0	
	Pipe coupling gaskets	0	
	Molded and extruded gaskets spliced endless after initial vulcanization	0	
	Electrical transformer sheet rubber for packing seals	40	
	O rings for sliding contact against steam and chemicals	X	
	Acid carboy gaskets	X	
	Air brake gaskets	X	
	Vulcanizer door gaskets	X	
	All others not elsewhere listed	0	

Code No. (1)	Product (2)	Percent natural rubber by volume (3)	Special restrictions or provisions (4)
11-B	Packings with high fiber content:		
	Sheet (generally known as "compressed asbestos sheet") and gaskets cut from same	5	By weight.
	Molded gaskets, discs, rings, etc	5	By weight.
	Rod packing coil, spiral ring form (generally known as "rubber-bonded plastic packing")	5	By weight.
11-C	Packing with fabric or wire insertion:		
	Sheet gasketing (generally known as "C. I. or B. W. I. Sheet") and gaskets cut from same:		
	Cotton insert	5	
	Wire insert	10	
	Asbestos insert	25	
	Rolled or molded gaskets:		
	Cotton insert	25	
	Asbestos insert	25	
	Diaphragm sheet including diaphragms cut from same or molded:		
	Supersensitive gas regulation	X	
	Molded other than above	25	
	Cut other than above	15	
	Rectangular piston packing	50	
	Rod packing including molded cups, U packings, and V rings:		
	Cotton insert	25	
	Asbestos insert	25	
11-D	Valve and valve discs:		
	Valve and valve discs, 45 durometer and under	X	
	Loaded ball valves	X	
	Fabric hydrant valves	25	
	All other valves and valve parts	0	
12	Sealing compounds for food containers:		
	Beverage container gaskets, molded, extruded, or lathe-cut	0	
	Food container gaskets, extruded and lathe-cut		15 percent natural rubber by weight of compound permitted.
	Gasket-lined home canning lids		5 percent natural rubber by weight of compound permitted.
	Jar rings, cut rings	25	
	Molded stoppers for food and beverage containers	0	
	Food closure gasket		30 percent natural rubber by weight of compound permitted for food gaskets formed and vulcanized in the closure.
	Sealing compounds, food closures and can ends ("flowed-in" type for glass and metal containers)	X	Natural rubber latex permitted.
13	Other mechanicals		All products in code 12, color optional, unless otherwise specified. Restrictions on line, type, quality, and style do not apply.
14-A	Aircraft equipment:		
	Boots, de-icer and integral parts including hose	X	
	Bumpers	0	
	Cords, alighting gear	X	
	Conductive rubber parts	X	
	Flexible couplings, functional	X	
	Engine instrument mountings and vibration insulators	X	
	Oxygen mask, pilot	X	
	All parts 45 durometer or less	0	
	All other parts not elsewhere listed	0	
12-B	Automotive equipment:		
	Windshield wiper blade	X	
	Bumper, retaining and cheek (molded)	25	
	Bumpers, functional:		
	Suspension	25	
	Crash	10	
	Bushing:		
	Suspension	X	
	Torque rod	X	
	Coupling, flexible	X	
	Weatherstrips and body seals, extruded, under 50 durometer	0	
	Weatherstrip, injection compound for splicing and forming	X	
	Molded ventilator strips	25	
	Glass run	10	
	Crankshaft torsion dampers	X	
	Transmission and engine mountings:		
	50 durometer and over	40	
	Under 50 durometer	X	
	Body and chassis mountings:		
	50 durometer and over	0	
	Under 50 durometer	0	
	Tail pipe insulator, under 50 durometer	X	
	Torsion springs	X	
	Grommet, core-molded-retaining, for dashboard insulation	25	
	Fuel tank, filler neck seal	25	
	Mats		A color spray containing no natural rubber may be applied to one side. New rubber other than natural may be used in the spray.
	Contour, front compartment only	10	
	Sill with retaining buttons	15	
	All other automotive mats	0	
	Cowl and dash liners	0	
	Seal beam headlights	X

	Miscellaneous mechanical goods—Con.		
	Mallets	0	
	Traffic cones and markers	0	
	All other parts not elsewhere listed	0	Black only.
	Tires, parts for bicycles, toy vehicles, and lawn mowers		Same as automotive, code 12-B.
	Handle grips	0	
	Fender flaps or splash guards	0	
	Pedal pads	25	
	Dodgem bumpers	0	
	All other parts not elsewhere listed		
12-K	Printing rubber products:		
	Printing rollers:		
	Newspaper rollers:		
	Form	X	
	Ductor	X	
	Letter press rollers	X	
	Gravure and impression	20	
	Printing rolls to be coated with composition having durometer less than 20	0	
	All other printing rollers not elsewhere listed		
	Printing rubbers:		
	Cutting rubbers	X	
	Pottery dies	15	
	Engraving rubbers	15	
	Plate backing friction and filler	X	
	Stiff plate backing	X	
	Etching plates	X	
	Molded stencil sheet for sand or grit blasting	X	
	Adhesive fabric, including brass adhesive	X	
	Band dater fabric	X	
	Printing blankets for offset, newspaper, and lithograph	X	For printing press only.
	Rubber solution for wet plate negative	X	
	Paper pick-up suction cups	X	
	Paper feed rolls and pads for duplicating machines	0	
	All other printing rubbers not elsewhere listed		
12-L	Rolls and roll coverings:		
	Suction press roll covering	X	
	Paper mill roll covering	X	For use only in cleaning soil and cement from shoes.
	Natural crepe rubber shoe cleaning rolls	X	25 percent of the total new rubber used in any month may be natural rubber.
	Textile		
	Other industrial roll covering	0	
	All other roll coverings not elsewhere listed		
12-M	Rubber protected or lined equipment:		
	Tank cars, barges, and trucks	X	
	All other	X	
12-N	Mats and matting:		
	Switchboard, not less than ¾ inch thick for 3,600 volts and over	30	Black only.
	Roll matting and stair treads	0	
	Perforated mats	0	
	Link and molded door mats	0	
	Bath mats	0	
	All other mats not elsewhere listed	X	
12-O	Safety respiratory equipment: Breathing apparatus, safety masks, and respirators, including parts.		Restrictions on line, type, quality, and style do not apply.
12-P	Hard rubber products:		
	Ball cages and molded tie rods	50	
	Baskets (etching), beakers, buckets, dippers, frames, funnels, measures, pails, packs, and trays	15	
	Bleaching rods	X	
	Blown work	X	
	Combs	50	
	Component hard rubber parts for the manufacture and handling of rayon, explosives, and corrosive chemicals	50	
	Knife handles	35	
	Dye sticks	X	
	Bowling balls	20	
	Industrial flashlight parts	65	
	Insulated tools	20	
	Jack strips	30	
	Microporous battery separators	X	
	Mouthpieces for musical instruments	X	
	Parts not elsewhere listed for storing, conveying, and processing corrosive chemicals	50	
	Pipe and fittings	10	
	Pipe bits	15	
	Plating barrels and parts	30	
	Potentiometer cards	X	
	Refrigerator parts	X	
	Rod and tubing for fountain pen parts	X	
	Rods up to 0.040-inch diameter	35	
	Rods 0.040-inch to ½-inch diameter, inclusive	20	
	Rods over ½-inch diameter	X	
	Sheets ⅛-inch thick or less	50	
	Sheets over ⅛-inch to ¼-inch thick, inclusive	30	
	Sheets over ¼-inch thick	X	
	Tubing up to and including 1/32-inch wall	50	
	Tubing over 1/32-inch to ⅛-inch wall, inclusive	30	
	Tubing over ⅛-inch wall	50	
	Cafeteria trays	35	
	Hard rubber parts for alkaline storage batteries	50	
	Heavy duty battery cases over 15 pounds	30	
	Hand wrapped battery cases	50	
	Submarine battery jars	60	
	Storage battery cases where product of tensile and elongation is 10,000 or more	X	
	Ventilating parts for submarines, hand wrapped	50	
	Ventilating parts for submarines, molded	50	
	Parts for submarines not elsewhere listed	50	
	Telephone commutator inserts	60	
	Tubular retainers	X	
	Parts for water meters	30	
	X-ray and photo tanks	40	
	Forming tanks	30	
	Connector stocks	0	
	Parts not elsewhere listed		

Code No. (1)	Product (2)	Percent natural rubber by volume (3)	Special restrictions or provisions (4)
12-Q	Industrial equipment: Industrial abrasive implements		The over-all monthly consumption of natural rubber shall not exceed 60 percent of the total new RHC consumed. Restrictions on line, type, quality, style, and color do not apply.
12-R	Brake linings, brake blocks, and clutch facings		The over-all monthly consumption of natural rubber shall not exceed 40 percent of the total new RHC consumed. Restrictions on line, type, quality, style, and color do not apply.
13	Wire and cable		Except where required for circuit identification, rubber compounds used in the manufacture of wire and cable shall be furnished as Insulation compounds in natural or black color only; jacket compounds, black or brown color only. Restrictions on line, type, quality, and style do not apply.
13-A	Insulation compounds:		
	Insulation for power and control cable or for building wire rated at 2,000 volts (phase to phase) or less and which has insulation wall thickness of more than 25 mils	0	
	Insulation compounds having thickness of 25 mils or less	X	
	For all types of insulated wire and cable in excess of 2,000 volts (phase to phase)	70	
13-B	Sheaths and jackets:		
	Sheaths and jackets for operation at temperature of −40° C. or higher	0	
	Sheaths and jackets for operation at temperatures lower than −40° C	X	
13-C	Cements and nonreinforced tapes incidental to manufacture, repair, or installation of cables	70	

Code No. (1)	Product (2)	Percent natural rubber to total new RHC (3)	Special restrictions or provisions (4)
14	Rubber footwear	70	Group average percent. No type rubber footwear shall contain more than 98 percent natural rubber. Line, type, quality, style, and color optional.
15	Shoe products		Line, type, quality, style, and color optional.
15-A	Heels and soles:		
	Heels, soles, and other specialized materials, manufactured by rubber heel and sole manufacturers used in the manufacture and repair of shoes, and excluding those items covered by other subsections of this code	20	
	Soles	X	DO orders for black, full length, cleated soles or "Tropical Army Combat Boots" and "Ski-Mountain Army Boots."
	Heels	60	DO orders for tan, neutral, white, and nonmarking black heels, except whole heels. For the Armed Forces, Fed. Spec. ZZH141A.
	Soling	85	DO orders for Arctic boot soling for the Armed Forces (U. S. Army Spec. Mil-B-2280).
	Heels	65	DO orders for Arctic Boot Toplifts for the Armed Forces (U. S. Army Spec. Mil-B-2280).
	Crepe soles, heels, welting, and wrappers	0	The consumption, production, or sale (other than to G. S. A., unless specifically authorized by G. S. A.) of natural RHC, for crepe soles, heels, welting, and wrappers is prohibited. Only exception: Existing inventories as of March 15, 1951, in the actual possession of shoe manufacturers and shoe repairmen may be consumed.
15-B	Inner shoe cushions and pads:		
	Rubber, molded or sheet		Natural rubber content to be no greater than that in a comparable product produced during the base period.
	Sponge rubber, nitrogen blown, molded or sheet		60 percent natural rubber to total RHC permitted. Maximum monthly average. Gas chamber method only.
	Sponge rubber, chemically blown, molded or sheet		45 percent natural rubber to total RHC permitted. Maximum monthly average.
	Latex foam, uncored slab sheets		60 percent natural rubber to total RHC permitted.
	Latex foam, molded		75 percent natural rubber to total RHC permitted.
	Sponge rubber-cork granule sheets	0	
15-C	Orthopedic appliances	X	For corrective devices required for deformed, injured, and crippled feet only.
15-D	Impregnated non-woven fibrous shoe components:		
	Insole materials		Natural rubber latex only may be used.
	Welting and stripping	0	
	Midsole materials		Natural rubber latex only may be used.
	Sock lining, heel pad, plumper, and backing materials	0	
	High strength stay and reinforcing materials	X	Natural rubber content to be no greater than that in a comparable product produced during the base period.
	Hair and fulled felts		Natural rubber latex only may be used.
	Box toes	X	Natural rubber content to be no greater than that in a comparable product produced during the base period.
15-E	Combining cements and rubberized woven fabrics for shoes		The over-all monthly consumption of natural rubber shall not exceed 50 percent of the total new RHC consumed in all code 15E products.
	Cements for custom combining piece goods		
	Cements and compounds for coating, finishing, laminating, impregnating, and proofing fabrics used as uppers, linings, sock linings, heel pads, reinforcements, and backers in shoes		
15-F	Shoe tapes:		
	Bindings, including French cord	X	
	Reinforcing and stay tapes	X	
	Tapes for applied sewing ribs and economy lips	X	
	Pressure sensitive tapes, cloth backed		20 percent of natural rubber by volume permitted.
	Pressure sensitive tapes, paper backed		50 percent of natural rubber by volume permitted.
15-G	Cements for manufacture and repair of shoes and component parts:		
	Shoe factory cements	X	
	Shoe repair cements	X	
	Cements for manufacture of shoe components	X	Except custom combining cements, code 15E; and cement for welting, code 15H.
	Cements and adhesives for anchoring flock	X	Natural rubber content to be no greater than that in a comparable product produced during the base period.
15-H	Cements for manufacturing welting for shoes		Natural rubber latex only may be used.
15-I	Protective coatings for shoes during manufacture	0	Production, consumption, and sale of protective coatings to keep shoes clean during manufacture containing natural rubber is prohibited. Only exception: Existing inventories as of May 1, 1951, in actual possession of shoe manufacturers may be consumed.
15-J	Bonded cork granule material for shoes: Composition cork sheets, not sponge rubber bonded	0	
15-K	Elastic fabric and tape for shoes:		
	Elasticized fabrics for uppers and linings	X	
	Goring and elastic shoe tapes	X	

Code No. (1)	Product (2)	Percent natural rubber to total new RHC (3)	Special restrictions or provisions (4)
15-I	Bottom filler for shoes:		
	Hot-type thermoplastic fillers	0	Natural rubber content to be no greater than that in a comparable product produced during the base period. Color optional. The over-all monthly consumption of natural rubber shall not exceed 67 percent of the total new RHC. Natural rubber latex permitted.
	Cold-type fillers		
16	Cements		
16-A	Cements for all purposes		
16-B	Miscellaneous cement uses: For manufacture of products covered by all code numbers in this appendix A	X	
17	Proofing, combining, or coating of fabric		In products where natural rubber is permitted, no product shall contain a higher percent of natural rubber than a comparable product produced during the base period. Color optional. Restrictions on line, type, quality, and style do not apply.
	Covering material for transportation equipment	0	
	Film and coated materials for medical, health, and safety products	40	
	Anchor coats: spread, frictioned, or impregnated directly on fabric or other material to be later calendered or spread	100	
	Seaming tapes and strapping	100	
	Cements used in assembly of other products here listed	100	
	Diving and life-saving equipment	100	
	Industrial and protective apparel	40	
	Industrial specialty products	50	
	Except low temperature diaphragm material	100	
	Flocked and imitation sueded materials	0	
	Except adhesive coating for anchoring the flock	100	
	Aprons or liners for handling in-process stock	40	
	Civilian utility products	0	

Code No. (1)	Product (2)	Percent natural rubber by volume (3)	Special restrictions or provisions (4)
18	Drug sundries, medical, surgical, dental, veterinary, and mortuary		Line, type, quality, style, and color optional.
18-A	Adhesive plaster products:		
	Medicated body plasters	50	
	Plain and medicated foot pads and plasters	50	
	Surgical adhesive tape	50	
18-B	Bulbs, including parts	60	
	Medicine dropper bulbs	65	
	Household bulbs	45	
18-C	Dental products:		
	Dental dam	X	
	Dental polishing tips	X	
	Denture rubber	65	
	Orthodontic bands	X	
	Denture suction and model formers	60	
18-D	Flat goods:		
	Fountain syringe bags, molded, and tubing	45	Average.
	Fountain syringe bags, hand-made, and tubing	75	
	Ice bags, molded	45	
	Ice bags, hand-made	60	
	Invalid cushions, molded	45	
	Invalid cushions, hand-made	60	
	Operating cushions	60	
	Water bottles and combinations, molded and tubing	45	
	Water bottles, hand-made	60	
	Latex fountain syringe bags and tubing, ice bags, and bulbs	0	Natural rubber latex permitted.
18-E	Gloves and cots:		
	Finger cots, including industrial and agricultural	X	
	Surgeons gloves	X	
	Net-lined hand-made gloves	75	
	Electricians' gloves, sleeves, and climber guards	X	
	Industrial and general-purpose gloves	X	
18-F	Infant goods:		
	Infant feeding nipples	X	
	Nurser bottle caps	X	
	Pacifiers	X	
	Breast shields	X	
	Teethers and teething rings	35	
	Baby pants	X	
	Parts for baby bath seats	X	
	Unsupported rubber sheeting	45	By weight of compound.
18-G	Miscellaneous sundries:		
	Bath caps		40 percent of base-period monthly average of natural rubber (dry or latex) consumed in bath caps permitted monthly.
	Hand-made	X	
	Molded	60	Natural rubber latex only permitted.
	Dipped	X	
	Blood pressure bags	65	
	Catheters, glass molded	X	
	Catheters, latex	45	60 percent natural rubber of the total RHC permitted.
	Castrator rings		
	Garter buttons	30	
	Hard rubber pipes, connections, and accessories	X	
	Penrose tubing	X	
	Colostomy outfits	X	
	Crutch pads	60	
	Crutch pads, sponge	35	For crutches only.
	Crutch tips (reinforced with metal or cloth)	X	
	Dilators	X	
	Inhalation bags and face pieces	X	
	Miscellaneous medical instrument parts	X	
	Prostatic bags	X	
	Prosthetic devices	X	
	Orthopedic parts, sponge	60	
	Respirator seal for iron lungs, sponge	X	
	Rubber bands and cushions for artificial limbs	X	
	Medical stopples	X	
	Self-adhering tape and gauze bandage	X	

Code No. (1)	Product (2)	Percent natural rubber by volume (3)	Special restrictions or provisions (4)
18-G	Miscellaneous sundries—Continued		
	Tourniquets	X	
	Truss pads	X	
	Urinals	X	
	Vaccine cans	X	
	Veterinary sleeves	X	
	Bath sprays and parts	18	Average.
	Toilet and bath sponges	25	
	Bath socks	X	
	Tension tape	75	
	Rubber sheets for mortuary garments	X	
18-H	Pessaries and prophylactics	X	
18-I	Sheet goods:		
	Bandage cum	X	
	Oxygen tent canopies	X	
18-J	Tubing: Surgical tubes and tubing	X	
18-K	Ladies' personal sanitary items:		
	Dress shields	X	
	Bloomer protective plates	X	
	Sanitary belts	X	
	Sanitary aprons	X	
	Unsupported girdles	X	
	Supported girdles	X	
	All items not elsewhere listed	0	
19	Flotation equipment: Pontoons, rafts, boats, and buoys		Government orders only. Natural rubber permitted as required.
20	Life-saving equipment: Suits, jackets, vests, and belts		Government orders only. Natural rubber permitted as required.
21	Pellet sealing fuel cells	X	
22	Miscellaneous:		
22-A	Athletic goods		Line, type, quality, style, and color optional.
	Golf balls	85	
	Golf club grips	25	
	Tennis balls	81	
	Inflatable athletic balls	53	
	Inflatable playground balls	53	Maximum diameter 10 inches.
	Squash balls	60	
	Hand balls	60	
	Lacrosse balls	60	
	Rubber-covered baseballs	60	
	Baseball centers	10	
	Rubber-covered soft balls	60	
	Ear and nose protective plugs	X	
	Cement for repair kits	X	
	Boxers' teeth protectors	80	
	Athletic bladders	10	Maximum monthly average.
	Athletic bladder valves	85	
	Gun pads	10

APPENDIX B

The following is the list of products referred to in section 3:

Appendix A Code No.	*Product*
1	Replacement tires, passenger, highway, mud-snow, taxi.
1	Replacement bicycle tires.
1	Replacement motorcycle tires.
3	Replacement tubes, passenger (including puncture-seal and safety tubes).
3	Replacement tubes, bicycle and motorcycle.
10–C	Garden and lawn hose.
12–B	Replacement automotive equipment (including all items listed thereunder in appendix A).
12–F	Household and appliance products (except for those functional parts which are manufactured for replacement purposes).
12–J	Billiard and pool-table cushions.
12–N	Mats and matting (including all items listed thereunder in appendix A except switchboard matting).
12–P	Bowling balls, knife handles, cafeteria trays, pipe bits, mouthpieces for musical instruments, and rods and tubing for fountain pen parts.
18–G	Bath caps.
18–K	Ladies' personal sanitary items (including all items listed thereunder in appendix A).
22–A	Athletic goods (including all items listed thereunder in appendix A).
22–B	Balloons.
22–C	Sponge rubber products (including all items listed thereunder in appendix A, except firemen's landing pads).
22–E	Flavored masticating gum.
22–G	Stationers' supplies (including all items listed thereunder in appendix A).
22–K	Toys (including all items listed thereunder in appendix A).
22–L	Rubber flooring, floor covering, wall covering (including all items listed thereunder in appendix A, except coating for fiber floor covering).
22–M	Rubberized fiber and hair cushioning.

APPENDIX C

On application to the Rubber Division, NPA, and in accordance with instructions in section 5 of Order M–2, additional quantities of rubber will be made available to fill contracts with the following symbols or allotments:

Allotment and/or DO rating symbol	*Program*
A–1 through A–9, B–1 through B–9, C–1 through C–9, Z–9.	Department of Defense and United States Coast Guard.
D–1 through D–9	Department of the Army.
E–1 through E–9	Atomic Energy Commission.
J–7	Department of State (Voice of America).
DO–22	Department of Defense.
DO–41	Atomic Energy Commission.
DO–62	United States Coast Guard.

[F. R. Doc. 51–8395; Filed, July 17, 1951; 4:46 p. m.]

[CMP Regulation No. 5, as Amended July 17, 1951]

CMP REG. 5—MAINTENANCE, REPAIR, AND OPERATING SUPPLIES AND MINOR CAPITAL ADDITIONS UNDER THE CONTROLLED MATERIALS PLAN

This regulation, as amended, is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950. In the formulation of this regulation prior to its amendment, there was consultation with industry representatives, including trade association representatives, and consideration was given to their recommendations. However, consultation with representatives of all trades and industries affected in advance of the issuance of this regulation was rendered impracticable because the regulation affects almost all industries. In the formulation of this regulation as amended, consultation with industry representatives has been rendered impracticable due to the need for immediate action and because the amendment affects many industries.

CMP Regulation No. 5 is hereby amended in the following respects: The last two sentences in paragraph (g) of section 2 are deleted; item 2 of Schedule I, appearing at the end of the regulation, is amended by substituting a new item 2. As so amended, CMP Regulation No. 5 reads as follows:

NPA Reg. 4 is revoked effective July 6, 1951. Direction 2 to NPA Reg. 4, as amended June 25, 1951, shall be considered as a direction to this regulation. On and after July 6, 1951, any reference to NPA Reg. 4 contained in any order or regulation of NPA (other than this regulation) shall be deemed a reference to CMP Regulation No. 5.

AUTHORITY: Sections 1 to 17 issued under sec. 704, Pub. Law. 774, 81st Cong., Pub. Law 69, 82d Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong., Pub. Law 69, 82d Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. *What this regulation does.* The purpose of this regulation is to provide a uniform procedure by which any business enterprise, Government agency, or public or private institution may obtain limited quantities of controlled materials and products and materials other than controlled materials for maintenance, repair, and operating supplies (hereinafter collectively referred to as "MRO") as well as for minor capital additions. It provides for the establishment of quarterly quotas for MRO. The regulation does not limit the quantity of materials and products which a person may obtain without using the procedure provided in this regulation. However, a person who makes use of the procedure provided in this regulation to obtain in any quarter materials or products in excess of 20 percent of his quota shall comply with the quota limitations whether or not he is able to obtain additional materials and products without using the procedure provided in this regulation. A person may use the procedure provided in this regulation to obtain MRO and minor capital additions up to $1,000 in any one quarter regardless of his quota. The procedure provided in this regulation may not be used to secure materials for personal or household use.

SEC. 2. *Definitions.* As used in this regulation:

(a) "Person" means any individual, partnership, corporation, association, or other organized group, and includes any business enterprise, Government agency, or institution. If, in the calendar year 1950, or in his last fiscal year ending prior to March 1, 1951, a person operated more than one plant, division, department, branch, or other unit, and maintained for any such unit separate records showing expenditures therefor for MRO, he may elect to treat any one or more of such units as a separate person for the purposes of this regulation, or to treat his entire operation within the United States, its territories and possessions, as a single person. An election so made may not thereafter be changed without prior written approval of NPA.

(b) "NPA" means the National Production Authority.

(c) "Business enterprise" means a lawful activity conducted for profit in the United States, its territories or possessions.

(d) "Government agency" means the United States, its territories and possessions, any of the 48 States, or the District of Columbia, any political subdivision of any of the foregoing, and any agency of any of the foregoing which is not a business enterprise.

(e) "Institution" means any lawful organization, public or private, within the United States, its territories and possessions, which is neither a business enterprise nor a Government agency. It includes, but is not limited to schools, libraries, hospitals, churches, clubs, and welfare establishments.

(f) "Maintenance" means the minimum upkeep necessary to continue any plant, facility, or equipment in sound working condition, and "repair" means the restoration of any plant, facility, or equipment to sound working condition when it has been rendered unsafe or unfit for service by wear and tear, damage, failure of parts, or the like. Neither "maintenance" nor "repair" includes the replacement of any plant, facility, or equipment, or the improvement of any plant, facility, or equipment by replacing material which is still in sound working condition with materials of a new or different kind, quality, or design.

(g) "Operating supplies" means, in the case of a business enterprise, any kind of material carried by such business enterprise as operating supplies according to its established accounting practice. It includes items, such as hand tools, purchased by an employer for sale to his employees solely for use in his business if such items would have constituted operating supplies had they been issued to employees without charge. "Operating supplies" means, in the case of a Government agency or an institution, any kind of material used by the agency or institution in conducting any activity or rendering any service, provided such material is consumed in the course of operation and was not carried as capital equipment by the agency or institution according to its established accounting practice. Materials incorporated in a product are operating supplies if, but only if, they were carried as operating supplies according to the established accounting practice of the business enterprise, Government agency, or institution.

(h) "Minor capital addition" means any improvement or addition of a kind carried by a person as capital according to his established accounting practice, the total cost of which (excluding the purchaser's cost of labor) does not exceed $750 for any one complete capital addition. No capital addition may be subdivided for the purpose of bringing it or any part of it within this definition. In computing the cost of such improvement or addition, for the purpose of this regulation, the cost of all materials obtained for such improvement or addition shall be included whether or not acquired by use of an allotment symbol or rating, and whether or not ordered or delivered at different times and obtained from different suppliers. Where the capital addition or improvement involves construction of a type which requires authorization under NPA Order M–4, the procedure provided for herein may not be used to obtain materials therefor unless the authorization specifically so provides.

(i) "MRO" means materials for maintenance, repair, and operating supplies. It does not include capital additions. The term "minor capital addition" is specifically used whenever it is intended to be included within the provisions of this regulation. Materials produced or obtained for sale to other persons or for installation upon or attachment to the property of another person, and materials required for the production of such materials are not "MRO" as to the producer or supplier.

(j) "Material" means any raw, in-process, or manufactured commodity equipment, component, accessory, part, or product of any kind.

(k) "Controlled material" means steel, copper, and aluminum in the forms and shapes indicated in Schedule I of CMP Regulation No. 1.

(l) "Established accounting practice" means, in the case of a person in operation on or before December 31, 1950, the accounting practice in use by such person on that date or on the last day of his operation prior thereto. In the case of a person whose operation begins after December 31, 1950, the term means the accounting practice established by him in such operation.

SEC. 3. *How a person obtains controlled materials.* (a) Subject to the quantity restrictions contained in section 7 of this regulation, every business enterprise, Government agency, and institution shall have the right to use the allotment symbol MRO on delivery orders for controlled materials for maintenance, repair, and operating supplies, and minor capital additions. The assignment of the right to use the allotment symbol MRO does not constitute the making of an allotment of the amount of controlled materials for MRO and minor capital additions specified in section 7 of this regulation. The allotment symbol MRO may be used to acquire only that amount of controlled material actually needed for MRO and minor capital additions.

(b) A delivery order bearing the symbol MRO, together with the certification provided for in section 11 of this regulation, shall constitute an authorized controlled material order for the purposes of all CMP regulations.

SEC. 4. *How a person obtains products and materials other than controlled materials.* (a) Subject to the quantity restrictions contained in section 7 of this regulation, every business enterprise, Government agency, and institution shall have the right to use the rating DO–MRO on delivery orders for products and materials other than controlled materials for maintenance, repair, and operating supplies, and minor capital additions. The rating DO–MRO may be used to acquire such products and materials only up to that portion of the amount specified in section 7 of this regulation which is actually needed for the purposes of MRO and minor capital additions.

(b) A delivery order bearing the rating DO–MRO, together with the certification provided for in section 11 of this regulation, shall constitute a rated order with an allotment symbol for the purpose of all NPA regulations and orders.

SEC. 5. *Status of orders rated DO–97.* (a) Notwithstanding the provisions of section 4 (c) of CMP Regulation No. 3, a delivery order for controlled materials calling for delivery in the third quarter, 1951, placed prior to the effective date of this regulation in accordance with the provisions of NPA Reg. 4 and bearing the rating DO–97 shall constitute an authorized controlled material order for the purpose of all CMP regulations.

(b) Notwithstanding the provisions of section 5 (c) of CMP Regulation No. 3, a delivery order for products and materials other than controlled materials calling for delivery in the third quarter, 1951, placed prior to the effective date of this regulation in accordance with the provisions of NPA Reg. 4 and bearing the rating DO–97 shall constitute a rated order with the allotment symbol MRO for the purpose of all CMP regulations.

(c) A producer of a Class A or of a Class B product who has, prior to the effective date of this regulation, extended an order bearing the rating DO–97 to a supplier of a controlled material, and who has received an authorized production schedule with a related allotment, shall charge against such allotment the amount of any controlled material which he receives pursuant to such order.

(d) A delivery order calling for delivery after the third quarter, 1951, placed prior to the effective date of this regulation in accordance with the provisions of NPA Reg. 4 and bearing the rating DO–97 must be converted into an authorized controlled material order or into a rated order with the allotment symbol MRO, as the case may be, in accordance with the provisions of CMP Regulation No. 3. In the absence of such conversion on or before August 15, 1951, the order shall constitute an unrated order.

(e) A delivery order for MRO or minor capital additions placed after the effective date of this regulation and in accordance with its provisions must bear the allotment symbol MRO or the rating DO–MRO, as the case may be.

SEC. 6. *Materials for which the allotment symbol MRO and the rating DO–MRO may not be applied or extended—*(a) *Prohibited list.* The allotment symbol MRO and the rating DO–MRO shall not be applied or extended by a person to obtain any of the materials or articles listed in Schedules I and II of this regulation, or to obtain any equipment pursuant to any lease.

(b) *Limitation for minor capital additions.* The allotment symbol MRO and the rating DO–MRO may not be applied by a person to obtain in any quarter (calendar or fiscal) materials for a total of minor capital additions exceeding in the aggregate 10 percent of the quarterly MRO quota established as provided in section 7 of this regulation or $750, whichever is greater.

(c) *Limitation on extension of the rating DO–MRO.* A producer of Class A products who receives a delivery order with the rating DO–MRO shall not extend such rating, but shall obtain his production materials in accordance with the provisions of section 15 of CMP Regulation No. 1. A producer of Class B products who receives a delivery order with the rating DO–MRO shall not extend such rating, but shall obtain his production materials from an industry division or claimant agency, as provided in CMP Regulations No. 1 and No. 3. All other suppliers may extend a DO–MRO rating to obtain materials to the extent permitted by and in accordance with the provisions of NPA Reg. 2.

SEC. 7. *Quarterly MRO quotas.*—(a) *The quota base.* A person who applies the allotment symbol MRO to buy controlled materials or the rating DO–MRO to buy products and materials other than controlled materials must establish his quarterly MRO quota. The MRO quota base to be used in establishing the MRO quota shall include all expenditures made by a person in the base period for MRO (except for materials referred to in Schedule II of this regulation), even though such MRO consists of materials listed in Schedule I of this regulation. Expenditures during the base period for capital additions shall not be included in the quota base.

(b) *Standard base period.* The standard base period is the calendar year 1950.

(c) *Fiscal year base period.* If a person operated on the basis of a fiscal year prior to March 1, 1951, he may elect to take as his base period his last fiscal year ending prior to that date. After such an election has been made, it may not thereafter be changed without the prior written approval of NPA.

(d) *Standard quota.* The standard quarterly quota is 30 percent of the quota base.

(e) *Seasonal quota.* A person may elect to establish seasonal quarterly quotas. An election so made may not be changed thereafter without the prior written approval of NPA. Such seasonal quota for any quarter shall be 120 percent of the expenditures by the person for MRO during the corresponding quarter in 1950.

(f) *Persons not in operation throughout the base period.* A person not in operation throughout the entire base period shall establish and report his quarterly MRO quota as follows:

(1) *Person operating during part of the base period.* A person who was in operation during a part but not all of the calendar year 1950 (or of his last fiscal year ending prior to March 1, 1951) shall determine his quota base by computing the amount he would have spent for MRO (except for materials referred to in Schedule II) had he continued the same rate of expenditure throughout the year as during that part of the year in which he was in operation, making necessary corrections to compensate for seasonal or other exceptional characteristics of the period in which he was in operation. His standard quarterly MRO quota shall be 30 percent of his quota base. If he elects to establish seasonal quarterly quotas, as above provided, he may divide 120 percent of his quota base into four quarterly MRO quotas in accordance with the seasonal demands of the activity in which he is engaged.

(2) *Persons not in operation during the base period.* If a person was not in operation in any part of the calendar year 1950 (or of his last fiscal year ending prior to March 1, 1951), his quarterly MRO quota (standard or seasonal) shall be the amount which he determines to be necessary for his operation. The quota of such person may not, however, exceed $5,000 for any quarter without the prior written approval of NPA.

(3) *Notice to NPA.* A person who establishes a quarterly MRO quota in excess of $1,000 pursuant to subparagraphs (1) or (2) of this paragraph (f) shall, within 30 days after he first applies either the allotment symbol MRO or the rating DO–MRO, notify NPA in writing of the quota he has established, the base period he has used, the method he used in computing his quota, and the corrections he made for seasonal or other factors.

(g) *Future use of increased quotas.* If the quarterly MRO quota of a person is increased by specific authorization of NPA pursuant to section 15 of this regulation, the increased quota becomes his standard quota unless the increase is granted on a temporary or seasonal basis or is otherwise restricted by the terms of the authorization. An increased quarterly MRO quota granted as a seasonal quota may be used only in the corresponding quarter of subsequent years.

(h) *Increase not retroactive.* An increase in quota granted pursuant to section 15 of this regulation is not retroactive.

SEC. 8. *Charges against quota—*(a) *When to charge against quota.* A person may elect to charge expenditures against his MRO quota for the quarter (calendar or fiscal) in which his purchase order specifies delivery is to be made (the delivery basis), or against his MRO quota for the quarter in which the materials are actually received (the receipts basis). Having elected to use one method, he may not thereafter change to the other without the prior written approval of NPA.

(b) *What to charge against quota.* A person shall charge against his MRO quota in each quarter:

(1) All expenditures for materials for MRO (except materials referred to in Schedule II) ordered for delivery (or, if on the receipts basis, received) during the quarter, whether or not obtained by use of the allotment symbol MRO or the rating DO–MRO, and

(2) All expenditures for minor capital additions ordered for delivery (or, if on the receipts basis, received) during the quarter if, but only if, obtained by the use of the allotment symbol MRO or the rating DO–MRO.

(c) *Exceptions.* (1) A person may order (or receive) in any quarter MRO and materials for minor capital additions aggregating not more than $1,000 without regard to quota limitations.

(2) Any person who uses the allotment symbol MRO or the rating DO–MRO to order for delivery (or, if on the receipts basis, to receive) during any quarter materials which aggregate not more than 20 percent of his MRO quota for such quarter, may, in addition, order for delivery (or receive) in such quarter other material for MRO and minor capital additions without use of the allotment symbol MRO or the rating DO–MRO and without regard to quota limitations.

SEC. 9. *Materials obtained for benefit of another—*(a) *Materials supplied by a repairman.* Any business enterprise (such as a repair shop) engaged in doing maintenance or repair work or installing minor capital additions for any other person may apply the allotment symbol MRO to obtain controlled materials and the rating DO–MRO to obtain products and materials other than controlled materials to the same extent that such other person would be entitled to apply the allotment symbol or rating if he were doing the work himself. The cost of materials so obtained shall be charged to the MRO quota of the person for whom the work is done.

(b) *Obligation to supply MRO under lease or other agreement.* A person who is obligated to maintain, repair, or operate any plant, facility, or equipment, under the terms of any lease or other agreement for the use of such property by another person, may apply the allotment symbol MRO or the rating DO–MRO to obtain materials needed for such purposes. Expenditures for such materials shall be charged to the MRO quota of the person thus applying the allotment symbol MRO or the rating DO–MRO except that, if his purchase is made on a reimbursable basis for the account of the person using the property, the MRO quota of the latter shall be charged.

SEC. 10. *Use of materials for another purpose.* If a person has obtained materials for MRO or minor capital additions by applying the allotment symbol MRO or the rating DO–MRO, as the case may be, he may use them for a different purpose if under an authorized production schedule or authorized construction schedule he could have applied any other allotment number or symbol or rating to acquire them for such purpose. However, if he does use them for such other purpose, he may not use the allotment symbol MRO or the rating DO–MRO to replace them in inventory. To replace such materials in inventory he may use only the allotment number or symbol, or DO rating under such authorized production or construction schedule which he might have applied to obtain them for the purpose for which he used them. If he uses such materials obtained by applying the allotment symbol MRO or rating DO–MRO for such other purpose, his records must be adequate to show that his purchases of material are substantially proportionate to his authorized uses.

SEC. 11. *Certification.* A delivery order for MRO or materials for minor capital additions must contain a certification in addition to the allotment symbol MRO or the rating DO–MRO. Unless another form of certification is specifically prescribed by an applicable order or regulation of NPA, such certification shall be in the following words:

Certified under CMP Regulation No. 5

and shall be signed as provided in NPA Reg. 2. This certification shall constitute a representation to the supplier and to NPA that the purchaser is authorized to use the allotment symbol or the rating under the provisions of this regulation to obtain the materials covered by the delivery order.

SEC. 12. *Supplier receiving orders improperly bearing the allotment symbol MRO or the rating DO–MRO.* When a supplier has received a purchase order bearing the allotment symbol MRO or the rating DO–MRO, which symbol or rating he knows, or has reason to believe, has been used in violation of any NPA regulation or order, the supplier shall refuse to accept it as an authorized controlled material order or rated order, as the case may be. In such event, the supplier shall advise the buyer of his reason for such refusal, and shall also advise NPA of his receipt of the order, his refusal to accept it, and his reason for such refusal.

SEC. 13. *Relation to other regulations and orders—*(a) *Rules governing use of the allotment symbol MRO or the rating DO–MRO.* Any person who is entitled to obtain materials for his MRO or minor capital additions under any other NPA regulation or order, shall be governed by the provisions of such other order or regulation and shall not use the allotment symbol MRO or the rating DO–MRO as provided in this regulation.

(b) *Inventory limitations.* Nothing in this regulation shall be deemed to authorize any person to order or receive any controlled materials if acceptance thereof would increase his inventory beyond the limitations permitted by CMP Regulation No. 2, or the limit fixed in any other applicable NPA regulation or order. Nothing in this regulation shall be deemed to authorize any person to order or receive products or materials other than controlled materials if acceptance thereof would increase his inventory beyond a minimum practicable working inventory as defined in NPA Reg. 1 or beyond the limit fixed in any other applicable NPA order or regulation.

(c) *Delegations to Government agencies.* This regulation does not revoke or prevent the use of any authority delegated by NPA to any other Government agency whereby such agency may use allotment symbols other than MRO or ratings other than DO–MRO, as the case may be, for direct procurement of its own requirements of MRO or minor capital additions.

(d) *Other regulations and orders.* Nothing in this regulation shall be construed to relieve any person from the obligation of complying with such limitations on acquisition or use of materials or such other provisions as may be contained in any applicable regulation or order of NPA or with any order of any other competent authority.

SEC. 14. *Records and reports—*(a) *Records to be kept.* Each person who makes any use of the allotment symbol MRO or the rating DO–MRO pursuant to this regulation shall make and preserve at his regular place of business for at least 2 years accurate and complete records showing what his quarterly MRO quotas are, how he computed them, the factual justification for them and for corrections or revisions thereof, any elections made as to the use of seasonal quotas, methods of figuring quotas and charges against them, or other options exercised, and records of receipts, deliveries, inventories, and use of all materials for use as MRO or minor capital additions, whether or not by use of the allotment symbol or rating, in sufficient detail to permit an audit that will permit determination for each transaction whether the provisions of this regulation have been met. This requirement does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records disclose the above data and supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

(b) *Inspection and audit.* All records required by this regulation shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of NPA.

(c) *Other records and reports.* Persons subject to this regulation shall maintain such further records and submit such reports to NPA as it shall require, subject to the terms of the Federal Reports Act of 1942 (5 U. S. C. 139–139F).

SEC. 15. *Applications for adjustment or exception.* (a) Any person subject to any provision of this regulation may file a request for adjustment or exception upon the ground that such provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests claiming that the public interest is prejudiced, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing submitted in triplicate on Form NPAF–78. The request shall set forth all pertinent facts and the nature of the relief sought, and shall state the justification therefor.

(b) Subject to the provisions of paragraphs (g) and (h) of section 7 of this regulation, any adjustments or exceptions granted under the provisions of NPA Reg. 4 shall continue to apply under this regulation.

SEC. 16. *Communications.* All communications concerning this regulation shall be addressed to the National Production Authority, Washington 25, D. C., Ref: CMP Regulation No. 5.

SEC. 17. *Violations.* Any person who wilfully violates any provision of this regulation or any other regulation or order of NPA, or who wilfully conceals a material fact or furnishes false information in the course of operation under this regulation, is guilty of a crime and,

upon conviction, may be punished by fine or imprisonment, or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This regulation shall take effect on July 17, 1951.

NATIONAL PRODUCTION AUTHORITY,
MANLY FLEISCHMANN,
Administrator.

SCHEDULE I

Materials to which the allotment symbol MRO or the rating DO-MRO may not be applied or extended under CMP Regulation No. 5:

1. All basic, organic, or inorganic chemicals, their intermediates and derivatives other than compounded end-products not customarily sold as chemicals.
2. Products appearing in List A of NPA Order M-47A, as that order may be amended from time to time (except in item 28 of Section VIII of List A), or in List B of said order (except painters' and industrial brushes, as defined in NPA Order M-18, as that order may be amended from time to time).
3. Nylon fibers and yarns.
4. Packaging materials and containers.
5. Paint, lacquer, and varnish.
6. Paper and paper products.
7. Paperboard and paperboard products.
8. Printed matter.
9. Photographic film.
10. Rails, tie plates, track spikes, splice bars, rail joints, frogs, and switches. (See NPA Order M-73)
11. Rubber tires and tubes.

SCHEDULE II

Materials contained in NPA Reg. 2, List A, as the same may be amended or supplemented from time to time, the allocation and distribution of which are subject to regulation by other Government agencies and which, therefore, are not subject to any DO rating issued by or under the authority of NPA.

[F. R. Doc. 51-8394; Filed, July 17, 1951; 4:46 p. m.]

[NPA Order M-12 as Amended July 2, 1951 Amendment 1]

M-12—USE OF COPPER AND COPPER-BASE ALLOYS

This amendment to NPA Order M-12, as amended July 2, 1951, is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950. In the formulation of this amendment consultation with industry representatives has been rendered impracticable because of the need for immediate action.

The amendment affects NPA Order M-12, as previously amended, as follows:

(1) The words "which is not listed in NPA Order M-47A or which is not a part of a product so listed" in section 6 shall be deleted and the following inserted in place thereof:

"which is not covered by NPA Order M-47A or NPA Order M-68, or which is not a part of a product so covered,"

(2) The words "including List A and B" in the last sentence of the order shall be deleted.

(Sec. 704, Pub. Law 774, 81st Cong., Pub. Law 69, 82d Cong.)

This amendment shall take effect on July 17, 1951.

NATIONAL PRODUCTION AUTHORITY,
MANLY FLEISCHMANN,
Administrator.

[F. R. Doc. 51-8389; Filed, July 17, 1951; 4:45 p. m.]

[NPA Order M-32 as Amended July 17, 1951]

M-32—CHEMICALS

LIMITATION FOR DO RATED ORDERS

This amendment of NPA Order M-32, as amended May 1, 1951, is found necessary and appropriate to promote the national defense and is issued pursuant to the authority granted by section 101 of the Defense Production Act of 1950. In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

This amendment affects NPA Order M-32, as amended, by adding three items to Schedule A. As so amended, NPA Order M-32 reads as follows:

Sec.
1. What this order does.
2. Definitions.
3. Chemicals to which this order applies.
4. Required shipment dates.
5. Rejection of rated orders.
6. Limitation for acceptance of rated orders.
7. NPA assistance in placing rated orders.
8. Applications for adjustment or exception.
9. Communications.
10. Records.
11. Audit and inspection.
12. Reports.
13. Violations.

AUTHORITY: Sections 1 to 13 issued under sec. 704, Pub. Law 774, 81st Cong., Pub. Law 69, 82d Cong. Interpret or apply sec. 101, Pub Law 774, 81st Cong., Pub Law 69, 82d Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. *What this order does.* This order applies particularly to producers and distributors of each chemical listed in Schedule A appearing at the end of this order and provides rules for placing, accepting, and scheduling rated orders for such chemical. Its purpose is to provide equitable distribution of rated orders among all producers and distributors thereof, in order to make possible maximum production and to reduce to a minimum disruption of normal distribution. It supplements NPA Reg. 2 but only those provisions of Reg. 2 which are inconsistent with this order are superseded and all other provisions of Reg. 2 continue to apply to the chemical industry.

SEC. 2. *Definitions.* As used in this order;

(a) "Person" means any individual, corporation, partnership, association, or any other organized group of persons, and includes agencies of the United States or any other government.

(b) "Producer" means any person engaged in the business of producing for sale any chemical listed in Schedule A.

(c) "Distributor" means any person who buys and receives from a producer any chemical listed in Schedule A and who resells or holds for resale such chemical.

(d) "Schedule A" means the list of chemicals marked "Schedule A" appearing at the end of this order.

(e) "NPA" means National Production Authority.

SEC. 3. *Chemicals to which this order applies.* This order applies only to the chemicals listed in Schedule A, as amended from time to time. It is the intention of NPA that if and when the need arises, additional chemicals will be added to Schedule A.

SEC. 4. *Required shipment dates.* A rated order for any chemical listed in Schedule A must specify shipment on a particular date or dates or during a particular month, which in no case may be earlier than required by the person placing the order. The producer of such chemical must schedule the order for shipment within the requested month as close to the requested shipment date as is practicable, considering the need for maximum production. The distributor must schedule the order for shipment within the requested month as close to the requested shipment date as is practicable.

SEC. 5. *Rejection of rated orders.* Unless otherwise specifically directed by NPA, no producer or distributor need accept a rated order for any chemical listed in Schedule A which is received by him less than the number of days (lead time), if any, set forth in Schedule A opposite the name of such chemical, prior to the first day of the month in which shipment is requested. Rated orders for any such chemical as to which no such period of time is specified in Schedule A are not subject to the provisions of this section.

SEC. 6. *Limitation for acceptance of rated orders.* Unless otherwise specifically directed by NPA, no producer or distributor shall be required to accept rated orders for shipment of any chemical listed in Schedule A in any one month in excess of the percentage specified in Schedule A.

SEC. 7. *NPA assistance in placing rated orders.* Any person who is unable to place a rated order for any chemical listed in Schedule A due to the limitation imposed by section 6 of this order should apply to NPA, Ref: Order M-32, specifying the producers or distributors who refused to accept the order. NPA will arrange to assist him in locating sources of supply.

SEC. 8. *Applications for adjustment or exception.* Any person affected by any provision of this order may file with NPA a request for adjustment or exception upon the ground that such provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In considering requests for adjustment which claim that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each such request shall be in writing and shall set forth all pertinent facts, the nature of the relief sought, and the justification therefor.

SEC. 9. *Communications.* All communications concerning this order shall be addressed to National Production Authority, Washington 25, D. C., Ref: M-32.

SEC. 10. *Records.* Each person participating in any transaction covered by this order shall retain in his possession for at least 2 years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

SEC. 11. *Audit and inspection.* All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of NPA.

SEC. 12. *Reports.* Persons subject to this order shall make such records and submit such reports to NPA as it shall require, subject to the terms of the Federal Reports Act of 1942 (5 U. S. C. 139-139F).

SEC. 13. *Violations.* Any person who wilfully violates any provision of this order or any other order or regulation of NPA or who wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This order as amended shall take effect on July 17, 1951.

NATIONAL PRODUCTION AUTHORITY,
MANLY FLEISCHMANN,
Administrator.

SCHEDULE A

Name of chemical	Limitation for acceptance of rated order		Number of days (lead time) if any	
	By producers	By distributors	For producers	For distributors
Ethyl ether of cellulose (known as "ethyl cellulose").	40 percent by weight of the producer's scheduled production for the month of shipment.	None	15	None
DDT (Dichlorodiphenyl-trichloroethane)	20 percent by weight of the producer's scheduled production for the month of shipment.	None	15	None
Barium carbonate	20 percent by weight of the producer's scheduled production for the month of shipment.	None	None	None
Melamine and melamine-containing compounds.	None	None	15	None
Anthraquinone vat dyes of the following types: Brown G—CI 1152. Brown R—CI 1151. Khaki 2G—Pr 122. Olive Green B—Pr 288. Olive GGL. Olive R—CI 1150. Olive T. Yellow GC—Pr 9. Orange RRT—CI 1098.	30 percent by weight of the producer's scheduled production for the month of shipment of each of the specified types.	None	None	None
Carbon tetrachloride	None	None	15	20
Methylene chloride	None	None	15	20
Perchlor-ethylene	None	None	15	20
Dichloro-difluoromethane (known as "Freon-12").	None	None	15	None
Trichloro-monofluoromethane (known as "Freon-11").	None	None	15	None
Monochloro-difluoromethane (known as "Freon-22").	None	None	15	None
Chrome yellow	30 percent by weight of the producer's scheduled production for the month of shipment.	None	None	None
Chrome orange	30 percent by weight of the producer's scheduled production for the month of shipment.	None	None	None
Phenol formaldehyde resin: (a) Without filler	45 percent by weight of the producer's scheduled production for the month of shipment.	None	15	None
(b) With filler	35 percent by weight of the producer's scheduled production for the month of shipment.	None	15	None

[F. R. Doc. 51-8392; Filed, July 17, 1951; 4:45 p. m.]

[NPA Order M-50 as Amended July 17, 1951]

M-50—ELECTRIC UTILITIES

This order as amended is found necessary and appropriate to promote the national defense and is issued pursuant to the authority of section 101 of the Defense Production Act of 1950. In the formulation of this order, as amended, there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

This amendment affects NPA Order M-50 by placing electric utilities under the Controlled Materials Plan. As amended, NPA Order M-50 reads as follows:

ARTICLE I—GENERAL PROVISIONS

Sec.
1. What this order does.
2. Definitions.
3. Applications for adjustment or exception.
4. Records and reports.
5. Communications.
6. Violations.

ARTICLE II—PROCUREMENT OF CONTROLLED MATERIALS GENERALLY

21. Effect on other orders.
22. Restrictions on placement of delivery orders for controlled materials.
23. Conversion of outstanding orders.
24. Use of allotment numbers and certification.

ARTICLE III—MAJOR PLANT ADDITIONS

31. Restrictions on construction.
32. Construction schedules and allotments for major plant additions.
33. Required use of excess inventory.
34. Authorization to use DO rating to obtain products and materials other than controlled materials for major plant additions.

ARTICLE IV—MINOR REQUIREMENTS

41. Allotments of controlled materials for minor requirements.
42. Quarterly controlled material quotas for minor requirements.
43. Applications for increased controlled materials quotas.
44. Authorization to use DO ratings to obtain products and materials other than controlled materials for minor requirements.
45. Inventory restrictions.

AUTHORITY: Sections 1 to 45 issued under sec. 704, Pub. Law 774, 81st Cong., Pub. Law 69, 82d Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong., Pub. Law 69, 82d Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

ARTICLE I—GENERAL PROVISIONS

SECTION 1. *What this order does.* This order provides rules of special application to the procurement and use of materials by electric utilities. It sets forth the procedure by which electric utilities procure materials under the Controlled Materials Plan. It modifies the application to electric utilities of CMP Regulations Nos. 2 and 6, as well as other orders and regulations of NPA.

SEC. 2. *Definitions.* (a) "Electric utility" means any individual, partnership, association, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not, located in the United States, its territories or possessions, supplying, or having facilities built for supplying, electric power, directly or indirectly, for general use by the public or, in the case of a cooperative, for use by its members. If an electric utility is engaged in the supply of electric power and in other activities, this order shall apply only to the procurement and use of materials required directly or indirectly for the supply of electric power.

(b) "DEPA" means the Administrator of Defense Electric Power Administration.

(c) "Maintenance" means the continuation of any plant, facility, or equipment in sound working condition; and "repair" means the restoration of any plant, facilty, or equipment to sound working condition when it has been rendered unsafe or unfit for service by wear and tear, damage, failure of parts, or the like. "Maintenance" and "repair" include the replacement of any equipment regardless of its accounting classification, but neither "maintenance" nor "repair" includes the improvement of any plant, facility, or equipment, or the replacement of material which is in sound working condition with material of a better kind, quality, design, or greater capacity.

(d) "Operating supplies" means material, other than fuel, which is consumed in the course of an electric utility's operations, except in maintenance, repair, and plant additions.

(e) "Gross weight of conductor" means, in the case of overhead lines, the weight of conductor as installed, including steel content in the case of conductor containing steel, without deduction for material salvaged; and in the case of underground lines the copper and aluminum content only, without deduction for material salvaged.

(f) "Line construction" means construction of both overhead and underground lines.

(g) "Net material cost" means the cost of all material, including any commodity, equipment, accessory, part, assembly, or product of any kind, incorporated in plant, less the cost of all material removed from plant, priced in accordance with the electric utility's regular accounting practice.

(h) "Plant addition" means the construction or installation of new facilities or the replacement or existing facilities with facilities of greater capacity. Single plant additions may not be combined or subdivided for purposes of affecting their classification as "major plant additions," as defined in this section. To assist in determining whether particular construction constitutes one, or more than one, plant addition, it shall be considered that a single plant addition consists of:

(1) Any construction of related facilities, excluding maintenance and repair work, which is completed during a continuous period of construction, not interrupted by periods of time such as months or years, except where such interruption is caused by uncontrollable forces, such as adverse weather conditions.

(2) In the case of line construction, a single continuous integrated system of lines, with necessary connected substations. (Thus, several sections of line emanating from different points on a utility's system would be several plant additions, not one plant addition.)

(i) "Major plant addition" means any plant addition which involves one or more of the following:

(1) Line construction designed for operation at more than 15 kv where the plant addition requires more than 10,000 pounds gross weight of conductor; or

(2) Line construction designed for operation at 15 kv or less where the plant addition has a net material cost exceeding $50,000; or

(3) Non-line construction necessary for the generation, transmission, and distribution of electric power, where the plant addition has a net material cost over $50,000, excluding construction of facilities for use as a garage, warehouse, operating headquarters, office building, administrative building, or other similar use, unless such facilities are essential for the generation, transmission, and distribution of electric power.

(j) "Approved major plant addition" means any major plant addition in which DEPA has authorized commencement or continuation of construction.

(k) "Minor requirements" means electric utility requirements of controlled materials and other materials for all purposes (including MRO) except major plant additions, and except construction of facilities for use as a garage, warehouse, office building, administrative building, or other similar use, unless such facilities are essential for the generation, transmission, and distribution of electric power.

(l) "Inventory" of any item of material means new or salvaged material in the possession of an electric utility, unless physically incorporated in plant, without regard to its accounting classification, excluding, however:

(1) Any material specifically set aside on April 1, 1951, for use in time of emergency, and replacement thereof; and

(2) Any material set aside on July 17, 1951, for use in an approved major plant addition. Any material set aside for use in any such major plant addition shall be returned to inventory as soon as it becomes apparent that such material will not be used in such major plant addition.

(m) "Practicable minimum working inventory" means the smallest quantity of material from which an electric utility can reasonably supply its services on the basis of its currently scheduled method and rate of operation. In the absence of unusual circumstances, if the ratio of an electric utility's inventory to its currently scheduled operations is substantially greater than the ratio which it found necessary to maintain between inventory and operations during the recent past, its inventory will be considered excessive.

(n) "Permissible inventory" of any item of material means the quantity of such material which is necessary for use in supplying electric service on the basis of an electric utility's scheduled method and rate of operation pursuant to this order during the succeeding 90-day period, or a practicable minimum working inventory, whichever is less.

(o) "Excess inventory" of any item means that part of an electric utility's inventory of such item which exceeds its permissible inventory of such item.

(p) "Authorized construction schedule," "controlled material," "allotment," "Class A product," "Class B product," "delivery order," and "authorized controlled material order" shall have the meanings respectively assigned to such terms in CMP Regulation No. 6.

SEC. 3. *Applications for adjustment or exception.* (a) Any electric utility affected by any provision of this order may file a request for adjustment or exception on the ground that such provision works an undue or exceptional hardship upon such utility not suffered generally by other electric utilities, or that its enforcement against such utility would not be in the interest of national defense or in the public interest. Each request shall be in writing, shall set forth all pertinent facts and the nature of the relief sought, and shall state the justification therefor.

(b) Each such request shall be addressed to DEPA and, if approved, DEPA will grant an appropriate adjustment or exception.

SEC. 4. *Records and reports.* (a) Each electric utility participating in any transaction covered by this order shall retain in its possession for at least 2 years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met, including the amounts of quarterly quotas, the method of computation, factual justification, methods of figuring quotas, and charges against them. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

(b) Each electric utility shall make such further records and submit such further reports to DEPA as it shall require, subject to the terms of the Federal Reports Act of 1942 (5 U. S. C. 139–139F).

SEC. 5. *Communications.* All communications concerning this order, and CMP Regulation No. 6 as modified by this order, and all requests for forms, shall be addressed to the Defense Electric Power Administration, Department of the Interior, Washington 25, D. C.

SEC. 6. *Violations.* Any person who wilfully violates any provision of this order or any other order or regulation of NPA, or who wilfully conceals a material fact or furnishes false information in the course of operation under this order, is guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials, or of using facilities under priority or allocation control, and to deprive him of further priorities assistance.

ARTICLE II—PROCUREMENT OF CONTROLLED MATERIALS GENERALLY

SEC. 21. *Effect on other orders.* (a) This order modifies the application of CMP Regulation No. 6 (Construction) to electric utilities and supersedes any conflicting provisions in CMP Regulation No. 6. All of the provisions of CMP Regulation No. 6 apply to electric utilities except as modified by this order.

(b) The provisions of CMP Regulation No. 5 shall not apply to electric utilities. Electric utilities shall procure materials for maintenance, repair, and operating supplies in the manner provided in Article IV of this order.

(c) The provisions of section 45 of this order supersede any conflicting provisions in CMP Regulation No. 2.

SEC. 22. *Restrictions on placement of delivery orders for controlled materials.* No electric utility shall make any allotments of controlled materials unless such allotments are made pursuant to allotments authorized by DEPA.

SEC. 23. *Conversion of outstanding orders.* DO–48 or DO–48 (Minor) rated orders calling for delivery in the third quarter which were placed on or after July 3, 1951, shall be converted into authorized controlled material orders in the manner provided in paragraph (e) of section 10 of CMP Regulation No. 1. Any use of the CMP symbols H-3 or H-4 to order controlled materials or Class A products in the third quarter, including their use for the conversion of outstanding orders, shall constitute a charge against allotments of controlled materials for the third quarter.

SEC. 24. *Use of allotment numbers and certification.* Authorized controlled material orders for major plant additions shall show the allotment number H-3; authorized controlled material orders for minor requirements shall show the allotment number H-4. Such orders shall also show the calendar quarter in which the allotment is valid. For example, a delivery order for controlled materials for a major plant addition placed pursuant to an allotment valid for the third quarter of 1951 shall be designated as follows:

H-3-3Q51.

In addition, each authorized controlled material order shall be certified as follows:

Certified under CMP Regulation No. 6 and NPA Order M-50

This certification shall be signed manually or as provided in NPA Reg. 2. DO–H–3 rated orders and DO–H–4 rated orders shall also be certified and signed in such manner.

ARTICLE III—MAJOR PLANT ADDITIONS

SEC. 31. *Restrictions on construction.* No electric utility may commence construction of any major plant addition or use any controlled material in any major plant addition commenced as of the date of this order without specific authorization from DEPA. DEPA authorization to commence or continue construction does not necessarily mean that DEPA will allot materials in the amounts requested by any electric utility.

SEC. 32. *Construction schedules and allotments for major plant additions.* A construction schedule for each major plant addition will be authorized by DEPA on Form DEPA–7, or as otherwise provided in this section. Construction schedules will be authorized on the basis of information furnished by electric utilities on the Forms DEPA–2, DEPA–3, and DEPA–3S submitted for such major plant addition, or pursuant to application made in such manner as DEPA may hereafter require. Accordingly, for any major plant addition, no electric utility is required to file Form CMP–4C for authorization to commence construction or to request an allotment of controlled materials. Unless otherwise instructed by DEPA, any previous DEPA authorization to apply DO–48 ratings to order any controlled material for delivery in the third quarter, or DEPA authorization to use controlled materials on hand in any major plant addition during the third quarter, shall constitute DEPA authorization of the construction schedule for such major plant addition. Each electric utility which has heretofore received any such authorization is hereby allotted controlled material for the third quarter of 1951 in the quantity of each controlled material designated in such authorization.

SEC. 33. *Required use of excess inventory.* Any electric utility which has an excess inventory of any material shall use such material in approved major plant additions to the extent, and on the earliest date, that such materials are required in any approved major plant addition. In filing applications for allotments of controlled materials for major plant additions, excess inventories shall be taken into account, and in stating its requirements of controlled material for any major plant addition, no electric utility shall include in its requirements any quantity of material which is available in excess inventory.

SEC. 34. *Authorization to use DO rating to obtain products and materials other than controlled materials for major plant additions.* Subject to any special provisions contained in any appendix to this order, a DO–H–3 rating is hereby assigned to each authorized construction schedule for a major plant addition. This rating may be used only to acquire products and materials other than controlled materials in the minimum practicable amounts required and on a date or dates no earlier than required to fulfill such schedule or to replace in inventory products and materials other than controlled materials used to fulfill authorized construction schedules for major plant additions. The DO–H–3 rating shall not be used to obtain any material listed in Schedules I and II of CMP Regulation No. 5, as amended from time to time.

ARTICLE IV—MINOR REQUIREMENTS

SEC. 41. *Allotments of controlled materials for minor requirements.* Subject to the restrictions contained in section 45 of this order, each electric utility is hereby granted an allotment of controlled materials for minor requirements in the amount of its quota for each controlled material as provided in section 42 of this order. No electric utility shall place delivery orders for any controlled material in excess of its quota for such controlled material. Each delivery order for controlled material for minor requirements shall contain the allotment number H–4 as provided in section 24 of this order.

SEC. 42. *Quarterly controlled material quotas for minor requirements.* Unless DEPA has prescribed otherwise, an electric utility may elect to use either a standard quota or an alternative quota, but may not thereafter change from one quota to the other without the express approval of DEPA.

(a) *Standard quota.* An electric utility's standard quota for any controlled material for any calendar quarter is the percentage specified in the applicable appendix to this order of the quantity of such material which was used for minor requirements in the calendar year 1950 (or, if it operated on a fiscal year basis, in its fiscal year ending nearest to December 31, 1950).

(b) *Alternative quota.* An electric utility's alternative quota for any controlled material for any calendar quarter is the percentage specified in the applicable appendix to this order of the quantity of such material which it used in the corresponding calendar quarter of 1950 (or, if it operated on a fiscal year basis, in the corresponding quarter of its fiscal year ending nearest to December 31, 1950).

(c) *Quota where 1950 base inapplicable.* An electric utility not in operation throughout the year 1950 (calendar or fiscal) shall establish its standard or alternative controlled material quota in accordance with this section by adjusting, in direct proportion, its actual use of such controlled material for part of the year to an annual basis. To determine an alternative quota in such cases, the adjusted annual use may be unequally distributed among 4 quarters to reflect seasonal variations. An electric utility not in operation throughout 1950 shall report to DEPA the controlled material quota which it establishes in accordance with this section. If an electric utility was not in operation during any

part of the year 1950 (calendar or fiscal), it may apply to DEPA for a controlled material quota, supplying, in detail, information pertinent to a proper evaluation of its application.

(d) *Special provisions.* DEPA may, by notice addressed to individual electric utilities, prescribe quarterly controlled material quotas for minor requirements greater or less than such utility's standard of alternative quotas.

SEC. 43. *Applications for increased controlled materials quotas.* Each application for an increased controlled material quota shall contain the following information:

(a) Statement of the amount of any special authorization which the utility has received.

(b) Statement of the total amount, in pounds or tons, of each controlled material requested to be authorized for use in minor requirements during each quarter, including the base period quota permitted by the applicable appendix to this order.

(c) Detailed statement of necessity for larger quota.

(d) Any additional information which may be pertinent to proper evaluation of the application.

SEC. 44. *Authorization to use DO ratings to obtain products and materials other than controlled materials for minor requirements*—(a) *Assignment of DO–H–4 ratings.* Subject to any special provisions in any appendix to this order, and subject to the provisions of paragraph (b) of this section, each electric utility is hereby authorized to use a DO–H–4 rating to order products and materials other than controlled materials necessary for use in connection with any minor requirements project which involves the use of any portion of its minor requirements allotment of any controlled material, and to order such additional amounts of products and materials other than controlled materials as are necessary for the operation, maintenance, and repair of its electric system.

(b) *Restrictions on the use of the DO–H–4 rating.* Use of the DO–H–4 rating by electric utilities is subject to the following restrictions:

(1) The DO–H–4 rating may be used only to acquire products and materials other than controlled materials in the minimum practicable amounts required and on a date or dates no earlier than required for the purposes specified in paragraph (a) of this section, or to replace in inventory products and materials other than controlled materials used for such purposes.

(2) No electric utility shall use the DO–H–4 rating to obtain any item costing more than $10,000 without specific authorization by DEPA. Requests for such authorization may be made by letter setting forth, in detail, any information pertinent to proper evaluation of such requests.

(3) No electric utility shall use the DO–H–4 rating to obtain any materials on lease.

(4) No electric utility shall use the DO–H–4 rating to obtain any material listed in Schedules I and II of CMP Regulation No. 5, as amended from time to time.

SEC. 45. *Inventory restrictions.* No electric utility shall place delivery orders for any item of controlled material or other material if its inventory of such item is, or by receipt of such material would become, in excess of a permissible inventory. If an electric utility would be authorized by this section to place a delivery order for a quantity of any item of controlled material or other material less than the minimum sales quantity of such item, it may accept delivery of the minimum sales quantity of such item. The minimum sales quantity of any item of controlled material shall be the quantity designated in Schedule IV of CMP Regulation No. 1.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942 (5 U. S. C. 139–139F).

This order as amended shall take effect on July 17, 1951.

NATIONAL PRODUCTION AUTHORITY,
MANLY FLEISCHMANN,
Administrator.

APPENDIX A—ALUMINUM

1. *Definition.* "Aluminum" means aluminum in the forms and shapes indicated in Schedule I of CMP Regulation No. 1.

2. *Aluminum quotas for minor requirements for third quarter.*
Standard quota: 12.5 percent.
Alternative quota: 50 percent.

3. *Advance aluminum quotas for minor requirements for fourth quarter.*
Standard quota: 9.2 percent.
Alternative quota: 37.5 percent.

4. *Exemption from quantity restrictions.* The quantity restrictions applicable to aluminum shall not apply to any electric utility which orders for delivery, in any calendar quarter, a weight of aluminum which does not exceed 1,000 pounds.

5. *Special provisions for ACSR.* Delivery orders for Aluminum Conductor Steel Reinforced for the third quarter of 1951 shall bear the allotment symbol H–3–3Q51 for major plant additions, and the allotment symbol H–4–3Q51 for minor requirements. Orders so placed shall constitute a charge against each utility's aluminum allotment in the amount of the aluminum content of ACSR, but shall not constitute a charge against its steel allotment.

APPENDIX B—COPPER

1. *Definition.* "Copper" means the shapes and forms indicated in Schedule I of CMP Regulation No. 1 under the headings "Copper and copper-base alloy brass mill products," "Copper wire mill products," and "Copper and copper-base alloy foundry products and powder."

2. *Copper quotas for minor requirements for third quarter.*
Standard quota: 18.75 percent.
Alternative quota: 75 percent.

3. *Advance copper quotas for minor requirements for fourth quarter.*
Standard quota: 14.1 percent.
Alternative quota: 56.25 percent.

4. *Exemption from quantity restrictions.* The quantity restrictions applicable to copper shall not apply to any electric utility which orders for delivery in any calendar quarter a quantity of copper which does not exceed 1,000 pounds in the aggregate.

5. *Special provisions for Copperweld conductor.* Delivery orders for Copperweld conductor for the third quarter of 1951 shall bear the allotment symbol H–3–3Q51 for major plant additions, and the allotment symbol H–4–3Q51 for minor requirements. Orders so placed shall constitute a charge against each utility's copper allotment in the amount of the copper content of Copperweld conductor, but shall not constitute a charge against its steel allotment.

APPENDIX C—CARBON STEEL

1. *Definition.* "Carbon steel" means carbon steel, including wrought iron, in the forms and shapes indicated in Schedule I of CMP Regulation No. 1.

2. *Carbon steel quotas for minor requirements.*
Standard quota: 18.75 percent.
Alternative quota: 75 percent.

3. *Advance carbon steel quotas for minor requirements for fourth quarter.*
Standard quota: 14.1 percent.
Alternative quota: 56.25 percent.

APPENDIX D—ALLOY STEEL (EXCEPT STAINLESS STEEL)

1. *Definition.* "Alloy steel" means alloy steel in the forms and shapes indicated in Schedule I of CMP Regulation No. 1.

2. *Alloy steel quotas for minor requirements for third quarter.*
Standard quota: 18.75 percent.
Alternative quota: 75 percent.

3. *Advance alloy steel (except stainless steel) quotas for minor requirements for fourth quarter.*
Standard quota: 14.1 percent.
Alternative quota: 56.25 percent.

APPENDIX E—STAINLESS STEEL

1. *Definition.* "Stainless steel" means stainless steel in the forms and shapes indicated in Schedule I of CMP Regulation No. 1.

2. *Stainless steel quotas for minor requirements for third quarter.*
Standard quota: 18.75 percent.
Alternative quota: 75 percent.

3. *Advance stainless steel quotas for minor requirements for fourth quarter.*
Standard quota: 14.1 percent.
Alternative quota: 56.25 percent.

[F. R. Doc. 51–8391; Filed, July 17, 1951; 4:45 p. m.]

[NPA Reg. 2, as Amended July 17, 1951]

REG. 2—BASIC RULES OF THE PRIORITIES SYSTEM

This amendment to NPA Reg. 2 is found necessary and appropriate to promote the national defense and is issued pursuant to the authority granted by section 101 of the Defense Production Act of 1950. Consultation with industry representatives, including trade association representatives, in advance of the issuance of this amendment has been rendered impracticable by the fact that this amendment applies to all trades and industries.

This amendment affects NPA Reg. 2, as amended Feb. 27, 1951, as follows: It amends paragraph (d) of section 2; amends section 3 and adds a new paragraph designated (b); amends the title of section 4; redesignates paragraphs (a) and (b) of section 4 and inserts a new paragraph (a); amends paragraphs (a) and (b) of section 5 and deletes a sentence in said paragraph (b); amends section 6, and paragraph (a) of section 8; amends paragraphs (a), (c), and (d) of section 9; adds subparagraph (5) to paragraph (c) of section 10; amends paragraph (d) of section 10; amends sections 16 and 20; amends section 27; renumbers sections 26 and 27 and inserts a new section 27; deletes section 31; and adds List A at the end of the regulation.

As amended, NPA Reg. 2 reads as follows:

GENERAL

Sec.
1. What this order does.
2. Definitions.
3. Rating authorized.
4. When ratings may be assigned or applied.
5. When ratings may be extended for material.
6. Additional restrictions upon the use of ratings for certain materials.
7. Use of ratings for services.
8. How to apply or extend a rating.
9. Special provisions applicable to extensions; grouping of orders.
10. Rules for acceptance and rejection of rated orders.
11. Report to NPA of improperly rejected orders.
12. Cancellation of ratings.
13. Sequence of filling rated orders.
14. Changes in customers' orders.
15. Delivery or performance dates.
16. Mandatory orders and directives.
17. Use or disposition of material acquired under this order.
18. Delivery for unlawful purposes prohibited.
19. Intracompany deliveries.
20. Inventory restrictions on materials acquired with a rating.
21. Scope of regulations and orders.
22. Defense against claims for damages.
23. Records.
24. Audit and inspection.
25. Reports.
26. Applications for adjustment or exception.
27. Communications.
28. Violations.

AUTHORITY: Sections 1 to 28 issued under sec. 704, Pub. Law 774, 81st Cong., Pub. Law 69, 82d Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong., Pub. Law 69, 82d Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. *What this order does.* This order states the basic rules of the priorities system to be administered by the National Production Authority. It states what kind of orders are rated orders, how to place them, and the preference status of such orders. These rules apply to all business transactions within the jurisdiction of NPA unless more specific regulations, orders, or directives of NPA state otherwise.

SEC. 2. *Definitions.* (a) "Person" means any individual, corporation, partnership, association, or any other organized group of persons, and includes any agency of the United States or any other government.

(b) "Materials" means any raw, in-process, or manufactured commodity, equipment, component, accessory, part, assembly, or product of any kind.

(c) "NPA" means the National Production Authority.

(d) "Rated order" means any purchase order, contract, or other form of procurement for materials or services bearing an authorized rating and the certification required by this regulation or any other applicable regulation or order of NPA.

(e) "Assignment" of a rating. A rating is assigned when NPA, or a Government agency that it has authorized, grants a person the right to use the rating.

(f) "Application" of a rating. A rating is applied when the person to whom it is assigned uses the rating.

(g) "Extension" of a rating. A rating is extended when it is used by the person to whom it was applied or when it is further used by another person to whom it was extended.

SEC. 3. *Rating authorized.* (a) Only a single rating is authorized, to be known as a "DO rating." This rating will be indicated by the prefix DO and an identification of the program, which must be furnished a supplier by the person who is using the rating. All DO rated orders will have equal preferential status as provided in this regulation, except that (subject to contrary written directives issued by the NPA) a DO rated order with a program identification consisting of a letter and one digit (for example, DO–K 5) or consisting of two or more letters (for example, DO–SU), which calls for delivery during the third calendar quarter of 1951, takes priority over a DO rated order with a program identification consisting of two digits (for example, DO–39). A DO rated order with a program identification consisting of a letter and one digit or consisting of two or more letters constitutes a "rating with an allotment number or symbol" as referred to in CMP regulations.

(b) A DO rating shall have no effect on deliveries on orders calling for delivery of controlled materials (as defined in CMP Regulation No. 1) after September 30, 1951.

SEC. 4. *When ratings may be assigned or applied.* (a) A claimant agency, or other person designated by NPA, may be authorized by NPA to assign or apply a DO rating.

(b) When a regulation, order, or certificate assigns a DO rating to any person either by naming him or by describing the class of persons to which he belongs, that person may apply the DO rating to get delivery of material or the performance of certain services.

(c) No person may place rated orders for more material than he is authorized to rate even though he intends to cancel some of the orders or reduce the quantity of material ordered to the authorized amount before it is all delivered.

SEC. 5. *When ratings may be extended for material.* (a) When a person has received a rated order for the delivery of material, he may extend the rating to get the material which he will deliver on that order, or which will be physically incorporated in the material which he will deliver, including containers and packaging materials required to make the delivery, and including also chemicals directly used in the production of the material. If the material is to be processed, this includes the portion of it which would normally be consumed or converted into scrap or byproducts in the course of processing. However, he may not extend such a rating to get material for plant improvement, expansion, or construction, or to get machine tools or other items which he will carry as capital equipment, or to get maintenance, repair, or operating applies.

(b) If a person has made delivery of material or has incorporated it into the material which he has delivered on a rated order, he may extend the rating to replace it in his inventory subject to the inventory provisions of any NPA regulation or order. Any material ordered with a rating as replacement in inventory must be substantially the same as the material which the person delivered or incorporated in the material which he delivered, except for minor variations in size, shape, or design.

SEC. 6. *Additional restrictions upon the use of ratings for certain materials.* The ratings established by this regulation shall have no effect upon deliveries of any of the items listed or referred to in List A at the end of this regulation. No person shall use ratings to obtain any of such items, and no person selling any such items shall require a rating as a condition of sale. Any rating purporting to be used to obtain any such items on a preferred basis shall be void.

SEC. 7. *Use of ratings for services.* (a) When a person is entitled to use a rating to get processed material, he may furnish the unprocessed material to a processor and use the same rating to get the material processed.

(b) If NPA specifically authorizes a person to use a rating to get services, he may use it for that purpose.

(c) Except as provided in paragraphs (a) and (b) of this section, no person may use a rating to get services.

(d) A person to whom a rating for services, as distinct from the production or delivery of material, has been applied or extended may not extend the rating for any purpose.

SEC. 8. *How to apply or extend a rating.* (a) When a person applies or extends a rating, he must put the prefix DO and an identification of the program supplied to him, for example DO–39, or DO–X2 or DO–SU on his purchase order, or on a separate piece of paper attached to the order or clearly identifying it, together with the words "Certified under NPA Reg. 2," signed as prescribed in this section. This certificate constitutes a representation to the supplier and to NPA that the purchaser is authorized under the provisions of this regulation or CMP regulations to use the rating for the delivery of the materials covered by the purchase order. A certification under any CMP regulations shall be deemed to be a certification under this regulation.

(b) Certifications on purchase or delivery orders must be signed by the person placing the order or by a responsible individual who is duly authorized to sign for that purpose. The signature must be either by hand or in the form of a rubber stamp or other facsimile reproduction of a handwritten signature. If a facsimile signature is used, the individual who uses it must be duly authorized in writing to use it for this purpose by the person whose signature it is, and a written record of the authorization must be kept.

(c) When a rated order is placed by telegram, the rating identification and certificate must be set out in full in the telegram. It will be sufficient if the file copy of the telegram is signed in the manner required for certification by this order.

(d) On rated orders requiring shipment within 7 days, the substance of the certification may be stated verbally or by telephone. However, the following rules must be complied with:

(1) The person making the statement for the buyer must be a person duly authorized to make the certification.

(2) Both the buyer and the seller must promptly make a written record of the fact that the certification was given orally and the record must be signed by the buyer in the same way as a certification.

(e) The person who places a rated order, the individual whose signature is used, and the individual who approves the use of the signature, will each be considered to be making a representation to NPA that the statements contained in the certification are true to the best of his knowledge and belief. The person receiving the certification and any other information required to be included with it, shall be entitled to rely on it as a representation of the buyer unless he knows or has reason to believe that it is false.

(f) No person shall knowingly apply or extend or purport to apply or extend a rating to any order unless he is entitled to do so. No person shall apply or extend a rating for material or services after he has received the material or after the services have been performed, and any person who receives such a rating shall not extend it.

SEC. 9. *Special provisions applicable to extensions; grouping of orders.* (a) No person may extend any rating to replace inventory after the expiration of 3 months from the date of receipt of the order bearing the rating, or 1 month from the date he took from inventory the material being replaced, whichever date is later.

(b) If the purchase requirements for filling a number of rated orders for different items bearing different rating identifications are combined in one purchase order, each applicable rating identification must be placed alongside the related item.

(c) If the purchase requirements for filling a number of rated orders for the same material but bearing different rating identifications are combined in one purchase order, the purchase order must show the amount of such material to which a particular rating identification is extended.

(d) In the case of a manufacturer of common components or shelf items or any other person who has a number of rated orders for which he cannot place orders for minimum commercially procurable quantities of materials, to fill the rated orders individually, he may place one rated order for all the materials using the identification symbol DO–Z8 (formerly DO–99). Orders bearing the rating DO–99 and outstanding on July 17, 1951, shall have the same preferential status as though they were rated DO–Z8. However, the amounts so ordered may not exceed the total amount of the material required for the rated orders so combined.

SEC. 10. *Rules for acceptance and rejection of rated orders.* Every order bearing a rating must be accepted and filled regardless of existing contracts and orders except as provided in this section. The "existing contracts and orders" referred to include not only ordinary purchase contracts but other arrangements achieving substantially the same results, though in form they may concern the use of production facilities rather than the material produced.

(a) A person must not accept a rated order for delivery on a date which would interfere with delivery of rated orders which he has already accepted, nor if delivery of the material ordered would interfere with delivery on an order which NPA has previously directed him to fill.

(b) If a person, when receiving a rated order bearing a specific delivery date, does not expect to be able to fill it by the time requested, he must not accept it for delivery at that time. He must either (1) reject the order, stating when he could fill it, or (2) accept it for delivery on the earliest date he expects to be able to deliver, informing the customer of that date. He may adopt either of these two courses, depending on his understanding of which his customer would prefer. He may not reject a rated order just because he expects to receive other rated orders in the future.

(c) A supplier does not have to accept a rated order in any of the following cases, but there must be no discrimination in such cases against rated orders or between rated orders of different customers:

(1) If the person seeking to place the order is unwilling or unable to meet regularly established prices and terms of sale or payment. When a person who has a rated order asks a supplier to quote his regularly established prices and terms of sale or payment, the supplier must do so, except that if this would require detailed engineering or accounting work, he may give his best estimate without such work and say that it is not binding. However, the supplier need not quote if he is not required to accept the rated order and advises the person seeking the quotation of the reason for his refusal.

(2) If the order is for the manufacture of a product or the performance of a service of a kind which the person to whom the order is offered has not usually made or performed, and in addition, if either (i) he cannot fill the order without substantially altering or adding to his facilities or (ii) the order can readily be performed by someone else who has usually accepted and performed such orders.

(3) If an order for material is offered to a person who produces or acquires it for his own use only, and he has not filled any orders for that material within the past 2 years. If he has filled any orders within that period, but the rated order would take more than the excess over his own needs, he may reject the order for any amount over the excess.

(4) If filling the order would stop or interrupt the supplier's operations during the next 60 days in a way which would cause a substantial loss of total production or a substantial delay in operations.

(5) If the acceptance or performance of the order would violate any other regulation or order of NPA in effect at the time such order is received.

(d) A producer need not accept a rated order from another person who produces the same product. A processor need not accept a rated order from another person who performs the same processing service.

(e) Any person who refuses to accept a rated order shall, upon written request of the person placing the order, promptly give his reasons in writing for his refusal.

SEC. 11. *Report to NPA of improperly rejected orders.* When a rated order is rejected in violation of this regulation, a report of the relevant facts may be filed with the National Production Authority, Washington 25, D. C., Ref: NPA Reg. 2. NPA will take such action as it considers appropriate after requiring an explanation from the person rejecting the order.

SEC. 12. *Cancellation of ratings.* If a rating which has been used by a person is revoked, he must immediately, in the case of each order to which he has applied such rating, either cancel the order or inform his supplier that it is no longer to be treated as a rated order. If any person receives notice from his customer or otherwise that the customer's order is no longer a rated order or that the customer's order is cancelled, he must immediately withdraw any extensions of that rating which he has made to any purchase order placed by him.

SEC. 13. *Sequence of filling rated orders.* (a) Every person who has rated orders on hand must schedule his operations, if possible, so as to fill each rated order by the required delivery or performance date. If this is not possible for any reason, he must give precedence to all rated orders over unrated orders.

(b) As between conflicting rated orders, precedence must be given to the order which was received first with the rating: *Provided*, That orders received prior to October 3, 1950, and which received ratings prior to October 31, 1950, take precedence as of the dates on which orders were first placed. As between conflicting rated orders received on the same date, precedence must be given to the order which has the earliest required delivery or performance date.

(c) A rated order calling for earlier delivery than a rated order already accepted must not be allowed to interfere with scheduled delivery on the first order, but if both deliveries can be made on schedule it is not necessary to produce or make delivery on the first customer's order ahead of the second.

(d) In the usual case, the date on which specifications have been furnished to the manufacturer in sufficient detail to enable him to put the product into production is to be considered the date on which the rated order is received.

(e) If a rated order or a rating applicable to an order is cancelled when the supplier has material in production to fill it, he need not immediately stop processing in order to put other rated orders into production. He may continue to process the material which he had put into production for the cancelled order to a stage of completion which will avoid a substantial loss of total production, but he may not incorporate any material which he needs to fill any rated orders on hand. He may not, however, delay putting other rated orders into production for more than 15 days.

SEC. 14. *Changes in customers' orders.* (a) The general rule is that any change in a customer's rated order constitutes a cancellation of the order and must be considered as a new order received on the date of the change, if the change will require the manufacturer to interfere with his production. For example:

(1) A change in shipping destination does not constitute the placing of a new order.

(2) An increase in the total amount ordered is a new order to the extent of the increase unless it can be filled with only a negligible interference with the filling of later rated orders.

(3) A change in the date of the delivery, whether advanced or deferred, when made by the customer, is a new rated order if it interferes with production or delays delivery on another rated order.

(4) A reduction in the total amount ordered will presumably not require a change in the manufacturer's schedule and will not constitute a new rated order. If the quantity is reduced below a minimum production quantity, the manufacturer may insist on the delivery of not less than a minimum production quantity. If the customer is not willing to order that amount, the manufacturer may reject the order. The manufacturer may not discriminate between customers in requiring delivery of minimum production amounts.

(5) When the customer directs the manufacturer to hold or suspend production without specifying a new delivery date, the rated order must be considered cancelled. If requested to do so within 10 days after receiving such an instruction, the manufacturer must reinstate the order as nearly as possible to its former place in his proposed schedule of delivery as long as the reinstatement does not cause loss of production or delay in the scheduled deliveries of other rated orders. Any request for reinstatement made after 10 days shall be treated as the placing of a new rated order.

(6) Where minor variations in size, design, capacity, etc., are requested by the customer and can be arranged by the manufacturer without interfering with his production, such changes do not constitute a new rated order.

(b) Where a change in an order constitutes a new rated order, the conditions existing at the time the change is received govern the acceptance of the rated order and its sequence in delivery under the rules of this regulation.

SEC. 15. *Delivery or performance dates.* (a) Every rated order must specify delivery or performance on a particular date or dates or during a particular month, which, in no case, may be earlier than required by the person placing the order. Any order which fails to comply with this requirement shall not be treated as a rated order. The words "immediately" or "as soon as possible" or other words to that effect do not meet the requirements of this paragraph.

(b) The required delivery or performance date, for purposes of determining the sequence of deliveries or performance pursuant to section 13 of this regulation, shall be the date on which delivery or performance is actually required. The person with whom the rated order is placed may assume that the required delivery or performance date is the date specified in the order or contract unless he knows either (1) that the date so specified was earlier than required at the time the order was placed, or (2) that delivery or performance by the date originally specified is no longer required by reason of any change of circumstances. A delay in the scheduled receipt of any other material which the person placing the order requires prior to or concurrently with the material ordered, shall be deemed a change of circumstances.

(c) If, after accepting a rated order which specifies the time of delivery, the person with whom it is placed finds that he cannot fill it approximately on time, he must promptly notify the customer, telling him when he expects to be able to fill the order.

SEC. 16. *Mandatory orders and directives.* Every person shall comply with each mandatory order and directive issued to him by the NPA. Mandatory orders and directives issued by the NPA take precedence over rated orders previously or subsequently received, unless a contrary instruction appears in the mandatory order or directive.

SEC. 17. *Use or disposition of material acquired under this order.* (a) Any person who gets material with a rating or through a specific authorization or a directive of NPA must, if possible, use or dispose of it (or of the product into which it has been incorporated) for the purpose for which the assistance was given. Physical segregation is not required as long as the restrictions applicable to any specific lot of material or product are observed with respect to an equivalent amount of the same material or product.

(b) The restriction in paragraph (a) of this section does not apply when a material, or a product into which it has been incorporated, can no longer be used for the purpose for which the priority assistance was given, for example, when the assistance was given to fill a particular order and the material or product does not meet the customer's specifications or the contract order is cancelled. In such cases the rules on further use or disposition in paragraph (c) of this section must be observed.

(c) The holder of a material or product subject to paragraph (b) of this section may sell it as long as he complies with all requirements of other applicable section of this order and of other orders and regulations of NPA, or he may use it himself in any manner or for any purpose as long as he complies with such requirements.

SEC. 18. *Delivery for unlawful purposes prohibited.* No person shall deliver any material which he knows or has reason to believe will be accepted, redelivered, held, or used in violation of any order or regulation of NPA.

SEC. 19. *Intracompany deliveries.* The provisions of this regulation apply not only to deliveries to other persons, including affiliates, and subsidiaries, but also to deliveries from one branch, division, or section of a single enterprise to another branch, division, or section of the same or any other enterprise under common ownership or control.

SEC. 20. *Inventory restrictions on materials acquired with a rating.* The inventory restrictions described in all NPA regulations and orders (including CMP Regulation No. 2) apply to all materials subject thereto.

SEC. 21. *Scope of regulations and orders.* (a) All regulations and orders of NPA (including directions, directives, and other instructions) apply to all subsequent transactions even though they are covered by contracts previously entered into. Regulations and orders apply to transactions in the territories or insular possessions of the United States unless the regulation or order specifically states that it is limited to the continental United States or to the 48 States and the District of Columbia. However, restrictions of NPA orders or regulations on the use of material or on the amount of inventory shall not apply when the material is used or the inventory is held directly by the Department of Defense outside the 48 States and the District of Columbia, unless otherwise specifically provided.

(b) All orders and regulations of NPA which control the sale, transfer, or delivery of any material, product, or equipment, apply to sales made by any person, whether for his own account or for the account of others, and all restrictions upon accepting delivery apply to acceptance of delivery at any type of sale, including sales made by auctioneers, receivers, and trustees in bankruptcy, and in other cases where the assets of a business are being liquidated.

SEC. 22. *Defense against claims for damages.* No person shall be held liable for damages or penalties for any default under any contract or order which shall result directly or indirectly from compliance with any regulation or order of NPA (including any direction, directive, or other instruction), notwithstanding that any such regulation or order shall thereafter be declared by judicial or other competent authority to be invalid.

SEC. 23. *Records.* Each person participating in any transaction covered by this regulation shall retain in his possession

for at least 2 years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this regulation have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

SEC. 24. *Audit and inspection.* All records required by this regulation shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of NPA.

SEC. 25. *Reports.* Persons subject to this regulation shall make such records and submit such reports to NPA as it shall require, subject to the terms of the Federal Reports Act of 1942 (5 U. S. C. 139–139F).

SEC. 26. *Applications for adjustment and exception.* Any person affected by this regulation may file an application for adjustment or exception upon the ground that it works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry or that its application to him would not be in the interest of the national defense or in the public interest. In examining requests for adjustment claiming that the public interest is prejudiced by the application of any provision of this regulation, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Applications shall be in writing, filed in triplicate with NPA, Washington 25, D. C., Ref: NPA Reg. 2, and shall set forth all pertinent facts, the nature of the relief sought, and the justification therefor.

SEC. 27. *Communications.* All communications concerning this regulation shall be addressed to the National Production Authority, Washington 25, D. C., Ref: NPA Reg. 2.

SEC. 28. *Violations.* Any person who wilfully violates any provision of this regulation or any other regulation or order of NPA, or who furnishes false information or conceals any material fact in the course of operation under any such regulation or order, is guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

NPA Reg. 2 as amended shall take effect on July 17, 1951.

NATIONAL PRODUCTION AUTHORITY,
MANLY FLEISCHMANN,
Administrator.

LIST A

1. The following items are not subject to any DO ratings issued by or under the authority of NPA at the present time and therefore DO ratings shall not be effective to obtain them:

Communications services.
Crushed stone.
Gravel.
Sand.
Scrap.
Slag.
Steam heat, central.
Transportation services, other than those referred to in subdivision 2 of this list.
Waste paper.
Water.
Wood pulp.

2. Allocation and distribution of the items listed or referred to below are subject to regulation by other Government agencies and such items are therefore not subject to ratings issued by or under the authority of NPA. However, producers of such items are subject to NPA regulations with respect to other materials used by them.

(a) **Solid fuels:** [1] All forms of anthracite, bituminous, subbituminous, and lignitic coals, and coke and its byproducts.

(b) **Gas and gas pipelines:** [1] Natural gas, manufactured gas, and pipelines for the movement thereof.

(c) **Petroleum and petroleum pipelines:** [1] Crude oil, synthetic liquid fuel, their products and associated hydrocarbons, including pipelines for the movement thereof.

(d) **Electric power:** [1] All forms of electric power and energy.

(e) **Radioisotopes, stable isotopes, source and fissionable materials.**[2]

(f) **Farm equipment:** [3] Domestic distribution of equipment manufactured for use on farms in connection with the production or processing of food. Such equipment includes, but is not limited to, the items listed in Schedule I of NPA Order N–55A as the same may be amended or supplemented from time to time.

(g) **Fertilizer, commercial:** [4] In form for distribution to users.

(h) **Food, except in certain cases where used industrially:** [5] In general, foods and other agricultural commodities and products are within the jurisdiction of the Department of Agriculture, but those which have industrial uses are within the jurisdiction of NPA when they lose their identity as food or agricultural commodities or products. The respective jurisdictions of the Department of Agriculture and NPA are described generally (and in certain cases, specifically) in an Agreement between the Production and Marketing Administration (Department of Agriculture) and NPA signed on March 30 and April 13, 1951, respectively (16 F. R. 3410), which agreement is referred to in NPA Delegation 10 of April 26, 1951 (16 F. R. 3669).

The Agreement (reference to which should be made) does not attempt to list all foods and agricultural commodities and products which involve industrial uses but does cover the major items as to which there might be a question of jurisdiction. In general, the respective jurisdictions fall within the following categories:

(1) Commodities which are within the jurisdiction of the Department of Agriculture until they enter any manufacturing process which results in their being neither food nor agricultural commodities or products (certain examples of which are listed in the Agreement, such as egg products, fats, oils, grain and grain products, molasses, potatoes, spices, starches, sugar, and tartaric acid).

(2) Commodities which are within the jurisdiction of the Department of Agriculture until the point specified in the Agreement (such as cotton lint and linters, hemp, flax, fiber, skim milk for casein, wool, and mohair).

(3) Commodities which are within the exclusive jurisdiction of the Department of Agriculture (ice, naval stores, tobacco, and tobacco products).

(i) **Transportation services** (domestic), storage and port facilities.[4]

(j) Products (production and distribution) used in the petroleum industry and listed in NPA Delegation 9 (Feb. 26, 1951), as follows: [5]

(1) Tetraethyl lead fluid.
(2) Petroleum cracking catalysts.
(3) Special inhibitors used in gasoline.
(4) Lubricating oil additives.
(5) Fluids and additives made especially for oil and gas drilling, and demulsifiers.

(k) Ores, minerals, concentrates, residues, and other products (until processing is completed) listed in NPA Delegation 5 (May 22, 1951).[6]

[5] Under jurisdiction of the Department of the Interior—NPA Delegation 9, 15 F. R. 1908.

[6] Under jurisdiction of the Department of the Interior—NPA Delegation 5, 15 F. R. 4907.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 732]

ARIZONA

REVOCATION OF EXECUTIVE ORDER NO. 5522 OF DECEMBER 31, 1930

By virtue of the authority vested in the President by section 1 of the act of June 25, 1910 (c. 421, 36 Stat. 847; 43 U. S. C. 141), and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Executive Order No. 5522 of December 31, 1930, temporarily withdrawing the public lands within a described area in Arizona for classification and in aid of legislation, is hereby revoked.

The lands released from withdrawal by this order are described as follows:

GILA AND SALT RIVER MERIDIAN

T. 36 N., R. 4 E.,
Secs. 1 to 4, inclusive;
Sec. 5, E½;
Sec. 8, E½;
Secs. 9 to 16, inclusive;
Sec. 17, E½.

T. 37 N., R. 4 E.,
Secs. 13 to 17, inclusive;
Secs. 20 to 29, inclusive;
Secs. 32 to 36, inclusive.
T. 36 N., R. 5 E.,
Sec. 2, unsurveyed, that part west of the west rim of Marble Canyon;
Secs. 3 to 9, inclusive;
Secs. 10, 11, 15, and 16, partly unsurveyed, those parts west of the west rim of Marble Canyon;
Sec. 17;
Secs. 18, 19, and 20, those parts north of the north rim of South Canyon;
Sec. 21, that part north of the north rim of South Canyon and west of the west rim of Marble Canyon;
T. 37 N., R. 5 E.,
Secs. 11, 12, 13, and 14, those parts south of the north rim of North Canyon;
Secs. 15 to 24, inclusive;
Sec. 25, unsurveyed, that part west of the west rim of Marble Canyon;
Secs. 26 to 34, inclusive;
Secs. 35 and 36, partly unsurveyed, those parts west of the west rim of Marble Canyon.
T. 37 N., R. 6 E., partly unsurveyed,
Secs. 5, 7, 8, 17, 18, 19, 20, and 30, those parts south and east of the north rim of North Canyon and north and west of the west rim of Marble Canyon.

The areas described aggregate approximately 44,000 acres.

The lands are primarily suitable for grazing. No application for these lands may be allowed under the homestead, small-tract, or desert-land laws unless the land has already been classified as valuable or suitable for such type of application or shall be so classified upon consideration of an application.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, and selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the surveyed public lands affected by this order shall be subject only to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this order shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this order, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this order, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land and Survey Office, Phoenix, Arizona, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land and Survey Office, Phoenix, Arizona.

OSCAR L. CHAPMAN,
Secretary of the Interior.

JULY 13, 1951.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 8—STATIONS ON THE SHIPBOARD IN THE MARITIME SERVICES

EDITORIAL NOTE: The following correction has been made in F. R. Doc. 51–7320 appearing in the Tuesday, June 26, 1951, issue of the FEDERAL REGISTER:

At page 6096, column 3, § 8.155 (a) (5), the semicolon has been deleted and the following added at the end of the paragraph: "who shall be responsible for the proper functioning of the station equipment."

The above was adopted by the Commission June 26, 1951, and was inadvertently omitted when this section was revised by the Commission's order, which order is hereby corrected.

TITLE 49—TRANSPORTATION

Chapter III—Motor Carrier Claims Commission

PART 600—GENERAL RULES OF PROCEDURE

MISCELLANEOUS AMENDMENTS

The rules of procedure of the Motor Carrier Claims Commission, adopted February 24, 1950 (published in FEDERAL REGISTER March 1, 1950, Title 49, Chapter III, Part 600) are hereby amended as follows:

1. Section 600.23 is revised and amended so that said section shall read as follows:

§ 600.23 *Proposed findings of fact—submitted to a Commissioner or an Assistant Commissioner.* Upon the closing of proof by the parties in any case heard by a Commissioner or an Assistant Commissioner, the parties shall, unless otherwise directed by the Commission, a Commissioner or an Assistant Commissioner, have 15 days from the filing of the transcript within which to file proposed findings of fact and suggested conclusions of law. Such proposed findings of fact and suggested conclusions of law need not be printed. Such proposed findings and suggested conclusions shall, upon the filing of the report, be filed with the original record in the case for consideration of the Commission in connection with any exceptions which may be submitted under § 600.25 of these rules.

2. Section 600.24 is revised and amended so that said section shall read as follows:

§ 600.24 *Report.* After the filing of proposed findings of fact, and suggested conclusions of law, or after expiration of the time for such filings, the Commissioner or Assistant Commissioner shall proceed to ascertain the facts, including ultimate facts, considered by him to be established by the evidence, and make a report thereof to the Commission within 20 days after the filing of proposed findings of fact and suggested conclusions of law or, if none are filed, within 20 days after the expiration of the time for such filings; and when directed by the Commission, he shall also file his recommendations and suggested conclusions of law; and he shall certify the entire record to the Commission. Two copies of this report shall be furnished to the attorneys of record for the interested parties.

3. Paragraph (a) of § 600.25 is revised and amended so that said paragraph shall read as follows:

(a) *Time for filing.* Within 10 days after notice by the Clerk by registered mail that the Commission's or Assistant Commissioner's report has been filed, the plaintiff shall file his or its exceptions to the findings and his or its brief on the facts and law of the case. Appropriate references to the parts of the record relied upon in suport thereof shall be made at the end of each exception. The exceptions and briefs may be contained in a single document or may be typed or printed separately. Subject to the same requirements, the defendant shall have 10 days from the date plaintiff's exceptions and brief are filed (or if none are filed, then 10 days from the last day for filing) within which to file defendant's exceptions to the findings and its brief. Plaintiff shall have 5 days from the date of filing defendant's brief within which to file reply brief.

The above and foregoing amendments to the rules of procedure of the Motor Carrier Claims Commission were adopted by the Motor Carrier Claims Commission at a meeting of the Commission duly called for that purpose at its office in Kansas City, Missouri, on the 12th day of July 1951.

(Sec. 5, 62 Stat. 1222; 49 U. S. C. 305 note)

PROPOSED RULE MAKING

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

[25 CFR Part 130]

OPERATION AND MAINTENANCE CHARGES ON THE CROW INDIAN IRRIGATION PROJECT, MONTANA

NOTICE OF PROPOSED RULE MAKING

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11, 1946 (Pub. Law 404, 79th Cong.; 60 Stat. 238), and authority contained in the acts of Congress approved August 1, 1914; May 18, 1916; and March 2, 1928 (38 Stat. 583, 25 U. S. C. 385; 39 Stat. 142; and 45 Stat. 210, 25 U. S. C. 387), and by virtue of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs August 28, 1946, and by virtue of the authority delegated by the Commissioner of Indian Affairs to the Regional Director September 14, 1946, which title was changed to Area Director September 13, 1949, by Order No. 2535, notice is hereby given of intent to further modify §§ 130.13b, 130.13c, and 130.13d of Title 25, Code of Federal Regulations, dealing with irrigable lands of the Crow Indian Irrigation Project, Montana, that are subject to the jurisdiction of the several irrigation districts.

Charges applicable to all irrigable lands of the Crow Indian Project receiving benefits from the Willow Creek storage and that are included in an irrigation district organization and are subject to the jurisdiction of these districts.

§ 130.13b *Lower Little Horn and Lodge Grass Irrigation District, Crow Indian Reservation, Montana, charges.* Pursuant to a contract executed by the Lower Little Horn and Lodge Grass Irrigation District, Crow Indian Irrigation Project, Montana, and approved by the Secretary of the Interior on June 28, 1948, notice is hereby given that an assessment of $5,500 is hereby fixed for the season of 1952 for the operation and maintenance of the irrigation systems which serve that portion of the project within the confines and under the jurisdiction of the Lower Little Horn and Lodge Grass Irrigation District. This assessment involves an area of approximately 2,430 acres; does not include any lands held in trust for Indians and covers all proper general charges and project overhead.

Pursuant to a second contract executed by the above irrigation district and approved by the Assistant Secretary of the Interior on June 28, 1951, notice is hereby given of an intent to fix an assessment of ten cents ($0.10) per acre for the season of 1952 for the operation and maintenance of the Willow Creek storage works which serve that portion of the project within the confines and under the jurisdiction of the Lower Little Horn and Lodge Grass Irrigation District.

§ 130.13c *Upper Little Horn Irrigation District, Crow Indian Reservation, Montana, charges.* Pursuant to a contract executed by the Upper Little Horn Irrigation District, Crow Indian Irrigation Project, Montana, and approved by the Secretary of the Interior on June 28, 1948, notice is hereby given that an assessment of $3,300 is hereby fixed for the season of 1952 for the operation and maintenance of the irrigation systems which serve that portion of the project within the confines and under the jurisdiction of the Upper Little Horn Irrigation District. This assessment involves an area of approximately 1,460 acres; does not include any land held in trust for Indians and covers all proper general charges and project overhead.

Pursuant to a second contract executed by the above irrigation district and approved by the Assistant Secretary of the Interior of June 28, 1951, notice is hereby given of an intent to fix an assessment of ten cents ($0.10) per acre for the season of 1952 for the operation and maintenance of the Willow Creek storage works which serve that portion of the project within the confines and under the jurisdiction of the Upper Little Horn Irrigation District.

§ 130.13d *Time of payment.* The amount of assessments fixed in §§ 130.13a, 130.13b, and 130.13c shall be paid by the respective irrigation districts to the United States, one-half thereof on or before February 1, in advance of the delivery of water for that season, and the remainder on or before July 1 following, of each year. To all assessments not paid on July 1 of each year, there shall be added a penalty of one-half of one percent per month, or fraction thereof, from the due date so long as the delinquencies continue; and the right is reserved to refuse delivery of water to a district or individual landowner in the event of default by the district or landowner in the payment of assessments, including penalties on account of delinquencies.

The foregoing proposed additions to §§ 130.13b and 130.13c and modification of § 130.13d are to become effective for the irrigation season of 1952 and thereafter until further notice.

Interested persons are hereby given opportunity to participate in preparing the proposed amendments by submitting their views, data, or arguments in writing to Paul L. Fickinger, Area Director, Bureau of Indian Affairs, 804 North 29th Street, Billings, Montana, within 30 days from the date of publication of this notice of intention in the daily issue of the FEDERAL REGISTER.

PAUL L. FICKINGER,
Area Director.

[F. R. Doc. 51-8273; Filed, July 18, 1951; 8:54 a. m.]

[25 CFR Part 130]

OPERATION AND MAINTENANCE CHARGES FOR THE WAPATO INDIAN IRRIGATION PROJECT, WASHINGTON

NOTICE OF PROPOSED RULE MAKING

JULY 9, 1951.

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11, 1946 (60 Stat. 238) and authority contained in the act of Congress of August 1, 1914 (38 Stat. 583.25; U. S. C., 385), and by virtue of authority delegated by the Commissioner of Indian Affairs to the undersigned Area Director, Area No. III, Portland, Oregon, September 10, 1946 (11 F. R. 10267), notice is hereby given of intention to modify § 130.86 operation and maintenance charge of Title 25, Code of Federal Regulations, dealing with the operation and maintenance assessments against the irrigable area of the Wapato-Satus Unit of the Wapato Indian Irrigation Project, Yakima Indian Reservation, Washington, as follows:

By increasing the annual operation and maintenance charge per acre by $2.25 for each irrigable acre of land within the Wapato-Satus Unit of the Wapato Indian Irrigation Project. No increase is proposed on either the Toppenish-Simcoe Unit nor the Ahtanum Unit.

The foregoing proposed charge is to become effective for the irrigation season 1952 and to continue in effect thereafter until further notice.

The proposed schedule will therefore be as follows:

(a) Minimum charges for all tracts in non-contiguous single ownership	$7.25
(b) Flat rate upon all farm units or tracts for each assessable acre	5.50
(c) Storage operation and maintenance. For all lands with a storage water right, known as "B" lands, in addition to other charges per acre	.30

Interested persons are hereby given opportunity to participate in preparing the proposed amendments by submitting their views and data or argument in writing to E. Morgan Pryse, Area Director, Bureau of Indian Affairs, Building 1, Swan Island, Portland 18, Oregon, within 30 days from the date of publication of this notice of intention in the daily issue of the FEDERAL REGISTER.

L. P. TOWLE,
Acting Area Director.

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Part 52]

UNITED STATES STANDARDS FOR GRADES OF FROZEN CAULIFLOWER [1]

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the United States Department of Agriculture is considering the revision, as herein proposed, of the current United States Standards for Grades of Frozen Cauliflower, pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621, et seq.) and Public Law 70 (82d Cong., approved July 1, 1951). This revision, if made effective, will be the third issue by the Department of grade standards for this product.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed revision should file the same, in duplicate, with the Chief, Processed Products Standardization and Inspection Division, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., not later than 30 days after publication hereof in the FEDERAL REGISTER.

The proposed revision is as follows:

§ 52.228 *Frozen cauliflower.* Frozen cauliflower is prepared from the fresh flower heads of the cauliflower plant (Brassica oleracea botrytis) by trimming, washing, and blanching and is frozen and maintained at temperatures necessary for preservation of the product.

(a) *Grades of frozen cauliflower.* (1) "U. S. Grade A" or "U. S. Fancy" is the quality of frozen cauliflower that possesses similar varietal characteristics; that possesses a good flavor and odor; that possesses a good color; that is practically free from defects; that possesses a good character; and that scores not less than 85 points when scored in accordance with the scoring system outlined in this section.

(2) "U. S. Grade B" or "U. S. Extra Standard" is the quality of frozen cauliflower that possesses similar varietal characteristics; that possesses a fairly good flavor and odor; that possesses a reasonably good color; that is reasonably free from defects; that possesses a reasonably good character; and that scores not less than 70 points when scored in accordance with the scoring system outlined in this section.

(3) "Substandard" is the quality of frozen cauliflower that fails to meet the requirements of U. S. Grade B or U. S. Extra Standard.

(b) *Ascertaining the grade.* (1) The grade of frozen cauliflower is ascertained by considering, in conjunction with the requirements of the respective grade, the respective ratings for the factors of color, absence of defects, and character.

(2) The relative importance of each factor which is scored is expressed numerically on the scale of 100. The maximum number of points that may be given such factors are:

Factors:	Points
(i) Color	40
(ii) Absence of defects	40
(iii) Character	20
Total score	100

(3) The scores for the factors of color, absence of defects, and character are determined immediately after thawing so that the product is sufficiently free from ice crystals to permit proper handling as individual units, except that buds or buttons which are slightly dark in typical color are cooked before evaluating the factor of color. The product is cooked to determine the flavor and odor.

(4) "Good flavor and odor" means that the product after cooking has a good, characteristic, normal flavor and odor and is free from objectionable flavors and objectionable odors of any kind.

(5) "Fairly good flavor and odor" means that the product after cooking may be lacking in good flavor and odor but is free from objectionable flavors and objectionable odors of any kind.

(c) *Ascertaining the rating for the factors which are scored.* The essential variations within each factor which is scored are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor which is scored is inclusive (for example, "17 to 20 points" means 17, 18, 19, or 20 points).

(1) *Color.* (i) Frozen cauliflower that possesses a good color may be given a score of 34 to 40 points. "Good color" means that the buds or buttons possess a characteristic white to light cream color over the tops, which color may be slightly variable, and that the product may possess a characteristic green or bluish tint on the branches and greenish yellow to light green modified leaves or bracts: *Provided*, That the buds or buttons may possess a color slightly darker than light cream which disappears upon cooking.

(ii) If the frozen cauliflower possesses a reasonably good color, a score of 28 to 33 points may be given. Frozen cauliflower that falls into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Reasonably good color" means that the buds or buttons may possess a variable characteristic color ranging from white or light cream to dull white or dark cream over the tops, and that the product may possess a characteristic green or bluish tint on the branches and greenish yellow to light green modified leaves or bracts: *Provided*, That the buds or buttons may possess a color darker than dark cream, but not seriously darkened, which color disappears upon cooking to the extent the appearance of the product is no more than slightly affected.

(iii) Frozen cauliflower that is off color for any reason or that fails to meet the requirements of subdivision (ii) of this subparagraph may be given a score of 0 to 27 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

(2) *Absence of defects.* The factor of absence of defects refers to the degree of freedom from poorly trimmed clusters and small clusters, from damaged and seriously damaged clusters and small clusters, from pieces and detached fragments, and from any other defects which detract from the appearance or edibility of the product.

(i) "Portion of a head" means an individual portion or section of a head made up of buds or buttons and the adjoining stems or portions of stems and attached modified leaves or bracts.

(ii) "Cluster" means a portion of a head which weighs more than ¼ ounce.

(iii) "Small cluster" means a portion of a head which weighs not more than ¼ ounce and which is not less than ¾ inch in the greatest dimension measured across the top of the cluster.

(iv) "Piece" means a small portion of a head which is less than ¾ inch in the greatest dimension measured across the top of the cluster. "Pieces" are considered as defects whether or not defective.

(v) "Detached fragments" are detached leaves, detached modified leaves or bracts, or detached portions of stems. Detached fragments are considered as defects whether or not defective.

(vi) "Poorly trimmed cluster" or "poorly trimmed small cluster" means that the appearance of the cluster is seriously affected by ragged cutting or gouging, or both, or is seriously affected by attached modified leaves or bracts.

(vii) "Damaged cluster" or "damaged small cluster" means a cluster damaged

[1] The requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

by dark discoloration, pathological injury, insect injury, or any other injury or defect which singly or in combination affect materially the appearance or edibility of the product.

(viii) "Seriously damaged cluster" or "seriously damaged small cluster" means that the cluster is damaged to the extent that the appearance or edibility of the cluster is seriously affected.

(ix) Frozen cauliflower that is practically free from defects may be given a score of 34 to 40 points. "Practically free from defects" means that the product is practically free from pieces and detached fragments and from any defects not specifically mentioned that affect materially the appearance or edibility of the product, and, in addition, means that:

(*a*) No seriously damaged clusters are present; and

(*b*) Not more than a total of 15 percent, by weight, of the cauliflower may be poorly trimmed clusters, poorly trimmed small clusters, damaged clusters, damaged small clusters, and seriously damaged small clusters: *Provided*, (*1*) Not more than 10 percent, by weight, of the cauliflower are damaged clusters,[2] damaged small clusters, and seriously damaged small clusters: *Provided further*,

(*i*) Not more than 5 percent, by weight, of the cauliflower are seriously damaged small clusters.

(x) If the frozen cauliflower is reasonably free from defects, a score of 28 to 33 points may be given. Frozen cauliflower that falls into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Reasonably free from defects" means that the product is reasonably free from pieces and detached fragments and from any defects not specifically mentioned that affect seriously the appearance or edibility of the product, and, in addition, means that:

(*a*) Not more than a total of 30 percent by weight of the cauliflower may be poorly trimmed clusters, poorly trimmed small clusters, damaged clusters, damaged small clusters, seriously damaged clusters, seriously damaged small clusters, and small clusters: *Provided*

(*1*) Not more than 15 percent, by weight, of the cauliflower are damaged clusters, damaged small clusters, seriously damaged clusters, seriously damaged small clusters: *Provided further*,

(*i*) Not more than 10 percent, by weight, of the cauliflower are seriously damaged small clusters, and

(*b*) Frozen cauliflower that fails to meet the requirements of subdivision (ix) of this subparagraph may be given a score of 0 to 27 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule). "Reasonably good character" means that not less than 60 percent, by weight, of the cauliflower are firm or reasonably firm or reasonably compact clusters of buds or buttons and the remainder of the clusters may be soft, ricey, or fuzzy but not more than 10 percent, by weight, of the cauliflower may be mushy.

(xi) Frozen cauliflower that fails to meet the requirements of subdivision (x) of this subparagraph may be given a score of 0 to 13 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

(3) *Character.* The factor of character refers to the development, texture, and degree of freedom from ricey and fuzzy units.

(i) "Ricey units" are sections of the head on which the ultimate branches have become elongated, causing the flower clusters to separate and present a loose or open and sometimes granular appearance.

(ii) "Fuzzy units" are sections of the head that have elongated individual flowers or pedicels that result in a very fuzzy appearance.

(iii) Frozen cauliflower that possesses a good character may be given a score of 17 to 20 points. "Good character" means that not less than 80 percent, by weight, of the cauliflower are firm and compact clusters of buds or buttons; and that the remainder of the clusters may be slightly soft, ricey, or fuzzy.

(iv) If the frozen cauliflower possesses a reasonably good character, a score of 14 to 16 points may be given. Frozen cauliflower that falls into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Reasonably good character" means that not less than 60 percent, by weight, of the cauliflower are firm or reasonably firm or reasonably compact clusters of buds or buttons and the remainder of the clusters may be soft, ricey, or fuzzy but not more than 10 percent, by weight, of the cauliflower may be mushy.

(v) Frozen cauliflower that fails to meet the requirements of subdivision (iv) of this subparagraph may be given a score of 0 to 13 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

(d) *Tolerances for certification of officially drawn samples.* (1) When certifying samples that have been officially drawn and which represent a specific lot of frozen cauliflower, the grade for such lot will be determined by averaging the total scores of the containers comprising the sample, if

(*i*) Not more than one-sixth of such containers fails to meet all the requirements of the grade indicated by the average of such total scores, and with respect to such containers which fail to meet the requirements of the indicated grade by reason of a defect rom the average more of all containers in the sample for the lower subject to such tolerance will be within one score for the grade indicated;

(2) Each of the containers comprising the sample has more than 4 points being

[7 CFR Part 988]

[Docket No. AO-195-A3]

HANDLING OF MILK IN THE KNOXVILLE, TENN., MARKETING AREA

DECISION WITH RESPECT TO A PROPOSED MARKETING AGREEMENT AND A PROPOSED ORDER AMENDING THE ORDER NOW IN EFFECT

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.) and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Knoxville, Tennessee, during the period January 16-20, 1951, pursuant to notice thereof duly published in the FEDERAL REGISTER (15 F. R. 9396) upon proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Knoxville, Tennessee, milk-shed area.

Upon the basis of the evidence introduced at the hearing and the record thereof, the Assistant Administrator, Production and Marketing Administration, on May 10, 1951, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision, in which he set forth his findings and conclusions and his recommendations with respect to the proposed marketing agreement and order. Notice of the filing of the recommended decision and of opportunity to file exceptions thereto was published in the FEDERAL REGISTER on June 1, 1951 (16 F. R. 5135). Exceptions to the recommended decision were filed on behalf of certain interested parties. They were carefully and fully considered in conjunction with the record evidence pertaining thereto. In some instances comment has been made below. To the extent that the findings, conclusions, and actions decided upon herein are at variance with the exceptions, such exceptions are overruled.

The material issues of record are concerned with the following:

(1) An extension of the marketing area to include certain surrounding towns and places;

(2) A change in the allocation provisions to provide for the classification of a limited quantity of producer milk as Class II milk before assigning other source milk to Class II utilization.

(3) A revision of the payment provisions of the order to incorporate a base-rating plan; and

(4) The inclusion of standard provisions pertaining to retention of records and termination of obligations.

Findings and conclusions. The following findings and conclusions are based upon the evidence introduced at the hearing and the record thereof:

1. The definition of the marketing area should not be changed.

The definition of the "marketing area" in conjunction with the definitions of "producer" and "handler" determine the milk to be subject to the minimum pricing provisions of the order and the milk distributors who must conform with the various order provisions.

The boundaries of the present marketing area coincide with the corporate limits of the city of Knoxville. Handlers proposed that the marketing area be defined to include in addition to the city of Knoxville, the following towns and places, all in the state of Tennessee: Morristown, Jefferson City, Dandridge, Maryville, Alcoa, Loudon, Harriman, Clinton, the county of Knox, and Oak Ridge Directed Operations.

The record indicates that the 13 handlers now subject to the order dispose of more than 35 percent of their total Class I sales outside the present marketing area. These handlers supply approximately 70 percent of the total fluid milk disposed of to consumers in Knox County, Oak Ridge Directed Operations, Alcoa and Maryville—which include approximately 80 percent of the total population of the additional areas proposed. Knoxville handlers also supply a substantial proportion of the fluid milk sold in the other towns proposed.

Knox County is densely populated. The rate of population growth in Knox County outside the city of Knoxville and in certain towns has exceeded that in the city of Knoxville, and historically the [illegible] Although the trade's attitude is [illegible] for the purpose of

of the health departments permit the sale of milk in their respective areas if it is qualified to be sold in any of the other areas including Knoxville. All milk received from producers for fluid distribution within the city limits of Knoxville, however, must be produced on farms and processed in plants holding permits issued by the Knoxville Health Department.

The principal reason given by handlers for including the above stated places in the marketing area was that purchases of milk by unregulated distributors who dispose of fluid milk in these areas in competition with Knoxville handlers, were at prices less than those required of Knoxville handlers, and that this gave unregulated distributors a competitive advantage in the procurement of milk.

This claim is not substantiated by the record. A detailed comparison of prices contained in the hearing record shows that the principal competitors in a substantial portion of the proposed area have actually paid somewhat higher prices than Knoxville handlers for that portion of their receipts devoted to fluid disposition.

This is particularly true for the unregulated distributors supplying milk in Knox County, Oak Ridge Directed Operations, and other proposed towns to the east of Knoxville where prices are influenced by competition for milk from the Kingsport market. Furthermore, the level of prices prevailing in nearly all of the proposed area are influenced by the level of prices prevailing under Order 88. The evidence failed to show that the cost of milk to distributors in any of the proposed areas is less than to handlers subject to Order 88. It also was not shown that the salient provisions of the present order are appropriate for application to the handling of milk in the proposed areas.

Dairy farmers selling milk to some of the distributors, who would be subject to regulation if the marketing area were extended, opposed an enlargement of the marketing area on the basis of an opinion that their returns would be reduced. No direct testimony was presented by Knoxville producers.

The evidence fails to show that a change in the marketing area to include any or all of the proposed towns or places is necessary to carry out the declared purpose of the act.

2. The allocation provisions of the order should not be changed.

Handlers proposed that a quantity of [illegible] milk [illegible] from producer milk, equal to 5 percent of total receipts from producers, be classified as Class II milk in each month that an [illegible] to Class II uses, except that during the months of [illegible] Class II uses [illegible] receipts of [illegible] milk [illegible] must be devoted to Class II uses in nearly all months of the year. Under the Knoxville health ordinance, Grade A condensed milk and nonfat dry milk solids may be used to supplement producer milk in Class I uses. Handlers also may, and do, maintain day-to-day revolving inventories of fluid milk in their plants. Bottled milk is not required to be dated. For these reasons the day-to-day variations in receipts and sales do not appear to result in a serious allocation problem.

Another objection to the present allocation provisions was directed to the months in which receipts usually change rather sharply from the beginning to the end of the month. During these months a handler may have more than an adequate supply of producer milk for Class I uses during part of the month and receives less producer milk than Class I sales during the other part of the month. The monthly basis of accounting has been found to be more practical than bi-monthly or a shorter accounting period. This, of course, may result in the classification of a quantity of producer milk in Class I utilization which may not have been available for such utilization during a portion of the transition months. Handlers who are able to arrange for sufficient milk from producers to fulfill Class I utilization are not confronted with this problem. The long run intention of the regulation is to promote an adequate supply of local producer milk and the proper allocation of this supply among handlers. The present allocation provisions tends to further this intent by offering some incentive for the proper allocation of the available supplies of milk among handlers and for increasing local supplies through increased returns to local producers.

Another objection to the present method of classification and allocation appeared to be related to the method of classifying inventories rather than to the allocation provisions of the order.

For the above stated reasons, the present allocation provisions should not be changed.

3. A "base and excess" plan of distributing among producers the market returns for milk should be employed in connection with the market-wide pool now provided in the order.

There is considerable seasonal variation in the receipts of milk for the Knoxville market, with receipts in the fall and winter months considerably less than in the spring and summer months. The disposition of fluid milk and other products required to be made from approved milk is relatively uniform from [illegible] to month, [illegible] from [illegible] receipts [illegible] the proportion of Grade [illegible] that fluid production has been

(a) *Time for filing.* Within 10 days after notice by the Clerk by registered mail that the Commission's or Assistant Commissioner's report has been filed, the plaintiff shall file his or its exceptions to the findings and his or its brief on the facts and law of the case. Appropriate references to the parts of the record relied upon in suport thereof shall be made at the end of each exception. The exceptions and briefs may be contained in a single document or may be typed or printed separately. Subject to the same requirements, the defendant shall have 10 days from the date plaintiff's exceptions and brief are filed (or if none are filed, then 10 days from the last day for filing) within which to file defendant's exceptions to the findings and its brief. Plaintiff shall have 5 days from the date of filing defendant's brief within which to file reply brief.

The above and foregoing amendments to the rules of procedure of the Motor Carrier Claims Commission were adopted by the Motor Carrier Claims Commission at a meeting of the Commission duly called for that purpose at its office in Kansas City, Missouri, on the 12th day of July 1951.

PROPOSED RULE MAKING

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

[25 CFR Part 130]

OPERATION AND MAINTENANCE CHARGES ON THE CROW INDIAN IRRIGATION PROJECT, MONTANA

NOTICE OF PROPOSED RULE MAKING

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11, 1946 (Pub. Law 404, 79th Cong.; 60 Stat. 238), and authority contained in the acts of Congress approved August 1, 1914; May 18, 1916; and March 2, 1928 (38 Stat. 583, 25 U. S. C. 385; 39 Stat. 142; and 45 Stat. 210, 25 U. S. C. 387), and by virtue of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs August 28, 1946, and by virtue of the authority delegated by the Commissioner of Indian Affairs to the Regional Director September 14, 1946, which title was changed to Area Director September 13, 1949, by Order No. 2535, notice is hereby given of intent to further modify §§ 130.13b, 130.13c, and 130.13d of Title 25, Code of Federal Regulations, dealing with irrigable lands of the Crow Indian Irrigation Project, Montana, that are subject to the jurisdiction of the several irrigation districts.

Charges applicable to all irrigable lands of the Crow Indian Project receiving benefits from the Willow Creek storage and that are included in an irrigation district organization and are subject to the jurisdiction of these districts.

§ 130.13b *Lower Litile Horn and Lodge Grass Irrigation District, Crow Indian Reservation, Montana, charges.* Pursuant to a contract executed by the Lower Little Horn and Lodge Grass Irrigation District, Crow Indian Irrigation Project, Montana, and approved by the Secretary of the Interior on June 28, 1948, notice is hereby given that an assessment of $5,500 is hereby fixed for the season of 1952 for the operation and maintenance of the irrigation systems which serve that portion of the project within the confines and under the jurisdiction of the Lower Little Horn and Lodge Grass Irrigation District. This assessment involves an area of approximately 2,430 acres; does not include any lands held in trust for Indians and covers all proper general charges and project overhead.

Pursuant to a second contract executed by the above irrigation district and approved by the Assistant Secretary of the Interior on June 28, 1951, notice is hereby given of an intent to fix an assessment of ten cents ($0.10) per acre for the season of 1952 for the operation and maintenance of the Willow Creek storage works which serve that portion of the project within the confines and under the jurisdiction of the Lower Little Horn and Lodge Grass Irrigation District.

§ 130.13c *Upper Little Horn Irrigation District, Crow Indian Reservation, Montana, charges.* Pursuant to a contract executed by the Upper Little Horn Irrigation District, Crow Indian Irrigation Project, Montana, and approved by the Secretary of the Interior on June 28, 1948, notice is hereby given that an assessment of $3,300 is hereby fixed for the season of 1952 for the operation and maintenance of the irrigation systems which serve that portion of the project within the confines and under the jurisdiction of the Upper Little Horn Irrigation District. This assessment involves an area of approximately 1,460 acres; does not include any land held in trust for Indians and covers all proper general charges and project overhead.

Pursuant to a second contract executed by the above irrigation district and approved by the Assistant Secretary of the Interior of June 28, 1951, notice is hereby given of an intent to fix an assessment of ten cents ($0.10) per acre for the season of 1952 for the operation and maintenance of the Willow Creek storage works which serve that portion of the project within the confines and under the jurisdiction of the Upper Little Horn Irrigation District.

§ 130.13d *Time of payment.* The amount of assessments fixed in §§ 130.13a, 130.13b, and 130.13c shall be paid by the respective irrigation districts to the United States, one-half thereof on or before February 1, in advance of the delivery of water for that season, and the remainder on or before July 1 following, of each year. To all assessments not paid on July 1 of each year, there shall be added a penalty of one-half of one percent per month, or fraction thereof, from the due date so long as the delinquencies continue; and the right is reserved to refuse delivery of water to a district or individual landowner in the event of default by the district or landowner in the payment of assessments, including penalties on account of delinquencies.

The foregoing proposed additions to §§ 130.13b and 130.13c and modification of § 130.13d are to become effective for the irrigation season of 1952 and thereafter until further notice.

Interested persons are hereby given opportunity to participate in preparing the proposed amendments by submitting their views, data, or arguments in writing to Paul L. Fickinger, Area Director, Bureau of Indian Affairs, 804 North 29th Street, Billings, Montana, within 30 days from the date of publication of this notice of intention in the daily issue of the FEDERAL REGISTER.

PAUL L. FICKINGER,
Area Director.

[F. R. Doc. 51-8273; Filed, July 18, 1951; 8:54 a. m.]

[25 CFR Part 130]

OPERATION AND MAINTENANCE CHARGES FOR THE WAPATO INDIAN IRRIGATION PROJECT, WASHINGTON

NOTICE OF PROPOSED RULE MAKING

JULY 9, 1951.

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11, 1946 (60 Stat. 238) and authority contained in the act of Congress of August 1, 1914 (38 Stat. 583.25; U. S. C., 385), and by virtue of authority delegated by the Commissioner of Indian Affairs to the undersigned Area Director, Area No. III, Portland, Oregon, September 10, 1946 (11 F. R. 10267), notice is hereby given of intention to modify § 130.86 operation and maintenance charge of Title 25, Code of Federal Regulations, dealing with the operation and maintenance assessments against the irrigable area of the Wapato-Satus Unit of the Wapato Indian Irrigation Project, Yakima Indian Reservation, Washington, as follows:

By increasing the annual operation and maintenance charge per acre by $2.25 for each irrigable acre of land within the Wapato-Satus Unit of the Wapato Indian Irrigation Project. No increase is proposed on either the Toppenish-Simcoe Unit nor the Ahtanum Unit.

The foregoing proposed charge is to become effective for the irrigation season 1952 and to continue in effect thereafter until further notice.

The proposed schedule will therefore be as follows:

(a) Minimum charges for all tracts in non-contiguous single ownership	$7.25
(b) Flat rate upon all farm units or tracts for each assessable acre	5.50
(c) Storage operation and maintenance. For all lands with a storage water right, known as "B" lands, in addition to other charges per acre	.30

Interested persons are hereby given opportunity to participate in preparing the proposed amendments by submitting their views and data or argument in writing to E. Morgan Pryse, Area Director, Bureau of Indian Affairs, Building 1, Swan Island, Portland 18, Oregon, within 30 days from the date of publication of this notice of intention in the daily issue of the FEDERAL REGISTER.

L. P. TOWLE,
Acting Area Director.

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Part 52]

UNITED STATES STANDARDS FOR GRADES OF FROZEN CAULIFLOWER [1]

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the United States Department of Agriculture is considering the revision, as herein proposed, of the current United States Standards for Grades of Frozen Cauliflower, pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621, et seq.) and Public Law 70 (82d Cong., approved July 1, 1951). This revision, if made effective, will be the third issue by the Department of grade standards for this product.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed revision should file the same, in duplicate, with the Chief, Processed Products Standardization and Inspection Division, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., not later than 30 days after publication hereof in the FEDERAL REGISTER.

The proposed revision is as follows:

§ 52.228 *Frozen cauliflower.* Frozen cauliflower is prepared from the fresh flower heads of the cauliflower plant (Brassica oleracea botrytis) by trimming, washing, and blanching and is frozen and maintained at temperatures necessary for preservation of the product.

(a) *Grades of frozen cauliflower.* (1) "U. S. Grade A" or "U. S. Fancy" is the quality of frozen cauliflower that possesses similar varietal characteristics; that possesses a good flavor and odor; that possesses a good color; that is practically free from defects; that possesses a good character; and that scores not less than 85 points when scored in accordance with the scoring system outlined in this section.

(2) "U. S. Grade B" or "U. S. Extra Standard" is the quality of frozen cauliflower that possesses similar varietal characteristics; that possesses a fairly good flavor and odor; that possesses a reasonably good color; that is reasonably free from defects; that possesses a reasonably good character; and that scores not less than 70 points when scored in accordance with the scoring system outlined in this section.

(3) "Substandard" is the quality of frozen cauliflower that fails to meet the requirements of U. S. Grade B or U. S. Extra Standard.

(b) *Ascertaining the grade.* (1) The grade of frozen cauliflower is ascertained by considering, in conjunction with the requirements of the respective grade, the respective ratings for the factors of color, absence of defects, and character.

(2) The relative importance of each factor which is scored is expressed numerically on the scale of 100. The maximum number of points that may be given such factors are:

Factors:	Points
(i) Color	40
(ii) Absence of defects	40
(iii) Character	20
Total score	100

(3) The scores for the factors of color, absence of defects, and character are determined immediately after thawing so that the product is sufficiently free from ice crystals to permit proper handling as individual units, except that buds or buttons which are slightly dark in typical color are cooked before evaluating the factor of color. The product is cooked to determine the flavor and odor.

(4) "Good flavor and odor" means that the product after cooking has a good, characteristic, normal flavor and odor and is free from objectionable flavors and objectionable odors of any kind.

(5) "Fairly good flavor and odor" means that the product after cooking may be lacking in good flavor and odor but is free from objectionable flavors and objectionable odors of any kind.

(c) *Ascertaining the rating for the factors which are scored.* The essential variations within each factor which is scored are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor which is scored is inclusive (for example, "17 to 20 points" means 17, 18, 19, or 20 points).

(1) *Color.* (i) Frozen cauliflower that possesses a good color may be given a score of 34 to 40 points. "Good color" means that the buds or buttons possess a characteristic white to light cream color over the tops, which color may be slightly variable, and that the product may possess a characteristic green or bluish tint on the branches and greenish yellow to light green modified leaves or bracts: *Provided,* That the buds or buttons may possess a color slightly darker than light cream which disappears upon cooking.

(ii) If the frozen cauliflower possesses a reasonably good color, a score of 28 to 33 points may be given. Frozen cauliflower that falls into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Reasonably good color" means that the buds or buttons may possess a variable characteristic color ranging from white or light cream to dull white or dark cream over the tops, and that the product may possess a characteristic green or bluish tint on the branches and greenish yellow to light green modified leaves or bracts: *Provided,* That the buds or buttons may possess a color darker than dark cream, but not seriously darkened, which color disappears upon cooking to the extent the appearance of the product is no more than slightly affected.

(iii) Frozen cauliflower that is off color for any reason or that fails to meet the requirements of subdivision (ii) of this subparagraph may be given a score of 0 to 27 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

(2) *Absence of defects.* The factor of absence of defects refers to the degree of freedom from poorly trimmed clusters and small clusters, from damaged and seriously damaged clusters and small clusters, from pieces and detached fragments, and from any other defects which detract from the appearance or edibility of the product.

(i) "Portion of a head" means an individual portion or section of a head made up of buds or buttons and the adjoining stems or portions of stems and attached modified leaves or bracts.

(ii) "Cluster" means a portion of a head which weighs more than ¼ ounce.

(iii) "Small cluster" means a portion of a head which weighs not more than ¼ ounce and which is not less than ¾ inch in the greatest dimension measured across the top of the cluster.

(iv) "Piece" means a small portion of a head which is less than ¾ inch in the greatest dimension measured across the top of the cluster. "Pieces" are considered as defects whether or not defective.

(v) "Detached fragments" are detached leaves, detached modified leaves or bracts, or detached portions of stems. Detached fragments are considered as defects whether or not defective.

(vi) "Poorly trimmed cluster" or "poorly trimmed small cluster" means that the appearance of the cluster is seriously affected by ragged cutting or gouging, or both, or is seriously affected by attached modified leaves or bracts.

(vii) "Damaged cluster" or "damaged small cluster" means a cluster damaged

[1] The requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

Lodge Grass Irrigation District. This assessment involves an area of approximately 2,430 acres; does not include any

be added a penalty of one-half of one percent per month, or fraction thereof, from the due date so long as the delin-

and maintenance charge per acre by $2.25 for each irrigable acre of land

by dark discoloration, pathological injury, insect injury, or any other injury or defect which singly or in combination affect materially the appearance or edibility of the product.

(viii) "Seriously damaged cluster" or "seriously damaged small cluster" means that the cluster is damaged to the extent that the appearance or edibility of the cluster is seriously affected.

(ix) Frozen cauliflower that is practically free from defects may be given a score of 34 to 40 points. "Practically free from defects" means that the product is practically free from pieces and detached fragments and from any defects not specifically mentioned that affect materially the appearance or edibility of the product, and, in addition, means that:

(a) No seriously damaged clusters are present; and

(b) Not more than a total of 15 percent, by weight, of the cauliflower may be poorly trimmed clusters, poorly trimmed small clusters, damaged clusters, damaged small clusters, and seriously damaged small clusters: *Provided,*

(*1*) Not more than 10 percent, by weight, of the cauliflower are damaged clusters,[2] damaged small clusters, and seriously damaged small clusters: *Provided further,*

(*i*) Not more than 5 percent, by weight, of the cauliflower are seriously damaged small clusters.

(x) If the frozen cauliflower is reasonably free from defects, a score of 28 to 33 points may be given. Frozen cauliflower that falls into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Reasonably free from defects" means that the product is reasonably free from pieces and detached fragments and from any defects not specifically mentioned that affect seriously the appearance or edibility of the product, and, in addition, means that:

(a) Not more than a total of 30 percent, by weight, of the cauliflower may be poorly trimmed clusters, poorly trimmed small clusters, damaged clusters, damaged small clusters, seriously damaged clusters, and seriously damaged small clusters: *Provided,*

(*1*) Not more than 15 percent, by weight, of the cauliflower are damaged clusters, damaged small clusters, seriously damaged clusters, seriously damaged small clusters: *Provided further,*

(*i*) Not more than 10 percent, by weight, of the cauliflower are seriously damaged clusters and seriously damaged small clusters.

(xi) Frozen cauliflower that fails to meet the requirements of subdivision (x) of this subparagraph may be given a score of 0 to 27 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

(3) *Character.* The factor of character refers to the development, texture, and degree of freedom from ricey and fuzzy units.

(i) "Ricey units" are sections of the head on which the ultimate branches have become elongated, causing the flower clusters to separate and present a loose or open and sometimes granular appearance.

(ii) "Fuzzy units" are sections of the head that have elongated individual flowers or pedicels that result in a very fuzzy appearance.

(iii) Frozen cauliflower that possesses a good character may be given a score of 17 to 20 points. "Good character" means that not less than 80 percent, by weight, of the cauliflower are firm and compact clusters of buds or buttons; and that the remainder of the clusters may be slightly soft, ricey, or fuzzy.

(iv) If the frozen cauliflower possesses a reasonably good character, a score of 14 to 16 points may be given. Frozen cauliflower that falls into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Reasonably good character" means that not less than 60 percent, by weight, of the cauliflower are firm or reasonably firm or reasonably compact clusters of buds or buttons and the remainder of the clusters may be soft, ricey, or fuzzy but not more than 10 percent, by weight, of the cauliflower may be mushy.

(v) Frozen cauliflower that fails to meet the requirements of subdivision (iv) of this subparagraph may be given a score of 0 to 13 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

(d) *Tolerances for certification of officially drawn samples.* (1) When certifying samples that have been officially drawn and which represent a specific lot of frozen cauliflower, the grade for such lot will be determined by averaging the total scores of the containers comprising the sample, if:

(i) Not more than one-sixth of such containers fails to meet all the requirements of the grade indicated by the average of such total scores, and, with respect to such containers which fail to meet the requirements of the indicated grade by reason of a limiting rule, the average score of all containers in the sample for the factor, subject to such limiting rule, is within the range for the grade indicated:

(ii) None of the containers comprising the sample falls more than 4 points below the minimum score for the grade indicated by the average of the total scores; and

(iii) All containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification.

[7 CFR Part 988]

[Docket No. AO-195-A3]

HANDLING OF MILK IN THE KNOXVILLE, TENN., MARKETING AREA

DECISION WITH RESPECT TO A PROPOSED MARKETING AGREEMENT AND A PROPOSED ORDER AMENDING THE ORDER NOW IN EFFECT

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.) and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Knoxville, Tennessee, during the period January 16-20, 1951, pursuant to notice thereof duly published in the FEDERAL REGISTER (15 F. R. 9396) upon proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Knoxville, Tennessee, marketing area.

Upon the basis of the evidence introduced at the hearing and the record thereof, the Assistant Administrator, Production and Marketing Administration, on May 31, 1951, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision and opportunity to file written exceptions thereto which was published in the FEDERAL REGISTER on June 5, 1951 (16 F. R. 5285; F. R. Doc. 51-6482).

Within the period reserved for exceptions the producers' association and handlers filed exceptions to certain of the findings, conclusions and actions recommended by the Assistant Administrator. In arriving at the findings, conclusions, and regulatory provisions of this decision, each of such exceptions was carefully and fully considered in conjunction with the record evidence pertaining thereto. In some instances comment has been made below. To the extent that the findings, conclusions, and actions decided upon herein are at variance with the exceptions, such exceptions are overruled.

The material issues of record are concerned with the following:

(1) An extension of the marketing area to include certain surrounding towns and places;

(2) A change in the allocation provisions to provide for the classification of a limited quantity of producer milk as Class II milk before assigning other source milk to Class II utilization.

(3) A revision of the payment provisions of the order to incorporate a base-rating plan; and

(4) The inclusion of standard provisions pertaining to retention of records and termination of obligations.

Findings and conclusions. The following findings and conclusions are based upon the evidence introduced at the hearing and the record thereof:

1. The definition of the marketing area should not be changed.

The definition of the "marketing area" in conjunction with the definitions of "producer" and "handler" determine the milk to be subject to the minimum pricing provisions of the order and the milk distributors who must conform with the various order provisions.

The boundaries of the present marketing area coincide with the corporate limits of the city of Knoxville. Handlers proposed that the marketing area be defined to include in addition to the city of Knoxville, the following towns and places, all in the state of Tennessee: Morristown, Jefferson City, Dandridge, Maryville, Alcoa, Loudon, Harriman, Clinton, the county of Knox, and Oak Ridge Directed Operations.

The record indicates that the 13 handlers now subject to the order dispose of more than 35 percent of their total Class I sales outside the present marketing area. These handlers supply approximately 70 percent of the total fluid milk disposed of to consumers in Knox County, Oak Ridge Directed Operations, Alcoa and Maryville—which include approximately 80 percent of the total population of the additional areas proposed. Knoxville handlers also supply a substantial proportion of the fluid milk sales in the other towns proposed.

Knox County is densely populated; the rate of population growth in Knox County, outside the city of Knoxville, and in nearby towns has exceeded that in the city of Knoxville; and historically the entire area is considered as a natural trading area. Although the health ordinances pertaining to the sanitary requirements for the production and handling of milk in the proposed areas are similar to the ordinance in effect for the city of Knoxville and all of the ordinances are patterned after the United States Public Health Milk Ordinance and Code and bottled milk may be labeled "Grade A" in each area, there appears to be differences in the interpretation and administration of the various ordinances. With the exception of Knoxville, most of the health departments permit the sale of milk in their respective areas if it is qualified to be sold in any of the other areas including Knoxville. All milk received from producers for fluid distribution within the city limits of Knoxville, however, must be produced on farms and processed in plants holding permits issued by the Knoxville Health Department.

The principal reason given by handlers for including the above stated places in the marketing area was that purchases of milk by unregulated distributors who dispose of fluid milk in these areas in competition with Knoxville handlers, were at prices less than those required of Knoxville handlers, and that this gave unregulated distributors a competitive advantage in the procurement of milk.

This claim is not substantiated by the record. A detailed comparison of prices contained in the hearing record shows that the principal competitors in a substantial portion of the proposed area have actually paid somewhat higher prices than Knoxville handlers for that portion of their receipts devoted to fluid disposition.

This is particularly true for the unregulated distributors supplying milk in Knox County, Oak Ridge Directed Operations, and other proposed towns to the east of Knoxville where prices are influenced by competition for milk from the Kingsport market. Furthermore, the level of prices prevailing in nearly all of the proposed area are influenced by the level of prices prevailing under Order 88. The evidence failed to show that the cost of milk to distributors in any of the proposed areas is less than to handlers subject to Order 88. It also was not shown that the salient provisions of the present order are appropriate for application to the handling of milk in the proposed areas.

Dairy farmers selling milk to some of the distributors, who would be subject to regulation if the marketing area were extended, opposed an enlargement of the marketing area on the basis of an opinion that their returns would be reduced. No direct testimony was presented by Knoxville producers.

The evidence fails to show that a change in the marketing area to include any or all of the proposed towns or places is necessary to carry out the declared purpose of the act.

2. The allocation provisions of the order should not be changed.

Handlers proposed that a quantity of skim milk and butterfat derived from producer milk, equal to 5 percent of total receipts from producers be classified as Class II milk in each month that an equivalent amount of milk is disposed of in Class II uses, except that during the months of relatively rapid seasonal change in receipts 10 percent should be so classified. Under the present allocation provisions, other source milk is allocated first to Class II utilization and producer milk, less allowable shrinkage, is allocated to Class I utilization to the extent of Class I utilization for the entire month.

Handlers contended that because of variations in receipts, fluid sales and bottled milk returns some producer milk must be devoted to Class II uses in nearly all months of the year. Under the Knoxville health ordinance, Grade A condensed milk and nonfat dry milk solids may be used to supplement producer milk in Class I uses. Handlers also may, and do, maintain day-to-day revolving inventories of fluid milk in their plants. Bottled milk is not required to be dated. For these reasons the day-to-day variations in receipts and sales do not appear to result in a serious allocation problem.

Another objection to the present allocation provisions was directed to the months in which receipts usually change rather sharply from the beginning to the end of the month. During these months a handler may have more than an adequate supply of producer milk for Class I uses during part of the month and receives less producer milk than Class I sales during the other part of the month. The monthly basis of accounting has been found to be more practical than bi-monthly or a shorter accounting period. This, of course, may result in the classification of a quantity of producer milk in Class I utilization which may not have been available for such utilization during a portion of the transition months. Handlers who are able to arrange for sufficient milk from producers to fulfill Class I utilization are not confronted with this problem. The long run intention of the regulation is to promote an adequate supply of local producer milk and the proper allocation of this supply among handlers. The present allocation provisions tends to further this intent by offering some incentive for the proper allocation of the available supplies of milk among handlers and for increasing local supplies through increased returns to local producers.

Another objection to the present method of classification and allocation appeared to be related to the method of classifying inventories rather than to the allocation provisions of the order.

For the above stated reasons, the present allocation provisions should not be changed.

3. A "base and excess" plan of distributing among producers the market returns for milk should be employed in connection with the market-wide pool now provided in the order.

There is considerable seasonal variations in the receipts of milk for the Knoxville market, with receipts in the fall and winter months considerably less than in the spring and summer months. The disposition of fluid milk and other products required to be made from approved milk is relatively uniform from season to season; however, data for the market since the promulgation of Order 88 indicate that fluid disposition has been slightly higher at the same season of the year when receipts have been at relatively low levels. Fall shortages and spring excesses result from this situation. A production pattern of milk more nearly fitted to the sales pattern of fluid milk and other fluid products should be encouraged.

Producers testified that a "base and excess" plan which provides returns to each producer related directly to his

ability to deliver milk during the fall and winter seasons will encourage a more level production pattern for the market as a whole. Such a plan was widely discussed with producers before the amendment was proposed and a majority of those responding to a questionnaire survey favored such a plan. Prior to World War II some distributors paid producers on a base plan. The plan was discontinued during the war because at that time receipts of milk from local producers were not sufficient to meet market requirements at any season of the year. With the promulgation of Order 88 in 1949, seasonal pricing for producer deliveries was accomplished through seasonal class prices. Producers testified that seasonal pricing has not reduced the seasonal variation in receipts to the extent desired and the proposed base plan is necessary to encourage more even production at a faster rate.

The plan proposed by producers would establish for each producer a base quantity of milk equal to his average daily deliveries of milk during the six month period of September through February (total deliveries divided by the number of days in this period). During these months all producers would be paid the "pool" or uniform price for all deliveries. For each of the other months separate uniform prices for base milk (that delivered by each producer up to but not in excess of his daily "base" times the number of days he delivers in the month) and excess milk would be computed so that Class I sales would be first allocated to base milk. The suggestion was made on the record that some modification of this plan be made in determining bases for producers who enter the market after September 1 but during the fall shortage months of each year. It was proposed that this be accomplished by dividing deliveries by the number of days the producer delivers milk during the base forming period or 90 days whichever is the greater.

A base plan is designed to apportion the total value of the milk purchased by all handlers among producers on the basis of their marketings of milk during a representative period of time. By the application of the base plan it is intended to provide this market with receipts of milk which is correlated with fluid uses in all seasons of the year. For these purposes the plan to be adopted may logically be designed not only to influence the production patterns of old producers but also to influence the time of the year at which new producers will enter the market.

A large degree of flexibility should be incorporated in the base plan without destroying the desired effectiveness. This may be accomplished in part by limiting the effective period of the bases to a reasonable number of months when receipts are expected to be greatest in relation to fluid sales, the establishment of new bases by each producer each year during the months of lowest production, providing for increasing the excess price during those months when Class I utilization exceeds receipts of base milk and by providing for the payment of the uniform market-wide pool price to all producers during all months except the period when bases are applicable.

The months proposed for establishing bases (September through February) appear to be those which are normally the period of lowest production and should be used for establishing bases (§ 988.60). Payments on the base plan, however, need not be made in all other months in order for the plan to be effective. Limiting the base effective period to as few months as practical will increase the flexibility of the plan and provides greater opportunity for individual producers to make adjustments in their production plans. Producers pointed out in their exceptions that the effectiveness of the base plan in encouraging more even production is greatly reduced by not including March and August. The record shows, however, that receipts of milk during March are relatively low in relation to fluid sales and this month should be omitted from the base effective period. The omission of March will provide the time needed for calculating and announcing individual producer bases prior to the base effective period. During August, 1949, the only year for which market-wide data are available, receipts of milk in relation to Class I sales were nearly as great as for the month of April. Producers testified that the seasonal variation in production during 1949 was considered representative of past years. It is concluded, therefore, that the base effective period should include the months of April through August.

Producers who enter the market during the fall and winter months when additional milk is usually needed should be permitted to establish a base on the basis of deliveries during a portion of the base forming period. This may be accomplished without destroying equities among producers by determining such bases on the basis of the number of days in the period a new producer is on the market but in any event not less than 120 days (§ 988.60). Producers contended that a period of less than 120 days will create unfair and inequitable relationships between bases which may be established by new and by regular producers. With the exception of September, production per farm in February is higher on the average than in any other month of the base forming period. Provision for establishing bases on a period of less than 120 days, therefore, could result in relatively higher bases for new producers than for regular producers. A minimum of 120 days for determining bases will also tend to encourage dairy farmers who may enter the market to do so prior to the time of the year when additional receipts are needed most.

The plan proposed herein will permit new producers entering the market when payments are made on the base plan to share with all other producers any Class I sales in excess of deliveries of base milk. Thus a new producer will share in some Class I sales if milk is needed at the time he enters the market. Payment on a uniform price in all other months (September through March) will provide ample opportunity for new producers to enter the market to meet prospective needs (§ 988.71). This payment plan is to become first effective during 1952.

It is necessary to provide certain rules in connection with the establishment and transfer of bases to provide reasonable administrative workability of the plan (§ 988.61). To accomplish this purpose and to preserve the effectiveness of the base plan, transfers of bases should be limited to entire bases of producers who may retire from farming, in cases of death and of joint production arrangements such as landlord-tenant relationships. Since the base plan is effective in determining producer payments in only four of the twelve months of each year, and all producers must establish a new base each year, provisions in addition to those contained herein for the establishment and transfer of bases or to meet unusual situations are not needed.

In order to incorporate the base plan in the order, additional sections also are needed to define base and excess milk (§§ 988.15 and 988.16) and to provide for the announcement of established bases by the market administrator prior to the months bases are applied (§ 988.62). Several conforming changes are necessary in the order provisions relative to reports by handlers, and the computation and announcement of uniform prices by the market administrator. Conforming changes have been made in the following sections of the attached amended order: §§ 988.30 (a) (1) (i), 988.31 (a), 988.73, 988.80, 988.82, 988.83 and 988.85.

4. The order should provide for a limit on the time records must be retained by handlers and for the termination of obligations under the order.

Handlers proposed that the standard provision heretofore incorporated in other milk marketing orders for the "Retention of Records" and "Termination of Obligations" be incorporated in Order 88.

Handlers must retain records in order to prove the utilization of milk and the payments made to producers. It is necessary that these records be kept for a substantial period of time since some transactions are not completed and audited until several months after the milk has been received from producers. Detailed records of this kind soon reach large physical proportions and become burdensome. The order should provide a definite time period within which handlers must maintain their records and after which they will be relieved of so doing. A period of three years is considered necessary and reasonable. If litigation is in progress, however, it may be necessary to require records to be retained for a longer period and provision should be made for this contingency (§ 988.33).

Without a provision for the termination of obligations handlers may file claims which might extend back over many years and which may be in substantial amounts. This creates uncertainties which would endanger the stability of the market and lead to serious inequities. The order should provide that any obligation to pay a handler shall terminate two years after the month in which the milk was received if an underpayment is claimed, or within two years after payment was made if a refund is claimed, unless within such period of time the handler files a petition pursuant to section 8c (15) (A) of the act, claiming such money (§ 988.89). Handlers also need the protection of provisions terminating their obligations to make payments. Since handlers cannot be forewarned always as to contingent liabilities it is extremely difficult and burdensome for them to make adequate provisions therefor by setting up reserves or by taking other precautionary measures (§ 988.89). The obligation of any handler to pay money should, except under certain extraordinary conditions, such as litigation, terminate two years after the last day of the month during which the market administrator receives the handler's report of utilization of the milk involved in such obligation, unless within such two-year period the market administrator notifies the handler in writing that such money is due and payable.

It is concluded that in general a period of two years is a reasonable time within which a market administrator should complete his auditing and inspection work and render any billings for money due under the order. Provisions are necessary also to meet such contingencies as failure of the handler to submit required books and records and to deal with situations where fraud or willful concealment of information may be involved (§ 988.89).

5. General. (a) The proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(b) The proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, regulates the handling of milk in the same manner and is applicable only to persons in the respective classes of industrial and commercial activity specified in the marketing agreement upon which a hearing has been held; and

(c) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the said marketing area, and the minimum prices specified in the proposed marketing agreement and in the order, as amended, and as hereby proposed to be further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest.

Determination of representative period. The month of May 1951 is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of the order amending the order, now in effect, regulating the handling of milk in the Knoxville, Tennessee, marketing area, in the manner set forth in the attached amending order is approved or favored by producers who, during such period, were engaged in the production of milk for sale in the marketing area specified in such marketing order.

Annexed hereto and made a part hereof are two documents entitled, respectively, "Marketing Agreement Regulating the Handling of Milk in the Knoxville, Tennessee, Marketing Area," and "Order Amending the Order, as Amended, Regulating the Handling of Milk in the Knoxville, Tennessee, Marketing Area," which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

It is hereby ordered, That all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order, as amended, and as hereby proposed to be further amended by the attached order which will be published with this decision.

This decision filed at Washington, D. C., this 13th day of July 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary.

Order[1] Amending the Order, as Amended, Regulating the Handling of Milk in the Knoxville, Tennessee, Marketing Area

Sec.
988.0 Findings and determinations.

DEFINITIONS

988.1 Act.
988.2 Secretary.
988.3 Department of Agriculture.
988.4 Person.
988.5 Knoxville, Tennessee Marketing Area.
988.6 Cooperative association.
988.7 Producer-handler.
988.8 Delivery period.
988.9 Fluid milk plant.
988.10 Producer.
988.11 Handler.
988.12 Non fluid milk plant.
988.13 Other source milk.
988.14 Producer milk.
988.15 Base milk.
988.16 Excess milk.

MARKET ADMINISTRATOR

988.20 Designation.
988.21 Powers.
988.22 Duties.

REPORTS, RECORDS AND FACILITIES

988.30 Reports of receipts and utilization.
988.31 Other reports.
988.32 Records and facilities.
988.33 Retention of records.

CLASSIFICATION OF MILK

988.40 Basis of classification.
988.41 Classes of utilization.
988.42 Responsibility of handlers and reclassification of milk.
988.43 Transfers.

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

Sec.
988.44 Computation of skim milk and butterfat in each class.
988.45 Allocation of skim milk and butterfat classified.

MINIMUM PRICES

988.50 Basic formula price.
988.51 Class prices.
988.52 Butterfat differential to handlers.

DETERMINATION OF BASE

988.60 Computation of daily average base for each producer.
988.61 Base rules.
988.62 Announcement of established bases.

DETERMINATION OF UNIFORM PRICES TO PRODUCERS

988.70 Computation of value of milk.
988.71 Computation of uniform price.
988.72 Computation of uniform prices for base milk and excess milk.
988.73 Notification of handlers.

PAYMENTS

988.80 Time and method of payment for producer milk.
988.81 Producer-settlement fund.
988.82 Payments to the producer-settlement fund.
988.83 Payments out of the producer-settlement fund.
988.84 Adjustments of errors in payment.
988.85 Butterfat differential to producers.
988.86 Statement to producers.
988.87 Expense of administration.
988.88 Marketing services.
988.89 Termination of obligations.

APPLICATION OF PROVISIONS

988.90 Producer-handlers.

EFFECTIVE TIME, SUSPENSION OR TERMINATION

988.100 Effective time.
988.101 Suspension or termination.
988.102 Continuing power and duty of the market administrator.
988.103 Liquidation after suspension or termination.

MISCELLANEOUS PROVISIONS

988.110 Separability of provisions.
988.111 Agents.

AUTHORITY: §§ 988.0 to 988.111 issued under sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c.

§ 988.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and each of the priviously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at Knoxville, Tennessee, on January 16–20, 1951, upon a proposed marketing agreement and certain proposed amendments to the order, as amended, regulating the handling of milk in the Knoxville, Tennessee, marketing area. Upon the basis of the evi-

dence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions of said order, as amended, and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for milk in the marketing area, and the minimum prices specified in the order, as amended and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered, That on and after the effective date hereof the handling of milk in the Knoxville, Tennessee, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended to read as follows:

DEFINITIONS

§ 988.1 *Act.* "Act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937 as amended (7 U. S. C. 601 et seq.).

§ 988.2 *Secretary.* "Secretary" means the Secretary of Agriculture or any officer or employee of the United States authorized to exercise the powers and to perform the duties of the Secretary of Agriculture.

§ 988.3 *Department of Agriculture.* "Department of Agriculture" means the United States Department of Agriculture or any other Federal agency as may be authorized by act of Congress or by Executive order to perform the price reporting functions of the United States Department of Agriculture.

§ 988.4 *Person.* "Person" means any individual, partnership, corporation, association, or any other business unit.

§ 988.5 *Knoxville, Tennessee, marketing area.* "Knoxville, Tennessee, marketing area" hereinafter called the "marketing area" means all the territory within the corporate limits of the City of Knoxville, Tennessee.

§ 988.6 *Cooperative association.* "Cooperative association" means any cooperative marketing association of producers which the Secretary determines to be qualified pursuant to the provisions of the act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act," and is authorized by its members to make collective sales or to market milk or its products for the producers thereof.

§ 988.7 *Producer-handler.* "Producer-handler" means any person who produces milk under a dairy farm inspection permit issued by the appropriate health authority in the marketing area and who processes milk from his own production, distributing all or a portion of such milk within the marketing area as Class I milk, but who receives no milk from producers.

§ 988.8 *Delivery period.* "Delivery period" means a calendar month, or the portion thereof during which this part is in effect.

§ 988.9 *Fluid milk plant.* "Fluid milk plant" means the premises and the portions of the building and facilities, approved by the appropriate health authority in the marketing area, which are used in: (a) The receipt and processing or packaging of producer milk, all, or a portion, of which is disposed of from such plant on wholesale or retail routes within the delivery period as Class I milk in the marketing area, or (b) the receipt and cooling of producer milk for shipment to a plant described in paragraph (a) of this section: *Provided,* That any portion of such building or facilities, used for receiving or processing milk or any milk product, required by the appropriate health authority in the marketing area to be kept physically separate from the receiving and processing or packaging of milk for disposition as Class I milk in the marketing area shall not be included.

§ 988.10 *Producer.* "Producer" means any person, except a producer-handler, who produces milk under a dairy farm inspection permit issued by the appropriate health authority in the marketing area, and whose milk conforms to the appropriate health standards for milk for fluid consumption, which milk is: (a) Received at a fluid milk plant, or (b) diverted from a fluid milk plant to any milk distributing or milk manufacturing plant: *Provided,* That any such milk so diverted shall be deemed to have been received by the handler for whose account it was diverted.

§ 988.11 *Handler.* "Handler" means (a) any person in his capacity as operator of a fluid milk plant, (b) a producer-handler or (c) any cooperative association of producers with respect to producer milk diverted by if from a fluid milk plant to a nonfluid milk plant for the account of such association.

§ 988.12 *Nonfluid milk plant.* "Nonfluid milk plant" means any milk manufacturing, processing, or bottling plant other than a fluid milk plant described in § 988.9.

§ 988.13 *Other source milk.* "Other source milk" means all skim milk and butterfat received in any form from a producer-handler or from a source other than producers or other handlers except any nonfluid milk product received and disposed of in the same form.

§ 988.14 *Producer milk.* "Producer milk" means milk produced by one or more producers.

§ 988.15 *Base milk.* "Base milk" means milk received by a handler from a producer during any of the months of April through August which is not in excess of such producer's daily average base computed pursuant to § 988.60 multiplied by the number of days such producer delivered milk to such handler in such month: *Provided,* That with respect to any producer on "every-other-day" delivery to a fluid milk plant, the days of nondelivery, intervening days of delivery, shall be considered as days of delivery.

§ 988.16 *Excess milk.* "Excess milk" means milk received by a handler from a producer during any of the months of April through August which is in excess of base milk received from such producer during such month, and shall include all milk received during such month from a producer from whom no daily average base can be computed pursuant to § 988.60.

MARKET ADMINISTRATOR

§ 988.20 *Designation.* The agency for the administration of this part shall be a market administrator, selected by the Secretary, who shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the Secretary.

§ 988.21 *Powers.* The market administrator shall have the following powers with respect to this part:

(a) To administer its terms and provisions;

(b) To receive, investigate, and report to the Secretary complaints of violations;

(c) To make rules and regulations to effectuate its terms and provisions; and

(d) To recommend amendments to the Secretary.

§ 988.22 *Duties.* The market administrator shall perform all duties necessary to administer the terms and provisions of this part, including, but not limited to, the following:

(a) Within 45 days following the date on which he enters upon his duties, or such lesser period as may be prescribed by the Secretary, execute and deliver to the Secretary a bond, effective as of the date on which he enters upon his duties and conditioned upon the faithful performance of such duties, in an amount and with surety thereon satisfactory to the Secretary;

(b) Employ and fix the compensation of such persons as may be necessary to enable him to administer its terms and provisions;

(c) Obtain a bond in a reasonable amount and with reasonable surety thereon covering each employee who handles funds entrusted to the market administrator;

(d) Pay, out of the funds provided by § 988.87, (1) the cost of his bond and of the bonds of his employees, (2) his own compensation, and (3) all other expenses, except those incurred under § 988.88, necessarily incurred by him in the maintenance and functioning of his office and in the performance of his duties;

(e) Keep such books and records as will clearly reflect the transactions provided for herein, and, upon request by the Secretary, surrender the same to such other person as the Secretary may designate;

(f) Publicly disclose to handlers and producers, unless otherwise directed by the Secretary the name of any person who, within 5 days after the day upon which he is required to perform such acts, has not made (1) reports pursuant to § 988.30 or (2) payments pursuant to § 988.80 and § 988.82;

(g) Submit his books and records to examination by the Secretary and furnish such information and reports as may be required by the Secretary;

(h) Prepare and make available for the benefit of producers, consumers, and handlers such general statistics and information concerning the operation hereof as are necessary and essential to the proper functioning of this part;

(i) Verify all reports and payments by each handler by audit, if necessary, of such handler's records and the records of any other handler or person upon whose utilization the classification of skim milk and butterfat for such handler depends; and

(j) Publicly announce and notify each handler in writing the prices and butterfat differentials determined for each delivery period as follows: (1) On or before the 6th day after the end of such delivery period the prices and butterfat differentials for each class computed pursuant to §§ 988.51 and 988.52; and (2) on or before the 10th day after the end of such delivery period, the uniform price(s) computed pursuant to §§ 988.71 and 988.72 and the butterfat differentials to be paid pursuant to § 988.85.

REPORTS, RECORDS, AND FACILITIES

§ 988.30 *Reports of receipts and utilization.* On or before the 6th day after the end of each delivery period each handler, except a producer-handler, shall report to the market administrator in the detail and on forms prescribed by the market administrator:

(a) The quantities of skim milk and butterfat contained in (1) all receipts at his fluid milk plant(s) within such delivery period of (i) producer milk and for the months of April through August, the aggregate quantities of base and excess milk, (ii) skim milk and butterfat in any form from other handlers, and (iii) other source milk; and (2) milk diverted pursuant to § 988.10 (b); and

(b) The utilization of all skim milk and butterfat required to be reported under paragraph (a) of this section.

§ 988.31 *Other reports.* Each handler shall report to the market administrator, in the detail and on forms prescribed by the market administrator as follows, except that each producer-handler shall make reports to the market administrator at such time and in such manner as the market administrator may request:

(a) On or before the 20th day after the end of the delivery period, his producer pay roll for such delivery period which shall show: (1) The total pounds of milk received from each producer or cooperative association, including for the delivery periods of April through August the total deliveries of base milk and excess milk by each producer, (2) the number of days deliveries are made and if less than a full calendar month, the date of first and last delivery, (3) the average butterfat content of such milk, and (4) the net amount of such handler's payment to each producer or a cooperative association, together with the prices paid, deductions and charges involved.

(b) On or before the first day other source milk is received, his intention to receive such milk and on or before the last day such milk is received, his intention to discontinue such receipts.

§ 988.32 *Records and facilities.* Each handler shall keep adequate records of receipts and utilization of skim milk and butterfat and shall, during the usual hours of business, make available to the market administrator or his representative such records and facilities as will enable the market administrator to (a) verify the receipts and utilization of all skim milk and butterfat and, in case of errors or omissions, ascertain the correct figures; (b) weigh, sample, and test for butterfat content all milk and milk products handled; (c) verify payment to producers; and (d) make such examinations of operations, equipment, and facilities, as are necessary and essential to the proper administration of this part or any amendments thereto.

§ 988.33 *Retention of records.* All books and records required under this part to be made available to the market administrator shall be retained by the handler for a period of three years to begin at the end of the month to which such books and records pertain: *Provided,* That if, within such three-year period, the market administrator notifies the handler in writing that the retention of such books and records, or of specified books and records, is necessary in connection with a proceeding under section 8c (15) (A) of the act or a court action specified in such notice, the handler shall retain such books and records, or specified books and records, until further written notification from the market administrator. In either case the market administrator shall give further written notification to the handler promptly, upon the termination of the litigation or when the records are no longer necessary in connection therewith.

CLASSIFICATION OF MILK

§ 988.40 *Basis of classification.* All skim milk and butterfat contained in (a) receipts at a fluid milk plant(s), within such delivery period, of (1) producer milk, (2) skim milk and butterfat in any form from other handlers, and (3) other source milk, and (b) milk diverted pursuant to § 988.10 (b) shall be classified by the market administrator in the classes set forth in § 988.41.

§ 988.41 *Classes of utilization.* Subject to the conditions set forth in § 988.42 through § 988.45 the classes of utilization shall be as follows:

(a) Class I milk shall be all skim milk and butterfat (1) disposed of in fluid form (except for livestock feed) as milk, skim milk, buttermilk, flavored milk, flavored milk drinks, cream and any cream product, except ice cream mix and (2) not specifically accounted for as Class II milk.

(b) Class II milk shall be all skim milk and butterfat: (1) Used to produce any item other than those specified in paragraph (a) of this section; (2) in inventory variation; (3) disposed of for livestock feed; (4) in actual plant shrinkage of skim milk and butterfat received in producer milk, but not in excess of 2.5 percent of such receipts of skim milk and butterfat, respectively, and (5) in actual plant shrinkage of skim milk and butterfat, respectively, in other source milk received: *Provided,* That if producer milk and other source milk are both received in a fluid milk plant during the same delivery period the shrinkage of skim milk and butterfat, respectively, allocated to producer milk and other source milk shall be computed pro rata according to the proportions of the volumes of skim milk and butterfat, respectively, received from such sources to their total.

§ 988.42 *Responsibility of handlers and reclassification of milk.* (a) All skim milk and butterfat shall be classified as Class I milk, unless the handler who first receives such skim milk or butterfat proves to the market administrator that such skim milk or butterfat should be classified in Class II.

(b) Any skim milk or butterfat classified (except that transferred to a producer-handler) in one class shall be reclassified if used or reused by such handler or by another handler in another class.

§ 988.43 *Transfers.* Skim milk or butterfat disposed of by a handler either by transfer or diversion shall be classified:

(a) As Class I milk if transferred or diverted in the form of milk, skim milk, or cream to a fluid milk plant of another handler (except a producer-handler), unless utilization in Class II is mutually indicated in writing to the market administrator by both handlers on or before the 6th day after the end of the delivery period within which such transaction occurred, but in no event shall the amount classified in any class exceed the total use in such class by the transferee-handler: *Provided,* That if either or both handlers have received other source milk, such milk so disposed of shall be classified at both plants so as to return the higher class utilization to producer milk.

(b) As Class I milk if transferred or diverted in the form of milk, skim milk, or cream to a producer-handler.

(c) As Class I milk if transferred or diverted in the form of milk, skim milk, or cream to a nonfluid milk plant, except that of a producer-handler, unless (1) the handler claims Class II on the basis of a utilization mutually indicated in writing to the market administrator by both the operator of the nonfluid milk plant and the handler on or before the 6th day after the end of the delivery

period within which such transfer occurred, (2) the operator of the nonfluid milk plant maintains books and records showing the utilization of all skim milk and butterfat at such plant which are made available if requested by the market administrator for the purpose of verification, and (3) not less than an equivalent amount of skim milk and butterfat was actually utilized in such plant in the use indicated in such statement: *Provided*, That if upon inspection of the records of such plant it is found that an equivalent amount of skim milk and butterfat was not actually used in such indicated use the remaining pounds shall be classified as Class I: *Provided further*, That if such plant disposes of fluid cream to another nonfluid milk plant which conforms with the requirements of subparagraph (1) (2) and (3) of this paragraph, such cream shall be classified as Class II milk.

§ 988.44 *Computation of skim milk and butterfat in each class.* For each delivery period, the market administrator shall correct for mathematical and other obvious errors the delivery period report submitted by each handler and compute the total pounds of skim milk and butterfat, respectively, in Class I milk and Class II milk for such handler.

§ 988.45 *Allocation of skim milk and butterfat classified.* (a) The pounds of skim milk remaining in each class after making the following computations for each handler for each delivery period shall be the pounds in such class allocated to producer milk received by such handler:

(1) Subtract the shrinkage of skim milk, computed pursuant to § 988.41 (b) (4) from the total pounds of skim milk in Class II milk;

(2) Subtract from the pounds of skim milk remaining in each class, in series beginning with the lowest price Class II milk, the pounds of skim milk in other source milk;

(3) Subtract from the pounds of skim milk remaining in each class the pounds of skim milk received from other handlers and assigned to such class pursuant to § 988.43 (a);

(4) Add to the pounds of skim milk remaining in Class II milk the pounds of skim milk subtracted pursuant to subparagraph (1) of this paragraph; or if the pounds of skim milk remaining in all classes exceed the pounds of skim milk in producer milk, subtract such excess from the pounds of skim milk remaining in each class, in series beginning with Class II.

(b) Allocate the pounds of butterfat in each class to producer milk in the same manner prescribed for skim milk in paragraph (a) of this section.

(c) Add the pounds of skim milk and the pounds of butterfat allocated to producer milk in each class, respectively, as computed pursuant to paragraphs (a) and (b) of this section, and determine the percentage of butterfat in each class.

MINIMUM PRICES

§ 988.50 *Basic formula price.* The basic formula price per hundredweight (computed to the nearest tenth of a cent) to be used in determining the price for Class I milk pursuant to § 988.51 shall be the highest of the prices per hundredweight for milk of 4.0 percent butterfat content computed pursuant to paragraph (a), (b), or (c) of this section, or § 988.51 (b).

(a) To the arithmetical average of the basic (or field) prices reported to have been paid or to be paid per hundredweight for milk of 3.5 percent butterfat content received from farmers during the delivery period at the following plants or places for which prices have been reported to the market administrator or to the Department of Agriculture on or before the 6th day after the end of the delivery period by the companies listed below:

Company and Location
Borden Co., Black Creek, Wis.
Borden Co., Greenville, Wis.
Borden Co., Mount Pleasant, Mich.
Borden Co., New London, Wis.
Borden Co., Orfordville, Wis.
Carnation Co., Berlin, Wis.
Carnation Co., Jefferson, Wis.
Carnation Co., Chilton, Wis.
Carnation Co., Oconomowoc, Wis.
Carnation Co., Richland Center, Wis.
Carnation Co., Sparta, Mich.
Pet Milk Co., Belleville, Wis.
Pet Milk Co., Coopersville, Mich.
Pet Milk Co., Hudson, Mich.
Pet Milk Co., New Glarus, Wis.
Pet Milk Co., Wayland, Mich.
White House Milk Co., Manitowoc, Wis.
White House Milk Co., West Bend, Wis.

add an amount computed by multiplying the butterfat differential computed pursuant to § 988.85 by 5.

(b) The price per hundredweight computed as follows:

(1) Multiply by 6 the average daily wholesale price per pound of 92-score butter in the Chicago market as reported by the Department of Agriculture during the delivery period;

(2) Add an amount equal to 2.4 times the arithmetical average of the weekly prevailing price per pound of "Twins" during the delivery period on the Wisconsin Cheese Exchange at Plymouth, Wisconsin: *Provided*, That if the price of "Twins" is not quoted on such Exchange the weekly prevailing price per pound of "Cheddars" shall be used; and

(3) Divide by 7, add 30 percent thereof, and then multiply by 4.

(c) The price per hundredweight computed as follows: Multiply by 4.0 the arithmetical average of daily wholesale prices per pound of 92-score butter in the Chicago market, as reported by the Department of Agriculture during the delivery period, add 20 percent thereof, and add to such sum 3¾ cents for each full ½ cent that the arithmetical average of carlot prices per pound of nonfat dry milk solids (not including that specifically designated animal feed), spray and roller process, f. o. b. Chicago area manufacturing plants, as reported by the Department of Agriculture during the delivery period, is above 5 cents: *Provided*, That if such f. o. b. manufacturing plant prices of nonfat dry milk solids are not reported there shall be used for the purpose of such computation the arithmetical average of the carlot prices of nonfat dry milk solids delivered at Chicago, Illinois, as reported by the Department of Agriculture during the delivery period; and in the latter event the "5 cents" shall be increased by 1 cent.

§ 988.51 *Class prices.* Subject to the provisions of § 988.52 each handler shall pay producers, at the time and in the manner set forth in § 988.80 through § 988.86, not less than the prices per hundredweight computed as follows for the respective quantities of Class I milk and Class II milk computed pursuant to § 988.45:

(a) *Class I Milk.* The price for Class I milk prior to August 1, 1951, shall be the basic formula price plus $1.30 per hundredweight. Effective August 1, 1951, the price for Class I milk shall be the basic formula price plus $1.50 per hundredweight: *Provided*, That, if during the 12 months prior to the month immediately preceding each delivery period, the total volume of milk received from producers by all handlers was more than 110 percent of the total Class I utilization of all handlers during such 12-month period, the Class I price shall be decreased 2.5 cents per hundredweight for each full percentage point that such percentage is more than 110 percent.

(b) *Class II milk.* The price for Class II milk shall be the arithmetical average of the basic (or field) prices reported to have been paid or to be paid per hundredweight for milk of 4.0 percent butterfat content received from farmers during the delivery period at the following plants or places for which prices have been reported to the market administrator or to the Department of Agriculture on or before the 6th day after the end of the delivery period by the companies indicated below:

Company and Location
Pet Milk Co., Mayfield, Ky.
Pet Milk Co., Bowling Green, Ky.
Pet Milk Co., Greenville, Tenn.
Pet Milk Co., Abingdon, Va.
Carnation Co., Murfreesboro, Tenn.
Carnation Co., Statesville, N. C.
Carnation Co., Galax, Va.
Borden Co., Lewisburg, Tenn.
Borden Co., Chester, S. C.

§ 988.52 *Butterfat differential to handlers.* If the weighted average butterfat test of that portion of producer milk which is classified, respectively, in any class of utilization for a handler, pursuant to § 988.45, is more or less than 4.0 percent, there shall be added to, or subtracted from, as the case may be, the price for such class of utilization, for each one-tenth of 1 percent that such weighted average butterfat test is above or below, respectively, 4.0 percent, a butterfat differential (computed to the nearest 10th of a cent), calculated for each class of utilization as follows:

(a) *Class I milk.* Multiply by 1.3 the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the Department of Agriculture during the delivery period, and divide the result by 10.

(b) *Class II milk.* Multiply by 1.15 the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the Department of Agriculture during the delivery period, and divide the result by 10.

DETERMINATION OF BASE

§ 988.60 *Computation of daily average base for each producer.* For the months of April through August of each year the market administrator shall compute a daily average base for each producer as follows, subject to the rules set forth in § 988.61.

(a) Divide the total pounds of milk received by a handler(s) from such producer during the months of September through February immediately preceding by the number of days from the first day of delivery by such producer during such months to the last day of February, inclusive, but not less than 120 days.

§ 988.61 *Base rules.* The following rules shall apply in connection with the establishment of bases:

(a) A base shall apply to deliveries of milk by the producer for whose account that milk was delivered during the base forming period;

(b) Bases may be transferred by notifying the market administrator in writing before the last day of any month for which such base is to be transferred to the person named in such notice only as follows:

(1) In the event of the death, retirement, or entry into military service of a producer, the entire base may be transferred to a member(s) of such producer's immediate family who carries on the dairy operations.

(2) If a base is held jointly and such joint holding is terminated, the entire base may be transferred to one of the joint holders.

§ 988.62 *Announcement of established bases.* On or before April 1, of each year, the market administrator shall notify each producer and the handler receiving milk from such producer the daily base established by such producer.

DETERMINATION OF UNIFORM PRICES TO PRODUCERS

§ 988.70 *Computation of value of milk.* The value of producer milk received during each delivery period by each handler shall be a sum of money computed by the market administrator by multiplying the pounds of such milk in each class for the delivery period by the applicable class price adjusted by the butterfat differential to handlers specified in § 988.52 and adding together the resulting amounts: *Provided*, That if a handler, after subtracting receipts of other source milk and receipts from other handlers, has disposed of skim milk or butterfat in excess of the skim milk or butterfat which has been credited to producers as having been received from them, there shall be added any plus amount computed by multiplying the pounds in each class as subtracted pursuant to paragraphs (a) (4) and (b) of § 988.45 by the applicable class price adjusted by the butterfat differentials to handlers specified in § 988.52.

§ 988.71 *Computation of uniform price.* For the delivery periods of September through March the market administrator shall compute the uniform price per hundredweight for producer milk, on the basis of 4.0 percent butterfat content, as follows:

(a) Combine into one total the value computed pursuant to § 988.70 for all handlers who made the reports prescribed by § 988.30 for such delivery period, except those in default of payments required pursuant to § 988.82 for the preceding delivery period;

(b) Subtract if the average butterfat content of producer milk represented by the values included under paragraph (a) of this section is greater than 4.0 percent, or add, if such average butterfat content is less than 4.0 percent, an amount computed as follows: Multiply the amount by which the average butterfat content of such milk varies from 4.0 percent by the butterfat differential computed pursuant to § 988.85, and multiply the result by the total hundredweight of such milk;

(c) Add an amount representing the cash balance on hand in the producer-settlement fund, less the total amount of contingent obligations to handlers pursuant to § 988.83;

(d) Divide the resulting amount by the total hundredweight of producer milk included in these computations; and

(e) Subtract not less than 4 cents nor more than 5 cents for the purpose of retaining in the producer-settlement fund a cash balance to provide against delinquencies in payments by handlers. This result shall be known as the "uniform price" per hundredweight for such delivery period for producer milk containing 4.0 percent butterfat, f. o. b. fluid milk plant.

§ 988.72 *Computation of uniform prices for base milk and excess milk.* Following April 1, 1952, for each of the delivery periods of April through August, the market administrator shall compute the uniform prices per hundredweight for base milk and for excess milk, each of 4.0 percent butterfat content, as follows:

(a) Combine into one total the value computed pursuant to § 988.70 for all handlers who made the reports prescribed by § 988.30 for such delivery period, except those in default of payment required pursuant to § 988.82 for the preceding delivery period;

(b) Subtract if the average butterfat content of producer milk represented by the values included under paragraph (a) of this section is greater than 4.0 percent, or add, if such average butterfat content is less than 4.0 percent, an amount computed as follows: Multiply the amount by which the average butterfat content of such milk varies from 4.0 percent by the butterfat differential computed pursuant to § 988.85, and multiply the result by the total hundredweight of such milk;

(c) Add an amount representing the cash balance on hand in the producer-settlement fund, less the total amount of contingent obligations to handlers pursuant to § 988.83;

(d) Compute the value on a 4.0 percent butterfat basis of the aggregate quantity of excess milk for all handlers included in the computation pursuant to paragraph (a) of this section by multiplying the hundredweight of such milk not in excess of the total quantity of Class II milk included in such computation by the price for Class II milk of 4.0 percent butterfat content, multiplying the hundredweight of such milk in excess of the total hundredweight of such Class II milk by the price for Class I milk of 4.0 percent butterfat content, and adding together the resulting amounts;

(e) Divide the total value of excess milk obtained in paragraph (d) of this section by the total hundredweight of such milk, and adjust to the nearest cent. The resulting figure shall be the uniform price for excess milk of 4.0 percent butterfat content received from producers.

(f) Subtract the value of excess milk determined by applying the uniform price obtained in paragraph (e) of this section from the value of all milk obtained in paragraph (c) of this section;

(g) Divide the amount obtained in paragraph (f) of this section by the total hundredweight of base milk included in these computations;

(h) Subtract not less than 4 cents nor more than 5 cents from the amount computed pursuant to paragraph (g) of this section. The resulting figure shall be the uniform price for base milk of 4.0 percent butterfat content received from producers.

§ 988.73 *Notification of handlers.* On or before the 10th day after the end of each delivery period, the market administrator shall mail to each handler, at his last known address, a statement showing:

(a) The amount and value of his producer milk in each class and the totals thereof;

(b) For the months of April through August the amounts and value of his base and excess milk respectively, and the totals thereof;

(c) The uniform price(s) computed pursuant to §§ 988.71 and 988.72 and the butterfat differential computed pursuant to § 988.85; and

(d) The amounts to be paid by such handler pursuant to §§ 988.82, 988.87 and and 988.88.

PAYMENTS

§ 988.80 *Time and method of payment for producer milk.* (a) On or before the last day of each delivery period each handler shall make payment to each producer for milk received from him during the first 15 days of such delivery period at not less than the Class II price per hundredweight for the preceding delivery period: *Provided*, That with respect to producers whose milk was caused to be delivered to such handler by a cooperative association which is authorized to collect payment for such milk, the handler shall pay such cooperative association on or before the 2d day before the end of each delivery period an amount equal to the sum of the individual payments otherwise payable to such producers in accordance with this paragraph.

(b) On or before the 15th day after the end of each delivery period each handler shall make payment to each producer for milk which was received from him during the delivery period at not less than the uniform price computed pursuant to § 988.71, if such de-

livery period is any of the months of September through March, or at not less than the uniform price for base milk computed pursuant to § 988.72 with respect to base milk received from such producer and at not less than the uniform price for excess milk computed pursuant to § 988.72 with respect to excess milk received from such producer, if such delivery period is any of the months of April through August, subject to the following adjustments: (1) The butterfat differential pursuant to § 988.85, (2) less payment made pursuant to paragraph (a) of this section, (3) less marketing service deductions pursuant to § 988.88, (4) less deductions authorized in writing by the producer, and (5) adjusted for any error in calculating payment to such individual producer for past delivery periods: *Provided*, That if such handler has not received full payment for such delivery period pursuant to § 988.83 he may reduce uniformly per hundredweight for all producers his payments pursuant to this paragraph by an amount not in excess of the per hundredweight reduction in payment from the market administrator: *Provided further*, That the handler shall make such balance of payment to those producers to whom it is due on or before the date for making payments pursuant to this paragraph next following that on which such balance of payment is received from the market administrator: *And provided further*, That with respect to producers whose milk was caused to be delivered to such handler by a cooperative association which is authorized to collect payment for such milk, the handler shall pay such cooperative association, on or before the 13th day after the end of each delivery period, an amount equal to the sum of the individual payments otherwise payable to such producers in accordance with this paragraph.

§ 988.81 *Producer-settlement fund.* The market administrator shall establish and maintain a separate fund known as the "producer-settlement fund" into which he shall deposit all payments made by handlers pursuant to §§ 988.82 and 988.84, and out of which he shall make all payments pursuant to §§ 988.83 and 988.84: *Provided*, That payments due to any handler shall be offset by payments due from such handler.

§ 988.82 *Payments to the producer-settlement fund.* On or before the 12th day after the end of each delivery period, each handler shall pay to the market administrator any amount by which the total value of his milk computed pursuant to § 988.70 for such delivery period is greater than the value of milk received by such handler from producers during the delivery period, computed at the applicable minimum uniform prices as specified in § 988.71 and § 988.72 adjusted for the butterfat differential provided for in § 988.85.

§ 988.83 *Payments out of the producer-settlement fund.* On or before the 13th day after the end of each delivery period, the market administrator shall pay to each handler, for payment to producers, or a cooperative association, any amount by which the total value of his milk computed pursuant to § 988.70 for such delivery period is less than the value of milk received by such handler from producers during the delivery period, computed at the applicable minimum uniform prices as specified in §§ 988.71 and 988.72 adjusted for the butterfat differential provided for in § 988.85. If at such time the balance in the producer-settlement fund is insufficient to make all payments pursuant to this section, the market administrator shall reduce uniformly per hundredweight such payments and shall complete such payments as soon as the necessary funds are available.

§ 988.84 *Adjustment of errors in payment.* Whenever verification by the market administrator of payments by any handler dicloses errors made in payments to the producer-settlement fund pursuant to § 988.82, the market administrator shall promptly bill such handler for any unpaid amount and such handler shall, within 15 days, make payment to the market administrator of the amount so billed. Whenever verification discloses that payment is due from the market administrator to any handler, pursuant to § 988.83, the market administrator shall, within 15 days, make such payment to such handler. Whenever verification by the market administrator of the payment by a handler to any producer or cooperative association for milk received by such handler discloses payment of less than is required by § 988.80, the handler shall pay such balance due such producer or cooperative association not later than the time of making payment to producers or cooperative associations next following such disclosure.

§ 988.85 *Butterfat differential to producers.* If, during the delivery period, any handler has received, from any producer or cooperative association, milk having an average butterfat content other than 4.0 percent, such handler, in making payments prescribed in § 988.80 (b), shall add to the uniform price(s) per hundredweight paid to such producer or cooperative association for each one-tenth of 1 percent that the average butterfat content of such milk is above 4.0 percent not less than, or may deduct from the uniform price(s) per hundredweight for each one-tenth of 1 percent that the average butterfat content of such milk is below 4.0 percent not more than, an amount computed as follows: Multiply by 1.2 the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the Department of Agriculture during the delivery period, and divide the result by 10, and then adjust to the nearest one-tenth of a cent.

§ 988.86 *Statement to producers.* In making payments required by § 988.80 each handler shall furnish each producer or cooperative association with a supporting statement in such form that it may be retained by the producer or cooperative association which shall show:

(a) The delivery period and the identity of the handler and of the producer;

(b) The total pounds and the average butterfat content of milk delivered by the producer including for the months of April through August, the pounds of base milk and excess milk;

(c) The minimum rate or rates at which payment to the producer is required under the provisions of §§ 988.80 and 988.85;

(d) The rate which is used in making the payment if such rate is other than the applicable minimum;

(e) The amount or the rate per hundredweight of each deduction claimed by the handler including any deduction made pursuant to § 988.88, together with a description of the respective deductions; and

(f) The net amount of payment to the producer or cooperative association.

§ 988.87 *Expense of administration.* as his pro rata share of the expense of the administration of this part, each handler shall pay to the market administrator, on or before the 15th day after the end of each delivery period, 4 cents per hundredweight or such lesser amount as the Secretary may prescribe, with respect to receipts, during the delivery period, of (a) milk from producers (including such handler's own production), and (b) other source milk received at a fluid milk plant: *Provided*, That each cooperative association shall pay such pro rata expense on only that milk of producers for which it is a handler.

§ 988.88 *Marketing services.* (a) Except as set forth in paragraph (b) of this section, each handler in making payments to producers pursuant to § 988.80 (b), shall deduct 6 cents per hundredweight or such lesser amount as the Secretary may prescribe, with respect to all milk received by such handler from producers, excepting such handler's own farm production, during the delivery period, and shall pay such deductions to the market administrator not later than the 15th day after the end of the delivery period. Such moneys shall be used by the market administrator to verify weights, samples, and tests of milk received by handlers from such producers during the delivery period and to provide such producers with market information. Such services shall be performed in whole or in part by the market administrator or by an agent engaged by and responsible to him.

(b) *Producers' cooperative associations.* In the case of producers for whom a cooperative association is actually performing, as determined by the Secretary, the services set forth in paragraph (a) of this section, each handler shall make, in lieu of the deductions specified in paragraph (a) of this section, such deductions as are authorized by such producers and, on or before the 15th day after the end of each delivery period, pay over such deductions to the association rendering such services.

§ 988.89 *Termination of obligations.* The provisions of this section shall apply to any obligation under this part for the payment of money irrespective of when such obligation arose, except an obligation involved in an action instituted before December 1, 1951, under section 8c (15) (A) of the act or before a court.

(a) The obligation of any handler to pay money required to be paid under the terms of this order, shall, except as provided in paragraphs (b) and (c) of this section, terminate two years after the last day of the calendar month during which the market administrator receives the handler's utilization report on the milk involved in such obligation, unless within such two-year period the market administrator notifies the handler in writing that such money is due and payable. Service of such notice shall be complete upon mailing to the handler's last known address, and it shall contain but need not be limited to, the following information:

(1) The amount of the obligation;

(2) The month(s) during which the milk, with respect to which the obligation exists, was received or handled; and

(3) If the obligation is payable to one or more producers or to an association of producers, the name of such producer(s) or association of producers, or if the obligation is payable to the market administrator, the account for which it is to be paid.

(b) If a handler fails or refuses, with respect to any obligation under this part, to make available to the market administrator or his representatives all books and records required by this part to be made available, the market administrator may, within the two-year period provided for in paragraph (a) of this section, notify the handler in writing of such failure or refusal. If the market administrator so notifies a handler, the said two-year period with respect to such obligation shall not begin to run until the first day of the calendar month following the month during which all such books and records pertaining to such obligation are made available to the market administrator or his representatives.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, a handler's obligation under this order to pay money shall not be terminated with respect to any transaction involving fraud or willful concealment of a fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed.

(d) Any obligation on the part of the market administrator to pay a handler any money which such handler claims to be due him under the terms of this part shall terminate two years after the end of the calendar month during which the milk involved in the claim was received if an underpayment is claimed, or two years after the end of the calendar month during which the payment (including deduction or set-off by the market administrator) was made by the handler if a refund on such payment is claimed, unless such handler, within the applicable period of time, files, pursuant to section 8c (15) (A) of the act, a petition claiming such money.

APPLICATION OF PROVISIONS

§ 988.90 *Producer-handlers.* Sections 988.40 through 988.45, 988.50 through 988.52, 988.60 through 988.62, 988.70 through 988.73, 988.80 through 988.88 shall not apply to a producer-handler.

EFFECTIVE TIME, SUSPENSION OR TERMINATION

§ 988.100 *Effective time.* The provisions of this part, or any amendments to this part, shall become effective at such time as the Secretary may declare and shall continue in force until suspended or terminated.

§ 988.101 *Suspension or termination.* The Secretary shall suspend or terminate any or all of the provisions of this part, whenever he finds that it obstructs or does not tend to effectuate the declared policy of the act. This part shall, in any event, terminate whenever the provisions of the act authorizing it cease to be in effect.

§ 988.102 *Continuing power and duty of the market administrator.* (a) If, upon the suspension or termination of any or all of the provisions of this part, there are any obligations arising hereunder, the final accrual or ascertainment of which requires further acts by any handler, by the market administrator, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspension or termination: *Provided*, That any such acts required to be performed by the market administrator shall, if the Secretary so directs, be performed by such other person, persons, or agency as the Secretary may designate.

(b) The market administrator, or such other person as the Secretary may designate shall (1) continue in such capacity until discharged by the Secretary; (2) from time to time account for all receipts and disbursements and deliver all funds or property on hand, together with the books and records of the market administrator, or such person, to such person as the Secretary shall direct; and (3) if so directed by the Secretary execute such assignments or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant thereto.

§ 988.103 *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions of this part, the market administrator or such person as the Secretary may designate shall, if so directed by the Secretary, liquidate the business of the market administrator's office, and dispose of all funds and property then in his possession or under his control, together with claims for any funds which are unpaid or owing at the time of such suspension or termination. Any funds collected pursuant to the provisions of this part, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating and distributing such funds, shall be distributed to the contributing handlers and producers in an equitable manner.

MISCELLANEOUS PROVISIONS

§ 988.110 *Separability of provisions.* If any provision of this part, or its application to any person or circumstances, is held invalid, the application of such provision, and of the remaining provisions of this part, to other persons or circumstances shall not be affected thereby.

§ 988.111 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States to act as his agent or representative in connection with any of the provisions of this part.

CIVIL AERONAUTICS BOARD

[14 CFR Parts 3, 42]

MAXIMUM WEIGHTS FOR C-46 AIRPLANES

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the Civil Aeronautics Board has under consideration the adoption of a proposed Special Civil Air Regulation as hereinafter set forth.

Interested persons may participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should be submitted in duplicate to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C. All communications received by August 15, 1951, will be considered by the Board before taking further action on the proposed rule. Copies of such communications will be available after August 17, 1951, for examination by interested persons at the Docket Section of the Board, Room 5412, Commerce Building, Washington, D. C.

The C-46 airplane was originally used by the armed forces as a military transport type and was made available for civil use in 1947. To place these airplanes into civil operation it was necessary to obtain type certification by showing compliance with pertinent provisions of the Civil Air Regulations. It became apparent that these airplanes could not meet the requirements of the transport category at weights sufficiently high to allow economic operations, but that they could meet the nontransport category requirements. Five individual applications for type certification were made, and, as a result, there are now in existence five different type certificates. Certification of the C-46 under provisions other than those prescribed for the transport category made the C-46 ineligible for the carriage of passengers in scheduled operations, except as otherwise authorized by the Board. Thus, the majority of existing airplanes of this type are now either in cargo or in irregular passenger service.

The accident record of the C-46 in civil operations disclosed a relatively high accident rate. An analysis of the accidents indicates that certain deficiencies in performance of the C-46 have been an important factor. It is evident that at the weights permitted for the C-46 the performance level of safety for this type airplane is lower than that of airplanes fully certificated under the transport category. The maximum

weights prescribed in the five type certificates vary between 42,500 and 48,000 pounds. To evaluate the performance of the C–46 airplane at these permissible weights as compared with that of the transport category, the Administrator of Civil Aeronautics conducted special flight tests in accordance with the transport category performance requirements. These tests showed that the performance obtained from the C–46 at currently authorized weights is substantially lower than that which would be attained if the transport category performance requirements were applied in full. In particular, at 48,000 pounds, the take-off performance is insufficient for the airplane to continue flight if one of the engines should fail during the critical phase of the take-off, and in addition, the airplane at such weight, will not meet the single engine en route performance requirements of Part 3. The Administrator's tests do show, however, that the airplane will meet the Part 3 requirements at a maximum weight of 45,800 pounds although the full transport category performance requirements will still not be met in full. These latter requirements can be met only at weights below 40,000 pounds. In this connection it was ascertained that the maximum weight of 48,000 pounds allowed for certain airplanes of this type was based upon tests conducted under exceptionally favorable conditions. In view of these considerations, the Board believes that for passenger operation some of the currently authorized weights result in inadequate performance. Accordingly, the Board proposes to increase such performance in commercial passenger operations by lowering certain of the presently allowable maximum weights.

For these reasons the Board is proposing that on the effective date of this regulation, in respect of commercial passenger operations, the authorized maximum weight of certain of the currently certificated C–46 airplanes be substantially reduced, and that one year from such date it be still further reduced in accordance with the standards established by this regulation. In order to make certain that the maximum weights will not be exceeded inadvertently, the proposed regulation also requires that all C–46 type airplanes be reweighed under the supervision of the Administrator. It will be noted that the regulation will require that such weighing take place within the 60 days preceding October 1, 1951, the effective date of the proposed regulation. The Board has been advised by the Administrator that he is prepared to undertake his portion of this work immediately.

It is therefore proposed to issue a Special Civil Air Regulation to become effective October 1, 1951, to read as follows:

1. No C–46 type airplane shall be used for the carriage of persons or property for remuneration or hire unless, subsequent to August 1, 1951, it has been reweighed under the supervision of the Administrator.

2. The maximum weight of all C–46 type airplanes used for the carriage of passengers for remuneration or hire shall be limited to a value determined in compliance with the provisions of Part 3 of the Civil Air Regulations, except that in no case shall the maximum weight be greater than 45,800 pounds for models equipped with P & W R–2800 series engines. Where application is made for the upward adjustment of maximum weights from presently effective values which are lower than 45,800 pounds, such adjustment shall be substantiated by flight tests which the Administrator finds necessary.

3. After October 1, 1952, the maximum weight of all C–46 type airplanes used in the carriage of passengers for remuneration or hire shall be further limited to a value corresponding with a rate of climb not less than zero at sea level in the take-off configuration with the landing gear retracted and the propeller windmilling, except that in no case shall the maximum weight be greater than 43,500 pounds for models equipped with P&W R–2800 series engines.

4. The maximum weight of all C–46 type airplanes used for the carriage of cargo only shall be limited to those values presently permitted, as listed in the pertinent Aircraft Specifications, except that for airplanes which are equipped with engines other than the P&W R–2800 series, the maximum weight shall be limited to a value determined in compliance with the provisions of Part 3 of the Civil Air Regulations.

This regulation shall terminate December 31, 1953, unless sooner superseded or rescinded.

This amendment is proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 601–610, 52 Stat. 1007–1012; 49 U. S. C. 551–560)

Dated: July 6, 1951, at Washington, D. C.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN, *Secretary.*

FEDERAL POWER COMMISSION

[18 CFR Part 34]

[Docket No. R–123]

REQUIREMENTS FOR PUBLIC INVITATION OF PROPOSALS FOR THE PURCHASE OR UNDERWRITING OF SECURITIES

NOTICE OF PROPOSED RULE MAKING

JULY 11, 1951.

(I) Notice is hereby given of proposed rule making in the above-entitled matter.

(II) Pursuant to the authority vested in it by the Federal Power Act (41 Stat. 1063, 49 Stat. 847, 16 U. S. C. 791–825r), and particularly sections 19 and 20 (41 Stat. 1073; 16 U. S. C. 812, 813), section 3 (16) (41 Stat. 1063, 49 Stat. 838, 16 U. S. C. 796), sections 204, 305, 308 and 309 (49 Stat. 850, 856 and 858, 16 U. S. C. 824c, 825d, 825g and 825h), thereof, and subject to the provisions of section 4 of the Administrative Procedure Act (60 Stat. 238, 5 U. S. C. 1003), the Commission proposes to amend Part 34 of the General Rules and Regulations (18 CFR Part 34) to prescribe revised requirements for public invitation of proposals for the purchase or underwriting of securities subject to the provisions of section 19, 20 or 204 of the Federal Power Act, as follows:

(III) Amend § 34.1a to read as follows:

§ 34.1a *Requirement of public invitation of proposals for the purchase or underwriting of securities*—(a) *Scope of this section.* This section shall apply to every issuance of a security, or securities, and assumption of obligation or liability as guarantor, endorser, surety, or otherwise, in respect to any security, or securities, of another person, for which Commission approval must be obtained, under the Federal Power Act, except where:

(1) Such securities are to be issued pro rata to existing holders of securities of the applicant or issuer pursuant to any preemptive right or in connection with any liquidation or reorganization; or

(2) Such securities consist of one or more bonds, notes, or other evidence of debt, of a maturity of ten years or less, to a commercial bank, insurance company, or similar institution not for resale to the public, provided no finder's fee or other fee, commission or remuneration is to be paid in connection therewith to any third person (except an associated service company charging only its costs of service) for negotiating the transaction; or

(3) The proceeds, to the issuer, of the securities will be less than $1,000,000; or

(4) The Commission, on application filed pursuant to § 34.2 (k) (2) (ii), finds that compliance with the competitive bidding requirements of paragraphs (b), (c) and (d) of this section would not be appropriate to assure that any fees, commissions, or other remuneration to be paid, directly or indirectly, in connection with the issue, sale, or distribution of such securities is consistent with the public interest. Such findings will be made only where the issuer has not engaged in negotiating for the sale or underwriting of the securities without having been authorized in writing by the Commission prior to such negotiation. Nothing in this section shall be deemed to preclude the Commission from entering any order which would otherwise be appropriate under applicable provisions of the act.

(b) *Public invitation for proposals.* Where the Commission grants an application for authorization and approval under section 204 (a) of the Federal Power Act, to issue and sell securities through competitive bidding, the applicant shall publicly invite sealed, written proposals for the purchase or underwriting of such securities at least one week, or such other period as the Commission may by order fix, prior to entering into any contract or agreement for the issuance or sale of any security, or assumption of obligation or liability as a guarantor, endorser, surety, or otherwise, in respect to any security of another person. Such invitations shall reserve the right to reject all bids and, among other things, describe the arrangements made for independent counsel for bidders. No bid shall be invited, or accepted, from any person who, prior to the submission of bids, has performed any service for compensation in connection with the proposed securities or who has or will receive any fee or compensation in connection with the proposed securities, nor shall any bid be invited or accepted involving a violation of section 305 (a) of the Federal Power Act, prohibiting officers and directors benefitting from or sharing in proceeds of securities. Such proposals as may be received in response to the public invitation shall not be opened at any time or place other than as specified in the invitation. The duly authorized representative of any person making any such proposal shall be entitled to be present at the opening of such proposals and to examine each proposal submitted. The invitation shall refer to the limitations herein prescribed.

(c) *Acceptance of bids.* After receiving and opening all bids submitted as provided in paragraph (b) of this section the applicant shall, within the period specified in the public invitation for proposals, unless all bids are rejected, accept that bid which shall be most favorable on the basis of the specifications set forth in the Commission's order. No bid shall be accepted from a person who directly or indirectly controls, or is controlled by, or is under the same common control with the applicant without approval by further order of the Commission. "Control" is used in this section as defined in § 101.02–5B of this chapter.

(d) *Statement of compliance.* Promptly after the opening of the proposals the applicant shall file a verified statement in writing, together with five conformed copies thereof, setting forth:

(1) The action taken to comply with the Commission's order of authorization and paragraphs (b) and (c) of this section, including a statement that the method of complying with the competitive bidding requirements as described in the application pursuant to the requirements of § 34.2 (k) (2) (i) has been carried out.

(2) A summary of the terms of the proposals received, including the name of each bidder or representative of a bidding group, the interest or dividend rate specified (where applicable), the price to be paid the issuer per share or per $100 principal amount, the cost of money to the issuer (except in the case of common stock), the name of the successful bidder, and the successful bidder's initial public offering price with the resulting yield to the public (except in the case of common stock), accompanied by a copy of each proposal received.

(IV) Amend paragraph (k) of § 34.2 to read as follows:

(k) A description of the method of issuing and selling the securities to be issued by the applicant or in respect of which the applicant is to assume any obligation or liability as guarantor, indorser, surety, or otherwise.

(l) Such description shall include a statement of whether:

(i) Such securities are to be issued pro rata to existing holders of securities of the applicant or issuer pursuant to any preemptive right or in connection with any liquidation or reorganization.

(ii) Such securities consist of one or more bonds, notes, or other evidences of debt, of a maturity of ten years or less, to a commercial bank, insurance company, or similar institution not for resale to the public, provided no finder's fee or other fee, commission or remuneration is to be paid in connection therewith to any third person (except an associated service company charging only its costs of service) for negotiating the transaction.

(iii) The proceeds, to the issuer or vendor, of the securities will be less than $1,000,000.

(iv) The proposed issuance of securities, or assumption of obligation or liability, by the applicant, has been exempted by the Commission from the competitive bidding requirements of § 34.1a (b), (c) and (d) by findings as referred to in § 34.1a (a) (4), or is the subject of an application for such exemption under subdivision (ii) of subparagraph (2) of this paragraph, which application has not been denied by the Commission.

(2) Except where the issuance of securities or assumption of obligation or liability falls within any of subdivisions (i), (ii) or (iii) of subparagraph (1) of this paragraph, the application shall either:

(i) Set forth the proposed method of complying with the competitive bidding requirements of § 34.1 a (b), (c) and (d), including summarization of the principal terms of the proposed invitation for bids and submitting a copy of the proposed invitation as part of Exhibit L to the application; or

(ii) Apply for exemption from the competitive bidding requirements of § 34.1a (b), (c) and (d) upon findings as referred to in § 34.1a (a) (4). Such an application may be made only where the issuer has not, prior to the filing of the application, engaged in any negotiation for the sale or underwriting of the securities and engages not to do so prior to Commission action on the application for exemption, and the application so shows, provided that engaging in negotiation may be permitted where the Commission has given its written authorization in advance. Such application for exemption may be filed as part of an application for securities approval, or as a separate application filed at any time prior to the filing of such an application for securities approval. (If separately filed, such separate application shall, nevertheless, be subject to the provisions of §§ 34.4 to 34.7, inclusive.) Such application for exemption shall show the specific grounds relied on as warranting the findings referred to in § 34.1a (a) (4). If an application for such exemption is denied by the Commission after the application for securities approval has been filed, the requirements of subdivision (i) of this subparagraph shall be complied with by amendment to the application.

(3) There shall also be set forth in the application or amendment thereto:

(i) The name and address of any person receiving or entitled to a fee for services (other than attorneys, accountants and similar technical services) in connection with the negotiation or consummation of the issuance or sale of securities, or for services in securing underwriters, sellers, or purchasers of securities, other than fees included in any competitive bid; the amount of each such fee; and facts showing the necessity of the services and that the fee does not exceed the customary fee for such services in arm's-length transactions and is reasonable in the light of the cost of rendering the service and any other relevant factors.

(ii) All facts showing or tending to show that the issuer or applicant directly or indirectly controls, or is controlled by, or is under the same common control as, any person named pursuant to the requirements of subdivision (i) of this subparagraph, or showing or tending to show the opposite. "Control" is used in this section as defined in § 101.02–5B of this chapter.

(V) Amend paragraph entitled "Exhibit L" under § 34.3 to read as follows:

Exhibit L. Copies of the proposed and of the published invitation of proposals for the purchase or underwriting of the securities to be issued, of any proposal received, and of any contract, underwriting, or other arrangement entered into for the sale or marketing of the securities. Where a contract or underwriting is not in final form so as to permit filing, a preliminary draft or a summary containing such identification of the parties thereto and such setting forth of the principal terms thereof as may be practicable, may be filed, pending filing of conformed copy in the form executed by final amendment to the application.

(VI) Amend § 34.9 to read as follows:

§ 34.9 *Commission action.* An application for approval under this part will ordinarily require a minimum of 30 days after it is filed to allow for public notice, investigation, opportunity for hearing, consideration by the Commission, and issuance of its order.

(VII) Any interested person may submit to the Federal Power Commission, Washington 25, D. C., on or before September 1, 1951, data, views and comments in writing concerning the proposed amendments. The Commission will consider these written submittals before acting upon the proposed amendments.

[SEAL] LEON M. FUQUAY, *Secretary.*

[F. R. Doc. 51–8252; Filed, July 18, 1951; 8:48 a. m.]

NOTICES

DEPARTMENT OF THE TREASURY

Bureau of Customs

ORGANIZATION, FUNCTIONS AND PROCEDURES

JULY 11, 1951.

The description of the organization, functions, and procedures of the Bureau of Customs published in the FEDERAL REGISTER of September 11, 1946 (11 F. R. 177A-18 to 177A-22),[1] in compliance with the provisions of section 3 (a) (1) and (2) of the Administrative Procedure Act (5 U. S. C. 1002), as amended by Treasury Decision 52098, 13 F. R. 7465, is further amended to read as follows:

ORGANIZATION, FUNCTIONS, AND PROCEDURES OF THE BUREAU OF CUSTOMS

Sec.
1. Central organization and functions.
2. Field organization and functions.
3. Delegations of authority.
4. Information.
5. Procedures.
6. Substantive rules.

SECTION 1. *Central organization and functions.* (a) The headquarters office of the Bureau of Customs, except the Division of Marine Administration, is located at 1512 H Street NW., Washington 25, D. C. The Division of Marine Administration is located at 811 Vermont Avenue NW., Washington 25, D. C.

(b) The Commissioner of Customs is in charge of the Bureau. He is appointed pursuant to law by the Secretary of the Treasury. The Commissioner is assisted by the following principal officers whose jurisdiction is indicated in a general way by their titles and the divisions or sections which they supervise:

(1) The Assistant Commissioner who has general administrative supervision and control, under the general direction of the Commissioner, over all the work of the Bureau, and acts as Commissioner when the Commissioner is absent.

(2) The Special Assistant to the Commissioner, who advises the Commissioner on all technical matters.

(3) The Deputy Commissioner, Division of Appraisement Administration, assisted by an Assistant Deputy Commissioner.

(4) The Deputy Commissioner, Division of Investigation, assisted by two Assistant Deputy Commissioners.

(5) The Deputy Commissioner, Division of Management and Controls, who supervises the work of the following sections, each of which is supervised by a section head:

(i) Budget and Management Section;
(ii) Fiscal Section;
(iii) Personnel Section;
(iv) Mail and Files Section;
(v) Messenger Section.

(6) The Chief of the Division of Classification, Entry, and Value, who supervises the work of the following sections, each of which is supervised by a section head:

(i) Entry and Value Section;
(ii) Tariff Classification Section.

(7) The Chief of the Division of Drawback, Enforcement, and Quotas, who supervises the work of the following sections, each of which is supervised by a section head:

(i) Enforcement Section;
(ii) Drawback and Bonds Section;
(iii) Quota Section.

(8) The Chief of the Division of Marine Administration who supervises the work of the following sections, each of which is supervised by a section head:

(i) Marine Section;
(ii) Documentation Section;
(iii) Admeasurement Section.

(9) The Chief, Division of Laboratories.

(10) The Chief, Division of Engineering and Weighing.

(11) The Air Coordinator.

(12) The Chief Counsel. (Under the supervision of the General Counsel for the Treasury Department, through an Assistant General Counsel.)

(c) The Commissioner of Customs, under the general direction of the Secretary of the Treasury, exercises general supervision over the activities of the Customs Field Service and the administration of the laws, Executive orders, and Presidential proclamations governing the importation of merchandise and baggage and the collection of duties and taxes due thereon, including countervailing duties to offset foreign subsidies and antidumping duties to offset unfair price competition; the entry, clearance, and report of arrival and the unlading of vessels, vehicles, and aircraft; the prevention and detection of smuggling of contraband and other types of merchandise, the arrest of persons engaged in smuggling operations and the seizure of merchandise, vessels, and vehicles involved; the exclusion from entry of prohibited articles and merchandise in excess of established quotas; the allowance of drawback on exported articles; the customs treatment of merchandise in foreign trade zones; the registration, enrollment and licensing of vessels of the United States engaged in foreign and domestic commerce; the admeasurement of vessels; the recording of instruments of title to vessels; the regulation of vessels in various trades; the protection of steerage passengers; the collection of tonnage taxes on vessels engaged in foreign commerce; the administrative imposition and collection of penalties for violations of such laws, including the granting of administrative relief under certain conditions; and other related matters. The Commissioner also supervises the activities of the customs field force in the enforcement of laws and regulations of other Government agencies affecting imports and exports.

(d) The functions of the Customs Service include many which are administered jointly with or on behalf of other agencies, departments, or bureaus. For the most part, such functions are prescribed by regulations cited or referred to in the Customs Regulations of 1943, as amended (19 CFR Ch. I), particularly Part 12 thereof. Among the joint regulations and regulations of other agencies administered in part by the Customs Service are those relating to the following matters:

Import and Export Control under Export Control Act of 1949; Neutrality Act of 1939; Gold Reserve Act; Atomic Energy Act.
Foreign Quarantine, Importation of Certain Articles.
Immigration Regulations.
Food, Drugs, Cosmetics; Insecticides, Fungicides, Rodenticides; Dangerous Caustic or Corrosive Substances.
Importation of Distilled Spirits, Wines and Malt Beverages, and Containers of Distilled Spirits.
Domestic Animals, Animal Products, and Feeding Material.
Federal Seed Act.
Importation of Teas.
Narcotic Drugs.
Etiological Agents and Vectors.
Importation of cats, dogs, monkeys, and Psittacine birds.
Foreign-Trade Statistics.
Customhouse Brokers.
Publication of North Atlantic Passenger Routes

(e) Certain functions which relate solely to the internal management of the Customs Service and which do not involve procedure necessary for the public to know or follow in dealing with the Customs Service are the subject matter of regulations contained in the Customs Manual of 1943, as amended, and certain special manuals, such as the Accounting Manual and Gauging Manual, which are not published in the FEDERAL REGISTER or otherwise distributed to the public.

(f) In addition to the principal functions of the Customs Service referred to in paragraphs (c), (d), and (e) of this section, other functions of the Customs Service, except those requiring secrecy in the public interest or relating solely to the internal management of the Service, are cited or referred to in the pertinent provisions of the regulations of the Bureau of Customs published in 19 CFR, Chapter I.

SEC. 2 *Field organization and functions.* (a) The field organization of the Customs Service includes the following field offices and principal officers; and the districts or areas assigned to each are as published in §§ 1.1 to 1.7, Customs Regulations of 1943, as amended (19 CFR, 1.1 to 1.7), or as hereinafter set forth:

(1) The office of the collector of customs is in the customhouse at the headquarters port of each customs collection district. A deputy collector of customs is in charge of each customs port of entry other than the headquarters port. The collector of customs is assisted by an assistant collector and at ports at which the amount of business and personnel are sufficient the office organization may be subdivided into two or more

[1] This material was formerly codified in 19 CFR, Part 100 but the codification of Part 100 was discontinued December 18, 1948 (13 F. R. 7881).

of the following divisions, each of which is headed by a deputy collector:

(i) Administrative Division;
(ii) Entry and Warehouse Division (except at the ports of New York and Philadelphia where the Entry Division and the Warehouse Division are separate);
(iii) Moneys and Accounts Division;
(iv) Mail Division;
(v) Liquidating Division;
(vi) Marine Division (at seaports and lakeports);
(vii) Outside Division (except New York);
(viii) Surveyor's office (at New York only) which handles the work elsewhere performed by the Outside Division;
(ix) Drawback Division (at New York only);
(x) Legal Division (at New York only) in charge of the solicitor to the collector and under the supervision of the chief counsel of the Bureau of Customs.

(2) The office of the Appraiser of Merchandise. There is an appraiser of merchandise at each port of entry.

(3) The office of the Comptroller of Customs. Each such office has jurisdiction over several customs collection districts and is under the supervision of a comptroller. The locations of such office and the area assigned to each are as published in § 1.4, Customs Regulations of 1943 (19 CFR 1.4), as amended.

(4) Laboratories and Branch Laboratories. The addresses of the laboratories and the customs collection districts served thereby are listed in § 1.7, Customs Regulations of 1943 (19 CFR 1.7), as amended.

(5) The offices of the Customs Agency Service. Each supervising customs agent is in charge of the customs investigative work in his district which may include several customs collection districts. A supervising Treasury attaché, Treasury attaché, or Treasury representative is in charge of each office of this service located in a foreign country. The Customs Agency districts and their respective headquarters offices are as published in § 1.5 of the Customs Regulations of 1943 (19 CFR 1.5), as amended. In addition to the headquarters office, suboffices may be located within a Customs Agency district. Each suboffice in the United States is headed by a customs agent in charge.

(6) The Customs Information Exchange, located in the Appraiser's Stores Building, 201 Varick Street, New York 14, New York, is under the immediate supervision of a director and is charged with the circulation within the Customs Service of information of general interest.

(b) Subject to compliance with the Customs Regulations of 1943 (19 CFR Ch. I), and other instructions issued from time to time by the Secretary of the Treasury and the Commissioner of Customs, and except as set out in paragraphs (c), (d), and (e) of this section, the collector of customs supervises the field administration in his district of all laws, regulations, Executive orders, and Presidential proclamations which it is the duty of the Customs Service to enforce. Subject to the general supervision of the collector, an assistant collector or deputy collector in charge has the same authority as the collector. Other deputy collectors exercise under supervision designated functions of the collector.

(c) There is an appraiser of merchandise at each port of entry whose duty it is to determine initially, subject to review only by the United States Customs Court, the statutory value of articles imported at that port. It is also the function of the appraiser to supervise the examination of merchandise offered for entry and to furnish the collector a description of the merchandise and any other information in his possession which will be helpful in the assessment of the proper rate of duty thereon. The appraiser also determines the value of merchandise seized for violation of law.

(d) The organization of the Customs Service includes comptrollers of customs whose duties are as set forth in section 523, Tariff Act of 1930 (19 U. S. C. 1523), and consist generally of examining and certifying collectors' accounts of receipts and disbursements of money and receipts and disposition of merchandise and of verifying all assessments of duties and allowances of drawback made by collectors in the liquidation of entries.

(e) Laboratories and branch laboratories under the supervision of the Chief, Division of Laboratories, in the central office in Washington, analyze official samples of imported merchandise, when necessary, for the purpose of aiding in the determination of the proper value and rate of duty for the merchandise represented by the sample or the determination of any other pertinent fact bearing on the admission of the merchandise into the United States.

SEC. 3. *Delegations of authority.* (a) Delegation of authority to the Commissioner of Customs and other officials in the central and field organizations of the Bureau was made by Order of the Secretary of the Treasury published in Treasury decision 52121, 14 F. R. 123, 227.[2] Pursuant to that order, the Commissioner, with the approval of the Secretary, has designated the Chief, Division of Drawback, Enforcement, and Quotas, and the Chief of the Division of Classification, Entry, and Value to make final decisions in certain matters as set forth in Treasury decision 52331 (14 F. R. 6534), as amended by Treasury decision 52394 (15 F. R. 589). Designations of field officers to perform certain functions have been made from time to time by amendments of the Customs Regulations of 1943 (19 CFR Ch. I). By Treasury decision 52209 (14 F. R. 2244), as amended by Treasury decision 52330 (14 F. R. 6533), the Commissioner, with the approval of the Secretary designated the Chief of the Division of Marine Administration and collectors of customs and other field officers to perform certain functions under the navigation laws transferred to the Commissioner of Customs by Reorganization Plan No. 3 of 1946. By virtue of the authority vested in the Secretary of the Treasury by section 2 of Reorganization Plan No. 26 of 1950, the Secretary on January 23, 1951 (16 F. R. 731), delegated to the Commissioner of Customs all the rights, privileges, powers, or duties to waive compliance with the provisions of the navigation laws administered by the Bureau of Customs vested in the Secretary by virtue of the Act of December 27, 1950 (Pub. Law 891, 81st Cong.).

(b) A collector of customs may delegate to his subordinates purely administrative functions, but may not delegate to any subordinate other than the assistant collector or a deputy collector any function the performance of which requires the use of discretion imposed upon him by law or delegated to him by the Secretary of the Treasury or the Commission of Customs. Such delegations do not relieve the collector of responsibility for the performance of the delegated functions.

(c) The duties of the appraiser, assistant appraiser, and acting appraiser, are set forth in section 500 (a), (d), and (f), Tariff Act of 1930 (19 U. S. C. 1500 (a), (d), (f)). Such of those duties as are purely ministerial and do not involve the use of discretion may be delegated to subordinates, but all determinations of value are subject to the approval of the appraiser or acting appraiser at the port at which the merchandise is entered or is under seizure.

SEC. 4. *Sources of and methods of securing information.* (a) The places at which and the methods whereby the public may secure official information in matters administered by the Bureau of Customs are as follows:

(1) Collectors of customs: A request for information relating to the activities or functions of a collector of customs may be addressed to him at the headquarters office of his district, or to a deputy collector at a port other than the headquarters port. Oral requests for information may be made at the customhouse in any port having jurisdiction over the subject matter of the request.

(2) Appraisers of merchandise: A request for information relating to the activities or functions of an appraiser of merchandise may be addressed to him at his office.

(3) Other field officials: A request for information relating to activities or functions of other field officials of the Customs Service than those specified in subparagraphs (1) and (2) of this paragraph may be addressed to the official in charge of the appropriate office having jurisdiction of the subject matter.

(4) Requests for information may also be addressed to the Commissioner of Customs, Washington 25, D. C.

(5) Oral requests may be made to any official of the central organization of the

[2] By Reorganization Plan No. 26 of 1950 (15 F. R. 4935), all the functions of all other officers of the Department of the Treasury and all functions of all agencies and employees of such Department (with certain exceptions not pertinent here) were transferred to the Secretary of the Treasury effective July 31, 1950. The Secretary of the Treasury by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521), directed that officers, employees, and agencies of the Treasury Department continue to perform the functions they were authorized to perform immediately prior to the effective date of the Reorganization Plan.

Bureau for information on a subject within the jurisdiction of that official.

(6) In cases of unusual importance requests for information may also be addressed to the Secretary of the Treasury, Treasury Department, Washington 25, D. C.

(b) No formal procedures for obtaining information relating to any matter within customs jurisdiction are required unless prescribed in the published regulations of the Bureau of Customs (19 CFR, Ch. I). However, to assure prompt action upon a request, there should be furnished all pertinent facts relevant to the subject matter of the inquiry or showing that the correspondent has a special interest entitling him to receive information which could not be disclosed to the general public.

(c) The disclosure of information in all cases shall be subject to the limitations and restrictions contained in Part 26 of the Customs Regulations of 1943 (19 CFR Part 26), and to such suspensions of disclosure as may be ordered from time to time for security reasons.

SEC. 5. *Procedures.* (a) No formal procedures other than those relating solely to internal agency management are required in connection with any function of the Customs Service except those described by, or referred to or cited in, the regulations published in 19 CFR, Chapter I, or regulations issued jointly by the Secretary of the Treasury, or the Commission of Customs with the approval of the Secretary of the Treasury, and the heads of other agencies, departments, or bureaus as referred to or cited in the published regulations of the Bureau of Customs.

(b) In general, required procedures and any required forms or documents for use in connection therewith are described or identified in the appropriate part of 19 CFR, Chapter I, although procedures, forms, or documents applicable to a given situation may be described, identified, or referred to in more than one part or section of that chapter. The part headings and section headings of the regulations are designated as a general index of subject matter with sufficient accuracy to enable related procedures, forms, or documents to be considered. Information regarding procedures, forms, or documents are set forth in the parts indicated below:

Part
1. Customs districts and ports.
2. Measurement of vessels.
3. Documentation of vessels.
4. Vessels in foreign and domestic trades.
5. Customs relations with contiguous foreign territory.
6. Air commerce regulations.
7. Customs relations with insular possessions and Guantanamo Bay Naval Station.
8. Liability for duties; entry of imported merchandise.
9. Importations by mail.
10. Articles conditionally free; subject to a reduced rate, etc.
11. Packing and stamping; marking, trademarks and trade names; copyrights.
12. Special classes of merchandise.
13. Sugars, sirups, and molasses; petroleum products; wool and hair.
14. Appraisement.
15. Relief from duties on merchandise lost, stolen, destroyed, injured, abandoned, or short-shipped.
16. Liquidation of duties.
17. Protests and reappraisements.
18. Transportation in bond and merchandise in transit.
19. Customs warehouses and control of merchandise therein.
20. Disposition of unclaimed and abandoned merchandise.
21. Cartage and lighterage.
22. Drawback.
23. Enforcement of customs and navigation laws.
24. Customs financial and accounting procedure.
25. Customs bonds.
26. Disclosure of information.

Information regarding procedures covering temporary situations presently in effect and the required forms or documents for use therewith are set forth in the following parts:

Part
51. Imports and exports subject to the provisions of Executive Order 8389, as amended, and Proclamation 2497, regarding "Blocked Nationals."
52. Regulations under Trading With the Enemy Act.
53. Importation free of duty of food, clothing and medical, surgical and other supplies under emergency proclamations of the President.
54. Certain importations free of duty during the war.
55. Changes in customs requirements and procedure due to the war.
56. Extensions of time pursuant to proclamation of the President under section 318, Tariff Act of 1930.
59. Importation of surplus Government property.
64. Metal articles to be used in remanufacture by melting.
65. Importation of articles in connection with the International Food Exposition, Incorporated, at Chicago, Illinois, under Public Law No. 705, 81st Congress.

(c) Except where formal procedures are required as heretofore indicated, all informal procedures available for obtaining information, as described in section 4, are available for use in appropriate circumstances in any application for reconsideration of an official customs ruling or decision made in the field or at headquarters, in any petition for mitigation of a fine, penalty, or forfeiture, in any request for amendment of regulations or suggestion for the improvement of the Customs Service, or in any other matter within the jurisdiction of the Customs Service. In making use of such informal procedures all pertinent facts should be stated in correspondence to avoid delay. Where correspondence is addressed to the Commissioner of Customs or the Secretary of the Treasury in a matter pending before a field official of the Customs Service, a copy of the correspondence should be transmitted to that field official in order that he may determine whether to suspend action pending a ruling from headquarters.

(d) Requests, applications, petitions, or other communications soliciting or contemplating action by the central organization respecting matters within its jurisdiction, if addressed to the Commissioner of Customs, Treasury Department, Washington 25, D. C., will be referred to the proper assistant for appropriate attention. If such communications concern specific transactions arising at a field office, action thereon will be expedited if the request, application, petition, or communication so addressed is first submitted to the collector of customs for the district in which the transaction arose who will transmit it to the Bureau with his report thereon. There are no forms for or procedures governing the submission of such requests, applications, or petitions other than those set forth in the Customs Regulations of 1943, as amended from time to time, which may be purchased from the Superintendent of Documents, Washington 25, D. C., or may be consulted at the office of the Commissioner or at the customhouse at any port of entry.

(e) Interested parties may petition the Secretary of the Treasury for review of rulings of the Commissioner of Customs and the usual practice is for the Secretary to review such rulings in cases of sufficient importance. Parties petitioning for such relief are not required to follow any formal procedure.

SEC. 6. *Substantive rules.* Substantive rules and statements of general policy or interpretations formulated and adopted by the Treasury Department or the Bureau of Customs for the guidance of the public generally are included in the regulations of the Bureau of Customs and the joint regulations heretofore mentioned. Amendments of, or supplements to, such regulations, as promulgated from time to time, will be published in the FEDERAL REGISTER and the Code of Federal Regulations.

[SEAL] E. H. FOLEY,
Acting Secretary of the Treasury.

1⅞ PERCENT TREASURY CERTIFICATES OF INDEBTEDNESS OF SERIES B-1952

OFFERING OF CERTIFICATES

JULY 16, 1951.

I. *Offering of certificates.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at par, from the people of the United States for certificates of indebtedness of the United States, designated 1⅞ percent Treasury Certificates of Indebtedness of Series B-1952, in exchange for Treasury Notes of Series E-1951, maturing August 1, 1951.

II. *Description of certificates.* 1. The certificates will be dated August 1, 1951, and will bear interest from that date at the rate of 1⅞ percent interest per annum, payable with the principal at maturity on July 1, 1952. They will not be subject to call for redemption prior to maturity.

2. The income derived from the certificates shall be subject to all taxes, now or hereafter imposed under the Internal Revenue Code, or laws amendatory or supplementary thereto. The certificates shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The certificates will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer certificates will be issued in denominations of $1,000, $5,000, $10,000, $100,000 and $1,000,000. The certificates will not be issued in registered form.

5. The certificates will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States certificates.

III. *Subscription and allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Treasury Department, Washington. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies.

2. The Secretary of the Treasury reserves the right to reject any subscription, in whole or in part, to allot less than the amount of certificates applied for, and to close the books as to any or all subscriptions at any time without notice; and any action he may take in these respects shall be final. Subject to these reservations, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. *Payment.* 1. Payment at par for certificates allotted hereunder must be made on or before August 1, 1951, or on later allotment, and may be made only in Treasury Notes of Series E-1951, maturing August 1, 1951, which will be accepted at par, and should accompany the subscription. The full amount of interest due on the notes surrendered will be paid following acceptance of the notes.

V. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for certificates allotted, to make delivery of certificates on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive certificates.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[SEAL] JOHN W. SNYDER,
Secretary of the Treasury.

MEMBER LINES OF THE DELI NEW YORK RATE AGREEMENT ET AL.

NOTICE OF AGREEMENTS FILED WITH THE BOARD FOR APPROVAL

Notice is hereby given that the following described agreements have been filed with the Board for approval pursuant to section 15 of the Shipping Act, 1916, as amended.

Agreement No. 7190-1, between the member lines of the Deli New York Rate Agreement, modifies said rate agreement (1) to clarify the admission provision so as to provide that any carrier regularly engaged, or giving evidence of ability and intention to operate regular service in the trade may become a party to the agreement, (2) to include a provision dealing with loss of voting rights and loss of membership upon abandonment of service, and (3) to clarify the voting provision of the agreement.

Agreement 7824, between Alcoa Steamship Company, Inc. (Alcoa Line) and Mississippi Shipping Company, Inc. (Delta Line), covers transportation of cargo under through bills of lading in the trade from Argentina, Brazil and Uruguay to Puerto Rico, with transshipment at New Orleans, La., or Mobile, Ala.

Interested parties may inspect these agreements and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to any of the agreements and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: July 16, 1951.

By order of the Federal Maritime Board.

Office of the Secretary

LOAN GUARANTEE PROGRAM

ORGANIZATION AND DELEGATION OF AUTHORITY

1. *Purpose.* The purpose of this notice is to provide organization and delegate authority for performance of the guarantee loan functions of the Department of Commerce as a guaranteeing agency under the provisions of section 301 of the Defense Production Act of 1950 and Part III of Executive Order 10161 of September 9, 1950.

2. *Authority.* Section 301 of the Defense Production Act of 1950 provides in substance that (a) in order to expedite production and deliveries under Government contracts, the President may authorize certain agencies (including the Department of Commerce) to guarantee any financing institution, public or private, against loss on loans made to finance any contractor or sub-contractor, in connection with the performance or termination of any contract deemed by the guaranteeing agency to be necessary to expedite production and deliveries or services under Government contracts for the procurement of materials or the performance of services for the national defense; (b) any Federal Reserve Bank may act, on behalf of any guaranteeing agency, as fiscal agent of the United States, and be reimbursed by the guaranteeing agency for expenses in acting as agent; (c) the President may issue regulations and prescribe rates of interest, guarantee and commitment fees, and other charges; and (d) each guaranteeing agency may use funds allocated or appropriated for such purposes.

Under Executive Order 10161, the President designated the Department of Commerce as one of the guaranteeing agencies. He designated the Federal Reserve Banks as fiscal agents for the guaranteeing agencies, and authorized the Board of Governors of the Federal Reserve System after consultation with

the guaranteeing agencies, to prescribe necessary regulations.

3. *Delegation of authority.* Authority is hereby delegated to the Assistant Secretary of Commerce for Domestic Affairs, and, as alternate, the Assistant Secretary of Commerce for Administration to exercise the powers and authorities vested in the Secretary of Commerce by section 301 of the Defense Production Act of 1950, sections 301 and 302 of Executive Order 10161, and regulations which have been or may subsequently be prescribed by the Board of Governors of the Federal Reserve System.

This delegation of authority is made in accordance with the provisions of section 703 of the Defense Production Act of 1950, section 902 (b) of Executive Order 10161, and Reorganization Plan No. 5 of 1950.

4. *Establishment of Loan Guarantee Advisory Board.* There is hereby established in the Office of the Secretary a Loan Guarantee Advisory Board which shall be composed of the Solicitor of the Department of Commerce (or his designated representative), the Administrator of the National Production Authority (or his designated representative), and, in the case of each proposed loan guarantee, the head of the primary organization unit having preponderant interest in the procurement contracts for which the financing is required (or his designated representative). The Administrator of National Production Authority (or his designee) shall represent the small business functions of the Department as well as the other interests of the National Production Authority.

It shall be the function of the Loan Guarantee Advisory Board, after review and analysis of the request for a loan guarantee and the procurement of the necessary Certificates of Eligibility and other documents and clearances, to recommend to the Assistant Secretary of Commerce for Domestic Affairs the action to be taken with respect to each proposed loan guarantee.

The Solicitor, or his designated representative, shall serve as Chairman of the Board. The Office of the Solicitor shall provide the Board with such professional and clerical assistance as may be necessary.

A representative of the Board of Governors of the Federal Reserve System may be invited to meet with the Board as deemed desirable by the Board. Likewise, the Board may from time to time obtain the advice of representatives of other branches of the Government and other persons and may invite such representatives and persons to its meetings.

This notice is effective June 29, 1951.

DEPARTMENT OF DEFENSE

Office of the Secretary

SECRETARIES OF ARMY, NAVY, AND AIR FORCE

DELEGATION OF AUTHORITY TO ORDER MEMBERS AND UNITS OF RESERVE COMPONENTS INTO ACTIVE FEDERAL SERVICE

Pursuant to the authority vested in me by Executive Order 10271, dated July 7, 1951 (16 F. R. 6659) and by section 202 (f) of the National Security Act of 1947, 61 Stat. 495, as amended, the following delegations of authority are effective this date:

1. The Secretary of the Army is hereby authorized to order into active military service units of the National Guard of the United States, including the members thereof, and other members and units of the Army of the United States, including those of the Organized Reserve Corps, as may be necessary.

2. The Secretary of the Navy is hereby authorized to order into active service such members and units of the Naval Reserve and members and units of the Marine Corps Reserve as may be necessary.

3. The Secretary of the Air Force is hereby authorized to order into active military service units of the Air National Guard of the United States, including the members thereof, and other members and units of the Air Force of the United States, including units and members of the United States Air Force Reserve, as may be necessary.

4. Plans for the issuance of orders under paragraphs 1, 2 or 3 above to (a) units of the National Guard of the United States and of the Organized Reserve Corps, (b) units of the Naval or Marine Corps Reserve, (c) units of the Air National Guard of the United States and of the United States Air Force Reserve, and (d) categories of specialists in the Organized Reserve Corps, the United States Air Force Reserve, the Naval Reserve and the Marine Corps Reserve will be submitted through the Assistant Secretary of Defense (Manpower and Personnel) to the Secretary of Defense for approval.

ROBERT A. LOVETT,
Acting Secretary of Defense.

ECONOMIC STABILIZATION AGENCY

Office of Price Stabilization

[Ceiling Price Regulation 7, Section 43, Special Order 111]

IMPERIAL PEARL SYNDICATE, INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Imperial Pearl Syndicate, Inc., 5 North Wabash Avenue, Chicago 2, Illinois, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of simulated pearl necklaces, earrings and bracelets manufactured by Imperial Pearl Syndicate, Inc., 5 North Wabash Avenue, Chicago 2, Illinois, having the brand name(s) "Imperial" shall be the proposed retail ceiling prices listed by Imperial Pearl Syndicate, Inc., in its application dated May 28, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, Imperial Pearl Syndicate, Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $--------

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1) Our price to retailers	(Column 2) Retailer's ceilings for articles of cost listed in column 1
$----- per -----{unit, dozen, etc.	Terms {net, percent EOM, etc. $--------

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within 2 months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[F. R. Doc. 51-8276; Filed, July 16, 1951; 4:18 p. m.]

[Ceiling Price Regulation 7, Section 43, Special Order 112]

WORCESTER ROYAL PORCELAIN CO., INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, The Worcester Royal Porcelain Co., Inc., 234 East 46th Street, New York, N. Y. (hereafter called wholesaler), has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of stemware sold at wholesale by The Worcester Royal Porcelain Co., Inc., 234 East 46th Street, New York, N. Y., having the brand name(s) "Stuart Crystal" shall be the proposed retail ceiling prices listed by The Worcester Royal Porcelain Co., Inc., in its application dated May 11, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the wholesaler after the effective date of this special order.

3. On and after August 15, 1951, The Worcester Royal Porcelain Co., Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $--------

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the wholesaler's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article,

D C

(b) No formal procedures for obtaining information relating to any matter within customs jurisdiction are required unless prescribed in the published regulations of the Bureau of Customs (19 CFR, Ch. I). However, to assure prompt action upon a request, there should be furnished all pertinent facts relevant to the subject matter of the inquiry or showing that the correspondent has a [illegible] to receive information on which could not be disclosed to the general public.

(c) The disclosure of information in all cases shall be governed by the rules and conditions contained in Part 20 of the Customs Regulations (19 CFR Part 20) and by such exceptions of discretion as may be ordered from time to time by the Secretary.

SEC. 5. *Procedures.* No formal procedures other than those required solely to internal service management are required in connection with any function of the Customs Service except those described by, or referred to or cited in, the regulations published in 19 CFR, Chapter I, or regulations issued jointly by the Secretary of the Treasury, or the Commission of Customs with the approval of the Secretary of the Treasury, and the heads of other agencies, departments, or bureaus as referred to or cited in the published regulations of the Bureau of Customs.

(b) In general, required procedures and any required forms or documents for use in connection therewith are described or identified in the appropriate part of 19 CFR, Chapter I, although procedures, forms, or documents applicable to a given situation may be described, identified, or referred to in more than one part or section of that chapter. The part headings and section headings of the regulations are designated as a general index of subject matter with sufficient accuracy to enable related procedures, forms, or documents to be considered. Information regarding procedures, forms, or documents are set forth in the parts indicated below:

Part
1. Customs districts and ports.
2. Measurement of vessels.
3. Documentation of vessels.
4. Vessels in foreign and domestic trades.
5. Customs relations with contiguous foreign territory.
6. Air commerce regulations.
7. Customs relations with insular possessions and Guantanamo Bay Naval Station.
8. Liability for duties; entry of imported merchandise.
9. Importations by mail.
10. Articles conditionally free; subject to a reduced rate, etc.
11. Packing and stamping; marking, trademarks and trade names; copyrights.
12. Special classes of merchandise.
13. Sugars, sirups, and molasses; petroleum products; wool and hair.
14. Appraisement.
19. C[illegible]
20. Disposition of unclaimed [illegible] merchandise.
21. Cartage and lighterage.
22. Drawback.
23. Enforcement of cust[illegible] laws.
24. Customs financial [illegible] ecurre
25. Cliff[illegible]ds.
26. D[illegible]
[illegible]
51. Co[illegible]
55. Co[illegible] or procure d[illegible]
56. Extensions of time [illegible] mation of the Pr[illegible] 318, Tariff Act of 1[illegible]
59. Importation of supplies Government property.
64. Metal articles to be used [illegible] nufacture by melting.
65. Importation of articles [illegible] with the International Food Exposition, Incorporated, at Chicago, Illinois, under Public Law No. 795, 81st Congress.

(c) Except where formal procedures are required as heretofore indicated, all informal procedures available for obtaining information, as described in section 4, are available for use in appropriate circumstances in any application for reconsideration of an official customs ruling or decision made in the field or at headquarters, in any petition for mitigation of a fine, penalty, or forfeiture, in any request for amendment of regulations or suggestion for the improvement of the Customs Service, or in any other matter within the jurisdiction of the Customs Service. In making use of such informal procedures all pertinent facts should be stated in correspondence to avoid delay. Where correspondence is addressed to the Commissioner of Customs or the Secretary of the Treasury in a matter pending before a field official of the Customs Service, a copy of the correspondence should be transmitted to that field official in order that he may determine whether to suspend action pending a ruling from headquarters.

(d) Requests, applications, petitions, or other communications soliciting or contemplating action by the central organization respecting matters within its jurisdiction, if addressed to the Commissioner of Customs, Treasury Depart[illegible] is first submitted to the [illegible] of Customs for the district in which transaction arose who will transmit it to the Bureau with his report thereon. There are no forms for or procedures governing the submission of such requests, applications, or petitions other than those set forth in the Customs Regulations of 1943 as amended from time to time which may be purchased from the Superintendent of Documents [illegible] Government Printing Office, Washington 25, D. C.

SEC. 6. *Subpoenas, rules.* [illegible] and statement of general policy [illegible] interpretations formulated and now [illegible] by the Treasury Department or the Bureau of Customs for the guidance of the public generally are included in the regulations of the Bureau of Customs and the joint regulations heretofore mentioned. Amendments of, or supplements to, such regulations, as promulgated from time to time, will be published in the FEDERAL REGISTER and the Code of Federal Regulations.

[SEAL] E. H. FOLEY,
Acting Secretary of the Treasury.

[1951 Dept. Circ. 891]

1⅞ PERCENT TREASURY CERTIFICATES OF INDEBTEDNESS OF SERIES B-1952

OFFERING OF CERTIFICATES

JULY 16, 1951

I. *Offering of certificates.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at par, from the people of the United States for certificates of indebtedness of the United States, designated 1⅞ percent Treasury Certificates of Indebtedness of Series B-1952, in exchange for Treasury Notes of Series E-1951, maturing August 1, 1951.

II. *Description of certificates.* 1. The certificates will be dated August 1, 1951, and will bear interest from that date at the rate of 1⅞ percent interest per annum, payable with the principal at maturity on July 1, 1952. They will not be subject to call for redemption prior to maturity.

2. The income derived from the certificates shall be subject to all taxes, [illegible] taxing authority.

[illegible] certificates will be accepted [illegible] other deposits of public moneys, [illegible] shall not be accepted in payment [illegible]

[illegible] or exchange [illegible] thereof, [illegible] which may be purchased [illegible] Superintendent of Documents [illegible] Government Printing Office, Washington 25, D. C.

[illegible] Treasury Department [illegible] Bureau of Customs [illegible] Secretary of the Treasury [illegible] to act as official agents [illegible] Secretary of the Treasury [illegible] to receive subscriptions [illegible] wholly or in part, to allot [illegible] certificates applied [illegible] to close the books as to any [illegible] subscriptions at any time without [illegible] and any action he may take in [illegible] respects shall be final. Subject [illegible] reservations, all subscriptions [illegible] be allotted in full. Allotment [illegible] will be sent out promptly upon [illegible] allotment.

IV. *Payment.* 1. Payment at par for certificates allotted hereunder must be made on or before August 1, 1951, or on later allotment, and may be made only in Treasury Notes of Series E-1951, maturing August 1, 1951, which will be accepted at par, and should accompany the subscription. The full amount of interest due on the notes surrendered will be paid following acceptance of the notes.

V. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for certificates allotted, to make delivery of certificates on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive certificates.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[SEAL] JOHN W. SNYDER,
Secretary of the Treasury.

LOAN GUARANTEE PROGRAM

1. *Purpose.* The purpose of this notice is to provide information and delegate authority for performance of the guarantee loan functions of the Department of Commerce as a guaranteeing agency under the provisions of section 301 of the Defense Production Act of 1950 and Part III of Executive Order 10161 of September 9, 1950.

2. *Authority.* Section 301 of the Defense Production Act of 1950 provides in substance that (a) in order to expedite production and deliveries under Government contracts, the President may authorize certain agencies (including the Department of Commerce) to guarantee any financing institution, public or private, against loss on loans made to finance any contractor or sub-contractor, in connection with the performance or termination of any contract deemed by the guaranteeing agency to be necessary to expedite production and deliveries or services under Government contracts for the procurement of materials or the performance of services for the national defense; (b) any Federal Reserve Bank may act, on behalf of any guaranteeing agency, as fiscal agent of the United States, and be reimbursed by the guaranteeing agency for expenses in acting as agent; (c) the President may issue regulations and prescribe rates of interest, guarantee and commitment fees, and other charges; and (d) each guaranteeing agency may use funds allocated or appropriated for such purposes.

Under Executive Order 10161, the President designated the Department of Commerce as one of the guaranteeing agencies. He designated the Federal Reserve Banks as fiscal agents for the guaranteeing agencies, and authorized the Board of Governors of the Federal Reserve System after consultation with

the guaranteeing agencies, to prescribe necessary regulations.

3. *Delegation of authority.* Authority is hereby delegated to the Assistant Secretary of Commerce for Domestic Affairs, and, as alternate, the Assistant Secretary of Commerce for Administration to exercise the powers and authorities vested in the Secretary of Commerce by section 301 of the Defense Production Act of 1950, sections 301 and 302 of Executive Order 10161, and regulations which have been or may subsequently be prescribed by the Board of Governors of the Federal Reserve System.

This delegation of authority is made in accordance with the provisions of section 703 of the Defense Production Act of 1950, section 902 (b) of Executive Order 10161, and Reorganization Plan No. 5 of 1950.

4. *Establishment of Loan Guarantee Advisory Board.* There is hereby established in the Office of the Secretary a Loan Guarantee Advisory Board which shall be composed of the Solicitor of the Department of Commerce (or his designated representative), the Administrator of the National Production Authority (or his designated representative), and, in the case of each proposed loan guarantee, the head of the primary organization unit having preponderant interest in the procurement contracts for which the financing is required (or his designated representative). The Administrator of National Production Authority (or his designee) shall represent the small business functions of the Department as well as the other interests of the National Production Authority.

It shall be the function of the Loan Guarantee Advisory Board, after review and analysis of the request for a loan guarantee and the procurement of the necessary Certificates of Eligibility and other documents and clearances, to recommend to the Assistant Secretary of Commerce for Domestic Affairs the action to be taken with respect to each proposed loan guarantee.

The Solicitor, or his designated representative, shall serve as Chairman of the Board. The Office of the Solicitor shall provide the Board with such professional and clerical assistance as may be necessary.

A representative of the Board of Governors of the Federal Reserve System may be invited to meet with the Board as deemed desirable by the Board. Likewise, the Board may from time to time obtain the advice of representatives of other branches of the Government and other persons and may invite such representatives and persons to its meetings.

This notice is effective June 29, 1951.

DEPARTMENT OF DEFENSE

Office of the Secretary

SECRETARIES OF ARMY, NAVY, AND AIR FORCE

DELEGATION OF AUTHORITY TO ORDER MEMBERS AND UNITS OF RESERVE COMPONENTS INTO ACTIVE FEDERAL SERVICE

Pursuant to the authority vested in me by Executive Order 10271, dated July 7, 1951 (16 F. R. 6659) and by section 202 (f) of the National Security Act of 1947, 61 Stat. 495, as amended, the following delegations of authority are effective this date:

1. The Secretary of the Army is hereby authorized to order into active military service units of the National Guard of the United States, including the members thereof, and other members and units of the Army of the United States, including those of the Organized Reserve Corps, as may be necessary.

2. The Secretary of the Navy is hereby authorized to order into active service such members and units of the Naval Reserve and members and units of the Marine Corps Reserve as may be necessary.

3. The Secretary of the Air Force is hereby authorized to order into active military service units of the Air National Guard of the United States, including the members thereof, and other members and units of the Air Force of the United States, including units and members of the United States Air Force Reserve, as may be necessary.

4. Plans for the issuance of orders under paragraphs 1, 2 or 3 above to (a) units of the National Guard of the United States and of the Organized Reserve Corps, (b) units of the Naval or Marine Corps Reserve, (c) units of the Air National Guard of the United States and of the United States Air Force Reserve, and (d) categories of specialists in the Organized Reserve Corps, the United States Air Force Reserve, the Naval Reserve and the Marine Corps Reserve will be submitted through the Assistant Secretary of Defense (Manpower and Personnel) to the Secretary of Defense for approval.

ROBERT A. LOVETT,
Acting Secretary of Defense.

ECONOMIC STABILIZATION AGENCY

Office of Price Stabilization

[Ceiling Price Regulation 7, Section 43, Special Order 111]

IMPERIAL PEARL SYNDICATE, INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Imperial Pearl Syndicate, Inc., 5 North Wabash Avenue, Chicago 2, Illinois, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of simulated pearl necklaces, earrings and bracelets manufactured by Imperial Pearl Syndicate, Inc., 5 North Wabash Avenue, Chicago 2, Illinois, having the brand name(s) "Imperial" shall be the proposed retail ceiling prices listed by Imperial Pearl Syndicate, Inc., in its application dated May 28, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, Imperial Pearl Syndicate, Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $_____

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1) Our price to retailers	(Column 2) Retailer's ceilings for articles of cost listed in column 1
$_____ per _____{unit, dozen, etc.}	Terms {net, percent EOM, etc.} $ _____

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within 2 months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[F. R. Doc. 51-8276; Filed, July 16, 1951; 4:18 p. m.]

[Ceiling Price Regulation 7, Section 43, Special Order 112]

WORCESTER ROYAL PORCELAIN CO., INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, The Worcester Royal Porcelain Co., Inc., 234 East 46th Street, New York, N. Y. (hereafter called wholesaler), has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of stemware sold at wholesale by The Worcester Royal Porcelain Co., Inc., 234 East 46th Street, New York, N. Y., having the brand name(s) "Stuart Crystal" shall be the proposed retail ceiling prices listed by The Worcester Royal Porcelain Co., Inc., in its application dated May 11, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the wholesaler after the effective date of this special order.

3. On and after August 15, 1951, The Worcester Royal Porcelain Co., Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $_____

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the wholesaler's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article,

with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the wholesaler shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the wholesaler had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The wholesaler shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Our price to retailers	Retailer's ceilings for articles of cost listed in column 1
$..... per .....{unit, dozen, etc.	Terms {net, percent EOM, etc. $.....

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the wholesaler with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the wholesaler shall send a copy of the amendment to each purchaser to whom within 2 months immediately prior to the effective date of such amendment, the wholesaler had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months' period following the effective date of this special order and within 45 days of the expiration of each successive 6 months' period, the wholesaler shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months' period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[Ceiling Price Regulation 7, Section 43, Special Order 113]

"KLIK" PROMOTIONS, INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, "Klik" Promotions, Inc., 303 Fifth Avenue, New York 16, N. Y., has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of glove and purse holders manufactured by "Klik" Promotions, Inc., 303 Fifth Avenue, New York 16, N. Y., having the brand name(s) "Double-Ette" shall be the proposed retail ceiling prices listed by "Klik" Promotions, Inc., in its application dated April 30, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, "Klik" Promotions, Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $.....

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Our price to retailers	Retailer's ceilings for articles of cost listed in column 1
$..... per .....{unit, dozen, etc.	Terms {net, percent EOM, etc. $.....

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within 2 months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[Ceiling Price Regulation 7, Section 43, Special Order 114]

ARVIN INDUSTRIES, INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Arvin Industries, Inc., Columbus, Indiana, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of electric toasters, waffle irons, cookers, ovens, fans and heaters manufactured by Arvin Industries, Inc., Columbus, Indiana, having the brand name(s) "Arvin" shall be the proposed retail ceiling prices listed by Arvin Industries, Inc., in its application dated April 20, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, Arvin Industries, Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $.....

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Our price to retailers	Retailer's ceilings for articles of cost listed in column 1
$..... per .....{unit, dozen, etc.	Terms {net, percent EOM, etc. $ .....

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within

two months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[Ceiling Price Regulation 7, Section 43, Special Order 115]

ARVIN INDUSTRIES, INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Arvin Industries, Inc., Columbus, Indiana, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of radios manufactured by Arvin Industries, Inc., Columbus, Indiana, having the brand name(s) "Arvin" shall be the proposed retail ceiling prices listed by Arvin Industries, Inc., in its application dated April 19, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, Arvin Industries, Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $--------

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which woud apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Our price to retailers	Retailer's ceilings for articles of cost listed in column 1
$_____ per _____{unit, dozen, etc.}	Terms{net, percent EOM, etc.} $_____

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within 2 months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[F. R. Doc. 51-8280; Filed, July 16, 1951; 4:19 p. m.]

[Ceiling Price Regulation 7, Section 43, Special Order 116]

JOHNSON BROTHERS

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Johnson Brothers, Room 505 Empire State Building, 350 Fifth Avenue, New York, N. Y. (hereafter called wholesaler), has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of earthenware sold at wholesale by Johnson Brothers, Room 505 Empire State Building, 350 Fifth Avenue, New York, N. Y., having the brand name(s) "Johnson Brothers" shall be the proposed retail ceiling prices listed by Johnson Brothers in its application dated May 31, 1951, and filed with the Office of Price Stablization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the wholesaler after the effective date of this special order.

3. On and after August 15, 1951, Johnson Brothers must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $--------

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the wholesaler's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the wholesaler shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the wholesaler had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The wholesaler shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Our price to retailers	Retailer's ceilings for articles of cost listed in column 1
$_____ per _____{unit, dozen, etc.}	Terms{net, percent EOM, etc.} $_____

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the wholesaler with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the wholesaler shall send a copy of the amendment to each purchaser to whom, within two months immediately prior to the effective date of such amendment, the wholesaler had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the wholesaler shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[F. R. Doc. 51-8281; Filed, July 16, 1951; 4:19 p. m.]

[Ceiling Price Regulation 7, Section 43, Special Order 117]

MENDEL-DRUCKER, INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Mendel-Drucker, Inc., 4621 Floral Avenue, Cin-

cinnati 12, Ohio, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of women's and men's luggage and trunks manufactured by Mendel-Drucker, Inc., 4621 Floral Avenue, Cincinnati 12, Ohio, having the brand name(s) "Mendell" shall be the proposed retail ceiling prices listed by Mendel-Drucker, Inc., in its application dated April 12, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, Mendel-Drucker, Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $_____

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Our price to retailers	Retailer's ceilings for articles of cost listed in column 1
$_____ per _____{unit, dozen, etc.}	Terms {net, percent EOM, etc.} $_____

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within 2 months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[Ceiling Price Regulation 7, Section 43, Special Order 118]

SEALY MATTRESS CO.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Sealy Mattress Co., 501 Santa Fe, Kansas City 6, Missouri, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of mattresses and box springs manufactured by Sealy Mattress Co., 501 Santa Fe, Kansas City 6, Missouri, having the brand name(s) "Sealy" shall be the proposed retail ceiling prices listed by Sealy Mattress Co., in its application dated March 23, 1951, and filed with the Office of Price Stabilization, Washington, 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, Sealy Mattress Co. must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $_____

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Our price to retailers	Retailer's ceilings for articles of cost listed in column 1
$_____ per _____{unit, dozen, etc.}	Terms {net, percent EOM, etc.} $_____

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within 2 months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[Ceiling Price Regulation 7, Section 43, Special Order 119]

RESISTOL HATS, INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Resistol Hats, Inc., Garland, Texas, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of men's dress hats manufactured by Resistol Hats, Inc., Garland, Texas, having the brand name(s) "Resistol" shall be the proposed retail ceiling prices listed by Resistol Hats, Inc., in its application dated May 2, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. (and supplemented and amended in the manufacturer's application dated May 3, 1951). A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than Sep-

tember 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, Resistol Hats, Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $--------

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Our price to retailers	Retailer's ceilings for articles of cost listed in column 1
$----- per -----{unit, dozen, etc.	Terms {net, percent EOM, etc. $-------

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within two months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[Ceiling Price Regulation 7, Section 43, Special Order 120]

ROSE MARIE REID, INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Rose Marie Reid, Inc., 1035 Santee Street, Los Angeles 15, California, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of ladies' swim suits manufactured by Rose Marie Reid, Inc., 1035 Santee Street, Los Angeles 15, California, having the brand name(s) "Rose Marie Reid" shall be the proposed retail ceiling prices listed by Rose Marie Reid, Inc., in its application dated April 12, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C., A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, Rose Marie Reid, Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this specal order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail

ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $--------

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Our price to retailers	Retailer's ceilings for articles of cost listed in column 1
$----- per -----{unit, dozen, etc.	Terms {net, percent EOM, etc. $-------

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within two months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[F. R. Doc. 51-8285; Filed, July 16, 1951; 4:20 p. m.]

[Ceiling Price Regulation 7, Section 43, Special Order 121]

JNO. W. HENSON & SONS

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Jno. W. Hensor & Sons, Greenville, Texas, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applica it has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to Section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of lingerie manufactured by Jno. W. Henson & Sons, Greenville, Texas, having the brand name(s) "Henson" shall be the proposed retail ceiling prices listed by Jno. W. Henson & Sons, in its application dated May 3, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, Jno. W. Henson & Sons, must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $--------

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the

expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1) Our price to retailers	(Column 2) Retailer's ceilings for articles of cost listed in column 1
$..... per ..... {unit, dozen, etc.}	Terms {net, percent EOM, etc.} $.....

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within 2 months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[F. R. Doc. 51-8286; Filed, July 16, 1951; 4:20 p. m.]

[Ceiling Price Regulation 7, Section 43, Special Order 122]

HUDSON HOSIERY CO.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Hudson Hosiery Company, 712 North Brevard Street, P. O. Box 1789, Charlotte 1, N. C., has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of women's nylon and silk hosiery manufactured by Hudson Hosiery Company, 712 North Brevard Street, P. O. Box 1789, Charlotte 1, N. C., having the brand name(s) "Hudson" shall be the proposed retail ceiling prices listed by Hudson Hosiery Company, in its application dated April 6, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, Hudson Hosiery Company must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $--------

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1) Our price to retailers	(Column 2) Retailer's ceilings for articles of cost listed in column 1
$..... per ..... {unit, dozen, etc.}	Terms {net, percent EOM, etc.} $.....

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within 2 months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[Ceiling Price Regulation 7, Section 43, Special Order 123]

INDESTRUCTO TRUNKS AND LUGGAGE CO.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Indestructo Trunks and Luggage Co., 511 South Sangamon Street, Chicago 7, Illinois, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of trunks and luggage manufactured by Indestructo Trunks and Luggage Co., 511 South Sangamon St., Chicago 7, Illinois, having the brand name(s) "Indestructo" shall be the proposed retail ceiling prices listed by Indestructo Trunks and Luggage Co., in its application dated May 18, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, Indestructo Trunks and Luggage Co., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $--------

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1) Our price to retailers	(Column 2) Retailer's ceilings for articles of cost listed in column 1
$..... per ..... {unit, dozen, etc.}	Terms {net, percent EOM, etc.} $.....

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within 2 months immediately prior to the effective date of such amendment, the manufacturer had delivered any

article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[Ceiling Price Regulation 7, Section 43, Special Order 124]

BOSTON ROYAL PETTICOAT CO.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Boston Royal Petticoat Co., 120 Harrison Avenue, Boston 11, Massachusetts, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of ladies' maternity lingerie manufactured by Boston Royal Petticoat Co., 120 Harrison Avenue, Boston 11, Massachusetts, having the brand name(s) "Lady in Waiting" and "Anticipating Lady" shall be the proposed retail ceiling prices listed by Boston Royal Petticoat Co. in its application dated April 16, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, Boston Royal Petticoat Co., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $--------

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1) Our price to retailers	(Column 2) Retailer's ceilings for articles of cost listed in column 1
$..... per .....{unit, dozen, etc.	Terms {net, percent EOM, etc. $ .....

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within two months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[Ceiling Price Regulation 7, Section 43, Special Order 125]

LANE CO., INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, The Lane Company, Inc., Altavista, Virginia, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to Section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of cedar chests manufactured by The Lane Company, Inc., Altavista, Virginia, having the brand name(s) "Lane Cedar Chests" shall be the proposed retail ceiling prices listed by The Lane Company, Inc., in its application dated May 28, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, The Lane Company, Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $ --------

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1) Our price to retailers	(Column 2) Retailer's ceilings for articles of cost listed in column 1
$..... per .....{unit, dozen, etc.	Terms {net, percent EOM, etc. $ .....

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within 2 months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization

JULY 16, 1951.

[F. R. Doc. 51-8290; Filed, July 16, 1951; 4:21 p. m.]

[Ceiling Price Regulation 7, Section 43, Special Order 126]

YOUTHCRAFT CREATIONS, INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Youthcraft Creations, Inc., 36 East Thirty-first Street, New York 16, N. Y., has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evi-

dence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of women's girdles and panty girdles manufactured by Youthcraft Creations, Inc., 36 East Thirty-first Street, New York 16, N. Y., having the brand name(s) "Youthcraft", "Bantam", "Hipmold", "Zipmold" and "Hugwaist" shall be the proposed retail ceiling prices listed by Youthcraft Creations, Inc., in its application dated March 29, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, Youthcraft Creations, Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $--------

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Our price to retailers	Retailer's ceilings for articles of cost listed in column 1

$_____ per _____{unit, dozen, etc.} Terms {net, percent EOM, etc.} $_____

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within 2 months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

[F. R. Doc. 51-8291; Filed, July 16, 1951; 4:21 p. m.]

[Ceiling Price Regulation 7, Section 43 Special Order 127]

S. DRESNER & SONS, INC.

CEILING PRICES AT RETAIL

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, S. Dresner & Sons, Inc., 512 South Peoria Street, Chicago 7, Illinois, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of luggage manufactured by S. Dresner & Sons, Inc., 412 South Peoria Street, Chicago 7, Illinois, having the brand name(s) "Dresner", "Gladiator", "Dresner-Gladiator" and "Dresner-Steerhide" shall be the proposed retail ceiling prices listed by S. Dresner & Sons, Inc., in its application dated May 21, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than September 14, 1951, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after August 15, 1951, S. Dresner & Sons, Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price $--------

On and after September 14, 1951, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to September 14, 1951, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within 2 months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Our price to retailers	Retailer's ceilings for articles of cost listed in column 1

$_____ per _____{unit, dozen, etc.} Terms {net, percent EOM, etc.} $_____

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within 2 months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 months period following the effective date of this special order and within 45 days of the expiration of each successive 6 months period, the manufacturer shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 months period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

Effective date. This special order shall become effective July 16, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

JULY 16, 1951.

FEDERAL POWER COMMISSION

[Docket No. G-1581]

MISSISSIPPI RIVER FUEL CORP.

ORDER FIXING DATE OF HEARING

JULY 13, 1951.

On January 5, 1951, Mississippi River Fuel Corporation (Applicant), a Delaware corporation of St. Louis, Missouri, filed an application, and on June 27, 1951, filed a First Amended Application, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural gas underground storage and related facilities, subject to the jurisdiction of this Commission, namely: Not more than 25 injection and withdrawal wells; about 2 miles of 4-inch, 3.2 miles of 6-inch, 1.7 miles of 12-inch, and 9.3 miles of 24-inch diameter pipeline; an 1,800 hp. compressor station; a 75,000 Mcf-per-day-capacity dehydration plant; 25 liquid separators; 2 regulating and metering stations; and other incidental facilities, as more fully described in the amended application on file with the Commission and open to public inspection.

The Commission finds:

This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure. Applicant having requested that its amended application be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on February 9, 1951 (16 F. R. 1209).

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held on July 30, 1951, at 9:45 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by the aforesaid amended application: *Provided, however,* That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and

1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: July 13, 1951.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-8249; Filed, July 18, 1951; 8:48 a. m.]

[Docket No. G-1733]

SOUTHERN NATURAL GAS CO.

NOTICE OF APPLICATION

JULY 13, 1951.

Take notice that Southern Natural Gas Company (Applicant), a Delaware corporation with its principal place of business at Birmingham, Alabama, filed on July 2, 1951, an application requesting that it be granted a certificate of public convenience and necessity authorizing the removal and relocation of certain natural gas facilities hereinafter described, or in the alternative that the Federal Power Commission enter its order disclaiming jurisdiction with respect thereto.

Applicant proposes to remove a 600 hp. compressor station, together with auxiliary equipment and appurtenances, now located at Kemper, Mississippi, on Applicant's Meridian branch line, and to relocate the said compressor station, together with such appurtenances as will be required to operate the station at 1,200 p. s. i. g., in the Spider Gas Field, DeSoto Parish, Louisiana, for use as a field compressor station.

It has been determined that the wellhead pressures of Har Gas' wells in the Spider Gas Field are too low to force the contract quantities of gas into Applicant's Logansport supply line against the operating pressure therein, and under the terms of the contract the burden is upon Applicant to supply the necessary compressor service.

Applicant states that its Kemper compressor station is no longer needed on its Meridian branch line, since Applicant's South line and the lateral from the South line to the City of Meridian, Mississippi, now have sufficient capacity to supply the entire gas requirements of the City of Meridian without compression.

The estimated cost of the removal and relocation of the facilities is $165,000.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 1st day of August 1951. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-8250; Filed, July 18, 1951; 8:48 a. m.]

[Docket No. G-1737]

CONSUMERS GAS CO.

NOTICE OF APPLICATION

JULY 13, 1951.

Take notice that Consumers Gas Company (Applicant), an Illinois corporation with offices at 701 Old National Bank Building, Evansville, Indiana, filed on July 9, 1951, an application for an order pursuant to section 7 (a) of the Natural Gas Act requiring Texas Eastern Transmission Corporation to sell and deliver up to 3,200 Mcf of natural gas to Applicant for distribution in Carmi, Illinois. Applicant also seeks a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act authorizing the construction of a regulator and meter station to receive the deliveries sought.

Applicant is now engaged in the distribution of natural gas in Carmi from local production. It stated in its application that local wells are depleted and Applicant does not have sufficient quantities of natural gas to meet its normal winter requirements.

The estimated cost of the proposed facilities is $10,000.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 1st day of August 1951. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2665]

CONSOLIDATED NATURAL GAS CO. ET AL.

NOTICE OF PROPOSED SALE AND ACQUISITION OF GAS STORAGE AND OTHER FACILITIES

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 13th day of July A. D. 1951.

In the matter of Consolidated Natural Gas Company, the Peoples Natural Gas Company, New York State Natural Gas Corporation; File No. 70-2665.

Notice is hereby given that a joint application-declaration has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("act"), by Consolidated Natural Gas Company ("Consolidated"), a registered holding company, and two of its subsidiaries, the Peoples Natural Gas Company ("Peoples") and New York State Natural Gas Corporation ("New York Natural"). Applicants-declarants have designated sections 9 (a), 10, 12 (d) and 12 (f) of the act and Rules U-43 and U-44 promulgated thereunder as applicable to the proposed transaction.

Notice is further given that any interested person may, not later than July 26, 1951, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application-declaration proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after July 26, 1951, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application-declaration which is on file in the office of this Commission for a statement of the transaction therein proposed, which is summarized as follows:

Peoples proposes to sell to New York Natural certain oil and gas leases and other interests in land, together with gas wells, pipelines and other appurtenant facilities, located in an area called the "South Bend Storage Area" in Indiana and Armstrong Counties, Pennsylvania, for a cash consideration estimated in the amount of $335,181, determined in accordance with the terms of a transfer agreement between Peoples and New York Natural. The South Bend Storage Area is located in the vicinity of the Oakford Storage Area now owned by New York Natural and will be operated in conjunction with such properties.

The application-declaration states that the transfer of the properties by Peoples to New York Natural is subject to the jurisdiction of the Public Utility Commission of Pennsylvania. A copy of the order of the said Commission will be supplied by amendment to the application-declaration. The acquisition of such properties by New York Natural is also subject to the jurisdiction of the Federal Power Commission, which Commission, by order dated May 31, 1951, issued its certificate of public convenience and necessity authorizing, among other things, the proposed acquisition.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[F. R. Doc. 51-8254; Filed, July 18, 1951; 8:49 a. m.]

[File No. 70-2666]

COLUMBIA GAS SYSTEM, INC.

NOTICE REGARDING PROPOSED CASH CONTRIBUTION BY PARENT TO SUBSIDIARY

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 13th day of July A. D. 1951.

Notice is hereby given that a declaration has been filed with this Commission by the Columbia Gas System, Inc. ("Columbia"), a registered holding company, pursuant to the Public Utility Holding Company Act of 1935. Section 12 (b) of the act and Rule U-45 promulgated thereunder have been designated as being applicable to the proposed transaction.

All interested persons are referred to said declaration which is on file in the offices of this Commission for a statement of the transaction therein proposed, which is summarized as follows:

Columbia proposes to make a capital contribution, in the principal amount of $1,500,000, in cash to its subsidiary, United Fuel Gas Company ("United Fuel"), to be used by United Fuel to finance a part of its scheduled 1951 construction and gas storage program. Columbia proposes to increase its investment account relative to the common stock of United Fuel by $1,499,947.66 and to charge $52.34 (the amount of the contribution which is applicable to the minority interest) to operating expense.

The declaration states that no fees, commissions, or underwriting expenses will be incurred in connection with the proposed transaction.

Notice is further given that any interested person may, not later than July 27, 1951, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after July 27, 1951, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[Vesting Order 18176]

SKANDINAVISKA TANK & MINERALOLJE, A/B

In re: Debts owing to Skandinaviska Tank & Mineralolje, A/B. F-28-10315-C-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Europaische Tanklager und Transport A. G., also known as Eurotank, the last known address of which is Berlin, Germany, is a corporation organized under the laws of Germany, and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Germany and is a national of a designated enemy country (Germany);

2. That Skandinaviska Tank & Mineralolje, A/B is a corporation, partnership, association or other business organization, organized under the laws of Sweden, whose principal place of business is located at Malmoe, Sweden and is or, since the effective date of Executive Order 8389, as amended, has been owned or controlled by or acting or purporting to act directly or indirectly for the benefit of or on behalf of the aforesaid Europaische Tanklager und Transport A. G., also known as Eurotank, and is a national of a designated enemy country (Germany);

3. That the property described as follows:

a. That certain debt or other obligation owing to Skandinaviska Tank & Mineralolje, A/B, by Davis & Company, Incorporated, 2109 Commerce Building, Houston, Texas, represented as an open account on the books and records of the aforesaid Davis & Company, Incorporated, in the amount of $12,162.74, as of June 14, 1941, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same, and

b. That certain debt or other obligation owing to Skandinaviska Tank & Mineralolje, A/B, by Tiona Petroleum Company, 1130 Widener Building, Philadelphia, Pennsylvania, arising out of the return of one hundred seventy five (175) drums of lubricating oil, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Skandinaviska Tank & Mineralolje, A/B, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

4. That Skandinaviska Tank & Mineralolje, A/B is owned or controlled by or acting for or on behalf of a designated enemy country (Germany) or persons within such country and is a national of a designated enemy country (Germany); and

5. That to the extent that the persons named in subparagraphs 1 and 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 18179]

ERNST LOCHMANN

In re: Stock registered in the name of Ernst Lochmann, Zurich, Switzerland, and owned by persons whose names are unknown. F-63-6939.

Under the authority of the Trading With the Enemy Act, as amended, Executive Orders 9193, as amended, 9788 and 9989, and pursuant to law, after investigation, it is hereby found:

1. That the property described as follows: Those certain shares of stock described in Exhibit A, set forth below and by reference made a part hereof, registered in the name of Ernst Lochmann, together with all declared and unpaid dividends thereon, excepting from the foregoing, however, those shares of stock described in Exhibit A, together with all declared and unpaid dividends thereon, concerning which, on or prior to the effective date of this vesting order, the issuing corporation or its transfer agent in the United States has received a license or a copy of a license removing such property from the restrictions of Executive Order 8389, as amended, or has been advised in writing by a banking institution in the United States of the removal of such restrictions and of the authorization therefor;

is property within the United States;

2. That the property described in subparagraph 1 hereof is owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or is evidence of ownership or control by persons, names unknown, who, if individuals, there is reasonable cause to believe are residents of a designated enemy country and which, if partnerships, associations, corporations, or other organizations, there is reasonable cause to believe are organized under the laws of a designated enemy country or on or since the effective date of Executive Order 8389, as amended, have had their principal places of business in a designated enemy country;

3. That the persons referred to in subparagraph 2 hereof are nationals of a designated enemy country;

and it is hereby determined:

4. That to the extent that the persons referred to in subparagraph 2 hereof are

not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country.

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended, and the term "designated enemy country" has reference to Germany or Japan. The term "banking institution" as used herein shall have the meaning prescribed in section 5F of Executive Order 8389, as amended.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

MAX A. SCHMUCKI

In re: Accounts maintained in the name of Max A. Schmucki, Basle, Switzerland, and owned by persons whose names are unknown. F-63-3695.

Under the authority of the Trading With the Enemy Act, as amended, Executive Orders 9193, as amended, 9788 and 9989, and pursuant to law, after investigation, it is hereby found:

1. That the property described as follows: All property, rights and interests in the accounts identified in Exhibit A set forth below and by reference made a part hereof, together with

(a) Any other property, rights and interests which represent accumulations or accruals to, changes in form of, or substitutions for, any of the property, rights and interests in said identified accounts on October 2, 1950, and which are now held in other accounts being maintained as blocked or otherwise subject to the restrictions of Executive Order 8389, as amended, or regulations, rulings, orders or instructions issued thereunder, and

(b) Any and all rights in, to and under any securities (including, without limitation, bonds, coupons, mortgage participation certificates, shares of stock, scrip and warrants) and any and all declared and unpaid dividends on any shares of stock in any of said accounts,

excepting from the foregoing, however, all lawful liens and setoffs of the respective institutions in the United States with whom the aforesaid accounts are maintained,

is property within the United States;

2. That the property described in subparagraph 1 hereof is owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or is evidence of ownership or control by persons, names unknown, who, if individuals, there is reasonable cause to believe are residents of a designated enemy country and which, if partnerships, associations, corporations, or other organizations, there is reasonable cause to believe are organized under the laws of a designated enemy country or on or since the effective date of Executive Order 8389, as amended, have had their principal places of business in a designated enemy country;

3. That the persons referred to in subparagraph 2 hereof are nationals of a designated enemy country;

and it is hereby determined:

4. That to the extent that the persons referred to in subparagraph 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country.

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended, and the term "designated enemy country" has reference to Germany or Japan.

[Vesting Order 18177]

BANQUE POPULAIRE SUISSE

In re: Accounts maintained in the name of Banque Populaire Suisse, Lucerne, Switzerland, and owned by persons whose names are unknown. F-63-2290 (Lucerne).

Under the authority of the Trading With the Enemy Act, as amended, Executive Orders 9193, as amended, 9788 and 9989, and pursuant to law, after investigation, it is hereby found:

1. That the property described as follows: All property, rights and interests in the accounts identified in Exhibit A set forth below and by reference made a part hereof, together with

(a) Any other property, rights and interests which represent accumulations or accruals to, changes in form of, or substitutions for, any of the property, rights and interests in said identified accounts on October 2, 1950, and which are now held in other accounts being maintained as blocked or otherwise subject to the restrictions of Executive Order 8389, as amended, or regulations, rulings, orders or instructions issued thereunder, and

(b) Any and all rights in, to and under any securities (including, without limitation, bonds, coupons, mortgage participation certificates, shares of stock, scrip and warrants) and any and all declared and unpaid dividends on any shares of stock in any of said accounts,

excepting from the foregoing, however, all lawful liens and setoffs of the respective institutions in the United States with whom the aforesaid accounts are maintained,

is property within the United States;

2. That the property described in subparagraph 1 hereof is owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or is evidence of ownership or control by persons, names unknown, who, if individuals, there is reasonable cause to believe are residents of a designated enemy country and which, if partnerships, associations, corporations, or other organizations, there is reasonable cause to believe are organized under the laws of a designated enemy country or on or since the effective date of Executive Order 8389, as amended, have had their principal places of business in a designated enemy country;

3. That the persons referred to in subparagraph 2 hereof are nationals of a designated enemy country;

and it is hereby determined:

4. That to the extent that the persons referred to in subparagraph 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country.

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended, and the term "designated enemy country" has reference to Germany or Japan.

Executed at Washington, D. C., on July 12, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

EXHIBIT A
